Headlines Told Sad Story

Headlines in the daily papers told the story of efforts by Hicksville people to get the right to vote on home rule and what Supervisor Charles E. Ransom did about the request of 6,242 property owners. The following all appeared on Tuesday, Oct. 6:

JUST BEGUN TO FIGHT

Claim Ransom Went Beyond Basic Issue

HICKSVILLE—Supervisor Charles E. Ransom apparently reversed himself in deciding not to permit the people of this community the privilege of voting on whether or not they shall become an incorporated village, it was charged today by the Home Rule Committee as preparations were being made to appeal his verdict in Nassau County Court. The supervisor of the township, while he was bound by law to decide only on the merits of the petition for a vote, also injected at least two comments into his decision which indicate that the relative merits of incorporation, as he sees them, apparently influenced his opinion, it was also claimed.

"Mr. Ransom received the petition on July 31 and on Aug. 19 announced a public hearing to take place on Sept. 17," it was noted today by Lawrence A. Roman in commenting on the verdict made by the Supervisor, Monday. "Many of the questions he now raises about the petition must have been apparent to him during the 20-day interval before he decided to permit a public hearing. He had the petition in his office, he must have looked at it—the results of many months of conscientious work by ordinary home owners—and he must have decided it had merit when he set the public hearing.

"He could have stopped the entire proceedings right at the beginning if he felt the petition was not in proper form or insufficient for the reasons he now cites."

Roman said that question of

Poor Timing?

HICKSVILLE—Just as local residents were reading the news that Supervisor Ransom has refused the community the right to vote on home rule, the mailmen were delivering fund solicitation letters from John R. Brandt, GOP local finance chairman. "Help to keep Hicksville . . . in its enviable position as the leader in the Town of Oyster Bay" Brandt wrote in soliciting "any amount you feel you can afford."

"the last preceding assessment roll" was not even injected into the question until it was raised at the public hearing by Michael J. Sullivan as attorney for a "handful" of objectors determined

to prevent the question from coming to a vote. Roman also pointed out that Ransom now says he had "withdrawals" prior to the filing of the petition on July 31, but he did not subtract them until after the hearing which he permitted.

HE SAW SIGNATURES

The Home Rule chairman also pointed out that Ransom, who in his Oct. 5 decision finds signatures of corporations "lacking the authorization of stockholders", must have noticed the form of the corporation signatures in the 20-day period he sat upon the petition from July 31 to Aug. 19.

Roman found that Supervisor Ransom went "too far" and decided on the merits of incorporation rather than the simple plea for the right to vote when he said, in commenting on corporation signa-

15 'Changed Minds' To Whittle Quarter Million Off Vote Plea

HICKSVILLE—The names of 15 of the more substantial local property owners who "withdrew" their consents, previously given in writing, to the proposal that a local vote take place on incorporation were made public today by Home Rule Committee Chairman Lawrence A. Roman. Township Supervisor Charles E. Ransom in finding the request for a vote "insufficient" found it in order for signers to

Judge Willis B. Carman pointed out at the hearing before Supervisor Ransom at Hicksville Courthouse on Sept. 17 that the proponents had no knowledge of the proposed individual withdrawal until twenty days after they filed their petition. It was then too late to add more signatures to replace those "withdrawn".

The petition was filed with the Supervisor on July 31. The big petition and other documents, including the withdrawals which Ransom had received but were not a public record, were all placed on display for public examination at Hicksville courthouse on Aug. 19, twenty days later.

The "withdrawals" all followed a stereotype form which said in part, that the undersigned had

"since signing the proposition and consent he has given the matter careful consideration and has learned that many of the residents and property owners object to the proposition and, as he is now advised, the incorporation (of Hicksville) will not benefit the community nor the property owners, and he therefore withdraws his signature".

The matter of withdrawal promises to be the "key issue" when an appeal from Ransom's decision is taken in Nassau County Court.

The "withdrawals" of 15 property owners with an aggregate assessment of more than \$260,000 each assessed for \$9,000 or more, included:

Catarina DiGaitano, New South Rd., \$14,250; Phyllis Brumby, Old

Country Rd., \$11,950; Frank De Monaco, 11 Broadway, \$9,150; Bennie Levitt, 68 North Broadway, \$9,775; Edward Conlon, 53 Willoughby Ave., \$20,500; Mary Starck, 99 Burns Ave., \$20,460; Hicksville Estates Inc., Harry Ernenwein, pres., 100 Duffy Ave., \$85,775; Hazel McPherson, \$10,000; Alvin Schmitt, \$31,428; Wm. F. Donlon, 68 Walters Ave., \$17,325; Jeanne L. Stillger, Walters Ave., \$14,700; Wilson and Edna Sutton, \$10,950; Davis Construction Corp., \$14,700; and Larcher Corp., Peter Troiano, Pres., \$41,850.

Ransom in his verdict made Monday, Oct. 5, said that he received "withdrawals" in the amount of \$458,676, "prior to the filing of the petition and consent".

MORE THAN 4,800 parishioners attended Sunday masses at the new Holy Family Catholic Church on Ferdham Rd. off Newbridge Rd., Hicksville, on Sept. 20 when Herald

Photographer Frank Mallett got this picture. It was the first day Masses were said there. Dedication of the new church has been set for Nov. 14. (Herald photo by Mallett).

CHICAGO—Local police officers issued more than 200 tickets on Tuesday, Oct. 9, at 11:30 A.M., a call came through Box 47 for a fire at Woodbury Rd. and Linden Ave, but the警官 found on arrival that Vidon Homes had a permit to burn lumber.

A woman reported seeing sparks on Broadway at 7:00 A.M., but there was no fire, and she recalled her report after the horn had sounded.

School Safety Assembly Theme

HICKSVILLE—School Safety is the theme of a series of assembly programs to be held in the Nichols St. School, according to Principal James H. Walters.

The initial program for upper grades was held in the auditorium of the school on Thursday, Sept. 29.

Program features were a talk by Raymond Walker, Advisor to the Safety Patrol, presentation of rules for safety patrol members by Ellen Schneider, patrol member; talk on School Safety by Ivars Bernberis, patrol member; showing of a film strip entitled, "Play Safe," by David Goodrich, "Billy Wolfe and George Altermose, and a safety song by Mr. Walker's 6th Grade.

Dept. up to Oct. 16. Written tests will be held Nov. 21.

At present there are four permanent vacancies to be filled with the Bureau of Marine Fisheries on Long Island.

Dear Jean:

A raid last by county police in Hicksville this week resulted in 10 summonses and 225 warnings. A total of 200 vehicles were stopped. Most of summonses went to truck drivers, 52 without lights and 23 no directional lights. Defective stop lights produced 20 warnings.

Bonuses to a political fund campaign were graded this week to make checks payable to NORMAN F. PENNY on the same day that Newsday in an editorial entitled "Pattern of Corruption" reported he owns more than \$125,000 worth of Raceway stock. . . . The Community Concerts membership appeal for the sixth year takes place Nov. 2 to 7. Headquarters will be in Susan Joy Shop at Bway, and Marie St. . . . When are they ever going to replace the Cantigny Rock marker on John St. at Cantigny Road, Hicksville? It was clipped by a motorist a couple of years ago and the state was supposed to put up a new one. It is our only real historical site. . . . Understand a couple of the boys who worked so hard against the home rule petition and raced around with "withdrawals" are pretty unhappy about the fact that they were passed by in the designation of new commissioners in the election district for Hillside Terrace. . . . CECIL H. COFFERIN, a plane pilot, was found guilty in county court on the charge of displaying advertising at Jones Beach State Park on July 12. He was fined \$25. Wonder what you would call those signs all over the parkways about "Night in Venice"? That's not advertising!

The Township mailed out school tax bills this past week. As if the increase (said to run about \$25 per house) in the taxes charged were not enough, some folks got boosts in assessments also. . . . School Board member EMIL SZENDY has sent the State Education Dept., now considering the complaint of LAWRENCE A. ROMAN regarding the local school attorney fee arrangement, a copy of a year-old letter in which MICHAEL SULLIVAN stated he would take the school attorney job on a flat fee of \$12,500.

The suggestion has been made in the Kiwanis that the three Hicksville service organizations hold an inter-club session involving the Kiwanis, Lions and Rotary. . . . JUHUS SCHWARTZ, attorney and president of Hicksville Kiwanis, has been elected Kiwanis Lieutenant Governor at state convention in Rochester.

Street light stanchions were being erected this week, at long, long last, along Levittown Pkwy. south of Old Country Rd. . . .

SCHENECTADY — Dr. Edward F. Haubmeier, former president of Hicksville, is the editor of "The Schenectady Alumnus," in the Empire State's "Academically Selected." Sixteen privately supported liberal arts colleges, two federal government academies and the University of the State of New York are the sponsors of the "Graduates' Club."

Dr. Haubmeier is presently an assistant professor of history and director of public relations at Union College, here. Author of many articles in learned journals, he is having his first historical biography, "A Commoner's Judge", the Life and Times of Charles Patrick Daly, published this fall.

He was formerly assistant to the President of Long Island University, a professor of History at LIU and director of the eastern Long Island division of LIU at Hicksville and Brookville.

tures, "In my opinion, as the incorporation of a territory imposes a change of government and the imposition of and subjects the property to taxes a duly authorized consent must have the authority of the stockholders."

Judge Willis B. Carrigan in his legal brief filed with Supervisor Ransom at the adjourned hearing had cited a previous court decision, in the matter of the Village of Holcomb, N. Y., when the court reversed the decision of the Supervisor and said: "It is the purpose of the statute to provide that the proponents shall be persons who have a fixed interest in the neighborhood, and in determining the interests of the proponents their rights of property should not be construed with the same technical strictness as though it were a question affecting titles."

Roman also pointed out the Supervisor's concluding statement in his Oct. 6 verdict also appeared to include the merits of incorporation while the petition only requested the right to vote: "Much has been said by the Attorney for the proponents", Ransom wrote, "and by the leaders of the incorporation movement that I should liberally construe the statute in order to permit the matter to come to a vote. Incorporation is different from annexation where the Town Board must give its consent. Sec. 6 of the Village Law provides 'within ten days after such hearing is concluded the Supervisor shall determine whether the proposition, consent and papers filed therewith comply with this chapter and shall within such time make and sign a written decision accordingly.' Thus I can only pass upon the question of the sufficiency of the papers before me.

"As a result I owe a duty to

the proponents to grant their petition if the papers are found in order and conversely I owe the same duty to those persons who did not sign consents and to the objectors to fairly determine the matter in their best interests and the best interests of the Town".

The Home Rule Committee contends that the "best interests of the Town" was and is in no way involved in the decision as to whether the 6,242 taxpayers who signed the petition should be given the right to vote on the question, Roman asserted. "Rather", he said "The best interests of the people of Hicksville and their right of ballot is an inherent heritage of all the people of Hicksville. We urge that we have literally and substantially complied with the Village Law and all other laws and the Supervisor should have permitted a vote."

The proponents have until next Wednesday, Oct. 14, to start the appeal in County Court at Mineola.

BASEBALL

The ball game between the Managers and the All-Stars recently resulted in a victory for the Managers. Despite aches and pains the managers were victorious, and everyone had a wonderful time just the same. To get to something a little more on the serious side, the P.B.C. needs more managers to supervise both baseball and basketball. So if you men can donate a little time to help out the fellows, you'll not only be doing something worthwhile, but you yourself will have a good time. For further information, you can contact Norman Riley of Virginia Ave. or myself and I can refer you to your contact.

I guess that's all for now, except the World's Series is over, and my boys brought home the honors. Everyone in the Castill household is once again smiling. So long, for now.

Facts For Fire Prevention Week

It has been reported by the National Board of Fire Underwriters that grass fires have increased throughout the country by 49 per cent. This is the time of the year that each and everyone of us must be careful about discarding cigarettes in the tall grass along the road.

It has also been reported that an increase in house fires with the leading cause being the use of matches and cigarettes. The following points are suggested by your fire company:

1. Provide plenty of large ash trays and be sure they are used.
2. When emptying ashtrays be sure every match and cigarette is cold.
3. Never toss a lighted match or cigarette into a wastebasket.
4. Before going out or going to bed check to make sure all cigarettes are out.

5. Never smoke in bed!

While there are many other specific rules for home fire safety,

Facts for Fire Prevention Week— It is a tragic fact that 11,000 persons die every year as a result of fire. Still more tragic is the fact that at least 2,000 are children, most of them under five years of age. Why are there little children so often fire victims?

One reason is their utter helplessness as babies. If trapped, for instance, in a burning building, they are powerless to help themselves.

Another reason is their inquisitiveness and lack of fear of fire. Since children spend most their time in the home, parents should teach them simple safety rules and above all, see to it that fire hazards do not exist in and around the house.

We of the Plainview Fire Co. are using every means possible to emphasize the safety measures where by loss of life and property can be substantially reduced. Let us in this community assume our share of the responsibility and help make Plainview safe from fire.

Central Savings Adopts 12 Babies

HICKSVILLE — For probably the first time in history, a financial institution has become the guardian of 12 youngsters at once. It happened when the Central Federal Savings and Loan Association of Nassau County "adopted" the Bannister Bank Babies for display in its offices and Long Beach.

Constance Bannister, who lives and works in Syosset, is rated as the nation's top baby photographer. Her pictures of adorable toddlers for years have been known from coast to coast.

Yet, amazingly, the adoption of her 12 photogenic cherubs for display in Central Federal's office at 250 South Broadway marks the first time that the Bank Babies will be shown near Miss Bannister's home.

Children Visit Fire Fighters

HICKSVILLE — To tie-in with Fire Prevention Week 28 first grade pupils of the Dutch Lane School visited the firehouse here Tuesday, Oct. 6, at 9 a.m. Accompanied by their teacher, Mrs. George Byrne, and the class mother, Mrs. Glen Stalker of 15 College Ln., the group learned how the fire department operates to augment their classroom project on fire companies and firemen.

basically, fire prevention is simply a matter of keeping the three elements of fire heat, fuel and oxygen apart. This means seeing that actual and potential sources of heat (flames, sparks, electric wiring) never come in contact with combustible materials (wood, paper, liquids). Or, if the source of heat and the combustible materials already in contact (oil soaked rags), it means cutting off the supply of oxygen (keep rags in a tightly covered metal container).

It is our suggestion that each of us take stock of our own homes checking off the few points mentioned in this article.

We would once again like to mention the coming social event. It is a dance on Oct. 31. The object of this dance is to put our racing team on an equal footing with the other teams in the tournaments. Our racing team is in need of new equipment. It might be good to mention here that there are only 15 members on the team. This group asks no support of the company. They get out for practice sessions two and three nights each week during the summer months. They also have a small fund of donations from loyal followers and hope to make the dance a financial success so that they may supplement their present fund.

We hope that our neighbors will honor them by being present at their dance because they have won tournament trophies this year. This is something that has never been accomplished by any team in the history of the company.

Current Comment:

Couldn't Let People Decide

By Fred J. Noeth

WE WAS ROBBED, no doubt about it. At just about the same moment as the Dodgers lost the World Series to the Yanks, Monday, the taxpayers of Hicksville were being clambered by the politicians in Oyster Bay under a thin disguise of legal hocus pocus.

Maybe the County Court will recognize with trained legal eyes what Supervisor Charles E. Ransom and his advisors found impossible to see—the people are only asking for the right to vote and decide.

We have had an opportunity, since our last edition, to read and re-read the decision by Mr. Ransom. It sounds and reads like the arguments advanced at the public hearing by Michael Sullivan in behalf of Political Boss Ernest Francke and 26 friends. Curiously, none of the additional points of objection raised by ex-Levittown Civic Council President David Sigerson got a mention.

The more you consider the decision, the more apparent it becomes—the decision was made on a political basis, strictly. Mr. Ransom said he had "no discretionary power" and yet he displayed plenty of "discretion" in deciding not to accept corporation signatures, in deciding to accept "withdrawals" and in deciding that the "last preceding assessment roll" was a record not available UNTIL AFTER THE PETITION HAD BEEN FILED.

Rather than rule on the simple request of a group of people who honestly want the right given to them under the laws of the State, to decide on the form of government under which they shall live, the Supervisor chose to outlaw their unselfish efforts on pretty tricky, technical grounds for one or all of the following reasons:

1. The petition could not be found proper because letting Hicksville, one of the biggest unincorporated sections in the county, vote would immediately produce a rash of like petitions from other areas long fed-up with archaic, do-nothing, cost-plenty town government.

2. If the vote were held and the incorporation issue won, a tidy little deal worked out with Hempstead Township to chop off a section of Hicksville and tax-load the people (who voted 3 to 1 against the idea) with the Levitt Memorial Hall, would be upset.

3. Politically, the incorporation of Hicksville would be a crippling blow for the Machine. The election law requires personal voter registration in INCORPORATED areas over 5,000 persons.

Personal registration is not required when a place is unincorporated—even if it has 10,000, or 30,000, or 100,000 or more voters!! You can see what a chore it becomes for the Machine to remain top dog in personal registration areas. The organization must get the voters out twice—first to register (and re-register prior to every vote) and then to vote. In our case, however, voters' names are helpfully carried over from election to election. They even send someone around to your door and take your registration under the non-personal arrangement.

But above all, we can find the real clue to the political considerations of Mr. Ransom's decision in his remarks made a week before to the township convention of his party. After 28 years in public office, he was no longer a candidate—but he was going to stay active in "politics."

A man who is "going to remain in politics" does not buck his organization, if he hopes to continue as a person of importance in that organization: And who were the formal objects to a vote taking place? Six thousand taxpayers wanted a vote, but 20 committeemen of the Francke organization were opposed to a vote taking place.

Politics won out.

The Legionnaire

Post Commander Walter Schleifer and Ed Becker with Jack Randolph, George O'Brien, Bill Arvidson and yours truly, journeyed to New Hyde Park a week ago Wednesday to witness the installation of 421's Auxiliary officers with those of twenty other units at the Manor Oaks School.

The set-up was much the same

as last year with the ladies divided according to their new office and the new Presidents seated in a line behind the speaker's table and in front of the massed National and Post Colors. And also as last year the ceremonies started fifty minutes late.

Principal speaker was the Hon.

Steven B. Demoum, Congress-

man 2nd District, who appropriately enough stressed the Legion's anti-Communist activities and attacked those borderliners who deplore a growing "nationalism" in America. A nationalism that preaches God, country and flag. We echo Mr. Demoum when we say "and what's wrong with that?"

There were of course the usual introductions of present and past Post Commanders, Fred Ber-

rand and his County Staff, Past County Chair-

women and countless others. The only one they

missed was our own Walter Schleifer.

Shame of the evening was the failure of the

installing officer to charge the newly elected Pre-

sidents with their duties. Same took place after

adjournment. . . . Ladies present were Harriet Mangels, Joan and Anna Breugel, Dot Fricke, Rose Becker, Jan Randolph, Muriel Arvidson, Betty Beard,

Helen Wlodyka, Ruth Schleifer, Chic Johnson and Nell Oberman. . . . Late arrival Bill Arvidson spent some time watching an art show. . . . Lengthy introduction etc. causing several Posts including ours to entertain thoughts of a return to Joint Legion and Auxiliary installation at home. . . . All of us repaired to local refreshment parlor afterwards.

Legion Hall, Inc. through Henry Bruegel have

announced they'd like to see a few more bonds re-

deemed. . . . Add one more renewal for '54—Dr.

Harry Lambert. . . . That Shuffleboard we were

hoping the P.B.C. would present to the Post fizzled

—any more ideas? . . . Commander Barnett has

asked us several times to tell our good readers

that the Legion needs a new piano, the old one

being virtually impossible. We have the truck and

men if you have the piano. . . . Auxiliary now

getting our members dues for us as Harriet col-

lected "five" from Mrs. McIntosh for husband Bill

. . . The gang that attended Wednesdays' instal-

lation had two dollars left over when the bill was

paid so the "penny jar" at the Post is richer by

that amount.

The Legion and its Auxiliary, backers of three annual Police Boys Club Card Parties by donating the Hall and help, should be interested to hear that this affair has now become so big that the Post facilities are no longer adequate. This year's party, to be held on Dec. 4, will take place in the St. Ignatius Auditorium.

It is with regret we tell you that *Legionnaire* Bill Schmidt passed away on last Friday. American Legion services were conducted on Saturday evening attended by both the men and women of the Post. Tap!

Reader Provides Interesting Data

Mid-Island Herald readers will appreciate the following information made available by Mrs. Frank Sutter of 15 Henry Pl., Hicksville. It is from the *Rural New Yorker*:

"We have received a small license tag from the Disabled American Veterans, National Headquarters. Must we pay for it or return it?

New York A.L.M.

"Dozens of similar inquiries have been received indicating that the country is being flooded with such literature and tags. The record shows some \$40,000,000 are sent out annually and the income from them is approximately six or seven million dollars a year. About 50 percent of this amount goes for office administration and the cost of raising funds. The balance is used for salaries of service officers who assist the disabled veterans. The tag need not be returned."

Town Attorney NLHOA Speaker

HICKSVILLE — First nominations for office in the North Levittown Homeowners Assoc. will take place at a general meeting at Levittown Hall, here, Tuesday night, Oct. 28. Theodore Summers, township attorney, will discuss the "functioning of town government and its legal aspects" at the meeting.

The meeting, which should have been held on the fourth Tuesday of the month, has been moved forward to the earlier date to make the Hall auditorium "available for the presentation of the broadcast of Town Meeting on Oct. 27," it was announced. Residents were today urged to be present at 8:30 P.M. sharp "so that time will be available to complete the agenda."

Marvin Sultan of 63 Rim Lane is NLHOA president.

STOP FIRES SAVE LIVES

What Can Be Done?

In the face of Ransom's turndown there is the question of what to do next. The obvious thing is to test his decision in the Nassau County Court. And that is exactly what is being done. Because of the nature of the problem, it enjoys a priority on the court calendar and must be scheduled within a very limited time. Also, the court has a definite time in which it must prepare its decision. It's a matter of just a few weeks. Then perhaps we will be able to conduct the referendum which 6,242 Hicksville property owners want to see take place.

If Worst Comes To Worst

If all avenues to a referendum based on the present petition are closed, there is always tomorrow. The job will be started over again, and although Home Rule for Hicksville will be delayed, it will most certainly come. It can't help but come because it is the right thing for any town. Especially a town that has more than 30,000 people living within its borders.

This is to inform those who didn't read our last column in the Herald that the Cedar Cliff Civics entertainment committee is going to call at every house with tickets for our first fall dance on Nov. 7 at the Polish National Hall in Hempstead. Everyone is invited; it is not just for members of the Civic Club. If you like to dance, come out and bring all your friends along. Harry Sears of 99 Cliff Dr. will gladly sell you more tickets if you need them.

Mr. and Mrs. J. McKernan of Cliff Dr. had as weekend guests Mr. and Mrs. Charles Long from Lynn, Mass. They are Jim's aunt and uncle.

Celebrating birthdays this week are Paula Hicks on Oct. 2, and Michael McKernan two years old on Oct. 3. The McKernans' relatives helped Mickey celebrate this occasion.

Gene Schickel of Sussex St. celebrated his birthday on Sept. 30. Congratulations everyone!

Carol Finger had a party at her home on 2 Stanley St. Oct. 2 with many of her friends invited to help her celebrate. She received

many lovely gifts from her friends who attended. Her guests were Ginger Smith, Madeline Lamardi, Judy De Vincentis, Pat Rankel, Judy Norden, June Harvey, Joan Finger, Mickey Colwell, Silver Miller, Barb Clyes, Frankie Finger, Jim Colwell, Eugene McCarthy, Joe Maci, Nicky Maci, and Bubby Astrotter. The group enjoyed refreshments, games and dancing. Everyone had a good time.

Mr. and Mrs. W. Weirbowksi and family went into Brooklyn this past weekend to help Mrs. Melnick (Mary's mother) celebrate her birthday.

Mr. and Mrs. M. Viggotti of Cedar St. had Mrs. Viggotti's father from Carona visiting for week.

Rumors are flying that the children age nine years would like to start a little league baseball club. This would help keep the children out of mischief. Anyone interested in making this club a reality can get in touch with James Glynn, Hicksville 4-4459.

If you have any news, neighbors, please call me,

JUDY'S JOTTINGS:

Outdoor Party Marks Birthday

By JUDY JOHNSON
Hicksville 4-1412

The Angelo Cafenea of 22 Benjamin Ave. celebrated the first birthday of their son, Charles, on Saturday evening, Sept. 26 with a barbecue party outdoors. The list of guests included Mr. and Mrs. Angelo La Manna, Mr. and Mrs. Medard Ofenloch, Mr. and Mrs. Art Scheriff, Mr. and Mrs. F. Smith, Mrs. T. Guastaferri, Mr. and Mrs. A. Celia, Mr. and Mrs. G. Carbone, Mr. and Mrs. C. Cameron, Mr. and Mrs. E. Teverini, Mr. Richard Salineri, and Mr. Kenneth de Jongh.

An abundance of refreshments including ham, swiss cheese, bologna, salami, potato salad, cold slaw, pickles, and ripe olives. Hamburgers and frankfurters were grilled on the barbecue, and soda and beer were also served. Music was supplied by the top bands of all times, courtesy of a local three speed phonograph, and dancing was enjoyed on the terrace. Pictures of the festivities were taken for the old family album, and the birthday cake was a gorgeous whipped cream fantasy decorated with a teddy bear building his alphabet blocks to spell the words "Happy Birthday Charles".

And belated birthday congratulations to Kathy Ofenloch of 80 Benjamin Ave. who celebrated her 5th milestone on Sept. 30 with a party at her home. Friends and playmates attending the affair included Joseph and Jean Marie Schlosser, John and Greg Quinn, Joyce Scheriff, Maureen Quinn, Pat and Letta McMahon, Rosemary Hoffman, Kathy Krajci, and Angela La Manna. Glittering the younguns were Mrs. Joseph Ofenloch, Mrs. Rita Schlosser, Bernadette Hoffman, Mrs. Mercedes Quinn, and Mrs. Dot McMahon. Decorations were in pink and blue, and the customary ice cream, cake, soda and candy was served.

The fall social season began with a whirl on Saturday night with the 5th Annual Dinner - Dance of the Hicksville Lions Club. Held in the main dining room of the Garden City Hotel, the affair proved to be a great success with the smooth music of Tony Bell and the Bell-tones adding the bounce.

About 125 people attended the event including Deputy Dist. Gov. Joseph A. Leon and Mrs. Leon, and a full roster of the local "Who's Who". The Kiwanis and Rotary Club each had a table, and everyone concurred in saying that the evening was a complete success. General chairman of the affair was Rudolph House, assisted by Louis Howard Heberer and Gerard Braun, and treasurer Charles Himmelstein. Proceeds from the affair will be used by the club in furthering their many civic and community activities.

DANCE SATURDAY
The Columbus Day Dance, sponsored by the Archie McCord Post No. 86, Bethpage, will be held on Saturday evening, Oct. 10. Post headquarters on Washington St. will be the scene of the activity.

How many "Hello's" in a day?

Would you believe it? Folks in New York State average more than 27 million phone calls a day! And of these, nearly 26 million are local calls.

That's really the story of your phone company in a nutshell. State-wide, it runs into some big figures. But actually the phone company is a home-town business. It's operated by local people. It does most of its business within that local area. It pays local taxes that help build schools, roads and other civic improvements. And its average sale is smaller than that of the corner grocery or drug store.

To fit the needs of each community, we tailor-make telephone central offices, switchboards — in fact, all telephone equipment. This planning, on the local level, pays off in faster, more dependable phone service for all. Today, for example, the average local call takes 20 seconds or less from the time the receiver is lifted until you hear the first ring. New York Telephone Company.

45 Teenagers Form Council

HICKSVILLE—About 45 teenagers attended a meeting to reorganize the Teen Council in the high school study hall Monday evening, Oct. 5.

Edward H. Kist, chairman of Teen Council Committee, presided and introduced the adults who will work with the teenagers. They are: Mrs. A. Vita, Mrs. A. Katz, John Gabriel and Pat Naso.

The Canteen will sponsor an essay contest on "What I Would Like to See in a Good Teenage Program." Open to all teenagers in Hicksville, the contest has the approval of the high school English Dept. Prizes consisting of a \$25 savings bond, \$10 second prize and \$5 third prize were donated by the now defunct Educational Assoc.

Over half of the teens organized the Theatrical Workshop which is under the direction of John Gabriel. There are still openings in the group and interested teens may sign up at the next Teen Council meeting which is tentatively scheduled for Oct. 19 at Dutch Lane School.

The Glen Cove A.A. - Hicksville Field Club game will be played this Saturday afternoon in the Cover's City Stadium.

That is the date the original Nassau Conference schedule had the meeting carded for. However, in the interests of a bigger gate it was planned to stage the battle last Wednesday but without explanation the game was switched back the first announced day.

An explanation hardly seems necessary. Glen Cove already has a game under its belt but Hicksville has had little success in recruit players this season and can use the days of grace.

If you count tried and true football players the Black and White has under 15. And in that case even there are some the high command claims will be on hand come kickoffs but who haven't been seen at practices.

It is best to use the word reportedly when listing names of those who will perform for the Field Club.

Injecting a note of hope it must be fairly said that the first line is big and capable but durability in time is still a big question.

Hicksville was upset about the free substitution rule this year and threatened not to operate this season if the league adopted a resolution to abolish it as have the colleges.

Influence won the point for the Field Club and now it may not operate for a full season because of it. There is grave reason to doubt that unless something drastic comes up that the club will be able to continue. In the face of such short material even those who try mightily to be optimistic sound exceedingly hollow.

One bright straw clutched at is the return to Hicksville of Elias Stetz who has been studying at the Colorado College of Mines.

He is expected in town today and in a uniform Sunday, according to the releases. He was an outstanding performer for Hicksville High and did very well as a freshman at Colgate and a sophomore at the Mines.

At any time talent would be welcomed but never more so than now.

It is to be wondered, however, if he will appreciate having been committed to the game. It is a little hard for anyone not on hand to realize just how meager things have become in the Field Club camp.

The decision of George Fowler to retire has thinned the ranks of the Glen Cove A.A. and the north shore eleven isn't trying to dismiss the loss of Fowler without batting an eye.

Fowler has distinguished so many semi-pro seasons on Long Island that his departure takes from the scene the one really big gate attraction left.

We do not slam the door on the supporters of Westbury's Tom "Chip" Gannon. If it is open, it can remain that way.

Perhaps the Covers aren't as strong as in the past and even bowing to the good work we know some will do in the Hicksville line we can't see Hicksville winning the 1958 debut.

Glen Cove 20, Hicksville 7.

Hicksville High rates a two touchdown nod over St. Dominic's this Saturday with a large crowd expected to attend the first gridiron meeting between the two schools.

The Saints have a comparable team on the front lines and far from small. However they cannot match the imagination of the Hicksville attack and in this case the Orange rates a better edge in reserves.

Youth Rally on Columbus Day

BRENTWOOD — The seventh annual Catholic Youth Day rally for the boys and girls of Nassau and Suffolk Counties will be held at St. Joseph's Academy, here on Columbus Day, Monday, Oct. 12. The general plan of the celebration will be built around the theme of the Mass.

The day will open with the choral recitation of a "Living Meditation Before Mass" written for the occasion by Rev. Martin Healy, professor of dogmatic theology at the Diocesan Seminary of the Immaculate Conception, Huntington, with the assistance of Rev. Joseph Lawlor of St. Joachim's Church, Cedarhurst, general chairman of the celebration.

At the completion of the recitation, Mass will be offered on the main altar by Rt. Rev. Msgr. Edmund Fitzgerald, pastor of Corpus Christi Church, Mineola.

In the afternoon following a social and recreation program, to be held on the playing fields of the

academy, the young people will visit booths to be erected on the front lawn in which will be displayed historical exhibits relating to the liturgy, hymns, chant, vestments, rites and meaning of the Mass. Experts will be on hand to answer all questions about these matters.

A candlelight procession, a special sermon, the Consecration to

the Sacred Heart and Benediction of the Blessed Sacrament will complete the program of Catholic Youth Day.

It is estimated by the committee that this year's rally will surpass all others in attendance. Last year, 2,760 young people assembled for the celebration, but plans this year are being made to accommodate more than 3,600.

Seek Director Of Recreation

HICKSVILLE — Mrs. Estes Orton, community coordinator of Teen Canteen, presented several suggestions on teenage recreation to the Board of Education at its meeting Wednesday night, Sept. 30.

She pointed out the necessity of a full-time recreational director for School District No. 17. The local recreation program has grown so large that volunteers can no longer do an adequate job, she said. She also suggested that some of the schools be kept open one or two evenings a week for game room purposes.

Marvin Sultan, executive chairman of Teen Canteen, also spoke briefly on the same subject. The School Board is considering these suggestions.

The Teen canteen will conduct an essay contest for all teenagers, Mrs. Orton announces, on "What I Want of a Teenage Recreation Program." Prizes of \$25, \$10 and \$5 will be awarded for the best essays. Details will be announced later.

Political Pot Ready To Boil

By KENNETH S. BARNES,
Librarian

The "political pot" has been simmering these last few months and will soon rise to a boil with the elections so near, works on politics become particularly interesting. The Hicksville Public Library has several books that we are sure you would enjoy. They are not "hot off the press", but recent enough to be timely. The first is called "Politics in the Empire State", written by a veteran newspaperman, Warren Moscow. If you have been wondering what is going on in the hectic mayoralty campaign in New York, read this book about politics, politicians, pressure groups and machines of New York State. It is written in a lively, but far from sensational manner. Mr. Moscow has observed political developments in this State for many years and knows whereof he speaks.

Probably the best book on the political world to come along in years is Samuel Lubell's "The Future of American Politics", published last Fall. This penetrating work is based on a study of election trends in several thousand cities, counties, and rural areas, and is a thoroughly non-

partisan work. Mr. Lubell tells of the forces now shaping American political parties into something different than they have been in the past. He delves into the Democratic party history of the last 20 years showing the crazy-quilt pattern of conflicting groups which gave it victory five times and

shows how it is being torn apart through conflict. He also tells of the Republican opportunity, but he is fully aware of the patching needed to mend their internal difficulties. Mr. Lubell says both parties are being reorganized by new forces and interests that have been slowly developing for 20
