FIRE PREVENTION WEEK: 2 House Fires in Four Hour Period on Friday

Prompt action by Hicksville Fire Dept prevented extensive destruction as the volunteer firemen were called out twice Friday night Oct. 9. The first call came at 7:38 P.M. for the Frank Crockett dwelling at 14 Ballard Lane and the second at 11:20 P.M. for the Helen Barrett residence at 94 Lantern Rd as fire prevention week came to a close.

Bethpage firemen also had a busy time of it during fire prevention week with a roaring blaze in the Gorman residence at 8 Carson St., Bethpage, which called them out at 8 o'clock in the morning and kept them occupied until dawn. Vito DeFania, a fireman, was burned on the right hand and was treated by Dr. Louis Lutge.

Burning drapes and a chair in the living room of the Crockett home brought out the Hicksville firemen early Friday evening. Shortly after they returned to headquarters they went out again when the Barrett attic was ablaze.

Hicksville firemen also had a false alarm at 1:53 Sunday afternoon, Oct. 11, at Arrow and Arcadia Lanes.

*Kiwanis Nominates New Officers

HICKSVILLE—Jamps Walters, principal of Nicholas St. School, has been nominated for the office of president of the Hicksville Kiwanis Club to succeed Jay Schwartz. Others nominated are Fred Sutter, for first vice president; Sam Pace, Second vice president; Joseph Keller, third vice president; Joseph Reinhardt, treasurer, and for directors Dr. Charles Masak, Councilman Frank Chlumsky, Charles Montana, Arthur Raganino, Louis Keta, Meinard Chittenden, and Anthony Flanack. The club will hold its annual Charter Night on Oct. 23 and members are urged to make ticket reservations with either Montana or Chittenden by tomorrow (Wednesday).

Adults Can Learn to Speak French

HICKSVILLE—By request of students of French who can converse in this language and wish to gain more fluency in conversation and better pronunciation, the Adult Education Program at the High School is offering a new course adequate for this requirement, according to Elery H. Bean, director. He said its teacher holds a teacher's certificate of the Sorbonne, the University of Paris, and has taught at Berlitz Schools of Languages and private schools. Emphasis is laid on pronouncing correctly and understanding the speaker. This advanced class of conversational French takes place on Tuesday night at the High School. For registration contact the director of Adult Education, any school night HI 2-1044.

My Little Girl

Today my daughter, who is seven years old, started to school as usual. She wore a dark blue dress with a white collar. She had on black shoes and wore blue gloves. Her cocker spaniel, whose name is Coot, sat on the front porch and whined his canine belief in the folly of education as she waved good-bye and started off to the hall of learning.

Tonight we talked about school. She told me about the girl who sits in front of her, the girl with yellow curls, and the boy across the aisle who makes funny faces. She told me about her teacher, who has eyes in the back of her head, and about the trees in the schoolyard, and about the big girl who doesn't believe in Santa Claus. We talked about a lot of things—tremendously vital, unimportant things; and then we studied spelling, reading, arithmetic—and then to bed.

She's back there now—back in the nursery sound asleep, with "Princess Elizabeth" (that's a doll) cuddled in her right arm.

You guys wouldn't hurt her, would you? You see, I'm her daddy. When her doll is broken or her finger is cut or her head gets bumped, I can fix it—but when she starts to school, when she walks across the street, then she's in your hands.

She's a nice kid. She can run like a deer and darts about like a chipmunk. She likes to ride horses and swim and hike with me on Sunday afternoons. But I can't be with her all the time; I have to work to pay for her clothes and her education. So please help me look out for her. Please drive slowly past the schools and intersections—and please remember that children run from behind parked cars.

Please don't run over my little girl.

(This poignant safety appeal which has become a modern classic first appeared as an editorial some years ago in the Tribune of Eufula, Alabama.)

SERVE APPEAL NOTICES:

Plea for Home Rule Vote Going to Court

HICKSVILLE—Notice that an appeal to Nassau County Court from the decision of Supervisor Charles E. Ransom in refusing to permit a vote on the question of incorporation was served early this week upon Oyster Bay Town Clerk Henry M. Curran, 35 formal objectors and their attorneys.

The appeal is being taken by Judge Willis B. Carman on behalf of ten of the persons who signed the proposition for incorporation of the Hicksville School District area as a village. A consent-petition asking the Supervisor to hold a vote was signed by more than 6,000 property owners of the district.

Nearly two hundred resident property owners signed the proposition. The village law requires that five of the persons who signed the proposition may join in an appeal from the Supervisor's decision. Within five days after the notice of appeal is served upon the Town Clerk, he is required by law to deliver all papers relating to the proposition, including the consent-petition, to the county judge.

Nassau County has two County Judges, Norman Lent and Cyril J. Brown, and it is not known which one will hear the arguments.

The notice of appeal has been served upon the following in addition to Town Clerk Curran, Carroll and Sullivan, Michael J. Sullivan and David Sigerson, attorneys for the objectors:

Adolph G. Soiminen, Barbara C. Soiminen, Marvin Salkin, David K. Schwartz, Jack Surkin, Kathleen Abelman, Cecil Abelman, Henry Schnepp, Ernest F. Franke, William H. Rejbert, Joseph E. Oliver, Harvey Sehluter, Ernest K. Sheble, Clifford Place, Henry L. Waldeck, Chester Koake, Herman J. Schuls, Charles T. Parker, Henry J. McInnes, LeRoy S. Wells, A. Carl Grunewald.

Also, John Jeanson, Francis J. Anderson, Louis E. Kappstatter, Robert F. Botto, Stanford Weiss, Michael J. Sullivan, David K. Sigerson, Glenn H. Pickett, Mrs. Dorothy H. Pickett, Julia Joan Miller, Blanche Surkin, Charles C. Miller, Shirley B. Pope and Gertrude Rigdon.

Those taking the appeal to court are William Kutner, William L. Geyer, James Cummings, Harry Rowley, Lawrence A. Eoman, Fred J. North, Lucia McIntosh, Stanley Mraz, William A. Glaser and Frank B. Sutter.

The county court, after hearing the arguments must within 10 days after the notice of argument either uphold or reverse Supervisor Ransom's decision. The court order, which the law says "shall be final and conclusive" is transmitted to the Town Clerk.

Grand Jury Indicts Local Man

MINEOLA—A Hicksville man is among ten who have been indicted by the Nassau County Grand Jury on one count of conspiracy, six counts of extortion, six counts of coercion and three counts of violating the state penal law in taking kickbacks. The Jury is probing the operations of Roosevelt Raceway, trotting track, at Westbury.

He is Louis J. Christopher, 46, of 89 Cambridge Dr., Hicksville, vice president of the Mutual Ticket Agents Union Local 23298 and a division head at Roosevelt Raceway. Arrested and arraigned before County Judge Cyril J. Brown, here, he pleaded not guilty and was freed in \$5,000 bail.

Town Budget Allows For New Department

OYSTER BAY—The new comptroller's department of the township government is provided with a budgetary appropriations in the town budget for 1954, it was learned today. A public hearing on the budget will be held Tuesday morning, Oct. 27, at 10 o'clock in the morning but taxpayers will have to go to the Town Hall, here, to look at a file copy if they want to know what the budget provides.

While the cost of the township highway department will increase a quarter million dollars for 1954, including an appropriation of \$100,000 for the drainage program, there will be no increase in the

tax rate. It will continue at 48 cents per \$100 of assessment. Reductions in highway tax rates have been announced for next year by Hempstead and North Hempstead town boards.

There will be no general town tax for the 11th year, the revenues and income of the township coming within \$10,000 of matching the anticipated expenditure of \$1,027,537 which is an increase of \$86,520 over the cost for the current year. The difference of \$10,000 is being transferred from reserve funds.

The budget for highways, separated from the Town Budget, shows an increase of \$240,430.37, for a total of \$947,386.62. Estimated revenues, plus a \$50,000 surplus from 1953, will drop the amount for taxation to \$887,386.62, enabling the highway rate to remain at 43 cents per \$100. Another, and separated, \$312,000 item in the highway budget, covering new equipment, bridges, repairs, maintenance and miscellaneous items will be free of tax, Superintendent of Highways John R. Brandt said. \$312,000 will be transferred from the invested reserve to take care of this item, resulting in no tax levy.

Supervisor Charles E. Ransom said that two new departments will be established in 1954, and will account for about \$20,000 of the town budget. A comptroller's office will cost the Town a total of \$9,898 to operate and will include a comptroller at \$7,500 and a stenographer. Also new will be a photostat and typographical department at a cost of \$10,842 of this earmarked for (Continued on Page 6)

ORAL HEARING OCT. 20:

Albany to Hear Arguments On Attorney Fees Next Week

ALBANY—Investigating the charge that fees paid the attorney for Hicksville School District are alleged to be "excessive", the State Dept. of Education has set Tuesday afternoon, Oct. 20, for oral hearing on the question, here. Notice of the hearing, set for two o'clock, was given by mail to the Board of Education and others interested over the weekend.

Attorney Charles H. Stoll, who was engaged by the Hicksville Board of Education to answer the taxpayer complaint of Lawrence A. Roman regarding the School Board's "percentage of bond issue" fee arrangement with Attorney Michael J. Sullivan, is expected to appear at the hearing in behalf of four members of the board. Emil Szendy, a fifth

member of the board, has openly split with the other members on the attorney fee question and has filed a dissenting statement.

Written arguments have been under consideration by the State Commissioner of Education for a month. The Board of Education, in the brief prepared by Stoll, had asked for dismissal of the action and complaint on the grounds that it was only the board's authority to arrange the terms with the attorney.

Roman has charged that Sullivan, on the basis of proposed new construction and voter-approved construction, will receive a fee of over \$60,000 in a two-year period for "part time, routine work" in addition to an annual retainer of \$1,200.

CENTER CIVIC COMMENTS:

We Were Wrong About CD Cost

By George McCarthy
A few weeks ago, I made a mistake in this column, why some C.D. spokesmen didn't call me on it, I don't know. Perhaps, they would rather the public didn't know the amount they have to support their inefficiencies. The correct C.D. budget for 1953 is not \$100,000 as I published, but a huge \$218,023.00, this is your tax money, let's see how it's spent.
As the public knows, C.D. is a volunteer organization, yet the total expenditure for C.D. salaries is \$171,832.00. It would seem, that for salaries like this, we could expect some efficiency. Many job

holders in Mineola headquarters have other positions, or businesses, and give only part time to C.D., but still draw at least \$6,000.00 each. That's good pay for a part time job.
Office equipment for headquarters has a total expenditure of \$7,775.00. This did not include any equipment for the safety or welfare of the public. There is an interesting little item in the budget of \$4,425.00 for auto mileage and auto expense, we've never heard of a volunteer in C.D. collecting auto expenses. There are many little items in this budget that will raise some eyebrows, but it all adds up

to \$218,023.00 of our tax money that we rarely see the results of.
One would think that with all this money-sunk into C.D. heads in Nassau, we could at least expect efficiency, and consideration. This mess has been boiling here in Hicksville since last December, and as yet, Mr. Ryan has failed to use his high priced staff to make any attempt to clear it up. Perhaps he is too busy dreaming up new items to tack onto the 1954 budget.
It may be rude to suggest this, but someone ought to remind Mr. Ryan that he is a public servant, and should do the public's wishes and the State Director's orders. It's true, we didn't elect you to this office (WE WOULDN'T), BUT WE STILL PAY YOUR SALARY.
TILL NEXT WEEK,

The Jericho Ladies Auxiliary will sponsor an Autumn Dance on Saturday, Nov. 14, at the Jericho Fire House. Fuzzy Andrews and his Trio will provide the music for the dance which is open to the public.

Dear Jean,

Congratulations to Mrs. KATHLEEN CHAMBERLAIN, 44, of 8 Flavel L.A. Hicksville, who was chosen Miss Youth's Grandmother's Grandmother at a program in Rossmore's Playhouse.
New doors are being installed at the Long Island National Bank of Hicksville. The new street lighting on Broadway is a tremendous improvement as the Business Men's Assoc. knew it would be when the members requested the change almost two years ago. County Democratic leader McKEOWN speaking at the opening of party headquarters in Hicksville last Friday night said that it was not the policy of the organization to enter local matters, he did agree with the views of ALLEN CARPENTER regarding the people's right to vote. He charged the GOP "has always resisted home rule and would rather run everything from one office in Mineola." A few blocks away at the Masonic Temple the Republicans were hearing addresses by judicial candidates, including County Judges NORMAN LENT and CYRIL BROWN. One of these two men will sit in judgment upon the appeal now being made from the verdict of SUPERVISOR RAY. SOB on the home rule vote issue. The Democratic htd, by the way, is the former Nassau Seed office and store where the late WILLIAM DUFFY must of held many meetings with party chieftans over the years. GEORGE ENGEL is a candidate for re-election on Dec. 1 as a Hicksville Fire Commissioner. Postmaster WILLIAM C. MOLLITOR gives warning that parcel post for Christmas delivery to Korea, Japan and Pacific Islands should be mailed by Nov. 1.
Hundreds of friends gathered at the open house party at K & M Meats in the Center Shops to congratulate CHARLES KUHN and JOHN MCROBB, proprietors. Among the many telegrams was one from across the seas from Glasgow to Charles and John from Aunt Jessie and George.

NORTH WEST NOTES

Million Dollar Drainage Project

By JAMES CUMMINGS
The following report was rendered to the membership of the North West Civic Assoc. on Tuesday evening, Oct. 6, by William Donohue, Chairman: (Special to the Herald)
"On Sept. 12, the Acting Drainage and Road Committee, consisting of Mr. Donohue as chairman, Mrs. Adams, Mr. Zittler, and Mrs. Donohue as alternate, went to Oyster Bay Town Hall to find out what is being done about drainage and road conditions in the North West area of Hicksville.

The Committee spoke to Mr. Brandt, Supt. of Highways, Mr. Walters, Civil Engineer for the Town of Oyster Bay and Mr. Padavano, Civil Engineer for Sidney Bowne Co. of Mineola, L.I., in whose hands the drainage and road problem for our community has been placed. According to Mr. Padavano, his firm has been working on our section for the past eight months and the plans should be ready for approval on or before the first of November, 1963. These plans call for a main trunk drainage sewer to run from the Stackler & Frank property east of Broadway, across Broadway and following the natural flow of the water thru the Speigel development to the West John Street sump. This main trunk will be connected by lateral sewers where necessary and catch basins.

of the plan is reported in excess of \$1,000,000.
soon as received. In fact, he added the invitations to bid on the contract will go out in the early part of November and told the Committee to quote him on that, also that it is quite possible the job will begin before the first of the year. Mr. Padavano pointed out that the job should take between four and five months to complete.

NEW \$60,000 MOBILE sub-station of the Long Island Lighting Co. was delivered this week to the company's Hicksville central operating headquarters, the first unit of its type to be acquired by the utility. Here Russell M. Gorgan, manager of line construction and maintenance, points out important features of the 38,000 pound unit to assistant vice presidents William Welch Jr. and Wilmot Smith. Fewer and shorter electric power stoppages can now be expected, officials said.

Pupils, Instructors Take Part in Safety Car Tests

HICKSVILLE — As safe driving becomes a habit, the slaughter on America's highways will be curbed, George M. Tewksbury, Safety Engineer for the Farm Bureau Insurance Companies, told a safety demonstration audience of students at Hicksville High school, on Oct. 6.

GEORGE M. TEWKSBARY

"Excessive speed is the greatest single cause of automobile accidents," Tewksbury said.

In the demonstration which followed, he showed how speeds as low as 20 or 30 miles per hour can be excessive under certain conditions.

"When drivers know such facts and base their driving habits on them, traffic accidents will drop sharply," he said.

Students and teachers drove a specially-equipped car in tests which show how far a car would go before it could be stopped. The tests were conducted at 20, 30 and 40 miles per hour.

SHOOTS PAINT BULLETS

A red light mounted above the radiator flashed to signal the test driver to stop. At that instant, one of three revolvers mounted on the front bumper fired a yellow paint bullet at the street. A second bullet was fired as the brakes were applied, and a third after the car was stopped.

Distances between the spots of paint showed how far the car traveled before the driver applied the brakes (the reaction distance) and how far before he could stop it (the braking distance).

A driver who carefully observes the speed laws is not a safe driver if he doesn't signal properly for turns, approach an intersection in the proper lane for a turn, or turn around properly, Tewksbury emphasized. He demonstrated correct signaling and turning procedures in the test car.

This safety program is part of a long-range traffic safety program being conducted by the Farm Bureau Insurance Companies in 13 eastern states. Demonstrations already have been given in more than 3,000 high schools and colleges.

Persons who took part in the tests and their stopping distances

at the various speeds as compared to the national average:

Eugene Bianco, student, at 20 mph stopped in 32 feet, 4 inches. (National average 40 ft) Lucille Mayo, student, at 20 mph stopped at 30 ft. 11 inches. (National average 40 ft).

Carl W. Wellon, instructor, at 30 mph stopped in 68 ft. 3 inches. (National average 77 ft).

Norman Galembo, instructor, at 40 mph stopped in 106 ft. (National average 124 ft).

Arrangements were made through Principal, Mabel R. Farley, by Joseph Longaro, 28 Arrow Lane, local Farm Bureau Insurance agent and Andrew E. Fornal, Farm Bureau district manager.

months. However, the job does not have to start in one spot, it could be started in the worst section of the development and be completed there and later on finished in the Shaker and Frank areas.
"The Committee asked for and received a preliminary Blue Print of the job from S. Borne and Company, also complete profiles of the streets through which the main trunk is going.
"Mr. Waters said that he would send the Civic Assoc. a letter confirming what he had said to the Committee. This report was one of the most complete to be received by the Association in many a meeting, remarked Guy Smith of Nevada St. and made a motion for a standing vote of thanks to William Donahue and his excellent committee for a job well done.
BETWEEN ISSUES
It is with great pleasure we announce new arrivals: a son, Kenneth, to Mr. and Mrs. George Springer of 83 Gardner Ave. and a son, Daniel, to Mr. and Mrs. Elwen Raffine of 207 Princess Ave.
Mr. Gleze of 100 Kuhl Ave. received a warm welcome from the membership at our last meeting, this was his first meeting . . . We hope that many more "first nighters" will join the ranks of our Civic Association, remember dues are only \$1.50 per year—join up now!
Harold Gregory and his Entertainment Committee consisting of Al MacLeod, Barney Gill and George Schult did it again, one of the best affairs we have had to date, a very special vote of thanks . . .
Need for additional "Children at Play" signs on side streets of Dakota, Georgia and Indiana due to increased traffic using short-cuts to other parts of the development . . .
Noted "NO-THRU TRUCKING" placed above "Children at Play" signs on North Broadway and James St., on West John St., leading into James St. from Williams, Sackett, Wycoff, Stronk Streets and Maple Place—no question that the signs are needed at these intersections, but what about the densely populated thoroughfares in our development?
Above all don't forget the big **CARD PARTY SPONSORED BY THE CIVIC ASSOC. THIS FRIDAY EVENING, OCT. 16, AT THE LEGION HALL**—make it a date to come many surprises and prizes in store for all who attend—if you have to shop—plan to stop after at the Legion Hall—let's have a big turnout . . .

Morton Donates Land for Centre
PLAINVIEW — Land for the Jewish Center on Old Country Rd. here, has been donated by Morton Brox. It was announced at a meeting of the Centre held Sept. 29 at the Mammeto Hill School. Murray Weingarten of 11 Main Pkway, Irvin Lanzer, President of Newborn of 12 Mitchell Ave., and Al Housman, an advisor, are members of a land and building committee.
Dave Weltz has donated a building for temporary meeting quarters. An anonymous donor will match any donation up to \$500 made between now and next Rosh Hashonah, it was announced at the Centre meeting.
Sunday School is starting immediately and those interested should contact Weingarten at 11 Main Pkway.
The Centre wishes to thank the school board for giving the use of the all-purpose room for the Sept. 29 meeting and the P-T A for the use of their utensils.
Officers elected were: Sol Newborn, president; Harold Rosenberg, first vice president; Murray Weingarten, second vice president; Ben Schlesinger, third vice president; Dr. E. Stammer, treasurer; Claire Tell, corresponding secretary; Esther Berstein, recording secretary; Ed Pickard, financial secretary; Sam Rosenfeld, agt. at arms.
Other committees, in addition to land and building, are: by law—Leonard Benson, Dave Weltz, Joe Seigal, Ed Pickard; education—Grace Baas, Murray Weingarten, Joe Abrams, Werner Herzfeld and Mrs. E. Stammer.

Everyone Had Wonderful Time

By SKIPPY GALLAGHER
Hicksville 4-4424
It looks and feels as if fall has come to stay. So down come the screens, this time for the last time. I've had a few false alarms and they have been off and on since Sept.
Thought I'd mention in passing that for my neighbors, I am taking some orders on inexpensive winter sport coats. Anyone interested please call me or drop over at 18 Jamaica Ave. Have about 12 selections at the house.
Jean and Frank Maciejewski on Bentley Rd. had their share of trouble. Frank had a kidney stone attack, and went to the hospital last week. The doctors decided not to operate but rather to wash the stones out. This they did by making Frank drink gallons of

ice water a day. The method worked. He was due for release at around 11 A.M. At 10:30 A.M. the same morning Frank complained of a severe pain in his side. Upon examination they found his appendix in a very bad condition. Poor Frank, back to bed. They prepared him and operated. He's doing fine and came home Thursday. Stay healthy, will you, Pal?
The Seffrins on Bentley Rd. have been very busy people. Ruth decided to give her husband, Paul, a surprise birthday party. She got Esther Frank and John Frank to call him over on the pretext of fixing something in their cellar. This worked fine, but trying to keep him there for awhile was the problem. Paul's one of those people who is always on the run, never sits still for a second and to keep him there, the Martens and the Argentinas came over.
They formed a human chain, and if necessary, Esther's mother was prepared to throw herself across the doorway rather than to let him go. When Paul came home he was really surprised, and he just laughed and laughed. All his sisters and cousins had arrived, and the cake was removed from Ruth's dresser drawers. Everyone had a wonderful time.
HAPPY BIRTHDAYS TO:
Elten Marten who is 8 years old this month; Mary Argentina who is celebrating without hubby being here. He's down in Greensboro, N. C., so she's going home to her mother's in the Bronx to celebrate.

Morton Donates Land for Centre
PLAINVIEW — Land for the Jewish Center on Old Country Rd. here, has been donated by Morton Brox. It was announced at a meeting of the Centre held Sept. 29 at the Mammeto Hill School. Murray Weingarten of 11 Main Pkway, Irvin Lanzer, President of Newborn of 12 Mitchell Ave., and Al Housman, an advisor, are members of a land and building committee.
Dave Weltz has donated a building for temporary meeting quarters. An anonymous donor will match any donation up to \$500 made between now and next Rosh Hashonah, it was announced at the Centre meeting.
Sunday School is starting immediately and those interested should contact Weingarten at 11 Main Pkway.
The Centre wishes to thank the school board for giving the use of the all-purpose room for the Sept. 29 meeting and the P-T A for the use of their utensils.
Officers elected were: Sol Newborn, president; Harold Rosenberg, first vice president; Murray Weingarten, second vice president; Ben Schlesinger, third vice president; Dr. E. Stammer, treasurer; Claire Tell, corresponding secretary; Esther Berstein, recording secretary; Ed Pickard, financial secretary; Sam Rosenfeld, agt. at arms.
Other committees, in addition to land and building, are: by law—Leonard Benson, Dave Weltz, Joe Seigal, Ed Pickard; education—Grace Baas, Murray Weingarten, Joe Abrams, Werner Herzfeld and Mrs. E. Stammer.

4 Legion Posts to Visit Veterans at Kings Park

In conjunction with Charles Wagner Post, of Hicksville, Ernie Pyle and Bethpage Posts, Plainview Post, American Legion, will make its first annual visit to the State Hospital at Kings Park to help cheer the more than 2,000 hospitalize of veterans, their wives and children.

Coin canisters have been placed on the counters of many of the business establishments in Plainview in order to raise a fund with which to purchase candy, cigarettes and books to bring to those who have offered so very much for all

In addition the Post will collect clean useful articles of clothing, playing cards, radios and books to take along.

A program of entertainment will also be provided and anyone who would like to come along on the annual visit is more than welcome.

Anyone wishing to make a donation of money, clothing or other useful articles may do so by writing Plainview Post N. 1812, Box 578, Hicksville, and they will arrange to pick up the donated articles.

HILLSIDE TERRACE: Our Civics Meet Tomorrow Night

By ERNEST F. GOSSY
Hicksville 3-2236

Yes, folks, our fall Grasshoppers Hop on Saturday, Oct. 8, was a swell affair, and there is no doubt that everyone had a wonderful time. Jimmy Cummings and his boys supplied a wonderful variety of danceable tunes that really kept the floor crowded and everyone happy.

Three door prizes were given at the dance, and the first prize, a wheelbarrow was won by Bob Markowitz of 1 Adelphi Rd. The second prize, a large bag of Vigoro, was won by David Komives of 128 Haverford Rd. The third prize, also a bag of Vigoro, was won by Vincent P. Billee.

composed of all of Hillside Terrace, plus the homes between Hillside Terrace and the East side of Cedar St. between Woodbury and Plainview Rd.

Don't forget the Civic Association meeting at the East St. School of Oct. 14 at 8 p.m. Try to be there early.

Practically everyone in the new sections of Hillside Terrace have been spending their weekends and evenings recently, reseeding and fertilizing their lawns. After all this hard work and plenty of exercise, I hope we all have plenty of luck with our new lawns.

Sam Magrera of 130 Cambridge Dr. celebrated his 29th birthday at the Grasshoppers Hop and had a wonderful time as did all the members in his party.

Brian O'Donnell was christened last Sunday on Oct. 4 at St. Ignatius Church. A christening party was given at the O'Donnell residence at 110 Dartmouth Dr. during the afternoon and evening with most of the neighbors attending and having a wonderful time.

Incidentally, last Sunday was the occasion at St. Ignatius Church for 30 children to be christened. I wonder if this is a record of some sort.

The new committeemen for the 68th election district in which we live have just been appointed. Leonard Nielsen of 174 Dartmouth Dr. and Arnold Jansson of 800 Plainview Rd. are Republican and Mrs. Barbara Altman is the Democratic committee-woman. The 68th election district was just created out of part of the 29th district and is

months. However, the job does not have to start in one spot, it could be started in the worst section of the development and be completed there and later on finished in the Stackler and Frank area.

"The Committee asked for and received a preliminary Blue Print of the job from S. Bowne and Company, also complete profiles of the streets through which the main trunk is going.

"Mr. Waters said that he would send the Civic Assoc. a letter confirming what he had said to the Committee. This report was one of the most complete to be received by the Association in many a meeting, remarked Guy Smith of Nevada St. and made a motion for a standing vote of thanks to William Donohue and his excellent committee for a job well done.

BETWEEN ISSUES

It is with great pleasure we announce new arrivals: a son, Kenneth, to Mr. and Mrs. George Springer of 83 Gardner Ave. and a son, Daniel, to Mr. and Mrs. Elwen Hafner of 207 Princess Ave.

Mr. Giese of 100 Kuhl Ave. received a warm welcome from the membership at our last meeting, this was his first meeting. . . . We hope that many more "first nighters" will join the ranks of our Civic Association, remember dues are only \$1.50 per year—join up now!

Harold Gregory and his Entertainment Committee consisting of Al MacLeod, Barney Gill and George Schult did it again; one of the best affairs we have had to date, a very special vote of thanks Need for additional "Children at Play" signs on side streets of Dakota, Georgia and Indiana due to increased traffic using short-cuts to other parts of the development

Noted "NO-THRU TRUCKING" placed above "Children at Play" signs on North Broadway and James St., on West John St., leading into James St. from Williams, Sackett, Wycoff, Strong Streets and Maple Place—no question that the signs are needed at these intersections, but what about the densely populated thoroughfares in our development?

Above all don't forget the big CARD PARTY SPONSORED BY THE CIVIC ASSOC. THIS FRIDAY EVENING, OCT. 16, AT THE LEGION HALL—make it a date to come many surprises and prizes in store for all who attend—if you have to shop—plan to stop after at the Legion Hall—let's have a big turnout

Election Race Taking Shape

By Fred J. Noeth

THE SMOOTHLY functioning Republican election technique will be contrasted with a somewhat slam-bang Democratic campaign in the weeks leading up to Nov. 3. For the first time in a decade the Democrats are making an organized bid in these parts for voter recognition.

A political writer reports that the County Republicans will hold to a type of campaign utilized more and more in recent years. They will not engage in debate, "will stand on their record".

On the other hand, the Democrats around here, anyway, have opened headquarters, are organizing telephone brigades, have drawn up a local platform and are showing signs of really going out this year to break into the win column.

Whether they will do it or not, remains to be seen. They seem to have the ambition, but they lack some assets that are important in winning elections—money and patronage.

We urge our readers to get acquainted with the background of the men (and women) who are seeking their votes on Nov. 3. In the weeks to come we plan to devote considerable space to this cause and have arranged with the League of Women Voters to publish their non-partisan data on candidates, qualifications and responsibilities just before Election Day.

Much of the hurly-burly of a presidential or gubernatorial election will be missing, but the importance of your ballot is just as great. Be sure to use it.

34th Scout Pilgrimage Saturday

OYSTER BAY—The Nassau County Council, Boy Scouts of America, will conduct their 34th Annual Pilgrimage to the Theodore Roosevelt Shrine at Sagamore Hill, here this Saturday, Oct. 17. It is anticipated that over 3,000 Boy Scouts and Explorer Scouts from the Nassau and representative contingents from neighboring Councils from New York and New Jersey will assemble at the National Shrine to pay tribute to Theodore Roosevelt who helped to organize the Nassau Council.

Will 6,200 Remain Silent?

By LUCIA McINTOSH
Local newspaper headlines say RANSOM SAYS NO, two county newspaper headlines say RANSOM TOSSES OUT HOME RULE PETITIONS. HICKSVILLE INCORPORATION TURNED DOWN BY RANSOM. One New York City newspaper is actually sorry for POOR HICKSVILLE, "has to go back to old Town of Oyster Bay government."

Fellow citizens, where is your pride in just government? YOUR government? Does this not stir

TOWN BUDGET

(Continued from Page 1)
equipment and supplies and the rest will go for an operator's salary.

Operation of Town Hall is down by \$8766, according to Ransom, and other decreases are shown in construction and permanent improvements to the tune of \$9450, although the towns has earmarked \$77,000 in this department as its share of proposed parking fields which will be built next year throughout the Town.

The Tax Receiver's office shows an increase of \$27,542. Here, Ransom said, there would have been a decrease except for the fact that 11 new clerks have been added to the staff which not only processes town bills, but which also acts as collection agent for 21 school districts in the Town. This job, incidentally, is the Town's only connection with school districts, Ransom pointed out.

Assessed valuation for the 1954 town budget amounts to \$307,655,898 as compared to \$258,604,107 for 1953. For highway purposes, the assessed valuation will be set at \$206,368,982 in 1954 as compared to a total of \$164,408,427 for 1953. Supervisor Ransom explained the difference in valuations between town and highway, stating that incorporated villages within the Town maintain their own highways and levy their own taxes.

Outlines Youth Activity Plans

HICKSVILLE — Speaking at a meeting of the North West Civic Assoc in Burns Ave School on Tuesday, Oct. 6, Mrs. Edna Orton, co-chairman of Teen Canteen made it clear that volunteer work to provide teen age recreation was not the complete answer to the problem of our young people. Full time professional work is needed so that there can be a continuity of approach to the teen's needs, and a familiarity with the young people themselves which untrained volunteers have neither the time nor the ability to provide, she said.

Stressing the important role that Teen Canteen has played in pointing up and offering some solution to teen problems in this community, Mrs. Orton added that in her personal opinion the work of the group demanded the full time guidance of an experience professional in programming teen activities.

"The generous response of the people of Hicksville, both individually and as groups, to the Canteen's appeal for help has made it possible for us to carry through one of the most successful summer recreational programs for teen-agers in this area," said Mrs. Orton. "But the needs of the children do not end with the opening of school. The large weekly dances become somewhat less important to the teenagers who can attend school functions of a similar nature. But the children still need to fill their free time in the early evening during the week."

Mrs. Orton went on to explain that she had recently presented her views before a meeting of the local School Board which commended the work of Teen Canteen

your lethargy? Are we going to let this dominating mob whom we grow into being subservient to an inviolable power?

Call it a political machine if you like. It is said that people only get the kind of government they deserve by their own actions, and, if silence gives consent, then if you are satisfied, by all means keep silent.

But you can be sure that 6,200 people will not keep silent about Mr. Ransom's decision. In the olden days, when things did not materialize, people just took it on the chin and waited. Times are different now and are definitely changing. Political bosses DO get the axe just when they think they are securely entrenched no matter which party they belong to. We had an example of it three years ago in Suffolk County and more recently in the nation.

The Democrats who came out for President Eisenhower can be justly proud for their service to our country and we Republicans in Nassau

County will do the same. There is definitely room for improvement in the Republican Party, as you can see by all the newspapers lately. We must start right now to clip the wings of them bureaucrats. We still have the vote, so let us use it while we can.

Help Young People

By JUNE LANGE

Dear Sir:

May I take this opportunity to thank you on behalf of my children for giving them publicity and help in forming their Young Peoples Club by printing their meeting dates, activities, etc. Without this help, it wouldn't have been possible. Again, thank you.

Is Ransom Really To Blame?

Whether or not Township Supervisor Ransom was really the one responsible for turning down the Hicksville incorporation petition is really a good subject for some speculation. Of course he is the top official in the township of Oyster Bay. But he is also part of the governing political machine, and as such it is necessary for him to follow the party line set by higher up. Without question, the county bosses have followed the policy for many years of discouraging the incorporation of any communities in Nassau County.

The Proof

We don't have to go far to find pretty strong proof of the party line to prevent incorporation. In 1928 the power to determine zoning regulations was "taken away" from the local community, but left with township government. This was an important power to remove from the local government's responsibilities and it tended to make local government less effective. However, the presence of a village government can be a powerful deterrent to any arbitrary action in zoning.

Take police protection. The right to maintain a police department was taken away from villages incorporated after 1950. That means Hicksville when it incorporates. Maybe it's a good thing, and maybe it isn't. But it also tends to reduce the effectiveness of village government, and it concentrates power at the county level.

Take the number of villages incorporated in the last 20 years. The number is zero. The same political party has been in control of the county during all those years and plenty more. Does this add up to an encouragement of self sufficiency among the Nassau County communities? Although no villages have been successful in incorporating during this time, there have been many instances where already incorporated villages have added new territory. Obviously, this was because residents in adjoining areas could see at first hand the advantages of having home rule government.

Take the opposition of party leaders to incorporation. The County Clerk, a resident of Hicksville, has been the leader of the opposition. All other town and county officials have either been against incorporation, or silent. Twenty district committeemen were among the signers of the opposition brief filed with the Town Supervisor at the recent public hearing. Such unanimity of opinion is no accident.

Take the overlapping special service districts. Nassau County is overrun with the expensive, tax-hiking, confusion-ridden overlapping special service districts. They are highly detrimental to efficient and inexpensive local government and they are part and parcel of the party policy. They make it very difficult indeed to achieve adequate village government without extensive and difficult reshuffling of the districts. Hicksville is very fortunate that it has maintained practically all of its districts, with identical boundaries. The extension of the water district was a very great service to people just outside Hicksville's boundaries some years ago. We have another exception to the identical-boundary special districts coming up very soon. If we do not incorporate by the first of the year, we will have the joint swimming pool and Levittown Hall district foisted upon us. That is bad, not because it involves Levitt facilities, but because it violates the basic principles of good government.

Proof Enough

These things should be proof enough that the County political bosses, in power for 35 years and more, are dead set against Hicksville, or any other hamlet in the county, having home rule government. But, is this good for Hicksville? The answer can be found by merely looking at some of the incorporated villages near us. And by looking at their tax bills, and analyzing them. Some of us might be a bit surprised to find that they are getting a lot more for their tax money than we are in Hicksville.

Time To Wake Up

The denial of the validity of the home rule vote petition, and the imminent contest in the county courts, warns that the people of Hicksville should be awake. They should be aware that their rights to good local government and lower taxes may well be on the way down the drain, at least for the present. Talk it over, investigate the facts, and decide whether you want efficient, lower-tax incorporated village government, or the outmoded, antiquated township government with all of its inefficiencies, lack of response to our needs, and high taxes. Think it over.

Miller to Speak At Burns Ave.

The next regular meeting of the Burns Ave. A. A. will be Thursday, Oct. 15 at 8:15 o'clock in the grand parlors. Frank Perry, principal, announced that the evening's program has been planned by the faculty and features Stanley Miller, Administrative Assistant to Superintendent of School in Hicksville, who will discuss education in schools.

Open house will follow whereby parents can meet teachers in the classroom and learn more about their children's education. Main business of the evening will be the election of Vice President for the group. The nominating committee has selected Mr. J. Rondeau. However, candidates may still be nominated from the floor.

The group will also complete plans for the great Halloween party to be held for the entire student body on Oct. 31. This affair will be divided into three sections with the 4th, 5th, and 6th grades having their party Halloween night. Many adults will be needed to assist with the project and all interested adults are urged to attend the meeting Thursday night.

FALL RUMMAGE SALE

The North Country Unit of the Speedwell Society will sponsor its fall rummage sale this Thursday, Oct. 15, at the Cathedral House in Garden City.

Anyone wishing to make rummage contributions may leave their donations at the Cathedral House on Wednesday, Oct. 14, or call Glen Cove 4-8973 and rummage will be picked up.

These semi-annual rummage sales not only help raise funds for charitable work, but enable people to buy very cheaply articles of used clothing, housewares, books, toys and bric-a-brac.

Mr. and Mrs. Harold Hawthurst of Laurel St., Hicksville, celebrated their son Daniel's seventh birthday on Wednesday, Oct. 7, with a large group of friends and relatives.

Rosicrucian Birthday Set

HICKSVILLE — The Sunrise Chapter of the Rosicrucian Order will celebrate its first birthday in a day-long convention of all Rosicrucians on Long Island at the Masonic Hall, E. Nicholas St., here on Oct. 24.

Rosicrucians throughout the world commemorated the building of the Great Pyramid on Sept. 23. The Sunrise Chapter was scheduled to have a public meeting at Bethpage State Park on Sept. 19 for their tradition ceremony.

Walter E. Johnson, master of the local chapter, said that according to Rosicrucian traditions, the Pyramid of Cheops, at Gizeh, Egypt, was begun about 4,000 B.C. during the Fall Equinox. This pyramid, unlike other pyramids, was used as a Temple of Learning. Its building entailed a mastery of mathematics, physics, and astronomy.

Since the Rosicrucians trace their origin to Amenhotep IV of Egypt, 1850 B.C., they annually commemorate their origin by the ritualistic construction of a miniature pyramid. The laying of each stone represents the cultural accomplishments of the Order. The apex of the pyramid will be placed when the ideals of the group have been realized.

Sisterhood Forms 20-Year Group

The Sisterhood of the Oyster Bay High School had a successful installation of officers on Tuesday, Oct. 6, at the Temple on E. Broadway St. Highlights of the entertainment were poems and rhymes centered about the older members of the Sisterhood.

A newly inaugurated 20-year club was formed. Charter members

Square Dancing Set for Friday

A Square Dance will be held at the Dutch Lane School, Hicksville, Friday, Oct. 16, from 9 to 12, under the auspices of the Dutch Lane P-T A. Tickets will be \$1 a couple. There will be cider and doughnuts, too. Come and bring your friends for an evening of fun. Calling and instructing the square dances and folk dances for you will be William M. Jenack of 67 Lion Lane, Westbury.

The program will be arranged so beginners will have little difficulty working into and following the calls for the squares, folk dances and circle mixer games, and will have as much fun as the old timers.

HOME BUREAU MEETS

The Hicksville Home Bureau met Tuesday, Oct. 6, and saw a film entitled, "A Drop in the Bucket," shown by Dr. Victor Orgell and his brother, Dr. Jerome Orgell. They answered questions on fluoridation after the movie. The group learned how a drop of fluoride and the source of supply of drinking water will help prevent their children's tooth decay.

The executive committee will meet Thursday, Oct. 15, at 10 a.m. at the home of Mrs. Freeman Parr, Charles St.

The Oct. 13 and 27 project meetings will be at private homes. Members are asked to contact their leaders to find out the location of their meetings. The Oct. 20 project meeting will be in the Legion Hall.

Aluminum trays from the Sept. project class were on display at Tuesday's meeting. Classes were taught by Mrs. Rose Rogers and Mrs. Joe Sabino. Mrs. William Douglas made the best tray with Mrs. Harold Grass and Mrs. Niemi taking second and third places respectively.

BAZAAR ON SATURDAY

The Harvest Court no. 165, Order of Amaranth, will hold a giant bazaar at the Hicksville Masonic Temple W. Nicholas St., Hicksville, on Saturday, Oct. 17, from 12:30 to 11 P.M. The court is serving a ham dinner at the Temple on the same evening with servings at 5:30 and 7 P.M. There will be door prizes awarded.

Is This Our Home - Is This Our Pride ?

The fate of the Hicksville Incorporation Movement is minor, compared to the unhappy fate of that part of America that lies within all our hamlets of Oyster Bay Town.

I have always supposed that the real purpose behind all our laws and regulations, in America, was for the protection of personal and property rights of our citizens; I had the naive belief that our Democracy was so constituted by laws as to reserve to the people the right to express their wishes with petitions, and to make known their will in special and regular elections.

When a petition carrying the names of over 6,000 property owners, in a community of approximately 10,000 homes is blandly dismissed on technicalities, dubious in the extreme, people of this area should make their business to seek out the facts, and the reasons behind the facts.

When the application of our laws are bent and twisted to protect an office holding class—they are being used not for the protection of the public, but for its ruination.

When our perfectly good laws, perverted by interpretation, are used to destroy the very principles of our American way of life—it is time for all real Americans to join the fight.

Americans have always fought tyranny. We have fought and died for the cause of freedom and justice at home and abroad since our country was conceived. My folks fought in every war since the War for Independence, my father died abroad in the First World War, I fought in the second, my three sons will probably serve in the next. Today I'm fighting at home, against greater odds than I ever faced overseas, fighting for Freedom and Democracy—for the American way of life. Citizenship in our land is an honor and a privilege—but it carries with it duties and obligations—sometimes sacrifice.

Have we become so diluted with foreign "ISMS", that we are content to be sheep-like second grade tenants, in our own land, living at the sufferance of a benevolent landlord? Do we still rule ourselves under law, or are we all sheep-mutton, stewing in a pot under which we keep adding fuel to the flames with our votes? Each of us knows that the pot cannot boil unless we keep the fire going. Are we masters or the servants—in our own homes? Remember it's our pot, our fire, our fuel, our mutton—I wonder who it is who thinks life's big enough to eat the stew.

Our America can be no better than the aggregate of our Hicksvilles. Our country is made up of the sum total of our towns and counties. The source and guarantee of our rights and privileges lies here at home—not in Oyster Bay, Mineola, Albany or Washington. If we are a great people—we must be great at home—that's where all of us are. If we allow ourselves to be robbed of our rights as first class citizens here at home—we will have only ourselves to blame—and God have pity on the future of America.

When over 6,000 property owners in an area comprising approximately 10,000 homes have expressed by petition a positive desire to vote on a question, the right should not be denied. Such a denial would seem to thwart the public will.

Six or sixty lawyers might disagree—but we know in our hearts that this question can never be settled until we, the people, have been allowed our democratic right to hear the facts on both sides, and to express the public will by voting.

No American official should be afraid of the people's right to vote.

It has happened here! And it will happen again and again unless we, the voters, use our ballots to put a stop to it.

Join Your Neighbors Thursday

By **MAY BEEBEAN**
Hicksville 3-5515

Break away from the television set for just one night—this Thursday—and join all of your neighbors at the Amvets Hall across the street from Hicksville firehouse. What's going on there? Woodbury Gardens Civic Assoc. is holding an important meeting; one you won't want to miss. It is the hope of the club to get a full turnout. Let's see you over there the day after tomorrow—meet the neighbors! (If the car is kaput, or you can't drive

—call me and you can pile in my car.) George Walden dropped by the other day. He's the Junior Vice Commander over at the VFW Post here in town. It seems that the VFW is extending it's welcome to those eligible to join. There are so many fellows here who are missing out on the benefits and social enjoyment afforded by the organization. The VFW meets on the 2nd and 4th Monday of the month. In order to obtain an application—drop over to George's house at 56

Briggs St. or phone me or my husband—we'll pass the message. It is interesting to note that this group visits the Northport Veterans' Hospital to cheer the fellows there by their presence and presents. It must be encouraging to those poor patients to know that someone cares and is interested in them. If you prefer to visit the VFW hall to join—it's on Grand St. and Broadway, near St. Stephen's Lutheran Church. In this way you can try their shuffleboard on for size—or, as a matter of fact, the ping pong table.

The Young Peoples Club is holding a meeting tonight at the Amvets Hall on East Marie Street at 9 P.M. This club's membership is open to single folks in the area. These people always have a wonderful time when they're together. Last Saturday they attended the Bethpage Country Club Dance and from what they tell me they'll be talking about it for some time. The Saturday before they took part in a barn dance held at the Bethpage VFW followed by a Sunday of horseback riding, and—later—soda, and the movies. (For info. on club HI 4-0952).

A special executive meeting has been called by the president for Oct. 13, tonight. All officers, chairmen of committees and zone representatives are urged to attend in order to have a quorum. The site of this meeting will be the home of James Matthews, 115 Miller Rd. at 8:30 P.M.

The regular general membership meeting of the Civic Assoc will be held at Amvets Hall, opposite the firehouse on East Marie Street on Oct. 15 (Thursday) at 8:30 P.M. In order to have a quorum it is imperative that we have a good turnout.

"But, madam, a pound is only 8 ounces today!"

No, weights haven't changed. But many values have. Seems no matter what you buy, you get less for your money today. Except when you buy telephone service. Even though the cost of living has jumped

91%, the average price of telephone service has risen only 16% since 1940.

One reason your telephone is a bigger bargain than ever today is that the price of telephone service has gone up only a little, even though our telephone costs have gone up a lot.

Yet you are getting faster, better, more useful service. For example, in the average community today, customers can call more than twice as many telephones as they could in 1940 without a toll charge. And we're going right ahead with the costliest construction program in our history—to meet the continuing demand, and to make service even better than ever.

Measured by service or measured by price, your telephone is one of today's big bargains.

TODAY'S BIG BARGAIN. Your cost of living has jumped 91% since 1940. Yet the price of phone service has risen an average of only 16%—more for some, less for others, of course, depending on the type of service and the use made of it.

Celebrate UN Week Oct. 20
HICKSVILLE — On Tuesday evening, Oct. 20, at 8:30, John Inman of the Church Peace Union will speak in Levittown Hall on "The United Nations: Facts and Fallacies." The prize for the League of Women Voters high school essay contest will also be presented at this time.

The program will be sponsored by the Levittown Branch, American Association of University Women, B'nai B'rith, Home Bureau, Israel Community Center, Levittown Community Church, Levittown Education Assoc., Parry Community Church, P.T.A. Council of District 5, Levittown Reform Temple Sisterhood, and St. Francis Episcopal Church.

Mrs. Grace Naginsat and Mrs. Virginia Lennly, both of Pershing Ave., Bethpage, were guests of honor at a surprise double baby shower given by Mrs. Jetty Lee Muffett and Mrs. Joan Poppe of Pershing Ave. Over 30 people attended the shower.

Teacher Reception Set by P-TA

By DOROTHY GUEPFA
 At the Oct. 1 meeting of the Bethpage P.T.A. various committees reported on their activities.

Mrs. Edith Foy, membership chairman, reported on the response of parents to enroll in the group.

Charles Kropka, reported on the community relations committee progress. Mrs. Grace Germann, chairman of class mothers, said that the school board has consented to let them go ahead with their activities for the upper grades. Their first project will be a dance on Oct. 10.

"Pine Ave. School construction is not progressing as rapidly as desired. Contractors and attorneys are to discuss speeding up operations, reported William Benintendi, representative with the school board.

A teachers reception will be held on Wednesday, Oct. 14 from 8 to 10 p.m. at the Broadway School. Class mothers will act as hostesses, and new residences will be shown through the school.

The annual Halloween party and parade for all local children will be Oct. 30.

Dr. Earl A. Taylor, director of the Washington Square Reading Center, discussed "The Controlled

Reading Program of the Bethpage Schools."

Next month the program will be Mrs. Joseph H. Reid's discussion of "Sex Education of Children."

LADIES NITE OCT. 16
 The response given to, and requests for another Ladies Nite has prompted the North Bethpage Civic Assoc. to schedule a second event on Friday evening, Oct. 16.

Mr. and Mrs. Edward Schreiner are planning the affair which will take place at the clubhouse on Stewart and Cherry Ave. at 8:30 P.M. Admission is free and open to the public.

Frank DeLaurentis of 11 Lexington Ave., Hicksville celebrated his fifth birthday with a party at his home on Thursday, Oct. 8. Those attending were Valerie and Mickey Swyer, Joanne and Betty Jean Shackleton, Lucille Ippolito, Johnny and Jimmy Sturdevant, Louis Agresta, and Margaret Jean and Joseph Minicozzi.

The size of the man in a fight counts little—it's the fight in the man that turns the trick.

Along Woodbury Road

(Continued from Page 9)
 structed a stockade fence on South Oyster Bay Road, and are wondering what happened to the arrangements that were being made. Before publication, I tried to get hold of Mr. Wallace who is in charge of the details, but the only party I reached was his brother who does not know anything about this project.

Mr. and Mrs. Chas. Leary of Ketcham Ave. had a visit from Charlie's aunt and uncle Mr. and Mrs. Marcey from Rochester . . . Rosalie Leary's mother, Mrs. Eva Keach, also spent a few days with them recently . . . Gladys Blaser, of Briggs St. is again a classroom mother in the 2nd grade, this year . . . Mrs. Gerlach ran into me at the PTA and we got to talking . . . Seems that we have black widow spiders in Woodbury Garden. She found three of them so far, and we have heard of others in the development . . . we'll check to see if there is any way of exterminating them . . . Mrs. Gerlach's neighbor was talking with her in front of her house last week when she accidentally lost a \$10 bill, probably when she removed a handkerchief from her pocket . . .

If you see the bill contact Mrs. Gerlach or us.

That Woodbury Gardens dance is coming up this Saturday. Have you obtained your tickets yet? There isn't much time. While you're thinking of it now, phone Jim Surless, Edna Ney, Mal Gertzen, Netra Powell or Joe Barry. An orchestra will play for you and a vocalist will entertain you — refreshments included in the \$1.50. Don't miss it.

Eve Roth of Ketcham Ave. told us of this Japanese dish, sent to her by her sister in Hawaii. **TERI-YAKI STEAK** (Broiled steak ala Japanese) 2 lbs. steak, 2 tbl. fresh ginger (or canned) 1/8 c. soy sauce, 2/3 c. water, 1 onion (diced) 3 tbl. sugar. Cut 1 1/2" thick slices of steak into bias pieces. (Do not salt steak). Make sauce by mixing ginger, water, soy sauce, onion and sugar. Put steak in the sauce—let soak for one hour or more. This will flavor meat as well as tenderize it. Remove steaks and broil as usual. In a note to Eve—her sister said "Filets" are usually used on the Island but anything will do because it becomes more tender because of soaking. If you use round steak or such it would be better to pound it with a mallet first.

DROUGHT OVER:

Field Club Defeats Glen Cove 21-0

By HOWARD FINNEGAN

GLEN COVE—Raging line play, the cornerstone of the great team in the now legendary days of the mid-thirties, bullied the Hicksville Field Club to a startling 21-0 Naasau Conference victory over Glen Cove, here, in City Stadium, Sunday.

A massive line forced every score for the Black and White which scored its first victory in this stadium in over 15 years.

Lou Zirk, Danny Coletta, George Wyskowiak, Lu Koji, Pat and Tom Henerty, Bill Garcaradio were some of the forward wall men who unexpectedly rallied to the colors to make the Field Club a formidable factor in the conference race.

Glen Cove never got started against the Black and White and while the Hicksville backfield was impotent the additions from Riverhead, Southampton and Greenport will figure very importantly in correcting that.

The fine Suffolk contingent did not know the offensive signals but were efficient in the work they were allowed to get at.

In the first period Center Dick Stenson rushed in to block a Cover point on the 28 and the ball rolled into the endzone where Al Springsteen covered it for the TD.

Dick Sabatini intercepted a pass in the second quarter and a 38-yard runback added the second TD.

Bill Gats romped 11 yards in the fourth period for the final TD and Bill Barnes converted all three points by placement.

NEW TEEN GROUP

A meeting of a newly-formed teen-age group will be held on Sunday, Oct. 18 at 7 P.M. at Temple Shaari Zadek, Hicksville for the children of members and their friends. This group is for boys and girls from the age of 12 to 15. All those who attend this first meeting will be charter members. Mrs. Maurice Fabricant is chairman of the group.

PVT. RICHARD ALCOCK's present address is: U. S. 51255962, Company Fox, 145th Infantry Reg., 37th Infantry Division, Camp Polk, La. He is the son of Mr. and Mrs. Arthur Alcock of Hicksville.

20-0 Victory For Freshmen

ROSLYN—Ted Schelefield's Hicksville Freshman recorded their second win of the season here, Friday, bouncing the Hilltoppers 20-0.

John Roberts went nine yards off tackle for the first score while Vic Sahadachny and Fred Manown put six-pointers on the board by receiving passes covering 40 and 50 yards with the final run figured in.

Roslyn never really got going as Larry Knitler, Mike Zimmerman and Louis Kunz worked steadily on the Comet line to keep the losers in check.

EASY VICTORY:

Pepe, DeVaul Smart Steppers As Comets Take Saints 31-0

HICKSVILLE—Even though it was under great restraint, Hicksville rolled to its third straight victory, here Saturday, over the budding but slightly bewildered gridiron forces of St. Dominic's. The score was 31-0.

The visitors attacked the Comet ends with wide sweeps after the opening kickoff and a 48 yard march found them on the Hicksville 12-yard line but it was the height of their success for the day.

Tom Knipfing intercepted a pass in the very act of its projection and the steam left the Saints.

Joe De Vaul produced the first bolt of lightning with a run over

the left tackle. He changed gears three different times and finally came to a halt 47-yards downfield where he recorded the first Hicksville TD.

An expert placement by De Vaul converted the extra point.

Before the change of periods Martin Katz intercepted another pass and the Comets were off on a 58-yard drive to paydirt.

Lou Millevoite took a lateral and squirmed up the right sideline for 23-yards. Four plays later Joe Pepe, who delighted the crowd of 650 with small samples of his stop and go running, took it the last 18 yards for the tally.

De Vaul missed the extra point

and was to fall on three other unimportant kicks during the afternoon.

Hicksville kicked off and the Saints strikingly betrayed their inexperience by letting the ball roll dead on the three-yard line. A swarm of Orange shirts leaped on the ball and thirty seconds later Ed Scott went the straight for the third Comet score.

Much of the remainder of the contest was played by the Hicksville Junior Varsity but Lou Millevoite did manage to get in and pitch a 23-yard scoring pass to Richard Hogan and late in the game Richard Evaschuk tallied from the four.

PBC Notice

Junior and Intermediate Baseball players are urged to return their uniforms to the Mid-Island Herald Office, 98 North Broadway, Hicksville as soon as possible.

X-Country Team Trails

GREAT NECK—The Orange and Black of Hicksville trailed the runners of the best school and Champlain, here on the grounds of the Merchant Marine Academy at Kings Point, Wednesday, but Robert Jarrett kept the Comets head's high with a fine effort.

The chase belonged by a good length to the Blazers of Great Neck who took the number one spot and most of the first ten places. The winning time was unusually good at 15 minutes, 1 second for the two and three tenths mile course.

Jarrett sported in the final stages and came in third posting 12:36 for his tour of the beautiful grounds.

Great Neck had 22 points, Champlain 45 and Hicksville 52.

Alex Pradvenekow came in 11th and Tom Adams, John Stitler and Robert Kumancic ran 13th, 14th, and 15th in that order.

Coach Chet Jaworski was pleased with the team's initial effort.
