## COUNTY JUDGE TOLD:

# Supervisor Went Far Afield To Refuse Home Rule Vote

MINEOLA—Five points were to be argued here this morning (Tuesday) before a County Judge as to why the Supervisor of Oyster Bay Township should be reversed and the people of Hicksville should be allowed to vote on home rule. Judge Willis B. Carman, attorney for the appellants, presented a 23-page memorandum in arguing the appeal. It was anticipated that the case would come before Judge Cyril Brown since his colleague, Norman F. Lent, is in the hospital.

Among the points made by Judge Carman in seeking to have the ruling of Supervisor Charles E. Ransom, made Oct. 5, reversed are: (1) All purported withdrawals are, in effect, objections to the proposition. However, the basis for objection are clearly specified in the Village Law and withdrawals of consent is not one of the allowable grounds.

"To permit withdrawals of consents without notice to the proponents and without their knowledge from a practical standpoint closes the door to a vote and the wishes and requests of many thousands of persons who have signed such consents. The word "practical" is used in the sense that if a referendum is denied the people will be denied a vote because of the tremendous effort that will be necessary to start the matter all over again," the court was told.

Judge Carman also argued (2) that the Village Law should be liberally construed in the public interest to permit the proposition for incorporation to be voted upon.

"The entire history of giving to the people the right of referendum shows a clear intent to give the people enlarged legislative powers

so that they can have the right to say whether or not they desire to be governed by the rules and regulation of a law passed by the legislature. . . . It is submitted that the procedure set forth in the Village Law is simple, no right of withdrawal is mentioned and it places the burden of proof upon those raising objections."

He continued (3) that "is in the public interest to decide in favor of the proposition. No good can come from a denial of the proposition. As a matter of principle the proposition should be granted. The thousands of people who signed the consents and thousands of people who failed to sign whether or for against the proposition may feel rightly or wrongly that a decision adverse to the proposition has deprived them of the right to vote on this vital local matter.

The principal involved is whether the resident taxpayers in the territory are intelligent enough to decide for themselves this crucial matter. The Village Law limits the right of ballot to resident taxpayers only. Surely this solid group, representing the backbone and majority of the population, have earned the right (Continued on Page 6)

## 'Parents' Night' Attracts Big Audience at Lee Ave.

By ELIZABETH BAKER

HICKSVILLE—"Parents' Night" at the Lee Ave. School attracted a capacity crowd on Thursday night, Nov. 12. An unusually interesting program was presented under the supervision of Donald F. Abt, principal.

Following PTA business meeting the parents of children who attend the A.M. session visited their children's rooms while the P.M. parents heard talks by Marjorie Otto, speech teacher who covers all 10 schools in the area, spending one-half day in each school; Edward Mangiarotti, physical education instructor at Lee Ave., and William Glaser, school psychologist.

### DISCUSSES PROGRAM

Mrs. Otto, the first speaker, said that the aim of her program was to help each child with a speech defect work up to a level of speech which

would be socially acceptable. She covered those children with an organic defect such as cleft palate, tongue tied children, or emotional or psychological defects. She said that malocclusion could also cause a speech defect as those children with an overbite or an underbite would not be able to say the sibilant sounds. "Children with cleft palate must have surgery," she added, "and after that their organs of articulation must be reeducated. Children with a hearing loss following a serious illness can also develop speech defects."

"Functional defects," she continued, "are listed under four categories: Faulty phonation, carelessness, inorganic lisping and emotional causes." Children with foreign accents are helped to correct their articulation with stress on (Continued on Page 6)

Three calls came in Sunday, Nov. 15, one for a grass fire at Libby and Violet Aves. at 12:59 PM, one

## CHARLES CITY COMMENTS

## SOME LOCAL POLITICS DOUBLE TALK

By GEORGE McCARTHY

The recent letter from State C.D. Headquarters covered by an editorial in the Herald last Tuesday, certainly proves our charge of "double talk". We brought this

Hicksville C.D. Controversy before the state director on Aug. 3, 1953. After much discussion, and a phone call to Mr. Ryan demanding an immediate investigation, we were promised action. That was back in August, we still have seen none of this promised action.

This unit, which at one time could handle any emergency, has fallen apart to a point where it is practically non-existent. "God help Hicksville if any real emergency arises."

In their letter, the State Director's office spouts off with fine sounding phrases and promises of immediate attention to the problems of any unit. Like all politicians, they hope to impress the public with their empty promises. They hope we will forget the shortcomings and inadequacies of the local C.D. leadership when we hear the empty promises of the political pawns at the head of Civil Defense.

We will not forget these failings in C.D., we will not forget the powers that put these inept leaders in their positions no matter

what empty promises are made. We will settle for nothing short of an efficient C.D. organization. We hope to see the day when empty promises, double talk, and political patronage are no longer the policy of C.D. We want C.D. to assume its rightful place in our national defense, and cease to be a dumping ground for politicians who are too inept to handle jobs in state and local governments.

Till next week.

## Dear Jean:

Just received this week of J. EDWARD SPRAGUE as a National Commissioner because of the exciting Trial. Sprague was one of the defense lawyers in the famous case. Some interesting developments to come. In the Township, HOWARD ROGERS is being mentioned for appointment as a Supreme Court Justice. If he gets the nod from GOV. DEWEY, he will resign at Township GOP leader and the betting (at least in some quarters) is that he will be succeeded by CHARLES RANSOM. The local leader, ERNIE FRANCKE is being relegated by the chatter around politics to a back seat since the results were counted in the Nov. 3 balloting. Meanwhile, the Democrats are scrapping to consolidate their local progress and movement along these lines can be noted at the Democratic Club meeting tomorrow night. LEN HALL, now national GOP chairman, was questioned on the "Man of the Week" program on the radio, Sunday night, about the SPRAGUE resignation and he did some nibble foot-work...

Now maybe you'll be a warden, eh! New uniforms for CD wards were demonstrated at a meeting of the county Warden service at the County Board of Supervisor Meeting room in the county courthouse last night (Monday). Advance word is that "semi-military insignia will indicate rank on the uniform".

Work started this week on the parking field (officially called "no. 2") in the rear of the Professional Bldg. and a number of commuters who had started to use the vacant property were "evicted". The job will take about 3 months but may be ready for partial use in less time than that. The Herald will publish pictures on the start of the project in Friday's edition. Town Board members were startled out of their seats, almost, this week when a group from the League of Women Voters—learning first hand about how their government works—descended upon a board meeting. Speaking of parking lots, we hear on very good authority, that the Rail Road station plaza may shortly be taken over by a private owner as the site for buildings. Talk about bungling. How long ago was the town supposed to get that fixed up for public parking? . . . HENRY G. EISEMANN, president of the Bank of Hicksville, knew more about the early days of the telephone company in Hicksville than the company officials when he swapped stories with them at the luncheon at Felice's given by the phone co for a group of prominent clergymen and civic leaders, Thursday. He and WILLIAM E. KOUTENSKY as co-chairman of the FRANCKE testimonial dinner had dug into the early history. Nevertheless, the officials had an interesting story. There were 2,000 phones in Hicksville in 1940, today there are over 15,000. Every minute another phone is connected on Long Island. Lee Ave P.T.A. now has over 700 members, according to President BOB EATON. . .

Brooklyn and Irving of Floral Park. Masons in Elmhurst, and the Theodore Roosevelt Republican Club of Bethpage.

## John Sperling

BETHPAGE—John Sperling of Barnum Ave., here, died Friday, Nov. 13 in Orange Memorial Hospital, Orange, N.J., where he suffered a heart attack. He had been visiting his family in New Jersey when he was taken ill, suffering the heart attack following an operation. His age was 65.

Born in New York, Mr. Sperling had lived in Elmhurst, Long Island for a time, but from 1925 to 1947 he lived and worked in Orange, N.J. In 1947 he moved to his Bethpage address, a home that had once belonged to his mother, Anna Dingle Sperling.

Until retirement a few months ago he was connected with Alimail & Co., N.Y. Power Plant and Ventilation System.

He was a member of Mitzpah Lodge, F. & A. M., Theodore Roosevelt Chapter #316, Royal Arch

## Miss Joyce Rusch Becomes Bride Of Lt. Lawrence Healy

Miss Joyce Rusch, daughter of Mr. and Mrs. Raymond Rusch, Sterling Place, Hicksville became the bride of Lt. Lawrence Healy on Sunday, at the Trinity Lutheran Church, Hicksville.

The Rev. Edward Stammel, Pastor, officiated at the ceremony. Lt. Healy is the son of Mr. and Mrs. Lawrence Healy of Harrisburg, Pa., former residents of Hicksville.

The bride, given in marriage by her father, wore a gown of white Chantilly lace over nylon taffeta and tulle. The gown had a bustle and a long train. Her three tiered finger-tip veil fell from a lace Juliet cap. She carried white stephanites and chrysanthemums.

Mrs. Audrey Wanner of Hicksville was matron of honor and bridesmaids were Irene Rusch of Hicksville and Janette Nelson of Bethpage. All attendants were dressed alike and wore pink nylon tulle over taffeta. They wore white pom-poms in their hair and carried matching bouquets.

Raymond Rusch, brother of the bride was bestman. Ushers were Donald Rusch, another brother of the bride, Fred Barth, cousin of the

### East St. Bazaar

A variety of booths will be available to shoppers at the East St. School PTA bazaar to be held Thursday, Nov. 19 from noon to 5 PM, and from 7 to 10 PM. It was announced at the monthly meeting of the PTA at the school last week. Refreshments will also be available. Co-chairmen of the bazaar are Mrs. Merton Wilbur and Mrs. William Bean.

Thanksgiving decorations by all the East St. Sixth Grade students were admired in the school auditorium where the PTA meeting was held. Mrs. Lawrence Foran, president, said that the school will present "Hansel and Gretel" by the Suzuki Puppeteers as a Christmas show this year for the children.

Miss Nina Plantz, principal, reported that the school was one of four PTA'S on Long Island to be honored by the award of a blue feather for 100 per cent contribution to the National Headquarters Building Fund at the Western Long Island District Conference which she recently attended.

Clifford Geoff, captain of the CD Police of Hicksville and chairman of Civilian Defense for the East St. PTA, spoke to the group of the need for an organization of black mothers to provide shelter for the children to and from school in the event of an enemy attack.

"Back to School" was the program of the evening with the parents divided into two groups. As each group waited its turn to visit the classrooms, talks were heard by Miss Jane Fitzgerald, school nurse; Robert Whearity, physical education; Miss A. Mae Byrly, art teacher and Miss Yvonne Lemenger, music teacher.

## CURRENT COMMENT:

# Public Service Opportunity

By Fred J. Noeth

**THE APPEAL** before a County Judge was scheduled to take place this morning (Tuesday) in Mineola on the Hicksville incorporation vote question. The decision of Supervisor Charles E. Ransom in refusing the petition of over 6,000 Hicksville property owners, representing an assessed valuation of more than \$13,000,000—mostly small home owners, is being reviewed from a purely legal standpoint.

If the County Judge (and his name was not known at the time this was written) upholds Ransom's decision, then the issue is finished and the people who want to see this question of home rule decided by a public vote will have to begin anew on another petition—admittedly a monumental task.

If the County Judge reverses Ransom's decision, and we sincerely hope that he does, then a vote can take place after the due process of advertising and setting the date. Hicksville could, if all goes well, be an incorporated village before the year 1953 expires.

A distinct service to the people of the entire county of Nassau is being provided by this legal action. The County Judge in this matter has the opportunity to determine several interesting and fine points of law. The major one among these is the question of when does the Assessment Roll in Nassau County officially change?

We have always been under the impression that the "new assessment roll" becomes effective on Aug. 1. (This year, Aug. 1 was a Saturday, so that the official release date as far as the public was concerned, became Monday, Aug. 3.)

The objectors to the proposition coming to a vote, raised the question on which is the proper assessment roll to use—the one for 1952-53 or the one for 1953-54. The objectors' attorney interprets the Nassau County Administrative Code to mean that the new assessment roll takes effect on May 1.

However, the proponents hold that between May 1 and Aug. 1 of each year the assessment roll is "merely taking shape". It is well known that after May 1, Grievance Day taken place when property owners may find out what their assessment is going to be, and may, if they wish, seek to have it changed. During a three-month period the County Board of Assessment is "working" on the new assessment roll. Finally on Aug. 1 of each year, the new assessment total is announced.

Between May 1 and Aug. 1 of each year, certainly no one in authority would provide you with the "new" assessment total for—let us say, the Hicksville School District. As a matter of fact, for years we have all been told that the forthcoming tax rate for our School District is not known at the annual school meeting IN MAY because the "assessment has not been set".

Further, the proponents argue that this May 1 to Aug. 1 period would have the effect of limiting any applications by any area in Nassau seeking to get a vote on home rule to only nine months of the year, whereas the law should be operative throughout the year.

The writer had the experience on July 30 of this year of going to the county assessment department at Mineola and asking for the Hicksville School District assessment total. That was a Thursday. We were told by the Assessment Dept. that the "new assessment figures" (for 1953-54) could not be released until the following Monday, Aug. 3.

The fact that Supervisor Ransom permitted the public hearing to take place on the home rule vote proposition, when he knew full well that it was based upon the 1952-1953 assessment and that the petition only claimed to represent \$13,092,893 in valuation makes it impossible to understand his eventual comment—in his Oct. 5 decision, rejecting the right to a vote—that the total should have been over \$16 million.

Entirely overlooked by Ransom in his decision was this fact: All assessments shown on the consent-petition were upon 1952-53 valuations which amounted to as little as \$135 in some cases where the vacant property value was claimed only. After Aug. 1, those same properties in many cases leaped as high as \$6,000 in valuation.

The County Judge in this matter has the opportunity, if he will take it, to resolve many legal problems regarding the process of getting a vote on incorporation—particularly in Nassau County—since his decision, and comment, will then be utilized in future movements of this kind.

# County Judge Hears Arguments

(Continued from Page 1)  
to determine the form of government under which they shall live.

"If the proposition is denied the matter will not be settled. The proponents will have to start all over again and if they do not have the time or will to do this then the matter will fester like a sore in the minds of thousands and impair their confidence in democratic processes."

Carman also brought out that the reasons cited by Supervisor Ransom in denying the request

for a vote were not even stated by objectors.

The full report of the hearing held this morning, including the arguments offered by objectors, will be published in Friday's Herald.

Regarding the comment by Ransom in his decision that the 1953-54 assessment total should have been applied rather than the 1952-53 assessment, Carman points out that the Supervisor had a 20-day period between July 31 and the date he advertised for the public hearing (Aug. 14) in which to check the petition and consent forms and other data.

"The act of the Supervisor in advertising and calling a public hearing is in and of itself a clear indication that at that time he felt that the 1952-53 assessment roll was the one to be used in testing the proposition and consent."

Judge Carman noted, "If the Supervisor felt that the 1953-54 assessment roll was the one that should have been used he never would have called a public hearing on the proposition." The proposition had been de-

clared a public hearing by the state, and it represented increased spending of \$13,092,893 and that one third of the 1952-53 assessment was \$12,500,893. The notice of the public hearing was given on Aug. 14 and the hearing was held at Hicksville Courthouse on Sept. 17 and adjourned to Sept. 24 for the filing of final briefs.

The proponents have argued that the 1953-54 assessment (total for Hicksville School District area was not known until Aug. 3) The objectors have claimed that the assessment for the new roll is made on May 1.

The County Judge under the village law has a ten-day period in which to either uphold or reverse the Supervisor's decision, although there have been cases where the County Judges in other parts of the state have taken as long as 90 days in making a decision.

Michael J. Sullivan was expected to be present this morning as attorney for 85 objectors, including himself. More than 6,200 Hicksville property owners signed the consent-petition asking that a vote on incorporation take place.

## Parr To Direct Charter Night

HICKSVILLE—Freeman L. Parr is chairman of the Charter Night Committee for the Rotary Club, assisted by William Payoski, Bert Coote and Martin McDonnell. Al Rusie and Fred Newman are co-chairmen of the journal committee, aided by Rudy Vanslette, Edward Teverini and Charles Barvels.

The Rotarians will hold a Christmas party for the children of members at the Millidge Inn, Jericho, on Saturday, Dec. 19 from 2:30 to 4 P.M. with Earl Jones, chairman, aided by Dick Sollner, Ted Knight, Vanslette and Bart Bonzinga.

The club is preparing for the visit of the Rotary District Governor on Dec. 17, according to President Leo Smith. New members of the club include Joseph Bayer and Valentine Williams.

the right intonations for English. She said her case load numbered 185 in each school with an average of 20 being physical defects and 15 emotional, the rest coming under functional defects. She said that this year the program was highly experimental and that after a study of results the size of the classes may be changed another year. She said she did not want to overlook any minor defects in her program the success of which depends on the cooperation of the parents. "Drill at home" she said in conclusion "is needed to make the program work."

Mr. Mangiariotti spoke of the physical education program. "During the first four years an effort is made to have the children use the large muscles," he reported, "such as those in their arms and legs. Games are kept short in duration yet everyone plays at the same time."

"In the fifth and sixth years the games are more in teams with an effort made to teach the boys and girls cooperation, how to take defeat gracefully and how to accept victory with humility," he stated.

### HELP EXPLAINED

"Normally in an ideal set up we would have more than one psychologist as we have here," said Mr. Glaser in discussing the guidance program. "The psychologist should assist the staff in promoting the education of each and every child to take his place in the world with a good adjustment to society. The psychologist confers with anyone and anybody who has information on the situation involved, which could be relatively minor and could be serious. We have some of both. In this way he is able to make a careful recommendation of procedure after study of all the available information."

"Sometimes," he said, "it is necessary to make an outside referral to someone who will be able to counsel both parent and child." He said that Nassau County had so far only one state clinic while in Brooklyn and Queens there is "practically one on every corner."

In conclusion he said that it was his job to advise and supervise in the group tests given and in general to be concerned with the mental hygiene of the community.

Robert Eaton, PTA president, presided during the business meeting. It was voted to set aside the sum of \$15 for prizes in the Safety Poster Contest.

## Wouldn't You Know It!

Of all the days in the year, the day before Thanksgiving has been set as time of the public hearing on the new County budget. Not only is it the day before one of our most important holidays, but it will be held during most taxpayers' working hours. It's not that many taxpayers would be there, but it would be good to know that we could be there if we so desired. The politicians are perfectly willing to work at night during the campaign to get your vote. But once they are in office, it seems that they don't want crowds any more.

## Charter Laws Blamed

The law is blamed by county spokesmen for the poor date for the hearing. But who made up the laws, and didn't they look at the calendar when they were setting up the schedule for approving the budget? If the law is not good, then let it be changed.

## Same In County And Town

The same disregard for informing the public and making it difficult for the public to express itself effectively exists in both Nassau County and Oyster Bay township. Why is this? Why don't they want the people to know what goes on? Why?

## Our Hats Are Off

We have learned that the Ossining (N.Y.) Citizen-Register (circulation about 6,000) vigorously and successfully attacked local proposition to eliminate legal publication of full texts of local ordinances. The whole thing took about two weeks and the Village Board bowed to the wishes of the people aroused by the newspaper editorial. A writer in Editor & Publisher, the newspaperman's bible, says that this editorial victory might serve as a pattern for newspaper editors in other communities where similar proposals are made to deprive the taxpayers of full information about their local government. Our hats are off to the Citizen-Register of Ossining!

## Township Employees

According to a copy of the Oyster Bay budget received from the Town Clerk, there are 114 employees on the township payroll, exclusive of the three Jones Institute trustees at a salary of \$500 each and an undetermined number of incinerator laborers whose salaries are buncheted at \$60,000. If we figure there are about 25 incinerator laborers, there are approximately 139 other people on the payroll. The Tax Receivers department has the most with 27 and the Zoning and Building Department next with 20.

## Gets More Than The Boss

The deputy attorney will receive \$10,500 for his services while his boss, the attorney, will receive only \$7500. There must be a good reason for this and it would be interesting to know what it is.

## In People's Corner

Written in the interest of better local government.

BY ALLEN S. CARPENTER

Can our town and county officials, who think so little of the people's safety, that they blandly use Civil Defense funds for party patronage, be really proud of themselves?

At one time the little hamlet of Hicksville could justly boast of one of the best Auxiliary Police Units in Nassau County. We had over one-hundred men, all volunteers, trained and equipped to their own time, and at their own expense, standing ready and able to serve our community in the event of attack or disaster.

For the second time mass resignation of civil defense personnel is protesting the indifference and utter lack of purpose, shown by those whose duty it is to plan for and maintain our Civil Defense organization.

1300 people of our community, signified their willingness to serve, eighty per cent have never been asked to serve—eighty per cent have never been contacted. The majority of those who did serve have resigned in disgust at the confusion, and stagnation that exists in the higher ranks of the town and county organization.

Our Fire Commissioners, Fire Chiefs and Firemen, without salary, operate efficient Fire Volunteer Companies, for the protection of our homes, our businesses and our lives.

Our School Trustees, with no salary and with more criticism than thanks, operate eight schools, with over 200 teachers, clerks and maintenance men, to provide for the education of our children.

For \$6,000 a year our Town Director of Civil Defense, aided by \$4,200 a year assistant, spends two hours a day "commanding" from a Hicksville Office, a phantom defense organization. This paid staff, their directors and others like them in Nassau County, eat up \$151,000 in salaries each year.

The defense of our land against a foreign foe is without doubt one of the most vital of all functions of Government. In spite of the huge sums our Federal Government must spend, it cannot provide an adequate National Defense unless our local Governments can provide a truly effective Civil Defense.

Our paid Civil Defense personnel, are all political appointees of our local town and county officials. Our officials can not put an end to this buffoonery within 24 hours, merely by demanding that their appointees really earn their salaries. Until the use of Civil Defense money for political patronage is stopped, we are allowing a vital part of our country's defense to be sabotaged. Unless our officials "face up" to their responsibilities, they are in effect constituting a "fifth column" all their own.

## Sees Vote On Merger Due Soon

The Bethpage PTA meeting Thursday, Nov. 5 had sex education as its main theme. A movie "Human Growth" was shown before the general meeting which proved interesting to all. The evening speaker, Mrs. Joseph Reid covered the same subject.

Charles Kreupa, community relations chairman, reported that the committee will meet on second Tuesdays of the months in room 132, Broadway School at 8:30 P.M. These meetings will be open to the public. Frank Muldoon was named vice-chairman.

William Benintendi reported that the Pine Avenue School is going along slowly. There will be a vote on the Central Blvd. School near the end of the year. A meeting will be called soon on Centralization. The public is urged to turn out in force to bear the pros and cons. It is more important to "know all the facts before signing anything."

Miss Rosalie DeMarco stated that youth activities were a success. A dance for the high school is held on the first and third Saturdays and on the second and fourth Saturdays for the seventh and eighth grades. Every Wednesday the gym is open to all teenagers. You are invited to come and see the programs.

Arthur Bunce gave a resume of the recent conference he attended in Buffalo. Its theme "Today is Tomorrow" Better houses, Better schools, Better Community, Better Nation." A pamphlet, "Just how good are our Schools?" will be distributed soon.

Finance Committee Chairman, William Krana reported that the merchandise club reached \$4,500 in sales. The first winners were: Madeline Warren, \$6.00, Mrs. John Gefkin \$5.50, Delta Ratta, \$5.00 and

Margaret Schindler \$4.50.

A number of members will do door-to-door calls for the next meeting when the December Christmas party will be held. A movie, "One God—The Ways We Worship," will be shown and there will be a grab bag. Each member will receive a gift costing from 25 to 50 cents. Ninth and 10th grade pupils are invited to this meeting providing they are accompanied by a parent.

## Faculty Team Wins

**BETHPAGE**—The faculty members on the Bethpage School proved their prowess recently when the teachers won over the mothers in basketball, 21 to 20, and the fathers were roundly trounced 36 to 25 by the men teachers. The teachers provided considerable laughter with their comedy outfits and their antics during the games. A dance was held in the gym following the games. Mrs. Walter Cereoli was awarded a prize of \$5 for selling the most tickets to the affair.

Playing in the games were: (mothers) Joan Biando, Mildred Nece, Trudy Heinz, Jenny McGovern, Kitty Husted, Norma Krauth, Ann Zielowski, Madeline Ryan, Therese Bevere, Tecla Shaw and Mary Schreiber.

Women Teachers: Audrey Klapper, Emily Klein, Sue Kard, Marie Serra, Rose Morenelli, Rosemarie Pellegrino, Rosalie DeMarco, and Janet Wille.

Fathers: William Benintendi, Robert Morace, John Billie, Victor Guelph, Ed Schreiber, Edna Heiss, Peter Castelino.

## Civics Stage Floor Show

By TOM OLIVERI

Completely enjoyable was the show presented on Oct. 24 by the North Bethpage Civic Assoc. A smoky atmosphere prevailed throughout the floor show which revolved around a play entitled "So Sad Mellerdrama".

The play was humorous as it unfolded the story of the heroine, an innocent mountain girl who was lured into the Hotsy Totey Cabaret.

Gladys Oliver played the heroine, Bob Feuss portrayed the villainous cabaret owner, and Mae Strong the mother who came to take her daughter home (and stayed herself). Tom finally won the heroine.

Ginny Feuss as the vampire, and Martin Lee and Joe Klipp as Lasy and Varnit rounded out the cast.

Between acts, other entertainment was provided by Jack Strong and Madeline Lee, Eddie Rowe and Dolores Taylor, Joe and Bertha Klipp, Bill and Ann Stumpf, and by Tex Surprise and Vince Baumgard.

Howard Grandjean, Joe Klipp, Bill DeFlorio, and Ed Schreiber teamed up in a quartet and did a bit of creditable singing.

The Whirly Girls—Bertha Klipp, Jill Manaloria, Dorothy Cavill and Cecilia Grandjean, making three appearances, were another feature of the floor show.

The writing credits go to Mac

Strong, with Jack Strong providing the musical background. Ed Schreiber was Master of Ceremonies.

A second show is planned for a future date at the Association's clubhouse.

## More Christmas Club Checks Here

## Stetz Brother Generate Offensive For FC Win

**FLORAL PARK**—The Hicksville Field Club started and stayed with the Stetz brothers in offensive rolls fore, Sunday, and was rewarded with a satisfying 13-0 win over the rugged Jones Boys.

With Elias Stetz calling the shots the Black and White moved 91 yards in the second period and 73 yards in the third quarter for the touchdowns.

Effective mixing in of Tom Schaller, Bill Barnes and Walt Katz varied the Hicksville attack for the first time this year and it was straight plugging at the line

that was responsible for the drives. Schaller crashed over from the two for the first score and Bill Swiota tossed to John Loftus for the extra point.

On a keep play with a cutback over right tackle, Elias Stetz scampered 48 yards to the losers' 20 after six minutes of the third stanza. Ed then chipped in a 16-yard jaunt with Hilly Booker plumping for the TD.

Hicksville had to stop the Jones boys on the nine and 12-yard lines with Lou Koff, Gus Econopouly, Dick Sabatini, John Wyslowski and Dan Colletta doing strong work.

## JUNK SCHEDULE

# Semi-Pro Loop Gould Take Anything But One Local Pass

By HOWARD FINNEGAN

GLEN COVE—The Nassau Conference juked the last third of its 1953 football schedule at a meeting here in Reilly's Rest, Friday night, in the face of a Westbury runaway and wholesale fan desertion.

The one league test not washed out is the scheduled Thanksgiving Day morning clash at Hicksville between the Field Club and West-

A Black and White victory in that game would still see the season completed with the Vamps the

loop champion by the margin of deadlock the issue, was the deciding factor in taking the schedule from the books since it has made pursuit of Westbury hopeless.

Hicksville would face that deficit on account of its 13-13 tie with Floral Park a month back.

That point lost by Hicksville, with a late pass deep in its own sector that enabled the visitors to

reject.

With an open date this week-end, both Hicksville and Westbury are seeking games upstate or in lower New England in the hopes that a fair guarantee will help black part of this season's flood of red ink.

## Kiwanis, Rotary To Meet

**JERICHO**—Members of the Hicksville Kiwanis and Rotary Clubs will hold a joint meeting on Wednesday, Nov. 24, at the Millbridge Inn, here, the first in a series of interclub sessions among Hicksville service clubs. Tonight (Tuesday) the Kiwanis holds a Father-Child night in the basement of Holy Trinity Episcopal Church, Jerusalem Ave., Hicksville, at 6 o'clock.

Councilman Frank Chlumsky is in charge of a committee arranging an evening of fun for the folks.
