Exhibits Rescue Methods

The Hicksville Civil Defense unit will stage a public demonstration of CD rescue equipment at the Legion Hall, E. Nicholas St on Monday night, Feb. 6, between 8 and 10 PM. A CD rescue instructor will be present to explain the procedures and gear. The local CD is seeking volunteers for a rescue team to be established.

Plan Charge For Stickers

Annual stickers for automobiles commuters using all-day facilities, which in the past have been without charge will cost \$1, the commuter will get service for the mails, under a proposed ordinance regulating parking. A public hearing on the ordinance is scheduled for next Tuesday morning, Jan. 31, in Oyster Bay Town Hall at 10 AM. If adopted, the law becomes effective March 1st.

Residents outside the town-wide parking district will be able to get stickers for \$12 a year. Parking in all-day fields, generally RR stations, was first limited by stickers of local parking districts. When the parking districts consolidated, sticker issue was extended to all unincorporated sections.

Dr Arthur Swick Dies Suddenly

Dr. Arthur O. Swick, age 58, who had practiced medicine in this community for a quarter century, died Tuesday evening at Mid-Island Hospital, Bethpage, just a few hours after he was admitted as a patient. He had suffered a heart attack.

Mrs. Theresa Swick who is also a physician, had left Monday for a trip to her native France. She is now enroute home and due in Hicksville late tonight (Thurs). Dr. Swick, who had been a school physician for many years, is survived by two sons, Pierre and Gilbert, besides his widow. His residence was 40 Old Country Rd., Hicksville.

Pending the return of Mrs. Swick, services are tentatively planned for Saturday afternoon at the Wagner Funeral Home.

Press Wireless Property:

HIGH COURT DECISION HEADACHE FOR SCHOOLS

Hicksville public school officials were dismayed this week with the decision by the highest court in the State of New York setting aside the industrial zoning of Press Wireless acreage in the northwest corner of the community, the largest remaining open tract in the district, which could shortly be the site of about 350 dwellings. Rezoned from residential to industry in 1958 by Oyster Bay Town Board, the matter has been in litigation ever since.

There are 120 acres involved along the east side of Cambridge Road, below Northern State Parkway. Oppal Inc., a realty firm, is the owner of the area which was formerly the site of overseas radio transmitters of Press Wireless, a news servicing organization, which has since moved out to Suffolk.

Oppal protested the rezoning from residential to industrial right from the start, an 8-hour marathon public hearing in Oyster Bay Town Hall in mid 1958 when the change was decided as part of the Town's comprehensive zoning plan.

CLOSE DECISIONS

Supreme Court Justice Mario Pirolo set aside the zone change and his ruling has been affirmed by close decisions. He was upheld in the Appellate Division, 3 to 2. The State's highest court in Albany also upheld the verdict, 4 to 3.

Hicksville Board of Education, while not a participant in the legal action, has been on record in favor of the industrial land use. Now that homes may soon appear on the open area, all current long-range plans for the existing public school facilities are in jeopardy. Another school will be required in the area to accommodate the children from the new homes. The delicate balance in the long-range plans for housing junior and senior high school students will probably

BULLETIN

Oyster Bay Town Board, thru Town Attorney Elmer Lane, is expected to exercise every effort to retain the industrial zoning of the Press Wireless acreage in Hicksville, a well-informed source asserted as the HERALD went to press. Of immediate concern would be further delay upon the filing of a development map by the land owners.

By way of coincidence, the State Parks Council yesterday approved a Town of Hempstead plan to acquire another 147-acre parcel of land formerly used by Press Wireless, this one at Baldwin, for a park. Funds will come from the \$75 million parks program approved by voters of the State last November. However, state subsidy acquisition would prevent restriction of the park to town residents.

Banker Praises Snow Removal

William E. Koutensky, president of the Long Island National Bank of Hicksville, speaking from experience based upon the conduct of banking business on Broadway since 1920, today publicly thanked Oyster Bay Town Highway Super-

intendent Thomas R. Pynchon and his crews for "the wonderful job they have done with snow removal particularly over the weekend."

He noted that the highway men and equipment were on the job early Sunday morning and "it really was convenient to travel to Church on Sunday and to work on Monday."

"As a Director of the Hicksville Chamber of Commerce, I voice words of congratulation to a public servant who has carried on his position in the Town of Oyster Bay very nobly."

Delay Talks About Pool

Adverse weather conditions last weekend forced cancellation of a scheduled meeting, Saturday morning, between the School Board as a committee of the whole and the Recreation Advisory Committee for an oral presentation of the proposal for an indoor swimming pool and diving tank as part of the Senior High School. A new date may be decided when the Hicksville Board of Education holds a regular meeting this Friday night.

CHAPTER MEETS

The Mid-Island Chapter of the Nassau Center for Emotionally Disturbed Children, Inc. will hold its regular monthly meeting at the home of Mrs. Edwin Jacobson 132 Tenth St., Hicksville, tonight January 26 at 8:30.

Vote 35 Years Ago Decided Hot Name Change Controversy

During the post-World War One period, starting about 1920, the community of Hicksville was under a considerable expansion in population and local trade. During this interval there developed a controversy about the name of the community which reached a climax just 35 years ago when a referendum was held in 1926. The results were decisive, 944 for the name and 317 desiring a change. And the subject came up somewhat lightly in the late 1930's, it never made much headway. It is doubtful there is a single advocate for a name change today.

Just How Big--Or Small--Is Hicksville Today?

Hicksville, Long Island, officially has a population of 50,005 according to the 1960 Federal census.

This population makes Hicksville the 19th largest community in the entire state, including all cities. It tops every other Long Island community in size except Levittown.

Hicksville has more population than 21 of the 62 counties in New York State.

Plainville has 27,710 population and Jericho 10,795. Bethpage and Old Bethpage are listed jointly by the census tables with 20,515 persons. More than 100,000 persons reside in the area served by the HERALD. With a total township population, according to LI Lighting Co. of 298,398, more than one-third of the residents of the town reside in the Mid-Island area.

Source of the foregoing information is the 1961 edition of the World Almanac.

Hicksville is the 13th largest public school system in the State of New York and the Post Office, from the standpoint of business handled, is the 25th largest in the Empire State.

John & Bradstreet recently disclosed that Hicksville with 576 business concerns, stands fourth for all Long Island communities in the number of business organiza-

Hicksville in 1926 had a population estimated by the Long Island Almanac at 5,500. The 1930 federal census pegged it at 6,772.

Recently two essays written in early 1926 on the pros and cons of changing Hicksville's name came to light. In view of today's community size, the arguments then offered are of some passing interest.

FOR RETAINING THE NAME:

If your name was Hicks and there was no stain upon it, and you were an honorable person in your community, would you just because some one jibed at your good name, change it?

I should say not, nor would any one else, and the same thing applies to the name of this growing town, Hicksville. It would grow no faster or become greater under any other name. In fact, if its name were changed, it would lose its identity.

"Hicksville" has been good enough for several generations to live in and die in and it will keep right on going under the same name for many generations to come.

Read the history of Long Island and see what the Hicks family has done for it. Way back during Colonial days one of its members represented this section of the Island at Governor Dongan's time. Later on, this same family sent

Burns, following his unanimous election as commander of the Catholic War Veterans of Nassau County at the annual convention in Levittown Hall, Hicksville, Saturday and Sunday. At the left is John Greenwood, past county commander, with Father Walter Tomecki CWV chaplain and assistant pastor of St. Hedwig's Church, New Hyde Park, at right. Among the resolutions adopted by the convention was one in opposition to any attempt to repeal the Speno-Brennan Law adopted by the State Legislature last year regarding transportation for children attending non-tax-supported schools. Frank Gordon of Hicksville was elected a vice commander.

MARYANNE PESTA

Mr. and Mrs. Chester J. Pesta of 27 Preston Lane, Hicksville, announce the engagement of their daughter, Maryanne Patricia, to Raymond Donald Muller, son of Mr. and Mrs. Raymond G. Muller, also of Hicksville.

Miss Pesta and Mr. Muller are both graduates of Hicksville High School. The wedding will take place in June.

Anne Giannelli Juillard Pupil

Anne Giannelli, 13 year old pianist of Bayview Ave., Hicksville, has been accepted at the Juillard Institute of Music. Anne's acceptance at the Juillard was based upon an audition at the School last Friday when she played for a panel of three faculty artists. Her program included piano music of Bach, Beethoven, Schumann and Octavio Pinto.

Anne has been studying piano and theory for several years with Mrs. C.M. Dennis Boyd of Old Westbury.

Dear Jean:

Watch for the new date of the Hicksville High School Alumni Assoc. Homecoming Day - - - it may be early this year - - - we're trying for September - - - Due to the Holiday on Feb. 12, the next meeting of the officers and directors of the Assoc. will be on Feb. 6th, at the High School. Notice of where the group will meet will be posted on the bulletin board in the front lobby of the school. MRS. EDWARD QUINN of E. Carl St., Hicksville, would like to thank all her very many friends and neighbors for their kind remembrances to her while she was recently hospitalized. We are glad to say that the old gal is feeling much better. Mr. Q. runs the Quinney Fuel Service, you know. We forgot to say congratulations to Mr. and Mrs. PATRICK GILCHRIST of Frances Lane, who celebrated a wedding anniversary on Christmas Day. Get well wishes to STEVE MC NAMARA of Frances Lane who is a patient at Kingsbridge Veterans Hospital, Bronx. Bet he would like to hear from his neighbors and friends. Our sincere sympathy to SENATOR HENRY M. CURRAN of Oyster Bay, former Town Clerk, on the recent death of his Dad. Sympathy also to the family of AUGUST A. FIPPIER, of Roma St., who passed away on Jan. 16.

Sincere sympathy to FRANK CUSANO, JR., of Hicksville on the recent death of his mother, Mrs. Bridget Cusano of Unadilla. Hope MRS. RAY BONAZZI of Alexander Ave. is feeling better these days. Congrats to MISS KATHERINE JUDGE, daughter of Mr. and Mrs. Jeremiah Judge of Hicksville, who recently became engaged to Martin Watkins, son of Mr. and Mrs. Thomas Watkins also of Hicksville. Our Congrats to FRANCES D. HERSHKOWITZ, daughter of Mr. and Mrs. Murray Pankel of Jericho. Best wishes also to ADRIANNE F. BROWN, daughter of Mr. and Mrs. James W. Brown of Hicksville, who recently became engaged to Thomas V. Toner, Jr., of E. Meadow. PHYLLIS M. JABLONSKI, daughter of Mr. and Mrs. Philip Jablonski of Hicksville recently became engaged to MICHAEL USS, JR., son of Mr. and Mrs. M. USS. Congratulations. We are still a good comment on that recent "Herald Reader Opinion" by a former Hicksville resident who brought back some nice memories of "good old Hicksville days". We like snow, but now we are getting a little sick of it.

Last opportunity to see Can-Can at the Sycamore Theatre is Sunday, Feb. 5. The new feature will be Search for Paradise. Delivery of a new flood-light line truck for the Hicksville vamps is anticipated almost daily. Members of Hicksville Board of Education are scheduled to be "shot" tomorrow (Fri) night before their regular meeting by GARDNER GREGORY. Picture is being taken for the high school yearbook. We have previously reported on the temperature and weather in Hicksville, Ohio. During the second week of January, the Ohio town had daily temperature ranging from an average high of 40 degrees to a low of 20. Received an airmail post card from musician PAUL DRAKE enroute to LeHarve, Southampton and Bremerhaven. FREEMAN L. PARR of 16 Charles St., Hicksville, president of the National Arborist Assoc. went to Columbus, Ohio, Jan. 17 to give a talk at the Ohio Short Course for Arborists and Nurserymen sponsored by the Ohio State University. His talk was entitled "Business Management for the Arborist".

ETHEL and GAIL M. ENGLE of 25 Park Ave., Hicksville, will celebrate their 25th wedding anniversary on Feb. 1. Mrs. Engle was hospitalized a few days ago when she suffered a fractured ankle as the result of a fall in her home. MR. AND MRS. CHARLES MAGGIO of 20 Boulder Lane, Hicksville, observed their silver wedding anniversary on Jan. 14 and were given a surprise party by their daughter, CAROL. Fifty relatives and friends joined in the festivities. Mrs. Maggio is secretary to School Superintendent Wallace E. Lamb.

Today we have another man added to our population.
He is part of both of you, on one combination.
Leon Stanley Sokolauf is his name. Wishing him all the health, happiness and fame.
He may be a President, Doctor or a Grocer.
For my part, I'll see that he is not a "duffer."

Thirteen years of waiting was enough.
Now your new life is just beginning. With the very first diaper you'll be pining.
You'll experience happiness and joy.
Right from the time the Doctor said: "It's a Boy."
I'm very happy for the both of you. I like to give credit where it is due. It was a tough battle, an uphill fight.
Look at the world now, doesn't it look bright?
God only knows what I am trying to convey.
Thanks, thanks again for this wonderful day.

John Joseph, is the name of the new arrival at the home of Mr. and Mrs. James Stuts, of 30 Jersey St., Hicksville. The little lad made his arrival Sat., Jan. 24, at Mercy Hospital.

The Committee includes school board members from Yorktown Heights, New York City, Castleton, Grand Island, Fulton, East Greenbush and Rochester.

It was created by the Assoc. board of directors as a result of action taken at the annual convention in Syracuse last Oct. At that time delegates adopted a resolution introduced by the Hicksville Board calling for the Assoc. to undertake the study.

It is the first resolution on federal support adopted by the state organization since 1947 when it took the position that "the federal government should limit its action to financial assistance and leadership of a stimulating but non-coercive character."

NAME CHANGE (Continued from page 1)

one of its members, a resident of Hempstead, to straighten out a dispute regarding state lines at the request of the Governor.

Again, during the Revolution, though some of the Hicks family were Tories, and fled to Nova Scotia, others fought for independence and were promoted for bravery as also during later conflicts there were some Hickses in our battle lines; therefore Hicksville is a sort of lasting monument in the form of a growing community to this famous family, and who would tear down such a memorial to a worthy family by renaming this village with some high sounding, meaningless name? Honor to them to whom honor is due, Hicksville now and forever.

FOR CHANGING THE NAME:
In 1885 when Hicksville was a small hamlet, its name which was little known to the outside world

signified a prominent family. If it had remained the same, its name would have held the same significance. But that small hamlet has become a prominent village; while its name not having lost its local prominence to the outsiders signifies a town of "rubens" and "hicks". All the jokes of the comic opera reflect upon "Hicksville". In the railroad station, the New York business offices, and department stores; if fact, even our neighbors of other towns all grin or comment when one says he comes from "Hicksville". One really hesitates to give his address especially if he lives on our "Broadway" for surely the New Yorkers think we are playing a joke upon them when we affix "Hicksville" to "Broadway".

When our own people feel these remarks, how can we expect out-

side to make their home here? A man's home is the one place he cherishes the most, because it is the foundation of society. He will therefore consider carefully where he builds his home. Can we expect highly educated and wealthy people to select a town that receives all the jests and jokes cast upon "Hicksville"? Why outsiders will not even consider us. As soon as they hear we are from Hicksville, they will only remark "oh no, I would not live in that Hick-ville". Are we to allow these slurs to go on while our sister towns prosper? That is not a true American spirit.

This town which can offer the newcomers more than surrounding villages, is almost in the center of Long Island's finest county, with its fine thoroughfares and streets; modern schools and churches and many up to date stores. Its natural conditions make it ideal.

With the eye of New York City on Long Island, ready to annex Nassau County as its new borough, shall we stand still and allow the new population to pass our door to other communities, just for the sake of this funny old name? The splendid public spirit shown by a number of our citizens ought to arouse the interest of others, especially our friends who still admire the name "Hicksville".

If they would consider this matter, they would soon realize what a great drawback its name is toward its advancement. We want a name that in itself is inviting and attractive; one that will compare with the natural beauty of the town. Why not awake to this fact and go a step further by changing its name to "Nassau City", "Nassau Terrace", or "Park City"? Surely with the future of the town in the hands of its own people, we should prepare ourselves for the arising of this great locality. If the only need of this town is a name, to thoroughly equip it for this great expansion, we should act at once. There is no doubt that the civic pride of even those who still admire the old name, would be moved to the realization that the name "Hicksville" is no longer suitable for one of the most promising and finest communities on Long Island.

That concludes the typical pro and con from an essay contest at the time.

A newspaper in 1926 reported the fact that the election was arranged "at the instance of the Chamber of Commerce with other civic bodies which contended that the name handicapped town products in obtaining markets".

Next week we will recall for HERALD readers the festivity celebration staged by those in favor of keeping the name of Hicksville.

BETWEEN DEADLINES

THE STREET SIGN CAMPAIGN

We probably remember with the most fondness "first" achievements and for that reason we recall (because it gives up an opportunity to name some of the people who were then most prominent in local civic affairs) the Street Sign Campaign of 1935-36.

It was our first major campaign as an editor and it proved, for us, the importance of sustained effort and persistence. It was in July of 1935 that we started writing hard about the need for street markers in Hicksville. For the following 50 weekly editions, the street signs and our lack of them, was the major story of the week. Everyone got sick of reading about street signs, but we all were successful. Some of those signs built by the WPA with materials provided by the community thru local contributions and benefits are still standing today—but not many of them. Most have been replaced with fine pressed metal signs out of funds appropriated in the Fire District Budget.

Among those who joined in the effort at that time were: Frank J. Holden, commander of the Veterans of Foreign Wars Post; Ernest Francke, president of the Robert L. Bacon Republican Club (since renamed in his memory); George Blakely, president of the Hicksville Unit of the Citizens Relief Protective Assoc.; William E. Koutensky, president of the Business Men's Assoc.; Dr. Elwood A. Curtis, president of the Chamber of Commerce.

Also involved in the project in various ways were Fred Herzog, then an official with WPA Supervisor Harry Tappen, Councilman John R. Brandt.

First formal effort to erect street signs took place about 1926 when the post office was talked into providing household mail delivery. The post office people said they would provide carriers (we had three to start) only if sidewalks were laid and street signs erected. The Taxpayers Assoc. of that era led efforts which achieved these improvements.

But by 1935, most of those original wooden signs nailed to utility poles and trees had either fallen down or were so illegible as to be of no value.

Residents knew the streets, but delivery men had a devil of a job finding local addresses. This and other points were recited over and over during the all-out campaign.

Efforts to get the town board to appropriate funds failed; if the town did it, they would have to put up signs in every community, the fathers said.

Finally, thanks to the cooperation of Fred Herzog and a Mr. Larkin with the WPA a plan was worked out. At a cost of \$4 per post (steel pipe) for materials, the WPA would provide the labor at its shop in one of the hangers at Roosevelt Field to make the signs and erect them. It was the proud day, we recall, when Frank Holden with his old-fashioned Graphix, snapped a picture of Mr. Koutensky, Mr. Larkin and the writer as a sample sign was set in place at the corner of North Broadway and W. John St. at a spot which must be in the middle of the new north-bound widened highway of today.

There followed a very successful fund raising concert by the Hicksville Choral Society led by Mrs. Curtis and other efforts which raised about \$700 to make the signs possible.

Years later Jack Brandt as Highway Superintendent undertook to keep those signs in good state of repair although sometimes when they were taken away for painting and relettering the accepted spelling of street names was altered somewhat.

WEST BIRCHWOOD TEMP FALLS TO EIGHT BELOW

West Birchwood is experiencing one of the so-called "old fashioned" winters that grandpa used to talk about. Following last Friday's 12-inch blizzard, the official Civic Asso. thermometer began dropping, and by Sunday morning reached a low of 8 degrees below zero which is probably a record for Jan. 22nd in Jericho.

President Reports

By Herb Simins

By the time you read this issue many of you, I hope, will have attended the Civic Assoc. budget meeting, Friday, Jan. 27th, and approved the new budget for 1961. This budget indicates the anticipated source and amount of funds and also sets forth the manner in which these funds are to be spent in the coming year in order to successfully carry out our proposed programs.

It is important that we have the cooperation of the community regarding membership in the Civic Assoc. All members are urged to rejoin for the coming year. You will shortly receive bills in the mail and we urge you to return these with your dues as soon as possible. It is these dues alone that give us the financial aid to continue working toward the betterment of the community through the organized efforts of the Civic Association. Members are asked to speak to non-members explaining the importance of joining when they are approached by their block captains or the Membership Committee. New families will be contacted within days after they move in. The Board of Directors is taking great pains to see to it that each and every resident is contacted within the next two to three weeks. If, inadvertently, you are missed, please call me personally.

The Civic Assoc. needs help not only in monetary support but in active support. Block captains are available to explain the functions of the various committees and how you can join a committee. We can get things done with concerted action as can be seen by the new traffic light at the entranceway and the information regarding the overpass, which was explained in my last column. We hope that problems of this serious nature will not arise again, but if they do, the Civic Assoc. will be in a position to act for the entire community if the entire community is behind it.

The regularly scheduled monthly meeting of the St. Ignace Loyola Auxiliary of Christian Mothers that was to be held Monday evening, Jan. 23 will be held instead on Monday evening, Jan. 20 in the school hall, E. Nicholas St., Hicksville, at 8:15 P.M. The former date was cancelled due to the inclement weather that evening.

The women's auxiliary of Holy Trinity Episcopal Church of Hicksville is serving a complete dinner on Saturday, Feb. 4, from 5:30 to 7:30 P.M. at the Parish Hall. Call Mrs. Woodcock at WE 1-2012 or Mrs. Caddie, OV 1-4590 for reservations.

Few Tips On Snow Shovelling

By Harold A. Pike, M.D.

The snow, which is just a minor nuisance to the apartment dweller, is a real problem to the homeowner. If so, something he has to cope with so here are a few tips on how to shovel and keep healthy:

1. Dress warmly, but do not overdress.

2. Remember, if you are like most of us, you are engaged in sedentary work and therefore are not in the best physical condition. So give your heart a break, work slowly and rest frequently.

3. Use the powerful leg muscles when lifting the snow and spare that aching back.

4. Of course the best you could do is to use a machine or to let someone else do the shovelling for you.

bought the machine they thought it meant it wouldn't snow for the rest of the season. Weren't they lucky they had a chance to see how the thing really works?

ILISE ZIMMERMAN, daughter of GLORIA and MORT, also of Craig Street will be 7 on Feb 1st. Happy Birthday ILISE.

SHIRLEY and JOE WEINSTOCK of St. Lawrence Place are the proud owners of a brand new Olds, but funny thing, Shirley doesn't even know what color it is. It seems that Joe drove it out of the showroom and then directly to Chicago for a business appointment. When he had to take what he thought was a quick trip to N.Y., he left the car at the Chicago airport and flew back. Four weeks later he returned to Chicago and then drove to another business appointment. At this writing, the car is almost two months old and Shirley hasn't even seen it.

Happy Anniversary to DOLORES and JOHN NASON of Ofange Drive, who will celebrate their 8th on Feb 7th. Also to HAROLD and WINI GAINES of 23 Clinton Lane, who celebrated their wedding anniversary on Jan. 23.

It has been reported that even our canine population is increasing. The ABRAMS of St. Lawrence got a new beagle, the SAMUELS of "upper" Rockland Drive, got a new Boston Terrier and a boxer named

(Continued on next page)

The heavy snows this winter have resulted in a bull market for mechanical snow plows and residents of many streets have teamed together to purchase the machines since the frequent snows presage a long, cold winter. One group on Saratoga Drive has been awaiting with anticipation their snow plow which was ordered a month ago. In the meantime they dig, dig and dig.

Residents have commented to the WEST BIRCHWOOD NEWS on the excellent service the community has gotten from the Town of Oyster Bay Highway Dept. in opening up our streets after the heavy snowstorms. The usual car was stuck in the snow in the usual place in front of the real estate office during and immediately after the storm forcing outward bound cars to detour into the path of incoming vehicles.

Friday's storm forced husbands to forego the daily trek to the big city and a new surge of "togetherness" swept thru the community. Fathers once more got acquainted with their children and nerves became frayed.

The official thermometer dropped to 3 degrees Monday morning and the light snow which followed scared mothers into keeping youngsters home from nursery school.

So, at this issue of the WEST BIRCHWOOD NEWS reached its deadline the forecast for the remainder of this week was guess what? snow and very cold!

Jericho Red Cross Ready for Appeal

Preparations are underway throughout the 42 areas of the Nassau Red Cross to launch the 1961 Red Cross Membership and Fund Campaign on Wednesday, March 1, with an announced Nassau County quota of \$539,930.

Supplementing the campaign will be an educational effort to better acquaint the public with the needs and opportunities for service presented by the Red Cross.

In the majority of areas, the drive will be conducted on a door-to-door basis. Sterling Mudge of Glen Cove is in charge of the indoctrination of campaign leaders and this group has already met.

For the Jericho area Mrs. Francis T. Carmody is Chairman of Fund Raising and all those interested in volunteering for this drive can do so by calling WE 1-2826 for further information.

"PETER AND THE WOLF" SATURDAY

The programs of Syosset will present the Pilgrim Production of "Peter and the Wolf" as its second offering of the current series on Saturday, Jan. 28 at the Syosset High School auditorium. Performances will be at 12:30 and 3 P.M.

The Pilgrim Production of this favorite is an adaptation by J. Lambiase from Serge Prokofiev's musical story. By combining dialogue, dance and music, Lambiase has developed the characters of Peter and his friends: Cat, and Duck - as well as Grandpa and Uncle Joseph, the Wolf - and last but not least, the Wolf - to delight and

charm young and old alike. The story is told primarily in dance and pantomime, easily understood by all ages.

Preceding the story itself, Pilgrim Productions presents a short demonstration of some of the steps and exercises dancers must learn in order to present a story in dance form.

Following the performance the cast will meet the audience in person - to shake hands and answer questions. Jr. Programs is a non-profit P.T.A. sponsored subscription series which brings live professional theatre to the children of Central school District No. 2 (Syosset).

Passing It On

Braving Herskowitz

MO TO HUSBANDS: Wanna know why the little woman can't stop to hug that weekly allowance to her bosom for longer than 8 hours? Well, impulse buying is the chief culprit. The whole idea could have been - let's say - a sale and she will stock up on it. According to a survey undertaken by DuPont impulse buyers capture 51% of all sales. So, according to this survey if the saleswoman restrains her impulses, the weekly allowance should last the allotted time. Anyone want to try it?

MO TO HOUSEWIVES: Calm down, time is rapidly approaching Lady's dainty hands. The 1961 Industrial Conference reveals that 40% of all wives are joining the labor forces. In 1961 bows out. Why wives? Well, let those juvenile nuisances use the telephones and send them to work.

Liver - a food that has no counterpart for its extremes - you either hate it or love it - tops everything else for food value. A mere fifth of one ounce of this food is equal to two and one half ounces of anything else on the menu. It adds generous amounts of iron, vitamin A and B to the daily diet. Nutritionists tell us that children - while on the route to adolescence - will not experience a bumpy trip if this food is included in their diet regularly.

NO SOFT PASTIMES: Ask any dedicated worker who carries the load for their respective organizations whether they play cards, Mah Jong or any 'while away the time games' and the answer invariably is no. They assert there is nothing creative and inspiring in these so called soft pastimes and that they would rather spend their time making their contribution to people and community. The next time you are asked to pitch in and lend a helping hand don't refuse these people. While you are watching television or playing cards and games

2 Million Women to Join Mothers' March To Support March of Dimes Health Goals

The Golden Key of Hope—a new symbol for a new decade of medical progress against crippling diseases—is the badge some two million volunteers will proudly wear in the 1961 Mothers' March climaxed the New March of Dimes.

Symbolizing the need for research to unlock the mysteries of such major crippers as birth defects and arthritis, the Golden Key also represents the vaccine "keys" to polio prevention perfected through research made possible by the March of Dimes.

Also Available:

Mothers' March Volunteer Badge

In most communities, the Mothers' March will take place the evening or afternoon of Tuesday, Jan. 31. Volunteers identified by the Golden Key badge will call on their neighbors for support in the campaign against tragedies which affect one in every four American families.

Each of the estimated 40 million households visited in the Mothers' March will receive valuable health information cards including Do's and Don'ts for expectant mothers, Arthritis Warnings, and Vaccination Alerts for the almost 85,000,000 Americans still not protected against polio.

Beclouded by centuries of superstition, birth defects are considered by medical authorities to be the nation's most serious child health problem. Yet the fields of cause and prevention were largely unexplored until funds from the March of Dimes began to make intensive research possible. Pointers derived from early research are included on the cards to be distributed by Mothers' March volunteers.

The cards are also designed to bring home the realization that more than 11,000,000 Amer-

Glimpsed through a keyhole, three small victims of dread crippling diseases hold the Golden Key of Hope, 1961 Mothers' March symbol of March of Dimes-supported efforts to unlock the mysteries of their afflictions. They are, left to right, Gail Berg, 3½ years, arthritis patient; Allen Markowitz, 5, polio victim; and Rosalie Porretto, 7, born with a birth defect, all of New York City.

icans suffer from some form of crippling arthritis. Many victims, grasping at straws, pay out a total of more than \$250,000,000 annually on quack "cures." The fact is that the causes of arthritis are largely unknown. There is no known cure, no known preventive. But research to find the key is being rapidly advanced through March of Dimes support.

To improve treatment and rehabilitation of those crippled by birth defects and arthritis, a network of clinical study centers is being established by means of March of Dimes funds. Techniques developed

by The National Foundation in aiding polio sufferers are applied to children suffering from birth defects and arthritis.

All of this research and patient care would be impossible without health manpower—and womanpower—to put it to use. To help meet this drastic problem, March of Dimes funds support a health scholarship program in every state each year. Thus the Marching Mothers also seek support for an increase in the critical supply of doctors, nurses, physical therapists and others dedicated to the improvement and protection of the nation's health.

Bow, Partner, When You Speak of Apples Out in British Columbia

When one speaks of apples in Canada's Province of British Columbia—a vast area on the Pacific Coast that extends north to Alaska and south to the border of the state of Washington and includes not only the coastal range of mountains but the western slopes of the Canadian Rockies, it should be with awe.

Because British Columbians are as proud of the choice apples grown on their world-famous fruit farms as grandparents are of their first grandchild, there's a nary a soul in B.C. who doesn't have his or her favorite way to serve this fruit.

So, when Harold Simons, general manager of the Canadian National Railways' dining car service was racing about for something "different" in desserts for his service, one of his pastry chefs on the "Super Continental" train came up with this snappy number—and it's mighty tasty.

Okanagan Apples With Paris Hats

4 baking apples
1/2 cup white sugar
1/4 cup brown sugar
1/4 cup butter
1/4 cup milk
1/4 cup cream
1/4 cup vanilla
1/4 cup cinnamon

Wash apples. Remove core but leave about 1/2 inch intact, so brown sugar and juice won't run out into the baking dish. Remove about 1/2 inch skin from top of apples. Place in buttered shallow baking dish. Fill centers with brown sugar and cinnamon combined to suit taste. Bake in moderate oven, 350° F. for about 30 minutes, or until tender. Remove and spoon meringue over tops of apples. To make meringue beat egg whites stiff with sugar. Return to oven

and brown meringue "hats." Makes six servings.

If apple pie is one of your favorites, use this recipe. It is the favorite of Mrs. Robert Kerr, wife of the Canadian National's Alaska Steamship Service port agent at Vancouver. Mrs. Kerr says this dessert should never be served without a liberal slice of Canadian cheddar cheese if it is genuine.

B. C. Deep Dish Apple Pie

2 cups peeled, sliced apples
1 cup brown sugar
1/2 cup butter
1/4 cup milk
1/4 cup cream
1/4 cup vanilla
1/4 cup cinnamon

Combine apples, sugar, cinnamon, and nutmeg in a deep dish. Dot with butter. Top with pastry. Brush with cream. Bake in a hot oven, 425° F. for about 40 minutes. Makes six servings.

Tropic Cotton

Not Kaplan design—a vivid print date dress for tropic clime. A scarf which may change into a halter or tie for a strapless effect also makes rap sleeves.

LIVING UNDER LAW

LEGAL SAFETY FIRST
How does one keep down legal risks? Here are a few good things to know:

1. When you buy something, you run a risk that you won't get what you want. Get a written guarantee, but first make sure to order exactly what you want—by model number, color or some other description.

2. When you enter some new situation—like learning to drive, or taking a new job—just find out what law governs that field: The law for photographer differs from that of a grocer or a pharmacist, but each has its own rules. Find out about yours.

3. Another good way to keep in fine legal fettle: keep good records—of when your bills

come due and when what others owe you falls due, of your property, your earnings and your contracts and agreements. Keep track, particularly, of your tax affairs, both state and national.

4. Remember to report both to government and private parties—to your landlord if your house leaks, or your insurance company in case of a fire or an automobile accident, etc.

5. Make your claims on others within the time set by the statute of limitations. Make sure you know how to make your legal demands and when and to whom.

6. Finally, keep your legal risks down by living up to your legal duties under your contracts or otherwise. Above all, keep a record of what your duties are and how you have met them—in writing of some sort.

HINTS ON MOVING...

Soda-Pendable for Cold Fighting

Stepped-up activities during the holidays burnt up more than your accustomed quota of energy. As a result, resistance is low and you're a perfect target for the cold bug. That's one reason why January rates as the top cold-catching month of the year.

Now, what anti-cold measures should you take if and when you succumb? Since scientists are still a long way from discovering a sure-fire cold cure, there's little you can do besides sniffle and suffer. Such being the case, why spend money on the latest cold-fighting potions? Instead, baby your budget, which has been badly depleted by Christmas, and use some of the old standard remedies you already have in the house. There's aspirin, for example, which relieves the aches and reduces fever. There's soda bicarbonate (baking soda) which you take as a chaser if aspirin doesn't agree with you. You take the soda, too, a half teaspoon of it in a glass of water with the juice of a fresh lemon, for general cold relief. And you mix a half teaspoon of it in a half glass of water for a gargle that brings soothing relief to the delicate membranes of your throat.

Add nose drops and cough drops to the brief list and you have as effective a band of cold fighters as are yet available at any price.

Sea Scout Ship Needs Skipper

Sea Exploring is a senior division of the Boy Scouts of America. This program is especially set up for boys between the ages of 14 and 18 and provides the young men with sea adventure, social affairs, and camping. Here, in Hicksville, a group of citizens sponsor such an organization, known as Ship 18. Ship 18 owns and operates boats in which the boys sail on during the summer. They hold other activities including an outdoor regatta, an indoor regatta, a trip to the boat show, a Bridge of Honor and Ball, and a trip to update New York to participate in Operation Igloo, during February.

Sea Exploring is also open to the adult. Due to uncontrolled circumstances, their skipper and mate are leaving to start another ship in Syosset, and they are in dire need for adult leadership.

To all interested persons, if there are any questions or desires to join, please call Joseph Garcia at WE 1-2436 or Vincent Quirk at PY 6-6862. Ship 18 meets on Wednesdays at 7:30 p.m. Due to difficulties, the next meeting will be on Wednesday, Feb. 8.

St Ignatius Blues Weekend Rec Back in Swing Win 1st Half

Overpowering their 6th straight opponent, the undefeated St. Ignatius Loyola Blues team walked away with a 10-4 victory over the Hicksville rival, Holy Family, 41-17. The victory cemented first place for the Blues in Rockville Center Diocesan C.Y.O. Bantam Section I competition, as both teams completed their first half schedule.

Holy Family fought the victors to a 6-6 first quarter standoff, aided by poor Blue foul shooting. Ed Ryan, coming off the bench to start the 2nd quarter, dunked 6 quick points to lead St. Ignatius to an 11 point half-time lead which was built to 20 in the next period. Ryan finished with 10 markers, while Andy Prossowski and Jim Gallagher tallied 8 apiece for St. Ignatius.

Regular Hicksville School Dist. Recreation week-end activities are resumed this week. Last week activities were cancelled on Friday and Saturday due to the snow, according to William L. Fuller, program coordinator.

Friday evening, Jan. 27 Woodland and Lee Ave. Teen Centers will be open from 7:30 to 9:30 PM for Jr. High and High School students. The Burns Ave. Teen Center will be closed this Friday, but open the following week.

Saturday morning Elementary Centers will be open at Burns, Dutch, Fork, Lee Old Country Road and Woodland Ave. from 9:30 to 11:30 A.M. Both Sports Centers at the Jr. High and High School will be open during the same hours. Twirling will be held

at East St. Saturday morning, beginning at 10 AM. The afternoon twirling sessions at the Jr. High will begin at 1:30.

Other activities include Bowling at the Mid Island Bowl, Children's Music at Dutch Lane, Arts and Crafts at East St. Fencing at the High School, all held on Saturday morning between 9:30 and 11:30 A.M.

A large increase in attendance during the School Year Recreation Program, which began in October, has raised the weekly children participation to over 2,500 per week. An increase of over 11,000 participations has been shown over the 13 week period between October and January. The total attendance for the School-year program is now 33,086.

be jarred as a jump of increased enrollments.

While there is some speculation since the Court of Appeals decision became known earlier this week regarding a further test of the case in the US Supreme Court, no official comment on such an attempt has been voiced as yet. Meanwhile, Oppal is expected to return to the Nassau County Planning Commission and ask for approval of its layout of the area with streets and building sites. The development is scheduled to be named Wildfield.

Dating back to 1958, the School Board is on record with the Planning Commission as interested in acquiring, with voter approval, a 10-acre parcel on Canisogue Road for a school if the area goes residential.

WANT 50-ACRE PARK

The Town Board also has on file with it a substantial petition calling for the acquisition of upwards of 50 acres for eventual development as a community park. Purchase and withdrawal of 50 acres for a park would reduce the new home potential for the tract from 120 acres to 70. Community civic groups, including the North West Civic Assoc. are recorded in favor of the park-land acquisition and the civics recently had Councilman Henry McInnes as a guest speaker when he was questioned about the status of the park proposal. Town Supervisor John J. Burns in a statement this week regarding "legalistic" attacks upon the Comprehensive Zoning Plan (currently involving a 100-acre tract in Syosset) asserted:

"The Comprehensive Zoning Plan is furnishing maximum protection to all of the residents of the Town and is giving local municipal entities, including village officials and school boards, the assurances necessary to make proper provision for orderly growth.

SEES CRAZY QUILT

"The Comprehensive Zoning Plan stands as a bulwark against

indiscriminate development which could, if permitted, bring down upon the Town a chaotic and crazy quilt pattern of overnight developments that would make a mockery of good planning and zoning.

"As I stated before, the Town's Plan has built into it a proper land use pattern which clearly establishes a balance between small, medium and large residential plots to promote orderly growth and achieve, as far as possible, stability for the Town and for all the communities in the Town. Changes sought that would, in the opinion of the administration and its expert planners, defeat this program will be resisted."

1. Look down the side of a new Pontiac
2. See how wheels and body form one line
3. That's Wide-Track balance (No other car has it)

Pontiac holds, hugs and hangs on to the road like no other car. There's no outsidage-of-the-wheels weight to cause lean or sway. More weight is balanced between the wheels for improved stability.

Another Wide-Track advantage: There's more room between the wheels to mount

the springs, shocks and control arms at more stable angles to the wheels. This prevents drifting and wandering, allows Pontiac to track flat and level as it travels around corners and curves.

New Wide-Track feels every bit as steady as it looks. Test it soon!

Pontiac has the widest track of any car. Body weight is balanced to reduce side sway, keep more weight balanced between the wheels for more stable driving stability.
