## SNOW STORM HIGHLIGHTS:

### Dig Out Your Fire Hydrant For Your Own Protection

Fire fighting officials today issued an urgent appeal to homeowners in the Mid Island area to locate and dig out the fire hydrant nearest their home so it will be available in emergencies. Hundreds of hydrants have been uncovered by volunteer firemen over the weekend but there are still many buried under footmounds of snow.

The plea to homeowners is based on the fact that because of the snow drifts, the volunteers have difficulty locating some hydrants. Householders are usually familiar with the location of the hydrant nearest their own home. Plans are being made to develop a system of marking utility lines with directions to the nearest hydrant, it was learned.

Other highlights in this area as a result of another heavy weekend snowfall were these:  
School sessions were hours late starting yesterday as school buses encountered the most difficult traffic conditions in many years.

Frank Curran of 2 Abbot Lane, Hicksville, who has achieved a reputation for the accuracy of his weather forecast had nothing but a bleak outlook. In an interview with John Frogge on WFYL, Curran said we can expect a continuation of an old-fashioned cold winter with plenty of snow until about March 17. Temperatures may break for a while, but cold and wet with snow, he said. About every fourth day until the end of February, will be inclement weather, mostly snow. After February, the bad weather will be somewhat until March 17.

Hundreds of homeowners and business people worried about the snow refuse containers, Monday, which were dutifully placed on the curbs Friday night where they were under mountains of ice and snow by the next morning and were still there early this week.

Homes in the east area of Hicksville were without electric service from about 11 AM to 3 PM, Saturday, which added to the general discomfort as oil burners clicked off. Those with gas ovens were more fortunate than homeowners with electric stoves.

The pressure of drifting snow and high winds over the weekend, shattered ten plate glass windows of Food Fair in Mid Island Shopping Centre. However, the store personnel under the direction of Manager Arthur Epstein maintained an around-the-clock vigil and it was business as usual for the market.

Hicksville Public School students were excused from classes on Monday and Tuesday of this week, making a total of three days which must now be added to the annual calendar to make up the legally required 180 days of school for the year.

The mountains of snow fringing the Mid Island Plaza parking field grew higher as an estimated total of 152,000 cubic yards of the white stuff had been shovelled this far this winter to parking room for auto parking. The pile was one story high before the week-end added more snow.

Harold Hawhurst kept his tractor rolling up and down Strong St., Friday night, to keep the street open in event of a fire call. A fire station is located on this block and Hawhurst is a fire commissioner.

FOLKS LEARNED how to walk again, Sunday, and nary a car or truck was rolling when Frank Mallett shot these scenes at Plainview Rd. and McKinley Ave., Hicksville, with pedestrians enroute to and from church services afoot on the plowed highways. ## Four Months of Preliminary Staff Work on Budget Facing School Bd.

Four months of effort, involving tens of thousands of man hours provided by the teachers and administrators of the school district, reaches its climax this month as the Hicksville Board of Education gives final consideration to the budget for the 1961-62 school year which will be offered to the voters for their verdict in May.

The School Board in regular session this Friday night will have before it six sections of the 9-part budget. At its Jan. 27 meeting, the Board adopted code 7, Debt Service, which covers items mandated by previous action of the voters. It includes redemption of bonds, interest on bonds, interest on short term loans and other expenses of debt service.

There is no flexibility in action on Code 7. Bond schedules are established when the bonds are sold. The total amount of Code 7 reflects the problem confronting the School Board. For 1961-62 it will be \$1,129,785, or an increase of \$105,640 over the current fiscal year.

An administrative note points out: "This code reflects payments of principal on maturing bonds which have been issued for school land acquisition and school construction purposes, purchase of site and building for Public Library and construction of addition to Public Library Building."

Dr. Wallace E. Lamb, superintendent of schools, said this week that the budget provided for Board

action has been in preparation since September of last year.

"Hardly had the teachers reported for duty last fall when they began to study their needs for supplies and equipment in order to carry out our instruction program," Dr. Lamb said.

"Once this analysis was completed, they took their requests to department heads, supervisors and principals. In each instance, they were called upon to justify their request which might be adjusted upward or downward. Then when the school principal felt certain that the budget requests for his entire school were in order, he took them to the Assistant Superintendent for Instruction, Donald

THREE MONTHS after Henry G. Eisemann became associated with the firm of Seaman, Tamm and Eisemann, this picture was taken of the office on Broadway, just north of Myrtle St. This old-time picture featured the fact that the firm was providing rain insurance for a firemen's dance in 1921. Mr. Eisemann went into business in February

of that year. At right is the modern building at 167 Broadway, Hicksville, which was completed five years ago. A feature of the new structure is the time-temperature device on the roof, one of the few in operation in the nation. The two pictures provide an interesting contrast over the span of 40 years. **STORM HIGHLIGHTS**

(Continued from page 1)

Appreciation for the fine snow removal in Bethpage was voiced this week by Buddy Mazara. He writes: "This long delayed letter is to commend all those responsible for the efficient and prompt removal of snow in the shopping area of Bethpage during recent snowstorms. We often neglect our comments that may be of some help to those who endure hardships for our safety and convenience."

The prolonged severe cold weather, coupled with a thick blanket of snow over the open fields and wetlands of the Island, has caused a problem for wild birds. Radio Station WFYL, Garden City, 1520 on 101st, has organized an air drop of feed. You can help by sending money to Station WFYL at Roosevelt Field, Garden City. Four bucks buys a sack of feed which is dropped from the Skyway Patrol plane mornings, 7:30 to 9.

The Oil Heat Institute of LI with offices at 29 W. Marie St., Hicksville, asks customers and friends to cooperate in the delivery of home heating oil by uncovering their oil filler caps so scheduled deliveries may continue to be made on time.

**Grecian Fair**

The Mr. and Mrs. Club of Saint Paul's sponsors a "Grecian Fair" featuring imported Grecian handicrafts, ceramics, paintings, jewelry, and homemade Greek pastries and cakes, for the benefit of Saint Paul's Greek Orthodox Church. The fair will be held in the Church Auditorium, 110 Cathedral Ave., Hempstead, on Saturday, Feb. 11, at 7:00 pm and all day Sunday, Feb. 12.

**Dear Jean:**

We note, from the Rotary Bulletin edited by PETER AMOROSO of Central Federal, that Telephone Co. Manager PAUL WALSH has been transferred from this area to the Hempstead office. The Rotary has set its charter night for April 23 at the Millbridge. CHARLES H. STOLL was the guest of AARON ROCHMAN at the Hicksville Rotary meeting last week. Those figures we published a couple of weeks ago about the 1960 population figures for Hicksville and vicinity were questioned by a few readers. So we wrote directly to the Bureau of Census, Washington, D.C., and official confirmation has been received. They were correct as quoted: 50,465 for Hicksville, 10,795 for Jericho and 27,710 for Plainville.

BETTY SINGERMAN (formerly of Susan Joy) of Frances La. has double reason to be happy these days. Within the past two weeks she narrowly escaped fatal injury when her car was struck by a truck and secondly, we think even more important to her, her Boston bull terrier, "Buster" who had been missing for eight weeks was returned to her. Betty tells us she still has the clipping from 1954 when we said "welcome home Buster" after another spell on the missing list. So history repeats itself and we say, "Welcome Home Agate Buster!"

PAULA KNIGHT has been named the 1961 Betty Crocker Homemaker of Tomorrow at Hicksville Senior High. She received the highest score in a written exam on homemaking knowledge and attitudes taken by graduating seniors in the school.

Belated birthday greeting to LOUISE CARPENTER, wife of School Board President Allen Carpenter. Milk and bread were rationed by neighborhood stores over the weekend as household heads walked thru drifting snows to feed their families. There was a report of milk being sold from a truck at Allied Shopping Centre at 35 cents a quart, Monday morning. CONSTANTINE POULOS, CPA, with Grumman Aircraft and a resident of 35 Elwood Ave., Hicksville, has been elected to membership in the New York State Society of Certified Public Accountants. Fire Commissioners HARRY GLECKLER, HAROLD MANASKIE and SAM WEISS were in Buffalo earlier this week for the state meeting of fire districts. ARNOLD WITTE, former Hicksville school attorney, has kindly sent us from Albany a page from Gov. Rockefeller's budget which proves that our grade crossing elimination funds are again provided for 1961 fiscal year. When a family of six found itself in a desperate situation last week without fuel oil and funds, and the temperature was near zero, the Salvation Army came thru and provided emergency fuel ration, thanks of FRANK CHLUMSKY. The "Army" does its job quietly and effectively. You can help this unheralded but important service by sending a contribution to Salvation Army Treasurer CHARLES COLTHURST at the Meadow Brook National Bank, Hicksville office. Regular meeting of Hicksville School Board is scheduled for this Friday evening.

## Many Adult Leaders Were Scouts Special Events For Scouting

Those outstanding citizens in our community who are always ready to serve—you'd be surprised how many of them were Boy Scouts in their youth. For all throughout America, in the communities such as ours and in the great cities, it has been found that those who were Scouts in their youth go on to outstanding citizenship. For 51 years the Boy Scouts of America has won acclaim for its program for character development, citizenship training, and physical fitness. So effective has this program been that the results are living examples—men of the highest caliber (physically, mentally, and morally) taking their place in every field. Millions have climbed the Scouting trail to go on to dedicated adult life and service. America, and our community needs many more—devoted citizens to maintain America's strength and freedom.

## Operation Igloo This Weekend

The Nassau County Council has announced that the sixth annual OPERATION IGLOO for Explorers and Senior Scouts will be held at Camp Ontario, N.Y., on Feb. 11, 12, and 13. Through the years this event has been a most successful winter camping event.

Detailed plans for the event are now being developed by the Council Explorer Cabinet, and will shortly be released to all units. Each group will camp under their own adult leader.

All units in the Arrowhead District planning to participate in the operation are conducting a thorough training program, using also a training film on Winter Camping which was secured from the Council office.

## Arrowhead Hears Executive

The first Arrowhead District Committee Meeting of the year was held on Jan. 24 at the Hicksville High School.

The highlight of this meeting was a talk given by the guest speaker, Howard Patton, Deputy Regional Scout Executive, on "What is the function of a District Committee?" The Arrowhead District is a part of an Area in the United States designated as Region 2 which takes in New York State, New Jersey, Puerto Rico, and the Virgin Islands.

The seven operating committee chairmen made their reports to the body. Of major interest was the Camping and Activities Committee report on the coming Boy Scout Rally on March 18, and a possible Cub Scout Bicycle Rodeo; the Health and Safety Committee report on the District swimming program; and the Finance Committee report on the recent fund raising campaign. As of Jan. 2 \$9,652 has been collected in the District. This falls somewhat short of the District goal for this year but it is hoped that as the months go by this goal will be reached.

It was announced at this meeting that Frank Lovey has assumed the responsibility as District Cabinet Explorer Advisor.

One of the most constructive sessions during this meeting is always the Institutional Representative "Sound Off" period. At this time an IR will sound off with gripes for betterment in the District Operations or perhaps will tell of progress and development within his unit. Everybody concerned benefits from this session.

On my honor, I will do my best to do my duty to God and my country, to obey Scout Law, to keep myself physically strong, mentally awake and morally straight

Scoutmaster Edward H. Kilgus, Boy Scout Troop 433, reports that on Nov. 26th, 27 Scouts plus five leaders did a general cleanup job on the Elk's Lodge located on Nicholas St. in Hicksville. The Scouts cleaned windows, swept and mopped floors, polished desks and generally dusted all rooms. This was in line with their service to their sponsor.

On Dec. 5th The Troop adopted a needy family. This is the third year in a row in which the Troop has adopted a family in line with their program of service to others. The Scouts donated two cans each of soup, fish, meat, fruits, etc., plus usable clothing which is in the process of being packed. The Scout parents have so far contributed eighty-five (\$85.00) in cash with some families still to be heard from.

The Camping and Activities Committee together with the Unit Outdoorsman have been working on this event and will make a presentation of this event at the Roundtable Meeting on February 20th.

The purpose of the Rally is to emphasize the importance of mastering Scouting skills. The District wants this event to be just as successful as the Rally held last year.

meeting, the boys wanted it. 3-4. So I went to Grant's to buy it. They did not have it.

A few days later I got the hamster at Certz. We got our hamster the same day as we got our new Den Chief. One night when my father came home, he got Cubbie, the hamster, a friend named Arrow. When Arrow was in a little box, he made a hole and got out. I caught him and put him in my bunny cage. I fixed the cage and put the both pets in together. Now they each have a friend.

## TRIP TO KINGS POINT

Our Pack went to Kings Point. We saw the gymnasium, the dormitory where the cadets live, the classrooms and the room where they eat. We saw the engine rooms where the engines are the same as those on a ship. We saw a flag pole in the center of Kings Point. The eagle on the flag pole was gold. Then we ate lunch in the lunch room. After lunch, we saw some boats at a dock. Then we went to a football game. Kings Point won, 28-8. The football game was good. I really had a good time at Kings Point.

## ARROW OF LIGHT

With the awarding of the Arrow of Light and a plaque with their awards listed, Frank Jaguskiak and Mark Davis were graduated from Webelos into Scouting at the January 27th meeting.

## WHISTLE THAT WOULDN'T By Ronald Levie

I was working on Achievement #5, Whistling. I decided to make a whistle. I followed the instructions carefully, but my whistle just wouldn't whistle. So I asked my mother for some help. My mother and I did it over again, but it still didn't whistle. Then we both went to my Dad. My Dad took the whole thing apart. After my Dad took it apart and put it together about 32 times, it still did not whistle. My Dad said that the spool was too big. He put it on a smaller spool. Then he told me to blow it - but it still didn't whistle.

For Achievement #5 in the Wolf Book, I made a Wolf Slide and that is what I did for Whistling.

## I LIKE CUBBING

By Harry Huttenlocher

I like Cub Scouts very much. Every Wednesday I go to my Den meeting. I have lots of fun there. We have a roll call. After that, we usually make something. Last week we made flags from South America. We took twelve sugar cubes and pasted them on a piece of cardboard. Then we painted it the color of the South American country we had picked.

Our Den is the only den to have a Den Chief and a Hamster for our mascot. His name is Cubbie - we named him after Cub Scouts. Toward the end of our meeting, our Den Chief inspects our uniforms.

## OUR MASCOT

One day I said to my den mother, Mrs. Levie, "Could we get a hamster for a mascot?" She said if the boys wanted it, we could. At a den

# SCHOOL BUDGET

(Continued from page 1)

F. Abt, who went over every item carefully.

"Then in turn the budget is submitted to the Superintendent of Schools and through him to the Board of Education."

The following code areas have been prepared for submission to the Board of Education tomorrow (Fri) night: 2, 3, 4, 5, 6, 9.

While no total amount has been announced, it is anticipated the budget for the coming year will exceed nine million dollars with a jump in the tax rate which may go

as high as one dollar per \$100. The increase is comparable to the recent forecasts in neighboring districts. The prime difference is the fact that nearby districts are forecasting a seven dollar rate while Hicksville may be able to retain the rate at about six dollars per \$100 of assessment.

Code three, instructional services, for example will account for about five million dollars in 1961-62. The cost of teachers' salaries and related items in recent years amounted to more than half the total budget.

## 18" Snow Paralyzes West Birchwood for 36 Hours

West Birchwood was hit by the third heavy snowstorm of the winter, Friday night and Saturday, when about 18 inches of snow literally buried the community under gigantic snowdrifts and brought all moving activity to a complete standstill.

Coming on the heels of a real

Sam and Elaine Gordon of Warren Lane had a wonderful cruise to Bermuda and the Bahamas where the temperature was 80. But by Saturday when they docked in N.Y. they were anxious to see their family. They arrived in N.Y. at 10 A.M. and their car was parked at the dock. They were thrilled that despite the snow storm and the many roads that were blocked that it only took them three hours to reach Jericho, via L.L. Expressway, Willis Ave., Jericho Turnpike, Brush Hollow Road, Old Country Road, Jerusalem Ave. and Broadway. You can imagine their dismay when they reached West Birchwood and discovered they could not get into the development. They spent four hours at the police station, spent the night at the Meadowbrook Motel and tried to get back home on Sunday. They waited till the snow plow came and then followed the snowplow, past their own street, up to St. Lawrence, watched the plow clean out driveways, and finally persuaded the operator to drive to Warren Lane. At this point Sam was seen walking behind the snow plow while Elaine drove, right up Warren Lane and right up their own driveway.

Herb Lubin of Sullivan Drive took his five year old son, Larry, to work with him in the Bronx on Monday; the day all cars were banned from N.Y.C. They managed to drive to N.Y., but were not permitted to drive home. Herb had to stay at a hotel in N.Y. with Larry. Monday night but Larry wanted to go home. His mother, Flo, wished she could have been there instead.

## Builder to Landscape Area of Sump

In an exclusive interview with Leonard Schwartz of Sosnow & Schwartz, the president of the West Birchwood Civic Assoc. was told of plans to help make our community more beautiful.

Mr. Schwartz stated that he was going to landscape and grub the area around the sump. Landscape the strip alongside of Rockland Dr., and in general, help beautify West Birchwood. Mr. Schwartz also stated that if suggestions were presented to him for the design, and construction of an archway, gate, or pillared entrance, he would see to it that such an entrance way

deep freeze, Thursday morning which saw our official thermometer drop to a new record, of 10 below zero, the storm isolated West Birchwood from the rest of the world until Sunday morning when the first snowplows managed to clear a path through the arterial roads such as Rockland Drive and Sullivan.

Following the first snowplows came other plows which worked the cross streets and all during Sunday labored valiantly pushing mountains of snow along the sides of the roads giving the community an appearance of the snowy Arctic.

The heavy snows and extreme cold of this winter have been particularly noticeable in Jericho because the topography of the land area makes it particularly vulnerable to a greater extreme of cold and heat. The minimum temperatures in Jericho during a cold snap are at least five to ten degrees below New York City and the plain-like land is directly in the path of the winds sweeping down off the higher elevations in Manhattan and Huntington.

## Red Cross Appeals To West Birchwood

Because of the great increase in population in our area, there is now a newly re-activated Jericho Chapter of The American Red Cross ready to serve you, work for you and help you in times of need and emergency. But in order to be able to do this, Red Cross needs your help!

The annual drive for funds begins Wednesday, March 1st, and continues throughout the entire month. The quota for Nassau County is \$539,930. Jericho's quota has been set at \$4,690, part of which we, in West Birchwood, should certainly help to achieve.

Workers are desperately needed to collect contributions from all West Birchwood residents. Won't you please help by spending whatever time you can calling on your neighbors and serving the Red Cross, thereby aiding yourself and your community?

Please call your West Birchwood Red Cross Drive Chairman, Evelyn Bashe of 39 Orange Drive, at WE 1-6718.

"Good Things Happen When You Help" is the Red Cross slogan. Won't you make "good things happen" by calling now?

was constructed to this community.

The problem of a sidewalk leading to Broadway was also discussed. Mr. Schwartz stated that if the property leading from Rockland Dr. to Broadway was owned by his company, he would construct a sidewalk leading to Broadway.

## An Open Letter:

To Residents of West Birchwood: I don't think there is one of you who would want to be called a careless parent...who would want to be accused of neglecting your children. And yet, that is exactly what the majority of residents of West Birchwood are doing.

We were all highly incensed when there was a possibility that school bus service would be stopped. Everyone cited the potential danger to our children. Yet a danger exists right now and it is being completely ignored by some 75 percent of the people in West Birchwood.

We have bus service for our children - but - in order to reach their bus stop, the children

must walk in the streets early in the morning when the traffic on those streets is at its heaviest. They are forced to walk in the street because people are just too lazy or inconsiderate to take the little time necessary to shovel their sidewalks. Yes, you are neglecting your children and mine.

To pursue the subject a little further...it is also illegal. The Town of Oyster Bay has a definite ordinance which states that sidewalks are to be shoveled. This ordinance is enforceable!

A short distance away, also on Saratoga, less than two days later FRAN and GEORGE SILVERSTEIN became the proud parents of a baby girl, VICKY, 6 lbs. 3 oz., under very different circumstances (see snow story) LLOYD and MARK are the two big brothers.

A children's movie will be held Monday, Feb. 13 at the Mid Island Hebrew Day School, located at 42 Locust Ave., Bethpage, at 2:30. It is the Dr. Seuss film "5,000 fingers of Dr. T." For tickets, which are \$60, call Thelma Feldhamer, OV 1 6865. On Feb. 26, there will be a children's carnival at this school at 1:30. There will be games and puppet shows, and admission is free.

All those who attended the Civic Assn Budget meeting of Jan. 27 were thrilled with the wonderful job Marilyn Buchman, Shirley Beer, and Florette Schlanger of the social committee did serving coffee and cup cakes.

Be sure to call Terry Carin, OV 1-6598, with news of individuals or groups in West Birchwood.

## Ole Sarge

VFW POST 3211.  
By H. W. Durling

"The Ole Sarge" is back in print once again after many months of absenteeism with many thanks to Editor Fred Noeth, who so kindly donates this space to our Post so that its readers might be informed of the happenings in and around Post 3211 Headquarters.

Speaking with Commander Jim Rock, I was informed that quite a few members have not as of this date, paid their 1961 dues. He is striving to bring it up to 100% but unless all of us show a real interest and true comradeship in the Post and what VFW stands for, that goal will never be reached. If you have not as yet paid YOUR dues and desire to remain on the VFW rolls, why not send that check immediately to Bill Moran, 10 Croyden Lane, Hicksville, L.I. The Post is always standing by ready, willing and able to assist you in time of need, and none of us know who or when such assistance will be needed. So fellows get that check in the mail TODAY.

Don't forget our 26th Dinner-Dance at Milleridge Inn on Saturday evening, Feb. 18th at 8:30 p.m. Lester Ichle is Chairman and although tickets are going fast, he still has a few left. So if you want an evening out with your wife or sweetheart, call him at WE 5-4227 and make your reservation. Tickets are \$7.50 each. Music by the Triatones for dancing and they make good music.

The meal-Prime Ribs. While visiting an office recently I read this sign hanging above the manager's desk. It was entitled "Key to Life" (1) Know how to forget disagreeable things (2) Understand the art of enjoyment (3) Keep your nerves well in hand, and inflict them on no one (4) Believe in the goodness of your loved ones, and in that of your neighbors (5) Master the art of saying pleasant words (6) Do not expect too much from your friends. (7) Never forget that kind words and a smile cost nothing, but are priceless treasures to the discouraged and finally (8) Do unto others as you would be done by. I would personally like to see this in big print and hanging on the wall behind the commander's rostrum and I'm sure that if all of us lived up to it, Post 3211 would be the finest and best VFW Post in the Country and where true "Comradeship Carries On."

It's nice to be back once again writing for our Post and I'll be writing again in a couple of weeks. In the meantime here is a sure shot. Angry Wife: "Jim, one of those pheasants you were shooting yesterday called and left her number!"

Several local students participated in Winter Weekend at Mt. Pocono, Penn., held last weekend by students at State University Agricultural and Technical Institute at Farmingdale.

Attending were Ginny Murphy of 27 Cumberland Road, Richard Mato of 12 Cable Lane, Pat Clair of 42 Hollins Road, Pat Kelly of 170 Park Ave., and Robert Otter of 140 Blueberry Lane, all Hicksville.

TWO MID ISLAND educators are officials of the Nassau County 4-H Club. It was disclosed this week. James H. Walters, principal of Fork Lane School, Hicksville, seated at left, is chairman of the 4-H Executive Committee for 1961. Dr. Kenneth Lant, Superintendent of Jericho Schools, at right, is President of the Nassau County Extension Service Assoc. Standing are Mrs. Francis Vignand of Westbury, at left, secretary, and Mrs. Nelson Jenkins of Bayville, vice-chairman of the executive committee. The Executive group meets the second Monday of each month at Mincola. It sponsors the county 4-H work and cooperates with the State Extension Service in hiring personnel and with the County Government.

# 1,000 Friends Surprise Eisemann on Anniversary

**FIRST TO GREET** Henry G. Eisemann, center, and apprise him of the festivities arranged by his associates on Feb. 1 were the Rev. Edward H. Stammel, pastor of Trinity Lutheran Church, at left, and Morris Rochman.

**COFFEE BREAK**, before the hectic day began, took place at the Seaman & Eisemann office. Left to right are Kingsley Kelly, vice president; Rev. Edward H. Stammel, Mrs. Edward Herfort, sister of the guest of honor; Doris A. Martens, treasurer of the company with which she has been associated for 30 years; Mr. Eisemann, Morris Rochman and Mrs. Eisemann who gave her husband a wrist watch.

## Greetings to Eisemann Continue to Flood In

Hundreds of messages extending congratulations and good wishes to Henry G. Eisemann continued to pour into his office at 167 Broadway, Hicksville, this week from all corners of the nation and places overseas. Mr. Eisemann celebrated his 40th anniversary in business last week on Wednesday. A surprise party was staged for the well-known civic figure and insurance big shot attended by more than 1,000.

During the day of the celebration there were numerous long-distance phone calls and telegrams. Leonard W. Hall, former chairman of the National Republican Committee, phoned from Florida.

The guest of honor received numerous gifts to commemorate the occasion. Coincidental with the observance, the Continental Insurance Co., a member company of the America Fore Insurance Group, took the occasion to present the company's gold money clip to Mr. Eisemann in token of more than 35 years' representation.

The separate presentation was made by Vice President Walter D. Sheldon and State Agent William A. Beltrac, field rep for the Continental. It was accompanied by a

letter from Chairman J. Victor Herd which said:

"It is with great pleasure that my associates and I welcome you into the 'Old Guard' — that association of agents and company employees who have been connected with the companies of the America Fore Insurance Group for at least twenty-five years.

"Our Company has grown and prospered greatly during the period of your association with it, and we wish to acknowledge your contribution to this success.

"We thank you for your loyalty and sincerely trust that your splendid representation of this company will continue for many years to come."

In addition to many long-time personal friends of Mr. Eisemann the participants in the 40th anniversary celebration included Presidents and Vice Presidents of insurance companies from Philadelphia and Hartford, Conn. The thirteen companies represented by Seaman & Eisemann were all represented by top executives.

Also present were officials of the New York Fire Insurance Rating Organization, NY State Insurance Fund, Workmen's Compensation Board, independent adjusting agency and general adjust-

### HAPPY MEMORIES

Yes, forty years is a long, long time,  
To be associated with any firm,  
But it can also be so very short

With the many friends you have at every turn.  
This day surely must bring many memories  
Of the years of long ago,  
When things in Hicksville, were so nice  
And life was so easy and so slow.  
But now-as the years have fled the past  
And everything seems so thrifty,  
We hope that we will be congrat-

ulating you  
When your anniversary is FIFTY.

## CYO Registers, Weather Permitting

The St. Ignatius C.Y.O. is thinking seriously of adding a complete Winter Sports Program to its varied activities. Apparently, baseball, football, basketball and track were furthest from the minds of St. Ignatius parishioners last Sunday when C.Y.O. registration was to be held after all the Masses.

To be sure, some hardy souls like President Elmer Breschard and Joseph Geoghan were on hand to accept registrations and remind all who cared to listen that "this" is "nuthin'" compared to the blizzard of '48 when there were 27 inches of snow which covered the church environs and managed to accumulate into drifts of four feet in certain areas. With the assistance of George Finn and his new snow plow, impenetrable fortresses of snow had been piled to heights of twenty feet at strategic spots in the parochial school yard.

President Breschard and Joe Geoghan pretended to be comfortable in the freezing temperature

as they chatted cheerfully about those of weaker stock who were afraid to venture out in such healthy weather to register for the above mentioned sports. Actually, there were many who appeared at Mass with the intention of registering for their 7 to 17 years old boys. However, the announcement was prudently made at all Masses that registration was postponed until next Sunday - with the cautious condition "weather permitting". The eager snow bunnies hurried home hastily because there were rumors that "Hoomie" - that mysterious character who plays on one of the St. Ignatius Basketball teams - was pursuing all able bodied men and boys with shovels to enlist their help in removing the "nuthin'" from the sidewalks about the church and rectory. Mr. Breschard and Mr. Geoghan registered great disappointment on Sunday morning. However, that was all they registered. Rumor hath it that they were even more disappointed when they returned to their homes to find "nuthin'" still piled up on their sidewalks.

The C.Y.O. hopes to have a working crew on hand this Sunday, Feb. 12 after the 8 o'clock Mass until 1 o'clock in the afternoon to register all the boys of the parish for all C.Y.O. sports. It is doubtful at this writing whether the tireless and energetic President and Vice President will be available. At the latest reports they were still having various ailments applied to aching "muscles" - the result of removing the "nuthin'" from around their homes.

A number of women and girls from the parish have inquired about the Girl's Sport Program. President Breschard reported that the Girl's Program would be completely independent of the Boy's Program. At the present time approximately 100 girls are registered in the C.Y.O. Sports Program. However, there is great need for adult supervision for the weak and gentler athletes. If there are any young women, married or single, who would be interested in assisting the very limited staff of women C.Y.O. leaders their services would be most welcome. They are cordially invited to come to the school basement this Sunday and leave their names with the registrar for the Boys Program.

THE NEW PRESIDENT outlines the principles and goals of his program while Vice President Johnson and public officials listen attentively. The wintry weather of this January 20th in no way dimmed the spirit of the inauguration of America's 35th president.

### HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

**Lubricates itself**—You'll normally go 30,000 miles between chassis lubrications (which cost only about \$4.00 and take about 20 minutes) because Ford has replaced conventional grease fittings with a sealed-in lubrication system.

**Changes its own oil**—You'll go 4,000 miles between oil changes because Ford's Full-Flow oil filter gives you filtration through fibers... trapping more dirt than any other type of filter made.

**Adjusts its own brakes**—New Truck S-C brakes adjust themselves automatically.

**Seals its own weather**—Ford mufflers are double-wrapped and aluminum to last three times as long as ordinary mufflers.

**Protects its own body**—All vital underbody parts are specially protected to resist rust and corrosion, even by galvanizing the body panels beneath the doors.

**Takes care of its own wheels**—Just wash and when Ford's new Diamond Lustre comes to you it glides like new. It never needs waxing.
