Seek More Voters May 3

Hicksville Board of Education is making a special effort to get as many voters registered for the annual school and library budget decisions and trustee election on May 3 as possible this year. Two new innovations will be attempted. First, all of the 3,533 voters already registered (since the annual meeting of last year) will get a post card notice, telling them they are registered. Those who do not get a card are advised to register on either April 22 or April 26. Second, a special telephone number will be set up which voters can call on three specified days to check for certain whether or not they are registered for the May 3rd vote. The estimated number of eligible voters in the School District is in excess of 20,000. The registered voters have reached 8,000 in any given year.

Schools Planning Special Events for 65th Birthday

Public schools in Hicksville are planning special events to celebrate the 65th anniversary of the establishment of a Union Free School District during the month of May. It was reported by Walter Schreiber to the Board of Education, Friday night, Schreiber is a member of the School Board named to assist and coordinate the celebration. The most of the events will be held for the participation of students in their assemblies, school displays, a community event will take place on Friday afternoon, May 14, in the High School Auditorium under the direction of Principal Leon G. Lowry. All descendants of persons who lived on the original Board of Education in 1896 when the Union Free School was voted by the community are being urged to attend the May 14 program. All persons who served during the years 1896-1961 members of the School Board will also be singled out for special recognition. In addition, all persons who ever attended Hicksville Schools are being cordially invited to join in the

festive program which will include several special features and events.

There will also be open house at the High School when everyone will be invited to tour the building with escorts and see the modern facilities, particularly in the shop, vocational and science areas.

The Junior High School under Principal Bernard Braun is planning a skit as an assembly program built around the minutes of the first meeting of the school district in 1896.

Tentative plans of the individual schools were reported to Schreiber by Donald F. Abt, assistant superintendent for education. Details will be announced as they take shape in the weeks ahead.

Worthy Cause

A boy in a needy family has urgent need for a two-wheel bicycle in operating condition, so he can handle his newspaper delivery route. HERALD readers who can assist are asked to call Pat Ryan at PY 6-9624. The bike will be picked up.

Spring Clean-Up Time

FOR A FIRE SAFE HOME, CLEAN-UP.

This is the basic message of Spring Clean-Up which starts in Hicksville on April 3 as announced by the Hicksville Fire Dept. Bureau of Fire Prevention, and runs for the full week.

"Clean-Up makes good sense for a lot of reasons", says Chief Charles Saurer. "But most important of all is that it helps make the lives of you and your family safer from fire."

Let the watch word be "Don't give fire a place to start". But how well do we know the places where fire might start? Or, do we know how not to give fire a break in our home or business? For this reason we do Spring Clean-Up in all possible sources.

Rubbish is one of the top four fire causes. Out where the family does most of its living, everything is neat and orderly as can be. But what about the attic, or storage closet, the basement workshop or garage corner?

Put rubbish on the run in all these areas. Clean out stacks of newspapers and magazines, discard cloths, mattresses, old furniture, get rid of old paint and solvent containers, oily rags and etc. should be discarded immediately. Don't forget the trash accumulation in the garage, and get rid of any crates and cartons outside the house.

Spruce up the yard-clean out last years dried grass and weeds, and any other quick burning trash.

Another tip, when you fill the tank of the power mower, refill outdoors where dangerous vapors can't accumulate. Observe no smoking. Keep gasoline in small quantities, one gallon or less, and in metal safety lid containers. Clean and oil appliance motors and power tools. Replace frayed or worn extension cords but leave new wiring and appliance repairs for the competent electricians. Don't tinker with your furnace or stove, have them checked and cleaned by your service men.

Don't allow flammable cleaners in your home. Don't by any means give fire a place to start. It's clean-up time in Hicksville. A good, thorough clean-up job now, and repeated at regular intervals, is one of the smartest things you can do to keep your home and family safe from fire. Your Hicksville Fire Dept. and Bureau of Fire Prevention is ready to help you wherever and whenever they can, but a Fire Safe home is up to you.

Talk About PM Changes 'Premature'

Reports in limited local circulation regarding the important Hicksville Postmastership today were branded somewhat premature, Harry C. Cotler who has been the postmaster for six years is currently on vacation. He told the HERALD that while he is eligible for retirement he has "no immediate plans" although he is giving the matter some thought.

As for his potential successor, she is rumored to be Irene Murphy of Blueberry Lane, co-chairman of the Oyster Bay Town Democratic organization. This also appears to be without basis.

Edward Morris of 68 Arrow Lane, Hicksville Democratic leader, told the HERALD that as far as he knows there is no vacancy for a postmaster in Hicksville and his organization has not taken any official position regarding any successor.

Cotler, a resident of 118 Park Ave., has been in the postal service for 35 years and is a career man in the service. He succeeded William Molitor as postmaster when the latter retired.

Local conversation regarding the postmastership has apparently resulted since the change in National Administration.

In the old days, before Civil Service was broadened to include Postmasters it was common practice to change the postmaster every time there was a change in national administration.

Civil Service for postmasters came into practice during the administration of Franklin D. Roosevelt. As a result Molitor, a Democrat, served for a number of years in the administration of GOP President Dwight D. Eisenhower until he reached the retirement age.

Mrs. Murphy was leader of the Hicksville Democrats until she was elected co-chairman of the Town Zone and was succeeded by Morris.

Plan Go-Kart Track Here

Local youngsters with go-karts and no place to run them may soon get their wish. Nassau Farmers Market Inc and Allen J. Reiner have asked special permission to maintain a Go-Kart track in an industrial area on the east side of Bloomingdale Rd., 360 feet north of Willis Ct. off South Broadway, Hicksville. A public hearing on the request will take place at 10 o'clock Tuesday morning, April 11, at the Oyster Bay Town Hall.

plans for the Willet Ave Elementary School were 80 per cent completed when work was halted due to the taxpayer litigation.

The Board is also giving some consideration to the cost of a possible alternative; i.e. building new temporaries at the Junior High in place of moving and rebuilding units now at certain elementary schools.

Part of the "package" bid in July will be the Willet Ave School, permanent additions to the East St. School and Senior High School and the rebuilding and relocation of 24 classrooms at the Junior High.

It's Your Problem, Too!

By ALLEN S. CARPENTER
President, Hicksville Board of Education

Your School Board has many decisions to make. Many of them would
tax the judgement of a Solomon and the fairer the decision the more
friends a Board member is apt to lose. Does this sound odd? But
it's the awful truth.

Should we apply pressure on the State and Federal Legislatures to
increase their financial support to local school districts? We decide
that we must. We promptly lose the support of those who oppose such
action. We choose to pressure the Legislators for the passage of Bills
"A" and "B" out of six or seven pending. We promptly lose the support
of those who back bills "C", "D", "E", "F" and "G".

We are pressured to grant a pay raise to teachers. Their supporters
are asking for a nine percent increase. We grant a four percent raise.
We promptly lose the support of half the people because we are penny-
pinching teacher haters, and we just as promptly lose the support of the
other half of the people because we are teacher-loving spendthrifts.

We are many things to many people. Some have convinced themselves
that we are ultra-conservatives; others have equal convictions that we
are ultra-liberal. The difference is in who is doing the judging, not in
who is being judged.

Our strength comes from a sincere belief so clearly stated by George
Washington some 175 years ago as he presided over the Constitutional
Convention in Philadelphia:

"If to please the people, we offer what we ourselves disapprove,
how can we afterward defend our work? Let us raise a standard to
which the wise and honest can repair; the event is in the hands of God."

Official Publication of the Birchwood Civic Association, Inc.

Editorial:

Rumors are elusive things — like greased eels, they squiggle away before we can take their measure. Birchwood's "rumor of the month" concerns the prospect of a new retail store in the Birchwood Park Shopping Center. From what has reached our ears, the dwager that the prospective tenant may be the one most likely to be welcomed here, Messrs. Sosnow and Schwartz are owners of the shopping center. Neither they, nor anyone in our Civic Administration, seem to be able to, ready to, or available to state that firm contracts have been signed for tenancy by anyone with anyone else. And so we are left to play with rumors.

Why all the secrecy? Is it rarely that a new retail establishment descends upon an area without some sort of announcement. Is no one proud enough to boast what's in store for us?

Years ago, Mr. Schwartz or one of his colleagues told our residents, at a meeting, if they'd prefer a store like Saks Fifth Ave or Alexanders to be in the shopping center. If the current hot rumor is correct, it will be presented with a fait accompli that rebuffs neither of these proposals.

We have always yawned our way through every change the name" campaign in our community, but, may be right to try again — this time, of course, the support of Messrs. Sosnow and Schwartz, about a name that's really way-out — something, perhaps, like "So and So Discount Homes?"

Our Education

By Samuel Hecht

Has been said that, next to war, education is perhaps our most important goal.

In many years ago, the Jericho school system consisted of a "little school house." Today, as a result of a steady increase in enrollment brought about by rapid expansion in housing, the school system has grown to include a senior and junior high school, three elementary schools, and four under construction. Enrollment for the year 1961-62 will reach 3,000 students. As goes on, this will expand, the steady increase in the quality of education, our school tax has risen commensurately. Specific accomplishments in education desired most by our community, and this also applies to neighboring districts, are: better college preparation and intellectual and social development of the individual student. The all-around goal may be summed up as: quality education; that is, youth acquire the knowledge and skill and sensitivity to be useful, well adjusted individuals.

Through to a large extent the local leadership and initiative, and in fact does, emanate from the school system, the sure of leadership and initiative should also flow from the community to create a true partnership.

Each year, the Administration has an elaborate program to enlighten the parents in each grade level of the elementary, junior and senior high schools. Although these programs are directed to virtually all questions which parents might have asked, nevertheless, the programs were not attended.

To carry out their role and responsibility, the parents should

endeavor to inform themselves fully and be active in all areas of education. A great deal can be accomplished in these directions by attending School Board meetings, attending the various school functions open to the public, participating in the educational programs of the P. T. A., giving studied consideration to matters of budget, bond issues, elections, and referenda, and by exercising the right to vote. Through such activities, the residents will be better able to communicate to the school system their attitudes, opinions, and desires in school matters and at the same time help to establish a climate which will tend to encourage successful school operations.

The Board of Education and the Administration should know what the residents desire. The community should know what the Board and the Administration are thinking and doing. The responsibility for this understanding and knowledge is a mutual one. Schools are in a large measure the product of the entire community.

160 Organize Lodge Here

After many months of meeting as the Jericho Social Club, 160 members thoughts of becoming an arm of the Knights of Pythias, has finally become a realization. Tuesday night, Mar. 21, a warrant was issued by the Grand Lodge, Knights of Pythias, and Jericho Lodge #846 was born. This new non-sectarian organization will strive to live up to the creed of the order of the Knights of Pythias: Fraternity, Charity, and Benevolence. They announce that their ranks will commence on Monday evening, April 10, at 8:30 P.M., at the Jericho Fire House, and will welcome any new members. Past Chancellor Jack Levine was designated Special Deputy Grand Chancellor.

Civic Bd Endorses Library Here; Backing Carin, Stein for School Bd Cast Set for Middle of Night

By Vera Mark

"What part are you trying out for?"

"All of them, I need the practice reading."

"Shall we dress for the part? You know, dresses, not slacks."

"I won't even notice."

"I will not grey my hair."

"Come on, try out, what've you got to lose."

"He'd be perfect as the son-in-law." "Uh,uh, more the husband type."

These and other bright thoughts crackled over the telephone wires "C Day" (casting day) on Mar. 14, but that evening we were all business, as our Director, Sy Syna, of Actor's Studio, said, - "Let's begin the reading."

Three tense hours later, TWENTY-FIVE would-be actors held their breath as Mr. Syna said,

"I have a cast!" The Manufacturer..... Jerry Neuhaus; The Girl, Dale Berg; Sister, Mimi Reff; Daughter, Isabel Davis; Son-in-law, David Mark; Mother, Honey Fischer; Kid Sister, Ellen Bauman; Friend, Betty Goldstein; Neighbor, Adele Zorn; Husband, Harold Ecker; Widow, Blanche Karpel.

"Wheeee"

"I just can't believe it, I finally got a part."

"Congratulations, you read magnificently."

"If this den had a high ceiling, I'd jump for joy."

"It's the first time I ever read for a play, and I got a part."

"So who'll be stage manager?"

The "Middle of the Night" will be presented by the Jericho Players, of the Birchwood Park Civic Assoc., on Friday and Saturday evenings, June 2nd and 3rd.

Civic Dues Are Now Due

By Horace Bernstein

Your financial secretary reports that bills for the coming year are now in the mail.

You will note that the bill is broken down into two parts with a total payment as always of \$5.00. Most members are NOT aware of the fact that the fiscal year of the Civic Assoc. runs from April 1 to March 31 of the following year. This has always created some confusion in the payment of dues in as much as most people are accustomed to paying on the first of any year.

In order to change our fiscal year to coincide with the calendar year, it is necessary to have a constitutional amendment. This would change the due date of dues from April 1st to January 1st. For this reason, and in anticipation of this constitutional change being approved by the members, the bill reads "period from April

1 to December 1961; \$3.00; from January to March 1962 \$2.00; Total \$5.00."

This simply means that you pay the \$5.00 NOW and when the change goes into effect, you will then have credits of \$2.00 for next years dues, and thus on January 1, 1962 your dues for that year will be \$3.00.

The \$5.00 dues you pay enables the Civic Assoc. to carry on its many and various functions for all its members. We sponsor a Youth Group that meets three days a week at the Jackson School, and a golden age group for our senior citizens so that they can find and enjoy the companionship of people their own age. Our art and dramatic groups give the members an opportunity to bring out their hidden talents. Our bowling league meets every Monday night and affords over 100 members a night out with the Boys. The VILLAGER, one of the more popular accomplishments, is sent to all members each week. Here you read about your neighbors and learn what we in the Civic Assoc. are doing to make life better in Birchwood. Our Syoset and Jericho Education Committees are constantly alert for changes in school policies and are conscious of the dollar drain school taxes can be. These committees voice our views at school board meetings and recommend to them the opinions of our residents.

Town Planning meets to see that this Community lives up to the standards we take pride in. We aid the fringe areas in protecting their rights against adverse outside elements. We are at present planning to erect entrance gates at the three major entrances to our community. This takes money. We expect with the approval of the members, and with money donated from outside groups, to be able to see this become a reality.

The Board of Directors, Officers and the Civic Assoc., are always ready to help when the need arises. We must have your help. Will you not pay your dues now and help us keep up the service we have maintained during the past six years.

The Sisterhood of Reform Temple Or-Elohim will hold a big bargain merchandise Bazaar, Friday, April 28th from 10 A.M. to 6:00 P.M., Saturday April 29th from 7 to 10 P.M., and on Sunday, April 30th from 10 A.M. to 6 P.M. at the Birchwood Shopping Center in Jericho.

The Bazaar will consist of the following merchandise, and all merchandise can be bought at low discount wholesale prices. Men's and boys clothing, ladies wear apparel, girls wearing apparel, children and infants wear, sporting goods, jewelry, drugs and cosmetics, records and phonographs, stationery, books, party goods, nursery plants and flowers, giftwares, food fair, and there will be a candy, and hot dog counter.

Arranges Outing

At its regular meeting on Tuesday, March 21st, the Board of Directors of the Birchwood Civic Assoc. at Jericho Inc., voted to endorse the establishment of a Jericho Library. The referendum on this proposal will take place on May 2nd. The Board further voted to make the Civic Association's mimeograph and addressograph facilities available to the Friends of the Jericho Library, and to finance four mailings to The Village of Birchwood Park.

At the recommendation of the Jericho Education Committee, who had investigated all candidates for the two vacancies, the Board of Directors unanimously voted to endorse Dr. Art Carin and Gilbert B. Stein. A special committee is to be appointed to implement the Board's vote; i.e., to consider publicity, etc., to further the election of Mr. Carin and Mr. Stein.

A letter was sent to the Syoset School Board, at the recommendation of the Syoset Education Committee, advising the School Board that the Civic Board is opposed to the School Budget as presented in the March 6th mailing, and requesting a meeting with the School Board before the budget is finalized.

The Town Planning Committee was instructed to investigate the reports that a discount store is to be built in the second section of the Birchwood Shopping Center. The Committee is to turn its report over to the President and/or the Chairman of the Board so that appropriate action can be taken with respect to the Town Board and the Jericho Joint Civic Council. Bob Straus of the West Birchwood Civic Assoc., who was visiting the Board meeting, offered the co-operation of his organization in this matter, and reported that a letter had already been sent from the West Birchwood Civic Assoc. to the reported tenant requesting information re architecture, etc.

There is to be a General Meeting of The Civic Assoc. in the very near future. Watch THE VILLAGER for an announcement of time and place.

Hi, Neighbors

MURIEL SUGARMAN

It is so nice to welcome the Springtime and once again see our neighbors. All those who hibernated in the Winter are outside beautifying their lawns!

The Dambers and Thomasauers just returned from Grossingers. Pearl and Harry Burtoff are leaving for a Florida vacation.

Speaking of Florida, reminds me of the excitement at the J.J.C. Sisterhood Raffle Luncheon last week when the drawing for the trip

to Florida took place. Out of the thousands of raffles sold, who should win, but one of their own members -- Shirley Meshekow of Merit Lane. It couldn't have happened to a nicer girl!!!

Ellen Saunders of Oakwood St. was thrown off a horse and injured. Happy to say that she is now feeling better.

Best wishes to Fay and Irving Weiner of Flower Lane on their son Larry's Bar Mitzvah and to

Lee and David Batterman also of Flower Lane, on daughter Saura's Bar Mitzvah.

Sincere condolences to Valerie Sher on the loss of her Mother.

High scorers at the ORT Bowling Party was Verg Mark and Stanley Rader. Both received beautiful plaques.

Harold Greer of Hightop Lane deserted his car pool because he just got a snazzy Bianchi.

Happy Birthday to Annette Belodoff, Milton Cohn, Sharon Newman, Eileen Pinkus, Ellen Rader, Debby Kornblum and Sharon Lerner.

Bon Voyage to Anita and Mac Cushing of Friendly Lane, who are taking a cruise to the Caribbean.

The Hymans and the Blakers have a busy month. Sheila and Sidney Hymans and Bernice and Buddy Blaker celebrate their anniversaries this month; and Sheila, Sidney, and Debby Hymans, and Bernice and Joyce Blaker also celebrate their birthdays. Congrats to all.

The newest gold rush is for tickets to ORT's fabulous "Silhouettes of Spring" luncheon at the Villa Victor on April 22 at 12 noon. All the Jericho lovelies are lining up for tickets to a delightful French meal and fashions by Arlene Levitan with accessories by Adele Kauff and hats by Renee. Call Joan Raeder at WE 8-0383 for tickets... they're only \$4.00!

The mysterious east has come to Jericho. ORT is having an open "Chinese Auction" meeting on April 11. We'll be meeting at the home of Pearl Laddy at 26 Briar Lane. Join us at 8:30 PM for this newest game of bargain hunting. It'll be lots of fun.

Call Annette Belodoff - OV 1-1342 - if you want "Exodus" tickets for April 26th. She is the Chairman of the J.J.C. Theatre Party and she has only a few tickets left.

A recent painting by Marilyn Kaplan, of 26 Birchwood Park Drive, was selected by the Country Art Gallery in Westbury to be included in their New Talents Show of 1961. The show is on exhibition through April 5th. A member of our Birchwood Art League, Marilyn also exhibited recently at the North Shore Arts Center in their annual Art Competition, and in Hicksville with the South Shore Art League.

I'll end this column with wishes for a Happy Passover and Happy Easter; and to all the kiddies on vacation, have lots of fun.

AROUND THE DISTRICT By Joe Koerner

JR. HIGH SPORT O'RAMA

Regarding this one without the benefit of having a bag-full of adjectives close by, would be like asking a man to cross the wild Atlantic in a 8 foot rowboat. Obviously, both would be an almost impossible feat and for this reason, the word, "terrific" must take precedence in describing this combination, "Ed Sullivan, Show" & Baum & Bailey, 3 ring circus.

The Sport O'Rama, staged and presented by the Jr. High, Boys Phys. Ed. Dept., will undoubtedly be the best in school history as one of the most interesting of show- ever staged on a Jr. High level. John Ash, head of Phys. Ed. dept. and his assistants, are indeed im- plemented for produc- ing an amazingly flawless pro-

Five girls to hot-shot athletes to be paid for 25¢ admission; with the prodding to the Student Council crowd of enthusiastic, estimated at about 500, and to greet the performer.

turned up the audience, with prayers and chants, that were reminiscent of "Germania" on days when the Kaiser's troops were soiling the bloody flowing through the streets, were left, unaffected, by the agenda, came Charles, who handled the introductions for the upcoming basketball game between the graders and the Jr. High. Then, the Jr. High players, Perki and Howie Schack, borrowed on lend-lease from Sr. High, handled the game. Like men to the whistle. The score at half time was 28-27.

on in, a man headed 6 eyes to take in all the action. Charles McAuley and Bruce Deveran, performed on the trampoline...Bill Kraft, Alyn Lewis and Tom Judge gave the parrallel bars a stiff workout and Robin Winkle, John Tranchina, Ed Welkman, James Tautt and Bob Romanek, showed their skill on the horizontal Bars. After a 3 ring act, each of these teen age gymnasts, took a turn at individual specialties.

Possibly, judging any, one performer as best in show would be an almost impossible task but in all fairness, this lad, Arlyn Lewis, performing on the parallel bars, is slated for stardom in future Olympics. He has everything a champion gymnast might need.... Ability, grace and the poise of a seasoned pro. According to coach's Meyer & Berg, this had been one of the finest groups of gymnasts they ever had the pleasure to work with. Honorable mention must go to Bill Kraft, our 7th grader, who did so, performing all events. Bob Rasmussen also has some plaids for his "muscle-grinding" hit on the horizontal bars.

Last but not least, came the final half of the basketball game, with the sentimental favorites, 9th graders, ending up on the short side of a 68-57 score. Height was the deciding factor here, with a lot of standout play on both sides. These kids went all out for Coach Dick Hogan but just didn't quite bring home the victory bacon. Here once again is the tough task of picking out the outstanding play-

er....This time it has to be, 9th grade Bruce Dammun.... This kid has the unerring ability of reading a basketball backboard, like a fortune teller reads the palms of a hand. His opponents height doesn't faze him in the least and with his amazing sense of timing and knowing the exact direction that ball will bounce, he can come up with the rebounds, 4 out of 5 times. This kids', 3 feet higher than the tallest, 6 footer when he's in action on the court.

All in all, an amazing exhibition of teen-age talent & another reason to be proud to this Sport 'O' Ramas' sponsor, the boys Physical Education Department at the Jr. High School.

**GIRLS' BASKETBALL
TEAM UNDEFEATED**

According to Girls' Basketball coach, Barbara Cunningham, the Jr. High team finished on the

HCTA BASKETBALL GAME

"We'll clobber em", was the emphatic statement, issued by "Lonesome" George Karadenes, to the captain, leader of the 1st floor book-room and star forward for the "Hodcarriers". And by them, we presumed he meant, the scheduled opponents for the evening, the elementary school teachers in the district. Secret workouts, have installed the Jr. High faculty, Hodcarriers as 80 p.c. favorites but word has leaked out that the elementary quintet have a few dark horses in the stable. The coach, however, is tight as the skin on a base drum. Inside information has it that the fix might be in and the bookies are staying clear of this one. "Stompin Stan" Kellner, Hodcarrier co-captain, trainer, bench jockey (best friend the N. T. U. Wildcats, softball team, ever had) has the squad under close surveillance, so that no contact can be made with the point spread bookies.

Don't forget to attend this episode.

SUPERINTENDENTS

Take a
peek at
\$300,000,000

That's what we're spending in 1961 to bring better telephone service to a growing New York State

If, like our friend, the sidewalk superintendent, you've ever stopped and looked at a new building going up, you've probably felt a little thrill of excitement at seeing so much purposeful activity.

We hope you'll feel the same way when you look at what we're doing in 1961 to expand and improve New York State's telephone service.

Here are some typical examples of what the \$300,000,000 will go for:

- ... to install some 280,000 new telephones and the wires and switching equipment needed to back them up

- ... to equip half a million more New York State phones for Direct Distance Dialing. This will enable customers to dial nationwide from almost 9 out of 10 of the phones we serve

- ... to maintain, modernize and improve existing communications networks

- ... to provide improved room-to-room communications for your home and a mechanism that can dial calls for you automatically. Also equipment that will enable the new electronic business machines to "talk" to each other over telephone lines.

In New York City, we will continue our program to build complete telephone central offices into some of the larger new buildings and also at International Airport. These multimillion-dollar installations will save space for customers, cut down on time for changes in service and bring more flexible service to an increasing number of industries.

We will continue work on a new \$25 million building on 10th Avenue, needed to furnish additional long distance facilities to the metropolitan area and parts of neighboring states.

The \$300,000,000 we will spend this year is more by substantial margins than the total investment of all but a very few of the largest businesses in New York State.

It is an important contribution to the State's economy, for these dollars not only will provide work for telephone men and women, but will also mean purchases from other businesses throughout the State, and jobs and wages for their employees.

This big investment shows how important it is that an organization have the financial strength to plan and build for the future—the profit incentive to venture into new fields.

For the telephone user, these things are the best assurance of an ever-improving communications service at reasonable cost.

New York Telephone
