High Fires For Volunteers

Fires caused considerable damage in Hicksville during the week as volunteer firemen made 14 calls, including one ambulance, in eight days. Damage resulted from a fire at 6 Primrose Ave., (see picture) and the sheds of McElraevy & formerly Griffin and Rush shortly after midnight, Saturday. A plumbing supply fire, involving a box call, first alarm, companies were confronted with flames and smoke pouring from windows, doors and the all-reach roofs of supply sheds on PL.

First action in putting into any stream appliances were made for knocking the blaze almost immediately to the where final extinguishment overhaul activities could be out. Of prime concern for the west and south which were protected by handlines. Although the flames were under control in short order after the

call at 12:25 AM, the firemen were still on the scene with mop-up operations until 3 AM when Chief Walter Werthessen ordered the apparatus back to headquarters. Alarms during the week included: April 11 - barn at Plain-lawn Cemetery, considerable; garage at 137 East Ave., minor; washing machine at 8 Story La. no damage; brush, Kansas St. Apr 12 - oil burner, 35 Alpine La.; oil burner, 9 Glow La.; Apr 13 - car, Bway and Marie St; Apr 14 - false, Box 233; Apr 15, brush, Cantigue Road; Apr 16 - ambulance call to Meadow Brook Hospital; car fire, Acme Taxi, east; Apr 19, oil burner, 85 Blueberry Lane.

Bulletin At Presstime:

County to Acquire PW Acres for Park

The County of Nassau proposes to acquire the entire former Press Wireless acreage on the east side of Cantigue Road, Hicksville, for a County Park by condemnation. It was learned as the HERALD went to press. The announcement was made by John Frogge, WYFI news director, late yesterday.

Purchase of the 117-acre tract plus 8 other acres for a total of 125 would solve a number of local problems, particularly one for the school district which had been concerned with the area providing building sites for upwards of 400 homes.

While the land is currently assessed at a shade over \$6,000 an acre, it is known the present owner had asked the school district \$30,000 an acre for a ten-acre school site. Frogge reported that Supervisor John J. Burns had requested that the item be placed on the Board of Supervisor's Calendar for May 1st.

OPEN LAND in northwest section of Hicksville when it was the site of transmitters, beamed world-wide, for Press Wireless. The towers are now all gone, the station is out in Suffolk.

Foundation Cites Educational Program

Walter W. Schreiber, secretary of the Board of Education, and Allen S. Carpenter, Board president, this week urged all residents to be sure to take advantage of final registration days for voters, Apr. 22 and Apr. 26, so they may cast their ballots on May 3.

Schreiber and Carpenter are candidates for re-election. The committee of citizens urging their re-election pointed out today that Schreiber's position on educational and financial responsibility is a matter of record. His stand on each

issue has been published for the past three years he has served. Carpenter's position is even more 'exposed' because of longer tenure.

Carpenter and Schreiber are running as a team for re-election. This does not mean, their friends point out, that you cannot vote for one without voting for the other. It means that Schreiber is asking his supporters to also vote for Carpenter and that Carpenter is asking his supporters to also vote for Schreiber.

The stature of the Hicksville Schools during their tenure as members of the Board of Education is reflected in the authoritative comment on Hicksville's foreign language and science programs singled out by the Fund for the Advancement of Education established by the Ford Foundation.

A book published earlier this year by the Fund, "Encouraging the Excellent" and authored by Elizabeth Paschal, made the following comments on the Hicksville, NY, Public Schools:

Encouraging Excellence

Within the past few years, as a result of world events, the American public has become increasingly aware of the deficiencies of education in sciences and foreign languages. The concern of the country has been manifested through the enactment of the National Defense Education Act with its special subsidies for improving instruction in these areas. Even before the enactment of this law the Hicksville Public Schools had turned their attention to the new programs to improve their students' competence in these important areas.

In the experimental program, able students are given the opportunity to begin in the first grade study of one of four languages: French, Italian, Spanish, or German. The same language is to be continued for twelve years from the primary grades through

program under these conditions. The candidates stressed the fact that positive action must be taken to alleviate these abuses harmful to the education of our children.

Mr. Sabatella, who is opposing Allen Carpenter, was graduated from Manhattan College, received his Master's degree from New York University, and is presently studying for his doctorate. He has been a life long resident of Hicksville, engaged in many youth and community civic activities. He has been in the teaching profession for many years, also serving as an administrator. At present Mr. Sabatella is principal of the Bethpage Sr. High School. He has a daughter graduating from college and a daughter graduating from Hicksville High School. He has two other children in fifth and

Opposition Sees 'Harmful Abuses'

The following news release was received in behalf of D. Francis Sabatella and Edward Jackson, candidates for Hicksville School Board:

Both candidates for the Hicksville School Board have accused the present incumbents of following a policy of "piece-meal planning" that has proven wasteful and costly to the taxpayer and harmful to the educational program. Double sessions and overlapping sessions have been in effect since 1955 and the present Board of Education has admitted that it will continue for an indefinite period. Children presently enrolled in school can look forward to spending most of their educational lives in our public schools under this arrangement. The temporary classrooms have proven neither economical nor flexible. It is virtually impossible to improve the educational

Dear Jean:

Received the nicest "thank you" note from MRS. CHARLES KLEV-ONSKY of Field Ave. on the little item we used about her husband who has been seriously ill. She tells us that he is still very ill and we are sure all his friends and neighbors are praying for his recovery. Both he and his wife are long time residents of Hicksville. One of our little teen-age friends, RICKY ROSS, son of Mr. and Mrs. Tony Ross of E. Barclay St., is a patient at Manhasset Medical Center, having had an emergency appendectomy on Monday evening. Get well soon, Ricky. Sorry to hear that MRS. FRED J. NOETH, Twinlawn Ave., is a patient at Mercy Hospital. Finally got that address out of "MOM" BERGIN of Park Ave. Now our boy Tim, who is overseas with the U.S. Army, can read all the news of his home town. Did you pass the Jr. High School, Friday evening? It was indeed a pretty sign, all the girls and boys dressed so nice and formally for their dinner - dance, ROBERT BONAZZI and JACQUELINE NOTO, were chosen King and Queen of the affair. We remember this royal couple when their moms wheeled them in their baby carriages. The MAP HOLDEN as a fast guy - he had that broken window fixed in nothing flat. Gee - hope you haven't forgotten the Spring Dance of the Hicksville High School Alumni Assoc. its tomorrow (Fri.) evening at the Old Country Manor, Old Country Rd., starting at 9 p.m. Why not try to attend and enjoy a good time? So sorry to hear that MRS. RUTH PATON of Fifth St. is confined to her home after a bad fall. Hope at this writing Ruth, you are up and around again. You know, you can't keep a good gal down. JOHNNIE VAI, manager of Walters Liquor Store, W. Marie St., tells us there will be a dance to benefit the Westbury PBC on Sat. evening, Apr. 22 at the Westbury Hotel. Anyone from Hicksville interested in attending will find tickets on sale at the door. Patrolman CHARLES VAN WINKLER of Hicksville, is in charge of the Unit. Our congratulations and best wishes to Miss JOAN FINN, daughter of Mr. and Mrs. Harold Finn of Jericho, who became the bride of William Heller, Jr. of Carle Pl on Apr. 8, at St. Ignace R.C. Church, Hicksville. Now our congrats to all the newly engaged couples - Miss JO ANNE TERESA LEE, daughter of Mr. and Mrs. Felix Lee of 58 Briarwood Ln., Plainville, to Navy Petty Officer Wayne P. Barlow of E. Macchia, ME.; Miss LOISANN KILDEY, daughter of Mr. and Mrs. Edward Kildey of Bethpage to Frank Stuck, Jr. of Pittsburgh, Pa.; Miss CAROLYN ANN REIFF, daughter of Mr. and Mrs. Emil Reiff, 125 Second St., Bethpage to Hugh P. Todd of Miami. MRS. HERBERT REICHEIMER of 4 Salem Ct., Plainville, has won the title "World's Best Wife" awarded by the National Home Improvement Council recently at its convention in Cleveland. Mr. R. is the nationally known home modernization contractor with offices located in Hicksville. Our sincerest sympathy to the SARLI family of Division Ave., on the recent death of their mother. Also to the ROSSI family of Bethpage on the death of their mother.

WILLIAM J. CAMPBELL, director of research in Hicksville Schools, has been invited by President KENNEDY to attend a meeting of his Committee on Employment of the Physically Handicapped in Washington on Apr. 27 and 28. EDWARD J. MORRIS, Hicksville Democrat leader, and Judge FRANCIS DOMOVAN also Hicksville were among the judges of the Grand Tournament sponsored by the Catholic Forensic League of Rockville Centre at Chaminade High School last Saturday. JOE BOSLET, reading about EDDIE TEVERINI's projected trip to Japan as a representative of the local Rotary Club, wonders aloud: "They wouldn't let IKE visit Japan, so how come Eddie?" Watch for an important news-story breaking within a matter of days regarding the former Press Wireless property. It should please a lot of people. Some years ago Hicksville civic workers tried to get LEVITT to build and donate schools to the community when he erected 2,000 houses here in about 12 months. It was too good from here to there. Now we read that SAILOR GANTO, community developer, have done just that in Madison Township, New Jersey and BILL LEVITT has given a two-wing school to his New Jersey community. It wasn't so far fetched after all, LARRY.

Theodore Roosevelt Republican Club of Bethpage holds a square dance on Saturday night, April 29. The same evening the Jericho Republican Club is holding a buffet and dance at the Jericho Country Club. Happy birthday to BILL BRAUN who celebrated his on Monday. Just back from Maine. Two high school senior boys were injured Monday evening, taken to Meadowbrook and then returned home the next day. They suffered cuts when they ran into the high school front door and broke the glass. "Space Exploration", a lecture-movie, will be presented by the Hicksville Library Assoc. at the Library this Friday evening at 8:30 PM. Prof. PAUL LIBBY of Brooklyn Polytechnic will discuss facts and speculation on missiles and space travel. Admission is free.

We hear the Knights of Columbus is aiming for a date early in June for the official opening of their new clubhouse at Heitz Pland and Bay Avenue, Hicksville. American Legion Post is scheduled to hold a membership vote shortly upon plans for the expansion of their building on E. Nicholas St.

The LI Sports Car Assoc. notes its 10th anniversary gymkhana at Mid Island Plaza on Saturday, Apr. 29, from 8 AM in the parking field. . . . JESSE MITTLEMAN tells us that Nassau Press will be breaking ground in the next three weeks for its new building on the site of the one ravaged by flames at 27 W. John St. Occupancy by October is expected. We'll have a picture in print soon. . . . Less than 20 people took advantage of the opportunity, yesterday, to check on their school voter registration by calling the District Clerk's office.

Hearing Expert For Sr Citizens

If you have a hearing problem you are cordially invited to join the Senior Citizens of Hicksville, Inc. at their Wednesday, Apr. 26 meeting, from 1 to 4 P.M. at the American Legion Hall, 24 E. Nicholas St., Hicksville. Mrs. May

Fuller, executive director of the Hearing and Speech Society, Y. Minn., will be on hand with an interesting program on hearing difficulties and will administer free tests to all those present to determine the extent of unseen hearing handicap.

Assoc Protests

A meeting was held Sunday afternoon by the Bloomingdale Property Owners Association to protest the possible issuance of a permit by the Oyster Bay Town Board, for the operation of a Go-Kart Track. The permit was applied for by the Farmers' Market in association with Allan J. Reiner, ME. Many serious objections to the Go-Karts were raised, such as: the undue amount of noise in the area, increased traffic, disturbance of the peace of the neighborhood and the resulting decrease of property value.

The hours of the proposed Track would be 11 A.M. to 11 P.M. daily and 1 P.M. to 11 P.M. on Sunday. The constant amount of activity of this nature would tend to create a carnival atmosphere. It would be an undesirable activity so close to a residential neighborhood, the Assoc. said.

Something Must Be Done

recommending the approval of the proposed Jericho School for 1961-62, the West Birchwood Civic Assoc Board of Directors is the only course possible. The budget represents the diligent work of a dedicated group of persons on the School Board and their efforts as to what monies are needed to provide a proper education for children. The budget as presented is moderate and certainly does not add any extra "frills" to our educational system. Yet, it involves an increase of over \$1 per \$100 of assessed valuation. How come? Well, this is the same situation facing almost every fast growing district in the state. It is our feeling that the ultimate tax for education in Jericho will not be decided by a school board or on budgets.

It is a problem concerning the need for increased state aid to education. We urge that the residents of this area contact Assemblyman J. J. Fehrenbach and State Senator Henry M. Curran, our representatives, to insure that they are cognizant of the increased educational burden. The NY State Legislature and office of the Governor, be it Democrat or Republican, must be impressed with the fact that something must be done to eliminate the constantly spiralling tax rates.

Let's say, support the School Budget. Vote yes! But something must be done.

Vote for Carin and Stein

Positions for the Board of Education are to be filled on May 1. For the post now held by William Kochmeyer we endorse the candidacy of Dr. Arthur Carin who is well known to West Birchwood residents as a sincere hardworking member of the Civic Association. The position now held by Martin Penn, we endorse Gilbert Stein of Jericho Park. Both Dr. Carin and Stein have been unanimously elected and have the unanimous approval of the West Birchwood Civic Board of Directors.

Our opinion they will make excellent members of the School Board. They are both deeply concerned with the education problems of our burgeoning school district and their attitudes are flexible. With the election of Dr. Carin and Stein, all Jericho residents will be assured a determination in the quality of able men now on the School Board.

Vote Yes on Prop 5

much has been said over the past year in favor of the establishment of a Jericho Library that it would be anticlimactic for a detailed account of the proposed library -- budgeted at about \$7.50 per home per year -- now and next year at about \$10.00 -- represents the beginning of a new climate in Jericho. The proposition has been endorsed by the West Birchwood Civic Assoc and East Birchwood Assoc. It is the backing of many prominent residents of the area. The Friends of Jericho Library, who have labored many hours to bring this project to our community, represents a cross section of Jericho residents of the communities of White Birch, Oakwood, East Birchwood, Birchwood and Princeton Park.

We need a library now -- we will need it even more in the future. EYES!

Personality Spotlight

Janice G. Nito

Jane Schreiber has resided in Nassau County for close to 25 years of her life. That's right, her community of D.C.P.'s (Displaced City People), Jane's personal record is as rare as a who doesn't get excited when the Good Humor Man arrives. She was raised in Nassau, and attended in Nassau (elementary and high school in the Woodmere School District). Her children were born in Nassau. One is in school in Nassau (and she will, soon). Her husband, even has his business in Nassau.

It is largely because of this rooted familiarity with sunny, coupled with a fiery determination to improve every aspect of education, that we find today as the sole woman, late for a position on the school Board.

I feel very strongly about the education of our children and she says, "and I'm not happy with what I see. I think that the children deserve attention -- and the facilities school boards are often preoccupied with the physical plant surrounds the students, I think it'd be more concerned with the heads than the frilly architecture that their eyes."

It is that schools have become a focal point of her life for years. For instance, she took

Jane Schreiber

an active part in educational affairs during the 8 1/2 years she lived in the Hericks School District. And one of her first thoughts upon settling on Orange Drive two years ago was to join the Education Committee of the civic assoc.

Working with this group has also provided Jane with a familiarity with the functioning of the school board, and a good knowledge of the way its complex operation affects every resident of the district. The convinced her that she would contribute something valuable, so she decided to toss her bonnet in the ring and run for one of the two vacancies that opened this year.

How does she feel that she would do the school board? "A woman's viewpoint would be refreshing," Jane states. "As a (Continued on page 6)

Monroe Farber resides at Martin Court. He is a Research Engineer with Fairchild Camera. He is an alumnus of Rensselaer Polytechnic Institute and NYU graduate school. Abraham Eismann lives at Maytime Drive. He is a Biochemist with degrees from University of South Dakota and L.U. He is chairman of the Jericho Community Blood Bank, a Mason and a member of the Knights of Pythias.

Background of Dr Arthur Carin

Dr. Arthur Carin, candidate for the Jericho Board of Education, attended Brooklyn Technical HS where he majored in science and mathematics. He was graduated in three years from the University of the State of NY with a major in education and a minor in science. He taught for four years in Great Neck Elementary Schools.

He left Great Neck to accept a full time college teaching position at the University of Utah. While teaching full time, he earned a doctoral degree in 3 yrs. His college position at this time was supervising student teachers and training teachers.

Ass't Professor at Queens College for the last 3 years in teacher education.

He is working on a book of Science for the Elementary School Teacher and is Science Consulting Editor for Charles E. Merrill Book Co.

He was recently elected to the leadership in American Science publication.

He recently supervised his students in the Jericho Elementary Schools. He has been chairman of the Education Committee of West Birchwood Civic Assoc, since its inception. He is a member of the Bd. of Directors of the West Birchwood Civic Assoc. He is also chairman of the Lay Advisory Committee for the Cantigue Rock Rd. School.

Because of the above items coupled with his position on the staff of Queens College, Dr. Carin feels that he can contribute to the Jericho Board of Education by:

1. Bringing an excellent background of experience and specialized training to the Board of Education that can assist them in matters of curriculum and administration.

Dr. Arthur Carin

2. Being available with many free hours to visit in the schools and in general contribute to the educational processes.

3. Assisting the Jericho district in recruitment of the best teachers available, by virtue of his unique position in the profession and the resulting contacts he has made.

West of Bway

A candlelight ceremony was held on April 5th at the home of Genevieve Miles, 130 Maytime Drive, to install 15 new members into the Catholic Women's Guild of Jericho. Any Catholic women interested in joining the Guild may contact Helen Peterson at OV 1-8552.

It endorsed Art Carin and Gil Stein for election to the Jericho School Board, approved the proposed school budget, recommended voting against proposition no. 4 -- \$38,000 for landscaping and baseball diamonds, voting against proposition no. 7 to increase bus transportation from 10 to 12 miles. It recommended yes votes on them remaining propositions.

In approving the school budget it was noted that almost one half of the proposed increase was due to two items which the school board has no control -- the overpayment of said aid of \$64,000 by the state which must be repaid by law this year, and the anticipated \$100,000 principal and interest payments on the Cantigue School bonds.

The Civic Assoc board in recommending voting no to increase bus transportation to 12 miles felt that this would in effect give a blank check cost for this item.

The Board in recommending yes on proposition no. 5 reaffirmed its complete support of a Jericho Library.

President's Message

By Carl Denny

There is a strange situation existing in our community. Men discuss at length what stock their Investment Club should buy, investigate and argue the advantages against the disadvantages and finally after much debate decide how their Ten or Twenty dollars a month should be invested. Yet, when the School Board says, "you will now pay Ten or Twenty dollars a month more on your taxes," it is just accepted. There is no investigation, no interest as to why, there is just blind acceptance.

Our Civic Association has tried to make the community aware of some of the current problems. There was a general meeting called to specifically discuss some of the most important issues of the community and yet the general air is one of apathy. What will it take to make the members of our Association get off their hands?

The Board of Directors and the various committees are working diligently on many of the community problems, but we need and must have help from the membership. Our community problems are just beginning. If you are at all interested in what is happening, why not attend one of our Board meetings, or better still, why not volunteer for one of our committees.

I will also ask that any problems concerning our community be brought to my attention. We will do our job but we also ask that you do yours.

mother I'm concerned that many classes haven't enough books to go around. As a mother I'm aware of the day to day shortcomings of the teachers and the curriculum. A man's awareness of these things is necessarily second hand. I think it would be a good thing for the school board to receive a first hand report of what's going on from a woman with children in the system."

Ten Pin Talk

by Henry Dockswell

Once again the Comets have
rolled over their opposition. This
time it was the hapless Woodchop-
pers who were hooted back into
the cellar. In no uncertain fashion
these rampaging Comets came up
with a fantastically new high team
series score of 2,438. This how-
ever included the 100% handicap
spot.

Next victims on the Comets list
are the struggling Flubs, (my team)
whose inconsistency this second
half of the season has given Cap-
t. Len Walnick many a sleepless
night.

Three men hit pay dirt this
week: Al Rizzo bowled 206, Sol

Elliot Spencer 202.

Time to Remember

Are you interested in your chil-
dren's schooling? Then the place
for you is at the "Know Your
Candidates" forum at the South
Woods Junior High School on April
27, at 8:30 p.m.

Soon you will be electing candi-
dates to the School Board.

The P.T.A. Council of Central
District #2 renders a service to
this community by preparing a
brochure aptly called "Know Your
Candidates," which contains short
biographical data on each candidate
for the School Board.

This year you will be electing
four School Board members. Three
full terms (3 years terms) and one
year unexpired term in Syosset due
to the resignation of Mr. Allen
Hubbard. The three year positions
are located respectively in Locust
Grove, Syosset District and Wood-
bury District.

The brochure will be distributed
throughout the community prior to
the "Know Your Candidates" for-
um. A committee of the P.T.A.
Council has prepared two questions
that will be discussed by each of the
candidates at the "Know Your Can-
didates" forum on April 27th. They
will be permitted five minutes on
each question following which there
will be a general question period.

ON A SATURDAY, in the latter part of April, a door to door bumper
strip campaign will be launched in the Jericho School District. Children
who are now going to Jericho High School will solicit every house in the
District and will sell bumper strips for the Jericho High School Scholar-
ship Fund.

Arthur Seides, Fund Chairman, shown purchasing the first bumper
strip from Gayle Pincus, a student in the Jericho High School, stated
that the financial success of this campaign is vitally important in order
to insure the continued success of the Scholarship Fund.

full balance—no minimum, no maximum.

Only a full-service bank like the Franklin—can meet all your banking needs. Won't you stop in soon at your nearest office and open a savings account—and while you're at it, why not get a better understanding of the dozens of other services available.

It's Your Problem, Too!

By ALLEN S. CARPENTER

On May 3rd it will again become your obligation to join in the selection of school board members, and to pass judgment on next year's school budget.

From approximately 12,500 homes in our community come some 13,000 children to our 10 public schools. Our total population is now estimated at close to 50,000 persons.

ONLY 3,500 PEOPLE ARE NOW REGISTERED AND ELIGIBLE TO VOTE. THE COST AND IMPORTANCE OF EDUCATION DESERVES GREATER PARTICIPATION ON THE PART OF OUR PEOPLE. I am writing to you because I have reason to believe that you too share my viewpoint in this matter.

I am vitally interested in education, not just education as such, but the SPECIFIC EDUCATIONAL OPPORTUNITY WE ARE PROVIDING HERE AT HOME IN HICKSVILLE. I believe that we can, as a Nation; be no better, no stronger, no wiser, no more able than the people of our communities. I believe that if we are to continue to be a great Nation, a great People, we must at least SHOW SOME SMALL SIGNS OF GREATNESS RIGHT HERE AT HOME, IN HICKSVILLE.

We have no right or reason to expect other communities to do more than we are willing to do. If we are to continue to produce world leaders in Science, in Education, Government, and in business we must be willing to provide the EFFORT and the MONEY necessary to encourage and prepare our children for a future, in which if we are to survive as a great Nation, they must be the leaders, THE GREAT MEN.

With a little effort you can help a little with a little more effort you can help a great deal. Check among your friends and neighbors, locate those who are "Letting George do it." ENCOURAGE THEM TO REGISTER AND TAKE SOME RESPONSIBILITY FOR THE DIRECTION AND SCOPE OF THE EDUCATIONAL PROGRAM IN THEIR CHILDREN'S HOME TOWN.

The school board is sending cards to all who are now registered, and within a few days the 1961-62 budget brochures will be sent to every home in Hicksville. The rest is up to you!

PLAY BALL DEPT.

Up base-ball, featuring a few punting blunts, some smart bunting and not being over-anxious at the plate, gave the Hicksville J.V. nine the opening win. Back to back walks, with the bases loaded opened the floodgates on the batters. The Hicksville batters, kept the eyes off the fences and took advantage of the Syosset hurler's wildness. Bill Luft & Rich Hagan rapped out a pair of singles, the only hits for the home team. Luft's was a scorcher, through the hole between short & third, had the affect of pulling the ball from under the Syosset hurler's feet. Hicksville's starter, Ray Sissburger, was in a little hot water at the start but after settling down, fashioned a respectable 4 hit, 1 run, 1 walk, 1 error game. Marty Winkle & Vinnie Hagan shared the catching assignment. Final score... Hicksville 9, Syosset 2.

BASES LOADED WITH COLETT'S

It was only a practice game for the Hicksville Varsity vs Levittown. A wad of money happened to note, that the bases were loaded with Colett's. Christy held out for a walk and joined two brothers, Vinnie and Frankie, at the bases. It's a good thing the opposing pitcher wasn't this phenomenal state of affairs. In another Varsity practice last week, Bruce Cerone pitched a 4 hit, struck out 11 and threw the duke to a hot-shot by the Syosset hurler. Watched left hander, Bruce Dunmound in an intra-squad game last week and according to J.V. coach, Harry Renn, "all this kid's in control, to be a winner." High's coach, Dick Hagan, said a key player is back in the team. Bruce Damm is this and he's one of the best we've ever had the pleasure to meet. A real pro in the game and personality department. We sincerely hope that a ulcer doesn't keep Bruce out of the active list for too long a spell.

H.C. ANNUAL DINNER

Hicksville Classroom Teachers Assn., are scheduled to hold their annual dinner at the Old Country Rd. Manor, Friday night, May 4th. A number of prominent civic leaders have been invited, some of which include Dr. Wallace E. Lamb and Supt. Donald Abt. Our J.V. coach, Ray Curran, also stated that an invitation had been extended to Assemblyman Edwin Arenbach.

MEDICAL PLAN

An estimated 300 interested souls will be out Saturday morning at the High Auditorium, to gather on the proposed, extended medical plan. A 75% participation is needed to put this plan in operation and it is hoped that the meeting didn't mean that the majority wasn't interested. We repeat, again, this is a medical bargain, with the employer subsidizing either of the three plans, at the rate of \$7.62 per month. All

plans (Blue Shield, H.I.P. & G.H.I.) are the best medical insurance, that money can buy. The problem remains the same; choose the one that fits the individual. A spokesman for the medical groups represented, stated that applications will be distributed as soon as possible. General information on questions recently asked... As of this writing the 5 point plan is still under discussion and the semi-monthly cost for the 55 year retirement plan, is approximately 50% more than the normal 60 yr. plan.

JR. HIGH 9TH GRADE, DINNER DANCE "FANTASY"

Once again we have the pleasure of reporting, an extravaganza, which is well above the ordinary. The event, this time was the 9th grade, dinner dance, "Fantasy", held Friday night at the Jr. High Boys gym. It's almost impossible to believe, that the planners of this yearly function, could possibly out do themselves on a year to year basis. Last term the dance had a tropical setting. This year

It was fantasy-land, complete with paper-mache caves, spiders and webs, statuesque and all the other trappings of never-never land. Compliments, indeed, must go to Math teacher, Ted Magrum and Home Ec. teacher, Roda Moskowitz, who collaborated to stage this unforgettable night for the 9th graders. An estimated 750 persons attended the affair and approximately 700 dinners were served in the cafeteria side of the bldg. The menu was prepared by the Jr. High kitchen staff under the supervision of Miss Barbara Fenerty and Mrs. Beatrice Buxton. The serving was done by the parents of the 7th, 8th and 9th graders. Tickets had been sold for \$1.50, covering the cost of the meal, with all other expenses incurred, being taken out of the Student Council Fund. Instrumental music teacher, Don Sitterly and his hardy band of "Beachcombers" provided the music. Dinner-dance, King and Queen candidates were, Bob Bonazzi, Bruce Theil, Bill Hunt, Richard Lee, Marie George, Melody Priceman, Jackie Noto & Pat McNeil. Bob Bonazzi was voted, King & Jackie Noto & Pat McNeil. Bob Bonazzi was voted, man Ted Magrum, wishes to thank

one and all, at the Jr. High for the splendid cooperation extended, the week prior to the dance. A special oak leaf with clusters, will be presented to shop teacher, Murray Fink and his students for their above and beyond efforts in constructing the frame work for the entrance cave. (He suffered a nervous breakdown; half-way through the machining of the wire with the paper) The cave collapsed on a number of occasions but all turned out well. The art dept will be honored with a "leaf" for meritorious service and the "oak" award goes to "Savatore Dall" Guerriere, day custodian, for his abstract painting of the cave rocks. (He got 78 different colors out of 4 shades of gray, fell off the ladder 9 times and caused "Grandma Moses" to

start filling her retirement papers) Seriously though, a memorable production that should hold the spot-light and live in the memories of the departing 9th graders.

STOCK RACES START

This Sunday afternoon, April 23, at 2:15 P.M. Myke Collins will wave the green flag and the 1961 season will get under way at the Freeport Stadium. The exciting stock car races will start the new season with Sedans, Novices and women's cars.

Look what's new since you last looked at Falcon

new Falcon Futura by Ford COMPACT COUSIN OF THE THUNDERBIRD

This week, something new and wonderful stands out in your Ford Dealer's showroom. It's the Falcon Futura, new luxury version of America's favorite compact—an exciting, new personal car! Try the comfort of custom-contoured twin front seats—take in the gleaming trim, the glowing colors, the deep wall-to-wall carpeting. And notice the custom console for personal effects... right at your finger tips—between the front seats. Only the men who designed Thunderbird could have created this masterpiece.

Economy where it counts! For all its elegance, Futura never forgets its Falcon breeding. Its engine is the famous Falcon Six, that proved its economy when a Falcon with standard transmission obtained 32.68 miles per gallon in this year's Mobilgas Economy Run... the best gas mileage ever obtained by a 6- or 8-cylinder car in the 25-year history of the Run! For those who are more performance-minded, Futura also offers a zesty, new 170 Special engine.

Priced where you want it! The new Falcon Futura gives you all these luxurious features... yet it's priced way below other luxury compacts—even below some standard compacts! Who could ask for anything more? The new Falcon Futura is at your Ford Dealer's now. Look it over—and look out for your heart!

Look How Custom Console... between Futura's individually contoured front seats, provides finger-tip storage for personal effects.

high school. The expectation is that with an early exposure to the audio-lingual approach to language, followed by instruction in reading and writing the foreign language beginning at the fourth grade level, the student will, by the time he enters high school, be ready to study foreign literature as such and to read in the original language works which the average high school student knows only in translation.

The Hicksville teachers have developed syllabi for the four languages through seventh, eighth, and ninth grades, and have been developing data on the basis of which selection of children for the foreign language programs can be made with assurance. They have been giving attention to such questions as the relationship between the child's ability to read in his own language and his mastery of a foreign tongue, the influence of a mastery of foreign language on other learning, and the degree to which competence in one foreign language facilitates a working command in another. Many of the written materials the school has prepared have been made available to school districts interested in initiating similar programs.

The science program in the Hicksville schools is based on the concept that many students are ready for work in this field far earlier than schools have assumed in the past. They have developed a three-year sequence in chemistry for grades four through six which includes preliminary experiments and study of principles, and a two-year sequence in junior high school grades seven and eight.

In June, 1960, the students who had completed either of these sequences were tested by the Ameri-

can Chemical Society-National Science Teachers Association Examination in High School Chemistry Form 1959. The forms for this test are based on the scores of more than 8,000 high school students throughout the country who had completed two semesters of chemistry. The scores of Hicksville pupils were compared with the norms for 3,600 high school juniors who had completed four to six semesters of mathematics but no physics before taking the chemistry course.

The results of the test were striking. Fifty-four of the ninety-three sixth grade pupils who had completed the three-year sequence did as well or better than the median grade of high school juniors. About nine percent of the sixth graders were in the 90-94 percentile rank. Thirty-six of the thirty-seven Hicksville eighth graders who had had the two-year sequence did as well as half the juniors in the norms, and twenty-seven percent were in the 95-99 percentile.

Also, in 1960, a group of junior high school students who had less than two years in the program took the New York State Regents examinations given to senior high school chemistry students. Ninety-seven percent passed it and the median and mean grades were about 85.

Similar elementary school and junior high school sequences are being prepared in physics and will be evaluated as the chemistry courses have been when students have completed the work.

The Hicksville schools believe that the most able students will be able to complete the usual school program plus two years of college work within a twelve year

period when the curriculum has been changed to offer them opportunities to move ahead as rapidly as their capabilities permit. As a part of the experimental program, an effort is being made to determine the attitudes of all pupils in the pilot science courses and their own estimate of what contributed most of their success or failures within the program. This will help in revising the work for future classes.
