Chamber Supports Planners for Mitchell

Willsboro Chamber of Commerce has joined the growing list of organizations and prominent leaders of business and industry who are working hard to get a Mitchell Field as an airport for small, non-jet private and corporate planes. Chamber President James Schwartz disclosed that the Chamber adopted a resolution, in support of this project as a recent general membership meeting.

Michael Field is closing this road as an Air Force Base because it is no longer required by the military. A press conference on Monday arranged by the LI Posters for Mitchell Inc was told explicitly that the Air Force is not using the base for any reason, hazardous.

on Swanson, president of elements for Industry Inc of the city, is chairman of the committee for Mitchell. He told the press at the Sky Club, Roosevelt Room, that the primary reason why the Air Force is closing Mitchell was its inability to be used for combat operations. As a matter of fact, the Air Force lists Mitchell in the 'extremely safe' category."

eters on the panel pointed out that since Mitchell has closed its air base, commercial airlines and jetliners circling Nashville landings at the International Airport have been permitted to fly 1,000 feet lower than before. Numerous complaints of jetliner noise has been voiced in recent weeks since the big planes flew over Hicksville area at 1500 feet instead of 2500.

Wait All Night To Register

A large group of teenagers waited on line overnight in front of Hicksville High School on Division Ave to sign up for summer school, Monday morning. Some were on line from 10 PM Sunday and many others arrived as early as 6 A.M.

It was not due to a sudden thirst for additional schooling during the summer but because enrollment for Driver Education is limited to a first come, first served basis, with 90 openings. Actually, enrollment for summer high school is continuing this week during regular hours until Friday. Classes start July 5.

The pre-dawn line up has been experienced in previous years and it is reliably reported that some ambitious youngsters have put in time on the line to get a position number and then in turn transferred the ticket to some one else for a slight fee. Other hustlers earned fear of a quarter or more getting containers of coffee from local diners for those who wanted to keep their places in line at the school house doors.

Who Said It Couldn't Be Done?

CLIPPING from Japanese language newspaper telling of the autograph book which Edward Teverini took to Tokyo where, after much difficulty, he obtained the personal insignia of the Emperor. The clipping included the picture, at left, showing the page bearing the Imperial "take" or "bamboo."

The achievement was also reported in detail in the English-language Japan Times on June 6.

Teverini Plans to Spread Name Of Hicksville Around the World

Edward E. Teverlin of 11 W. Marie St., Hicksville, recently returned from Tokyo where he accomplished what almost everyone told him was "impossible," has future plans that will keep him busy until 1962. He plans to add to the Hicksville Rotary Club's "Impossible" autograph book, which contains President John F. Kennedy's signature as well as the personal insignia of Japan's Emperor, the signatures of the Rotary governors of the 50 United States plus those from 79 countries and nations of the world where Rotary International is active.

The name of Hicksville, N.Y., was noted at the Rotary Club meeting last week by President Aaron Rochman when the club received Teverini's official report of the International Convention at Tokyo, is now well-known in 57 countries which Teverini has visited.

He left New York on May 19 by airplane for San Francisco, went on to Honolulu, changed airlines and continued right on to Tokyo. On Monday morning, May 22, he was at the American Embassy where he first got a bewildered question from an official: "Mr. Teverini, do you realize what you are asking?"

For the next several days the answer was the same from both American and Japanese authorities: it is impossible to get the autograph of the Emperor of Japan.

After a few days of this, he appealed directly to the Imperial House News Staff. It was only after he came in contact with Sabura Matsukata that things began to improve. After seeing the Hicksville Rotary autograph book, Matsukata said "I will see what I can do."

More days passed, credentials were exchanged, pictures were taken and finally he got the word to bring the album to the Imperial Household. He cancelled his scheduled US-bound flight for June 12. He was admitted to the presence of the Emperor and Empress of Japan. He met many distinguished personalities.

It was on June 6, just minutes before his departure for home that Matsukata returned his album.

The Japan Times of June 6 told the story: "Although everyone else thought his idea crazy, the Emperor considered otherwise. He stamped his personal insignia on the 'bamboo' in Teverini's autograph album."

The handsome autograph book with its gold-inscribed cover and parchment pages was prepared by Gualdo Gervasi of Paramus, N.J., Severini's nephew after careful research.

Teverin is currently planning return trip to Japan. He brought back with him a quantity of Rotary International Convention stamps which sell for \$1 each. Each one purchased, he plans to match dollar for dollar, with proceeds to be sent to an orphanage in Japan. He also has ambitions to arrange "Hicksville Day" in a Japanese city.

EDWARD E. TEVERINI, delegate of the Hicksville Rotary Club to the Rotary International Convention in Tokyo, proudly exhibits some of the banners he collected from Japanese clubs during his 30,000-mile trip. His proudest achievement was the "Impossible", obtaining the personal autograph of the Emperor of Japan.

Is Nassau County "Planning" Community Suicide??

An open letter to the Nassau County Planning Commission and to every resident interested in full employment, reasonable taxes, safety from crippled planes and an escape hatch to the mainland in case of disaster.

Mitchel Field will close as an Air Force Base this month, after a long and honorable career as one of the safest Air Force fields in the world. For Nassau County's 1,300,000 residents it is a golden opportunity to acquire, at no cost whatever, our first and only airport for small, non-jet private and corporate planes which will:

1. Attract new job-providing and tax-paying industry, and assist our present industries to get and keep contracts.
2. Provide us with a civil defense field from which our citizens could be evacuated or supplied with medicine and food if a nuclear bomb on Manhattan or any other disaster destroys our bridges and tunnels.
3. Give us a place where overseas aircraft in trouble could land instead of among houses.
4. Restore the former flying pattern of noisy Idlewild jets, forcing them to fly higher and avoid the central Nassau area.

HOW IMPORTANT IS YOUR SURVIVAL TO YOU?

Major Alexander P. deSeversky, a long-time Long Island resident and the founder of Republic Aviation Corp., which has provided jobs over the years for thousands of Long Islanders, and the most accurate prophet of the air age (General Douglas MacArthur said of deSeversky: "All of his statements, all of his predictions, have been proved eternally right.") says: "BURAUCRATIC PLANNERS ARE URGING US TO COMMIT COMMUNITY SUICIDE BY DESTROYING THE ONLY AIRPORT AVAILABLE FOR THE 1,300,000 RESIDENTS OF NASSAU COUNTY. THE SAME MENTALITY THAT OPPOSES AN AIRPORT AT MITCHEL Fought the extension of the Long Island Rail Road because sparks from its engines started fires from every viewpoint — FULL EMPLOYMENT, ECONOMIC, NATIONAL DEFENSE, SAFETY AND COMMUNITY RESPONSIBILITY — NASSAU NEEDS AN AIRPORT. I AM CONVINCED THAT WHEN ALL THE FACTS ARE KNOWN, THE PEOPLE OF NASSAU WILL FIND A WAY TO MAKE THIS ONE POSSIBLE."

Planners for Mitchel asks the Nassau County Planning Commission, the duly-constituted Government body charged by the Nassau County charter with mapping Nassau's future, to consider these facts:

- ★ Suffolk County, with half of Nassau's population, has eight airports. Nassau has none.
- ★ More than 100,000 people signed petitions to retain Mitchel Field as a base for heavy military jet aircraft. Obviously, these 100,000 people would have no objection to relatively quiet, non-jet private or company aircraft.
- ★ 305 civilian plane passengers ARE ALIVE TODAY because 35 crippled aircraft were able to land on Mitchel Field instead of among Long Island houses since 1949. How many of the people in those homes are alive today because Mitchel was there is a question they might ask themselves.
- ★ Nassau County can acquire Mitchel for a limited-use, public airport AT ABSOLUTELY NO COST, if the County officials will accept it from the Federal Aviation agency promising to operate an airport.
- ★ An airport would require only about 500 acres of Mitchel, leaving over 600 acres for industry, colleges, hospitals, parks and other worthwhile community purposes.
- ★ One single nuclear bomb dropped on Manhattan would destroy every bridge and tunnel to the mainland and the three airports in Queens, completely isolating Long Island. If Mitchel Field is plowed under for a housing development, how do we evacuate Nassau's people? How do we bring in medicine and food?
- ★ Wherever a community has established a public airport, employment, new industries and incomes have increased. Westchester County airport is home base for a fleet of 225 planes operated by some of our country's largest corporations.
- ★ Nassau's industries have demonstrated, beyond all doubt, their urgent need for air transportation to get and to keep contracts.

We feel that these compelling facts leave the Planning Commission no choice but to accept this \$35,000,000 aviation facility for the benefit of Nassau County and urge the Commission to take such steps as are necessary to make a Nassau County Airport at Mitchel Field a reality.

Respectfully submitted,

Stoll Acquires Own Building

Charles H. Stoll who has been practicing law in Hicksville since 1909, has acquired the former post office building (more recently Laffey Dept. Store) on Broadway just off of the Rail Road crossing. Plans to move his law office to the Professional Building, 4-5th Ave. in September. Associated with the Charles H. Stoll office are Aaron L. Rochman and Vincent Frontero. Judge Stoll and the HERALD his office has been on the top floor of the 4-story Professional Building since 1938.

The former post office, and more recently retail store, has been remodeled into office suites and there is about 1500 feet of space available for lease beyond his own requirements plus four apartments. The building has been named the Stoll Building. It is apparently not in the path of the proposed temporary rail road tracks which will be laid on the north side of the present right of way while the crossings are eliminated.

DANCE RECITALS HELD

ONCE AGAIN, The Jr. High stage was the scene of another exceptionally fine dance recital. On June 17th, the "Joyce Louise Dance Studio, presented their dance recital: "From Bach to Beatinik"...Featured were 75 students of the "Joyce Louise School of Dance," plus a number of professional singers and dancers. The proceeds for this affair went to the PTA Scholarship Fund.

This past Saturday, the small fry took over the footlights. The Marge Williams Dance Studio, presented their Danceorama, which was co-sponsored by the Hicksville Alumni Assoc. The proceeds for this affair will help to defray the expenses, for the Senior trip to Washington next year. Approximately 50 members of the Marge Williams troupe, ranging in age from 3 years and up, brought down the house on a number of occasions, with part of the estimated 400 spectators joining in the stage finale. In both recitals, a good time was had by all and the coffers for the association mentioned were the proven beneficiaries. An interesting side light for me was my meeting with little Bobby Williams during the Saturday afternoon rehearsal. Bobby, son of Mr. and Mrs. Williams of the Marge Williams studio, is an avid, aficionado of the audio-visual set...He directed the stage lighting and projection booth spotlights during rehearsal with the joy and abandon that an old wall-rus gets out of basking in the Art sun! Bobby will be joining the crowd entering the Jr. High next fall and I sincerely hope that he gets the opportunity of working with Hal Davidson, head of the Jr. High Audio Visual department.

Well---I guess that just about taps out the news for this column.

Vol. 2 No. 21

AN EDITORIAL

Our First Graduating Class

Jericho High School graduated its first senior class Sunday. While most of us are concerned more with the elementary schools we suggest that a glance at the first yearbook in Jericho High School will be amply rewarding.

We were impressed with the fine looking youths of the graduating class not only from the standpoint of appearance but from the record of scholastic achievement and extra-curricular activity.

For those of us who have had their fill of school budgets and school board elections, a look through the yearbook should encourage us to hope that the time and money spent on developing our Jericho School System is paying off in rich scholastic dividends.

Don Bucwald

Leading the senior class is president, Don Buchwald, son of Aaron and Frances Buchwald, 23 Sullivan Drive graduated from Jericho High School in the first annual commencement held Sunday, June 25th in the auditorium of the High School.

Don, a member of the National Honor Society, was a class speaker at the exercises. He will matriculate at Cornell University where he expects to study journalism.

Other members of the graduating class from West Birchwood are: Leonard Segal, National Honor Society; Richard Babelf, Ronald P. Ferrara, son of John and Kitty Ferrara, Sullivan Drive, Robert Haig Kechejian, Robert M. Klein and Robert Koebele, son of Mr. and Mrs. Carl Koebele.

Sincerely,
(Mrs) ELSIE POST
Secretary.

Princeton Park Reporting

Mr. Seymour Berkman,
Editor-in-Chief of West Birchwood News.

Dear Mr. Berkman,
I wish to express the appreciation of our membership of the Princeton Park Civic Assoc. Inc. to you for your kind offer of help and co-operation to us. It is indeed very kind of you to suggest that we may have the opportunity of having our business matter printed in your paper. As you are aware, we are a small group, having only ninety five homes occupied at this time. Unfortunately, we have not been able to interest anyone in as far as our new home are concerned. However, we have hopes of improving community interest when we resume our meetings in the fall. At this time we hope to promote the MID-ISLAND HERALD and Birchwood News to our members.

Your kind offer was reported at our meeting last night. Also we had elections of officers, of which I enclose a list that you may publish. We are looking forward to a very pleasant relationship with West Birchwood.

The Westbury Hills Jewish Center welcomes the opportunity to say hello to its neighbors in the community and wish you good luck and happiness in your new homes.

Perhaps you have not heard of us but we are a young modern synagogue located in Temple, 160 families in all, located in close proximity to all of you. (Very shortly, it will be within walking distance to many).

We have just celebrated our first anniversary and would like to acquaint you, very briefly, with our Temple and its function in the community.

We are recognized and affiliated with the United Synagogue of America. Our accredited Hebrew school is conducted by qualified professional teachers, and is located on the Temple grounds which is 150 yards south of the new Cantiquae Elementary School, now under construction. This school will serve the children of the West Birchwood Area and will enable them to walk a short distance to our Hebrew School.

Our membership dues, which include High Holy Day Tickets of the family, is \$75.00. The tuition for Hebrew School is \$75.00, of the first child of the member family, and \$60.00 for each additional child. Preparatory school classes on Sunday mornings is \$25.00 per member child.

We have an active Sisterhood and Men's Club providing its respective members with many

social activities.

President's Corner

By Carl Denny

The basic theme of this week's message is that things in general are going along fairly well. The maintenance of Rockland Drive is well on its way to completion. The Sump has assumed a new esthetic appearance, concrete curbs and sidewalks are repaired or are in the process. The dumping situation has been all but alleviated, so by and large the Civic Association can hold its head up high.

The Civic Assoc. is pleased to announce that The Little Theatre Group held a successful meeting last Wednesday and their plans for the next production will be announced in the immediate future. To those of you who unfortunately missed the Groups last presentation, may I respectfully suggest that you make plans to attend right now.

There are plans being made by the Social Committee for a summer get together, among the thoughts being entertained are, a swimming party, theatre party, an outing to Bear Mountain, but regardless of what outing is decided on, why not contribute to its success by attending?

It's official. Comedian Mort Sahl is now persona non grata on television. His presence on the postage stamp screen will be regarded in much the same fashion as a communist in the C.I.A. He has been relegated to the comparative obscurity of expensive opium dens whose inhabitants, presumably, are beyond corruption.

Nonetheless, Sahl holds forth eloquently during his stay in a New York nitery. The night of the Con Edison failure, Sahl remarked, "It was bound to happen, you know. Power corrupts."

Sahl rose to fame, I like to think, on one of the funniest lines ever heard in the movies. He wrote it himself. As a Marine lying in a foxhole on a Saipan beach (in Technicolor), the shells were bursting about him with an intense vehemence. Suddenly the field phone rang and Sahl, the Marine, answered, "Hello, World War II."

Sahl had some unkind words to say about the American Medical Association. ("They're against anything which will cure you quickly.") The Cuban prisoner-tractor exchange ("I'll donate, but I want to know who I'm getting.") Jackie Kennedy ("They shouldn't have to send an old lady like Mrs. Roosevelt to Havana.") and Richard Nixon ("I'd like to see his face when he fills out the mortgage application for his new home. Previous occupation? Why did you leave this job?")

Perhaps, one of the best lines in Sahl's current show was when he showed the audience a picture of Kennedy and MacMillan on the front (Continued on next page)

Bowling Club Ends Season

The West Birchwood Bowling Club has concluded its first season of competition with the Gorillas taking top honors, finishing far ahead of the field. The "Apes" include B. Wernickoff, Capt.; H. Pike, R. Bashe, S. Goldberg, C. McDonald, and A. Friedland.

Individual awards were garnered by the following: Hi-Average, M. Sherdlow; 2nd Hi-Average, L. Steffel; 3rd Hi-Average, S. Rosenbaum; Hi-Series, R. Bashe; 2nd Hi-Series, S. Levine; 3rd Hi-Series, M. Kerschner; Hi-Game (tie) S. Albin, and C. McDonald; 2nd Hi-Game, S. LoPiccolo; 3rd Hi-Game, W. Silverstone; and the most improved average, A. Friedland.

The award and dinner night was held on June 3, at the Huntington Town House, with everyone having a ball.

The club proved such a success that they expanded from 10 to 12 teams, and have extended the season to a full 36 weeks.

This coming season your local athletes will be bowling on Wed. night at 9:15 p.m. at the Mid Island Bowl.

In an added touch, the Gorillas presented the bowling club with a 3 foot high championship trophy to be transferred from season to season to the winning team captain. The name of the winning team will be inscribed yearly. Space has been left for the next 30 years, the duration of the maximum mortgage.

Catholic Women Stage Luncheon

The Catholic Women's Guild of Jericho held a New Mothers Luncheon and Fashion Show on June 14th at the Maine Maid Inn. The Casual Shop of Mid-Island Plaza, Hicksville, presented the fashion show, with Guild members modeling the array of summer clothes.

The Guild also held a most enjoyable Family Communion Breakfast on May 21 at the Venese Coach in Syosset.

Members are now looking forward to a Square Dance to be held at the Jericho Fire House on July 8th at 8:30 P.M. A recording personality, Don Durlacher, will do the calls and he promises a wonderful evening.

There will be a Family Picnic at Sunken Meadow Park in August. The next monthly meeting will be in September.

Suburban Gardener by Ralph Pignataro

This year as almost always, lawn problems are baffling many people. With all the different type ailments that affect lawn grasses, each should be analyzed in a step by step procedure.

At this time, the disease affecting lawns most is fungus. If you are already treating your lawn for same and your lawn is still brown, check it for chinch bugs as they are becoming active now. For chinch bugs control—treat with

Diazinon. Continue applications for both fungus diseases and chinch bugs periodically throughout the hot summer months.

If your lawn was very thick this spring and then suddenly white seed heads appeared throughout your lawn and now your lawn has thinned out badly, you probably have quite a bit of poa annua or annual blue grass. This type of blue grass germinates in the spring and sprouts a white seed head. However, as soon as warm weather hits, it dies leaving your lawn very sparse. The only way to rid your lawn of this weed is to reseed your lawn every fall until no trace of poa annua is found each spring.

SHRUBS

Prune and shape all evergreens now to maintain a desirable shape. Be sure to use Dieldrin to control against taxus weevil which are very active now.

Jewish Centre Installs Lubitz

Before an audience of well over 400 people, Herman Lubitz of Maytime Drive was installed as President of the Jericho Jewish Center for the year 1961-62, on Sunday June 25. In his acceptance speech, Mr. Lubitz promised completion of the Temple and better relations with the congregation and its officers and Board Members.

Max Koppelman as outgoing president (he served for 3 1/2 yrs) made an inspiring farewell speech and summary of the temple's accomplishments during his term of office. During his tenure of office, the Temple grew from a membership of 100 to almost 500 and a Hebrew school enrolment from 45 to 300 at the present time. The school has grown so rapidly that it was necessary for the coming year to hire a full time Principal who will devote all his time to the

administrative and corrective details of running a school.

Puerto Rico Again

Jericho Lodge B'Nai B'rith announces that by popular demand they have arranged another Thanksgiving trip to Puerto Rico.

As a result of the grand time had by the 98 couples who took the trip last year, many members and friends have asked B'Nai B'rith to schedule another trip rather than one to Nassau.

Arrangements have been completed to AIR JET to San Juan, Tuesday Nov. 21st, and return Sunday Nov. 26. Hotel accommodation will be once again at the La Concha. Total price \$199.50 per person. Only 100 couples will be accommodated. So make your reservations early by calling Jules Krasner OV 1-1329 or Horace Bernstein OV 1-2718.

Hicksville International Little League Play

A FOR DIVISION

Because of an abbreviated schedule occasioned by advance ceremonies in the East St. and Lee Ave. Schools, also postponements due to bad weather on Saturday, the standings in the major division of the Hicksville International Little League are essentially unchanged from last week. Each of the teams in the major division played only one game and due to a game played by All-States Business Products, Trolano Express and sole possession of first place. Perkins Trucking, Kiwanis, Adman Bros. and the L.I. National Bank make up the rest of the league in that order.

In the games that were played, All-States and Kiwanis played to a 6-11 tie. All-States scored 4 runs in the top of the sixth to go ahead by one run but Kiwanis scored one run in the bottom of the same inning to knot it up. The game was then called on account of darkness and will be played in the near future.

Goldman Bros. after scoring 5 runs in the first inning eventually lost to a strong Trolano Express 10 to 5. Masciello was the winning pitcher while Klarin was charged with the loss. Kirsch and Cronin hit round trippers for the bers.

Perkins Trucking, still smarting over a loss to the L.I. National Bank earlier in the year, clobbered Adman by an 18 to 1 score. Nick Schuman in addition to limiting his opponents to 2 hits, hit a home run off the left field screen with two

mates aboard. Skoronski took the loss.

MINOR "A" DIVISION

In a battle for first place last Tuesday evening, the Mid Island HERALD team defeated Maddens 5 to 3. Jack Sharp pitched a very strong game for the Herald as did Charley Bartkus for the losers. As usual the defensive work of the HERALD club brought them the victory rather than their bats. Sharp had 12 strikeouts and Bartkus had 10. Terry Golden with a triple and Kenny Sirlin led the victors at bat with Bartkus and Kevin Murphy getting the big hits for Maddens.

The Hicksville Ramblers keeping pace with the Herald defeated the Amvets 11 to 1. The Amvets had one of those nights where they couldn't do anything right while the Ramblers big hitters led by Jimmy O'Reagan and Gerry Friedman continued their pounding. Bobby Salek was the winning pitcher.

The other two games played were real thrillers from the word go. Farmers Furniture leading 8 to 0 tried to give the game away, but they scored 4 runs in the last inning to eek out a 14 to 13 victory over the Instruments For Industry Club. The winning runs were scored when Tommy Healey tripled with the bases loaded to tie the score and Cory Lee singled him home. Andy Lee was the winning pitcher after relieving Danny Moos.

The American Legion team and the Hicksville Lions engaged in a see-saw battle with the Lions scor-

ing 2 runs in the bottom of the fifth to tie the game at 10 to 10 with darkness halting the proceedings. Steve Palley played good all-around ball for the Lions with Tommy Summers, Billy Whiffen and Kenny Parker leading the Legion team.

Last Friday evening the three way battle for 1st place in the second half continued. The MID ISLAND HERALD thumped Instruments For Industry 11 to 2 behind the left handed twirling of Frankie Barrella and some fine defensive play by the Herald boys. Bobby Wagner took the defeat although he suffered from the defensive lapses of his teammates.

Farmers Furniture, getting good hitting, just managed to hang on and defeated Maddens 11 to 10. The Furniture team is making a habit of getting big leads and then trying to lose. Andy Lee won the battle of pitchers with John Shafer taking the loss. John Genna who recently was promoted from Minor B has been playing excellent ball for the FF club, and is one of the big reasons for their climb in the standings. The Lee boys, Frank Beltrani and Arty Search were also hitting the ball well.

The Hicksville Ramblers conquered the American Legion team by a score of 9 to 7. Bobby Salek and Bobby Harding pitched for the Ramblers with Salek taking the victory. Jeff Morgavero was the losing pitcher. Jay Kaplan had 2 triples and a single to lead the Ramblers at bat. The Legion team, directed by Ed Whiffen, has been having trouble getting squared

away with several injuries and promotions of boys to the majors affecting his club.

The Lions lost decisively to the Amvets 15 to 5 which came as a surprise because the Lions have been playing very good ball. The Amvets have one of the strongest hitting teams in the league, but they haven't been able to consistently put together good pitching with the hitting.

MINOR "B" DIVISION

Richard Reel and Robert Holeman combining their very superior pitching talents, registered 18 strikeouts in a game against Tirecraft. The Hicksville Lions' embryo major leaguers registered every out by the knockout route. In spite of the strikeouts, Tirecraft was in the game until the fifth inning. With the score deadlocked at no runs apiece, the Lions broke lose for 6 hits and seven runs to put the game on ice, 7 to 0. Bob Holeman was credited with the win but he certainly would be glad to share the win with Dick Reel if the records would allow it.

Dyna-Magnetics led by Ted Sack's heavy hitting and excellent pitching arm defeated South Broadway Carvel 11 to 5. Good defense

YOU'D NEVER GUESS SO MANY FEATURES COULD FIT INTO ONE COMPACT WAGON!

A Falcon wagon gives you the longest load-space of any compact wagon...over seven feet long with the rear seat down. At the back end there's an easy-opening one-piece tailgate with a handy roll-down rear window. Inside, soft foam-padded seats front and rear and there's room for six people. And Falcon wagons provide such extras as coat hooks, arm rests, sun visors...at no extra cost. Under the hood there's the famous Falcon Six engine that proved its economy in the 1961 Mobilgas Economy Run when one recorded the best gas for a Six or Eight in the Run's 25-year history. Best of all is the Falcon's low mileage price...as much as \$508* less than other compact wagons. No wonder Falcon is America's best selling compact wagon!

FORD *Falcon '61*

*Based on a comparison of manufacturers' suggested retail list prices for 4-door deluxe compact wagons equipped with radio, heater and automatic transmission.
