

Seeking Director of School Buildings and Grounds Here

Edward A. Lewandoski, Director Buildings and Grounds for Hicksville Schools since 1958, is leaving the District about July 15. He has been offered a similar position at a considerable increase in salary by the Catholic Diocese of Brooklyn.

The Board of Education accepted his resignation with regret at a regular meeting on Friday night. The School Administration was directed to give notice of the opening and seek applicants. It was indicated the salary range may be \$500 to \$850, depending upon prior experience. Anyone interested in applying for the position should submit a letter of application to the Board of Education, Hicksville Public Schools, Newedge Road. A Vita must accompany each letter. All applications must be in the Administration Building by 3:30 P.M., Friday, July 14.

Change To Fords

For the first time since driver education began in Hicksville schools and adult education program 12 years ago, the District will be using Fords instead of Chevlets. The change takes place this month.

Robert Chevrolet which has used the cars in Hicksville schools in the past advised the Board that it cannot renew the contract for the use of driver training cars for 1961-62.

Acting on the recommendation of school administration, the Board will rent two driver training cars from White Griffith Motors (Hicksville Ford) starting July 1 at the same as that in effect with Robert Chevrolet in the past.

Flash At Midnight

There was an air of drama during the final meeting of the Board

for the 1960-61 fiscal year as the hour of midnight approached and the terms of President Allen S. Carpenter and Secretary Walter W. Schreiber expired. Schreiber was not present for the meeting.

At 11:55 P.M. Carpenter surrendered the chair to Vice President Jerry Zettler who carried thru to the conclusion.

Just minutes before midnight, Herbert Johnson offered a motion, seconded by Cornelius McCormack, that the Board go into executive session with new Board members Dominic Sabetella and George Jackson, whose term started July 1, for the purpose of discussing candidates for the offices of Clerk, Treasurer, Auditor and School Attorney.

The motion lost, 3 to 2, with Robert D. P. Eaton and David Hurwitz voting no. The meeting then concluded, just as the hour of midnight was reached.

EATON IS PRESIDENT OF SCHOOL BOARD

Hicksville Board of Education last night (Wed) elected Robert D. P. Eaton by a 4-3 vote as president. A move to re-elect Jerome Zettler as vice president was defeated, 4-3.

Thereafter David Hurwitz was unanimously elected vice president and Cornelius McCormack, secretary.

The newly organized Board of Education fumbled over the appointment of District officers. Action on appointing a Clerk and Treasurer was tabled pending receipt of more applications not later than July 14. The Board motion was particularly stated to provide advertising in Newsday and LI Press, so local readers are getting something they won't see in the dailies for a couple of days.

The Board did take advantage of the option in their contract with Sullivan & Corcoran to extend the services of the school attorneys for 30 days.

About 20 persons were in the audience for the meeting, the largest group in many months including ex-board members Arthur L. Eirich, Robert Goodrich and Allen S. Carpenter.

Five Year Member

Eaton was first elected to the Board of Education on May 2, 1956, on a "ticket" or "slate" which included Arthur L. Eirich and Allen S. Carpenter. While Eirich and Eaton were somewhat close during their joint tenure, the third member of the trio, Carpenter, separated from them to the point that when Eaton came up for re-election he was teamed

with a slate in opposition to Carpenter in 1959.

In 1959 Eaton ran with David Hurwitz, who was elected, and Morton Cohen who tried unsuccessfully to unseat Carpenter.

Eaton's present term on the Board expires in 1962 and he is currently the "veteran" member of the Board in that he has longer tenure than any other incumbent member.

He is affiliated with Grumman Engineering Aircraft Corp. in Bethpage and resides at 225 Lee Ave., Hicksville.

He was first president of the Lee Ave School PTA and thus became acquainted with the new Superintendent of Schools, Donald F. Abr, when the latter was principal of Lee Ave.

Eaton endorsed the candidacy of George Jackson and Dominic Sabetella, together with Hurwitz, in the election of last May.

Hurwitz, an assistant principal of a Junior High School in the New York City Schools, is serving his first three-year term on the Hicksville Board of Education.

He has long been active in the Dutch Lane P-TA and has been identified with various educational-citizen groups in the community over a period of years.

He has been a Hicksville resident about 11 years.

Dear Jean:

A broken glass in the dish pan resulted in Mrs. HERBERT JOHNSEN of 87 Myers Ave., Hicksville, suffering a severe laceration which required seven stitches in her hand, Saturday. The Johnsen's three grandchildren were visitors for the long holiday weekend. Hicksville Republican Club with a Recreation for Teenagers Committee is soliciting jobs for teens during the summer. Inquiries should be made to EUGENE BURKE, 174 Scooter Lane, Hicksville. HERBERT BACKMAN of 8 Brooks St., Hicksville, made the headlines this week with the filing of a suit for \$44,000 by Herby and his partner in an accounting firm against Harry Wismer, owner of the NY Titans, pro football team. Fire Companies 5 and 6 will hold a joint picnic at the Strong St. Firehouse on Aug. 13. HARRY TAPPEN Town Beach and Park at Glenwood Landing which has undergone a \$400,000 improvement program will be officially dedicated Saturday, July 15. Town Clerk WM O'KEEFE will be master of ceremonies. If you don't vote much space in the daily press, but a four thousand dollar payroll was lifted as an official brought the money to a New South Rd industrial plant last week. Two men were waiting in a car and relieved him of the cash. We don't know if it proves anything, but there were 29 meetings of Hicksville School Board during the fiscal year just concluded. There 27 sessions last year, 39 the year before, 48 in 1958 and 70 in 1957. ALLEN S. CARPENTER did what few thought would be possible. He concluded the district business at the June 30 meeting about five minutes before midnight and then, because he didn't want to rely on the accuracy of the school clock, surrendered the chair as president to JERRY ZETTLER, vice president. WALTER SCHREIBER, whose term on the Board also ended at midnight, June 30, did not attend the session.

Is Nassau County "Planning" Community Suicide??

An open letter to the Nassau County Planning Commission and to every resident interested in full employment, reasonable taxes, safety from crippled planes and an escape hatch to the mainland in case of disaster.

Mitchel Field will close as an Air Force Base this month, after a long and honorable career as one of the safest Air Force fields in the world. For Nassau County's 1,300,000 residents it is a golden opportunity to acquire, at no cost whatever, our first and only airport for small, non-jet private and corporate planes which will:

1. Attract new job-providing and tax-paying industry, and assist our present industries to get and keep contracts.
2. Provide us with a civil defense field from which our citizens could be evacuated or supplied with medicine and food if a nuclear bomb on Manhattan or any other disaster destroys our bridges and tunnels.
3. Give us a place where overseas aircraft in trouble could land instead of among houses.
4. Restore the former flying pattern of noisy Idlewild jets, forcing them to fly higher and avoid the central Nassau area.

HOW IMPORTANT IS YOUR SURVIVAL TO YOU?

Major Alexander P. deSeversky, a long-time Long Island resident and the founder of Republic Aviation Corp., which has provided jobs over the years for thousands of Long Islanders, and the most accurate prophet of the air age (General Douglas MacArthur said of deSeversky: "All of his statements, all of his predictions, have been proved eternally right.") says:

"BUREAUCRATIC PLANNERS ARE URGING US TO COMMIT COMMUNITY SUICIDE BY DESTROYING THE ONLY AIRPORT AVAILABLE FOR THE 1,300,000 RESIDENTS OF NASSAU COUNTY. THE SAME MENTALITY THAT OPPOSES AN AIRPORT AT MITCHEL FOUGHT THE EXTENSION OF THE LONG ISLAND RAIL ROAD BECAUSE SPARKS FROM ITS ENGINES STARTED FIRES. FROM EVERY VIEWPOINT - FULL EMPLOYMENT, ECONOMIC, NATIONAL DEFENSE, SAFETY AND COMMUNITY RESPONSIBILITY - NASSAU NEEDS AN AIRPORT. I AM CONVINCED THAT WHEN ALL THE FACTS ARE KNOWN, THE PEOPLE OF NASSAU WILL FIND A WAY TO MAKE THIS ONE POSSIBLE."

Planners for Mitchel asks the Nassau County Planning Commission, the duly-constituted Government body charged by the Nassau County charter with mapping Nassau's future, to consider these facts:

- * Suffolk County, with half of Nassau's population, has eight airports. Nassau has none.
- * More than 100,000 people signed petitions to retain Mitchel Field as a base for heavy military jet aircraft. Obviously, these 100,000 people would have no objection to relatively quiet, non-jet private or company aircraft.
- * 305 civilian plane passengers ARE ALIVE TODAY because 35 crippled aircraft were able to land on Mitchel Field instead of among Long Island houses since 1949. How many of the people in those homes are alive today because Mitchel was there is a question they might ask themselves.
- * Nassau County can acquire Mitchel for a limited-use, public airport AT ABSOLUTELY NO COST, if the County officials will accept it from the Federal Aviation agency promising to operate an airport.
- * An airport would require only about 500 acres of Mitchel, leaving over 600 acres for industry, colleges, hospitals, parks and other worthwhile community purposes.
- * One single nuclear bomb dropped on Manhattan would destroy every bridge and tunnel to the mainland and the three airports in Queens, completely isolating Long Island. If Mitchel Field is plowed under for a housing development, how do we evacuate Nassau's people? How do we bring in medicine and food?
- * Wherever a community has established a public airport, employment, new industries and incomes have increased. Westchester County airport is home base for a fleet of 225 planes operated by some of our country's largest corporations.
- * Nassau's industries have demonstrated, beyond all doubt, their urgent need for air transportation to get and to keep contracts.

We feel that these compelling facts leave the Planning Commission no choice but to accept this \$35,000,000 aviation facility for the benefit of Nassau County and urge the Commission to take such steps as are necessary to make a Nassau County Airport at Mitchel Field a reality.

Respectfully submitted,
LONG ISLAND PLANNERS FOR MITCHEL, INC.

Hicksville Chamber of Commerce Directors meet this Friday morning, July 7, in the meeting room of Seaman & Elstmann at 167 Eway, Hicksville. The present chairperson ROBERT MOSES and the Planners for Mitchel Field recall for us the rumming feud of about a quarter century ago between MOSES and the late ELWOOD A. CURTIS on the matter of changing Oyster Bay Town residents a toll to get to their town beach lands near to Jones Beach. Maybe it is our hearing, but there seemed to be more noise of fireworks this year than in previous years. The youngsters seem to be able to get the illegal noise makers without too much trouble. A lot of the stuff was bought by friendly adults enroute north thru Georgia.

Congratulations to Miss JESSICA RUTH WETTERAU, daughter of Mr. and Mrs. W.B. Wetterau, of 161 Jerusalem Ave., Hicksville, who graduated Cum Laude, June 6, from Deansville College, Collegeville, Pa. Miss Wetterau, who was secretary of her sorority Kappa Delta Kappa, majored in German. She left on a tour of Europe July 4. Also congratulations to Miss PATRICIA KREJCIC, daughter of Mr. and Mrs. William Krejci of 19 Parkway Drive, Hicksville, who graduated from Syosset High School June 25. Pat, who is a member of the Mid Island HERALD Staff, will enter Bellevue School of Nursing, Sept. 19. We wish her all the best.

So sorry to hear that one of our oldest "young friends" PAUL GIAMONACI of Hicks Circle is a patient at Meadowbrook Hospital, for an emergency operation last week. Our get well wishes Paul, you are one of our favorite young boys. Heard this week that the PAUL DENTONS of Twinlawn Ave. Hicksville have moved to Rye, N.Y. Our best wishes, folks, for a happy life in your new home. What's this we hear??? Our Hicksville LONG ISLAND NATIONAL BANK expects to open a branch office in South Huntington, (their first in Suffolk County) sometime during the fall. Our best wishes for success in this new venture. Mr. Koutensky and associates, BILL DANDA, formerly "Fred's Inn", Woodbury Rd., was guest of honor at a sort of good-bye party by the boys last week. We'll have some pictures of this next week.

Usually the holiday marks the official start of summer vacation. But for Shari this year it marks vacation's end. As a member of the first class to enter Antioch College under a new year-round plan of operation, she reported to campus July 5 for a week of orientation before classes begin on July 10.

The liberal arts college, famed for its cooperative program of study-plus-work, is one of the first private colleges in the country to require that all students participate in a full 12-month schedule.

At Hicksville High School, Shari participated in several activities, was a member of the National Honor Society, Phy-Chem-Bi club and math team, and also received a Latin award.

Hi, Neighbors

MURIEL SUGARMAN

Many people are celebrating anniversaries and this column will start off by wishing them many many congratulations. The happy couples are: Bill and Ralph Diamond (20 years); Annette and Sol Belodoff (14 years); Lil and Benson Magon (14 years); and Harriet and Morris Sebowitz (8 years).

National Honor Society. This is a very big honor and is for outstanding achievement.

Congratulations to lovely Bas Mitzvah celebrant, Elaine Resnick, daughter of Marcella and Larry Resnick.

Best wishes to the Stoumans of Bounty Lane, on their daughter's marriage.

The weather was perfect, so over 200 people were able to have fun by being present at the Bar-B-Q given in honor of Jerome Murray. The occasion was a campaign kick off sponsored by the Citizens Committee for the election of Jerome Murray. Among the guests were most of the Democratic candidates for office in Oyster Bay and Nassau County.

The three winners of the Jericho High School Scholarship Fund, together with their parents, were entertained at dinner by the Scholarship Fund Committee at the Millbridge Inn on Tuesday evening, June 27.

Arthur Seldes, Committee chairman, introduced the three students to the members of the Scholarship Fund Committee, and congratulated them on having been selected as the winners. Also present were Dr. Kenneth A. Lant, Superintendent of Schools; Mr. Heller, principal of the Jericho High School, Miss LeVine and Mr. Chaglasian, guidance counselors in the High School.

The three scholarship recipients, having been selected on the basis of all-round citizenship, scholastic grades and need are as follows: Lois Davis of 31 Burke Ave., Carole Langenhagen of 111 Seaman Rd., Georgia Schifano of 550 McCarthy's Lane, Jericho.

All three will attend colleges of their choice in the fall.

The Committee was commended on having done an excellent job this year, and is already planning activities for next year.

During the last LIRR tie-up in Penn station a few weeks ago, Marty Kolen and David Mark bumped into each other amidst the sweating, short-tempered crowds. Instead of sweating out the delay, they followed Marty's suggestion for a painless, and inexpensive, trip to Nassau County.

They went to bus terminal on 41st Street, paid one dollar for an air-conditioned ride to Roosevelt Raceway, and arrived there in one hour. Vera Mark picked them up in front of the club-house by pre-arrangement, helped them resist the temptation of investing in a daily double ticket, and home they went.

Points of History of Jericho

By Herbert Hale

Elias Hicks who later was called an Hicksite Quaker, because he founded this particular order of Quakers, which differed from the common group at that time and this came quite some dissent and embarrassment, yet many Long Island Quakers and other nearby embraced this Hicksite order as their own eventually. Elias Hicks lived many years in Jericho where he died in 1830.

He was a great grandson of Thomas Hicks, a notable Quaker of his day. John and Martha were his parents. His mother died early in life when he was eleven years old, and his father whose family was large had to take care of five children.

At age of seventeen Robert Hicks became apprenticed to a carpenter, who had work in various places so they both traveled from job to job for a number of years in course of their work requirements.

Later Hicks fell in love with Jemina Seaman, who was the daughter of Jonathan and Elizabeth Seaman of Jericho. This was a mutual love affair and after sometime marriage was accomplished at a

solemn meeting at Friends Meeting House at Westbury which was on 2nd of first month in 1771.

They then lived in Jemina's parents house on their farm at Jericho, which was called Lusum in earlier days. Elias Hicks ran the farm for the Seaman Family until their deaths and then the property and farm became the property of Jemina, who was the only Seaman offspring.

At age of 26 he exhibited religious leadership that he followed throughout his lifetime and on March 4, 1781, Elias left his farm in Jericho to travel and preach, going first to Westchester and Connecticut and further later.

He spent a lot of time traveling and his fame as a preacher became nationwide and in 1803 he visited Canada, following his inclination to further the cause. At some places the regular Quakers would not recognize him or his preachments: Also in after years he had a great following. Walt Whitman's parents became Hicksite Quakers as most Long Island Quaker did likewise.

Chase Merges With Hempstead

The Chase Manhattan Bank, New York City, and Hempstead Bank, Hempstead, have jointly announced plans for a merger.

George Champion, chairman of The Chase Manhattan Bank, and Bruce Wood Hall, chairman of Hempstead Bank, stated that the merger will permit the combined institution to bring to Nassau County a wider range of banking services, supported by the resources and diversified facilities of The Chase Manhattan Bank. Under the plan of merger, Hall, chairman of Hempstead Bank, will become a director of The Chase Manhattan Bank and will have general administrative responsibility

for all branches of Chase Manhattan in Nassau County. Hall will also serve as chairman of the Nassau County advisory committee of The Chase Manhattan Bank. Members of the present board of directors of Hempstead Bank will be invited to serve as members of this committee.

The Chase Manhattan Bank, which has 105 offices throughout New York City and 27 overseas, had deposits totaling \$7,578 million on May 31, 1961. The Hempstead Bank maintains 15 offices located over a broad area of Nassau County and as of May 31 had total deposits of \$73.5 million.

Unique Event For Plaza

A most unique and unusual program is General Motors "Chevyland" show—a new kind of free entertainment opening at the Mid-Island Shopping Plaza, Broadway, Hicksville, for a period beginning on Saturday, July 8th, at 10:30 am until Saturday, July 15th, will feature the world-famous General Motors Preview of Progress, an exciting non-technical science show for the whole family.

In Chelyland, children can drive junior-sized Corvettes around a miniature track. The youngsters drive the small two-h.p. gas engined cars themselves, but for added safety the cars also are remote-controlled by track officials.

Campaign Set

George J. Frankel, Community Campaign Chairman, announces that the 1961 Boy Scout Budget Campaign Committee has been organized, and is already functioning. Jerry T. Gold, of Birchwood Park Drive, who is Vice-Chairman of Special Gifts, is recruiting solicitors and preparing lists. Ben Shepps, of Mulberry Court, Vice-Chairman of General Solicitations, is organizing team captains to prepare for the big push. David A. Mark, of Forest Drive, is Publicity Chairman, and Morry Mann, of Birchwood Park Drive, is Auditor.

With such a team, there is every expectation that Jericho will far surpass its quota of \$2800.00 this year.

Civics Encourage Candidates

by George J. Frankel

At its regular meeting on Tuesday, June 20, the Board of Directors of the Birchwood Civic Assoc., at Jericho, Inc., voted unanimously that a committee be appointed to encourage candidates to run for positions on both the Jericho and Syosset School Boards in the next elections. Every effort will be made to interest qualified persons in these positions and to have them elected.

Jerome Murray of Fortune Lane was invited to speak before the Board of Directors on the subject: "Restrictive Covenants Voluntarily Imposed on the Use of Land by Persons Seeking a Zoning Variance"

Mr. Murray, who is attorney for the Oakwood Park Civic Assoc., was in the midst of a legal battle with Michael Forte and TOBAY on the use of the industrially zoned property surrounding the Oakwood Community. Mr. Murray referred to a N. Y. Supreme Court ruling to point out that in a case where a builder or developer promises not to use his land for specific purposes, and this restriction is NOT included in the Town Resolution changing a zoning use, the only persons who can enforce the promise are the persons to whom the promise was made, and that the Town is powerless to help them.

It was suggested by Mr. Murray that in any case where the Birchwood Civic Assoc. obtains agreements to restrict the use of property as a condition to the consent of the Town Board in granting a variance, the Civic Assoc. should make certain that such restrictions are included in the Town resolution of variance so that the town can be in a position to enforce in restrictions. This is a policy that the Civic Assoc. has always followed.

The Board of Directors voted to distribute the profits from the Jericho Players production "Middle of the Night" on a pro rata basis among the various organizations who participated in the sale of tickets.

He graduated from Music and Art High School and holds a Bachelor and Science and Master of Arts Degree from New York University, in addition to a 6th year Professional Degree in Educational Administration. He is presently completing the requirements for the Doctorate in Education.

Kosakoff taught in elementary and Curtis High School in New York City and Hicksville. A world traveler, he represented the American Youth at the International Conference in Singapore. Kosakoff has recently been appointed Principal of the new Birch Elementary School in Merrick, Long Island.

The Fire Horn

Previous issues of the Fire Horn in the Herald have emphasized and extolled the merits of Fire Safety and fire planning in the home. Fire Prevention in this area can only be by educational means, there is no way available to this Bureau to make inspections of the private home other than invitation on your part. With approximately 14,000 homes in the Hicksville Fire District, this becomes a somewhat impossible task with the limited number of inspectors available.

But of the one billion dollar fire loss recorded in this country last year, less than one-half was in the private dwelling. You may then ask yourself, what of the rest of the fire loss? Where does it come from? Better than half the fire loss was the result of fire in business and industrial establishments. The Bureau of Fire Prevention in Hicksville has done much to reduce the business and industrial fire loss locally. Here is an area where the Bureau can operate and function for the benefit of the local merchant. Many business and industrial sites have benefited and profited by our activities. But these are fixed and real hazardous conditions that are uncovered by inspection. The day to day hazardous actions are the same in industry as they are in the home with few exceptions. The home owner who is careless or thoughtless at home can be careless and thoughtless on the job as well.

PERSONAL MENTION

Seymour Moos of 132 9th Street, Hicksville, visited Cimarron City, Monticello, recently with Daniel and Kenneth Moos. A memorable day was enjoyed at the western town and amusement park. The children rode Cimarron Rose, a rail paddle-wheel river boat, visited the Kit Carson animal farm, were "held up" on both the Overland Express Stage Coach and the Cimarron Northwest Railroad, and enjoyed in particular the dramatic historic pageants and street scenes.

New Recruit

ANOTHER BIG REASON BEHIND THE BIG BOOM IN FORD SALES:

No other wagon can match Ford's features (or popularity!)

Here's a whole wagonload of Ford features that only America's station wagon specialists can bring you.

First, there's more room. Ford's extended load deck is the longest and widest in its field. The tailgate opening is seven inches wider than last year, too.

There's more convenience. You can have an electrically controlled roll-down rear window in any Ford wagon... it's standard in all Country Squires and 9- Passenger Country Sedans. In their field, only Ford wagons

have all seats facing forward. There's more distinction. The Country Squire (shown above) is the one and only wagon in its field with body panels that look like mahogany, wear like steel.

There are more savings, too. Ford's Ranch Wagon is America's lowest-priced,* full-size wagon. And like all Fords, every Ford wagon is built to be more service-free: goes 30,000 miles between chassis lubrications, 4,000 miles between oil changes, brakes ad-

just automatically, mufflers are made to last three times as long as ordinary mufflers, and the finish never needs waxing.

STOP putting off that station wagon you've always wanted. SWAP for a '61 Ford wagon now while your Ford Dealer's celebrating record-breaking sales. SAVE with the wagon America loves most... made by FORD... America's station wagon specialists for 32 years!

St Ignatius Continues to Roll

St. Ignatius parish is enjoying enviable success in its competition with other entries in the Catholic Youth Organization Baseball League of the Diocese of Rockville Centre. With four parish teams competing in the Junior, Grammar and Bantam Division it has amassed a total of 25 victories while suffering only two defeats, both at the hands of another St. Ignatius team. The two St. Ignatius entries in the Bantam Division met twice. The result has been a stalemate with each team winning once.

The Blue and Gold entries are expected to end the regular season in a tie which will require a playoff for the sectional championship. The St. Ignatius Blues are presently the hottest team in the league, boasting a record of 7 straight wins after their opening day loss to the Golds. The Golds are still licking their wounds after their prestige-losing defeat at the hands of the Blues three weeks ago.

In the Grammar School Division Charlie Schneider's powerhouse continues to juggernaut its way against all opposition. Over the July 4th week-end they took a 2-1 decision from St. Rose of Lima as Whitey Dentel assured the Blue and Gold of a tie for the Divisional Championship. The next day Red Maler coasted to a 2-8 victory at the expense of Cite of Ars. The undefeated Ignatians now boast a victory skein that has run to nine. They expect to extend this string to ten next Saturday against the pesty Confessors of St. Edwards. However, win or lose, they have already won the sectional championship and must now wait for other sectional winners to be decided. They will then compete for the Diocesan championship. With a strong pitching staff of Maler, Dentel and Hoosack who are undefeated in league competition, the powerful bats of Hack Carerra, Dutch Lang and Dennis Callahan and the sieves defence of their infield and outfield the Blue and Gold have high hopes of bringing the Diocesan Championship for the first time to St. Ignatius.

The Junior entries in the C.Y.O. Loop began their season with a pair of impressive wins at the expense of St. Edwards on Sunday, June 25th. Coach Ralph Dentel called on Ray Strassburger for the opening game and the C.Y.O. veteran responded in his usual professional manner by holding the visitors scoreless. The Ignatius also shut out the Confessors in the nightcap while scoring almost at will. On Sunday, July 2, the Blue and Gold travelled to Great Neck to meet a strong St. Aloysius team. The Ignatians had to come from behind in both games to take a pair from the Great Necks. In the opening game Skippy Rottkamp's triple in the top of the eleventh with two mates aboard helped Ray Strassburger win his second straight game 6-3. He struck out twelve and allowed only four hits in a thriller that saw the score change several times. Coach Ralph Dentel then sent Bullet Pete Martin to the mound for the second game. The Aloysians greeted Pete like a long lost brother as they suddenly emerged from their hitting sllet. Paul Valenti succeeded Pete and they treated him with even greater

affection. However, Knuckles Biasi rushed to the scene and proceeded to silence their bats after they had scored six times. The little Jesuits caught up in the sixth inning when a bases loaded pinch-hit riple by Ray Strassburger spelled victory—the fourth straight for St. Ignatius.

In the Intra-parish competition Walter Nicolls, reports that a real Doneybrook is in the offing in the 9 and 10 year old American league. As they approach the last week of competition three teams have hopes of taking the American League championship; the Burns Avenue Tigers, the North Hicksville Red Sox and the South Hicksville Indians. The Tigers have completed their regular season with a 9-5 record and must now pace up and down in their cages to await the outcome of their rivals' games. A pair of Tiger upsets in the last week of play gave the Red Sox and Indians a new lease on life. Both teams have hopes of winning their remaining games which would deadlock them in a triple tie for first place. Competition in this league has been particularly keen. Expert coaching and team play have born fruit with these youngsters. A fine crop of young pitchers has been developed and the batting eyes and muscles of the hitters have been sharpened and strengthened to prepare these boys for a higher grade of C.Y.O. competition next year.

Hicksville International League MAJOR DIVISION

The torrid race for first place in the Major Division of the Hicksville International Little League continued unabated last week when All-Stars Business Products picked up two highly important wins over Perkins Trucking and Goldman Bros. to move into undisputed possession of the number one spot. Losing ground just a little but still breathing hard on the necks of All-States, Troiano Express split their two games, squeaking by the L.I. National Bank but came a cropper when Perkins Trucking shut them out on a strong pitching performance by Terabesti.

In third place but still very much in the running for first place honors, the Hicksville Kiwanis team nosed out Goldman Bros. and then blanked the L.I. National Bank on the strong right arm of Phil Mazzulo.

After completion of the week's play, a strong possibility of a three way tie exists. The outcome will be decided this week when Kiwanis meets Perkins Trucking and the two top teams, Troiano Express and All-States Business meet head on Monday evening. The race for first place in the second half has seen an almost complete turnabout from the first half which was dominated by Perkins Trucking. With few exceptions the games have been close, ulcer producing (for managers and coaches) contests but which has seen each of the Little Leaguers play their very best brand of baseball. While there has been some bickering by the managers, and this almost seems to have become a part of Little League, the players seem to

ROBERT SCULLY of Holy Family leads P. Argento of St. Ignatius and Tom Zimmerman of Notre Dame in the final 100-yard dash of the Diocese of Rockville Centre CYO track meet held recently.

be untouched by it and have continued to play heads-up tall. Their parents and Little League Baseball in general can indeed take pride in their performance.

MINOR A REPORT

This week was the most important one of the season as it produced the first and second half winners of the Minor A Division. Last Tuesday in a playoff game of a rained out affair, the Hicksville Ramblers clinched the first half championship with a victory over the American Legion 9 to 4. Doug Fullerton, who is undefeated this year, won his seventh straight game to pace the Rambler attack. The Legion team who could have tied for the lead was led by Kenny Parker and Billy Whiffen. Jeff Mogavero took the defeat.

The Mid Island HERALD club beat Instruments for Industry 1 to 3 to take second place in the first half. Frankie Barrella who won the game paced the HERALD along with Arty Irwin and Dick Poltras. Bobby Wagner took the defeat.

In a beautiful pitching contest, Maddens defeated Farmers Furniture 2 to 1. Charlie Bartkus won with 12 strikeouts and only allowed 2 hits. Frank Beltrani took the loss but had 11 strikeouts to his credit. Joe Cubbo strove in both runs for Maddens. Tommy Myron stole home for the only Farmer Furniture run. Jimmy Rustig was outstanding for Maddens.

The Amvets defeated the Hicksville Lions 10 to 4 behind the pitching of Don Nagley who also tripled and doubled to held his cause. Elliott Carlin took the loss. There was some fine defensive play on the parts of Wunderlich, Slowe and McArdle of the Lions.

Friday night, the Mid Island HERALD won over the Farmers Furniture club by a score of 9 to 3 to take the second half championship. Jackie Sharp was the winning pitcher although he needed help from Frank Barrella in the last inning. Kenny Strlin and Billy Irwin led the hitters for the HERALD. Andy Lee took the loss for the Furniture team.

The Hicksville Lions defeated the Hicksville Ramblers 9 to 5 in a surprise victory. The Ramblers were battling for the league lead but the Lions played very fine ball under their new manager Hank Retter. The Ramblers on the other hand played sloppy ball and this hurt their chances.

Maddens and the Instruments for Industry team played a 6-6 tie with darkness closing in to end the game after 6 innings. Kenny Gordon and John Shafer pitched for Maddens with John Smith and Bobby Wagner pitching for the IPI club. Kevin Moohan played very fine defensive ball for Maddens. Mary Liptert, Dough Hodgson and Bruce Golden led IPI at bat.

The Legion team beat the Amvets 10 to 8 in a solid hitting af-

fair in which everyone was getting hits on both sides. Both teams made some defensive lapses which cost them runs, but it was an exciting contest for the spectators to watch and cheer.

The championship game between the Mid Island HERALD and the Hicksville Ramblers was played the morning of July 4th. It is expected that only one game will be played to determine the champion rather than the best of three series.

MINOR B REPORT

Thercraft came through to dampen all hopes of Dyna Magnetics finishing with the leaders by taking a closely played game 7-6. James Havencamp pitched excellent ball with nine strikeouts was credited with the win. Ted Sack took the loss.
