## Report From Africa

By Ken Foran

ACCRA, GHANA, WEST AFRICA, July 7.—Africa is a land of contrasts. When one arrives in Dakar Senegal, he finds a flora almost entirely lacking, a dry heat and Africans who speak French. In Monrovia, Liberia, the same person will see an expansive flora, American automobiles and Africans who speak English as though they were American citizens. When the same individual arrives in Accra, Ghana, he finds Africans speaking English with a British accent and using pounds and shillings rather than dollars and West African franks. From this brief statement, we see that Africa can possibly be considered as a place just as New Hampshire is different from Arizona.

Here in Ghana there is also a contrast. July 1 was Republic Day. Republic Day Eve, a program of tribal dances was arranged which embraced customs lost in recorded time and which had enough color to rival a Broadway show. The next morning's celebrations included the reviewing of mechanized troops, the review of troops which had fought in the Congo, the review of the Navy, and the review of Ghana's Air Force.

Because most of West Africa is a natural port, all of the trade coming into Ghana has to be loaded at sea and carried to shore in surf boats. When we see these boats and their brave crews crashing through the surf, there was no question why the life expectancy of the surf boatmen is only one year, or why the shores of Accra are said to be littered with cargo. Yet about 20 miles from the sea, I have visited the new

man-made port of Tema which is expected to be in operation by September of this year. Further West, I have visited the Volta River bridge which spans a river that resembles the "typical" Hollywood African River. Again by contrast, this beautiful architectural masterpiece has little traffic because the people lack automobiles and trucks, so the canoe still transports most people across the Volta River. Further up this same river, we came to the site of the Volta River Dam project. Here, in a totally isolated area of the dark continent, the sounds of monkeys and birds are drowned out by the pounding of stream dredges and electric drills, and while Kaiser Industries have begun work on one side of the river, a Russian team have begun on the other.

One evening I will be at a party given at the American Embassy or in the new International Ambassador Hotel, eating American food. The next I may spend shopping for ivory in a Ghanaian market that has all of the markings familiar to the undeveloped areas of the world and where eating is a luxury afforded only by a few on any one night. One may take a swim in the surf outside of Accra and enjoy, as I have, one of the most beautiful untouched beaches in the world. Afterwards, coconuts or pineapples may be purchased for a few pennies.

But no European or American would dare swim in even a relatively clean stream or lake, for the parasitic diseases would soon make clear why Africa has been

## Public Library Threatens Court Action on Those Overdue Books

The Hicksville Free Public Library has decided to take action to recover long overdue books. Delinquent owners who have received three overdue notices plus letter from the library attorney will be served a subpoena to appear in Court if they have not responded.

Library Board of Trustees and Administration feel must take action of this kind. "Books are expensive, valuable pieces of public property and recovery of overdue books is a costly procedure as well as a public inconvenience. The penalties under Section 265 of the State Education Law for willfully damaging library material is a fine up to \$25.00 or imprisonment not exceeding six months," a spokesman said.

## 32 Tons of Meat, 27 Tons of Potatoes:

LET'S EAT - Hicksville students line up for school lunch.

## School Lunch Program Is Big Business

The school lunch program of Hicksville Public Schools, while serving about 40 per cent of the local students overall which is higher than the national average, is a \$400,000 plus business operating with a staff of 85, according to the annual report of Barbara Fenerty, School Lunch Director.

During the 1960-61 school year, operating 179 days, the program served a total of 655,521. Service was 604,485 to students and 51,036 adults.

Total income during the school year was \$403,604 about \$21,000 less than the previous year, due to the fact that many second graders went on double session. Also there were 181 days of the program the previous year, two more than the past year.

The statistics of food consumed are astonishing: 32 tons of meat including 15,000 lbs. of top round, 17,000 lbs. of turkeys, 10,500 lbs. of frankfurters and 26,500 lbs. of chopped meat.

In addition there were consumed, 11,300 lbs. of American cheese, 24,645 loaves of bread, 24,775 dozen rolls and a million and a quarter half pint containers of milk.

Also, 82,061 individual pieces of fruit, 346 watermelon cut into 13,840 portions and more than 27 tons of potatoes.

Informed commercial sources advise the HERALD that the statistics making the Hicksville School Lunch Program one of the biggest business activities in the community. Two thousand dollars a week gross is considered excellent for a popular restaurant while the school lunch program if projected to a six-day week, year-round, would easily exceed a half million dollars.

The overall average of participation by children (based on a study during April 1961) of those eligible is 39.28 per cent. The break down shows:

Burns Ave	45.00%
Dutch Lane	39.5%
East St	36.4%
Fork Lane	29.3%
Lee Ave	40.1%
Nicholas St	44.5%
Old Country Rd	32.8%
Woodland Ave	27.6%
High School	36.3%
Jr High School	45.6%

The program for the past year showed a profit with income of \$403,604 and costs of \$371,470. Income was \$281,701.32 direct sales, \$77,174.49 reimbursements, \$39,203.17 valuation of surplus food, \$2,596.81 in free lunches paid by the District general fund and \$2,830.46 earned in cash discounts.

Costs were \$218,444.90 for food.

## 73 Apply for School Position

There is no shortage of applicants for the position of Superintendent of Buildings and Grounds of Hicksville School District which Edward A. Lewandoski is scheduled to vacate this weekend.

The School Administration, in response to advertisements, has received 73 applications including 12 from Hicksville residents.

The School Board is scheduling appointments to interview a narrowed down list starting at 10 o'clock Saturday morning, Aug. 5.

## Truck Arrives

Hicksville Fire Dept's first cab-over-engine fire truck with automatic transmission was delivered to the community earlier this week and is now undergoing tests before official delivery to Emergency Co. No. 5. It replaces a Seagrave which was decommissioned following the Kantor Bros building fire last year. Joseph Zinzi is captain of Co. 5 which has its headquarters on Strong St.

## Board Turns Down Request

Oyster Bay Town Board has rejected the proposal for a zone change on property running from Plainview Rd to Old Country Rd, close to New South Road, Hicksville, from residential to business use. The matter was the subject of a public hearing in January.

The area is adjacent to the property owned by the Redeemer Lutheran Church.

In turning down the plea for permission to operate an auto show room and garage, the Town Board noted that the area would have become an isolated business use surrounded by residences and not in accordance with the comprehensive zoning plan and map of the Town.

## Board To Meet

The regular monthly meeting of the Hicksville Public Library Board of Trustees will be held on July 26th at 8 P.M. Elizabeth Scherer is the new president of the Board, succeeding John Hanson.

## Dear Jean:

Hicksville School Board has a busy schedule before it. Besides the regular meeting on July 28, a special meeting is called for tomorrow (Fri) night, another on Saturday morning, Aug. 5, and opening of bids on the two-million dollar construction program on Tuesday, Aug. 8. Ruling a motion by HERB JOHNSON for an executive session "out of order" last Friday night, Board President ROBERT D. P. EATON was overruled by six votes. He abstained on the appeal voting. The Bontic Lee Blouse building owned by AL SCHACKNER on North Broadway, opposite the Post Office, was demolished and the site cleared in two days. It happened so quickly that most folks hardly remember it was there. The blouse factory is now on Duffy Ave. Visited the show room of LI Swimming Pool Co and could not help but wonder what BILL DUFFY would have said if someone told him only a decade ago that his former office would some day deal in supplies for home swimming pools? Many an important agricultural (and possibly political) decision was made there. This is another from the Tablet's Chatterbox: "Prosperity has certainly built on this community", observed the visitor, looking at the freshly painted houses and new swimming pools. "It wasn't prosperity at all!" replied the weary suburbanite. "It was just plain jealousy." We don't believe it, but it is reported the mail men are heard to softly hum "Good night, Irene" as they punch out these days.

Happy day to Mr. and Mrs. DENNIS CALLAHAN of 20 E. Marie St., who will celebrate their 24th wedding anniversary on Saturday, July 22nd. We wish them so many more. We hear that Plainview High School Alumni are planning an assoc. for members interested. Good Luck Kids. Hear this news of our Hicksville P.O. — Mr. and Mrs. JOHN KNAPP and family of Sterling Pl. returned this week from a vacation up-state. Mr. Knapp is foreman carrier at Hicks. P.O. — SAL CILES and family returned from Atlantic City, N.J., after a nice vacation. Mr. C. is a letter carrier with the P.O. Our pet well wishes to the son of TED KNIGHT, our carrier on Twinklawn Ave. Also get well wishes to his mother-in-law, who has been hospitalized for some time. Keep up your good spirit folks, we have found our sun, it never rains but it pours. The sun always shines again and we find a good day. Get well wishes to a good friend, Mrs. VINCENT BRAUN of Third St. who is quite ill again. She has good 'ole' Dad, Vince and the four little Brauns helping out during her stay in bed, so we know she will be up and around again soon. Bon Voyage to SGT. HARVEY M. WEISS and family who sailed July 14 on the U. S. N. S. General Alexander Patch for Germany. The ship will arrive at Bremerhaven, West Germany. We wish you and your nice folks we know in Hicksville, Kiley and Sam Weiss, Willoughby Ave., will go to Frankfurt where he will spend the next three years.

The Hicksville Kiwanis Club bulletin edited by HAP HOLDEN notes the passing of PERCY MALOJE, a former member. Percy was for many years the owner-operator of Maudslayi Press now directed by WARREN STONE, also a Kiwanian. And the Rotary Club bulletin reports that BILL PAYOSKI has invited his fellow members to visit him at Lake Panamaque July 30 for a clam bake and cookout. We have so many new industrial concerns that it is always of interest to learn something about them. HORACE SADOWSKY and Associates, a Hicksville public relations firm planning to move into new Nassau Press building at 23 W. John St. by the end of summer, is now leasing a monthly newsletter somewhat like the old CH JOHNSON Reports. It reveals that JERVIS CORP of Hicksville has developed a patented sun seat safety belt and that PISTORIUS MACHINE CO Inc of Hicksville is making a new automatic hopper feed to be coupled with woodworking machinery. Midway Jewish Centre is selling tickets for the Aug 15 performance of "Paradise Island" at Jones Beach. Call RUTH FISCHER at OV 1-0826. There are now six candidates for Hicksville School District Clerk, half of them women.

Don't ask us to explain it. The item reads: "John's drawers got caught in Walters' propeller" and we'll bet there is quite a story behind that. Hicksville High School Band will be heard at Jones Beach Band Shell at 1 PM on Sunday, July 30.

## Message from Villager Editor

The editor and the staff of the VILLAGER are most grateful for the many good wishes and congratulations proffered on the occasion of the VILLAGER's fourth anniversary. The VILLAGER has sometimes been delayed in delivery, but has, from time to time, even been astray. But we are proud of the fact that 208 deadlines have been met, and we intend that this record will go on unbroken.

Special tribute must be paid to our publisher, Fred J. Noth, whose professional competence in a large measure responsible for our performance. We are indebted to the Officers and the Board of Directors, of the Civic Association, present, and past, without whose support and co-

operation the VILLAGER could not continue. And we are beholden, of course, to the General Membership, to whom the VILLAGER is dedicated.

Special mention must be made of three members of the Editorial Board who have made a continuing contribution to the VILLAGER, and the community, since the first issue went to press. They are Ralph Diamond, George Frankel, and Irving Hershkowitz.

The Editor and the Editorial Board look forward to an uninterrupted succession of VILLAGER anniversaries with enthusiasm and dedication in the service of our community.

## President's Corner

by Irwin D. Baumel

As the years pass and we become established citizens of the Village of Birchwood Park, we can look back at the many areas of concern and controversy that have been brought to the Civic Assoc. A civic organization of our size needs, in order to survive, an active and capable nucleus, an interested membership, a satisfactory means of communication between the members and the board. This has been the VILLAGER.

Four years of preparing and lifting copy, meeting a weekly deadline, being original and creative...this deserves a very special commendation. Our own Birchwood N. Y. Times is the result of this unique type of dedication. This paper has taken on the distinctive characteristics of each of its editors. Under Joe Schwartz, El Stein, George Frankel and now, under the able leadership of David Mark, we have always had a news-

paper to be proud of.

They've covered the news from the battle of the builder, the closing of our country post-office, Birchwood's first, second and third winter snowbound winters, commuting problems and L.I.R.R. strikes, the Country Club and restrictive covenants, school budget fights...victories and losses, the local social scene so vividly perceived and our many organizational activities. They've presented serious news commentary, clever feature articles, picture stories, and editorial comment.

The VILLAGER and its staff have taken on a special significance to the people of our community. The oft heard comments, "what's going on in the VILLAGER" or "have you seen this week's VILLAGER" are a tribute to our hard writing neighbors. Congratulations on your fourth birthday and long may your masthead blazon forth.

by George J. Frankel

In the late afternoon of Tuesday, July 11, a fire gutted the home of Mr. and Mrs. Harold Zorn, 169 Forest Drive, Jericho. The Officers of the Birchwood Civic Assoc. at Jericho, Inc. immediately received many complaints from neighbors of the Zorns' that, although it is claimed the fire had been reported to the authorities as early as 4:00 P.M., the fire apparatus did not arrive until 4:30 P.M. The entire house was destroyed.

In order to ascertain the circumstances surrounding the reporting of the fire and the response of the authorities, Irwin Baumel, President of the Civic Assoc., immediately appointed a Special Investigating Committee comprised of himself, First Vice-President George J. Frankel, Financial Secretary Horace Bernstein, and Chairman of the Board, Ralph Diamond. The committee met the same evening of the fire in the home of VILLAGER Editor David A. Mark, and individually interviewed almost one dozen of the Zorns' neighbors.

The committee then went to the Second Precinct station of the Nassau County Police on Broadway, Hicksville, where they spoke to the Lieutenant in charge, and thence to the Jericho Fire House, where they spoke to the Second Assistant Chief, who was ranking officer at that time. The following day (Wednesday, July 12) Mr. Baumel spoke with the Chief Operator of the Levittown Office of the NY Telephone Co., and the Chief of the Jericho Fire Dept. Wednesday evening, Mr. Baumel and Mr. Frankel met with the Board of Fire Commissioners, and the Chief and two Deputy Chiefs of the Syosset Fire Dept. (Names of all above referred persons are available upon request.)

As a result of this investigation, the following information was gathered:

ITEM: A correlation of information obtained individually from the Zorns' neighbors seems to indicate that the fire was first noticed very shortly after 4:00 P.M.; that the first alarm was telephoned immediately; (a fact corroborated by Mr. Zorn himself, who states that he reported the fire to the telephone operator and very carefully gave the address); that 10 to 15 minutes elapsed before the fire alarm sirens sounded; that another 10 to 15 minutes elapsed before the apparatus arrived at approximately 4:30 P.M.; that the telephone company could not get through to the Fire Dept. because the lines were busy; and that during the delay tremendous damage was done to the Zorn house.

ITEM: The Telephone Co. logged a call at 4:21 P.M. A man's voice requested the Police Dept., reported that his house was on fire, but left the phone before connection was made to the Fire House. The call came from WE 5-2941, the address of which is recorded as 169 Forest Drive, Jericho. The operator called the Jericho Fire House and was told that they did not cover Forest Drive. At approximately 4:25 P.M. the Chief Operator instructed all operators to answer all further reports of this fire with the information that the fire had already been reported.

ITEM: The Second Precinct Police Station logged a call at 4:15 P.M. A voice said "Fire! Police! Birchwood!" and left the phone. The operator traced the call to determine the address. A police car arrived on the scene at 4:32 P.M.

ITEM: The Jericho Fire Dept. (Continued on next page)

## An Editorial: Glaring Discrepancies

Everyone has at times been chilled by the shriek of a fire siren and has watched the engines race to save a burning home. The fire-gutted house at 169 Forest Drive is a charred example of what remains when the race is lost. Never before has a home in our community suffered such complete and devastating destruction.

We accept the dictum that it is more important to keep fires from starting than to develop means of putting them out. But fire is a constant threat to our lives and property and it behooves us to examine the safeguards that are available to prevent such a calamity from happening here again.

Elsewhere in the VILLAGER is the report of a Special Investigating Committee, organized by our Civic Assoc., to determine why one of our homes, just 3 to 6 minutes from four fire companies, should suffer total destruction.

The report leaves us urgently curious about these questions:

1. The Committee has learned that alarms were called in very shortly after 4:00 P.M.; and at 4:21 P.M. as logged by the telephone company; and at 4:25 P.M. as logged by the Second Precinct Police Station. Both the Syosset and Jericho Fire Depts. have the alarms logged in at 4:30 P.M. What happened in that 20-30 minute period while the house was being consumed?

2. If the telephone company logged its first call at 4:21, why did it take 9 minutes until the fire departments logged the alarm?

3. If, as the telephone company reports, the lines to the fire department were busy, why couldn't the operator break in?

4. How much loss was suffered between the time the Jericho Fire Dept. advised the operator that they didn't cover Forest Drive and the time they decided to get their equipment rolling?

5. Is it conceivable that some one at the Police Precinct would insist, in response to a fire call, that there was no Forest Drive but only a Morris Drive?

In the face of glaring discrepancies in the accounts given to the Committee, one fact stands out. The house was past saving before the first stream of water was played on it. We can't ask for a re-run to determine how this misfortune occurred, but none of us cares to risk again the loss of minutes that played so important a part in this sad business.

It may be necessary for us to consider the expensive establishment of a telegraphic fire-alarm system, of the kind used in New York City. We may need to consider the advisability of having a minimum crew of professional firemen on duty at all times in our adjacent fire departments. But most immediately, we suggest that the Jericho Fire Dept. must accept an alarm from any part of the Village of Birchwood Park. In the absence of any means of immediate communication between both Fire Districts, we see no alternative for our own protection. No one can be assured of enough grace to make two telephone calls should an operator, inadvertently, call the wrong Fire District. No one can be assured of enough time, or presence of mind, to explain that we live in Jericho but are in the Syosset Fire District. And it is not quite certain that the telephone company or the Police Precinct are aware of the jurisdictional differences either.

The Committee will work until some definitive answers are brought forth, but all of us must begin to consider now how we may assure ourselves that this kind of tragedy will not affect our community a second time.

THE MEMBERSHIP,  
THE BOARD OF DIRECTORS,  
AND THE OFFICERS OF THE  
BIRCHWOOD CIVIC ASSOCIATION AT JERICHO, INC.  
WISH THE VILLAGER AND ITS STAFF  
A HAPPY FOURTH ANNIVERSARY.  
MAY THERE BE MANY MORE!

## Hi, Neighbors

MURIEL SUGARMAN

Birchwood just got a boost in population. Evelyn and Howard Turkell of Forest Drive have a new addition — their third daughter, Lorraine and Sidney Simon, after three girls, just added a bouncing boy to their family. Congratulations also.

Edith Stoleberg while dancing at Pine Holly Saturday, fell and broke her leg — our best wishes for a speedy recovery.

We were all shocked when we saw the demolition of the Zorn house on Forest Drive after the horrible fire. Happy that the Zorn family was unharmed.

Saw Ralph Diamond with Councilman Ed Poulos and Norman Wolf (head of Tobay Building Dept.) reviewing the Floyd Bennett situation. Wonder how they can possibly beautify that building!!!!!!

I got many calls about the Hadassah Patio Party to be given Wednesday night, July 26th - 8:30 PM. This is a free party and admission is by invitation only. Any one interested in joining Hadassah, phone me at OV 1-5910, and an invitation will be sent. This is Hadassah's yearly Membership Party for prospects and has been very successful in the past. A movie will be shown — and a catered supper will be served.

Are you ready? Are you set? Then let's go to ORT's spectacular Moonlight Mix, this Saturday, July 22nd at fabulous Camp Kenwal. Nowhere can anyone give you a Saturday evening of more enjoyment for less money. Come and dine, swim, dance and drink at ORT's Moonlight Mix. Tickets are \$7.50 a couple. Call Elinor Winthrop at WE 8-7305 or Rosalind Schaffer at OV 1-0678. The Sisterhood of the Jericho Jewish Center will hold their Annual Barbecue and Dance, Sat., Aug. 19, 9:30 P.M. at the Temple Grounds; Tickets are \$8.00 per couple. For further information please call C. Rosenberg OV 1-4843 or L. Simpson WE 8-8337.

## Saluting The Cook-Outs

By Irving Henskowitz

"Cook Out Time" has definitely come of age. This outdoor mode of culinary artistry could possibly be classified as a new industry. Some even claim it competes with baseball and other summer sports. However, no matter what the classification, "COOK-OUT" must still be labeled "Millady's Haven" — because this is where the little woman takes off and the big man takes on. "Take Off — or, Take On": I say hooray for both. In honor of the occasion I would like to recommend the glamour, personality and detectability that only a JERICHO KOSHER MEAT frank and hamburger can offer to make these occasions more festive. These twosome, yep, they are for sale at JERICHO KOSHER MEATS—are being offered for a mere 69¢ lb for one full week upon the day this ad appears. This is a savings of 23%. The only catch to this offer is that this ad MUST be presented with each purchase. THIS OFFER WILL NOT BE HONORED WITHOUT THIS AD. Also, anyone who wishes to gently caress a club or fillet steak upon the charcoal flames may purchase same for the mere price of 69¢ a pound also — providing they BRING THIS AD WITH THEM.

Allan Resnick (of Magnolia Lane) won the Rock and Roll contest at the Jericho County Club. This stands to reason as both Mollie and Sammy are very good dancers.

The Jericho Chapter of Hadassah is starting off the summer with a splash! The new Four Seasons Country Club is the place. A fabulous evening is in store for those who will attend our splash party on Aug. 6 in an atmosphere of a French Art Exhibit. A delicious dinner will be served while dancing to the rhythm of The Richard Meisler Orchestra. Donation: \$11.00 per couple. Contact (Harriet) Liebowitz at WE 1-5351.

## CIVICS INVESTIGATE

(Continued from Village front page)

ceived a call from a lady at some time after 4:00 PM (the exact time was not logged). She reported that a house was on fire, but did not give the address. The Telephone Company traced the call, and finally the address was given.

ITEM: The Syosset Fire Dept (in whose district the Zorn house is situated) logged a call from Mrs. Sheila Hyman, 23 Flower Lane, Jericho, at 4:30 PM. (Mrs. Hyman claims that it was not later than 4:15 PM) She reported the address of the fire directly to the dispatcher, who sounded the fire alarm sirens immediately. (Mrs. Hyman estimates that 15 minutes elapsed between her call and the sound of the sirens.) The Syosset Fire Dept reports that their equipment had just returned from a "false alarm" (fighting a brush fire) and that the volunteers were still with the equipment when the alarm sounded at 4:30 PM. The equipment rolled immediately. The South Oyster Bay Co arrived at the scene at 4:33, the Main House Co at 4:34, and the Woodbury Co at 4:35. They report that they had water on the fire at 4:36 PM. ITEM: The Jericho Fire Dept sounded the alarm at 4:30 PM, and the equipment rolled at 4:32. The engines arrived at 4:36, and returned at 5:45 PM.

An analysis of the above report of information points up some very obvious discrepancies. Some of the pending questions that are left unanswered are:

If the Telephone Company logged its first call at 4:21 PM, why did neither the Jericho nor Syosset Fire Dept sound the alarm sirens until 4:30 PM? What happened to those crucial nine minutes? Why was the call that reported a man's house on fire (but did not give the address) logged at 4:21 by the Telephone Co and 4:25 by the Police Department? (Since both report that the call was traced to the Zorn house, it must have been the same call!)

Why did the Chief Operator of the Telephone Co refuse to accept further alarms after 4:25 PM, if neither Fire Dept had not been notified before 4:30 PM?

Should the telephone operator have been able to recognize that 169 Forest Drive, JERICHO is actually in the SYOSSET fire district? Shouldn't the Jericho Fire Dept have accepted the alarm from the operator and relayed it to the Syosset Fire Department?

Why did a Police car arrive at the scene long before the fire equipment from either Fire Department?

The President of the Civic Association has assured THE VILLAGER that every effort will be made to uncover all of the facts in this unfortunate occurrence, and will press for whatever remedial action is indicated. Watch THE VILLAGER for further details!!

## Perkins Maj Div Champs

The second half championship of the Major Division of the Hicksville International Little League was won by All-States Business Products when they copped their first two games over Trolano Express by a 5 to 4 score in seven innings and then completed a seven game winning streak by knocking over Hicksville Kiwanis 7 to 6 in 11 innings.

Frank LaFrance received credit for the victory over Trolano while Nick Collari was the victor over Kiwanis. Chuck Bartkus hit a home run for All-States to score the deciding run in the game against Kiwanis.

Because they were champs of the second half, All-States won the honor of meeting the first half champs, Perkins Trucking in the "World Series" of our league to decide the championship of the Major Division. Meeting on Monday morning, in the first game of a scheduled three game series, Perkins Trucking came from behind to edge All-States by a 6 to 4 score. Tom Terebesi, generous in his hits in the first three innings, quickly fell behind when All-States scored 4 runs so that by the end of three innings Perkins scored two runs in the fourth inning and a like amount in the fifth to win the first game. Nick Collari, Jim Bergholtz and Bob Taub pitched for the winners and Kirk Denberger hit two of them for homers.

In the second game out of three was to decide the championship, All-States had to win the second game Wednesday in order to stay alive. Perkins Trucking sent Nick Collari to the mound, whom All-States beat twice in the regular season, and All-States pinned their hopes on the strong right arm of Collari who was used mostly in relief during the season. Apparently Tom's slants were very much to the liking of his opponents because they quickly "teed" off to eight runs, 4 runs in each of the first two innings. All-States never was not yet to be counted on. Coming up with solid base hits, All-States scored one run in the second and 4 big ones in the third to bring the score to a respectable 8 to 5. Marty Anderson hit a tremendous home run with two mates aboard in the third. This was by far the longest home run hit in the league this season, clearing the bases in deep left center. All-States scored two additional runs in the top of the fifth to come within one run of Perkins, but Perkins was not to be denied. They scored three runs in the bottom of the fifth, two coming in on a home run by Taub which almost duplicated Brandon's hit earlier in the inning. Nick Saman, bearing down from the side in the top of the

sixth to end the series on a note of glory for Perkins.

While Perkins was the winner in two straight games, All-States certainly had nothing to be ashamed of as they were in the game all the way. Perkins was the better team and showed it by playing heads-up ball. Much credit must go to their Manager Sam Bergholtz and Coach Joe Terebesi. Both did an outstanding job and their team showed they were well coached. Our congratulations to Perkins Trucking, they showed they were the best team in the league.

The following are the line scores for both games:

### SELECT ALL STAR TEAM

It will be interesting to the followers of the International Little League to know that Joe Terebesi

has been appointed manager of this year's All Star team. Joe had gathered together fourteen of the best players in the league for this competition that might very well lead to Williamsport. In an interview with this department, Joe stated he is very optimistic about this year's team. The boys have looked exceptionally good in practice and Joe feels he is very strong in pitching and catching. Nick Sam-

# Playoff for CYO Crown Sunday

Ralph Dentel's undefeated St. Ignace Junior team travelled to Inwood on Sunday, July 16, in preparation for the climactic final on this coming Sunday, July 23, when the Loyolans meet their neighborhood rivals from Holy Family Church. Fr. O'Dea's Shamrocks remain the final hurdle for the Ignatians in their drive for the C.Y.O. Diocesan championship. A large turnout is expected on Sunday at the High School field as the two undefeated contenders meet head-on in a double-header that will determine the Diocesan championship. The first game will probably see Dutch Strassburger oppose Billy Sherlock Holmes in what promises to be the game of the year as these two undefeated mound wizards meet for the first time.

The St. Ignace fireballer will attempt to silence the big bats of McAuley and Buckley while the Holy Family speedster will try to baffle such long ball hitters as Skippy Rotkamp, Muscles Blast and Steve Glibowski. Monsignor Bittermann feels confident that under the expert tutelage of Ralph Cramden Dentel and Big Dutch Strassburger his well drilled Ignatians will make the Fortham Avenues their ninth and tenth successive victims - and who would dare to disturb the venerable Deans faith in his team - except possibly Fr. O'Dea and his scrappy Juniors from the south side of town. The two teams met in a pre-season game which ended in a 1-1 stalemate.

## TAKE DOUBLE HEADER

Ray Strassburger and Buller Pete Martin added a pair of shut out victories to the St. Ignace team as the blanked Our Lady of Good Counsel in both ends of their double-header, 7-0 and 5-0. In the opener Sugar Ray pitched no-hit ball until two men had been retired in the final inning. Joe Capabianco spotted his bid for a no-hitter as he bounced a single through the infield that barely

eluded the desperate grasp of shortstop Blast. In winning his fourth straight win, Strassburger whiffed thirteen Counsellors. After a scoreless first inning, the Blue and Gold exploded for seven runs off Jim Tobin. Most of the explosives for the afternoon were supplied by the big bats of Blast, Rotkamp and Glibowski who connected for two timely hits apiece. Pete Martin duplicated his teammates feat in the second game as

## LITTLE LEAGUE

(Continued from page 11)  
An, Bruce Simmons and Thomas Terebesi round out the mound corps while Arthur Hollstein and James Bergholtz make a strong duo for the behind the plate chores.

The All Stars start competition against the Hicksville National Little League at Abe Levitt Field on Levittown Boulevard, Thursday July 20th at 6:00 P.M. Manager Terebesi expects to start either Bruce Simmons or Tom Terebesi but the final decision will have to await the day of the game. Last year our all Stars nosed out both the National and American League entries for the district championship and from the confidence being shown at practice they fully expect to repeat.

The roster of the International League All-Stars is as follows: James O'Brien, Michael Massello, Robert Kirsch, Frank LaFrance, Arthur Hollstein, Bruce Simmons, John Wolkewitz, James Bergholtz, Nicholas Saman, Denis McLaughlin, Thomas Terebesi, Robert Taub, Gary Bertram, Phil Mazzullo.

## REPORT FROM AFRICA

(Continued from page 1)

called the "white man's graveyard." And no European or American would dare eat any food which did not have a thick covering, when he bought it, for diseases of the intestines are most frequent and tragic.

In Accra, there are new buildings which rival the "Mid-Island Shopping Center" for design and functional beauty. Kingsway Department Store, the United Nations Information Center, the Ambassador Hotel, the Trade Unions Council Building and the American Embassy are all striking in the architecture. But hundreds of mud villages, city hovels, and lean-tos remind us that this is only half of the story. One contrast that has been striking to me is that I am white in an all black country. But the African reacts in different ways ranging from the elder, who says "Massar," the word meaning master which he has been taught by the British to call all white men, to the new African College graduate who with pride says "soon Africa will be free from all Colonialism." Indeed Africa is a land of contrast.

## SCHOOL LUNCH

(Continued from page 1)

\$123,548.33 for labor, and \$29,478.75 charged to overhead (including new and replacement equipment). As for personnel there are 17 persons on full-time status and 68 part-time or a total of 85.

Miss Fenerty's report also noted the integration of the school lunch program into the overall school program in the following ways: foreign meals served in cooperation with the foreign language dept., home economics classes visiting kitchens, lectures given on nutrition to the health education classes, variety of projects with elementary school teachers, and ninth grade dinner dance.

he also doled out a single hit to the locals while striking out eight and assuring only two Annie Oakleys. Frank Blast continued his hitting streak as he contributed two hits to the Hicksville cause. There promises to be some real interesting baseball at the High School field on Sunday, starting at 2:30 P.M. Frolicsome Jumbo O'Connell will entertain between games with some of his pachyderm antics which have made him a popular favorite at all St. Ignace games.
