Colthurst Observes 50th Year in Banking

For Charles E. Colthurst of Field Ave., Hicksville, Tuesday of this week was a special day. It was his birthday. It was also the golden anniversary of his entrance into the world of banking.

Colthurst was a lad on his 16th birthday when he went to work for the Bank of Hicksville which was known as the Meadow Brook National Bank. He got \$2 a week for keeping the coal stoves in the bank heat.

Early Tuesday morning of this week he received a telegram from Henry G. Eisenmann of Field Ave. from his vacation retreat in Big Fork, Montana. Eisenmann was president of the Bank of Hicksville at the time it merged with the Meadowbrook.

The telegram follows: "Henricus Alger in real life -- having attained the ripe age of fourteen reported for work at the Bank of Hicksville -- with broom in hand and coal pail at his side became breadwinner at nine dollars per month --"

"Today, fifty years later, chief executive officer of outstanding bank -- Along with this tremendous accomplishment, husband, father, grandfather, respected by entire community as a real friend who thru the half century has been a true benefactor to countless citizens. The beautiful Methodist Church is a symbol of your devotion to God and your desire to at all times give freely of your talents -- The years spent as treasurer of the school district and water commissioner and other civic activities are well known to the entire community. As a former President of the Bank and associate, I know whereof I speak. Charlie, you have been a true friend and I value this friendship more than you think. May God bless you and yours on this important day -- I pray you continue in good health so you may

live long to enjoy the fruits of your success.

"HENRY" The dinner at the Milleridge Inn, Jericho, Tuesday evening (see picture) was attended by 75 friends and was arranged by the Hicksville office of the Meadow Brook. From August E. Weller, chairman of the Board, he received a message which included a check and extra vacation time. From the Hicksville office staff he received a television set.

He was also advised that he will be the guest of honor at the annual service awards dinner of the bank in October.

Alumni Players Offer Comedy

On Thursday, Sept. 7 at 8:30 p.m. the Hicksville High Alumni Players will present "The Desk Set," a sparkling comedy by William Marchand.

This first presentation by the newly-formed group, all of whom are alumni of Hicksville High, and sponsored by the Hicksville School Recreation Dept., promises to be a highlight of the summer season, and community support is urged.

Admission is 75¢, and tickets may be purchased at the door, or may be obtained by calling WE 1-1833 any evening after 5 and all day Saturday. There will be one performance only, at the Hicksville High School Auditorium, and young adolescents as well as adults will enjoy this amusing and entertaining comedy.

HAPPY DAY: Helping Charles E. Colthurst, second from left, cut his party cake are Walter Van der Wegg (left), president of Meadow Brook National Bank; Augustus E. Weller, chairman of the Board of Directors of the Bank; and Alfred E. Young, vice president, who was master of ceremonies at the surprise party given at the Milleridge Inn, Jericho, in honor of Mr. Colthurst, Tuesday night. (Photo by Frank Mallett)

County Sets Example for State

WEEDS-VILLE: Why is it so much of a problem for the State Dept. of Public Works to keep the "grass mall" on North Broadway, Hicksville, (above) from looking trim while the County of Nassau (below) can make the area around Old Country Rd. and South Oyster Bay Road on the Hicksville-Plainview boundary look like a park. Hay fever sufferers can probably get a relapse just by taking a second look at the picture above. (Exclusive HERALD photos by Frank Mallett)

16 Teams in FD First Aid Event

Sixteen teams will compete in a First Aid Drill competition at Mid Island Plaza on Saturday evening, Sept. 2, at 8 PM as a preliminary to the 33rd annual Labor Day Volunteer Firemen's Invitational Drill and Parade, according to Robert Hammond, chairman.

The competition will be held on the racing course on the Plaza between various firematic units and will be open to the public. Monday, Sept. 4, is the big day with a gigantic parade starting at 9:30 AM sharp, rain or shine. In the line of march will be thousands

of volunteer firemen, 30 or more bands, hundreds of pieces of fire fighting apparatus and the Rheingold girls. Hammond is parade marshal.

At 1 o'clock in the afternoon, the competition between fire departments gets underway on the racing course on the Plaza. The Hicksville Fire Dept. this year has acquired additional new seating for the tens of thousands of spectators.

The parade will line up on Jerusalem Ave., go south on Jerusalem to Old Country Rd., east on Old Country to Carl St. and Broadway, north on Broadway to Mid Island Plaza.

This is the 33rd annual running of the Hicksville Fire Dept. Labor Day Firemen's Parade and Drill and, according to some sources, is expected to be the most successful of them all.

A daily pollen count is available to residents of Nassau County by dialing TWanhee 3-9199. Continuing through to Oct. 7th, the count is recorded and will be available 24 hours a day.

Register Adults for Fall Program During Two Periods

Registration for the Hicksville Adult Education Fall program will take place at the Senior High School cafeteria on Division Ave. between 7:30 and 9:00 P.M. Monday thru Thursday, Sept. 11 to 14 and Sept. 18 to 22. All classes will start the week of Sept. 25, according to Director Francis D. Ganley.

French, Italian, German and Spanish courses which are correlated with the corresponding language programs given in Hicksville elementary schools will be a part of the curriculum. A large

variety of occupational extension courses in the fields of Auto Mechanics, Electronics, Secretarial, and Management will be made available for those wanting job advancement opportunities. Courses are being offered to enable one to obtain the necessary High School credits to complete a special preparatory course for High School education. In addition, a special preparatory course for High School Equivalency tests for those who did not complete their formal High School education will be included in the program.

Thank LIRR For Courtship Help

Sunday afternoon, Nancy McIntosh walked down the aisle of the Hicksville Methodist Church to become the bride of Karl Gustafson.

And, although none of the wedding well wishers at the church were able to see him, both Nancy and Karl know that Dashing Dan, Route of the Dashing Commuter's symbolic chaser-after-noon-time trains, was lurking in the wings to watch the happy fulfillment of a chain of events he touched off six months ago.

But let's start at the beginning. And let's hear the story the way Nancy told it in a letter to LIRR President Thomas M. Goodfellow: "People often ask me how I like commuting on the LIRR. My reply is always: 'I love it.' No matter how many complaints you may re-

ceive from others, here is one person who thinks the Route of the Dashing Commuter is tops. There is another person who, I'm sure, will agree with me.

"I ride the 6:45 a.m. out of Hicksville every morning, and I catch the 4:55 p.m. out of Hunterspoint every night. One night, early in February, someone else was sitting there. Since it seats three people, I asked if I might sit there, too. The occupant said it would be perfectly all right. So, I sat down, and that was that.

"About two weeks later, same train, same seat, same person again. This time we struck up a conversation, had a drink together and discovered that we rode the same train in the morning also. So, my fellow commuter, who boarded the train at Smithtown, offered to hold a seat for me every morning.

"We continued to ride the train together, morning and evening, for about three weeks. (I think it appropriate to mention at this time that I am a female-type commuter; my friend being a male-type commuter. I am single, age 21; he is single, age 25.)

"Well, one thing led to another, and one date led to another, and I guess you can take it from there."

The "from there" was an engagement ring Karl gave Nancy in mid-May — and the wedding that will take place Sunday.

"If it weren't for the LIRR," Nancy wrote, "we probably never would have met. So, Mr. Goodfellow, we think your railroad is pretty terrific, and we wanted to let you know you have two loyal fans for life."

ANTON J. KAISER attorney and mortgage officer at Franklin National Bank's Farmingdale office has been named 1962 Lt. Governor of the L.L. North Division, Kiwanis International. He was selected for the post Monday, Aug. 21, by delegates attending the annual Divisional caucus held in Plainview. Formal election takes place at the New York District's annual convention to be held at Kiamesha Lake's Concord Hotel, Sep. 24 to 27.

As Lt. Governor, Kaiser will head a Kiwanis Division of almost 700 members in 19 clubs in the northerly half of Nassau County between the New York City and Suffolk County lines. He will succeed Solomon J. Newborn, Plainview accountant, whose term continues through year end.

Prior to his nomination as Lt. Governor, Kaiser, a charter member of Farmingdale's Kiwanis Club since 1956, served as the club's 1958 President and its 1959 Bulletin Editor.

Army Pvt. Stanley E. Navesky, 17, son of Mr. and Mrs. Stanley Navesky, 141 Scooter Lane, Hicksville, received eight weeks of advanced individual armor training at Fort Knox, Ky.

SAFETY

IS NO ACCIDENT

SAFETY COUNCIL • LONG ISLAND ASSN.

Dear Jean..

See that two of our favorite friends down at the Hicksville P.O. are on vacation, MARY BLOSS and FREDERICK SCHLITZ. Sure miss them.... In the good news dept. — we are glad to hear that Miss MARY KELLER of Harding Ave. is home again after a stay in a New York Hospital. Hope at this writing she is feeling much better.... Glad to see WILLIAM McLAUGHLIN of Meyers Ave. home and out of the service. Bill is the fiancé of Miss PATRICIA KELLER of Bethpage Rd., one of our favorite gals.....

Hicksville volunteer firemen have started the erection of grandstands for the Labor Day firemen's drill at Mid Island Plaza. There will be a special event this year, a First Aid drill on Saturday evening, Sept. 2, at the same place with no admission charged.... FREDERICK M. GODWIN, retired architect, died this week while visiting his daughter in Scotland. His home was in Katonah, NY, and he was fairly well-known in this section. We seem to recall that he was architect for the ocean-front pavilion at Tobey Beach and we know he was architect for several of the proposed Hicksville Public Libraries which failed to win approval. One we recall vividly was planned for the corner of Jerusalem Ave and Carl St., the present day site of the Telephone Co Building. Incidentally this structure is getting another floor added to it.... We hear Assemblyman ED FERRERBACH has purchased a new home in Bethpage.... There is talk about converting the LUMM house on Newbridge Rd (which is part of the four acres the School District is buying) into an additional Administration Building, housing the business office. Newbridge Rd could be renamed "Pentagon Ave" or "Administration Road".... GOV ROCKEFELLER was supposed to be in Mineola yesterday to meet Republican candidates at the new County GOP Hq on Franklin Ave.

Levittown School District announced its 1961-62 tax rate this week at \$6.45 per \$100 which is still almost a dollar per \$100 of assessed valuation over Hicksville.... You may be interested to know that Aug. 26, 1948 was the hottest day ever recorded for Nassau County. On that date the temperature hit 102 official degrees (and you think the summer is over?).... The four winners of \$1000 each during the St. Ignace Church Bazaar were: Mrs. JOHN McGANN of Jerusalem Ave, S. DEL SORTO of 17 Magle Dr., LENA RABY of 42 Chestnut St., Hicksville; and HARRY REISCHERT of Kew Gardens....

A number of our volunteer firemen are up in Rochester this week for the annual state firemen's convention. Some of the boys are staying in nearby Sea Breeze where some of them have pleasant memories going back to the year of the convention at Buffalo.... Hicksville Adult Education courses, which start Sept. 25, have been reduced in fee in some areas.... JOE MADDEN, school recreation director, is on vacation until Sept. 1st.... DAVID M. BASEM, MONEY field underwriter of 146 Newbridge Rd., Hicksville, has qualified for membership in Manual of New York's National Field Club, a sales-honor group.... Jericho Firemen are getting ready for their welfare fund drive on Sunday, Sept. 10.... We hear one of the Democratic candidates has obtained yo-yos as a gimmick to remind voters of his candidacy. We offer this slogan: "Up and Down with So-and-So"....

WESOLKO IN GERMANY

Army Pvt. Edward T. Wesolko, 18, son of Mr. and Mrs. Edward Wesolko, 81 Hietz Pl., Hicksville, is a member of the 4th Armored Division in Heilbronn, Germany. Wesolko, who arrived overseas last June, is a mechanic in Company A of the division's 54th Infantry. He received his basic training at Fort Dix, N.J.

The former Hicksville High School student was a mechanic at the Bloomingdale Golf Service Station before entering the Army in January 1961.

"LARRY, YOU GOT YOUR REFUND!"

YOUR BREATH CAN SAVE A LIFE!

Here's the Red Cross-approved "mouth-to-mouth" method that's saving thousands of lives.

1. Clear Victim's Throat of water, mucus, food, if present.
2. Tilt Head back to open the air passage.
3. Hold Jaw in jutting-out position.
4. Blow into mouth (and nose, if victim is a small child) until you see the chest lift.
5. Remove your mouth; listen for air return from victim's lungs.
6. Repeat about 12 times a minute for an adult, about 20 times a minute for a child.

This form of artificial respiration has already saved thousands of lives. Your generosity helps Red Cross find new ways to save lives.

Good things happen when you help!

Marriages Show Increase in Town

A 21.8% increase in the number of marriage licenses issued during the first six months of 1961 over the same period last year was reported today by Town Clerk William B. O'Keefe. During this period 212 licenses were issued by the Town Clerk compared to 174 for the same period in 1960 and 156 in 1959. The represents a 38% increase in the number of licenses issued during the past two years. The month of June still remains the most popular month for issue of marriage licenses.

Marriage Ring Starts Next Issue

Starting with the next issue, the MID-ISLAND HERALD will present a column on marriage counseling by Carl Feldhamer, a resident of Jericho, who maintains a marriage counseling service in Hicksville.

Mr. Feldhamer has been a resident of Nassau County for eight years. He attended the University of Denver, where he received his B.S. in Psychology and Industrial Relations. He is a graduate of the New York Law School and a member of the New York State Bar Assoc. Mr. Feldhamer is active in local community, social and religious affairs.

If you have any questions concerning family or marital problems, please direct your letters to "The Marriage Ring", Mid-Island Herald, Box 95, Hicksville, N.Y. All letters published will be signed with coded initials. Letters which cannot be answered in this column will receive an answer by mail.

LI Economy On Higher Ground

At the start of the concrete drivers strike, Long Island had not only wholly recovered from the effects of the national recession, but was on already higher ground, according to the Franklin National Bank of Long Island.

In its current Franklin Letter, a monthly summary of economic conditions on the island, Franklin National found that by the end of the first half of 1961 total employ-

ment was 2.5 per cent higher than a year ago, construction outlays were up 7.5 per cent, incomes up 6 per cent, and retail sales 3 per cent over the first six months of last year.

Hogan Directs GOP Fund Drive

Thomas L. Hogan, real estate and insurance broker, resident of 5 Garconia Lane, Hicksville, has been named leader of the 1961 Republican Finance Committee Drive in the Town of Oyster Bay by Thomas R. Lynchon, Town Republican leader. The position was held last year by Daniel Butler, Hicksville attorney.

Hogan is chairman of Hicksville's first year where a new kind of GOP organization have sprung from the Republican Party. He is also chairman of the Nassau County Republican Party.

Hogan said today: "We are pleased to report that most of the area chairmen also helped put Oyster Bay on its 1961 quota have returned to continue this work for another successful year."

Each community area in Oyster Bay Township will be given complete autonomy in handling its fund raising campaign. Hogan added, Kick-off dates and solicitation methods will be determined by each area chairman. Hogan expects that all areas will have their drives well underway by Labor Day. "It is important," he stated "that every supporter of the Republican candidates be reached."

The theme this year, he added is "Invest in Your Party Now—Protect Your Investment in November."

Hogan is vice president of State-wide Real Estate Co., Inc., at 300 South Oyster Bay Road, Syosset. Mr. and Mrs. Hogan have three sons, Kenneth 12, Thomas 3 and Matthew 3 months. A mechanical engineering major at Cooper Union and the holder of Certificates in Safety Engineering from NYU, Hogan has been active as president of the Woodbury Gardens Club Assoc., Hicksville Lions Club Executive Board, County Service Officer for Amvets, leader in Boy Scout fund raising campaigns and other civic activities. His hobby is cruising. He has made 23 cruises to the West Indies and South America.

Teenager At Seminar

One Hicksville teenager is among the three hundred from 70 communities in ten states and Canada attending the seventh annual Yeshiva University Youth Bureau Torah Leadership Seminar at Camp Monroe, N.Y., from Aug. 25 to Sept. 4. He is Jeffrey Goldstein, of 3 Sunnyside Road, and is a member of Congregation Shaar E Zedek.

Help Flavio's All Over The World

On the July 21st, cover of Life Magazine there appeared the picture of a little boy by the name of Flavio, from Rio de Janeiro, who was dying of asthma. Today Flavio has a good chance of becoming well again and conquering his battle with asthma. He has just been accepted to the Children's Asthma Research Institute and Hospital in Denver, Colorado.

Nassau A. I. R. (Asthma Institute for Research) Coordinators Mrs. Herbert Kirshbaum and Mrs. Jack Berke are asking for volunteers to participate in the annual door to door A.I.R. Crusade which will begin Oct. 1st. The proceeds from this drive will go to the Children's Asthma Research Institute and Hospital. This Institute seeks a permanent cure for asthma through research, but at the same time, it provides free care and treatment to children of all races and creeds suffering from chronic intractable asthma.

All who wish to volunteer their services to this most worthy cause, please contact A.I.R. Coordinators Mrs. Kirshbaum at WE 1-3741 or Mrs. Berke at WE 8-2145.

Vol. 2, No. 25

AN EDITORIAL: What Gives?

At the time of our deadline we learn that Sosnow and Schwartz have petitioned the Nassau County Planning Commission for a lowering of their bond covering the undedicated streets in West Birchwood. The hearing was scheduled for Wednesday, Aug. 23rd. We won't know the outcome in time for publication in this paper. The petition appeared as a legal notice in last Saturday's Newsday. We are of the opinion that Messrs. Sosnow and Schwartz ought to have given the Civic Assoc. ample notice of their petition so that proper steps could be taken, to determine that nothing detrimental to the residents of the undedicated streets would result in an affirmative response by the Nassau County authorities.

FAMOUS AUTHOR VISITS WEST BIRCHWOOD.
 MARY ELLEN LAZARE, Craig St. chats with her brother-in-law, George Waller, author of "Kidnap", the story of the Lindbergh case. The book is the Book of the Month Club's September selection and got a tremendous two page review in last Sunday's Herald Tribune Book Section. Mr. Waller and his wife, Joan, Mary Ellen's sister are frequent guests of Mary Ellen and Dan at their home in West Birchwood.

Jericho Board To Print Budget

Commissioner Felix Franco, Chairman of the Board of Fire Commissioners of the Jericho Fire District, announces that the District's budget for 1962 will be drawn up some time during August. Upon completion of same, the Board has decided to publish the detailed budget in the official newspaper of the District, so that the taxpayers will be fully informed. Gov. Rockefeller has recently signed into law a bill which was passed by the 1961 Legislature and which practically eliminates the necessity for fire districts to submit their excess budgets to the taxpayers' consideration at special elections. In his approving memorandum, the Governor stated that "this legislation is prompted by the unusually low assessment procedures in effect in some areas as compared with other areas of the State. Where assessments are far below true value, a fire district is burdened with the expense and

 Here's hoping that we will have seen many of our old and new members at the Luau at Tobay. A good time can be had by all but only with the participation of our community. Our summer functions are designed to insure that the newer members can meet the so-called old timers. With the end of the summer season approaching, we can start looking forward to our gala fall and winter social functions. We have in store for members another wonderful election eve dance and the annual dinner dances scheduled to be held at Carl Hoppl's. The work of your Assoc. continued during the so-called slack summer season. The problems of litter and debris in the vacant areas have been carefully attended to; the dedication of the newer sections are also being actively pursued, and many other important projects are under way. As usual there is much more to be done and once again it requires your cooperation to make our Assoc. a moving and vital force thereby insuring a happy community. Again we must appeal for volunteers; we can only appeal to you, our members and neighbors, for this much needed help and cooperation. We are seeking new members for our social committee, membership committee and editorial staff. Won't you please call me at WE 8-3206 and just volunteer a few moments of your time?

Forming New Car Pool

Tired of having the Long Island Railroad schedule rule your life? There's a cheaper and more flexible way of commuting to Manhattan. We are forming a car pool to Woodhaven Blvd. parking lot (at IND-BMT subway station). It will leave Jericho at about 7:45 a.m., Monday through Friday. Pick-up time will be around 6 p.m. in the parking lot. For five commuters, the estimated cost is under \$10 per month. Total travel time (including subway to mid-Manhattan) is approximately one hour. If interested, please call S. Epstein, GE 3-9829.

What's Cooking?

by Mary Ellen Lazare
 At a recent dinner party I served a favorite dish of ours...it has an "off-beat" flavor that seems to appeal to all. You have to do a little "before-hand" preparation for this one, but its well worth it.
CHINESE CHICKEN
 6 large chicken breasts skinned and boned
 5 Tablespoons butter
 1 Cup thinly sliced water chestnuts
 1 Slice diced canned bamboo shoots
 2 Cups sliced celery
 2 Cups sliced green beans (use fresh ones)
 3 Cups chicken broth
 1/4 cup soy sauce
 2 1/2 teaspoons salt
 2 teaspoons Accent
 1 teaspoon sugar
 1 teaspoon pepper
 2 tablespoons cornstarch
 1 cup walnut halves
 Rice
 Slice the chicken into thin julienne strips, and saute them in a large skillet in 4 tablespoons of the butter for just a few minutes until the meat turns white. Add the water chestnuts, bamboo shoots, celery and green beans, and the chicken broth and soy sauce. Season with salt, accent, sugar and pepper. Cover and steam for 5 minutes... no longer. Blend the cornstarch with a little water and add to chicken mixture and cook only enough to make the broth thick and transparent. Don't overcook this dish as the vegetables should be crisp. Just before serving saute the walnuts in 1 tablespoon butter and sprinkle them over the chicken. Serve with or on a bed of rice. This makes 6 servings.
 If you have any trouble finding the Chinese ingredients let me know.

Joins Silurians

Louis Weintraub of 11 Maytime Drive, Jericho, Consultant to the New York Racing Assoc. for Photo Communications, was elected to active membership in the Society of the Silurians, Inc., an association of men who, 25 or more years ago, worked on the staffs of New York City newspapers. Weintraub, President and General Manager of Photo Communications Co., Inc., started his newspaper career during his early youth working for City News Assoc., which was later incorporated as part of the Associated Press local news service.

Robins Tweet Birchwood Pk, 5-2; Clinch Pennant

The West Birchwood Robins clinched the American League softball championship with a 5-2 win over the Birchwood Park Civic Assoc. on Sunday, Aug. 13, at the Merry Lane Field in East Birchwood. Offensive stars for the Robins were Bernie Monkarsh with a home run and a single and Ricky Goldberg with a pinch hit game winning triple. The Birchwood Parkers scored first on a home run by Marty Stahl with a man on base. With Howie Cole and Marty Stahl pitching a tight ball game, the two runs led by the Birchwood Park team looked imposing. But in the fourth inning, Bernie Monkarsh blasted a long home run to right field with one man on base to tie up the score. The Birchwood Parkers had a couple of good chances to score in the following innings, but with men

on base Howie Cole bore down and the team could never get the important base hit. Going into the top of the final inning with the score tied at 2-2, Bernie Monkarsh beat out an infield hit. Manager Irv Tillis sent Ricky Goldberg in to pinch hit. On the second pitch, Ricky crashed a triple deep into left center for the tie breaking run. Ricky then scored on a single by Al Friedland. One more run was produced in the inning to make the score 5-2. Birchwood Park filled the bases in the bottom half of the inning, but a pop fly to the catcher ended the ball game. Last Sunday, the West Birchwood team ended their regular season with a replay of a protested game against B'nai B'rith. The Robins lost the game 9-6, but still retained their league lead.

West Birchwood jumped off to a commanding league in the first inning. Ted Goldbaum led off with a single. Tom Feniger advanced him with a single and Sal LoPiccolo walked to fill the bases. A walk to Irv Tillis forced in one run and another run scored as Al Friedland reached first base on an error. Monroe Swerdlow walked to drive in another run. Bob Ballot struck out but Mort Winthrop singled home two runs and the Robins took a 5-0 lead. B'nai B'rith got back five runs in the top of the second inning with the Robins contributing some loose fielding. In the third inning B'nai B'rith added four more runs. In the third inning Mort Winthrop tripled, but he was left stranded on base. West Birchwood added their sixth run on singles by Monroe

Charge Fixing Kegler Prices

Attorney General Louis J. Lefkowitz has entered a Supreme Court order knocking the pins out from under an alleged price fixing arrangement by 33 bowling establishments which do a \$5 million a year business in Nassau County. Three defendants are in the Mid Island area.

The order, signed by Justice Bernard Meyer, enjoins bowling establishments which are members of the Nassau Bowling Proprietors Assoc. from engaging in price fixing practices in violation of the Donnelly Act, the State's anti-trust law. The members of the association consented to the order which also provides for the payment of a total of \$14,850 in costs which equals \$450 by each defendant.

According to the affidavit filed in the court by Assistant Attorney General Vincent Marciano, the members of the Assoc. agreed to increase prices and maintain them at an arbitrary level.

The Attorney General's office revealed that the members decided by a resolution passed at a business meeting of the association to increase their prices from 50 to 55 cents a game. The increase became effective in all bowling alleys operated by association members in June, 1960. The affidavit relates that the defendants control over 1,000 alleys in about 70 per cent of the bowling establishments in Nassau and do an estimated business of \$5 million a year.

Defendants listed in this area include Bowling Corp of America, 265 N. Bway, Hicksville; Woodbury Lanes, 410 So. Oyster Bay Rd., Hicksville; and Jericho Lanes Jericho Tpke., Woodbury.

CLIP AND SAVE: Hurricane Emergency Info

If you observe the following precautions, you need have little fear of an approaching storm.

1. If you feel insecure in your home, go to your nearest Red Cross Shelter. Evacuate exposed beaches and islands early. Pre-storm tides may cut you off.
2. Take blankets and pillows to shelter. If special diets or baby formulas are needed, take materials with you. Only emergency rations will be provided.
3. Pets cannot be taken to shelters, so be sure to leave plenty of food and water for them.
4. If you are staying home, remove or lash awnings and close shutters. If you are boarding up, use strong lumber and nail securely. Brace French doors.
5. Collect and place indoors loose objects, such as garbage cans, yard tools, and porch furniture.
6. Check lamps and flashlight batteries. Check emergency cooking facilities and be sure adequate fuel is on hand. Lay in a supply of canned foods and milk. Electric service may be damaged or shut off as a safety precaution if winds reach hurricane force.
7. Conserve refrigeration. Turn your box and freezer to cold and leave on as long as possible. Open only when absolutely necessary and close quickly. Refrigerators and freezers will stay cold much longer if these precautions are taken.
8. Your water supply may fall. Sterilize your bathtub and other containers and fill with water.
9. Fill your car with gasoline.
10. As the storm progresses, listen to your radio for frequent advisories from the weather bureau and the Disaster Committee of your Red Cross. These are official. Do not spread rumors.
11. While storm winds blow, stay inside. Keep a door or window open on the side away from the wind. Be quick to close it if the wind changes direction and open one on the other side.
12. Use flashlights if possible. A gust of wind might upset a lamp or candle and cause a fire.
13. If the storm center passes your area, there will be a calm period or lull lasting from several minutes to half an hour. Wind and rain may completely cease, but do not be fooled. Do not go out. The wind will resume from the opposite direction, even with greater force than before.
14. After the storm, be cautious of every move. Do not touch fallen or low hanging wires of any kind under any circumstances. Avoid puddles with fallen wires in them. Watch out for weakened limbs, porches, bridges and so forth which might collapse.
15. Use your phone for emergencies only. Jammed switchboards may prevent emergency calls for police, firemen, doctors, and Red Cross Disaster Units.
16. If damage is wide-spread, do not jam the telephone system to report interruptions in individual electric, gas, water, and telephone service. Utility companies have plans for complete service restoration. Report individual trouble only after services are back on in your neighborhood.
17. Do report immediately hazardous conditions, such as live electric wires and broken gas and water mains.
18. Use extreme caution with emergency lighting or cooking flames to avoid fire hazards.
19. Protect your health. Do not eat before drinking.
20. If you need help before or after the storm, watch for police or Red Cross disaster workers, or call Red Cross Headquarters, Pioneer 7-3500.

Cystic Fibrosis Month

Max Kossove has been appointed campaign chairman for Cystic Fibrosis Month which will be observed here during the month of September with a door-to-door drive to raise funds for cystic fibrosis research. It was announced by Mrs. Ralph Mollet Sr., president of the North Shore Chapter of the National Cystic Fibrosis Research Foundation.

Kossove described Cystic Fibrosis as being one of the most serious community health problems of our time. Thousands of children will be born this year with fibrosis. Unless we raise funds for necessary research, if they will die before they reach school age.

"The money raised will be used to improve medical treatment facilities urgently needed here for the care of children with Cystic Fibrosis."

Kossove said that all interested in volunteering may call OV 1-4170 or write Box 103, Jericho, N.Y.

Scientific Congress Concludes Friday

Five experimental teams composed of high school students and science teachers will present their findings in cancer research at the closing session of the "Student Scientific Congress" of the Waldemar Summer Science School, this Friday evening, August 25, at the Nassau Academy of Medicine, Garden City.

The first three days of the four day Congress will be devoted to the presentation of bibliographic surveys of medical problems of personal interest to student and teachers. Topics include "Age and Growth of Fish" by Evelyn Gordon of Plainview High School.

The students and teachers who participated in the program included: Barry Levine of Jericho High School, student; and teachers Philip Ferris of 8 Cedar Dr., South Old Bethpage, and Morris Krapas, Plainview High School.

Among Winners

Stuart Shore of 26 Lantern Road, Hicksville, will be among the seniors of some 100 Nassau and Suffolk County high schools who will be awarded a 1961 Paragon Oil Student Incentive Award, it was announced by Leon Galloway, Principal of the Hicksville Senior High School.

The awards, consisting of certificates of merit and \$50 U.S. Savings Bonds are sponsored by the Paragon Oil Company to give recognition for scholastic achievement and at the same time to encourage a better understanding and appreciation of the American Free Enterprise System, and what it has accomplished.

Bea Burstein Is Speaker Here

Former State Correction Commissioner Beatrice S. Burstein urged this week that every juvenile brought before the Nassau Children's Court be given legal representation to prevent possible "miscarriages of justice".

The former Commissioner, who is now Democratic candidate for Presiding Judge of the Nassau District Court, spoke at a family discussion meeting in Plainview at the home of Murray Rosen.

She pointed out that at the present time, the great majority of offenders who come before the Children's Court--and before similar courts across the country--have no lawyers to represent them.

"When juveniles and their families ask about legal representation in the Children's Court, they are told by court personnel that it isn't necessary because the court operates primarily as a social court," she said. She said juvenile courts in America should continue to operate primarily as social courts, but felt the juveniles should still have lawyers. "If they can't afford the lawyer's fee, they should be given free counsel," she said.

MUSIC LOVER: Lester Janus, one of the original "Remus Toy Boys", now appearing in the Guy Lombardo production of "PARADISE ISLAND" at the Jones Beach Marine Theatre, offers to appreciate the concert music Robert Pownall of the Guy Lombardo orchestra is playing. It seems Lester's box seat is a little drafty and too close to the music.

Brooklyn Firm Moving Here

MRM Company, Inc., one of the nation's leading manufacturers of labeling machines and filling equipment for liquid and viscous products, will become a resident of Plainville when the 16-year-old firm moves from Brooklyn into its new plant in Technical Industrial Park here late this Fall.

Located on a three-acre plot, the one-story brick and glass structure is approximately 25,400 square feet in area. This, reports Herman Manas, president, is more than twice the working space occupied by the firm during the 12 years in its Brooklyn location. MRM will be able to incorporate under a single roof, facilities which were previously located in two buildings.

Bendix Orders Potter Gear

Potter Instrument Co. of Plainville has been awarded a third contract for its High Density Recording System, amounting to over \$700,000 from the Bendix Computer Division of the Bendix Corporation in California.

Beware The Bike

Old desert-wise prospectors gave rattlesnakes a wide berth. When they came upon one all coiled up they detoured around its striking distance. A child on a bicycle has the uncanny ability to get in front of you suddenly. He can fall in practically any direction. Smart drivers cut their speed in half.

Overnight Mail To California

Air Mail and Air Parcel Post destined anywhere in the Southern California Area, if posted by 5 p.m. in our Hicksville Post Office, will be delivered early the next morning.

This development in Air Postal Service is made possible through a specially scheduled non-stop transcontinental jet flight, closely coordinated with ground and helicopter services, according to acting Postmaster Irene L. Murphy.

California mail must be in my hands by 5 p.m.

At Idlewild, the Air Mail is transferred directly to the Air Carrier - at shipside. The BREAKFAST MAIL SPECIAL leaves Idlewild at 11:15 p.m. and arrives Los Angeles at 1:30 A.M.

At the Los Angeles Airport the mail is reworked (sorted by California community or Branch Post Office) and by 3:30 or 4:30 A.M. AFRICAN REPORT.. Understanding the Culture

By Ken Foran

KUMASI, GHANA
We are not in Ghana to build a school house, though it is badly needed. We are here to break the barriers of misunderstanding. To do so, it is necessary to understand the culture of the West African. Since the World War, there has developed an "ethnic" sometimes referred to as the "bombs to's," because they have been to Burma, been to America, and been to England.

These people, many of whom fought with the Gold Coast Regiment, during the war, never miss an opportunity of letting the public know about it.

Police officers and even bank guards, wear combat ribbons to inform all of their travels. The African is willing to try a variety of new ideas, even when he is opposed to them. Because of this, Africa is able to call on both the East and West for assistance.

Rarely does the African think of the world in an East-West division; rather, he thinks of the world in a North-South division of the "haves" and the "have-nots." Because most Africans do not travel, there is relatively less international and more local concern than in the United States. The Honorable A.J.D. Hammond, member of Parliament and Secretary of the Ministry of Labour, Co-operatives and Social Welfare, who has travelled extensively in the United States, has told me that a Ghanaian has a feeling of belonging to his community as we feel about belonging to New York State. The African would rather talk about doing something than actually doing it. One of the commonest words in his vocabulary is "palava," which means, a talk or discussion. For reasons of climate and diet, sitting and talking things through has become part of the African culture. It is unfortunate that some compare the African with the American; different cultures make different people.

If a question is put to the African which he would rather not answer, he simply won't answer. It is not meant as an insult when he doesn't reply. By avoiding the question, everyone is saved the embarrassment of a ticklish question. The African is eager for responsibility.

A traveller in Ghana, upon seeing the needs of the people, may feel what he considers an emergency condition, is not being taken care of. For the African, no emergency exists, because tragedy is a part of his life. In comparison, conditions, though very bad in Western eyes, are better than they have been in the past. He's even more aware of his new independence. He wants to do more for himself. It is a painful experience for him to learn that he is not prepared to handle some jobs in his own country. Pride is part of the African character also. The less people have, the more they are proud of what they do possess.

In Ghana, families are large. The number of children and wives often is the measure of a man's wealth. Despite polygamy, there is a true feeling of family unity, which exceeds that found in most

American families. Families here may number fifty or sixty; but this count is still incomplete, for most Ghanians, the family means, the dead, the living, and those still to come. Much progress has been held back because property belongs to the past, the present, and the future. Therefore, the present members of a family are not permitted to dispose of or to alter the land.

Life is thought of as one continuous chain that is neither to be broken nor to be changed. The highest respect is paid to the departed, while the living suffer daily. While in Kumasi, I visited one of the small surrounding villages, Bonowire. All of the shops were closed; a funeral was going on for a chief, who had died over a year ago; he most likely never had a dance in his honour while living. An African funeral is a colorful event. Bright orange is the color of the mourning cloth worn. Drums are played loudly and the people dance from sunrise to sunset. A group of women, who are designated as mourners and they sit silently.

Whenever an African opens a bottle of liquor or is offered a drink, he pours the first sip on the ground. This is the libation; the drink for his forebearers. Individual dignity is often lacking, because as a living member of the family, a man commands little respect. With such strong emotions, and ancient traditions, the African is often unable to completely break with the past. Also, we see the strange mixture of tribal and western dress and Christian and Pagan belief. The African does not understand why the American Negro does not feel an obligation to return to the land of his forebearers. A cultural block but not a racial block must be broken in Africa.

3-Acre Tract Sold This Week

Parway Associates reports the sale of three acres on Hicksville Road, Bethpage, formerly owned by Helen Reizler to Warren Spellman and his associates.

The property has 400 frontage on Hicksville Road and is adjacent to the six acre tract now occupied by Joe Rogers Nursery. The owners will erect a 15,000 square foot building to be known as "Holiday Manor" where the ultimate in modern catering will include a restaurant - open to the public, cocktail bar, and three banquet rooms, specializing in weddings, Bar Mitzvahs, business-luncheon meetings, garden parties with Kosher and Non-Kosher kitchens. The large hall will accommodate up to 1,000 people. The parking field will serve approximately 1,000 cars.

When interviewed at his temporary office at 4117 Hempstead Turnpike, Spellman said that there is a great need for a first class catering establishment in the Hicksville-Bethpage area.

Keith Hiber Associates of Hicksville are the architects and Parway Associates were the brokers for the transaction. The building will be completed by the end of the year according to present plans.

JUD IS PRESIDENT

August Jud is the new president of the Hicksville Exempt and Benevolent Firemen's Assoc., Inc. Other officers elected recently are Clifford Davis, first vice president; Robert Hammond, second vice president; Wm. Kraji, secretary; Glen Munch, treasurer; and Joseph Eiseemann, financial secretary.

Mr. and Mrs. F. Proffo of 153 Burns Ave., Hicksville, announce the engagement of their daughter, Miss Evelyn Proffo on Aug. 20, to David Winters of Merrick. No date has been set for the ceremony.

BETWEEN DEADLINES

The report this week that John W. Chisholm, Superintendent of the first supervisory district of Nassau, is retiring on Aug. 31 and that his district will be merged with the Second District where Harry W. Gross is superintendent recalls some of the earlier controversies and history of school districts in this area.

Mr. Chisholm (he's actually Dr. Chisholm but never featured the title) as the local representative of the State Education Dept. took a leading role in local school affairs in the days when most local districts were called Common Districts or when they were Union Free prior to obtaining their own superintendents. He never had too much to do with Hicksville, which had a superintendent since the early 1930's. But he did have a lot to say about educational matters in Central Park (now Bethpage), Jericho and Plainview.

We met him frequently in those days when Centralization was being advocated by the State Dept. in various combinations. One included Central Park joined to Farmingdale. Another plan had Hicksville and Jericho linked together. There was also, for a brief period, a plan to merge Hicksville and Plainview districts.

In Common District (such as Plainview) he had the final word on the hire (and fire) of teachers. He had a lot to say about Jericho until just recently when the District was able to give 5,000 population and designated Dr. Kenneth Lane as its first Superintendent of Schools.

One of his last official acts, involving Hicksville, came in recent years. He gave his blessing (on behalf of the State of New York) to the transfer of a small section of south west Hicksville to Jericho District after the Education Boards of both Districts concurred.

We hope he enjoys fully his retirement. We are sure he has earned it. —Fred J. Neeth.

Hicksville's Lost Industry

by Herbert Hole
Town Historian

Over 100 years ago, the first manufacturing industry came to Hicksville. In those days, Hicksville was mostly a German or German-American settlement and it was some of the old German families who brought this line of business to Hicksville.

At that time, the gold beating trade was established at Hicksville and it consisted of buying gold metal in thicker and heavier blocks and these were eventually reduced to thin sheets known to the trade as gold leaf.

Silver leaf was also produced in a similar manner. This was accomplished by placing metals to be beaten between sheets of leather and then it was hammered out until it became as thin as thinnest tissue paper.

The beaters were both men and women and they would beat for so many beats and then skip with a regular gold beaters' rhythm which produced best results.

One reason this business prospered is because it was fairly easy to start and could be done by one, two, three or various numbers of beaters because it was all hand done, especially in the early days. This old local industry blossomed forth into quite a large number of separate family units working at it, and neighbors joined the groups in many cases.

Later, some of the more progressive ones built regular shops to work in and some employed large groups for that period. According to research done by Hicksville students a few years ago, they found that Henry Muehle place of business was on West John St. Mr. C. Scholdack's business was located on Jerusalem Ave. and Mr. Reinhardt's place was nearby. Mr.

Wells had a silver leaf beating plant on Broadway and he also did German leaf beating there.

Messberg and Guntelmann had a silver beating plant on East Carl Street in the rear of Guntelmann's house and this one used a steam driven hammer. Henry Weichmann had the last goldbeating establishment on Williams St., until the beginning of World War II, when, with the pausing of over 120 years of this kind of business in Hicksville, it passed out of existence.
