## Less Returns In 2 Weeks

EMPIRE STATE doesn't seem to be able, thru its Public Works Dept., to concentrate. Up in East Norwich along the State Highway is a sign warning litter bugs they are subject to a \$100 fine. But at the RR Plaza in Hicksville (above), the mess accumulates without benefit of warning. Hicksville Rotary Club (below) worked two weekends to clean up the debris but in the past two weeks the litter and mess has accumulated again.

ALBANY — The State Dept. of Public Works will receive bids here on Oct. 5th upon the LI Rail Road grade crossing elimination project at Hicksville on Oct. 5th, it was announced here by State Senator Henry M. Curran. The State Public Service Commission recently gave its approval to the proposal elimination which is expected to cost about \$11 million, making it one of the biggest crossing projects in the history of the state. The project embraces 3.32 miles of track.

## Labor Day Spectacular :

# Volunteer Firemen March and Compete

By Hank Leeds

The 33rd Annual Labor Day Firematic Parade and Drill Tournament, hosted by the Hicksville Volunteer Fire Dept., will take place at the Mid-Island Shopping Plaza, next Monday, Sept. 4th.

The parade will start at 9:30 am from East Marie St., west to Jerusalem Ave., south to Old Country Road, east to Carl St., north along Broadway to the northeast entrance of the Shopping Plaza.

Robert B. Hammond, Sr., Chairman of the Labor Day Tournament Committee, will be Grand Marshal of the Parade. Immediately following the Grand Marshal will be the parade. Fire Chief, Walter Werthessen, and Immediate Past Fire Chief, Charles F. Sauer, leading the First Division.

Over fifty other Fire Departments and their respective chiefs and fire fighting equipment will be in the line of march. Also in the line of march will be the Volunteer Fire Department's Ladies Auxiliaries, Parade Bands from every local Civic, Charitable and Governmental organizations, and civic groups.

The Thornwood, N. Y., Fire Department's "Model T" fire engine, an unusual vehicle with many humorous gadgets, will be a outstanding feature of the parade.

Assisting Chairman Hammond in the Labor Day Tournament will be: Co-Chairman John Larkin; Recording Secretary Guy Smith; Financial Secretary Harold Manski; Robert Wheaty, Chairman of the Journal Committee; Fred Hasbrouck, chairman of the Welfare Committee; James Taxter, Chairman of the Plans Committee; Joseph Podgurski, Chairman of the Trophy Awards Committee; Joseph Pollina, Chairman of the Refreshment Committee; Corresponding Secretary Robert Coutler; Treasurer August Jud; Lawrence Huttie, Co-Chairman, House-to-House Fund Raising Committee; John Wickman, Chairman, Purchasing Committee; Booster Committee Chairman Mark Donahue; Grandstand Committee Chairman, Harold Hawhurst; and George McGuire, Chairman of the Parade and Arrangements Committee.

The Annual Labor Day Parade and Tournament is the largest one of its kind in the State of New York.

Coordinating and announcing the events during the Drill Tournament will be Mr. Ike Isakson of Hicksville; Mr. Larry Douglas, Broadway singing star currently appearing in the Westbury Music Fair's production "Music Man", will open the Drill Tournament with the singing of "The Star Spangled Banner". Backing Mr. Douglas, will be the Nassau County Color Guard Champions of 1961 and the American Legion Band from the Charles Wagner Post #421.

## DRILL IS TOURNAMENT :

# Looking Back Over Years

Next Monday afternoon on Mid Island Plaza's paved parking field will be staged the 33rd annual invitation volunteer Firemen's Labor Day tournament.

Today these events must be called a "drill" to meet the requirements of compensation insurance. In the old days they were called tournaments but in the minds of many present on Sept. 4, it will still be a tournament.

All of which brings us to recall some incidents over the years regarding this traditional Long Island Labor Day event. For about 15 years, more or less, we were in charge of publicity for this frolic and have accumulated a few odd bits.

Before 1910 Hicksville was the scene of the tournament of the South Shore Volunteer Firemen's Assoc. and it was well recorded in photographic form. This was an era when fire equipment was moved by human or horse muscle. Men were men and horses were horses.

Whether or not this began it all, we have no way of knowing. But shortly thereafter Hicksville began the famous Labor Day Parade and Tournament and (except for a skip during a few World War II years) has kept it up to this day.

We first got acquainted with this kind of competition the year it was held on Park Ave. between Plainview Rd. and Old Country. We can

remember rather vividly the water-fight between local companies armed with charged lines which climaxed a hot afternoon. Such events have long since been banned and prohibited.

Then for many years the contests took place on Fourth St., next to the High School (now the Jr. High). The refreshments stand and comfort stations were on the school grounds. They had lots more room because the three-story addition to the school had not then been built.

In those days Frank Chlumsky was the traditional announcer and we can recall his "hold" place announcements.

The judges' arch was an unshaded wooden structure and one year Judge Joe Lebkuecher was on the arch as a decider of prizes for the parade. At one time the judge turned suddenly and his pants hooked a nail and parted on the seating team. We never did hear how he managed to get down the ladder and home without losing some votes.

It may have been the same year that the running hose cart took place and Hicksville was entered with a team including George Engel. An enterprising photographer got a terrific picture of George being run over by the hose cart.

A few years later on Duffy Ave. we have a sharp recollection of the thunderstorm that broke before the final event. Everyone on the judging arch dashed for the American Red Cross First Aid tent (today they have a fancy auto-trailer) and there must have been 50 people crouched in there against the weather.

Most of the judges went home as a result and we recall if it were not for our reporter's notes, the final winners might have had to wait a few more days to find out

## Kunz Re-Elected

George A. Kunz was re-elected to his third three-year term as Hicksville Water Commissioner without opposition, last night (Wed). He received 172 ballots of 178 cast. One ballot was declared void and five spoiled. The election was held at Hicksville Courthouse, supervised by Oyster Bay and Hempstead Town Boards. It was the first time in three times that Kunz was unopposed for election.

THIS PICTURE in a recent issue of the Smithtown Messenger, and the story with it, recalled for some residents the famous incident of the Hicksville School Bell. The above, called the "Victory Bell", will be housed in a tower on the Smithtown High School grounds. The graduating class this year contributed \$475 to build the tower. The bell was cast in 1868 and for many years was rung after every athletic victory.

The bell which hung in the tower of Nicholas St. School, Hicksville (the tower is now gone), was saved from the junk heap by former School Board President Henry C. Brongel and has been in his possession ever since. A couple of years ago a great to-do arose about the bell and its whereabouts.

## Dear Jean..

MEADE C. DOBSON died this week at the age of 81. He was executive director of the Long Island Assoc. for 26 years, retiring in 1952. Next Hicksville School Board meeting is Sept. 28th. Well informed sources appear to confirm the report that DAVID HURWITZ, member of the Board of Education, may move out of the District before the end of the year. Unless the six other members also agree (with four votes) on an appointment, this may result in a special election to fill the vacancy. JOAN KOMAR, daughter of Mr. and Mrs. John Komar of 136 Dean St., Hicksville, will be attending Stephens College in Columbia, Mo., this fall. Classes start Sept. 18. Opening of the Lincoln Savings Bank office in Plainview is being anticipated within 30 days. PHIL ROBINSON, Hicksville Republican leader, recalling in print that the organization has come thru two "gruelling political convulsions" since the sudden death of ERNEST F. FRANKIE, notes the opposition continues "to use the same old hackneyed and worn out clichés and slogans with the only changes being that of the candidates. It becomes evident because of the continued change of candidates each year that they can only stomach such a worn out and hackneyed script one time around." It hasn't been a mistake, but we hear a new GOP congressional candidate has been named for the 57th district in Hicksville to replace ROBERT CORCORAN. Don't forget the Fireman's big parade and drill on Labor Day. Chairman BOB HAMMOND tells us that JOE CARLINO, speaker of the State Assembly, will definitely be among those present.

It was turnabout at the Hicksville Kiwanis last week when HORACE McALLISTER had as his guests Supervisor JOHN J. BURNS, District Court Judge WILLIS B. CARMAN, ARTHUR GILBERT and ED RUSSELL. Date of that inter-service club Golf Tournament at the Huntington Crescent Club, previously mentioned here, has been changed to next Thursday, Sept. 7.

WALLACE E. LAMB, former Superintendent of Hicksville Schools, who retired on June 30 and attended a college post in Jersey, took ALMETA LORRAINE WILEY as his bride at New York City on Aug. 19. Mr. and Mrs. Lamb will be at home after Sept. 5, at 240 East Palisade Ave., E-10, Englewood, New Jersey.

ALPHONSO SAINZ, custodian at Clark Lane School and a good friend of ours, suffered a heart attack Monday afternoon which proved to be fatal. JOHN GREENWOOD, Plainview School District business manager has his foot in a cast covered by a canvas boot and is getting around on crutches. He suffered a sprain. Curiously, ANTHONY GORCZYCKI, Hicksville School District business manager, was going around the same way for the same reason not so many months ago. Hicksville Republicans will open headquarters shortly after Labor Day on Herzog Pl. in the Tirecraft store. CHARLES H. STOLL, AARON L. ROCHMAN and VINCENT B. PROBYNSKI will have an open house at their new offices in the STOLL Building at 41 Broadway, Hicksville, on Sept. 7. LARRY ROMAN sends us a page from the New York News wherein Levitt and some boasts of providing their New Jersey community with "an elementary school, named by us and donated to the Board of Education". Larry's comment was: "All we wanted was (for Levitt) to donate the land" in Hicksville School District. At that time Levitt furiously fought against the proposal. Hicksville Lions Club about Oct. 1st will acquire 5100 square feet at Mid Island Plaza which they plan to offer as a community center for organizations to use for dances, etc. The Lions will use the place three nights a week for their Bingo games. LOU SCHULZ of Hicksville, Democrat candidate for District Court Judge, will be given a dinner at the Old Country Manor on Sept. 14 by his Lawyer's Committee. ALLEN S. CARPENTER is again in charge of the Finance Campaigns for the Boy Scouts of America. The campaign kicks-off on Sunday, Oct. 22. A training course for Cub Scouts, Scouting and Exploring will start Sept. 27 at Hicksville High. Special meeting of Hicksville Fire Dept. was called for tonight (Aug. 31) by Chief WALT WERTHESEN. JOHN W. REIFENBURG of Bethpage was fourth on a list of boys in the Congressional District who took qualifying tests for appointment to military academies.

Co. No. 3 of Hicksville Fire Dept. in 1908. No molins in sight.

"Wisconsin leads all states with nearly 1,296,000 cows bred artificially annually, and that's no bull." — W. H. Goldthorpe, Cuba City (Wisc.) Tri-County Press.

"Three-fourths of the earth's surface is water, and one-fourth is land. It's clear that the Good Lord intended a man should spend three times as much time fishing as he does mowing the lawn."

## THE MARRIAGE RING

By CARL FELDHAMER, Marriage Counselor

We hope by the means of questions and answers through this column to help solve some of the problems which are common to many of our readers. Please direct your letters to "THE MARRIAGE RING" Mid-Island Herald, Hicksville, N.Y. All letters published will be signed with coded initials. Letters which cannot be answered in this column will receive an answer by mail.

The past decade has seen a tremendous change in the American Home and mode of living. The big trek to suburbia has eliminated many of the old problems which faced the average city family and created new ones in their stead. Some of us look back on city life with nostalgia; others are thankful that they have exchanged the hectic city pace for the more leisurely (?) rural pace.

The changes in living habits have brought with them marriage problems different and yet similar to those which faced the city families. We are all members of a society whose rules of social conduct apply to people in general - and affect each of us differently. At times we close our eyes to these rules and create problems or hurts in those who we love best and are closest to us. We momentarily forget the Golden Rule - Do Unto Others As You Would Have Others Do Unto You (or - Do Not Unto Others, That Which is Hateful Unto You.) - - - It is amazing how many problems can be solved by simply following the Golden Rule. Of course there are many situations which become more complicated in the individual's own mind and cannot be solved without the advice or guidance of an outsider or 3rd party.

Many people are not aware of the excellent counseling available to them from their Pastor, Priest, Rabbi or family physician. There are available, for those who wish to use professional counseling, many psychologists, marriage counselors, psychiatrists and community mental hygiene groups who are capable of serving the individual in his time of need.

If you think we can help solve your problem, please write to us. All letters received will be kept by the writer in strict confidence. All letters will be answered either in this column or by mail. Letters published in this column will not show the writer's name but will use some identifying code or abbreviation.

Our desire is to be of service to you. Please permit us to do so.

### People Heard, Patterson Says

The people of Nassau have had a chance to speak up on the Mitchell Field issue," Nassau County Executive A. Holly Patterson told the Nassau County Board of Supervisors on Aug. 7th in his previous request for a public hearing. Members of the Board of Supervisors have passed two resolutions indicating their preference for the field's conversion into educational, industrial and recreational uses.

Patterson has written U.S. Senator Jacob K. Javits.

The members of the committee are fully aware of every argument pro and con," the County Executive wrote to Swanson two

weeks ago. "We have received many letters from manufacturers and businessmen and others favoring retention of aviation facilities. For every letter in favor, however, I do not believe it an exaggeration to state I have received more than ten opposed."

Pvt. Frederick Desiderio, son of Mr. and Mrs. Mario A. Desiderio, 269 Acre Lane, Hicksville, completed the five-week single rotor observation helicopter maintenance course at the U.S. Army Aviation School, Fort Rucker, Ala., Aug. 15.

Desiderio was trained to perform organizational maintenance on all types of Army single rotor helicopters.

CHIEF LARRY RUTTLE and Mel Voorles, of the Hicksville Fire Department, study the grandstand layout plans during construction of reserved seating for their Annual Parade and Drill Tournament at Mid Island Shopping Plaza, in Hicksville. ## Warn Your Children About Dangers Of Blasting Caps

With much industrial building under way on Long Island, the Grumman Safety department is urging all Grumman personnel to alert their children to the dangers of playing with blasting caps, which often are used in heavy construction work.

Blasting caps are small copper or aluminum cylinders about as big around as a lead pencil, and between one inch and six inches long. They contain a highly sensitive explosive and are used to detonate dynamite, often necessary in the building of roads, bridges and large buildings.

There are two kinds of caps. The 'ordinary cap' is exploded by sparks from a burning fuse inserted in one end of the cap. The other kind of cap is an electric blasting cap. It has two wires coming out of one end. These two wires are connected by a very thin wire that is sunk in the explosive charge of the cap. When electric current is applied, the thin wire becomes 'red hot' and detonates the cap.

The explosives in blasting caps are very sensitive, so that they will be sure to detonate the dynamite charge. An experienced person knows how to handle them safely. In the hands of an inexperienced person they are extremely dangerous—they can kill, maim or blind children!

Comparatively few people know what a blasting cap looks like—sometimes they are lost or stolen, and children particularly are likely to play with them.

When a cap explodes, hundreds of small pieces of metal fly out in all directions—sometimes as much as 200 feet—and even at that distance could cause blindness.

**Blasting Caps** are displayed in this photo. They are used to explode dynamite. Other boys and girls find them—play with them, and are badly hurt when the caps explode. If you find one, do not touch it. Tell a policeman. The top two caps are live caps, the one with fuse, and the second without fuse, but still dangerous. The bottom two are electric caps. Show this photo to your children, and warn them not to play with caps such as these if they find them.

Boys and girls should know what a blasting cap looks like, and what damage it can do. If found, it should be left alone. Other boys and girls should be warned and a report made to a fireman, policeman, or other law enforcement officer.

The Institute of Makers of Explosives (250 E. 43rd St., New York 17, N. Y.) has safety material available, including free posters, motion pictures and descriptive literature. They have issued a special display of dummy caps for the Boy Scouts of America.

Make very sure your children are warned about the dangers of playing with the blasting caps if found.

Tournament held in Rochester, Aug. 21, has the Nassau/Suffolk Rescue Squad Assn. leading the State In Rescue Squad contest participation.

On Saturday, Sept. 2nd at 8 p.m., at the Mid-Island Shopping Plaza, the Hicksville Volunteer Fire Department's Rescue Squads will participate in their First Aid Drill and Contest with 16 of the outstanding rescue squad teams from Nassau and Suffolk County.

Each team consists of four men and a victim and are presented with three problems in a sealed envelope, under the strict supervision of the American Red Cross. The judges are American Red Cross, Nassau County Chapter, instructors.

The winning team will be awarded with a trophy and each team will be given an individual "First Aid Oscar" for his share in coping the first place.

Second deputy Fire Chief John R. Specht will act as Master of Ceremonies in putting the program together for the Hicksville Fire Dept. This is a preliminary event during the welfare fund campaign and will be climaxed by the 33rd Annual Labor Day Firearm Drill and Parade, also to be held at the Mid-Island Plaza.

The program will be opened with a short address to the public by Fire Chief Walter Werthessen and a welcoming greeting by 2nd Lt. Robert B. Hammond, General Chairman of the Labor Day Committee. The public will be permitted to view the First Aid Rescue Squads in action.

Last week in the semi-finals of the Jericho Softball League, which consists of eight teams from Jericho, the Jericho Lodge of B'nai B'rith defeated White Birch 9 to 4, and the Jericho Knights of Pythias defeated the West Birchwood Rams, 8 to 5.

Thus the Jericho Lodge of B'nai B'rith will play the Jericho Lodge of the Knights of Pythias, for the League Championship this Sunday, Sept. 3rd, at the Merry Lane field at 10:00 A.M. The Jericho Softball League has announced that all fans are welcome to attend the Championship finale. There are adequate seats in the grandstands and admission is free.

## Letter to Villager Editor

(The following letter was sent to Mr. Irwin Baumel, Pres. of the Civic Association, and to Mr. David Mark, editor of the Villager.)

Gentlemen:

If Mr. Gilbert Stein had been appointed Public Relations Director of Floyd Bennett Stores, his article in the last issue of "The Villager" would have warranted a loud "Bravo". Since such is not, however, the case, I find the piece of nonsensical drizzle a disgusting display of how lightly the Birchwood Park Civic Association takes its primary responsibility to the residents of our community.

Coming at a time when the Civic Association is supposedly fighting Floyd Bennett to get them to correct flagrant violations of existing laws in the construction of the building, this article accomplishes nothing at all constructive but will only tend to add credence to the low estimate of the character of the Birchwood expressed so often by Messrs. Sosenow and Schwartz.

A matter such as this rises above personalities, but how can one resist offering Mr. Stein, and the Civic Association with whose authority he writes, an exchange of houses so he can enjoy, in his backyard, the "convenience of shopping until 10 P.M., 6 days a week." I am sure all of us in the vicinity of Floyd Bennett Stores will be awake at 4 A.M. and contemplate with relish the tax relief we are experiencing while deliveries are being made. It will undoubtedly at least equal the tax relief we get from the Gas Station. And, too, as we eat supper by the brilliance of Floyd Bennett's lights we are sure to bless the powers that be for saving us so many pennies each week on our food bill.

We have now resigned to the fact that, in spite of the "vigorous fight" the Civic Association has made, we are to have in our midst this store-of-ill-repute—but is it necessary to roll out the red carpet?

I know this letter is nothing more than an exercise in futility, since the censorship imposed by the Civic Association over what appears in "The Villager" would be the envy of any dictator. However, in a feeble effort to register my own opinion, please consider this my resignation as a member of the Civic Association.

I hope Mr. Stein and the Civic Association can maintain the same detached air after the sale of my house.

Signed - DANIEL SIROTA  
 20 Merry Lane  
 Jericho, L.I.

(Editor's Note: It is Mr. Sirota's privilege to take issue with the content and/or purpose of any article that may appear in the VILLAGER. We believe, however, that he exceeds his privilege when he categorizes, on the basis of the article in question:

1. The Civic Asso, as an organization that ignores its responsibilities, and

2. The VILLAGER as a newspaper that is censored by the Civic Association in a fashion that "would be the envy of any dic-

tator".

The Civic Asso. has waged a continuing fight against, first, the construction of the Floyd Bennett Store, and second, against any violations that may appear in its construction. The VILLAGER has editorialized against the store and has presented factual articles, in previous issues, that were not designed to cast a halo over what is obviously a fait accompli.

The article in question may not come up to Mr. Sirota's demands in style or value. Its publication, however, (or lack of same) could hardly change any opinion that Messrs. Sosenow and Schwartz have of the 1000 families who bought their products — some of whom have had more advantage taken of them than others.

It is obvious that the cloak of protection that any Civic Asso. can throw about its residents is not infinite. We regret that Mr. Sirota feels that his Civic Asso. fee did not give him a full measure of infallible protection. If the Civic Asso. were always to come out on top in every issue it faces, it could very well be more dictatorial than its accuser assumes it to be.

We are not competent to judge whether "flagrant violations of the law" do exist or not. We would assume that this would fall within the competency of the Town of Oyster Bay when a certificate of occupancy is applied for.

Mr. Stein's article describes some of the disadvantages of the Floyd Bennett store, and also, what some residents may deem to be distinct advantages. Basically, it accepts the obvious — the store will be a fact of life in Jericho, and the article describes, in Mr. Stein's opinion, what it may be like.

We do not consider that Mr. Stein has rolled out a welcoming carpet of any color. Neither has the Civic Assoc., nor the VILLAGER. And finally, we repeat from Mr. Sirota's benefit that a dictatorial censorship was not lifted specifically for him, it never existed.)

## Need Science Teachers

The PTA Creative Arts Workshop for children of Jericho School District needs professional science teachers. Classes will be held Saturday mornings starting at the end of October.

Anyone qualified please forward resume to: Mrs. S. Hamer at 47 Middle Lane.

"All the romance is going out of canoeing."

CHAMPION: Howard Turkell, president of Jericho B'nai B'rith Lodge, has won the National Individual Membership Championship for the second consecutive year. He personally recruited 197 members in 1960-61.

## CALENDAR OF EVENTS

## Attention Youth Group Members

If you plan to join this year's youth group, you'll surely be interested in the dramatics program. Our first production will be a musical comedy, "The Boyfriends." All members are welcome to the casting tryout which will be held at Jericho Jewish Center at 10 A.M., Tues., Sept. 5. Please be on time—"The Boyfriends" is waiting for you. For further information call Phyllis Wax at GE 3-9142.

Registration for membership in the Youth Group will be open on Thursday evenings, Sept. 14 and 21 from 8 to 9:30 P.M., and Sunday mornings, Sept. 17 and 24 from 10:30 to Noon in classroom #1 at the J.J.C.

Anyone in the community who may have barbell, weights, wood-working tools, or power tools for a shop and body building program, please put them back into use for a deserving youth program. Call Dr. M. Lawrence, OV 1-2200, and they will be picked up.

## PTA Plans Workshop

Creative Arts Workshop, a non-profit, self-sustaining, cooperative group, for all residents of Jericho School District #15, begins classes the end of October.

Parents will be notified of registration dates through brochures to be given to all school children of the district. Courses in science, drama, art, music, crafts and dance will be given under the guidance of professional skilled teachers. The cost of this will be \$20.00 per semester of 20 weeks on Saturday mornings 9:30 to 12:30. Further information can be obtained from Alice Davis, WE 8-5391.

The Sisterhood of the Hicksville Jewish Center will hold its meeting on Sept. 6, at the center at 8:30 p.m.

## May Convert Country Club Into Year-Round Community Center

The VILLAGER has learned that the Jericho Country Club may be operated in the future as a Community Club on a twelve (12) month non-profit basis. Memberships in the Jericho Community Country Club would be sold on a limited basis.

Winter activities would be planned for the club. At the beginning there would be ice skating, roller skating and indoor activities for children of the members in each age group.

Both immediate and long range plans would be considered for the

expansion of the facilities of the club. These additional facilities would be determined by the membership at large.

Officers and directors of the club would be elected by the members. The policy of the club would be according to the wishes and mandate of the same members. It would be the intention of the club that it be operated wherever possible in cooperation with organizations located within the Jericho area. For example, Little League could be given the use of the baseball field.

## Hi, Neighbors

MURIEL SUGARMAN

Welcome home to the many campers who have returned to Jericho. Now we know that summer is over.

And now that Summer is over and their busy schedules, I'd like to invite all Publicity Chairmen to use this column. Send your publicity releases typed, double space, in duplicate, to me at 63 Hazelwood Drive.

If you have any personal news, phone me at OV 1-5910.

Dennis Dockwell, son of Ann and Henry Dockwell of Forsythia Lane, is leaving for University of Texas.

Sincere condolences to Lucy Forest of Middle Lane, on the loss of her Father.

Wednesday, Sept. 6th at 8:30 p.m. the Sisterhood of Temple Or-Elohim will hold its first annual meeting of the year at the Temple. Mrs. Marvin Kahn, program vice president, says that a special program is in store for you featuring Elaine and Les Kaylin, Squire dance caller and social director. They will direct with audience participation a fun frolicking "Four Minute to Go Party".

This first meeting will also be the beginning of Sisterhood circles. Be sure to be here on Wednesday Sept. 6th at 8:30 sharp so you will not be missing anything of importance.

The Jericho Chapter of Hadassah will hold its Third Annual Eye Bank Luncheon on Wednesday, Sept. 27th, at 12 noon, at Carl Hoppa's, Baldwin.

The highlight of the luncheon will be a showing of fall and winter fashions of famous New York and California couturiers. It will be staged by the well known Empire Shops and will utilize the services of five beautiful models, a commentator and "mugic to dress bay."

In addition, there will be door prizes, favors at each place setting and a fun filled weekend for two, at The Pines Hotel, for the winner of the raffle. Donations \$5.00 - or - a filled eye bank. For reservations: Call Jay Schachter - OV 1-3491 or Ann Lerner - WE 1-6902.

The summer is nearly over, and the leisurely days spent at the country clubs will soon be gone. In three more weeks school will begin and we will be back to the humdrum activities of indoor living. Before you know it October will be with us, and Sisterhood of Temple Or-Elohim has a de-

lightful weekend away at the Grand Hotel and Country Club planned for you, Oct. 27-29 is the date.

If you make your reservations now before September you too will be able to enjoy a holiday filled with swimming (in a large indoor pool) ice skating, dancing, professional entertainment, wonderful food and service, and there is an excellent day camp at no additional charges.

For the time of your life plan ahead and call Bea Hart, OV 1-0274, for further information.

Rates for the weekend are:

	couple	child	age
Private bath	\$84	\$25	\$29
Semi priv. bath	\$80	\$24	\$28

Dogpatch characters are a living legend... a legend that you can be part of, on Sept. 16th, at the Jericho Firehouse, ORT is planning a night of surprises as Jericho discovers "Dogpatch". There'll be dancing to the music of Eddie Harmon, a box supper auction, a Lili Abner and Daisy Mae contest, and lots more. All you city slickers better grab a ticket right now from Anita Wachtel at WE 8-1526.

The whole town's talking about those ORT girls and the week-end they're planning at the Hotel Concord. You name a sport and we're planning it... name a lazy time activity and we've thought of that too! Golfers, swimmers and nightclub goers circle the dates... Oct. 13, 14 and 15. Don't miss the excitement. Call Aileen Pattemar at WE 8-7129 for details and reservations.

For its Second Annual Yom Kippur Night affair, the Men's Club of Temple Or-Elohim has a very exciting evening planned. There'll be continuous dancing to two bands, entertainment, food and drink. Admission is free to paid up members of the Men's Club. Why not join the fun Sept. 20 at 8:30. You'll be glad you did.

# THIS IS BOY SCOUTING

This is Boy Scouting in your District, the Arrowhead District, among the highest rated District in Nassau County. Town Supervisor John J. Burns, President of the Nassau County Council, Boy Scouts of America, at a recent District Annual meeting commended our District for its enthusiasm and activities with relation to the whole Scouting picture in Nassau County, stressing the point that the Nassau County Council itself has incorporated into its own procedures initiated in this District after they had been proven to be of merit and successful.

The purpose of the Arrowhead District is to promote through organization the ability of boys to do things for themselves and others, to train them in Scout-craft, and to teach them patriotism, courage, self reliance and kindred virtues, and to place emphasis upon the Scout Oath or Promise and Law for character development, citizenship training and physical fitness.

Never before in the history of our country has there been a greater need for placing great emphasis on the above virtues than right now. The District is giving leadership to a program that has been outstanding. The District will continue to grow, giving more and more boys an opportunity to enjoy the fun and adventure of Scouting.

The Organization and Extension Committee and the professional staff are relentless in their efforts to interest new institutions and organize new Cub Packs, Boy Scout Troops and Explorer Posts and at the same time, to keep our existing units alive and thriving.

Dramatic proof of the success of our determination over the years to make Scouting available to all boys who want it can be more fully appreciated by the following figures. In our District we have a total of 70 organized Packs, Troops and Explorer Units serving 1326 Cubs, 952 Boy Scouts and 99 Explorers.

## 31 Percent Of Eligible Youths

A grand total of 2377 boys had a Scouting experience in 1960-61. This figure represents 31% of all boys between the ages of 8-17 in the District.

Scouting in our Hicksville - Plainville Old Bethpage area functions through a partnership between the Nassau County Council and the community organizations which sponsor Scouting Units. During 1960-1961 there were 33 different churches, synagogues, schools, civic, fraternal and industrial organizations in partnership with the Boy Scouts of America.

Some of these sponsoring institutions supported the whole Scouting family, that is, Cub Pack, Scout Troop and Explorer Post. In accepting a charter from the Boy Scouts of America, a sponsor agrees to provide a safe, suitable meeting place, quality leadership and the full support and interest of the organization's governing body.

All administrative resources of the Boy Scouts of America exist for the sole purpose of helping sponsoring institutions conduct a successful Scouting program.

Each sponsoring institution is represented in council affairs by an Institutional Representative who participates in the Council Annual Meeting as a voting member and through active participation in the work of his respective district committee.

Scouting's success as a character building program inevitably rests in the hands of those who give it directly to the boys - Den Mothers, Cubmasters, Scoutmasters, and Explorer Advisors.

The demand on their personal time and energy in leading active dens, packs, troops, and posts are heavy and persistent.

## 1,062 Adults Give Assistance

Adequately expressing appreciation to the 1062 adults who served through 1960-1961 is virtually impossible. The best testimony to their vital importance to Scouting and their communities is the record listed in this District report.

There were 23 Scouting area commissioners who gave thousands of hours of direct service to our Packs, Troops, Posts and their sponsoring institutions.

They promoted Council and District events, staged monthly Roundtables for Unit leaders, doctored faltering units, and served as valuable interpreters of Council and District plans and policies.

They assisted the Organization and Extension Committee in the Annual rechartering process of each unit and assisted in the District training program.

The District maintains a Leadership Training program both basic and advanced training for all junior and adult leaders.

Nassau County Council maintains a camp at Harkness Training Center, Camp Wauwex at Wading River, L.I., Ontario Scout Reservation in the Catskills and Alder Lake Camp, also in the Catskills, now under development. This summer 93% of the Boy Scout Troops in this District enjoyed two weeks of camping under their own leadership at these camps.

## Explorers Launch Missile

The new Explorer program launched nationally in the Fall of 1958 and now moving into full swing is proving highly attractive to high school age boys. Ontario Scout Reservation and Alder Lake is a great source of adventure for these boys. A highlight of Explorer activities in our District was the launching by Explorer Post 595, Hicksville of a 700 pound, 16-foot long missile one mile into the sky over Camp A. P. Hill in Virginia during June 1960. The rocket was built by the Explorers in the Post.

Both the Health and Safety and Advancement Committees have been very successful in their programs of keeping Scouting healthy in the District.

Scouting in Nassau County Council is primarily financed by the citizens in the communities during the Annual Scout Fund Drive or Budget Campaign at which time all Scouters and friends devoted to Scouting go out and ask their neighbors for a donation. These donations are given in the form of "special gifts" which is \$5 or over or general House to House Solicitation. The 1962 Council Budget goal is \$382,000. The goal for the Arrowhead District is \$5,150 in Special Gifts. In general solicitation the District goal is \$15,000 of which \$11,000 is the Hicksville goal, \$9850 is the Plainville goal and \$500 is the Old Bethpage goal.

## Where Your Donate Goes

Approximately 70% of the Council Budget goes to Camps Operation and Maintenance and Field Service. The Council spends approximately \$10 per boy per year in the operation of the Scouting program.

Paid Scouters in Nassau County Council total 22 men who coordinate 50,000 men and boys or 2270 people in Scouting for each professional Scouter. Arrowhead District has one paid Scouter.

The 1962 Budget Campaign House to House drive will take place on Sunday October 22, 1961.

We have a District of which all its citizens can be proud as attested to by the letter from the Governor of New York.

What is Scouting worth to you and the welfare of your community?

June 1, 1961

Dear Mr. Giordano:

Please convey my cordial greetings to the people who give so unselfishly of their time to the Cubs, Boy Scouts and Explorers of the Arrowhead District.

The fact that more than 1000 men, approximately 10 per cent of the available manpower in the District, engage in this helpful and inspiring activity is eloquent testimony to the excellence of the leadership and the nobility of purpose that informs your work. You may well be proud of this wonderful record.

My best wishes to the Arrowhead District of the Nassau County Council, Boy Scouts of America for continuing progress.

Sincerely,

Mr. Joseph S. Giordano

## Fund Drive For Fibrosis

The month of September will be observed as Cystic Fibrosis Month with a drive for funds to be used for the immediate improvement here of urgently needed medical and other services for children with Cystic Fibrosis and for an expanded nationwide research program to bring this deadly children's disease under control, it was announced today by Mrs. Ralph Mollet, Sr., President of the North Shore Chapter of the National Cystic Fibrosis Research Foundation.

Mrs. Mollet, Sr. said that the National Cystic Fibrosis Research Foundation is spending \$5,000,000 on a research teaching and patient care program that will involve scores of major medical research centers in the next five years.

She said: "Although Cystic Fibrosis was identified as a separate and distinct disease 23 years ago, relatively simple and reliable diagnostic methods have been available only in the past six or seven years. Thus until recently most CF patients were not diagnosed at all or only after the disease had inflicted irreparable damage. One purpose of our drive is to raise money needed to correct this tragic condition right here in our own community peppered with cases in Hicksville, Levittown, Farmingdale, Bethpage, Plainville, Syosset, Roosevelt, Bayville, Bellmore, etc. Mrs. Mollet explained that Cystic Fibrosis is not contagious. It is an inherited disease that attacks the lungs and digestive systems of children. Considered to be the most serious chronic disease with which children are born, half of its victims die before they reach school age.

## Honor Burns For Leadership

Oyster Bay Town Supervisor John J. Burns will be honored by the Area Development Council of The Long Island Association at a luncheon at the Long Island Fair on Sept. 14.

Burns will receive an award from the Council for his supervision of comprehensive planning and "well-considered zoning in the selection of sites for light industry within the Town."

It is the first time the Council has presented such an award to a governmental official on Long Island.

Wilmer O. Smith, Council chairman, said Burns' leadership in the field of planning and zoning had helped to create "a most favorable business climate resulting in new job opportunities throughout the entire area of his jurisdiction."

Smith noted that during the past three years, a total of five industrial parks accommodating some 200 new plants and business establishments had been constructed in the Township.

Assessed valuations in Oyster Bay Town, Smith said, increased approximately 80 million dollars during this period, and despite higher costs for governmental services, schools, etc., taxes have remained comparatively stable because of the concurrent increase in tax revenues derived from this new industry.

"Best of all," Smith added, "Oyster Bay Town, under John Burns, has accomplished this without sacrificing the suburban atmosphere of the community, which is one of its chief assets. We in the Council are proud to honor him for this outstanding service to the residents of the Town."

The award will be presented to Supervisor Burns during an Area Development forum and luncheon sponsored by the Council at the Fair. Deputy State Commerce Commissioner John Amstutz will be the luncheon speaker. For reservations, contact The Long Island Association, 320 Old Country Road, Garden City (PI 1-8585).

## AFRICAN REPORT.

# Building A School, Native Drums

by Ken Foran

NKAWTIA, GHANA

When we arrived in Nkawtia, we found nothing but bush where we were to build a secondary school. A small nearby clearing, we were welcomed by the village on the next day. Drum beats announced our arrival and called everyone to the celebration. In the area, where I'm writing from, the talking drums are still an important means of communication; the village has no telephone. One drum, the male, is high pitched, while the other, the female, is low pitched. The village drummer sends his message in syllables to the entire village.

We sat under a shed of palm fronds while the chief, Nana Kwame Yiadom, arrived. He was accompanied by his bearers, chiefs, and linguists; he never speaks directly to strangers. After several dances, we were welcomed by the District Director for Social Welfare, Dr. Dickson, who was educated in the United States, (very most helpful in returning greetings.) Gifts were exchanged and each of us was introduced to the village.

After clearing the site, and three weeks of hard work, the area looks quite different. The work that I have put into this building has already paid big dividends in interpersonal relations. Every bit of work has been done side-by-side with African students. Only by living and working with people can you really get to know them. During the first week, when the foundation was dug and poured and more and more cement was mixed, we began to know the Africans as individuals; names began to take on a meaning. The Western names fall into two groups. For girls, they are either common names which we are used to using, or they are names such as Comfort, Felicity, and Charity. The boys have western names taken from expressions such as Jingo, or they have Biblical and Classical names such as Theophilus, Emmanuel, and Enoch. But more interesting by far, are the African names.

Africans are known by the day of the week on which they were born. For men, the names are: Kwame-Sunday; Kyas-Sunday; Kwadwo-Monday; Kwabaa-Tuesday; Kwaku-Wednesday; Yaw-Thursday; and Kofi-Friday. For women the names are: Amma-Saturday; Akua-Sunday; Awadwa-Monday; Ama-Tuesday; Akwa-Wednesday; Yaa-Thursday; and Afua-Friday. In addition a second name is given according to the number of children that a woman has. One simple will suffice. Ghana's President, Kwame Nkrumah, is the 15th child of his mother. Nkrumah was ninth child and from his first name, Kwame, we know that he was born on a Saturday. Africans may forget their birthdate, but they never forget which day they were born on.

The second week saw the steel-reinforced pillars go up and cement blocks filling in the spaces. Because cement is expensive here, it is imported from Russia. We use very little of it, mixing more sand with the blocks. With very few exceptions, the African does a great deal of work. Our two room school house, began to resemble a building. Even more rewarding, though, was how our group and the Africans assimilated into one group. I came used to calling an African "Nigger." Sleeping in a room with

four Africans, I found myself using their expressions. No longer was the food as hot or as strange. I had adjusted to it. During the third week, our school house has taken on a new look.

window frames, door-ways, and porches make it look more like a school. Some of our African friends have had to leave. School reopens in a week and many of them had not been home during the short recess. I'm sure that I'll hear from many of them a long time from now, for friendships are not easily broken. If anyone in Hicksville would like to write to a Ghanaian pen-pal, please let me know and I will supply the name and address. (Editor's Note - Mr. Foran's home address is 10 Foran Place, Hicksville.)

Why is it the wrong number of a telephone is never busy when you call?

## Stockholders

### Approve Merger

Merger of the Hempstead Bank with Chase Manhattan Bank was approved on Aug. 22 by stockholders of both banks. Hempstead Bank stockholders will receive 13/18 of a share of Chase Manhattan stock in exchange for each Hempstead Bank share they now hold.

The New York State Superintendent of Banks and the Federal Reserve Board of Governors must approve the merger plans before they become effective.

The most important part of the new car you buy is...

the dealer you buy it from!

You've seen how most people shop for a new car. They look at the price sticker, slam a door, perhaps kick a tire.

That's about all they can do, unless they happen to be auto mechanics or somehow connected with the car business.

They have to trust the car dealer to advise them on the best car for their family... the value of their trade-in... the monthly terms and interest they ought to be paying... and all the rest

of it. They have to take the dealer's word that he's giving them a solid warranty, and that he will stand behind his cars with the kind of fast, reliable, economical service a car buyer wants and deserves.

That's why we say it takes a good dealer to make a really good deal. And that's why we firmly believe you'll get the best deal from your Ford Dealer, and stick with him over the years.

## BETWEEN DEADLINES

We got a book in the mail this week and having been alerted by previous experiences, we tried to discover if the author is some how connected with the local scene. This was not the exact case. The book is entitled "Semiconductor Reliability" edited by John E. Shwop and Harold J. Sullivan.

It is a handsome book of some 300 pages, well bound and handsome typographically.

It also looks like some pretty scientific reading. A note enclosed helped clear up the mystery.

The note, addressed "Dear Fred" came from the book's publisher, Engineering Publishers of Elizabeth, New Jersey.

The signature on the note explained all. It was from Craig Walsh and the post script said: "Are the grade crossings gone yet?"

The book has nothing to do with grade crossing elimination, but we will remember Craig as one of the countless writer-editors of the South Hicksville Sentinel section of the HERALD a long time ago. Craig lived in the Levitt section of Hicksville at a time when most of the population there was ready to string us up on the nearest street light. He was a warm and enthusiastic friend, handy with a typewriter.

Last we heard of him was that he had moved out to Suffolk with a house facing on the water. He is now living in Jersey and is one of the principals in Engineering Publishers.

The reason he sent us the book is because Dr. Chou H. Li of General Instrument Corp., presumably a local concern, is the author of Chapter 25 of "Semiconductor Reliability".

As for Craig's question: The grade crossings appear, now, to be on the way out. The FSC has given its blessing. Now comes the call for bids and then the work.

We'll probably never get to read "Semiconductor Reliability" but it will make a handsome and intellectual-looking addition to the living room book shelf. But it was nice to hear from Craig once again over the span of years.

## LOOKING BACK

(Continued from page one)

who (finally) won.

The biggest tournament of them all was the one on Bethpage Rd., with so many entries (about 70) that the contests were still going strong at 11 o'clock at night. Nowadays they end about dusk and ever since that rubarb upstate when Suffolk teams got mad and vowed never to set foot in Hicksville again, the entries run about 30 or 40.

For a couple of years thereafter the tournament was held on Levittown Parkway but some of the marching units complained because the route was awfully close (if not over) the 2-mile limit for firemen's parades.

Then about four years ago when George Ball was executive at Mid Island Plaza, we suggested to him that the Plaza be offered. The offer was grabbed and now, three secretaries later, is still being used.

We highly approve of the tournament as a holiday event. However, we object to the note of press-agency that has been injected. For example, a press release before us says "The Annual Labor Day Parade and Tournament (spelled Tournament) is the largest one of its kind in the State of New York and allows (spelled allows) the Hicksville Volunteer Firemen to raise funds for their men who have lost their lives (who died?) and endangered their health in order to save the life and property of others. The Dept. is made up of volunteers only - by men who have steady jobs in the area. (777) Some of these men have lost part of their job income from injuries sustained while fire fighting as a volunteer. This annual event makes it possible for the men to increase their once-a-year fund raising campaign for their Welfare Fund."

Strictly drivin'. Don't get us wrong. The program is wonderful. Who can resist a fire truck? How about a parade

## My Neighbors

with maybe 200 fire trucks? How about 20 or 40 bands? It's a thrilling. As for the competitions, it is a sporting event. One of the sports magazines covered it in detail when it was held on Duffy Ave., Harry Borley, we recall, was in charge that year. It falls in the class of sports cars, midget racers, stock cars.

But fellas, please. As former publicity chairman of the Labor Day event (covering at least 15 years and dropped), layoff the "men who lost their lives" bit to sell tickets. Also, layoff the press-agency which reminds readers that "Mid Island Plaza has parking for over 8,000 cars. Plaza Stores including a complete B. Gertz Dept. Store will be open on Monday, Wednesday, Thursday and Friday from 9 AM to 9:30 PM and on Tuesday and Saturday from 10 AM to 5:45 PM beginning Sept. 6th".

-FIN.
