Entered as Second Class Matter at Hicksville, N. Y. Post Office

LONGEST AND SHORTEST tenure among Hicksville Republican committeemen are the records held by Veteran Henry Schnepf (center) of the 20th District and Dan Gilten (right), new committeeman of the 84th District. Philip Robinson, GOP leader is apparently enjoying Schnepf's well-known brand of humor. Robinson today invited all voters of the area to attend a "Candidates Night" program in the Masonic Temple at 8:30 PM Friday night, Oct. 13, when the Ernest F. Franke Republican Club, of which he is president, holds a regular meeting. The club's pre-election rally is set for the Temple on Friday night, Nov. 3rd. (Photo by Frank Mallert)

Scout Budget Drive Oct 22

The Nassau County Council, B.S.A. Budget Drive will get under way on Sunday, Oct. 22. This year more than ever it is essential that the Fund Drive be a success, that the goals be attained.

Allen S. Carpenter, Arrowhead District Finance Chairman and District Campaign Manager, for the first time has set up independent community Fund Drive committees. Plainview, Old Bethpage and Hicksville organized their own area chairmen, captains, and workers.

Plainview and Old Bethpage had their jump off dinner on Oct 4 at the Alibi Manor in Plainview and Hicksville following with its dinner Oct 11 at the Alibi Restaurant in Hicksville.

John Nees and Bill Bennett of Plainview are co-chairmen of their community, with Ted Knighton as

chairman for Old Bethpage. Alfred Coco has taken on the responsibility of General Solicitations Chairman and John Trask as Special Gifts Chairman. Area Chairmen for the Plainview-Old Bethpage area are William Ottoway, Charles Ernest, Irving Cohen, Leonard Pollack and Stanley Shaffer. Auditor for Plainview is Frank Vernon.

In Hicksville the General Solicitations Chairman is John Ehmann, Special Gifts Chairman-Allyn S. Carpenter and area chairmen are: Jerry Zedler, Walter Sawansky, Joseph Madden, Bill O'Donnell, Henry Hoppe, Sam McCafferty, Joseph Dorenbecker, Robert Peluso, and Walter W. Schreiber.

The Arrowhead District Campaign Chairman is Francis J. Anderson, Nassau County Clerk.

REPUBLICAN CANDIDATES on Nov. 7 were featured at a dinner-meeting of Hicksville Republican Committeemen at the Terra Marr Restaurant, Jerusalem Ave., Monday night. (See picture at right). Left to right, above, are Fremont Davis, trustee of Jones Fund; Louis A. Stala, Town Councilman; Willis B. Carman, District Court Judge; Marjorie R. Post, Town Councilman and William O'Keefe, Town Clerk; with County Clerk Francis Anderson of Hicksville standing. (Photos by Frank Mallert)

Changes in Referendum:

SCHOOL BOARD AWARDS BIDS, ASKS EXTRA FUNDS NOV 14

Hicksville Board of Education in another special session, Monday night, revised original plans for a referendum on Nov 14 which proposed the shifting of funds within the 1959-approved bond issue and after almost 3 hours of discussion took two major steps:

(1) Awarded contracts for the Willet Ave Elementary School totalling \$732,090 and for the permanent addition to the Senior High School totalling \$407,065, and (2) decided to ask the voters for an additional \$215,000 on Nov 14th to finish the rest of the construction program.

The vote on Nov. 14, while covering two questions, will be a single yes or no proposition. The sum of \$35,000 is needed above the amount already appropriated to move four temporary classrooms from the site, erect a gymnasium-auditorium and revised the cafeteria kitchen set-up. The sum of \$180,000 is needed above the 1959 appropriation to cover the cost of moving and rebuilding 26-temporary-type classrooms at the Junior High School.

Board President Robert D.P. Eaton pointed out that the District is saving approximately \$40,000 on the two projects where contracts have been awarded. This represents the difference between the amount of money appropriated for the two jobs and the total cost.

Bidding on the Willet Ave. general construction was close with only \$200 between Dobson, lowest bidder, and the next lowest bid.

The summary of awards made Monday night follows:
Willet Ave. School - General Construction, Dobson - \$513,100; Heating and Ventilating, Glantz Construction, \$87,000; Plumbing, Braun Bros., \$49,957; and Electrical, Walling, \$82,033. Total \$732,090.

Senior High Permanent Addition (Science Rooms): General Construction, Anderson Construction, \$298,000; Heating and Ventilating, Glantz Construction, \$37,100; Plumbing, Braun Bros., \$26,125; and Electrical, Budin, \$45,240. Total: \$407,065.

The Board followed the recommendations of the School Administration in revising its decision of a week ago and in accepting certain alternates including the addition of a green house to the biology laboratory at the senior high.

The meeting on Monday was called upon the recommendation of School Superintendent Donald F. Abt upon the agreement of five of the seven Board members. All Board members except David Hurwitz were present on Monday night and voted unanimously in favor of the award of bids and the revision of the referendum question.

All persons who registered when they left the annual meeting election in May of this year are qualified to vote on Nov. 14.

Hendrickson Bid Low On RR Crossing Job

ALBANY -- J. Burch McMorran, State Superintendent of Public Works, announces receipt of a low bid of \$8,760,045.50 from Hendrickson Bros., Inc., Valley Stream, for elimination of grade crossing along 3.32 miles of the Long Island Rail Road in Hicksville, including the reconstruction of 0.53-mile of streets where they will cross under the tracks. Four bids were received.

The work includes construction of a viaduct and embankments to raise the track level, bridges to carry the railroad over city streets.

Work is expected to begin shortly after a contract is officially executed. The contract will be awarded -- following a routine check by State engineers of all bids received -- to the contractor who is found to have submitted the lowest valid bid. There usually is a lapse of about one month between receipt of bids and contract award.

Scheduled for completion by July 1, 1964, all work will be under the supervision of Austin M. Sarr, district engineer in charge of the DPW district office at Babylon.

Vet Council Wants to Show 'Operation Abolition'

The showing of "Operation Abolition" under the sponsorship of the Hicksville War Veterans' Council in Hicksville High School auditorium may come up for further action when the Board of Education meets this Friday night in the HS Teachers' Lounge.

On Aug. 18, James W. Rock of 235 Ohio St., president of the War Veterans Council, wrote the School District and asked permission to show the film.

The Council includes the local Amvets, Catholic War Veterans, Jewish War Veterans and Veterans of Foreign Wars Posts. In his letter Rock admitted "In all honesty this film has been termed by some as controversial and in the past exhibition halls have been picketed. However, the film has already been shown to small audiences by some of our local organizations without any reproaches," he added.

Rock was invited to the regular Board meeting on Sept. 29 to talk further about the screening.

David Hurwitz, member of the Board, said he was not opposed to the showing of "Operation Abolition" but called attention to a leaflet of the US National Student Assoc. which declares that the General Board of the National Council of Churches of Christ in the USA has adopted a statement expressing "its deep concern about reports raised in the conflicting reports regarding the film".

Copies of the leaflet were provided to all Board members.

At the Sept. 29 meeting Rock told the School Board he would have no objection to a statement being made prior to the showing of "Operation Abolition" which would point out that there are conflicting opinions about the events filmed.

Rock was invited to submit a formal application for the use of the High School Auditorium in accordance with Board policy.

The film is based upon news-films taken at the scene during the hearings in San Francisco Hall, May 12 to 14, before the House Committee on Un-American Activities and the disturbances which occurred on May 13, 1960 when police ejected students from the City Hall.

MEMBERS OF THE SENIOR CITIZENS of Hicksville, take time out of a recent meeting in Hicksville Legion Hall to "watch the birdie." Shown on display are afghans made by the members. As a new project, the ladies are making afghans to order and the sales are benefitting the needleworkers and the organization. See their ad on the HERALD want ad page.

Among Top 22 In NY Competition

Dr. Jerome Borwick, Principal of Plainview High School announced that one of the school's students has been given recognition for his high achievement in the initial stage of the seventh annual National Merit Scholarship competition. This student was named Semifinalist in the 1961-62 Merit Program as a result of his outstanding performance on the National Merit Scholarship Qualifying Test. He is Stephen Holanick, son of Mr. and Mrs. Samuel Holanick, 14 Pearl Drive, Plainview. He is among the top twenty-two of 61,000 New York State students taking the examination. The Semifinalist group is composed of 10,000 top seniors throughout the United States.

Two Hicksville residents have entered the Academy of Aeronautics, LaGuardia Airport and will pursue intensive technical programs in aircraft technology. They are George Thomas of 44 Fox Pl and Thomas Valentino of 226 W. Nicholas St.

ENTER ACADEMY

When Old Country Rd School PTA put on a special program observing the 65th anniversary of the School District last week among the interested spectators were CHARLES VOGT and LOUISE AUGUSTIN. Their parents had both served on the School Board before the turn of the century. Our campaigning in the shopping centers, Saturday Republican candidates received a number of requests and inquiries. Among the oddest was the one posed to TOM PYNCHON, Highway Superintendent. A Snysser man wanted to know why the town could not build fall-out shelters under the streets for block-by-block community use?

Dear Jean..

Hicksville Chamber of Commerce is asking merchants to give \$60 per business to the Christmas lighting program this year which is an increase over previous years. The goal is \$2500. The Chamber has the slogan "Lighten up and brighten up, but DON'T tighten up".....FRED WALTERS entertained the Rotarians at their meeting last week with a film on the Monaco Grand Prix Sports Car Race, complete with commentary by Fred. Mercy League Notes Birthday

The Glen Cove-Hicksville League of Mercy Hospital celebrated its 20th anniversary on Thurs. Oct. 5th with a gala luncheon held at the Milleridge Inn, Jericho. Mrs. Vincent Braun of Hicksville and Mrs. Daniel McGrath of Jericho were co-chair-ladies on arrangements.

This was a very special luncheon and decorations were carried out effectively by using the hospital colors of blue and gold. A large tiered cake done in blue and gold traced one corner of the room. Pale yellow flowers tinted with blue were used as decorations on the luncheon tables.

Mrs. Roland Crowe of Glen Cove was guest speaker for the day; this was an honor and most befitting, as Mrs. Crowe was the League's first president, 20 years ago. She complimented all past presidents for their work done during their regime, benefiting Mercy Hospital.

Mrs. DeWitt Starkie of Hicksville, entertained with piano selec-

tions, one of which was the Anniversary Song played while the cake cutting was performed.

The committee in charge of the luncheon wishes to thank all those who helped to make this event the happy affair it was. It was very lovely and graciously done and will be remembered for some time to come.

The League plans a Smorgasbord Luncheon to be held at the new Knights of Columbus Hall, Heitz Pl., Hicksville, on Wednesday, Oct. 25th.

Joint Pack Meeting

Civil Defense for Jericho

By Gilbert B. Stein

In July of this year the writer was designated as chairman of the Jericho B'nai B'rith Lodge Civil Defense community project. A detailed study was undertaken and the findings were brought back to the executive committee of the lodge in August, at which time it was agreed that the next step would be to contact Nassau County Civil Defense authorities to coordinate any future activities for the Jericho area under the official Civil Defense setup of both Nassau County and the Town of Oyster Bay. At present Jericho is part of the Hicksville C.D. Unit.

On September 25th the writer met with Robert Burley, Director of the Hicksville-Jericho C.D. Unit, as well as with Mr. Brodbeck, his chief of staff. At present, the chairman of B'nai B'rith Lodge community affairs, Tom Ito, was present also. It was agreed upon that it will be most important that as a first step in the creation of an effective Civil

Defense setup for Jericho, a community information meeting would take place. At this meeting, to be held within the next month or so, there will be effective and informative speakers from the county and town Civil Defense and perhaps we shall be able to show an effective and topical motion picture. The writer is presently engaged in clearing a date with the school district for the use of a Jericho school auditorium for this purpose. We shall meet again within the week with Mr. Burley in Hicksville to finalize the details regarding this program. After this meeting and once a definite date and place has been agreed upon, invitations will be extended to all local civic associations, other organizations and the general public. We have also been in touch with Civil Defense authorities in the Town of Oyster Bay and we have been assured that we shall receive every possible cooperation from the Town for this vitally important project for our community.

Our Jericho Players Perform

As part of their current membership drive, the Jericho Players, of the Birchwood Civic Association, tendered a membership party at Temple Or-Elohim on Sunday evening Oct. 8. Current members had invited guests who had either indicated interest in the Players or who were considered as prospective members of the theater group.

The varied aims and functions of a community theater were explained to the audience and the particular goals of the Jericho Players were discussed by a committee chairman. The high point of the evening was the one act play, "Another Way Out" by Lawrence Langner, that was put on by a group of the Players. Selma G. d. Isabel Davis, Betty Goldstein, Harold Ecker, and David A. Mark were directed in this enterprising comedy by Dale Berg.

all members of the Jericho Players.

We are advised that many guests, who appeared at a Players affair for the first time, were considerably impressed with the professional efforts of the Players and became members with the intentions of participating in the different phases of the theatrical arts that the Jericho Players are devoted to. A considerable number of the newly enlisted Players come from other areas than the Village of Birchwood Park.

BECOMES MEMBER

William R. Bartmon of 3 Craig St., Jericho, has qualified as a member of the 1961 Top Club of New York Life Insurance according to Thomas W. Gallagher, general manager of the company's Vanderbilt general office in New York City.

FLASH - FLASH Bennett Wins Sign Verdict

By George J. Frankel

Just as this issue of THE VILLAGER went to press, word came of the decision of the Zoning Board of Appeals in the application of Floyd Bennett Stores for tower signs over their new Jericho Store. The decision with regard to the sign facing Broadway (front of store) is as follows:

- 1) Permission to erect a tower is granted with the following conditions:
 - 1) Height of sign when measured from roof no more than 8'.
 - 2) Overall length of sign not to be greater than 130' and size of each letter not to be more than 5' high by 7' wide.
 - 3) Each letter is to be supported individually, and cantilevered 30 degrees from face of store (away from Merry Lane).
 - 4) Sign must be centered on face of store.
 - 5) Sign lights must go off at 10 p.m., and may not be lit unless store is open for business.
 - 6) No more than 400 watts of illumination may be used in any one letter.
 - 7) No wall signs may be attached to any portion of this building.
 - 8) An evergreen screening a minimum of 15' high must be provided for the Merry Lane property owners.
- The same conditions were imposed upon the tower sign which was granted for the Market Street side of the store, except that the length was somewhat shorter.

Jericho vs Floyd Bennett Cont.

By George J. Frankel

Thursday evening, Oct. 5th, the Zoning Board of Appeals heard another in the series of hearings regarding Floyd Bennett's application for a variance to erect huge tower sign over its new store currently under construction on Broadway in Jericho. The case came up at 10 minutes after midnight, but the same weary band representing the opposition was there to voice the objections of the residents to the granting of this variance.

Dan Sirota and Ira Hyams represented the immediately adjacent homeowners, and Irwin Baumel, Milton Bagely, and this reporter represented the Birchwood Civic Assoc. as well as the Jericho Joint Civic Council of all other Jericho Civic Groups.

Lou Friedman, attorney for Floyd Bennett, introduced an amendment to the original application which reduced the size of the signs for which they are seeking a variance. The amendment dropped the word "store" from the signs, and reduced the space between the letters. The effect of this amendment is to reduce the dimensions of the sign proposed for the front (Broadway side) of the building from the originally proposed 300' x 6' to 136' x 6'. This would reduce the area of this sign from 1800 square feet to 816 square feet. The sign proposed for the side of the building (facing the Birchwood Shopping Center) is reduced from the originally proposed 200' x 5' or 1000 square feet to 128' x 5' or 640 square feet. (Town ordinance allows a tower sign only 120 square feet in area.) Mr. Friedman stated that the letters would be supported individually as close to the top of the building as possible, and that adequate screening of the light would be provided.

Mr. Friedman submitted drawings of the proposed signs which he stated were not drawn to scale, and asserted that a further reduction of the size of the proposed signs would render them valueless. He cited sales figures of the present Floyd Bennett Stores, which he felt proved that the loss of the sign over the Patchogue Store in hurricane Esther resulted in a very substantial loss of business. Mr. Friedman declared that this proves that the tower signs in question are necessary to the successful operation of the Floyd Bennett Store in Jericho.

Carl Grunewald, Zoning Appeals Board Chairman, stated that he and Mr. Chittenden felt that the sign facing the Birchwood Shopping Center could be a face sign. Joseph Glass, Vice-president of Floyd Bennett, pointed out that there would be no room for a face sign on that side of the building because of the cupola in the center of the wall. He claimed that the cupolas are required because of a deed restriction that requires the architecture of the Floyd Bennett building to conform to the architecture of the rest of the Birchwood Shopping Center. Mr. Hyams pointed out that the sales figures cited by Mr. Friedman in an effort to prove the necessity of tower signs were meaningless because of the overall condition and damage to the store created in Patchogue by hurricane Esther.

Mr. Grunewald then discussed with Mr. Glass, Mr. Friedman, and Mr. Sirota, the sign builder, the possibilities of turning or otherwise shielding the letters of a tower sign, if permission to construct them were to be granted. Dan Sirota, resident of Merry Lane and spokesman for the local residents, reiterated his opposition to ALL tower signs, and to any unscreened wall signs.

Mr. Grunewald stated that enough time had been given to this application, and that both sides had had ample opportunity to express their views and plead their cases. He moved to place the application on the Board's Decision Calendar. Watch the VILLAGER for further information.

President's Corner

By

Irwin D. Baumel

Every author, whether of great works or small, must wonder if his writings are reaching the public. The President's Corner has appeared regularly for the past several years. There have been appeals for volunteers, for opinions, for membership and for support. Need I tell you that the response to almost all of these appeals has been a negative one. It does make me wonder whether this prose is ever read, and if not, how does one get on the desirable reading list.

Since I am a believer in the scientific method, I'd like to try an experiment! All of us are talented at spotting things that we think are wrong with our community. I would like to go off the deep end, and invite you all to (and my wife forgive me) phone me at WE 5-9293 and register your complaints. In doing this you will prove a point and provide a service. The point is, whether this column is read at all, and the service is to help in improving our community.

This may be in defiance of the rules of positive psychology, but as I said before, we'll call it an experiment and try anything once! N.B. Wife's note: Please call between 7 and 10 PM when the Civic Assoc. President is home.

Mr. and Mrs. Thomas Sparaco of 260 Richard Ave., Jericho, are the proud parents of a daughter, Nancy Ann, born to them Friday, Sept. 29, at Mercy Hospital, Rockville Centre.

Meet the B'nai B'rith Girls

By Barbara Kahn and Jane Kiviat

As Carol Horn will write for Jericho, we have been asked to write about the teen-agers who live in the Syosset section and because of school affiliations have different friends and interests.

To start our column, we would like to introduce to you the Jericho Chapter of B'nai B'rith Girls. This is a glimpse of our dream come true, that began in the middle of last year. Our group has been growing at a very rapid pace. At present we have about 45 girls who participate in the many activities that our group has organized. Last year we collected for the American Cancer Society, visited West Point, went on a mystery bus ride and many other interesting trips and activities.

This year we have already planned a hay ride for the girls and their dates, we are forming an Israel dance group and a trip to the U.N. to participate in the general assembly.

One of our big fund raisers for the season is a dinner party service. By the way...ARE YOU HAVING A PARTY??? Well the Jericho Chapter of BBG are rendering their services. Three capable girls of BBG will come to your home to serve dinner and clean up. The money that we are charging, being \$8.28 an evening is rather nominal. So relax and enjoy your own party, call the

Jericho BBG. Hostess when you have a party or are planning one call Bettyann Schwartz at OV 1-1622.

Our meetings will be held twice a month at Temple Or-Elohim. We appreciate their generosity by letting us use the building. We will be privileged to have Rabbi Earl Jordan at our next meeting.

Ed Note (This column in the future will be about teenagers in the Syosset Section. Barbara and Jane want all girls to know that BBG is not restricted to Syosset but all of Jericho)

Hi, Neighbors

MURIEL SUGARMAN

A hearty welcome home to Evelyn and Howard Turkel of Forest Drive after a three week trip to Europe. This wasn't just an ordinary trip. Howard went to Europe as the recipient of a very special award. For bringing in the largest amount of members to B'nai B'rith (197), he won the world wide membership award of two tickets to Paris. This is certainly an achievement, especially since Howard is the only one in B'nai B'rith history to have won this membership award twice.

Alfred Tomasello of Brookville, brother of Anne Rappa of Hedgecroft Lane, won the Golf Championship at the Cedar Brook Golf Club. Welcome new neighbors - Dr. and Mrs. Harold Goldenberg of Hazelwood Dr., Mr. and Mrs. Petzholz also of Hazelwood Dr., Bert and Miriam Shamah of Birchwood Pl., Drive, Mr. and Mrs. Fishman of Maytime Dr., Mr. and Mrs. Morton Weiss and Mr. and Mrs. Gilbert of Forsythia Lane, Mr. and Mrs. Joseph Batterman, of High-top, and Mr. and Mrs. Laura on Favorite Lane. We hope you will like our community and become one of us. (Ed Note) If you have a new neighbor please phone us so that we may also list them.

CALLING ALL FEMALE BOWLERS!!!!

Next regularly scheduled meeting of the Jericho Chapter of Hadassah will take place on Wednesday, Oct. 18th, 12:30 P.M., at Jericho Lanes, Jericho Turnpike, Syosset. One free bowling game - baby sitters available - coffee and cake served.

The Jericho Chapter of Cancer Care announces that its yearly door-to-door campaign is now in progress and will continue all throughout the month of October under the able chairmanship of Zelda Kaufman. When a Cancer Care volunteer rings your door bell, remember that your donation will help the advanced cancer patient and his dependents.

The George A. Jackson School PTA will present the famous Suzzari Marionettes in "The Tinder Box" on Saturday, Oct. 14 in the school auditorium.

There will be two performances, one at 1:00 P.M. and the second at 2:30 P.M. Tickets are 75 cents a piece.

The second meeting of the George A. Jackson School Parent-Teachers Association will be held on Monday evening, Oct. 23 at 8:30 P.M. in the school auditorium.

John Heller, Principal of Jericho High School will be the guest speaker.

The whole town's talking about

the ORT Dinner Dance at the Four Seasons Country Club on Saturday, Oct. 21. Unlimited liquor, a delightful hors d'oeuvres hour, a marvelous band and delicious food are only some of the features of this unusual evening. Make your reservation now! Call Elise Rosenbaum at WE 8-0989.

MEN'S CLUB OPEN MEETING

The Men's Club of Temple Or Elohim will hold an open meeting on Wednesday, Oct. 18, at 9 P.M. at the Temple on the most vital topic of our generation "Peace and Disarmament".

The program will begin with the showing of a dramatic film entitled "Crane Us Peace" starring Jeffrey Lynn. It portrays in modern focus the ethical concept that the pursuit of peace is the most important of all religious obligations. A fast moving plot, set in a powder keg area in Asia, demonstrates how ethical principles of Judaism can be applied effectively to present day crises in world affairs.

Following the film there will be a panel discussion led by Nelson Bengtson and Rabbi Earl Jordan. Mr. Bengtson has a long record of public service and is currently Chairman of the Committee for World Development and World Disarmament. His topic will be "World Peace and Disarmament". Rabbi Jordan will offer his views on Judaism in relation to world peace.

All members of the community - husbands and wives are invited to attend this meeting.

Congratulations to Harold Livingstone, son of Ed and Arlene of Maytime who will celebrate his Bar Mitzvah at the Jericho Jewish Center on Oct. 14th.

The Citizens Committee for the Election of Jerome Murray, Candidate for Councilman, Town of Oyster Bay, is sponsoring the affair of the Season. A Cocktail party at the fabulous Watersedge Restaurant in Bayville. For information and tickets (only a \$3.00 per person donation) call Sylvia Kaasan at WE 5-1867. The party is scheduled to start at 8:00 P.M. on Monday night, Oct. 23rd.

"Successful" is the best way to describe the Pioneer Women dinner dance held at the Four Seasons country club.

The Men's Club of Temple Or Elohim will have its first golf outing on Sunday morning, October 22, at the Brentwood Country Club.

The cost will be a nominal \$7.50 which will cover green fee, lunch and trophies.

All interested should contact Irv Feinman at WE 8-7625 or Stan Rader at WE 8-7155.

Want to wear a costume? March in a grand parade? Or just enjoy yourself with good food, live band or maybe win some of the many prizes? Join your friends and neighbors of the JJC at their Masquerade Party-Gras, Sat., Oct. 28, at the Temple. Call Rochelle Lambut WE 8-0946 or Adele Miller WE 8-8767.

In spite of Hurricane Esther, almost 100 hardy souls attended the Second Annual Yom Kippur nite dance, sponsored by the Men's Club of Temple Or Elohim. They were rewarded by an unbeatable combination of good food, great dance music tendered by the Fisch, Toffler and Siroots trio, and live entertainment by Gladys Schuman and Johnny Heymer. Liquid refreshments were served by lovely barmalms Blanche Rader, Belle Goldman, Dollie Eiler and Phyllis Weiner.

As a service to the Sisterhood of the Jericho Jewish Center Hanukkah Circle will sponsor a Braille course to be arranged at the North Shore Synagogue, Muttontown Rd., Syosset, on Oct. 24, at 8:30 P.M. All are welcome to join, for information contact Bernice Barash at WE 8-2577.

Sincere congratulations to Adele and Herman Lubitz of Maytime Drive on the marriage of their daughter, Susan, to Morton Kaner on Oct. 8th. Since Morton Kaner is the President of the Jericho Jewish Center and Adele the past president of Sisterhood, it was appropriate that the Kaners were the first couple to be wed in the new building of the Jericho Jewish Center.

Get well wishes to Rommie Milrad of Middle Lane and Mildred Kahn of Forsythia, both recovering at home after operations. Best wishes to the two little ladies who celebrate birthdays this week. Laurie Mattes of Merry Lane celebrates her eleventh and my daughter Susan her seventh.

The Sisterhood of the Jericho Jewish Center will have their own bowling league that will meet on Monday afternoons. The place Mid Island Bowl-starting Oct. 16, Come down for an enjoyable afternoon.

Chapters Join For Fall Rally

The combined chapters of the Women's Auxiliary of the Long Island Lutheran High School will hold their annual Fall Rally Monday evening, Oct. 30th, at Grace Lutheran Church, Malverne. Rev. Henry Kessmeyer, Pastor. Registration will begin promptly at 7:45 p.m. The program will feature student talent, including a group of selections by an a cappella choir comprised of students from the High School under the direction of Mr. Henry Wegner, Dean of Students. Rev. Elmer F. Eggold, Executive Director, will address the Auxiliary and introduce the High School staff.

The Lutheran High School has opened its doors this year to an enrollment of 575 students in grades 7 through 10, and a staff of 28 dedicated teachers.

BETTER LATE THAN NEVER

On Friday evening, Oct. 13, at 8:30 PM at the Hicksville Junior High School, the Nautical Cadets of the Hicksville Police Boys Club will be presented with a trophy for the best band in the Annual Memorial Day Parade. The trophy, originally awarded to the Hicksville Fire Dept., was returned because the firemen felt a youth group in the community should be the recipients. After careful consideration the Memorial Day Parade Committee selected the Cadets.

A RABBINICAL TRIBUTE to one of the greatest Sages in Israel will take place at Leonard's of Great Neck on Wednesday evening, Oct. 18, at 8 PM. Hagazon Rabbi Samuel Katz (center), a venerable scholar and Head-Beth-Din (Chief Judge) of the United Rabbinical Supervisors of America, will be the guest of honor at the dinner given by the Assoc. of Rabbis of America. He will be cited for 50 years service in behalf of Jewish people throughout the world. The above picture, in behalf of Jewish people throughout the world. Your Fire Alarm

By Horace Sterling

Several weeks ago an editorial and article appeared in "THE VILLAGER" advising residents of Birchwood to be cautious in their purchase of fire alarms. The importance of avoiding the slightest compromise with quality is obvious and the prevalence of unscrupulous or misguided salesmen promoting shoddy alarm systems is well known.

Have you checked any of the statements made by the alarm salesmen who rely on your fear to dispel all reason or investigation? I have — and the results are startling.

Herewith are some of the rash statements and the related facts:

"We make our own horns."
(Actually, they purchase horns made in Hong Kong that are designed for bicycles rather than fire alarms.)

"Our horns are approved by the Fire Underwriters Bureau." (No such bureau exists.)

"We buy our horns from" (The fine company mentioned did sell them the outer shell and mounting bracket but not their excellent mechanism.)

"If we received the order for all Birchwood at 9 a.m., the alarm system in each and every home would be completely installed by 5 p.m." (This firm appears to operate from desk space in a totally unrelated office.)

"Our alarms are designed not to awaken the children." (The National Fire Protection Association stresses the importance of LOUD alarms.)

"We place the batteries in the attic so the children can't tamper with them." (A locked box would serve that purpose and not subject the batteries to temperatures ranging from 10 to 120 degrees. The NFPA and the National Board of Fire Underwriters both recommend less than half that range. The attic location also makes it rather difficult for you or friends to critically examine the power source. Some purchasers have not been told the location of the batteries and would have to search the entire house come replacement time.)

"Check us with the Better Business Bureau." (BBB questionnaires sent to two different addresses used by the same firm several days apart have not been returned. In another case the business was organized a few months ago.)

"Your neighbor, Mr. Marvin, bought our alarm." (Your neighbors know less than you about alarms. Ask for proof of purchase by some known hospitals, colleges, industrial firms, government agencies.)

"No complaints against us have been filed with the BBB." (Of course not. Such firms generally don't stay in business long enough or keep changing names.)

"The fire alarm can be used to foil prowlers." (When it sounds should your neighbor call the Police or the Fire Dept. or should you spank Junior for turning the switch on? Incidentally, any test switch should be of the "momentary on" type that shuts itself off when released.)

"Our system contains a voltmeter to indicate the battery condition." (An instantaneous test, without load, will invariably register full voltage even seconds before battery failure.)

During the past several months I have made a detailed study of many types of fire alarms. I have reached the conclusion that the best buy is a duPont Freon powered singled unit alarm that has been approved by Underwriters Laboratories because such alarms are non-electric, maintenance free, fully automatic, self-contained and require no periodic testing.

Ed. Note: This is the second in a series of articles on Fire Alarms.

Town Budget Reflects Growth

Reflecting the Town's continued population growth and the accompanying need to expand services for the Town's homeowners, the Town Board filed with Town Clerk William B. O'Keefe on Tuesday its proposed budget for 1962. The gross budget amounts to \$4,171,455.62 which is \$691,667.91 more than the current budget and represents a tax rate for general Town purposes of only 13.5¢ per \$100 of assessed valuation.

In the past decade the Town of Oyster Bay's population has increased from 63,000 in 1950 to approximately 300,000 in 1960, as reported in the official U.S. Census taken last year. The Town is the second largest in the State of

New York.

"The increase in services required by the homeowners of our Town, as well as the requirement to fairly compensate Town employees at the prevailing wage level existing in other municipalities and more closely approaching the levels of private industry makes it necessary for the Town to appropriate additional funds to provide the essential services efficiently and effectively," Supervisor John J. Burns commented. "This is a fiscally sound budget and represents weeks of study and conferences held by the Town Board with its financial experts and department heads."

Forward by Plan Is GOP Theme

The Republican team of candidates in the Town of Oyster Bay, which has grown in a decade from a population of 60,000 to more than 300,000 persons under responsible Republican home-rule government, is jointly urging the voters to "keep Oyster Bay Town Moving Forward by Plan", according to Thomas R. Pynchon, GOP Leader.

An informal leaflet listing all the candidates and providing information about their services in the cause of good government is being distributed throughout the Town. It pledges continued progress in such important areas as zoning and planning, industrial expansion, financial responsibility, conservation, beach-recreation development, public safety, employee relations, public information, budgetary procedures, drainage, parks and planned highway improvements.

Copies of the leaflet were distributed by the team of Republican candidates in Plainview Shopping Center appearances on Saturday.

Present Panel at PTA Meeting

The second meeting of the Hicksville Junior High PTA was held on Oct 9th in the school auditorium.

After a business meeting, Frank Kelso, Program Chairman, presented a very lively panel discussion of the topic of "This Town's Dead". The following representatives of the various youth organizations proved to the audience that this town was not dead to the youth of our community: Joseph Madden, School District Recreation Coordinator; Mrs. James Klueg, Girl Scouts; Walter Lambing, Boy Scouts; Dave Ryan, PBC; Sam Levitt, Congregation Shaare-Zedek Youth Group; and Weldon Endorf of the Trinity Lutheran Boys' Club.

CARD PARTY SET

A card party sponsored by the Plainview Ladies Auxiliary V.F.W. Post 5942 will be held at the Old Country Manor, Old Country Rd., Hicksville, on Tuesday, Oct. 26, at 8:00 p.m. Admission is \$1.50. Chairlady for this affair is Mrs. Alice Fraytor, WE11s 1-2113.

First Lady of Of Town Board

A successful businesswoman and a grandmother, Mrs. Marjorie R. Post, of Massapequa, the first woman to become a member of the Town Board, has been serving with distinction as a Town Councilman since 1957. Previously, she served as a member of the Town's Zoning Board of Appeals since 1953. She is a Republican candidate for reelection on Nov. 7.

Her experience, knowledge and deep interest in municipal affairs, and in the homeowners of the Town, have been a great asset to the Town Board in the carrying out of its Comprehensive Zoning Plan and other programs. As a member of the Town Board's Standing Committee on Parks and Recreation, Mrs. Post has been highly instrumental in the organization of the Town's comprehensive park system which is fast becoming recognized as one of the finest park systems in the state.

Currently she is actively engaged in the setting up of a program for the development of the Town's newly acquired 52-acre park site in Massapequa and, recently, she visited Albany to discuss some phases of the plan with Governor Rockefeller.

Councilman Post is also Chairman of the Town Board's Standing Committee on Parking and together with other members of the Board has achieved considerable success in solving the knotty and complex problem of commuter and shopper parking through-

out the Town. A popular speaker, particularly among women's groups, Councilman Post first began her public service in 1921 as Postmaster of Massapequa.

Councilman Post is currently Vice Chairman of the Oyster Bay Town Republican Committee. She was formerly Vice President and is a member of the Board of Directors of the John W. Anderson Republican Club and is presently a member of the Board of Directors of the Club. (Adv.)

Invite Public To Hear Speaker

Three years ago a group of Long Island mothers and friends of retarded children banded together to help a state institution called Willowbrook on Staten Island. "How can we help the state provide a home away from home for these children?" they asked. A New York group similarly dedicated had been trying to do this for eight years. There will be a membership meeting Thursday, Oct. 19, with films, speaker and refreshments at the Hicksville Methodist Church on Old Country Road between Newbridge and Jerusalem Avenues.

Escape Plan Saved Rockefellers When Fire Swept N. Y. Mansion

On the night of March 2nd this year Nelson Rockefeller, Governor of New York, retired at the 100-year-old Executive Mansion in Albany. He had gone to bed earlier than usual because of a touch of flu. Mrs. Rockefeller was sleeping in an adjoining room.

Shortly before midnight the Governor was awakened by the smell of smoke. At that moment Mrs. Rockefeller pounded on the door and called out that the mansion was afire.

The Governor sprang out of bed and helped Mrs. Rockefeller out a window—onto a porch roof. Then he stepped out onto the porch roof himself.

Fire apparatus arrived a moment later and the Rockefellers descended to the ground down a fire ladder. They were safe and uninjured.

They had escaped from a fire that did about \$500,000 damage to the mansion.

Commenting on their escape afterward, Governor Rockefeller said that the porch roof "was especially designed" for the purpose of escaping from the bedroom in case of fire.

"I figured that out a long time ago," the Governor said.

Everyone should have a plan for escape from fire in the home, the National Board of Fire Underwriters asserts.

As in the case of the Rockefellers, where faulty wiring was believed to be the cause of the Albany blaze, fire strikes without warning.

Every two minutes around the clock there is a fire in a home somewhere in the United States. There are definite steps you can take to be prepared if fire should strike your home. You owe it to yourself to sit down with your family and work out an escape plan now, to be prepared for any contingency.

Here's what you should do:
Call all members of the household together now and map out an escape plan.

Be sure every member of the family is familiar with it.

Make sure everyone knows that in case of fire you should:

- First, get everyone out of the house.
- Then call the fire department.

The first two or three minutes after you discover a fire may be the most important minutes of your life.

As for the escape plan:

1. Figure out two possible escape routes to the ground from any upstairs bedroom. If one of the escape routes is cut off, you will have the alternate one to use. Make sure every member of the family as well as any guests are familiar with the two routes.

In Case Of Fire

At home—
Get everybody out of the house quickly.
Call the fire department at once.

(Every member of your family should know how to call the fire department.)

At public gatherings—
Walk, do not run, to the nearest exit.

Summon the fire department from the nearest fire alarm box or telephone. Keep calm.

Remember, the danger of being crushed in a milling crowd at an exit can be almost as dangerous as fire itself.

Act quickly, but with a clear head.

Fire Safety Urged For Young and Old

Elderly people and small children are among those who too often are victims of fire, the National Board of Fire Underwriters said today.

The highest death rate by fire is among persons 65 years of age and older, the National Board said. Children under five years of age are the second largest group of victims.

Matches should be kept out of the reach of children. Children should not be permitted to operate electrical appliances except in the presence of adults, the Board said.

In addition, it should be impressed upon small children and elderly people that in case of fire they should get out of the house immediately. If the house catches fire, they should be instructed to go to a neighbor's residence and phone in the alarm.

Six Rules For Baby Sitters

Never leave children at home alone, the National Board of Fire Underwriters said today in a Fire Prevention Week message.

If there is no adult member of the family or neighbor available to stay with the children, a baby sitter should be employed, the Board said.

The National Board listed the following rules which should be followed when you have a baby sitter:

1. The parents and the sitter should know each other well.
2. Only a sitter who has a sense of responsibility and who likes children should be employed.
3. Use the same sitter regularly if possible.
4. Acquaint the sitter with children and pets.
5. Give instructions orally and also leave them in writing.
6. Be sure the sitter understands that in case of fire, she should, first, get the children out of the house, then call the fire department. After that, the sitter should notify the parents.

Fire Prevention Efforts Seen Paying Dividends By the NBFU

Fire losses in the United States last year rose to a record high of \$1,107,824,000, an increase of 8.8 per cent over 1959, but fire prevention efforts are paying dividends.

"Despite a fourth consecutive year with fire losses in excess of a billion dollars, fire prevention experts are of the opinion that fire prevention engineering and educational activities are doing a 'vital job,'" said Lewis A. Vincent, general manager of the National Board of Fire Underwriters, today.

Industrial Fire Took Toll In Workers' Jobs

Jobs as well as property disappear when fire hits an industrial plant, the National Board of Fire Underwriters reminded today.

More than 400 persons were thrown out of work on June 5th of this year when fire destroyed the Hartnett Tanning Co. and the International Purchasing Co. in Ayer, Mass. The two companies were the principal employers in Ayer, a central Massachusetts town of 15,000.

Forced to Seek Jobs Elsewhere

The Hartnett company, which employed 385 men and women, was the town's largest private employer. International Purchasing, a rope processing firm, employed 40. Employees of the two firms were forced to seek jobs elsewhere.

The town of Ayer stands to lose not only more than 400 workers, but an important source of tax income if the two companies do not rebuild their plants.

\$4,000,000 Loss

The fire, which destroyed the two plants and six multi-family homes, rolled up a property loss of \$4,000,000. Frank C. Harmon, Chairman of the town's Board of Selectmen, said it was impossible to determine what the long-range economic loss would be.

Check Furnace Now

If you have not had your furnace checked since last winter, better do it now, the National Board of Fire Underwriters reminds.

Around one fire out of ten in the United States is caused by a defective heating unit. An additional 3.7 per cent broke out in defective or overheated chimneys, flues, etc.

A faulty furnace is not only a fire hazard, but is inconvenient when it cools out on a cold night.

If you are smart, you will have your heating unit checked by a qualified serviceman before snow flies.

"NOW FOR THOSE WHO PREFER TO SMOKE IN BED . . ."

Gordon and Sheila MacRae will head an all-star cast in "Salute to Autumn" on the Bell Telephone Hour over NBC-TV, Oct. 13, at 9:30 p.m. Also appearing on the hour-long colorcast will be opera stars Gianna d'Angelo and Jan Pearce, ballet artists Jacques d'Amboise and Carla Fracci the Brothers Four, Red Nichols and the Five Pennies, and songstress Anita Bryant.

THE MARRIAGE RING

By CARL FELDHAMER, Marriage Counselor

We hope by the means of questions and answers through this column to help solve some of the problems which are common to many of our readers. Please direct your letters to "THE MARRIAGE RING," Mid-Island Herald, Hicksville, N.Y. All letters published will be signed with coded initials. Letters which cannot be answered in this column will receive an answer by mail.

WHO SHOULD BE OLDER? NOT A GAY DIVORCEE

Dear Sir:
I have been engaged (or I should say, I have been going steady) for about a year to a girl who is about the same age as I am (29). She is a wonderful person and I love her very much. Each time I ask her to set a wedding date she hesitates and tells me to wait a while. She admits she loves me but the thing that she is not sure of, is whether or not our marriage will work out well because of the fact that we are of the same age. She feels that the man should be at least a few years older than the woman for a marriage to be successful. I keep telling her that this has no meaning in our case but only applies to those who are very young, for example, where the girl is 18 and the boy is also 18 years old. Do you have any facts on this subject?

Nature Bob-Plainview
Dear Mature Bob:
In today's society, the 18 year old is considered to be a woman ready for marriage while the 18 year old boy is still a boy. When we talk about two people who are in love and 29 people who are both mature physically and mentally, individuals whose life patterns and habits are fairly well established.

Many people are not aware of it, but it has been shown that the marriage which has the best chance of succeeding is that marriage where the husband and wife are of the same age or where the WIFE IS OLDER THAN THE HUSBAND (by a year or two). We are talking of marriage among adult individuals. The younger the individuals, the less chance for a successful marriage.

Age of course is only one factor in determining how well a marriage will succeed. There are many other factors which can only be discussed as to individual cases.

Dear Sir:
About a year ago, I obtained a divorce from my husband, after a year of unhappy married life. Since my divorce, I have had several dates which have turned out to be battles, battles against wolves who think that a divorced woman is some sort of animal who is fair game for sex attacks. I'm only 25 years old and frankly I'm thinking of going into social seclusion unless I can find some way to control the male animal. I'd like to get married again if I could find the right guy. Under the present battle conditions, I don't think I could find anyone. Any suggestions?

BLS-Jericho
Dear BLS:
Unfortunately your problem is too common. The solution which seems to work best, is to seek another locale for your living or your work or both. In your case it does not pay to advertise the fact that you have been divorced. If you can change your environment and you do meet someone who you think is right for you, tell him your divorce. If he loves you he will understand your reasons for not telling him sooner. Being divorced is not something to be ashamed of, but there is no point in spreading the word around to attract the wolves.

Start fresh and you will be sure to find that there are still some nice guys around.

School Board Goes to School

Robert Crane, President of the Plainview - Old Bethpage School Board, announced that members of the School Board will be going to school again later this month by attending the 42nd Annual Convention of New York State School Boards Association in Syracuse, Oct. 22 to 24.

All members of Central School District's Board will attend. Crane, Alvin D. Haber, Thomas Dailley, Paul DeCicco, Samuel Polnick, Irving Woliver and Anthony De Martino as well as Superintendent Dr. Robert F. Savitz. All are eager to meet with other school board members, since past experience at these meetings have offered fine opportunities to share with them problems of mutual concern and ways to solve them.

Keynoting the convention will be Dr. Marvin A. Rapp, vice-president of Nassau Community College, Mineola, who will speak Sunday afternoon on "Credo for the Uncommitted Peoples." A native of Buffalo, Dr. Rapp is a historian and was first Director of the Port of Buffalo.

Assembly Speaker, Joseph F. Carlino of Long Beach and Comptroller Arthur Levitt of New York City will share the platform Monday morning in the Onondaga County War Memorial auditorium discussing the future of education in New York State.

Investors Fund Tops \$4 Billion

Investors Diversified Services, Inc. (IDS) has passed \$4 billion in assets under management. W. Grady Clark, president, announces. This new plateau was reached just 27 months after the company attained its \$3 billion milestone in June 1959.

Net assets under management by IDS, including those of its subsidiaries and affiliates in the Investors Group, passed the first \$1 billion mark in June 1952 and were doubled to reach \$2 billion in April 1956. Despite interim recessions in securities markets, total net assets again have been doubled, this time in less than five and a half years. Founded in 1894, the company had net assets of \$2,400 at the close of its first year in business. It is now the largest investment organization of its kind and ranks among the top 10 financial institutions in the United States.

Euna M. Rieger, of 37 Buckner Ave., Hicksville, is the zone manager for Investors in this area.

The Great Chain of the Hudson

By H.S. Hale, Historian

When in the course of human events the time comes for patriots to step forth into their places in history it seems there are always those unknown or seemingly so, who fill these spaces and places and do their duty to their country and to the good people thereof.

The Samuel Townsend family of "Raynham Hall", Oyster Bay, in the Colonial Days was one such family, and one son Robert, who was known as "Culper, Jr." was a spy for George Washington and was a patriot, and his sister Sally likewise became one when she

overheard the secret plot for the deliverance of West Point to the British Forces and took immediate action to circumvent it by getting a message through to her brother in New York. Incidentally, this brought about the capture of Major Andre of British Forces and denouement and court martial of Benedict Arnold thus saving the Fort and blocking a British victory that would have been a tremendous blow to the colonists during the throes of the Birth of this great nation.

The plot that failed due to the alertness of Sally Townsend and her cleverly and quickly getting a message thru to her brother in N.Y. was that the conspirators had planned to cut and damage a large link in the Great Chain. This was to be accomplished by orders from Benedict Arnold to have a chain link repaired and thus giving our enemy a chance to send men out in the river to work at it openly and destructively.

Peter Townsend, a cousin of Samuel Townsend, of Oyster Bay, a partner in the Sterling Iron Works of Orange County, N.Y., really rendered a great service to this country in forging the great chain which was placed across the Hudson River below West Point, to protect it by keeping British warships from waiting up the river and storming the fort. This would have allowed the British to split New York State and divide the colonies thus weakening them.

Two links of this far-famed chain are on display at the old family homestead, "Raynham Hall" at Oyster Bay. A sign which tells about the chain links reads as follows: "These links are part of the chain which was used to span the Hudson River to prevent the British fleet from reaching 'West Point'. The chain was forged March 1778 by the Sterling Iron Works, owned by Peter Townsend of Orange County, New York."

The two links from this chain have been at "Raynham Hall" for many years and they attract quite some attention from tourists and visitors to this national shrine, as this is where Sally Townsend overheard the plot as officers of the Queens Rangers were stationed at this home at that time.

Telephone Installer Phil Clancy never did finish his lunch. He was eating it on the sea wall at Oakland Beach in Rye, New York, when he saw a three-year-old girl floundering beyond her depth in Long Island Sound. Phil dived in, clothes, shoes and all, brought the tot to shore, and expertly helped her to expel the water from her lungs. She recovered nicely.

GRID HI-LITES....After a 24-0, zero hour countdown, that saw their league opener blow up on the launching pad, Hicksville J.V.'s finally went into orbit, with a 13-9 decision over their Island Trees visitors. The "Treemen" had a 3-0 bulge at half-time but a stubborn Comet squad wasn't in the mood for 2 setbacks in a row. In the 3rd quarter, Quarterback Frankie Cerone used his multi-staged range finder to hit the target for the Comets' initial score... The drive had been climaxed by a pass from Cerone to Halfback Bruce Laditski. Cerone failed in his try for the extra point... 3rd quarter score ended at 7-6. In the 4th quarter, with the zero hour getting too close for comfort Cerone again completed a long pass to Laditski. The ball ended up on the visitors 4 yd. line and 2 plays later, Bob Flanagan went over for the score... Dave Hoosack booted the extra point, making it 13-7. Comets. Island Trees then drove to the Comets' 6 yd. line but a stubborn defense, rolled up the welcome mat. Hicksville then took possession on their own 6 and were stopped cold on 3 running plays. At this point, in spite of the scoring edge, things were in bad shape for the locals.

It was 4th down, the clock had practically run out and the ball was deep in Comet territory... A blocked kick could spell disaster... a returned punt, could blow up the pad... Absolutely no doubt about this grave turn of events. There was a quick huddle on the sidelines and the strategy was planned. The ball was snapped back to punter, Bob Feldscher but there was no punt as had been expected. Feldscher, under orders from the bench, ran the ball back and forth in the end zone, until he was tackled. A perfectly executed safety

that only allowed the visitors 2 points and brought the ball back to their own 20... Seconds later, after 2 hurried pass plays by the visitors, the game ended... Final score Jayvees 13, Island Trees 9.

All in all a good days work for Head Coach, Chet Jaworski and his squad. The league record now stands at 1-1 and who can tell what course the latter game might have taken, had not the safety been purposely given to the visitors. A lot of strange things can happen in any ball game and here again, strategy seemingly had its moment of triumph. (P.S. Credits for the above archaeological excerpts must go to my good friend, Stan Kellner, Asst. J.V. coach, who filled me in on the horizontal, periphrastics) he also gave me the 11th hr. finish, that the JV's wonned Plainedge last Sat. 13-7. League Standing now 2-1.

A SHORT PROFILE....Name Gladys Leibold. Presently employed in the district as Sr. Typist at the Jr. High. Prior experience in the type and shorthand dodge was with the Squibb, pharmaceutical Co., in the Metropolitan area. Miss Leibold was born and raised in Queens and is a graduate of Richmond Hill High School. She moved to Hicksville in 1950 and continued working with Squibb until '53. In that same year, she started her employment with Dist. 17 and in November of this year will have 8 yrs service. Gladys' hobby after working hours is ballroom dancing. Presently she is making this hobby pay dividends by being connected with the Jimmy Downes, School of Music and Dance in Valley Stream. She and her dancing partner, George Kikta, a local resident, also teach ballroom dancing in connection with the Adult Education program at the Sr. High. The present class size in the latter

BARBARA COHEN, second grade teacher at Fork Lane School, Hicksville, recently returned from a cross country tour of the United States.

While visiting Hollywood, Barbara was selected to appear on the television program - "Surprise Package". This program was taped - appearing in the local area on Aug. 30. Miss Cohen won many prizes, including a dinette set, one hundred T.V. dinners -- and last but not least -- a year's supply of Brama Seltzer.

program is 64, men and women of all ages. "This interest in ballroom dancing," Gladys' states... "Give me reason to believe that a Roseland type ballroom, here on Long Island, might prove to be a real success." In closing, Gladys Leibold is one of those friendly, courteous females, that was born to grace the front office of any building. Her general, even tempered nature and ever present smile, makes her an ideal member

of the Dist. 17, Clerical employees' assn.

SOCCER HI-LITES....Jr. High Booters, lose pair. On Monday of last week, the Wheatley Hills visitors, last year's Section 2 champs, whistled into town to cop the opening win of the season... Score Hillmen 7, Meteors 3, inside Right. Doug Nichols scored the lone field goal for the locals, with a play, that brought a rave mention from coach, John Santoro... "A pretty

play," was Santoro's idle comment... "Doug headed the ball at mid-field, pulled off a perfect trap and dribbled by the Hillmen's", half and fullbacks for the score. Center Halfback, Lance Duggan scored the penalty shot, which just about summed up the Meteors' scoring efforts. After a day of rest for the Jr. High squad, the Westbury visitors came right back in to

ke a 2-0 decision. The Meteor league record now stands at 2-0 and in spite of the double loss, there was no letdown on the part of the locals. Lance Duggan, John Hannon, John Walker and Doug Nichols, came in for some high praise from their coach. It was Santoro's feeling, that once the squad started to work together as a unit, they would be winning their full share of the seasons' games.

HARRIER HI-LITES.....Cross Country Jim Easle reported that the Comet, Cross Country team had, downed Syosset, last Wednesday, by a score of 18-37. Frank Kurth, Lyman, Howie Hamm, Bill Knusen and Ken Doris came up with the score points for the locals. At the time this report came in, there was an optimistic feeling of getting by Plainedge, at the end of the week and of then having a good chance to cop the County title.... Unfortunately, this was not the case for on Wednesday, the Plainedge boys took the 23-32 win. Plainedge ran 1, 3, 4, 5 and 10 with the Comets taking 2nd, 6th, 7th, 8th, and 9th. (Total 32, with low score the winner of a cross country event) "Saw! I don't have the names to report on this one but the J.V. Cross country team, finished 2nd in a tri-school meet on the same day the Varsity event was held.... Final score Plainedge 21, Hicksville Jayvees 37 and Bethpage 58.

JR. HIGH GRID - LITES.....Herricks played the part of victory by guests, Thursday of last week when they dropped in to rub noses with the Meteor, B team.... The final score for this rumble was, Herricks, 27, Meteors 9. Buddy Bryan reported that his team had a 6-2 edge at halftime but couldn't complete the run with a full head of steam. Defense at End and Offensive fullback Chuck Frazer accounted for all the points for the locals....He scored the touchdown, ran the point and nailed the opponents for a safety. Bryan cited by Bryan for outstanding play were, Left Halfback, Pat Ayala (offense) Linebacker, Tom Clark (defense) and Jerry Signy, played both sides of the fence.... The next hassle for the Beemen, will be vs Garden City, away in spite of the first setback, Coach Braz looks for his boys to come up with a winning season.

On the other end of the Jr. High grid, the visiting Salk was socialized to the tune of 21-0. This was definitely not a share the wealth program, as far as the Meteor's team was concerned....They were out to board all the marbles for their own cookie jar. Fullback Larry Wesolko faded the action in the 1st quarter, by barreling 60 yards, right up the middle for the final score of the game. Wesolko incidentally, is a 190 lb. bruiser who runs like a runaway freight train. With a little more experience under his belt, he'll be making Varsity headlines in a matter of a few years. He's agile and he's very fast for his size. He's holder of the Jr. High, 8th grade pole vault record at 8'6" the second T.O. of the game was tallied by Left Halfback, Steve Scarsfield on an end run. Right half John Scarsfield, rounded out the triple with a 3yd. buck off

tackle and also nailed the extra point. Quarterback Dennis Yarras accounted for the other two points after touchdowns, via quarterback sneaks. All in all, this was a good game with 100 spectators on hand for the action. Coach Warren Meyer and Asst. Dick Hogan, in an aftergame interview, cited a few of the squad members for outstanding, all around play....Mentioned were, Vinnie Hoosack, Bill Miltenberg, Wayne Smith and Bill Hines. The next pot-purri scheduled for the A men, will be vs Plainedge at home....This Friday 4 p.m. (Look for us....We've got the Jelly apple concession and will be wearing a white coat with spots)

THINGS I LIKE TO SEE, DEPT....My compliments to the L.L. Daily Press for their exceptionally fine coverage of last Saturday's, Comet-Plainedge game. Not only has my faith in human nature been restored but it also enabled me to play the part of a lazy reporter. (Besides, there were two pictures on television, I didn't want to miss)

...Tom Mlx in Cement and Harry Carey in Wood! Meanwhile back to the game - Comet Coach Jim Granthams' quote of last week hit the nail on the proverbial head.... "With Chris Coletta being one of the shadiest backs in the county and with the addition of Ray Strassbergers' fine all around play, the opposition would have a double threat to figure out". That's just about the way it happened. Coletta broke loose for a 19 yard score in the 2nd period - A new-come to this column, Bill Sherburne, racked up another Comet touchdown in the 2nd quarter, with an 8 yd run, Ray Strassberger drove 20 yards in the 3rd quarter for another tally and the last marker was picked up via a 30yd. pass play, Coletta to Strassberger. Coletta picked up the 3 extra point after touchdowns on runs. Final Score 27-0, with the Comet league record at 2-0.... Total score points thus far are 55 for the locals and 7 for the opposition, making it look like a good start for the Cometeers but realizing, that figures alone, do not tell the true story in this unpredictable business, we de-

Hi —

Well - Esther has come and gone - (thank goodness!) - We all survived it - But in back of the GIFT HOUSE we have one-sided trees - - -

Next after our 'false summer' - come the beautiful white flakes --- Before you need skid-chains to shop --- why not take advantage of our Christmas Lay-Away? --- We'll wrap the packages in our leisure time so they will be 'just beautiful' --- and you can enjoy Christmas instead of being 'a last minute rusher'!!!!

NOTICE OF SPECIAL DISTRICT MEETING UNION FREE SCHOOL DISTRICT NO. 17 OF THE TOWN OF OYSTER BAY, NEW YORK NOVEMBER 14, 1961

NOTICE IS HEREBY GIVEN that pursuant to a resolution of the Board of Education of this School District adopted on October 9, 1961, a Special District Meeting of the qualified voters of said School District will be held on NOVEMBER 14, 1961, at 12:00 o'clock noon (E.S.T.) in the seven Election Districts stated below, for the purpose of voting upon the following Proposition:

PROPOSITION

RESOLVED

(a) That the Board of Education of Union Free School District No. 17 of the Town of Oyster Bay, in the County of Nassau, New York, is hereby authorized to:

1. expend an amount not to exceed \$35,000 for the construction of an addition to the existing East Street Elementary School Building, in Hicksville, in said School District, on a part of the site of said existing Building, including purchase of the original furnishings, equipment, machinery and apparatus required for the purpose for which said addition is to be used, in addition to the amount of \$305,000 heretofore authorized therefor pursuant to subdivision 4, of paragraph (a) of the Proposition adopted at the Special District Meeting held on November 19, 1959, the estimated maximum cost of said specific object or purpose, including said additional amount and preliminary costs and incidental thereto and the financing thereof, being \$340,000;

2. expend an amount not to exceed \$180,000 for the construction of an addition, as a new building, to the existing Junior High School Building, in Hicksville, in said School District, on a part of the site of said existing Building, said addition to be constructed, in part, with materials formerly used in construction of temporary additions to elementary schools in said District and initially located on the respective sites thereof, including a grading and improving of the site and purchase of the original furnishings, equipment, machinery and apparatus required for the purpose for which said addition is to be used, in addition to the amount of \$168,000 heretofore authorized therefor pursuant to subdivision 5, of paragraph (a) of said Proposition adopted at said Special District Meeting held on November 19, 1959, the estimated maximum cost of said specific object or purpose, including said additional amount and preliminary costs and incidental thereto and the financing thereof, being \$348,000;

(b) That the estimated total cost of constructing said additions, including said additional amounts and preliminary costs and incidental thereto and the financing thereof, is \$688,000 and a tax in the aggregate amount of not to exceed \$215,000 is hereby voted therefor in addition to the tax in the aggregate amount of \$473,000 heretofore voted for construction of said additions pursuant to said Proposition adopted at said Special District Meeting held on November 19, 1959, said additional tax to be levied and collected in installments in such years and in such amounts as may be determined by said Board of Education.

(c) That in anticipation of said additional tax, bonds of the School District are hereby authorized to be issued in the aggregate principal amount of not to exceed \$215,000 said bonds being in addition to the bonds in the aggregate amount of not to exceed \$473,000 heretofore voted for said additions pursuant to said Proposition adopted at said Special District Meeting held on November 19, 1959, and that a tax is hereby voted to pay the interest on said additional bonds as the same shall become due and payable.

AROUND THE DISTRICT

(Continued from page 3A)

aimed to eliminate the guess work and formulate a chart of sorts. In this way we felt there would be no possibility of error in predicting whether the Comets would take the North Shore Boodle Bag this year.

In gathering this information, we bypassed the Johnny come lately and went direct to an old-timer, who happened to remember the Michael School when it was just a hole in the ground. Fortunately this man had the exact charts we were looking for with his guidance we can now accurately predict that the Comets will go all the way for the N.S. Title. The charts definitely proved that Comet football teams, throughout the years of 1927 to 1948 showed a definite syllabism with tendencies of prevarications and Panegyrics, but in 49 this whole translucent trend reversed itself... From 49 to 60, a heterogeneous misanthropic, situation seemed to crop up every 1st game... And this happened to be, just exactly the thing we were looking for. This proved our theory, 100%. Of course this whole thing could have been simplified through an algebraic equation of $x^2 + 17x + 16 = 0$, which would automatically give us the seasonal total of 55-7 for 2 games. But penultra and missing x factors made the charting much more intricate.

HAITIAN BISHOP TO SPEAK

The Right Rev. C. Alfred Voegeli, Episcopal Missionary Bishop of Haiti, will speak at the annual Diocesan Council Dinner Oct. 17 at the Cathedral House in Garden City. The dinner traditionally marks the beginning of the Ever-Member Canvass conducted each Fall in Long Island Episcopal churches.
