Traditional GOP Rally on Nov 3 2 Awards Honor Mildred Clark

The Hicksville Republicans are making plans for a traditional pre-election rally at the Masonic Temple on W. Nicholas St., Hicksville, with all interested residents invited.

All Town and County Republican candidates have been invited to participate in the program at the Masonic Temple, according to Philip Robinson, president of the sponsoring Executive F. Franck Republican Club and local GOP leader.

A short motorcade from the Mid Island Plaza to the Masonic Temple, led by the Voters' Victory Van, will announce the rally.

More than 100 cars are expected to take part in a motorcade on Saturday morning, Nov. 4, starting at 10 am at Levittown Hall and touring every street in the community.

Two awards have been given at Middlebury College in Vermont in honor of the memory of a long-time teacher in the Hicksville high school.

The Mildred E. Clark Book Allowance for 1961 goes to Phyllis D. Campbell of Belmont, and Mary S. Jenks of Spring Valley.

The sum of \$50 each has been given to the two sophomores at Middlebury College. The awards come from a fund established by the Middlebury College Alumnae Assoc., of Long Island. They are given on the basis of general excellence.

The late Miss Clark was graduated from Middlebury College in 1925. She later studied in New York University, University of Chicago, and Columbia. After teaching in Dexter, N.Y., she joined the faculty of the Hicksville Schools in 1927. The award fund was set up in honor of her loyalty to and helpfulness in the Middlebury Alumnae Assoc., on Long Island.

State Dept Endorses School Bldg Program

Reaction at a meeting called Monday night at Hicksville High School for representatives of PTAs and other civic groups to explain the Nov 14 referendum to expend additional funds needed to finish the 1959 construction program was described as somewhat less than super-charged.

The School Board is asking voters on Nov. 14th to approve the expenditures of \$215,000 to finish the East St. School gymnasium and move 26 temporary-type classrooms from various elementary school sites to the Junior High School where 3200 students are now enrolled in a building with a rated capacity of 1900.

There are 3100 voters registered and qualified to vote on Nov. 14. Additional registration days will be held next Wednesday, Nov. 1, from 4 PM to 11 PM and Saturday, Nov. 4, from 10 AM to 5 PM. Voters must be registered to vote.

A public community meeting is set for Wednesday, Nov. 8, at 8 PM in the Senior High School auditorium where the program will be detailed.

will receive a brochure explaining the proposition in detail. In addition, all registered voters will or have received a post card advising that their appears on the roll for Nov. 14.

There appear to be two important keys to the vote:

(1) The proposed projects are covered by State Building Financial Advances from the State of New York. Such advances must eventually be repaid.

(2) Two top officials of the State Education Dept. visited the district within the past month and concluded as follows: "Following our visit to Hicksville and a conference with (Donald F.) Abt, (Superintendent), representatives of the administration staff, a visit to school buildings, study of the

The Catholic Daughters of America, Court Queen of Angels 869 of Hicksville, will hold their meeting on Thursday, Nov. 2 at 8:30 PM in the cafeteria of St. Ignatius School, E. Nicholas St., Hicksville.

CORNER of Old Country Rd and Jerusalem Ave., Hicksville, is not only one of the most active traffic intersections in the entire county but this week was the scene of probably more non-residential construction than any other point in the Island. Left to right, steel work rises

for the new edifice of Holy Trinity Episcopal Church, third story is added to the New York Telephone Co building a few feet from the intersection, and steelwork takes shape for an office building. All pictures were taken after noon time yesterday (Wed).

Australian Campaigners Are Here

An Australian-born work will be represented in Hicksville beginning Sunday, Oct. 29. The group, known as the Open Air Campaigners, was here two years ago and received a popular hearing as they showed slides and colored pictures from "Down Under" in the elementary and high schools in Hicksville.

The team of two men will give illustrated messages at the First

Baptist Church of Hicksville. In great demand across America, a number of groups in the Metropolitan area have attempted to have the Campaigners set up a full-time operation.

The public is cordially invited to attend one or all of the meetings at the church located at L. 1st St. and Pollok Pl. Services will be held Sunday at 9:45 and 11:00 A.M. and 6:00 and 7:00 P.M. Week nights (except Saturday) services will begin at 7:45 P.M., Oct. 29 through Nov. 5. Colored films from Australia will be shown at a number of the services.

Had dinner the other night at the new Chan's Chinese Restaurant in Jericho, and really enjoyed it - it was something different. Mr. CHIN was a very solicitous host. Have you seen the new service trucks the New York Telephone Co. has in service? They are really mazy looking. We would like to thank FRANK ENGLETT of ENGLETT'S Bakery, Bway and W. Marie St. for the lovely ice-cream cake he sent to our editor on the occasion of his upcoming anniversary. Cake was decorated with two "Hicksville" ribbons and we all enjoyed it. (The cake star is, not the ribbons). Shared birthday greetings to young TOM NELSON of Spruce St. who was 16 years old earlier this week. Glad to hear that his dad, THOMAS (Bowie) NELSON is up and around again after his serious operation. Shared anniversary greetings to Mr. and Mrs. FRANK BRAND of Tivoli Ave. who celebrated 15 years of wedded bliss on Oct. 19th. Many, many more, folks. Mr. and Mrs. M. RACHELSON of W. The Rachelson's formerly lived in Long Beach and operate the Hicksville Rexall Drugs in the Center Shops. Our good luck to Mrs. ANNA UNEMANN who this week enters after 20 years with the Hicksville School system. Mrs. UNEMANN resides on Ernest Ave. and is the mother of a daughter and son, MRS. As It Looks From Here "ASSESSMENTS AND BUSINESS"

Bob MacGregor

Recently, the current Supervisor of the Town of Oyster Bay, a Republican who failed to get his party's support in his quest for promotion, publicized a personal claim that he has brought business and industry to the Town.

In every statement, he disregarded the magnet to industry being provided by Long Island's manpower pool, one of the best-educated and most highly-skilled in the country. Today, you and your neighbor are the people who really draw business and industry to Oyster Bay. You and the families you are raising supply the incentive to the builders of shopping centers and retail stores.

My friends, you need not let any politician, Republican or Democrat, take credit for the attraction that you and your Town lend in such generous measure to the economy of Long Island.

A DISTURBING FACTOR

Yet there is a disturbing factor in this growth, and here again is something my Republican colleague conveniently forgot to mention. That is: the elasticity in realty tax assessments and in zoning ordinances seemingly enjoyed by some of these politically favored industries and businesses for whose presence in Oyster Bay he takes credit.

Why is it that when such an industrialist doesn't like an ordinance or the tax he is paying, he immediately appeals to the Board of Assessors or goes into Court, coming away with a variance which results in destruction of the residential character of other taxpayers' property, or a tax reduction to his firm of such proportions that the homeowner is forced to shoulder another increase in taxes already too high?

REPUBLICAN EXPLANATIONS

What does my Republican friend say when he is reminded of such happenings? "Well, you see, he had an understanding," or "When we went into Court, the decision was against us."

My friends, these are weak excuses for a man who calls himself an executive, and asks to be elected Supervisor again. Something is mighty wrong when our Town attorneys must go to Court to try to defend the rights of our people against an assessment that is unfair and unrealistic, or with the suspicion that there may already be an "understanding" with the people's opponents. The Courts have been critical of some of the cases presented on our behalf.

Within the last few months, we have all witnessed two glaring examples of the bad practices I mention. A large shopping center and a large utility company were able to reduce their assessments by millions, and this, I am told, is only the beginning.

Is it any wonder, then, that the people charged with administering the School Districts in our Town, where such privileged industry must be looked to for a portion of the tax bill, are apprehensive? How can they tell what next year or the year after holds for them in the direction of Court decisions or grievance day reversals?

THE HEART OF THE QUESTION

If we are to truly profit from industry and business, we must have a firm and fair policy of assessment, together with ordinances strictly enforced. Only so can our planners, our schools, our special districts be sure of adequate revenue to administer their needs.

Let's stay receptive to industry and business in Oyster Bay. Let's keep the tax bills of both the homeowner and the business interests just as low as they can be kept, making certain that each pays his just share of the tab.

Only in this way can we be sure that our Town attorneys have a full opportunity to defend us, and that no one will be victimized when certain industrial neighbors seek advantage.

FOR OYSTER BAY SUPERVISOR

Only your votes can start our Town on the road to ordinances with teeth in them and tax assessments that are impartial. As Democratic candidate for the post of Oyster Bay Supervisor, I ask your votes; I pledge myself to defend such ordinances and assessments on your behalf and to the limit.

THE MARRIAGE RING

By CARL FELDHAMER,
Marriage Counselor

We hope by the means of questions and answers through this column to help solve some of the problems which are common to many of our readers. Please direct your letters to "THE MARRIAGE RING," Mid-Island Herald, Hicksville, N.Y. All letters published will be signed with coded initials. Letters which cannot be answered in this column will receive an answer by mail.

Dear LJT:

It is the wise woman who lets her husband believe that he is the ruler of the home even though she is actually the "power behind the throne."

In one sense marriage is a partnership. The wife is not and was not meant to be a servant of the husband. Spiritually there is a union of emotion, thought, and the many intangibles that make for a harmonious marriage. In today's mixed up society women often overlook the mental and spiritual satisfaction that marriage has given them and are too often willing to give up this satisfaction in exchange for the doubtful benefits of either so-called independence or the right to "wear the pants" in the home. A wife has the heaviest responsibility in the home both time wise and duty wise.

She spends many more hours with the children and house itself than her husband. If the husband spends 2 hours each evening at home (besides his sleeping) can he have achieved the national average? In this brief time the husband tries to make his ideas and wants known. He may appear domineering to a non-understanding wife. All the husband is seeking is recognition.

IS MARRIAGE A PARTNERSHIP?

Dear Sir:

My husband and I have been happily married for six years. During this time we have become accustomed to each other likes and dislikes and can tell in advance whether or not a particular act or idea will appeal to each other. Lately my husband has grown more stubborn (or domineering) in his ways. Instead of trying to convince me that something he wants is the right thing (for both of us), he just tells me that this is the way he wants it and this is the way it's going to be. He won't discuss it with me or explain his reasons for wanting something done.

My mother tells me that I'm too easy on my husband; that marriage is a partnership and I should have as much to say about our home and family life as my husband does. I think my mother is right and that marriage is a partnership. How can I convince my husband of this?

for the fact that he is still a male and the titular head of the house. More homes would be better homes if the husband were recognized as the head of the house in actions as well as words.

Many times we hear that we are living in a patriarchal society. This is a basic factor for the loss of our heritage as a nation of strong pioneering males. Too many of our males have become mental as well as physical weaklings because of their loss of status as heads of the family. Many of the feelings of insecurity found in the various members of a family group can be traced to the secondary position assumed by the male in the governing of the home. Patriarchies may be fine for primitive cultures but cause only difficulties in our present modern day society.

When the suffragettes fought for women's rights, they did not intend to usurp the male position to the point where the male in many instances has become not just equal to the female but subordinate to her. It is time that the male once more assumed his position as the head of the household.

Civics Continue to Fight Floyd Bennett Signs

EDITORIAL:

Let's Look At the Record

The Civic Assoc. is a perennial scapegoat and its active members have learned to roll with the punches that appear to be continually aimed at it. But we think that the C.A. has been castigated unfairly and imprudently, throughout the controversy with the Floyd Bennett Stores, by some of our residents who should know better. We have little patience with others who find it so easy to malign the officers and members of the Board of Directors without taking the trouble to learn the facts. Let's look at the record:

1. Upon learning of the intended construction, a committee of the C.A. immediately sought and held a meeting in Valley Stream with representatives of the F.B. Stores to discuss ways and means of avoiding problems to the community.

2. Upon learning of applications for tower sign variances, our Board of Directors went on record officially as opposed to:

a. the granting of applications applied for

b. the granting of a variance to allow any tower sign of a size in excess of that allowed by ordinance.

3. The Board formed committees to contact political parties; the Joint Jericho Civic Council, and the Jericho Jewish Center for assistance in the implementation of these motions.

4. Members of the Board accompanied residents to the Zoning Board of Appeals in Oyster Bay on Sept. 7. Among those who voiced opposition were Irwin Bauman, president of our Civic Assoc., and Ralph Diamond, chairman of the Board of Directors.

5. On Saturday, Sept. 16, Irwin Bauman, George Frankel, and Ralph Diamond met with members of the Zoning Board of Appeals and perimeter residents at the construction site to discuss the problems faced by the residents.

6. Other representatives of our Civic Assoc. attended a meeting of the Joint Jericho Civic Council and affected a decision that all Jericho Civic Associations would support our residents in the fight against the application for the variances.

7. The C.A. procured and paid for the use of the Jericho Firehouse for a strategy meeting of the perimeter families. This meeting was attended by Irwin Bauman, Milton Bagley and George Frankel.

8. The Appeals Board hearings were continued on Sept. 26, and though the perimeter families were now represented by counsel, Messrs. Bauman, Bagley and Frankel were in attendance. Mr. Bauman spoke again in opposition to the granting of variances.

9. Messrs. Bagley, Bauman and Frankel appeared once more in opposition to the applications at continued hearings on Oct. 5th. The weary band waited until 12:10 A.M. for the proceedings to begin.

10. Carl Grunewald, chairman of the Zoning Board of Appeals, visited Mr. Bauman at his office to discuss the reasons for the decision reached by the Zoning Board.

11. On Tuesday, Oct. 17, at the regular meeting of the Board of Directors of our C.A., the Board voted to continue to fight against the decision which granted tower signs to the F.B. Stores. The Board voted to support the legal appeal of the perimeter residents and voted to appear in the case as a friend of the court. (Amicus Curiae)

12. The Safety Committee of our Civic Assoc. is preparing to conduct a survey to evaluate the traffic problems which may arise due to the location of the F.B. Store.

This brief record does not take into account the many hours that were otherwise devoted to the problem by officers and members of the Board of Directors. We ask on what basis could the Civic Assoc. ever be accused of being disinterested and back-sliding?

And finally, we would like to point out that every meeting, motion, and decision made by parties concerned with the controversy were reported in the VILLAGER — usually on the front page, in two columns, under bold headlines. George Frankel, first vice-president of the C.A. and member of the VILLAGER editorial board, must be credited with this superb reporting job.

TEEN TALK

by Carol Horn

But when I was your age, I walked to school in snow and sleet; today your mother has to drive you to the corner when it rains.

But when I was your age, we played Johnny the Pony; Hop Scotch and Mummy Peg — today everything for a pastime can be found in Colony; hula-hoops, water pistols and comic books that daddy has to pay for.

But when I was your age, I ran to the candy store to make a call; today you can't even run to the kitchen, there must be a phone in your room.

But when I was your age, I delivered newspapers and did many odd jobs so that I could afford to go out on Saturday night. Today you ask daddy for a ten spot, and off you go. The car is yours, and if daddy is good, sometimes

you'll lend him the key. A little different from when I was a boy.

Mother says that when she was your age she didn't have half as many clothes as you do. You think about it a minute and then proceed to ask for a new dress for the party anyway. Heaven forbid you should wear the same thing twice.

But when we were your age, we didn't dare to be fresh to our parents, and if we were, we were punished; and it stuck. Today mom says to Junior, "You can't watch T. V. for a week," and he's watching it two days later. Big brother can't use his car for the week, so he takes daddy's instead.

I guess times really have changed, but we're really not sure a bad generation. Or are we?

Candidate Debate Called Off

The Birchwood Civic Assoc., at Jericho tried to arrange a debate to be held for all of Jericho, between Supervisor John J. Burns, the Republican candidate for Town Supervisor and Robert MacGregor, Democratic candidate for the same office. An Oct. 24th date was arranged; however, it later turned out that this date was not suitable for the Democratic candidate, Irwin Bauman, President of the Birchwood Civic Assoc., was then advised by the Democrats that

Oct 30th would be a suitable date.

The Republicans were asked to rearrange their schedule so that the debate in Jericho could be held on Oct. 30th. Arrangements were then completed with the Republicans to appear on Oct. 30th. Irwin Bauman, so advised the Democrats but was later told that the Democratic candidate for Town Supervisor would not be in town on Oct. 30th, the very day which they had suggested.

At its regular Meeting on Tuesday, Oct. 17, the Board of Directors of the Birchwood Civic Assoc. at Jericho, Inc. voted to fight the decision of the Zoning Board of Appeals which granted a variance permitting the Floyd Bennett Stores to erect large tower signs over their new store currently under construction in the Birchwood Shopping Center in Jericho.

The meeting was chaired by Vice-chairman of the Board Lawrence C. Gibbs. Dan Sirots, of Merry Lane, who had been invited to the Board Meeting by President Irwin Bauman, informed the Civic's Board that the perimeter group, for which he was spokesman, had met and voted to appeal the tower sign variance before the Supreme Court in Mineola. He reported that a considerable sum of money had been collected from local residents, and that Ira Hyman had been retained as legal counsel to represent the perimeter group in the action. Mr. Sirots stated that, although no financial assistance was required at this time, the perimeter group was seeking the "physical and spiritual" assistance of the Birchwood Civic Assoc. Leo Gillary, the Civic Association's Malden Land Block Captain, reported the feelings of the residents of his area, and also requested the aid of the Civic Association.

President Bauman then reported to the Board of Directors the events which had taken place since the last Board meeting at which the Board had voted to oppose the granting of any tower signs to the Floyd Bennett Stores. He also reported to the Board in detail the actions that had been taken by the Executive Committee to implement the decision of the Civic Board. The Board of Directors voted to support the efforts of the perimeter residents in their opposition to the Floyd Bennett signs, and to appear in the case as a friend of the court. ("Amicus curiae") The Board moved to ask the perimeter group to call upon their attorney to prepare a brief for the use of the Civic Assoc., and to submit said brief to the Civic Assoc. for the approval of its legal committee prior to the use of the brief as implementation of the motion to oppose the variance.

The safety committee of the Civic Association, chaired by Dr. Walter Sugarman, was empowered to spend up to \$150.00 for a traffic survey to evaluate traffic problems which may arise due to the opening of the Floyd Bennett Store in the Birchwood Shopping Center. The Committee will also investigate the best location for the installation of "stop signs" which have been approved by TOBBY for installation along Birchwood Park Drive to control traffic along that thoroughfare.

As prescribed in Article 4, Section 5 of the Constitution of the Birchwood Civic Assoc., a Nominating Committee was appointed by the President and the Board of Directors. The Committee is composed of: Irving Brand; Sam Hecht; Gilbert B. Stein; David A. Mark; Geo Gillary; Fred Green; Leo Geyer; Horace Sterling; and Mimi Gruber. Bob Brown is alternate and Gil Stein is temporary Chairman. As provided in Section 6 of the same Article, independent

Town Supervisor Burns Is Proven Administrator

Supervisor John J. Burns, a career man in government and a proven administrator, has compiled a remarkable list of achievements and has initiated a great many forward-looking and progressive programs for the Town since he was first elected by a wide majority in 1958 as Oyster Bay Town's chief executive.

Under his leadership the Town has adopted a Comprehensive Zoning Plan which has been held up as a model for other municipalities throughout the state; embarked on an industrial expansion program to provide more job opportunities and tax revenue for the Town and its people; instituted a conservation program that has achieved national prominence for the Town of Oyster Bay and initiated a Comprehensive Park and Recreational Development Program, all of which have established the Town as one of the most progressive municipalities in the state as well as gaining for Mr. Burns a reputation as one of Nassau County's outstanding and forward-looking public officials.

The popular Supervisor is seeking re-election to his third term on Nov. 7 and recently was asked to consider becoming a member of Governor Rockefeller's cabinet as Commissioner of the Office for Local Government in the State of New York. A dedicated and hard working public official, Supervisor Burns began his public service in 1947 as Mayor of his home Village of Sea Cliff. Later he was elected to the New York State Assembly and served on various legislative committees, including membership on the Ways and Means Committee of the Assembly. He served in the State Legislature for six years until he was elected to the post of Supervisor in 1958, whereupon he resigned as vice president of a large corporation in order to devote all of his efforts to the duties of the office of Supervisor.

A chief executive of the Town and as Chairman of the Town Board, Supervisor Burns has taken the leadership in the establishment of a program designed to afford the Town's homeowners the greatest possible protection, as well as promoting full economic growth and stability for the Town as a whole.

Burns also undertook to reorganize many of the Town's Departments and special district operations, utilizing to the fullest his experience in local and state government. Special district consolidations, including garbage, lighting and parking were

John J. Burns

effected at a projected savings of hundreds of thousands of dollars to the taxpayers. In addition, a new and effective Department of Purchasing was established.

In the development of the unique Comprehensive Zoning Plan which is concerned with proper land use throughout the Town of Oyster Bay, the basic objectives were: the "placing of proper things in their proper places" and the establishment of a balance between residences, business and industry, taking into consideration the regional aspect of zoning and planning.

Since the Plan's adoption in March of 1959, private capital has invested at the rate of almost \$1 million per month in industrial and commercial enterprises throughout the Town and the Town's assessed valuation has increased \$77,547,098 in the past three years with more than 200 leading firms moving into the Town's newly created industrial parks.

Supervisor Burns, shortly after his election to that post, began a project in cooperation with State and Federal conservation officials aimed at conserving the Town's valuable 5,000 acres of wetlands on the south shore and large areas on the north shore of the Town. The result has been a conservation program which has been hailed throughout the state and the nation as one of the most important steps to be taken in the field of conservation in many years.

Hi, Neighbors

MURIEL SUGARMAN

One of the funniest stories making the rounds of Birchwood these days is the one concerning the new addition to the Lawrence household on Merry Lane. The new addition is a baby girl -- and both Francis and Marty were very surprised when they got a phone call telling them their maid gave birth on her day off.

There are still some tickets left for the JJC Theatre Party on Wednesday, November 8th. Call Shirley Jarot if you are interested at OV 1-2049.

Congratulations to two Jeffrey's-both of Maytime Drive - on their Bar Mitzvahs -- Jeffrey Kesser, son of Blossom and Irving, and Jeffrey Roseman, son of Judy and Marnie. Congratulations, too, to Mr. and Mrs. Ben Danno, grandparents of Jeffrey Kesser.

The Hadassah annual luncheon which always draws rave notices, this year surpassed all expectations. Three hundred women attended the luncheon at Carl Hoppl's in Baldwin and are eagerly awaiting next year's "Eye-Bank" Luncheon.

Hope Robert Rosen of Forest Drive will be back with us soon, Robert, now in the U.S. Army is stationed in Fort Dix.

Don't forget the J.J.C. Masquerade Party-Gras, Saturday Night, October 28th, at the Temple. For tickets, call Rochelle Lamlut WE 8-0946, or Adele Miller WE 8-8767.

Glad that Sylvia Sannortzic and Doris Goldberg, both of Fountain Lane are home from the hospital. Hope Bea Cohen of Forest Drive will have a very speedy recovery. Sorry to learn that Evelyn Lesser of Fortune Lane broke her arm.

Temple Or Elohim Men's Club Golf outing held at the Brentwood Country Club on Sunday October

22, proved once again that golfers are "Nuts." (Note from Muriel - This isn't my opinion, but the opinion of the Men's Club Publicity Dept.) How else can you explain three cartloads of golfers leaving Merry Lane and Hazelwood Drive at 7:45 a.m. during a rainstorm while gale winds of up to 60 miles per hour were predicted. Their faith was rewarded however when the rain changed to a drizzle, the wind lowered to 40 miles and the temperature rose to 45 degrees. Final results showed that Ben Greene with a low gross of 95 was top tourney winner. Sean Rader with 97 and Bernie Paul with 99 were runners up. Based on the Calloway system of scoring low net with 76 was won jointly by Bernie Paul and Jerry Gold. Ties will be presented at the next Men's Club meeting on Nov. 15th.

All brides are beautiful, but very few can boast of having their wedding gown designed and made by their own Mother. Barbara Sherman of Magnolia Lane can. Her Mother, Adele, who is very talented, is putting the finishing touches on the gorgeous bride gown Barbara will wear when she marches down the aisle in November.

Tuesday, Nov. 7th is a busy day for JJC Sisterhood. In the afternoon at 12:30 at the Temple, Leah Circle will have a movie for children - (the children are off from school). Call Melly Sobel - OV 1-2434 for tickets. Price 50¢. In the evening, Sisterhood will hold its paid up membership Cocktail Soiree, complete with food and fabulous trio.

Condolences to Leonard Walick of Forsyth Lane on the loss of his father.

Other business of the Board of Directors was: the appropriation of \$200.00 for the use of the Youth Group (see article elsewhere in the issue of THE VILLAGER); the appropriation of funds to help defray the cost of shirts for the members of the Civic's Bowling League; and the approval of a request by the Jericho Players for permission to produce "The Twelve Apostles" in the South Wood Junior High School on Dec. 5th and 6th of this year.

average of 883, high team game record scratch of 2415, and from our in left field Len Walick, who last week came up with a 233 game to take the lead in that department. If not for Leo Geyser, who holds the honor of having bowled the individual high 3 game series with 568, they would be holding all the present season records.

Last week Fred Sapio accomplished what is probably a feat in any league, but certainly in ours. He bowled 2 consecutive games of 210 and then 202. He finished one game with 4 strikes in a row. We know guys that would almost give their wives to do that and some who would.

The expansion from 6 to 10 teams has worked out beautifully. Many of the new men have added class to our Birchwood League. Their highly respectable averages have spurred the other bowlers on and everyone is sporting better average,oops, we mean almost everyone. We'll have to do something about Mac Cushing and Sonny Lubliner. Maybe have them join a new investment group or something.

Two things have been definitely established. We are all getting bowling shirts and a committee has already been formed to work out the details of our 2nd annual Dinner Dance to be held in June.

More Support for Mitchel

Three additional regional or-
ganizations have joined in the fight
to have an airport at Mitchel
Field, adding a total of 10 regional as-
sociations, 8 chambers of com-
merce, and 22 newspapers and
radio stations that have taken a
stand supporting an airport at
Mitchel Field and/or urging public
hearings on the issue. It was an-
nounced by Elston Swanson, Chair-
man of Planners for Mitchel.

Last week the Executive Board
of the L.I. Chapter of the Society
of Reproduction Engineers through
their Chairman Ray A. Creed
aided. "We believe it would be in
the best interest of Long Island, as
well as to residents of Nassau
County, to have the Mitchel Field
include facilities for an air-
port to service business and pri-
vate aircraft. Since this appar-
ently is not the belief of various
political leaders, it is our belief
that a public hearing should be
held to permit the residents of
Nassau to determine its best use."

The Nassau County Chapter of
the Reserve Officers Assn and
the Mitchel Squadron of the Air
Force Assn have now adopted res-
olutions endorsing the establish-
ment of a public airport at Mitch-
el Field and urging local officials
to acquire the landing strips at

As It Looks From Here

Cutting Up A Jackpot

Bob MacGregor

Back in 1958, the Oyster Bay Town Board, looking askance at what was happening to the dream of suburbia that had brought thousands of people from the congested city, labored and came forth with what is now jokingly known as the Comprehensive Zoning Map. This was to be it! Here we were going to hold the line! Just to show you how much/just some all this was, let me tell you how many times this great Map has been stretched, maddled, torn, trampled and adjusted: In three years, 50 zoning changes have been approved by the Town Board—that had trumpeted about the great Zoning Map. And in that same period, 74 special permits were granted.

That's about 3 1/2 "adjustments" a month for three years. And here's another thing: You know how often they changed the zoning BEFORE the great Map? About three times a month!

Now let's look at some of the reasons behind this elasticized zoning: First, of those 124 "favorable" decisions to adjust the map, 39 of them were granted to but five law firms — the members of which all happen to be well-known Republican leaders. Other attorneys, not politically powerful, made hundreds of attempts to get this great Map adjusted and they got nowhere in most cases. Is it any wonder those in the building game call my opponent "Johnny-on-the-spot-zoning"?

Let us look further at this Comprehensive Plan that has our residents so apprehensive:

Under the great plan a builder is required to provide off-street parking in proportion to the size of the building he is erecting. Time after time, the records at Town Hall reveal, the building is completed without the required number of off-street parking spaces. But since a Certificate of Occupancy cannot legally be issued for a building that does not fully meet the zoning requirements, the builder is only given a temporary certificate. But what happens? The temporary certificate is renewed, month after month, until, eventually, when everyone has grown tired of renewing it, one of the aforementioned Republican lawyers is retained. He comes before the board and with the magic that his party affiliation provides, the builder is given a special permit and the zone plan is shot thru with another treatment of hot ozone. Any wonder we're APPREHENSIVE about COMPREHENSIVE?

We're apprehensive, mainly, not because we're worrying about the Republican lawyers cutting up a jackpot, but because we see the inevitable result of this hedge-podge zoning plan with its 124-way stretch in 3 years. We are living in Oyster Bay because we wanted a suburban life for our children, not because we are crazy about riding railroad trains twice a day. We thought that when the plains and the farms and the estates were turned into tracts for homes that this new start would give our children the planned, slum-free, fresh-air kind of living we wanted for them. Maybe the experts who came up with the Comprehensive Zoning Plan for the Town Board had the same kind of dream. But they have been consulted on the record only once by the Town Board that hired them—once while this Town Board hacked away at their Plan 124 times! With only a handful of GOP law firms supplying the axes!

been burned in effigy on the Plainview campus and that the school was loaded with "Hicksville" signs. Whether true or not, this scuttlebutt still makes good copy and is very reminiscent of the bygone days, when the Hicksville Field Club, Westbury and Glen Cove, had its own special, "I Love You, Society." Rivalries always result in a good grid-iron battle and this one proved, no exception to the rules. Unfortunately though, Plainview just didn't happen to be in the same class with their border line neighbors, this year. Starting from 2 plays after the opening kickoff, Comet Left Halfback, Ray Strassburger recovered a Plainview fumble, which eventually led to a scoring plunge by Fullback

Charley Triola. Strassburger followed suit in the 2nd quarter with an 8 yard plunge dash to paydirt.... And right halfback Chris Coletta closed out the 4th quarter with a 5 yd. end sweep for the final tally. Coletta also netted 2 extra points, via plunges. Final score—Comets, 20 — Plainview, 0. The locals at 2-0 are now in a 1st place tie with Clarke in the North Shore Section competition.

LATE NEWS FROM COMETLAND JV soccer coach Bill Roberts reports another win for his squad, this time over Clarke. Score 2-0. Left wing Bob Swinick accounted for the only score of the game on a pass from Kenny Betts. The JV league record now stands at 5-2-1.

SOUTHERN TRIP J.V.s' It took a while but we finally checked in to see how Jayvee Sobber coach, Bill Roberts and his squad is making out. Unfortunately, we could have picked a more auspicious occasion for their debut in this column but the best laid plans of mice and men often go astray. The visiting Great Neck, South squad, just happened to be blowing hot for this kickers convention and wound up with the 4-3 win. Inside right, Bill Reed booted the lone field goal for the locals, with Hugh Hansen chalking up the penalty point.

According to coach Roberts, "This is by far the best Soccer team the Jayvees ever put on the field" And we'll be sending some good boys up to the Varsity, next year", he added with a tone of certainty. Honorable mention went to high scorer for the season, thus far, Center Forward Kenny Betts. Center Half, Hugh Hansen came in for a plug as did, long booting Fullback, Jack Roberts. Right half Joe Kasprisi got the nod for being a good footman and Goalie, Denny Sedowicz was well on his way to an outstanding season, tending the pipes. The seasonal record for the locals so far is 4-2-1, with last Thursday's game not listed.

SR. BOOTERS IN 2nd SLOT It looks like it's still going to take another week to crown the top dog in the North Shore Section I Soccer league. The league leader, Great Neck, North continued her winning ways with a 5-0-1 mark, and the Comets in 2nd, place had to come up with 2 more important wins, to stay in contention. This race is as close as the map on a worn out rug but will possibly be decided before this issue hits the newsstands. The Northmen and the Comets are scheduled to trade boots on the Tuesday, prior to this issue. The 3rd place team is 4 games out, so it looks like the Tuesday winners might wrap up the title. In last week's games, the Comets stopped Great Neck, South and Clarke, 4-3 and 6-2. In the Southern title, Vinnie and Frank Coletta accounted for both Comet scores. Coach Harry Renn stated that this was the toughest game so far and praised his squad highly. He gave extra credits to his defense men, Center half Roy Garman and Goalie John Mirro, who continued his, miserly goaltending tactics. In the Clarke rumble at the end of the week, Rightwing Frank Coletta, pulled off the "Bangers in Trick" by accounting for all 3 of the Comet's goals 2 were converted on corner kicks from Chlp Jaworski and 1 was headed in after an indirect, midfield kick by Fullback Denny Whiteside. These Coletta twins are not only good shoemen but they've also been using their heads, in dealing with the opposition. They have a little foist going to see who can dent the pipes the most often this season And speaking of brothers, the Comets also have another family act going for them in the form of the Medina boys, Dick and Gus. They too have been in the thick of things, when the scoring fur had been flying. In fact the L.I. Press, last Friday made another blind man's report by crediting Bob Medina and Vinnie Coletta with 2 of the 3 goals, that brother Frank dumped in. (These brother acts must confuse

the big city reporters)

A SHORT PROFILE Name Anne Crandall. Born in Winchester, Mass., youngest of Navy football hero, Joe Bollino. Anne is presently employed with the district as head of the girls' Physical Education Dept., at the Jr. High School. She's a graduate of Winchester High and Boston University Married and has a daughter, Cathy, who attends Nicholas St. School. Husband, Lou, is also a district employee at Nicholas Teaches Phys. Ed. there and is also Varsity tennis coach for the Sr. High. Anne's prior experience was with school districts in Conn. and Rhode Island. She moved to Hicksville in 1955 and entered school service in that same year. Here again, as in the other profiles in our series, we have an affable, quick to amuse, dedicated member of the official school family.

HARRIER-III-LITES The Comet cross-country squad, seem to have a working agreement with the opposition to take over 2nd place in the hill and dale event. It happened twice last week and once the week before. In the Carle Place chase, at the beginning of the week, the Comets took the lions share of the 25-33 win. Rich Lyman took over the 2nd slot with a time of 14.45, only 1 sec. off the pace, of the Carle Placeminer, Mike Egan. Dick Cooper took 3rd at 51, Howie Hamm, 4th at 52. Ken Doris 7th, at 15.20 and Bill Kauden 9th, at 16.24. At the end of the week in a tri-angular affair vs Clarke and McArthur, the Comets finished 2nd, 27-28-65. Frank Kurth a 10th place finisher in the Carle Place run, took over the 2nd slot with a 15.5 effort. Hamit took 5th, Cooper, 6th, Lyman, 7th and Doris 8th. The Comet Harriers now have a 3-2 league record. (I got the figures for the Carle Place field and stream, fan-dango, right from the horses mouth but the latter figures I plagiarized from the big city edition I hope they're right on this one because if not, Coach Jim Earle is going to give me a 5 mile head start during the next meet I'm getting too old for that hill and dale hustle)

GRID-LITES METEORS MANGLE DALERS As predicted last week, the two Daler scouts, who came, saw and were upset by the Meteor, 27-7 victory over Plainedge, now had the dubious pleasure of grabbing the bull by the horns, in their own backyard And there was no denying the fact that the Meteors were going to be a lot of ball to handle. A drum of midnight oil, in the form of a 10 page scouting report, went down the proverbial drain, when Meteor Fullback, Larry Wesolka, exploded 50 yards through tackle for the first score of the game. Right Halfback, John Sarsfield followed with an 8 yard dive for the 2nd tally. Wesolka tucked 2 yards for his 2nd and 3rd of the game and Left Halfback Steve Schuster put the lid on the coffin with a 6 yd. sweep, for the 4th marker. Quarterback Dennis Ytras, who according to coach's Warren Meyer and Dick Hogan, did an outstanding job of leading the team, ran for 2 extra points. Other outstanding players mentioned were defencesmen, Vinnie Hoosack and Linebacker, Joe Sarno. A pass interception by Sarno which he ran back 25 yards, led to the second score of the game. The final score was Meteors A's 26, Farmingdale 0. The next game on up will be vs Island Trees, this Friday. A closing quote by both Meteor coach's, put this squad as the best the Jr. High has seen in quite a number of years And take it from us, this is a well knit team, that is guaranteed to be making Varsity headlines in a year or more, and any team that takes them will have to be a good one.

COMETS WIN According to inside information, this Comet, Plainview meeting turned out to be one of those good old fashioned, line battles. No quarter was asked or given and the "unnecessary roughness penalties" flew around, like a wild witch on a broomstick. Hearsay had it, all last week, that a Crazy Legged Comet had

CD Interests Postal Employees

By MARIA SWIATEK

On Oct. 10, a meeting for Postal Workers was held at Veterans of Foreign Wars Hall, Hicksville. Among the 85 people attending were Mrs. Irene Murphy, Acting Postmaster of Hicksville; George Kunz, Deputy Director of Civil Defense, Town of Oyster Bay; Henry Brodbeck, Chief of Staff, Civil Defense, John Mattison and Ralph Cascardi, both Postal Supervisors, who along with James Marielli, Acting Chief of Radio Service of Civil Defense, represented postal carriers as Wardens of Civil Defense.

John O'Brien, President of Branch 2530 National Assoc. of Letter Carriers, was kind enough to share this meeting with the New York Telephone Co., which showed a film on our defense system. John P. Early of the New York Telephone Co. gave the narration and demonstration. The film graphically depicted the horrors of nuclear warfare, explained the fine network of our detection system and our means of retaliation through Nike bases. Following the film was a question and answer period and as one man said, "I learned more about our defense system from that film than I have learned in ten years of reading about our defense."

For those who would like to see this film, the Office of Civil Defense plans to show it in the near future. Notification of this will appear in the newspapers. In the meantime citizens interested in Civil Defense are cordially invited to attend the weekly meetings held on Monday nights between 8 and 10 in the Town Hall Annex, 65 Broadway, Hicksville, under the leadership of Robert E. Burley, Community Director.

Higgins Jr. candidate for District Attorney; and William J. Sullivan of Rockville Centre, for Justice of the Supreme Court.

detailed material previously furnished to the Dept. and a review of previous building commitments carried out by the District, the long and short range proposed plan of the District appears to be a reasonable and practical solution to meet the needs of the educational program for the children of Hicksville."

The foregoing quotation from a statement by Dr. Armstrong of the State Education Dept. was included in the voter information leaflet on a 5 to 2 poll of the Board. David Hurwitz, Board member who had admitted he is moving out of Hicksville "before the end of the year", has opposed the proposition being offered to the voters on Nov. 14th on the grounds that he believes the present temporary should be replaced with "new temporaries" at the junior high school.

Army Pvt. Frederick Desiderio, son of Mr. and Mrs. Mario Desiderio, 269 Acre Lane, Hicksville, recently was assigned to the 2d Armored Division at Fort Hood, Tex.

HERALD READER OPINIONS

To the Editor:
I would appreciate it if you would see fit to publish the following as a letter to the editor.

With very little discussion these far voters in New York State will be asked to approve an amendment to Article Ten of the State Constitution on Election Day.

Article Ten is a specific and comprehensive bar to the State's extending aid or credit to sectarian educational institutions, and as such maintains very vigorously the traditional American ideal of the separation of church and state.

Proposition six on the ballot will present very briefly an amendment to Article Ten which would enable \$500 million of the State's credit to be placed behind bonds issued by religious institutions. This would effectively breach the wall of separation and set the

stage for a further undermining of the important principle of separation.

Voters are urged to reject at the polls this attempt to amend the basic guarantee of a vigorous public school system, which would be supported by the beginning of a process of draining off money to parochial schools.
