DIES NIGHT for Hicksville Rotary Club turned out to be full of surprises for Doris Kochik (center) of 26 Compass Lane, Levittown, who won all kinds of useful items. Left to right are Mrs. Parr, Rotary Club President Freeman L. Parr, Aaron Rochman, MC; the winner, John Dobson, club secretary; Frank Bergman, chairman of the very successful event at the Mileridge in Jericho, and Mrs. Rochman.

Mrs. Phyllis Neuburger of 12 Amherst Rd., Hicksville, this week disclosed that a petition is in circulation seeking to force the Board of Education to hold a referendum on a "permanent secondary school building." Under the Education Law such a petition would require signatures of qualified voters equal to one third of the number of children between birth and 18, or approximately 6,880 signatures.

Appealing for help on the petition, the "School Board Campaign Comm." with the mailing address of Mrs. Neuburger's home charges that "long range plans for school building in Hicksville School District 17 are based on double sessions from kindergarten thru 12th grade.

"Within the next two weeks, we are planning to circulate a petition throughout the community for a permanent secondary school building. This petition, in accordance with State Education Law, will result in the calling of a special meeting at which time the people of Hicksville will be able to cast their vote for the facilities we need to accommodate adequately the school population."

The statement appeared to be in sharp contrast with published statements of the Board of Education, quoting the State Education Dept., regarding the long range building program of the district issue prior to the recent Nov. 14 referendum.

Another High School

The exact nature of the proposition which Mrs. Neuburger wants submitted to vote was not disclosed except that it would involve "a permanent secondary school"; i.e., another junior high school or senior high or combined structure.

Considering the necessity for acquiring a site for another permanent high school plus construction costs, an informed guess has indicated a four or five million dollar project.

It is felt in some quarters that the issue of more permanent vs temporary-type construction was thrashed out in the Nov. 1959 referendum when some permanent facilities were authorized as well as the movement of temporary-type structure from elementary to

HAROLD HAWXHURST of Laurel St., Hicksville, will be a candidate for re-election as a commissioner of Hicksville Fire Dist. when voting takes place at the E. Marie St. Firehouse on Tuesday night, Dec. 5, between 7 PM and 10 PM. He is being opposed by a housewife, Dorothy McCue, the first lady to run for the office in the community history. This Saturday, Nov. 25, is the final day for filing of petitions by candidates. Also running for re-election as District Treasurer is Frank Wallach.

secondary locations. Prior to 1959 the school district had twice voted down a permanent school building on Wolwood Road.

The next regular Board of Education meeting is scheduled for Friday night, Dec. 1, in the Teachers' Lounge of the Senior High School.

School Board Awards Construction Contracts

Contracts have been awarded and will be signed within a few days for the final three quarters of a million-dollars worth of Hicksville School construction, including the movement of 24 temporary type classrooms to the Junior High and a new gymnasium at East St. School. With additional funds appropriated by voters on Nov. 14, the Board of Education last Friday night awarded the contracts.

Only four of seven Board members were present for the special session. Absent were President Robert D.P. Eaton, Vice President David Hurwitz and Trustee Dominic Sabatella. Board Secretary Cornelius McCormack presided. Others present were Trustees Herbert Johnson, Jerry Zettler and George Jackson.

Stanley J. Benjamin Inc. won general contracting bids on both jobs. Giant Contracting Corp. won heating and ventilating work on both projects and Braun Bros. the

COMPLETES COURSE

Army Pvt. Richard P. Wood, son of Mr. and Mrs. Bertram H. Wood, 178 Cottage Blvd., Hicksville, completed the engineer equipment maintenance helper course at Fort Leonard Wood, Mo., Nov. 9.

Dear Jean:

This week is a big week for our good friends, the BRAUNS, Mr. and Mrs. WILLIAM BRAUN of Halsey Ave. celebrate their 32nd wedding anniversary on Thanksgiving Day. Their son and daughter-in-law, Mr. and Mrs. VINCE BRAUN of Third St. celebrate their 24th wedding anniversary on the same day. Mrs. Vince B. celebrates her birthday on the same day, and a little Brynn, Beverly, celebrates a birthday on Nov. 30th. Our congratulations and best wishes to all and may they have many, many more anniversaries and birthdays. Get a nice letter from Miss MARY KELLER who is back at her home in Lakeland, Fla. after spending several months with her sister, Miss Clara KELLER of Harding Ave., Hicksville. Glad to hear that Miss Mary had an enjoyable trip going back to her home. Belated birthday greetings to little Miss CYNTHIA BRAUN, who celebrated last week. Miss B. daughter of Mr. and Mrs. Frank Brandt of Twilalows Ave. was honored at a family party. Our get well wishes to Mrs. PETER CZECZIL of Twilalows Ave. who has been some time in the hospital. Congratulations to our friends, Mr. and Mrs. ANDREW JOSEWITZ, whose son, Andrew James, was christened at St. John's Lutheran Church, Lindenhurst on Sunday, Nov. 12th. God-parents were Mr. and Mrs. Lloyd Williams. Very proud grandparents are Mr. and Mrs. M. Brendel of Hicksville Wine and Liquor Store Hwy. Longtime friends or ours.

RUOY HOUSE has added a cocktail lounge to its present establishment on Duffy Ave. Martini anyone???

Our ace reporter, Billy the Kid, reports that he has named his pet kitten "Snowball". We attended a Democratic breakfast the Sunday before election when we heard Mrs. Burdette declare that if she did not win on Nov. 7 she would not be a candidate again. At the same interesting and enthusiastic gathering JOHN PEPLOE of Hicksville, candidate for sheriff, sang a song with words written by his daughter, JOAN. Host was ED MORRIS, acting leader of Democrats in the Township.

TIMOTHY JUD of East St., Hicksville, misses his bike since it disappeared. It is a 20 inch motorized bike with chromium fenders. It was last seen abandoned at the corner of Cliff Dr. and Woodbury Rd., but by the time his mom went to pick it up it was gone. If you see it please call WE 5-3591.

CORNELIA McCORMACK, daughter of Mr. and Mrs. Cornelius McCormack of 27 Boxwood Lane, Hicksville, has been on the dean's list at the State University LI Center at Oyster Bay for four years. She is studying to become a math teacher. Have you seen that fine aerial photograph of Hicksville exhibited at the Meadow Brook Bank? The election may be over but the ballot-battle is being re-fought daily by committeemen and others. The famed Rothman Inn at East Norwich has its days numbered. The State Dept. of Public Works, despite all kinds of opposition, is going to make route 25A (Northern Blvd) into a four-lane highway with a 30-foot dividing wall thru East Norwich.

Former Cynic Backs Shelters

Assemblyman Edwin J. Fehrenbach spoke at the monthly meeting of the Theodore Roosevelt Republican Club of Bethpage on the legislation pertaining to Fallout Shelters enacted at the recent special session.

Fehrenbach implored the audience to consider the need and provision for community shelters with an open mind; and admitted that he had once had a cynical attitude toward fallout shelters until he attended a briefing session on Monday morning which had been called by Gov. Rockefeller. He spoke also about the Scholarships for Children of Servicemen and Redistricting which had been acted upon at this session.

Councilman Louis Sista and Executive Committee Chairman Cliff Daley expressed their thanks to the numerous people who had contributed much time and effort during the election campaign.

A report by Dorothy Geiger, Chairman of the Harvest Moon Ball showed a 'whopping' addition to the Treasury and the tremendous of the affair.

Leon Lunden is heading the Auditing Committee composed of Bill Mahoney and Tom San Filippo which will present its findings at the December meeting. Elections will also be held at that time.

Teresa Watts, on behalf of the Nominating Committee, presented the following slate of officers: Ted Knighton, President; Leon Lunden, Vice-President; Marilyn Mathis, Vice-President; Florence Mullen, Recording Secretary; Ronnie Burke, Corresponding Secretary.

Harry Gioia, Financial Secretary; Emil Roman, Treasurer; Bill McCord, Sergeant-at-Arms; and Ed Fehrenbach, Ed Gaynor and Louis Sista, Trustees. Nominated from the floor was John Egan for Vice-President. All members who were enrolled as of September will be eligible to vote at the December meeting.

The following new members were enrolled: William Beatty, Stephen Farina, Thomas LaSalle, Stanley J. Belaus, Salvatore Di Lorenzo, Joseph F. Cummings, Irene Curling, Joseph Mammo, William J. Hanke, Robert King, Connie Solzano, Tom Messina, Albert and Rosemary Saucelli, Irving and Lynn Bernstein, Anthony and Rosa Arcilio.

The next meeting will be held on Dec. 4th.

Women Voters To Meet Twice

Mrs. Bertram Bernier and Mrs. Max Auerbach, both of Syosset, will participate in a discussion on the problems of public education and possible solutions to these problems at a meeting of the League of Women Voters of the Town of Oyster Bay.

Mrs. Arthur Gilbert, 41 Brittle Ln., Hicksville, will be hostess to one such meeting on Wed., Nov. 29 at 12:30 p.m., and Mrs. Ruth Herzberg, of 79 Silver Ave., Bethpage, will be hostess to a similar meeting, Nov. 29 at 8:30 p.m.

Annual Missionary Rally Here

The second Annual Missionary Rally of the Long Island Churches of Christ and Christian Churches will be held on Nov. 24-25th at the Church of Christ, 105 Broadway, Hicksville. Sessions will be conducted at 2 & 7 P.M. on Friday, and 10 A.M. and 2 & 7 P.M. on Saturday, according to C.E. Faust, minister.

This year's theme, "I Am A Debtor," gives each visiting speaker an opportunity to discuss his work and to give reasons why he felt called or is indebted to the work which he has given his life. These speakers include: Mrs. Gene Crowl, Missionary to the Congo; Harcourt Sanders, native of Nassau, Bahamas; Cameron Sinclair, Academic Dean of Eastern Christian College, Bel Air, Md.; Vaughn Elliott, Mrs. Jesse Wells Clark, and Richard Bourne, representing Spanish, Negro, and Church planting missions in the Metropolitan area; and Frank Saraha, evangelist for the New England Christian-Evangelizing Mission. A film of mission work in the Congo will be shown and a tape of a program of the Gospel Broadcasting Mission, Radio Luxembourg, will be played.

Each Session and special music will be conducted by members of the various congregations of the

churches of Christ on Long Island. The Friday night session will also be the Bi-Monthly Youth Rally of these Churches.

Displays of some 25-30 different missions of the Church throughout the world will be set up by the young people of the Hicksville Church.

Overnight accommodations are being made for persons planning to attend from congregations in New Jersey, Connecticut, Maryland, and Pennsylvania.

Nursery care for children up to 6 years of age will be provided during every session.

In conjunction with the Missionary Rally, a play, "How Much Owest Thou Thy Lord" will be presented by young people from the Long Island Congregations at a Union Thanksgiving Service on Wednesday, Nov. 22nd, 8 P.M. at the East Northport Church of Christ. Members of the cast include: Dolores Grindrod, Sharron McMahon, and Fred Hendrickson of the Hicksville Church; Monnie Marks and Claudia Carson of the West Islip Church; Laura Seels and Janet Heuman of the East Northport Church; and Judy Warner, Lucy Newhouse, David Malican, and Lyn Sugar of the Nesconset Church.

Center Has New Weapons

Two of the newest weapons in the cancer detection arsenal are now standard equipment at the American Cancer Society's Detection Center in Elmont, reports Mrs. James Rogers of 531 Jerusalem Ave., Hicksville, Temporary Chairman of Hicksville Unit.

"These are special tests for use as the examining physician considers it advisable to make his check-up as complete as possible," Mrs. Rogers explained.

Most important of the new tests is a microscopic examination of sputum where other findings warrant especially close study of the lungs. These sputum studies are routine for heavy cigarette smokers being examined at the Center.

A flat fee of \$25 covers the full cancer detection examination, including all tests, with the American Cancer Society making up the difference between that fee and the actual expense. The examination takes only two hours.

Barnes to Give Book Review

On Wednesday evening, Nov. 29, at 8:30 P.M., at the Hicksville Public Library, Kenneth Barnes, Director of the Library, will review George Kennan's book, "Russia and the West Under Lenin and Stalin." A discussion will follow. This program is one

of a series of films, concerts, readings and discussions and book reviews being presented by the Library with the co-operation of the Hicksville Public Library Assoc., all of them open to the public without charge.

FLOYD BENNETT LOSES TOWER APPEAL

"DETECTIVE STORY" IN REHEARSAL

Joint Civic Council Hears Candidate

By George J. Frankel

At its regular monthly meeting on Oct. 31, the Jericho Joint Civic Council was addressed by Raymond Simpson. Mr. Simpson, who is a N.Y. State Licensed Professional Engineer, is an independent candidate for the position of Commissioner of the Jericho Water District, outlined his considerable experience in the field of Community Water supply to the Council, and requested that the Council and/or the organizations it represents endorse and support his candidacy. The representatives agreed to refer the matter to their respective organizations.

Chief Paul Kardel of the Jericho Fire Dept. informed the council that forms are available at the Fire House to aid the home-owner to make an inspection of his own home for possible fire hazards. These forms are available upon

request at no charge.

The Jericho Joint Civic Council is an organization of local Civic Groups. Its purpose is to gather, exchange and disseminate information concerning common interests to members of the Council, and to act for and on behalf of the Member Groups. Members are: West Birchwood Civic Association, represented by Mrs. Jane Schreier; Jericho Civic Association, represented by Mr. Gene Rassall; the Princeton Park Civic Association, represented by Mr. Ira Hyams; the White Birch Civic Association, represented by Mr. Calvin Berch; the Brookville Taxpayers Association, represented by Mr. Robert Meyers; and the Birchwood Civic Association at Jericho, represented by Dr. Martin Lawrence and this reporter.

By George J. Frankel

Floyd Bennett has been denied permission to erect tower signs atop its store in the Birchwood Shopping Center in Jericho. The variance granted by the Zoning Board of Appeals of the Town of Oyster Bay which permitted Floyd Bennett to erect huge tower signs on the roof of their store has been reversed by the Nassau County Supreme Court. The decision was handed down by the Hon. Edward Robinson Jr., Justice of the Supreme Court, Nassau County, Mineola, on Friday, Nov. 17.

A proceeding had been instituted by Ira Hyams, a local attorney representing a group of residents whose homes are in close proximity to the Floyd Bennett Store. The purpose of the proceeding was to annul the determinations of the Zoning Board of Appeals in the matter of the applications for variances to erect two tower signs which would be in excess of the size permitted by ordinance. The Board of Directors of the Birchwood Civic Assoc. had voted to oppose the applications for variance and to support the efforts of the perimeter residents in their opposition. (See THE VILLAGER of Oct. 26, 1961.)

In granting the petition to vacate the decision of the TOBAY Zoning Board of Appeals, Justice Robinson held that the hearings which had been held before the Zoning Board of Appeals had produced no evidence which justified the granting of the tower signs.

THE VILLAGER will keep its readers informed of any further developments.

Jackson Does It Again

Under the Unit Leadership of writer - lyricist - actress, Helen Fisher, our Scholarship Show Production, "High Hopes" was judged to be the best all-around performance for the second year in a row. Second place was won by the Princeton Park Civic Assoc., with third place taken by the Robert Williams PTA.

We should like to express our thanks to Harold Pepper for his able assistance; Shirley Meshekow, piano accompanist; Mickey the members of the cast: Faye Mithrad, our all-around girl and Feldeshon, Judy Modansky, Claire Seiden, Paul Carmel, Ray Lewis, Pearl Schneider, Audrey Leshin, Rhoda Herrick, Dorothy Weaderhorn, Dorothy Garber, Grace Schuchman, Edith Klnow, Ellen Bauman, Francine Lawrence, Harry Godies, and Jean Koppelman. There's No Business Like....

By Isabel Davis

Don't know what's happened to the little boys who wanted to be firemen, but I can tell you what happened to all the boys who used to play cops and robbers. They're still playing cops and robbers, but they now need a civil adult excuse so they're playing in the Jericho Players production of "DETECTIVE STORY."

Talk about an opportunity to rein in inhibitions... we've got Mimi Refr, a Jericho high school teacher playing a shoplifter; Adolph Lovler playing an abortionist, a couple of perfectly respectable kooks; Jerry Perry and Harold Ecker playing rotten criminals, not to mention

then thirty females floating in and out and all the happy little detectives.

This is a big and exciting production; not exactly a cast in the thousands, but even Cecil B. De Mille would have accepted our cast in the thirties for a starter. It's given a new look to the Jericho Players, of the Birchwood Civic Assoc.

There are many new faces and talents along with the already familiar, and we've become a melting pot of actors from nearby communities. Our leading man, Al Forman, is from West Birchwood as is the ingenue, Florette Sch-

Center Proud Of Sisterhood

The Jericho Jewish Center may well be proud of its Sisterhood. In addition to its supporting programs of Temple, Hebrew School, etc., Sisterhood now adds another Golden Page to its long list of socially constructive activities -- that of Social Service, Circle-Hamath, under the able guidance of its Circle Leader, Judy Jaro, has initiated a social service program that is designed to help the blind. There will be a study course, instructed by a certified teacher, for women interested in learning Braille. Others might be interested in being "drivers" for the blind. And still another, but most heartwarming project, is helping a partially blind child in school work by being a "reader." With a Residence and Day Center for the Blind

located in Huntington... here is another opportunity for women to lend a helping hand at this Home. What could be more gratifying to Sisterhood Members than to participate in this worthwhile social service work. Won't YOU be one of the first to offer your services? It will make you a lot happier and more satisfied. For further information call Bernice Barash, Chairman -- WE 8-2577.

ELECTED QUEEN

Miss Carol Forer, daughter of Mr. and Mrs. Edward I. Forer, of 78 Forsythia Lane, Jericho, was elected the Homecoming Queen of the Freshman Class of C.W. Post College in Brookville, on Nov. 2.

An Editorial.

Whose Child Is Next?

Very recently, one of the young teenagers in our community was set upon by a gang of toughs from another area and severely beaten. This happened in the heart of Birchwood Park, and culminated an evening during which many others of our youngsters were chased, teased and terrorized. We have been competent enough in the past to handle adequately the normal problems a community will encounter with its own multitude of bolderous youngsters. But if we are to be "invaded" from beyond our perimeters to the point where our streets become unsafe for our children, then firmer measures of protection must be provided.

Our shopping center can be expected to attract many thousands more people in the course of a year than heretofore. Certain of our streets will become increasingly congested thoroughfares leading to the shopping center, and this will be true at night as well as during the daytime. The probability of difficulties with transient hoodlums will multiply as time goes by and we can not afford to get by with the same amount of police protection as provided in the past.

Isolated incidents and complaints, however, obviously will not procure for us more police patrols or more frequent patrolling. This can be gained only if the total community insists with one loud voice that our children be better protected from any outside elements of danger within our own community. We can't put gates on our streets, nor can we erect a wall around us to keep understrables out. It is imperative, therefore, that we give to our Civic Assoc. and its Safety Committee the strength and support of two thousand home owners, and the necessary authority to demand the protection to which we are entitled.

This time it was your neighbor's child who was attacked and hurt. Next time, it may be your own. Let's all do something about it now.

TEEN TALK

By Carol Horn

Up until now I have not taken the opportunity to let you know of the events going on at our high school. I feel this would be a good time to report since all activities and organizations are well under way.

Since sports is of an interest to many, you might like to know that we are hoping for better results from our wrestling and basketball teams than were achieved by our mighty football players. They did have tough competition and fought a constant battle, although it was to no avail. The teens from freshman to Seniors have been "twisting" almost every Friday night at dancers run by different student groups. They have been supervised and directed by a cordial faculty, and we all are looking forward to a series of evenings as enjoyable as those already spent at school socials.

Jericho High School played host to a group of student teachers from Queens College last week. They sat in on different classes and were served coffee in our lounge. We all hope what they saw will encourage them to enter the field of teaching. The first issue of the JER-ECHO came out about two weeks ago. It was informative and interesting, and created by a staff that can and will produce fine work in the future. The drama club plans to undertake the production of some one act plays in the near future too. I will let you know of the dates as soon as they are decided upon. The Senior class will present "Elizbeth Spirit" by Noel Coward, on December eighth and ninth. It will be open to the public and tickets can be purchased from any Senior. From the looks of rehearsals it should prove to be an enjoyable evening for both audience and cast.

That just about sums up what is going on at the High School. It may not sound like much, but along with schoolwork it's enough to keep the students more than busy.

JOHN CLARK, Library Director of the Syosset Public Library presents a library card to Molly Samuel, daughter of the President of the Civic Association on the Library's opening day, November 6, 1961. Mr. Clark graduated from Fordham University and obtained his Master of Science Degree in Library Sciences from Columbia University. The Civic Association is pleased to welcome the Library that it had so actively supported during the last budget vote.

Ten Pin Talk

by Henry Dockswell

All hail the new king! Carl Roman's name, like Abu Ben Adams leads all the rest. In the absence of his team cap't. Sol Rabinowitz, King Carl, almost single handedly demolished Elliot Spencer's squad. He opened the evening with a very powerful 193 game, followed up with a strong 174 and then put the crusher on with a 236. This game him a 3 game series total of 603, highest ever bowled in our league. Carl's 236 bettered Len Walsick's previous High Individual Game by 3 pins but his 603 (35 pins better than Leo Geyer's 568) will be tough to beat.

Many of us gathered round, as the news spread that Carl was on a binge of seven consecutive strikes going into the ninth frame. He nervously goaded the slush but then recovered his composure in the tenth and spared our for an applause winning 236. At that he was almost topped by the dethroned titleholder, Len Walsick himself, who equalled his own high with another 233 game. Murray Gittleman was the only other contestant that broke the magic circle with a 201.

Dave Batterman's #8 Team came up with a beautiful game and they now hold 2nd place plus top honors in the High Team Game dept. with 883. The fourth place on the achievement tree, High Team Series, is still held by Morry Herrick's #5 Team with 2415.

Fred Sapio's front runners, sparked by Murray Gittleman, really cooled off Mac Gunning and his men by taking 3 out of 4 points. This lengthened their lead to 4-1/2 points but they should be hard pressed this coming week. It will be position night and if Dave Batterman and his High Team Game hot shots can hold the league leaders, then the race could really become a dog fight. This very week six teams will be involved in a struggle whereby the seventh place team could vault into second place by sweeping their opponents.

We understand and sympathize with those of you who are not receiving your copies of the MID ISLAND HERALD. The Civic Assoc. has been trying to rectify the situation. By the time you read this, they hope to have found a solution.

Your Oil Contract

By Horace Sterling

One cannot deny that it was very convenient to have a fuel oil salesman waiting at the door on move-in day. It was a simple matter to sign a contract and have fuel oil delivered automatically.

Who told this salesman that you would arrive that particular day? Why? Were you or someone else to benefit? Would you have done better if you had comparison shopped?

Two years ago your Civic Association did shop. Based upon anticipated large volume acceptance, a very, very favorable contract was extended to us, terminating Dec. 31st. Better, by far, than anything else in the community. It included numerous extras over and above most other contracts, viz: coverage on circulator pumps, the dual valve, the combustion chamber, clock thermostat, humidifiers, full coverage on 275 gallon tanks and limited protection on larger tanks.

In addition to the more complete coverage, numerous economies were enjoyed, viz 1/2 cent a gallon reduction in price, 2% discount for payment within 10 days of delivery, free air filters for hot air systems, and reduced oil consumption. The latter was effected by changing nozzles spraying 1 1/4 gallons per hour to 1 gallon per hour size, scientific tune-up of the burner for maximum efficiency, and a through vacuum cleaning of the identical type that

is a \$7.00 to \$8.50 optional extra by several other highly respected companies. This cleaning includes not just the chimney base, combustion chamber and exterior cover as is customary but, in addition, partial dismantling of the furnace to permit wire brushing and vacuuming of the baffles and sixteen flue tubes for more efficient heat transfer to the water in the jacket. This latter cleaning is most important and is generally skipped because it is time consuming. To top it off, a local phone call entitled one to emergency service around the clock—not just until 10 P.M.

Were you among the aware persons to get all these benefits? You could have been.

At the present time we are again negotiating for the best two year contract available. It will pay you to give serious consideration to the firm selected. You will save money now and the greater the response the more favorable will be our bargaining position two years hence.

Breakfast for Dads, Children

Fathers and children of the Mid-Island Hebrew Day School were tendered a lavish breakfast at school in Bethpage, Sunday morning. Over 75 fathers and more than 100 children attended to participate in the launching of the journal campaign. \$30,000 was pledged to meet this goal.

The event was co-chaired by Hal Birbach and Carl Feldhamer, both of Jericho. Landon Zuckerman of Syosset and a member of the board of directors, was keynote speaker. He pointed up the achievements of day schools and the Mid-Island Hebrew Day School, in particular, and stressed the continued

need and support of the community-at-large for keeping the school functioning and flourishing.

The Mid-Island Hebrew Day School of Bethpage, celebrated its fourth anniversary this past September with pride, for its academic record as exemplified by the extremely high scores achieved by its students in the metropolitan achievement tests.

Mothers acted as hostesses and Paul Jeser of Hicksville was motion picture operator to the films from the Nassau Cooperating Libraries, used for entertaining the children.

Oyster Bay in the Early Years

By Herbert Hale

Long Island was inhabited by Indians when the first white people arrived in this hemisphere.

The Dutch were early explorers who came in the 1600's and settled in western Long Island, and later they spread out further on the island of Nassau as they called it.

In 1653 the sloop "Desire" sailed into Oyster Bay and on it came Peter Wright, The Rev. William Leverich and Samuel Mayo. They are known as the town fathers. Robert Williams soon joined with them in the acquisition of lands from the Indian proprietors or inhabitants of that period.

The English Settlers took all the land from Queens line as it is now constituted, to the eastward and later took over from the Dutch Settlers all of the island which became known as Long Island.

In Oyster Bay Area the Matinecock Indians were in residence here when the white men secured the land tracts in large sections.

Evidence of their having lived is still to be found in the findings of Indian Artifacts, pottery sherds or shards and arrow heads and other projectile stone heads, crude tools and shell refuse deposits.

The date of the founding of Oyster Bay Township is considered as 1653, the year the founders purchased the land from the Indian Chief Mohanah who lived in Oyster Bay area.

Robert Williams had large holdings which extended from Hempstead northward to the Oyster Bay Purchase and be joined with the three founders and Anthony Wright, William and John Washbourne, Thomas Williams, Daniel Whitehead, Richard Halbrooke and one Armitage who are also recognized as Town Fathers or Town Leaders of the early days. Oyster Bay Town received its charter in 1653 and has grown over the years into a greatly populated region as it now is in present day.

The Underhill and Townsend Families were among the early large land owners in Oyster Bay Village area and vicinity of the Township. Capt. John Underhill, a most renowned man of those days had large property holdings at Matinecock. He held several different public positions and was prominent in the affairs of that time.

Samuel Townsend established himself at "Raynham Hall" Oyster Bay, about 1738 and he was a trad-

er and merchant having had a number of brigs and smaller vessels on the high seas. He was in public life and served under the English rule and later in the newer formed nation in public capacity for years.

His family was to remain forever famous thru the efforts of his son Robert Townsend, who was known as "Culper, Jr.", one of General George Washington's spies, and a daughter Sally Townsend likewise lives forever in American History for her part in accidentally overhearing the plot to cut the great chain across the Hudson. This would have let the British Fleet sail up the Hudson to West Point so it could be stormed and taken and cause its surrender to the British forces.

Her report sent to her brother Robert lead to the capture of Major Andre of the British Army and to the downfall and ruin of Benedict Arnold as an officer in the Continental Army on account of his traitorous actions.

Two links of the great chain are still on display at "Raynham Hall", as a memento to the days and events of the war and to the saving of our nation which eventually became the United States, which is one of the greatest nations in the world to day.

Award Contract To Improve Basin

The Town Board's beach-waterfront recreation development program was further advanced this week with the announcement by Supervisor John J. Burns that the Town Board had awarded a contract for the widening and improvement of the Theodore Roosevelt Memorial Park beach basin to increase berthing accommodations; provide greater protection for boats in the canal from storms and to eliminate navigational hazards in the canal caused by silt that has been accumulating in recent years due to tidal action.

A contract for the project was awarded to Carl Buhr, Inc. who submitted a low bid of \$242,600.

Guest Speaker

The Rt. Rev. Msgr. James W. Asip, associate director of the Society for the Propagation of the Faith, Brooklyn diocese, will be guest speaker at a meeting of the Mothers Auxiliary of St. Ignace Loyola Parish, Hicksville, Long Island, in the school hall, Monday, Nov. 27, at 8:15 P.M.

LETTER TO EDITOR

ABOUT CENSORSHIP

The World in which we live abounds in examples of censorship - some legal - some moral - if we were all permitted to exercise our unbridled desires at anytime, under any circumstances, the result would be cataclysmic.

Speeding is a violation of a legal statute. When we are inclined to disagree with this form of censorship and we are caught, we are brought to judicial task. A singular individual - the judge, decides whether we are guilty or justified. Many factors can influence his decision.

When we prevent children from watching television shows that we as parents deem undesirable, we are imposing a moral censorship. Either or both parents have acted in accordance with their moral standard.

Within our community structure certain individuals are entrusted with a task that necessarily will entail at least moral censorship within its scope. It is up to these individuals to rationally weigh any evidence submitted by persons either with ability or authority, or both, and then act according to his judgment, as a servant of the community. No one group - a small segment of one facet of the Jericho School District, has the right, to misinterpret their opinion with what is proper for the majority of people in our community.

We wish to express a vote of thanks to Mr. Arthur Seldes, as Chairman of the Jericho Scholarship Committee, for his effort and

THE MARRIAGE RING

By CARL FELDHAMER, Marriage Counselor

We hope by the means of questions and answers through this column to help solve some of the problems which are common to many of our readers. Please direct your letters to "THE MARRIAGE RING" Mid-Island HERALD, Hicksville, N.Y. All letters published will be signed with coded initials. Letters which cannot be answered in this column will receive an answer by mail.

TIME RUNNING OUT?

Dear Sir:

I am a 41 year old girl who has never been married and it looks like my chances of ever getting married are very slim.

I've been working since I was 17 as a bookkeeper. All these years have passed without any man showing any desire to marry me. I've had dates on and off but nothing serious. The past few years my dates have become more and more infrequent. I'm getting worried to the point of desperation because I realize that time is running out. Are there any social groups of unmarried people of my age where I might be able to meet a man of compatible interests? I don't mean a lonely hearts club.

TLT

Dear TLT:

Time is not running out. You may have been searching too hard for a husband. Relax a little. Try to get into more community activities where you will have a chance to meet the right kind of people. Concentrate more on making friends and increasing the circle of people you know within your own community. Somehow or other it

judgment in attempting to qualify a difficult situation in regard to the intended performance of the Little Theatre Group of West Birchwood. Fortunately most of the people and the majority of citizens of all communities still feel that a school-connected function must live up to the dignity it deserves.

(Name Withheld)

Usually happens that there are a few teachers around who have the same interests as you. You might keep a widower who is as anxious as you to get married. Don't make marriage your most important goal right now. The important thing is to broaden your interests (and your personality).

There are social clubs where people of your age group meet. Most of them are located in New York City. If you do get into the city you might contact one of the clubs for details (check the red book).

POOR STUDY HABITS

Dear Sir:

My son who is a freshman in high school has been receiving poor grades in school. My husband and I keep on telling him that he is not doing his homework properly. He insists upon watching TV while doing his homework and studying. I don't know how he can possibly learn anything while studying with the TV set playing.

Any suggestions?

FL - Syosset

Dear FL:

Apparently telling your son not to watch TV while studying is not getting you any results.

Good study habits cannot be achieved overnight. It takes training, patience and the proper atmosphere. There are several basic rules for good study. Set aside a room in the house for your son which he is to use for study purposes. Make sure the room is well ventilated and that there is plenty of light. Try to achieve an atmosphere of learning during his homework or study period by having your husband and yourself spend this time in reading. If you spend a quiet moment from reading your son will believe that there is something to be gained from it and will apply himself more diligently to his studies. Too many parents try to watch TV while their children are studying. Giving up the TV while the child is doing homework is no great loss for the parent and certainly is a gain for the child. With the advent of TV too many of us have lost the love of reading and the advantages that extensive reading brings to us. Set an example for your children. Widen your horizons and theirs by spending more time with books.

HANDBALL NEWS

by Max Ladow

The new handball club formed in
Nassau County by its enterprising
promoter, Max Samberg, of Wan-
tagh, for games and tournaments on the
outdoor acre-wall courts of the high
school in Hicksville, is preparing
to affiliate with the United States
Handball Assoc., which under in-
suring leadership of its President,
Bob Kender, of Skokie, Ill., has
secured its independence by dis-
continuance of contract with the
National Amateur Athletic Union,
now being challenged as well by
practically all intercollegiate
handball groups on the quota of
representation on the American
Olympic Committee. Samberg's
group plans to conduct handball
clubs, similar to those at Long
Island University, in all senior
Nassau high schools.

At the start of the year 1 pro-
phesied 1961 as a harbinger of
Victory for Nassau County in the
Nationally expanding field of hand-
ball. Victory has come at long last
as Maxberg proudly acclaims a new
champion of the U.S. Handball
Assoc., Charles Danilczyk of 1782
Pompano Dr., winner with his
brother, Joseph of Brooklyn, of
the National Senior three-wall
debates title held at Detroit Cham-
pionships which produced success-
ful defenses of laurels by Jimmy
Jacobs in singles and by team of
Sol Goldman and Vic Herskowitz
in masters doubles. A representa-
tive of the Nassauville Handball Club,
Charles Danilczyk launched his
major league handball career at
Trinity College of Brooklyn Heights
during regency of Albert J.
Barwick of Levittown.

COMETLAND

By Joe Koerner

ROUND UP NEWS.... As of this writing, there's a slight lull in District sports but in a matter of a week or so, the grinders and hoppers will be starting to make the headlines. Looking back since the start of the year's activities, it's been a bang-up season thus far. The Jr. High Meteor A's copied their division title, with a 5-0, high scoring season against all comers. The Meteor B's had

a more than fair season in spite of their 2-4 record. The J.V. Comets finished well above the 500 mark and by virtue of a Plainedge - Clarke 12-12 tie last Saturday, the Comet Varsity took the North Shore Section I title. This title would have been shared, had Clarke beaten Plainedge but the fickle finger of fate, deemed otherwise. The Comets can now lick their chops in complete contentment and sit down unmolested to share the spoils of victory. This without a doubt, is a team that will go down in Comet history as a team second to none. Sparked by the fabulous, Chris Coletta, the harem-scarem halfback with the crazy legs and the 100 megaton tail, this team and that includes every man Jack of them, went out and gave the Hicksville football buffs a hundred odd reasons for cheering their lungs out. (Coletta incidentally got a few feelers from Notre Dame,

Ohio State and a number of other colleges, but no matter where this boy goes, we guarantee you'll be hearing from him). The good news department for the next few years concerns the return of Bruce Damm, Bill Sherburne, Bill Symanaki, Ray Strassburger, Vinnie Hannigan, Charley Triola, Paul Tava, Bob Lloyd, and a number of other good boys.

Damm and Triola are Sophomores, with still a few more seasons to go after next year's grid schedule. The rest are Juniors with only next year ahead of them; leaving Head Coach Jim Grantham with a number of up and coming Meteors ready and willing to make Comet history. The management reminds you, not to forget the Turkey day inaugural vs. Division Ave. on the old home grounds. This is a non-leave till that will start at 10:30 am, Thanksgiving morning. A Comet first! Don't forget to bring the kids and give the little woman a chance to baste the bird in peace. It should be, as Boris Karloff would say, a "Thriller" and will also give you the

opportunity to see a crack football team in action. Win, lose or draw, these are the Section I champs.

On the Booter's side of the agenda, Coach John Santoro and his Meteor Soccer team from the Jr. High, came up with a 4-0 season. Coach Bill Roberts and his J.V. Comets came in with a 3-3-1 mark and Coach Harry Renn and his Varsity Booter's copied the Section I title on the North Shore.

PERSONAL NOTES.... My thanks to Mid-Island Herald Editor, Fred Noeth, for publicizing my recent promotion as "Head Custodian of the District", in the last issue of the HERALD. My thanks also to the School Administrators and the

School Board members, who unanimously appointed me to the new position and last but not least, my thanks to Robert Petross, former Acting Director of Buildings and Grounds, who had been appointed Clerk of the Works over new school construction. In the days ahead, I ask for nothing more, than to do the job expected of me, to the best of my ability and to prove to Mr. Petross and all others connected with my possible appointment, that their faith in me has not been without foundation. My main concern at all times will be to renew that faith and in doing so make positively certain that the School District is the proven beneficiary.

LEGION LOG

By Frank DuBois

The Building Committee is in full swing working on the expansion program, and we want to thank them for the fine job they are doing. Alcoholism Information Week, an educational and informational campaign emphasizing that alcoholism is a treatable disease, will be observed in Nassau County from Nov. 26 to Dec. 3, it was announced today by Mrs. H. Irving Pratt of Oyster Bay, president of the Nassau-Suffolk Committee on Alcoholism.

"The campaign in Nassau is part of a nationwide observance being sponsored by the National Council on Alcoholism, the national voluntary health agency in the field of alcoholism.

"Alcoholism is one of America's four major health problems, along with mental illness, cancer and heart disease," Mrs. Pratt said. "It is estimated that there are 5,000,000 alcoholics in the country. However, there is help for the person suffering from the disease of alcoholism. During Alcoholism Information Week we hope to call this fact to the public's attention,

thanks to the wonderful cooperation we are receiving from newspapers, TV, radio and other informational media."

Gift Mailing Time Is Near

The time has come to start planning Christmas card and gift mailings according to Hicksville Postmaster Irene L. Murphy. Looking ahead to what may be the biggest Christmas season ever, the Postmaster said to watch the following in order to help get out every Christmas card and package delivered before December 25th:

CHECK your Christmas card and gift lists carefully. Be sure each address is complete with full name, street and number, city, zone and state. Avoid abbreviations of city and state names.

FOR YOUR GIFT PACKAGES, secure heavy wrapping paper,

sturdy corrugated cartons, strong cord and adhesive tape. Remember, also, that you can include your Christmas card or letter inside your gift packages if you will add the appropriate First Class mail stamps to the postage for the package itself.

STOCK UP ON POSTAGE STAMPS - By doing this soon, you'll save lots of time that might be spent standing in line later on. When you go to the Post Office, ask for a supply of labels which read, "ALL FOR LOCAL DELIVERY" and "ALL FOR OUT OF TOWN DELIVERY," so that before you mail your Christmas cards you can sort them into two groups, with the addresses all facing one way, thus expediting delivery.

The Post Office will help you plan your Christmas mailings. Get a copy of Pamphlet No. 2, which gives full information about proper packaging and wrapping of parcels.

The reconstruction of 24 classrooms at the Junior High was awarded together with an alternate calling for sloping or pitched roofs. The work will also include individual classroom temperature controls and a complete intercom telephone system.

Four classroom units will go to Jr. High from East St. Four will be shifted from Lee Ave and eight each from Old Country Rd and Fork Lane. It is anticipated that no units will be moved until the foundation and footings have been built on the Junior High site and the speed of this work will depend largely upon the cold weather.
