Hicksville, N. Y.

Vol. 14 No. 51 Thursday, December 28, 1961
HICKSVILLE, L. I., NEW YORK

10c

Entered as Second Class Matter at Hicksville, N. Y. Post Office

Appoint Minister to Library Bd.

The Hicksville Public Library Board of Trustees has appointed Rev. William Neppi, as a Trustee to replace Leon J. Calloway who recently resigned. The term of office will expire on June 30, filled by election locally.

Rev. Neppi is Assistant Pastor of the Hicksville Methodist Church, where he served from 1952 to 1956 and since 1959. He is a graduate of Columbia University and Union Theological Seminary. He has also served as Pastor of the Methodist Church in Naugatuck, Conn.

Lou Reinacher Dies in Fla

PETERSBURG, Fla.—Louis J. Reinacher, who a decade ago was active in community and civic affairs of Hicksville, died earlier this month here, and was buried locally.

Mr. Reinacher, after a long-time residence at 146 W. Marie St., Hicksville, upon his retirement as an insurance agent moved to Florida to make up his residence. He made frequent return visits to Hicksville, the last being a couple of years ago. He was 74 at the time of his death. His son, Ernest, survives.

For many years Mr. Reinacher devoted a great deal of time and energy to the Boy Scouts of

America. He was the Scoutmaster of Troop 91 for a long time.

Earlier he had been active in the old Hicksville Civic Assoc. which was instrumental in first obtaining household mail delivery in the community. In more recent years he was a charter member and officer of the Hicksville Civic and Community Assoc. and worked actively for the effort to incorporate Hicksville as a village.

A Democratic committeeman, he served for a number of years as secretary and later as president of the Franklin D. Roosevelt Democratic Club (now the Hicksville Democratic Club).

Preview of 1962: Schools Dominate News in New Year

The year 1962 promises to be one of substantial community progress—and some controversy in the process.

During the new year these facts are evidently in prospect:

- Work will get underway, in earnest, on the long-awaited LIRR grade crossing elimination program.
- The foregoing will result in all kinds of traffic and parking difficulties, particularly for commuters and north-south traffic, but the inconvenience will be temporary.
- A start may be made on the development of the 125-acre former Press Wireless property in the northwest section as a County Park.
- There will be much discussion and possibly a referendum vote on an indoor swimming pool at the Hicksville High School.
- The closing of Willett Ave. at the point where it turns north into Westmoreland Rd. will come in for its share of headlines.
- Projections of pupil school enrollments will capture a lot of attention as Dr. Felix McCormack up-dates his statistical forecast. His report will probably reach the Board of Education about mid-year.
- There will be a rash of candidates in May for the two vacancies on Hicksville School Board.

Taking A Closer Look

The contract has been awarded for elimination of LIRR crossings in Hicksville at grade. The only handicap to action right now is the weather. Studies have been set out at various crossings and the Town Board is preparing to name a study committee of local citizens to consider plans to alleviate traffic congestion and parking problems.

The swimming pool sub-committee of the Recreation Advisory Committee is scheduled to bring a report to the Board of Education in early February regarding an indoor swimming pool. The School Board has hired a consultant to work with the sub-committee and the District recreation department on this.

The matter of public school education in Hicksville will continue to be the top news of the year. First of all, it probably involves the greatest number of people in the community. Second, the tax dollar for education takes up about half of the total real estate tax bill.

The new Willett Ave. Elementary School is scheduled to be ready for occupancy by the start of the fall term in 1962. More important to some is the fact that some 24 temporary-type classrooms will be lifted from their present locations (at East St., Old Country Rd., Lee Ave. and Fork Lane) sometime in the spring and carted over to the Junior High School to ease a heavy enrollment there.

The movement of the temporaries will be viewed with national interest. Some, locally, predict it will never be done; others are inclined to feel the shift will take place easily.

The so-called "School Board Campaign Committee" with Phyllis Neuburger as secretary heard from often during the early part of 1962.

A promised petition to ask the School Board for a special referendum on additional permanent secondary construction has not made its appearance and is now about two weeks overdue.

McCormack To Up-Date Report

The School Board has in recent weeks agreed to have Dr. Felix McCormack of Columbia University, Teachers College, Institute of Field Studies, bring up to date his original report which has been the guide for school trustees in Hicksville for over a decade.

The study is expected to lay to rest, for the present generation at least, those comments reflecting concern about the status of the long-range enrollment in the District.

Early in the new year, Our Lady of Mercy RC Parochial School on South Oyster Bay Road will open its doors to further complicate things for the forecasters.

Public education in Hicksville is one of the largest local "businesses." It employs more people (about 700) than any other local business with the possible exception of the LI Lighting Co.

It's annual budget of taxpayers' money is approaching ten millions of dollars.

Some Other Coming Events

Hicksville Water District will be moving into its new headquarters and business office in the Dean St. area early in the New Year.

The efforts of County Executive-elect Eugene Nickerson, first Democrat in a long time to hold major county office, will be watched with sharp interest.

The New York State Legislature will definitely increase state aid for public education in the coming session.

And experience has shown that when there is a vacancy on the Board of Education with no incumbent seeking re-election, candidates appear on the scene in large measure. Two positions are vacant in 1962: the term of Robert D. P. Easton is expiring and he is expected to run for a third term; and the spot left open by the resignation of David Hurwitz is to be filled for three years.

Candidates for these positions and a vacancy on the library Board will have to file their petitions in April for places on the May ballot but expect developments as early as February.

Realistic Christmas Eve Scenes in Our Community

CHRISTMAS EVE in Hicksville, in the vicinity of South Broadway and First St., and HERALD Photographer Frank Mallett snapped these realistic scenes. AT LEFT, Santa with his helper and helper's helpers of the Twin Lanes Civic Assoc preparing to set out from the HERALD office to visit all the boys and girls in their neighborhood with the aid of various six and eight-cylinder station wagons. AT

RIGHT, Santa proves that one horse and a light snow fall can do the work of seven tiny reindeers. John Keller of 138 W. Cherry St., Hicksville, thrilled dozens of neighborhood youngsters by giving them real, honest-to-goodness sleigh rides. Now where did Santa ever find a horse in this day and age?

Plan Reception For Nickerson

An inaugural reception to honor Eugene H. Nickerson will be held at the Cloud Casino, Roosevelt Raceway, Garden City on New Year's Day immediately after his induction into office as Nassau County Executive, according to an announcement by Edward Giannelli and Louis Schultz, Co-Democratic leaders of Hicksville.

Nickerson is the first Democrat to be elected to this high county office and hundreds of officials

and private citizens will be on hand to fete him.

LINCOLN PROMOTIONS

Wilfred Wottrich, Chairman of the Board of The Lincoln Savings Bank announced the following promotions: Preston B. O'Sullivan and Stanley T. Jahoda from assistant vice presidents to vice presidents of the Bank, and Warren Ziegler to assistant mortgage officer.

EDWARD J. MORRIS of 22 Basket Lane, Hicksville, who is scheduled to be appointed by County Executive-elect Eugene H. Nickerson as Nassau County Director of Franchises. Morris is law secretary to Justice of the Supreme Court Marlo Pitroni and Democratic leader of the Town of Oyster Bay.

(Photo by P. Charbonnet)

Increase Interest

The Franklin National Bank of Long Island announces that effective Jan. 1, the bank will pay a total of 4 per cent interest on savings on deposit at the bank for one year or more, without limit as to amount. Interest on current savings will be increased to 3 1/2 per cent compounded and credited quarterly.

Dear Jean:

NEWS WE NEVER EXPECTED TO PRINT: Decoration of Hicksville RR Station for Christmas is the work of girls from the LEVITTOWN Garden Club.....But then on the other side the Syosset Garden Club an honorable mention for their efforts on Oyster Bay RR depot.....

DR HAROLD E. MITZEL of 21 Hollins Rd., Hicksville, director of the Office of Research and Evaluation at the City University of New York, will become a full professor on JAN 1.....ARTHUR McGRADY, dangerous defiant climber and veteran electrician of the LI Division of Broadway Maintenance at 314 No. Bway, Hicksville, climbed to the 150-foot high radio tower of Meenon Oil Co on Dufty Ave. to install a new bright lighting light for aircraft.....Bway Maintenance reports the installation was made in five hours.....Police officers advised that the sleigh in case he was low flying.....HENRY BROEBECK, Hicksville Civil Defense acting director, has been hospitalized.....Among 87 Cornell University students elected to charter membership in the Cornell Chapter of Alpha Lambda Delta, national scholastic honor society, last November, was SHEILA L. ZOUDEDER, daughter of Mr. and Mrs. Herman Zouderer of 6 Circle Dr., Hicksville, enrolled in the College of Arts and Sciences.....County Executive A. HOLLY PATTERSON is dedicating buildings like sixty in the last few hours of 1961 and his term of office Yesterday (Wed) it was the new County Executive Building in Mineola and tomorrow (Fri) morning at 10 o'clock the Children's Court Building on Old Country Rd., Westbury, has over the line from Hicksville.....On Dec 29 the County Republican Committee is closing its Hicksville office (10 Woughoughy Ave.) and is moving into County Republican Headquarters in Garden City.....

We neglected to include this in a previous report about the Needlework Guild of America. Hicksville branch officers for the coming year are: FLORENCE MENNINGER, president; ANNA BRENGEL, vice president; MARY BEAN, secretary and PEARL FRANCKE, treasurer.

With all the talk about a suggested to build a swimming pool at the high school (due to come before the School Board in February in the form of a proposal from the Recreation Advisory Committee), the start of work on an addition of classes in the Senior High immediately started rumors that the pool was under construction. There was a rash of bomb scares in Hicksville Schools just before the Christmas rush. There were two or three for the last day alone... Daily newspaper columnist (Mirror's Edward Zolner) predicts that JACK PELOE of Hicksville, unsuccessful candidate for county sheriff last November on the Democratic ticket, may become an aide to MILTON LIPSON, the county's new investment manager. LIPSON, a businessman named to the new position by GENE NICKSON, incoming county executive. A study of the daily press appears to indicate little or no enthusiasm for the hire of Lipson... When ANTHONY GORCZYCKI, business administrator of Hicksville Public Schools, was a freshman at City College in New York the superintendent of buildings and grounds was ROBERT PETROSS. Today, Petross is the consultant on school construction in Hicksville District... School Attorney PAUL BURLANT held open house at his law office on South Gateway Bay Road for a large group, last night at 6:00 p.m. The group included the school board and a number of two friends of the HERALD of long standing: LOUIS J. REINACHER at his late home in Florida and FRED C. BIRK. Both men had contributed mightily to the youth of Hicksville - L.J. thru Boy Scouting and FRED as a sponsor of the Police Boys Club....

ALLEN H. COHEN, son of Mr and Mrs Irving Cohen, spent the Christmas recess of classes at Pennsylvania State College of Optometry where he is enrolled as a freshman. He graduated from Plainview High in 1956..... Plainview Library is having a sale..... results, with headlines on its drive to get delinquent borrowers to return books or face court action..... For the fifth successive year, members of Twin-tawns Civic Assoc of Hicksville on Christmas eve — after they played Santa to the neighborhood children — put thru a long distance call from the Herald office to their former neighbor, CHRIS KOCH, at Fort Plains, NY. It's a nice custom..... Plainview Chamber of Commerce this week discontinued its traditional contest for the best holiday decorated homes. Northwest Civic Assoc of Hicksville gave up the contest in recent years and Hicksville Civic Assoc surrendered some time ago. Maybe somebody should sponsor a contest for the best UNdecorated house? It might be less complicated..... Another short week for next week's papers, so early copy will be much appreciated by the staff of the HERALD..... any help you can give is appreciated..... The Board of School Board meets next Friday night, Jan 5, after going to the entire month of December with only a single session. Eleven meetings were held in the last half of this year, compared with 12 the same period a year ago.....

New Records For Post Office

Over 7,000,000 letters and more than 150,000 packages were dispatched or delivered by the Hicksville Post Office during the Christmas rush this year, according to

Acting Postmaster Irene L. Murphy. Volume rose slightly over last year, while postal receipts increased almost 40% for the heavy Christmas mailing period.

There! We put the finishing touch on our personal

Gifford Retires from Grumman

The staff of the Personnel Department of the Grumman Aircraft Corp. tendered a farewell dinner to Jack Gifford, staff member, on Tuesday evening, December 19 at the Vinesse Coach, Syosset. All the members of the personnel staff were present including Mrs. Bertha Gifford, his wife.

Mr. Gifford has been a member of the Personnel staff since he joined the company in December 1945. During World War II, he was Personnel Director of Plant 3. He has also been the Treasurer of the Grumman Athletic Assoc., which post he has held for the past several years. The Board of Directors of the G.A.A. gave a luncheon for him at Corte's Restaurant, Bethpage.

Mr. Gifford has always been an active participant in many of the activities at Grumman's, having won several prizes for his displays of skill in the Garden Shows.

Mr. and Mrs. Gifford will continue living in Bethpage where they have resided for the past 37 years. The Giffords have two married children, John Gifford, Jr., who lives in Baltimore with his wife and a daughter, John J. Gifford III, and a daughter, Mrs. Richard Jaisle, who lives in Farmingdale with her husband and four daughters.

The following is a poem written by Jack Gifford on the occasion of his retirement:

Jack Gifford

At last the time has finally come
To bid you all adieu.
It surely is real hard for me
And I can't believe, it's true.

But when you reach the age of 69
And you can't serve any further,
To associate with another company
Brother, it would be murder.

So, I guess I will take it easy
But for me it will be quite hard.
Being so used to working here
And signing the old time card.
To serve a company such as this
It has always been a pleasure

Because, they don't come any finer
And my associates, I will certainly miss.

For nineteen years I have been around
And I am sure I have done my bit.
Just take a look at my record
You will see, why I am proud of it.

To the Officers and Directors
Of this wonderful G.A.A.E.C.
Accept my sincerest congratulations
In guiding my destiny.

So, I am not going to say good-bye
So long, or even farewell,
You all must know just how I feel
Words, can never, no, never tell.

And as the years go drifting by
I trust, you will remember me,
As being one of the Grumman team
Your old friend J.J.G.

FRED C. BIRK

HAMPTON BAYS --- Fred C. Birk of Grand Pasture Rd., here, died suddenly on Sunday, Dec. 24 at his residence.

A former Hicksville resident, he had lived at 12 Elmira St. He was well-known in Hicksville area as an active sponsor of the Police Boys Club, former member of Chemical Co No 3 of the fire dept.

and charter member of Hicksville Lions Club. He was associated with MacPherson Chevrolet in Hicksville for a number of years. He is survived by his wife, Lola, and a son, Robert.

Mr. Birk reposed at the George Baque Funeral Home, Ridgewood, where services were held last night (Wed). The funeral will be held today (Thurs) at 1-PM with burial at Mt Olivet Cemetery, Masspeth.

PUBLIC NOTICE

Legion Post Cites Herald

The Charles Wagner Post No. 421, American Legion, of Hicksville has cited the MID-ISLAND HERALD for its feature article upon the 20th anniversary of Pearl Harbor Day, Dec. 7.

Richard E. Evers, Americanism officer of the Post, wrote: "Your recent front-page recollection of the impact of the Pearl Harbor attack upon Hicksville was a fine tribute to the older community's many veterans and civil groups which made a strong war effort."

"This is the type of journalistic service which the MID-ISLAND HERALD has repeatedly furnished to our community and which contributes to community spirit."

Elected President

James P. McGuirk of 168 Sixth St., Hicksville, has been elected President of the Grumman Antique and Sports Car Club which meets at the Bella Vista Restaurant in Cent. port.

The Meadow Brook National Bank will increase its interest rates on savings accounts to three and one half and four per cent starting Jan. 1, 1962, according to an announcement today by Walter E. Van der Waag, President.

Proposal to Equal Aid to Districts

The same amount of State aid now going to Central School Districts would be available to Union Free School Districts having 4,000 or more students, under a bill pre-filed in Albany by Assemblyman Edwin J. Fehrenbach of Bethpage.

Fehrenbach said his measure would mean additional State aid of from \$150,000 to \$250,000 going to such communities as Farmingdale, Massapequa, Bethpage and Hicksville.

Under existing law central

school districts receive a bonus of eight per cent for having 5,000 or more children in average daily attendance. This policy was established to encourage consolidation of smaller school districts, Fehrenbach pointed out that the rapid growth of union free school districts had made the existing differential "archaic."

The Nassau assemblyman asserted that "homeowners in these overburdened districts are entitled to some relief in the form of additional State aid."

WEST BIRCHWOOD-JERICO CIVIC ASSOCIATION

Vol. 3 No. 7

Thursday, December 28, 1961

EDITORIAL:

Keep Jericho Suburban

The positive and successful campaign waged by the group opposing the Floyd Bennett Tower signs proves once again the importance of concerted community action whenever it is threatened by discordant element. A tax-payer group backed by strong civic associations is a voice that will be heard and heeded.

We congratulate the group led by Ira Hyams and Daniel Sirota for its fight against F.B. We go on record that in the future we will continue to support any action taken to prevent the transformation of this area from a beautiful suburbia to just another cityified backyard.

Board Assists Theatre Group

The second meeting of the Board of Directors of the West Birchwood Civic Assoc was held on Dec. 20th. The meeting was opened by Vice-President Herb Platt who presided in the absence of President Carl Denny.

A great deal of time at the meeting was devoted to a discussion of the March performance of "Tunnel of Love" to be presented by the Little Theatre Group. This is to be the first commercial venture of the group and they had requested the support of the Civic Assoc. in the form of a loan for operating expenses. With the Scholarship Show still fresh in everyone's minds there was a heated discussion on the subject. It was continued after the arrival of Carl Denny and Eleanor Winthrop from the try-outs for the play. It was finally decided that the money would be advanced to the group and we were assured that it would be repaid after the production in March.

The Treasurer's report showed that the Civic Assoc. is in good financial shape and that the dues for 1962 are coming in well. It was again decided to undertake a personal contact membership drive within the next few weeks. The primary target for this drive is the newer area of the development.

The Social Committee is hard at work on the gala social affair to be held on Feb. 24th at Carl Hoppl's. Tickets this year have been reduced to \$20.00 a couple.

The January meeting of the Board will be the open budget meeting to be held at the home of Alice Fancullo at 24 Saratoga Dr. The budget will be presented at that meeting for the approval of the general membership.

FINAL CASTING CALL

The Jericho Jewish Center Sisterhood is holding a final casting call on Wednesday, Jan. 3, at the Temple for its April show. This year the Sisterhood will present "And Baby Makes Three", an original show. Terry Steiner is happy to assist in answering questions at WE 5-7615.

YOUR BLOOD

SO VITAL...

West of Bway

by Mc Kinley Ebbitz.

A new weather pattern bringing snow on Saturday night for the third consecutive weekend dusted West Birchwood with about 3 1/2 inches of snow for a White Christmas. Although the snow on Saturday night was followed by freezing rain, a new snowfall on Sunday night left a beautiful scene Monday morning.

Due to the extended Christmas holiday, many of our features are missing due to the absence of our columnists. Thus all commentary is on the abbreviated side. The Jericho Bowling League is being rocked by the winning streak of the Braves who have taken nineteen out of the last twenty and rocketed from last to 3rd place. Members of the team are Vincent Greco, Carl Zydney, Anthony Liccaul, Herbert Nussbaum and Seymour Berkman. The Braves have trounced the first and second place teams hardly, losing only one game to the second place club.

The Little Theatre Group held its tryout recently for the spring play "The Tunnel of Love" and it is rumored that a prominent member of the Civic Association will have the male lead. His initials are G.F.D.

Associate Prof Gaetano T. Alfieri, Puman Drive, was awarded a National Science Foundation Science Faculty Fellowship. Prof Alfieri is currently teaching at New York City Community College and will spend one year, studying and doing research in Chemistry at the Polytechnic Institute of Brooklyn.

West Birchwoodites are reported delighted with the ease of Christmas shopping in Floyd Bennett. They praised the absence of crowds which not only made shopping easier but was a lot healthier.

Shelly and Caesar Sonnino of Craig St had a third child—first girl—Nov 29th.... The Charles MacDonalds of Orange Drive had a fourth child—first son—Helene and Hal Silvers of Sullivan Drive had a second son on Dec 14th.

The David Serkos and the Allan Warbets vacationed at Grossingers... and Art and Terry Carlin celebrated their tenth anniversary on Dec 23rd.

Condolences to Alex Luber of Craig St on the loss of his mother and to Mac Eisenberg of Sullivan Drive on the loss of her father.

And a Happy and Healthy New Year to All of you from all of us on the West Birchwood News.

Citizens Group Wins Full Sign Victory Over Floyd Bennett Store

IRA HYAMS

Attorney and resident of Princeton Park who led citizens group to victory in their battle to prevent the erection of tower signs by the Floyd Bennett Store in Birchwood Park at Jericho shopping centre.

It was disclosed to the WEST BIRCHWOOD NEWS by Dan Sirota that the campaign against the erection of tower signs by Floyd Bennett Stores in Birchwood at Jericho Shopping Centre has ended in complete victory for the citizens in opposition.

At a meeting last week an agreement was reached permitting FB to erect two additional signs similar to the existing 40 by 42 foot neon sign. One on the west wall and the other on the wall facing the Waldbaum parking field. FB originally asked for a variance of the Town zoning to permit an illuminated sign of approximately 2800 square ft. The total of the three signs to be erected will be about 400 feet.

FB has also agreed to hire a man to clean up the entire store area and to also clean any debris from home owners' lawns. It was learned, and a few lawns have already been cleaned.

In regards to road signs, any change must now be approved by Sirota, Ira Hyams, Fred Chalken and the Jericho Jewish Center. The matter of landscaped screening was also discussed. A landscape artist will be consulted as to the landscape screening to satisfy neighboring homeowners.

Jericho Auxiliary Has Election

The Ladies Auxiliary of the Jericho Fire Dept. recently held election of officers. The new officers for 1962 are as follows: President, Kay Waskewicz; Vice President, Doris Law; Corres. Secretary, Betty Arenmann; Recording Secretary, Janet Kojit; and Treasurer, Theresa Mayz.

Installation of officers will be held at a dinner, Jan. 9, at the Milleridge Inn. Chief Paul Kardel and Asst. Chief Joe Mayz, will install the officers.

Maj. Charles Rose Completes Course

Army National Guard Major Charles H. Rose, 33, whose wife, Beverly, lives at 2 Richmond Ave., Jericho, recently completed an extension course in combat tactics conducted by The Army Command and General Staff College, Fort Leavenworth, Kan.

Major Rose is regularly assigned to the 42d Infantry Division's Headquarters Company, an Army National Guard unit, in New York. He is an advertising account executive with Meyers List in New York City.

Jericho Youth To Present Play

The Youth Group of the Jericho Jewish Center is presenting Thornton Wilder's, "By The Skin Of Your Teeth", on Sunday Evening, Jan. 7, at 7:30 pm at the Jericho Jewish Center.

According to Dr. M. Lawrence, a large advance sale of tickets is anticipated. He also recommends and suggests that an excellent performance is in store for all those who come out and watch the youth of Jericho perform.

Donation 50 cents. For tickets call Dr. Lawrence OV 1-2201.

Oyster Bay In Earlier Years

By Herbert Hole

Long Island was inhabited by Indians when the white people first came here.

The Dutch were early explorers in the 1600's who came and they settled in Western Long Island first and spread out farther as time went by.

Later English came and also settled in different parts of Long Island. Eventually they took over from Queens eastward and all the Island later.

In the Oyster Bay area the Mattinecock Indians were living here when the land was acquired by white men. The founders of the town were Peter Wright, The Rev. William Leverich and Samuel Mayo. Incidentally in the last few years a new street in Huntington was named after William Leverich.

The date of the formation of Oyster Bay is usually considered 1653, the year the three founders purchased the land from Chief Mohegan. Altho Robert Williams had large holdings extending from Hempstead northward into what is now Oyster Bay Town (Hicksville area).

The three founders were joined later by Robert Williams, Anthony Wright, William and John Washbourne, Thomas Armitage, Daniel Whitehead and Richard Holbrook, who are also considered to be the Town Founders altho Peter Wright is recognized as the Leader or Town's Father.

Oyster Bay Town received its charter in 1653. The Underhill Family and Townsend family were among the early large landowners in the Oyster Bay section of the Town. Capt. John Underhill, a most renowned man of those days, had large property holdings here and held several different public positions and was prominent in affairs of those days and times.

Samuel Townsend established himself at "Raynham Hall" about

1738, he was a merchant and trader having a number of brigs and smaller vessels on the High Seas. His family was to remain forever famous thru the efforts of Robert Townsend, a son known as "Culper Jr.", one of George Washington's spies, and a daughter, Sally Townsend, likewise lives in American History for her part in overhearing the plot to cut the great chain across the Hudson and to surrender West Point to the British Forces.

Her report to her brother saved the fort and lead to the capture of Major Andre and Downfall of Benedict Arnold of the Continental Forces for his traitorous Action against the Americans.

Two Links of this great Chain have been on display for many years at "Raynham Hall" at Oyster Bay.

CHRISTMAS EVE snowfall made a beautiful setting for the creche exhibited by Michael LaSalata on the side of his residence at Yates Lane, West Birchwood.

Engaged On Christmas

Mr. and Mrs. Gilbert Stone of 9 Magenta St., Hicksville, announce the engagement of their daughter, Linda, to Ronald Hawkins, son of Mr. and Mrs. Raymond

Hawkins of 8 Magenta St., Hicksville, and Northville, N.Y. The engagement was announced Christmas Day. Miss Stone originally came from New Foundland. The couple plan a fall wedding.

Assigned To Lowry

Airman Basic Robert Antonetti, son of Mr. and Mrs. R. Antonetti of 2 Horn Lane, Hicksville, is being assigned to the U.S. Air Force technical training course for air armament and gunnery specialists at Lowry AFB, Colo.

BETWEEN DEADLINES

The Night 50 'Barber Shops' Opened

There is something about the Yuletide Season that sets a person remembering... previous Christmases and gay seasons.

We have some very pleasant memories of Christmases gone by... like the time when the Business Men's Assoc. was at its prime and decided to do something about decorating Broadway for the holiday period. The BMA did not have a great deal of money and frankly the budget could not stand the expense of stringing electric lights across the main stem.

As a matter of fact, in those days the State Dept. of Public Works took a dim view of anything strung across a state highway (Bway) and if asked for permission, flatly said "No."

The committee got a lot of literature from various concerns offering illuminated items in plastics. The literature, printed in several colors, looked wonderful. So they ordered what they could afford (we seem to remember there were about 50 decorations ordered from somewhere in the middle west) and in due time they arrived. On the ground they still looked great... cylindrical tubes about three-feet long, each containing an electric bulb.

Arrangements were made with Sam Weiss to string them on the street light poles and hook up the wires. And when all was ready, the switch was turned on.

Eddie Teverini, who in those days operated a barber shop on Herzog Place, made the most pointed comment of the day when he first saw the display:

"My God," he cried, "Fifty more barbers have opened up in town!" And those 50 illuminated candy sticks, colored red and white, did look like barber poles.

And then there was the earlier year when the BMA budget could afford even less. Some one got the bright idea of twisting holly ropping around the poles, crowned by a handsome wreath.

But on the unhandsome wooden lighting company poles that string of holly-roping looked like a giant green snake poised to strike.

But going back some years further we remember with clarity those first years on McKinley Ave. when all the dads got together with their own civic assoc. Besides doing battle during the year to get the street surfaced and street lights installed, they really got rolling at Christmas time with a big deal for the kids.

(And there were a lot of small boys and girls on the Block back in those days.)

A bit tree was erected on Frank Holden's spacious front yard and trimmed with those big, colored electric bulbs of the day. Decorating of individual homes with outdoor lights was unheard of in those days.

Almost every house had an enclosed front porch and for a period of weeks before Christmas that porch was sealed off from the kids of the household. Windows were covered by drawn shades or with wrapping paper to keep our curious eyes while mom and dad worked evenings, wrapping gifts and decorating the tree. The porch was opened on Christmas morning (or sometimes after mid-night Christmas eve curfew on...).

One year, we recall, the youngsters were sent up to the outdoor tree on Holden's property and told to stand by on Christmas morning. Along came a pickup truck with a big replica of a chimney on board.

The box-like chimney was unloaded and placed next to the tree. Then the cover flew off and our climbed Santa Claus. What excitement. Santa went from house to house on the block and took credit for everything that had been fowed earlier in the closed off porch (which was only natural). He handed out apples and oranges, the gift of the Civic Assoc.

We suppose that if today he doesn't deliver one of those TV-hawled electronic marvels, he's a bum.

Somebody took a picture of us kids that day Santa came to his own chimney and we suspect there are some copies around. It would be interesting to print it today...

... 35 years later.

Snow fighting equipment as we know it today was not available. Generally the roads were opened to a single lane of traffic with a big wooden V-shaped pole (loaded down with rocks) and hauled by a team of horses. Or a street road grader, also hauled by horses, could be used if the snow wasn't too deep.

We still remember that one winter when the plows made it along Plainview Road but could not get around to the side streets. The dads of McKinley Ave., aided by some of us boys, SHOVELLED out the street. Seems like (it took most of a weekend but everyone in true neighborhood spirit, pitched in a dig).

It's doubly never see a thing like that happen around here nowadays.

— Fred J. Noeth.

Dedicate New Children's Court

County Executive A. Holly Patterson will dedicate the new Nassau County Children's Court and Probation Building on the county's children's center grounds, Old Country Road just over the parkway, near Carman Ave., west of Hicksville tomorrow (Fri) morning at 10 o'clock.

Judge Leslie J. Eklberg of the Children's Court and Louis J. Milone, Director of Probation, together with delegations of organizations working with the courts and probation department will participate. Clarence E. Southard, deputy commissioner of public works of Nassau County will preside as master of ceremonies.

Early in his administration County Executive Patterson, who retired in Dec. 31, proposed that about ten acres on the site be earmarked for a center for facilities required for children in temporary custody of the county under court orders whether criminal or civil.

The first building constructed was the Nassau County Children's Center facing Carman Ave., comprising accommodations for about 40 children. Construction was begun in 1954 and the building was dedicated Nov. 2, 1955. It has since been in charge of George J. Kriss, Director.

Ground was broken for the court-probation building on March 7, 1960. It was designed to be the only coordinated municipal center for handling of misbehaving youngsters in the nation.

The new building is three stories high and will have provisions for two court rooms, chambers, conference, consulting and administrative offices. Construction bid prices totaled \$1,586,404.

The Villager

(FOR THE RESIDENTS AT BIRCHWOOD PARK AT JERICHO)

Ten Pin Talk

by Henry Dockswell

Hold everything! Our wires crossed. Fred Sapio and his league leaders are not out of the woods yet. A mistake in calculations caused us to think that January 8th was the end of our first half. This is not so. Our first night of bowling turns out to be on January 2nd. This means that there are 3 nights of bowling left.

The league standings are still the same. Dave Baerman's (who came up with a powerful 217) game and his #8 crew are hot on Sapio's heels. The comes Sol Rabinowitz's #1 squad, Marv Cohen's #2 team and Mac Cushing's #6. All are very closely bunched and each still has a chance to bust into the lead.

The first half ends with a position night. So whoever the second placeteams, on January 22, they had better be less than 4 points away.

LEGAL NOTICE

AMENDED BUSINESS CERTIFICATE

The undersigned hereby certify that a certificate of doing business under the assumed name SOVEREIGN AGENCY for the conduct of business at 23 West John Street, Hicksville, New York, was filed in the office of the County Clerk, Nassau County, State of New York, on the 20th day of July 1954 under index number 57283; that the last amended certificate was filed on the 28th day of September 1956 in the office of the said County Clerk under index number 57283.

It is hereby further certified that this amended certificate is made for the purpose of more accurately setting forth the facts recited in the original certificate or the last amended certificate and to set forth the following changes in such facts:

Sidney Lebish has withdrawn as a partner and the partnership is being continued by the following partners: Herbert Lapidus, residing at Hick Hill, Lloyd Harbor, N. Y.; Martin A. Kleinberg, residing at 923 Gloucester Court, Westbury, N. Y.; Jack Silver, residing at 210 Paulanna Avenue, Bayport, N. Y.; Jerry G. Katzenstein, residing at 912 Fourth St., East Northport, N. Y.; Sidney Lupu, residing at 4230 Florence Road, Great Neck, N. Y.

IN WITNESS WHEREOF, the undersigned have this 6th day of October, 1961 made and signed this certificate.

Special District taxes

ENALITIES:

The following scale of penalties is hereby prescribed for neglect to pay the Armory & Court Expense, County, Town and Highway and Special District taxes after they have become due and payable:

If the first half is not paid on or before February 10, 1962, penalty will be added at the rate of one per centum per month from January 1, 1962 calculated to the end of the month during which payment is made.

DISCOUNTS:
If the full years tax is paid on or before February 10, 1962, discount will be allowed on the second half of the tax at the rate of one per centum of the second half. No discount allowed on payments made after February 10, 1962.

Penalty on the second half will be added after August 10, 1962 at the rate of one per centum per month from July 1, 1962 calculated to the end of the month during which payment is made.

DID YOU KNOW?

That as of Sept. 30, the total enrollment in Hicksville Public Schools was 13,084 boys and girls. This includes 3,236 in junior high and 2,150 in senior high. There are 11,930 families in the school district and of this total 2,949 have no children and 8,981 have children.

(If you would like to know something about the community, drop a post card to the HERALD, PO Box 95, Hicksville, and we'll try to get the answer.)

Taxes are payable by cash, certified checks or Post Office money order drawn on Hempstead, N.Y. Uncertified checks will be accepted subject to collection only.

When sending for tax bills please state the School District location, Section, Block and Lot numbers in accordance with the Nassau County Tax Map.

After August 31, 1962 the 1962 Tax Roll will be turned over to the County Treasurer, Mineola, N.Y., and all payments after that date should be made at the Office of the County Treasurer.

The Task That Time Forgot

There have been a lot of changes in household care down through the years, but there's one messy job that time seems to have passed by . . . scrubbing floors.

A recent survey showed that 31 percent of all women still wash floors on their hands and knees, 34 percent use mops, and 24 percent use both methods on floor-wash days. Now comes a completely new appliance that ends all that . . . the Hoover Electric Floor Washer.

You need only push the con-

trols on the handle and this miracle-age maid does all the work that required so much elbow grease. It puts clean water and detergent on the floors, scrubs them and then vacuum - dries them almost instantly.

What's more, the dirty water it pulls into the unit is kept separate; you wash with clean water only. And what a joy to have dry floors right after washing. No tracking of damp floors, and you can wax or replace furniture immediately.

CHARM AT YOUR DOORWAY

What can be "deader than a doorknob?" In years past, hardly anything. But changes are being made to correct this dreary situation. Today, you can select from a variety of doorware that is as handsome as the items that graced the finest homes a generation ago.

Because of the limitless variety of doorware now available, the problem of proper selection is important. Naturally, you want your doorway to add charm and distinction to the overall appearance of your home. So here are some suggestions to guide you in selecting the proper doorware to suit your needs.

Design should be one of your first considerations. Today, ornamental hardware covers the entire range from traditional through modern design. The doorware you select should harmonize with the architecture of your home.

Sunbursts Are Effective
Over-size, brass sunbursts and knobs or decorative sunbursts are most effective on the flush-type doors of modern homes. But if your architecture is traditional, you will want to consider the many styles in the classic tradition.

Cover Flower Pots To Add Color, Cheer

Plants and flowers are designed to add color and cheer to a room, but often the containers they're in detract from the room's appearance.

Colonial eagles or provincial scrolls, in the form of door knockers, are graceful additions to the front entrance.

A generously-sized brass mailbox and clearly-defined numerals also come under the heading of entrance hardware worth having.

Second, you should select doorware that will withstand exposure to the elements and constant handling. Your best buy is quality doorware which will rust somewhat more than less durable items, but the difference will seem slight when you consider that it will last the lifetime of the home.

Solid Brass Is Best
Considered tops in quality is solid brass doorware. Advantages include durability and resistance against rust and stains. And, because it is brass through and through, there is no finish to wear off.

If you need more information on doorware selection, consulting your architect or a builders' hardware specialist is perhaps the best way to get the essential facts. He is familiar with the service record of doorware, knows doorware construction, and understands the advantages of its features.

If your flower pots could stand some brightening, try covering them with a decorative covering material that has an adhesive backing. All you need do is cut the material to size, strip off the protective backing, and smooth into place.

Keep Youngster Busy With Rainy Day Projects

"What can I do?"

That's a question most mothers know all too well on a dark and rainy fall day. And finding an answer is sometimes no easy job.

For variety, you might consider a few do-it-yourself projects using tissues. Temporary doll dresses, for example, can be fashioned from colored Kleenex tissues, appropriately folded and pinned. Or a tissue doily for doll tea parties can be made by folding a tissue into fours and cutting out squares, diamonds or oblong shapes.

You can make a tissue "ship," too. Fold a tissue into a triangle, then fold the longest edge up two inches. Fold the shape in half, secure the extended ends with a pin, then stand your tissue "ship" up.

Finally, if your youngsters would like to make a contribution to the dinner table, you might start them making tissue flowers for a home-made centerpiece. Use var-colored tissues—flame red, pink, yellow, aqua and white—for a colorful collection. Just take one folded tissue and accordion-fold the narrow width; tie at the center with thread and form into a circular shape by spreading the accordion folds; shred the edges with scissors and separate the layers. Then, hold the flower together, tie the base and fluff.

Stems can be made of pipe cleaner or wire wrapped in green crepe paper. To attach the stems to the flowers just wind thin wire around both the stem and the base of the flower.

When the job's finished, place the tissue flowers in a small vase. You'll have an attractive centerpiece—and the youngsters will have found something to do that both occupies their time and brightens your table.

Door Choice Vital Step In Building

A door is more than a slab of wood separating two rooms. It's an important part of the decor and it's also a hard-working household necessity that must perform its job well for years.

You can change exterior and interior color schemes, reupholster and rearrange the furniture, and even knock a wall out to enlarge a room. But once the doors are hung, you're not apt to replace them.

It's vital, then, for the family

planning to build or remodel a house to choose doors that are both attractive and durable. This is one reason more and more architects, home developers, remodeling authorities, and interior decorators increasingly are specifying wood panel and louver doors for homes, inside and out.

Today's panel doors of ponderosa pine come in a wide variety of designs to give beauty and durability to all styles of homes. Exact copies of Early American doors are especially important to Colonial design, but many designers find them, as well as other styles of wood panel and louver doors, right for contemporary architecture, too.

Mulled Wine

A Winter Tradition

Here's a delicious beverage to enjoy throughout the winter season. Mulled Wine is made from California Burgundy, lightly spiced and served steaming hot. With some of your favorite cookies or fresh doughnuts, it makes heartwarming refreshment for cold and hungry guests.

When you're entertaining after a concert or play, you may want to serve the mulled wine in pretty glass cups from a chafing dish or handsome silver bowl. But this delicious drink is equally appropriate in less elegant settings. You might serve it in pottery mugs, after sking, dipping it from the pot in which it was prepared.

MULLED WINE (Makes 1 quart)

1 lemon
1/2 cup sugar
2 cups water
1 teaspoon whole cloves
1/2 teaspoon whole allspice
1 (1-inch) sticks cinnamon
1 (four-fifths quart) bottle California Burgundy or other red dinner wine
Slice lemon but do not peel. Combine with sugar, water and spices. Heat to boiling and boil gently 10 minutes. Turn heat low, add wine and heat steaming hot. [Do not boil.] Serve hot.

When looking for intriguingly different ways to serve shrimp, there's no better place to turn than China. For hundreds of years the Chinese have been eating exotic shrimp dishes, and their shrimp recipes are now world famous. Just taste the popular Oriental ingredients—crisp green pepper, spicy ginger, sippy soy sauce—blended with the highly regarded flavor of shrimp, and you'll know why. The pungent Chinese Shrimp, known in the Orient for centuries has been adapted by the Shrimp Association of the America for preparing in home kitchens.

CHINESE SHRIMP

1 pound shrimp, fresh or frozen, or 1 (8 oz. or 10 oz.) pkg. peeled & deveined shrimp
1/4 cup brown sugar
2 tablespoons cornstarch
1/2 teaspoon salt
1/4 cup vinegar
1 tablespoon soy sauce
1/2 teaspoon ground ginger
1 No. 2 can pineapple chunks drained (reserve syrup)
1 green pepper, cut in strips
1 medium onion, cut in rings

Clean shrimp and cook them by boiling in salted water 3 to 5 minutes. Mix together in saucepan brown sugar, cornstarch and salt. Add vinegar, soy sauce, ginger and syrup drained from canned pineapple. Cook this mixture until slightly thick, stirring constantly. Add green pepper strips, onion rings and pineapple chunks and cook 2 or 3 minutes. Turn heat off, add shrimp and bring to boil, stirring constantly. Serve with hot rice. Makes four servings.

New Feature Opens Theatre

Richard Burton is the story teller in the unique, new film "A Mid-Summer Night Dream", produced in Cinemascope and Eastman Color, which is the special Christmas holiday feature at the grand opening of Century's York Theatre in the Huntington Shopping Center, New York Ave., Huntington, N.Y. thru Jan. 1.

The film which also features members of the celebrated Old Vic company is shown once daily at 1 P.M. during this engagement. "Mid-Summer" was created and designed by Jiri Trnk and filmed in full dimension animation.

PUBLIC NOTICE
 NOTICE is hereby given, pur-

suance to law, that a public hear-
 ing will be held by the Town Board
 of the Town of Oyster Bay, Nes-
 sau County, New York on Tuesday,
 January 9, 1962, at 10 o'clock
 A.M. prevailing time in the Hear-
 ing Room, Town Hall, Oyster Bay
 for the purpose of considering a
 proposed amendment of the
 Building Zoning Ordinance of the
 Town of Oyster Bay in the man-
 ner set forth hereinafter:

PROPOSED AMENDMENT: Pat-
 rons of MICHAEL ADAMS for a
 change of zone from Business
 District to Industrial "H"
 District of the premises described
 as:

All that certain plot, piece
 or parcel of land, situate at Jeri-
 cho, Town of Oyster Bay, Coun-
 ty of Nassau, State of New York,
 which is bounded and described
 as follows:

Property located at Jericho
 in the Town of Oyster Bay,
 County of Nassau and State of
 New York, having a frontage
 of approximately 201.62 feet on
 the north side of Castagne Rock
 Road 182.58 feet easterly from
 Branch Hollow Road, containing
 1.844 acres and being known
 and designated on the land and
 as Map of the County of Nassau
 as Lot 725, Block C, Sec-
 tion 11.

The above mentioned petition
 and map which accompanies it are
 on file and may be viewed daily
 (except Saturday, Sunday or Holli-
 days) between the hours of 9 A.M.
 and 4:45 P.M. prevailing time at
 the office of the Town Clerk.

Any person interested in the sub-
 ject matter of the said hearing
 will be given an opportunity to be
 heard with reference thereto at the
 time and place above designated,

Swanson, president of Instruments for Industry of Hicksville and chairman of the Nassau County Advisory Board of The Salvation Army (left), and Ellis O. Heglund, Executive Director for Service Extension of The Army, examine the location of the "world's largest Salvation Army kettle" at the Mid-Island Kettle last week. The Hicksville Rotary Club named the giant kettle to aid the needy in Nassau County at Christmastime. (Photo by Sherwood Studios, Ltd.)

COMETLAND

By Joe Koerner

HOOP HI-LITES -- Jr. High Basketball coach, Dick Hogan reports in that his 7th and 8th grade Meteor squad have been showing some good promise in the practice sessions so far. He looks for the rebound strength to be coming from his big boys Ralph Sontag, Bill Fyfe, and Bill Klarin. And in the ball handling department, Jim Bergholtz, Bill Sjen, Jim Boyle and Jeff Dolittle will be filling that assignment. The League opener for the "Meteors" is scheduled vs Bethpage on Jan. 12. Coach Hogan didn't quite go overboard with any optimistic overtones, but he did leave us with the feeling that his quintet will be ready for anything that might come their way.

On the Jayvee side of the hoop hi-lites, Coach Stan Kellner reported the second win of the young season for his JV Comets. This one over Westbury by a runaway score of 62-19. "A stubborn defense carried the Comets to this win," Kellner asserted. "The boys are putting out with a lot of hustle and a tremendous team effort has been the result. And, not only that," the JV Mentor added, "our pressure type of defense is really paying dividends. The boys have been taking advantage of all the opponents mistakes." We agree Stan! 61-40 over Massapequa and 62-19 over Westbury, adds up to a secret weapon of some sort. The scoring leaders so far are, Bruce Damm, Bill Klingenberg, George Rivas, and Tom Kumiga. The next home meeting is scheduled for Jan. 16, with Plainview and the Comet Varsity will also be back in town on the same night. Both should be whipping up a fine bill of "Court Capers." Don't forget to make this date on your calendar. Switch off the TV set and wander over to the Senior High boys gym. There'll be plenty of basketball action.

NOTE -- Somehow, Vin Coletta's name was omitted last week on scoring credits for the Comet court win over Westbury. Correction--Vinnale Coletta and Mike Clair led the scoring parade with 14 markers apiece.

MAT FACTS -- Jr. High wrestling coach, John Santoro, reported a big 60-51 win for his Meteor Matmen over Bethpage. The "Meteor-mites" coming up with flatback wins were, Jerry Robb, Billy Arnau, Dav Trudill, Alex Kazar, Tom Boyce, Doug Nichols, Cliff Massey, Russ Mahler pinned his man in 28 seconds. Neil Happel and Jerry Robb wasted a little time by pinning their men in 50 and 51 seconds.

WEEKEND SCORE BOARD -- Coach Ed Petro reports the 3rd win of the season for his Comet Courtmen. This last one, over Plainville, by a score of 68-52. Chris Coletta, was tabbed the hot Comet, by dumping in 21 of the locals points. Big Mike Clair covered the converted peach baskets like a wig cover a wam, pulling down 13 rebounds and copping

neith Martin, born to them Dec. 16, at Mercy Hospital.

M. and Mrs. Edward Cheatham of 2 Sheridan Ave., Bethpage, are the proud parents of a daughter, Andrea Lynn, born to them Dec. 13, at Mercy Hospital.

the second scoring slot with 19 markers. Clair also continued with his foul shooting act by dumping in points on 9 out of 10 tries. Other Comet scores were, Chip Jaworski, 9; Vin Coletta, 7; Frank Coletta, and Norm Sanberg, 5 apiece; and Billy Luft closed out with 2. Get your tickets early for the Comet homecoming on Jan. 16. They'll be out of town for the next 5 games but like death and taxes, they'll be back looking for a big crowd of hoop buffs to be on hand.

Jr. High Coach, John Santoro, reported another big win for his Meteor Grapplers at the end of the week. This one over Saik to the tune of 40-16. Tom Boyce came up with the quickest pin in 29 seconds. Giant Lemire got his pin in 1:48; Jim MacDonald, in 1:58; Russ Mahler in 2:20; and Neil Happel in 2:30. The Meteors also copied 5 decisions, rounding out the action with a 10-4 match score and a 2-0 league record.

The Comet Keglers also continued their winning ways last week by outbowling Locust Valley 4-1. This is another 2-0 record.

Reports came in last week that a new coach checked in at Mercy Hospital, Rockville Centre. Name -- Paul Meyer, born Sunday, Dec. 17, and tipping the scales at 8 lbs. 6 oz. Paul is the son of Mr. and Mrs. Warren Meyer and the proud Pop is football and track coach at the Jr. High.

ANOTHER WEEKEND WIN was reported by Bill Roberts, coach of the Comet wrestling team. This one over Carle Place by a score of 32-14. That makes it 4 out of 5 for the Comet Matmen with the next home date vs Farmingdale on Jan. 5. Locals registering wins were Bill Starke on a pin in 1:26; Pete Anselmo pin 3:24; Joe La Rocca, 5-4 decision; Steve Smith, 8-0 decision; Marty Winkle 2:24 pin; Nick Trentacosta, 4-1 decision; George Frey, 8-4 decision, and Robin Winkle won his match on a forfeit.

ROTARY CLUB OF HICKSVILLE Looks

Towards Its 11th Year

of Community Service in 1962

AS ROTARY INTERNATIONAL OBSERVES ITS 57th ANNIVERSARY

Feb. 23, 1962 Marks 57th Anniversary

Fifty seven years ago in Chicago the first Rotary meeting was held. Today there is a World Neighborhood of Rotary with Clubs in 96 countries and territories. There are more than 9500 Rotary Clubs in the World. The membership of the average club is slightly less than 50; their combined total is more than 500,000 Rotarians.

The adoption of the name "Rotary" is generally attributed to the plan followed in the beginning of holding the club meetings in rotation at the different members' place of business, but there were probably other reasons.

In Hicksville, the Rotary club is young in years — in comparison with the history of the organization — but old in service. Individual residents of Hicksville have been members of Rotary for many years. The Hicksville Club was chartered ten years ago and has become a vital part of the community life, closely identified with many worthwhile projects for the community good.

The Hicksville Rotary Club meets every Thursday at 12:15 at the Milleridge Inn in Jericho.

THE FOUR WAY TEST of the things we think, say or do

- 1 Is It The TRUTH?
- 2 Is It FAIR To All Concerned?
- 3 Will It Build GOOD WILL and BETTER FRIENDSHIPS?
- 4 Will It Be BENEFICIAL To All Concerned?

Hicksville business concerns interested in identifying their business offices with the four way test by the display of the Rotary plaques are invited to contact Hicksville Rotary Club President Freeman Fair or Club Secretary John Dehaan for full details and further information.
