HICKSVILLE, L. I., NEW YORK 10c

Printed as Second Class Matter at Hicksville, N. Y. Post Office

RR Project Victim:

The Tea Cup Is Coming Down

The first elevated storage tank erected 37 years ago on the east side of Bethpage Rd for the then new Hicksville Water District will be toppled to the ground during the coming week as a by-product of the Rail Road crossing elimination.

Regarded as "a tea cup" by present-day community needs and requirements, the 146-foot tank was raised in 1924, the product of the Chicago Bridge and Iron Works. The tank has been emptied of its 150,000 gallons of water and is awaiting the coming torches.

The tank stands in the path of a temporary track to be laid at that point while Bethpage Rd. RR crossing is raised overhead.

Hicksville Water District was created in December 1921 and the initial bond issue was for \$300,000 which included the doomed tank as well as the first pump and water mains.

The Water District also has a million and a quarter-gallon tank on the same property. It will not be affected by the crossing elimination. There is a million and half-gallon ground level tank on Dean Street and two tanks, with a total capacity of 800,000 gallons, on Newbridge Rd.

The District expects to be reimbursed by the State for the tank being levelled. It will not be replaced at that point.

HOWE ENLISTS

Kenneth John Howe, son of Mr. and Mrs. Harold F. Howe who reside at 67 Fox Place, Hicksville, has enlisted in the Navy and has been transferred to the U. S. Naval Training Center located at Great Lakes, Illinois.

Seaman Howe was enlisted at the Navy Recruiting Station located 67 North Broadway, Hicksville. After completion of his recruit training he will be granted a 14 day recruit leave.

ASSIGNED TO JAPAN

Airman Third Class Harry D. Potter, son of Mr. and Mrs. Richard A. Potter of 48 Admiral Lane, Hicksville, is being assigned to a base in Japan following his graduation from the United States Air Force technical training course for jet engine mechanics at Sheppard AFB, Tex.

Airman Potter is a graduate of Hicksville High School.

LI National Bank Hits New Peak

William E. Koutensky, re-elected president of the Long Island National Bank on Tuesday, Jan. 9, declared the "outlook for the future of our bank indicates continued growth and expansion". During the year the bank increased its resources by \$3,834,000 to bring its total assets to \$71,035,000, a record high. Mr. Koutensky noted.

The stockholders elected the following directors: Charles R. Carroll, chairman; James C. Diaklecher, Norman C. Godfrey, James Herrschaft, William E. Koutensky, Malcolm E. Pierce, Herbert W. Purick, Joseph A. Reardon.

At the reorganization meeting of the Board of Directors, the following officers were elected:

William E. Koutensky, president; William C. Godfrey, vice president; Joseph A. Reardon, vice president and cashier; James C. Diaklecher, vice president; Gertrude A. Proctor, assistant vice president; John Proctor, Jr., assistant vice president; and Walter A. Drescher, comptroller.

WILLIAM E. KOUTENSKY

Am Giannelli Funeral Friday

HICKSVILLE—William J. Giannelli of 133 Bay Ave., here, died Monday, Jan. 8. He is survived by his widow, Marjorie (nee Clark); three sons, W. Clark, Paul and Neil; two daughters, Anne and Marie; two brothers, Alfred and Edward; and two sisters, Marie Gagliardo and Yolanda Lynch.

Among Mr. Giannelli's activities, he served as director for the Catholic Guild for the Bland, Brooklyn Diocese, and was a member of the Joseph Barry Council 2520 K, of C., Cardinal Mercier General Assembly Fourth Degree, K. of C.; Lodge #1 B.P.O.E. Elks, Progressive Era Assoc.; National Democratic Assoc.; Catholic War Veterans; T.J. Oakley Rhinelander Post American Legion; Nassau-Suffolk Chapter of College of Mt. St. Vincent Alumni Assoc. and was an honorary member of the Ancient

Order of Hibernians.

He will repose at the Henry J. Stock Funeral Home until Friday morning when a Solemn Requiem Mass will be offered at St. Ignatius Loyola R.C. Church at 11 AM. Burial will follow at L.I. National Cemetery.

In lieu of flowers, donations to the Special Education Program, Archdiocese of New York, will be appreciated.

HOME ON LEAVE

Richard Howard Austin is currently spending a leave with his parents who reside at 101 Bounty Lane, Jericho. Richardson enlisted in the Navy at the Recruiting Station located at 67 North Broadway, Hicksville. Upon completion of his leave he will return to Great Lakes for four more weeks of Recruit Training.

INSTALLATION of officers of Hicksville Kiwanis Club for 1962 was held recently at the Milleridge Inn. From the left are Louis Kappstatter, past president; Tom Kaiser of Farmingdale, lieutenant governor; Dr. Philip Rubenstein, president; Harold Holden, vice president; Frank Chlumsky, secretary; John Starkey, recording secretary; Dick Miller, treasurer; and William Murphy, Sgt at arms.

(Photo by Frank Mallott)

VICTIM of the Hicksville RR grade crossing elimination program will be the "tea cup", first elevated storage tank of Hicksville Water District. Before the week is out the 146-ft. tank will be gone.

Lions Arrange January Dance

The Hicksville Lions Club has completed the arrangements for the big January Dance. Chairman Jim Lynch has stated that the dance will be held at the Lions Den, Mid-Inland Plaza, on Saturday, Jan. 20 from 8 p.m. on. The committee has programmed an exceptional

evening for the community. This program is in keeping with the Lions being a non-profit organization.

The donation of \$5.00 to the Lions Club entitles the couple to a full evening of dancing to the music of a name band.

FORK LANE SCHOOL P.T.A. members learned at their January 10, 1962, meeting that commercial television artists, producers and programmers are faced with many problems and cannot present programs which appeal to individual tastes; it was emphasized that viewers must be selective. The panel, shown above, also unanimously agreed the TV set at home should never become the "baby-sitter" for busy mothers, and that parents must guide and direct the selection of programs for their children. Panel members seated from L. to R. are: Mr. Earle Basse, TV program writer and producer, Dr. Joseph A. Zatzkin, clinical psychologist, Bob Keeshan, better known as "Captain Kangaroo", Mr. Manuel Godfrey, Child Guidance Counselor, Mr. John McArdle, Vice President and General Manager, WNEW-TV, and Captain Herman Maikel, Chief of District, Nassau County Police Department. Mrs. Earle Basse was chair-lady of this program.

HENRY GEYER

HICKSVILLE--Rev. John C. Hirsch conducted religious services at the Wagner Funeral Home Wednesday at 1 PM for Henry Geyer of 249 West Nicholas St., here, who died Sunday, Jan. 7. Interment followed at Lutheran Cemetery.

Mr. Geyer is survived by a sister, Caroline Schaffler,

KLEMENT J. TIMOSZUK

HICKSVILLE--A Solemn Requiem Mass was offered at St. Ignatius Loyola R.C. Church on Wednesday morning for Klement J. Timoszuk of 172 W. Nicholas St., here, who died Sunday, Jan. 7. Burial followed at Holy Rood Cemetery under the direction of the Henry J. Stock Funeral Home.

Mr. Timoszuk was the widower of the late Catherine (nee Kaminsky). He is survived by two

sons, Stephen and William M.; a daughter, Margaret Del Re and a grandson, Brian Del Re.

CATHERINE ABRAHAM

HICKSVILLE--Catherine Abraham (nee Dacl) of 191 West Nicholas St., here, died Monday, Jan. 8. She was the widow of the late John. She is survived by a daughter, Sophia Swidzinski; a grandson, John Zike and a great-granddaughter, Deborah Swidzinski.

Mrs. Abraham will repose at the Henry J. Stock Funeral Home until Friday morning when a Solemn Requiem Mass will be offered at St. Ignatius Loyola R.C. Church at 9 AM. Burial will follow at Holy Rood Cemetery.

MARTIN E. CHALLAN

Ticonderoga, N.Y.--Martin E. Challan died here on Sunday, Jan. 7 at the age of 42. He is survived by his wife, Elizabeth; two brothers, Henry E. and William G. and three sisters, Mary Terlosky, Josephine Frey and Anna Krikalo.

Mr. Challan was a former resident of Duffy Ave., Hicksville.

CARD OF THANKS

We wish to thank Messrs. Bittermann, Rev. Ballweg, of St. Ignatius Loyola Church, Rev. O'Dea, Rev. Hoban, and Rev. Rowan of Holy Family Church and our many friends and neighbors for their many acts of kindness in our recent bereavement.

Mary Colgan and The Fungfeld Family

CARD OF THANKS

The family of the late Donald Farinero wish to thank the Reverend Clergy of St. Ignatius Loyola

Dear Jean:

Mr. and Mrs. JOHN V. McNEEL, of 53-Bridle Lane, Hicksville, will celebrate their 27th wedding anniversary, Saturday Jan. 13. Congratulations folks...

Birthday greetings to our little baby LEON SKOUKLAF, son of Mr. and Mrs. Theodore Skouklaf who was one year old on Wed., Jan. 10. Our sincere sympathy to Mrs. ANTHONY DE GARDINO and Mrs. WILLIE BRONKOWSKI on the death of their sister and aunt, Mrs. Jennie Caruso.

HENRY C. EISEMANN of Hicksville is co-chairman of a committee of Leading Nassau citizens sponsoring a banquet in honor of A. HOLLY PATTERSON at the Garden City Hotel on Jan. 25. LEONARD W. WILE is also on the committee. Hicksville Republican Club holds installation of its new officers tomorrow (Fri) night at the Masonic Temple. Singers sympathy to JUDGE HOWARD HOGAN and Mrs. HOGAN upon the sudden death of their daughter this week. MICHAEL N. PETITO, Plainview attorney, has been named Deputy Welfare Commissioner of the County. He had his law office at 181 Old Country Road, Hicksville. EDWARD MORRIS of Hicksville will be sworn in as director of Franchises for the County by County Executive NICKERSON at 10 o'clock Monday morning, Jan. 15. Republican Recruit officers for the new year will be installed by TOM FYNCHON at the Plaza Restaurant, Tuesday night. The Episcopal Diocese of LI is acquiring about five acres on Washington Ave., Plainview, for a Mission Church. PAT FRANKLIN of Hicksville who collects titles and crowns like some folks collect stamps has earned a new one: "Long Island Visitors Queen".....

R.C. Church, and their friends and neighbors for their many acts of kindness in their recent bereavement.

CARD OF THANKS

The family of the late William G. Molitor wish to thank the Reverend Clergy of St. Ignatius Loyola R.C. Church, the Monfort Fathers of Bay Shore, the Hicksville Fire Dept. and their many friends and neighbors for their kindness during their recent bereavement.

Portrait Painting Interests Club

The January meeting of the Hicksville Women's Club was held Monday, Jan. 8 at the Hicksville Public Library. The program for the evening consisted of a demonstration in portrait painting by Mrs. Louis Heebel.

Plans for the Annual Luncheon-Theatre party was announced by Mrs. Thomas Pyle, Chairman.

Mrs. Albert Leffler reported on the needy family the Club had adopted for Christmas.

It was announced that a foreign exchange student will be the guest of the Club at a future meeting.

Joseph John Lofano, son of Mr. and Mrs. Lofano who resides at 50 Park Lane, Hicksville, has enlisted in the Navy and is presently undergoing recruit training at the Great Lakes Naval Training Center located at Great Lakes. Upon completion of his recruit training, Joseph will be granted 14 days recruit leave. Joseph was enlisted at 67 North Broadway, Hicksville, Navy Recruiting Station.

The public hearings on an airport at Mitchell on Tuesday and Wednesday, Jan. 16 and 17 will be carried live over Hicksville Radio Station WFYI, 1520 on the dial, and Garden City's FM station WLIR, 92.7 on the dial.

Mothers Sponsor Dance on Feb 21

The St. Ignatius Loyola Auxiliary of Christian Mothers held their annual Christmas social on Monday, Dec. 18, Mrs. Viola Roby and Mrs. Catherine Roemer planned the decorations and refreshments.

The St. Ignatius Glee Club under the direction of Rev. Leo J. Goggin and the Motherhouse, a singing group from St. Aloysius parish in Great Neck, under the direction of Mrs. Robert Cusumano, provided excellent entertainment.

Much mirth and excitement were created when Santa and "his" helpers arrived to distribute gifts among the mothers.

On Feb. 21, the mothers will sponsor a dance in the school hall. The Mardi Gras will be the theme and costumes will be optional. Admission of five dollars per couple will include refreshments, set-ups and beer. Mrs. Cell Larkin will be the Chairlady for this affair.

It was also announced that cafeteria service commenced on Jan. 8.

The Dark Horse prize of five dollars was won by Mrs. Caesar. At the next meeting Monday, Jan. 22, the American Cancer Society, Nassau Division, Inc., will show two films on cancer detection. A question and answer period will follow.

HICKSVILLE CAMPAIGN Committee meets with the officers of the Southeast Nassau Chapter of The National Foundation to discuss final plans for the 1962 March of Dimes campaign in Hicksville. Front row, from left, Phillip F. Robinson, Campaign Director; Mrs. James R. Matthews, Mothers' March Chairman; and Lou Costa, Hicksville Chairman. Rear, left to right: Peter F. Amoroso, Business & Industry Chairman; Herman Kanfer, Vice Chairman; William E. Buchman, Chapter Chairman and Thomas F. Dalton, co-campaign Director.

Pick 'Long Island Visitors Queen'

Nine finalists from a starting field of 67 appeared in a special pageant at the Ebb Tide Room of the Roosevelt Inn, East Meadow, late last month to vie for the title of the first "L.I. Visitors Queen."

The judges selected pert Pat Franklin of Hicksville to reign as L.I. Visitors Queen for 1962. However, Pat will not be inaugurated until this Wednesday evening when Ed "Whitey" Ford of Lake Success, famed N.Y. Yankee pitcher, crowns her at the annual L.I. Public Relations Assn Governors Dinner.

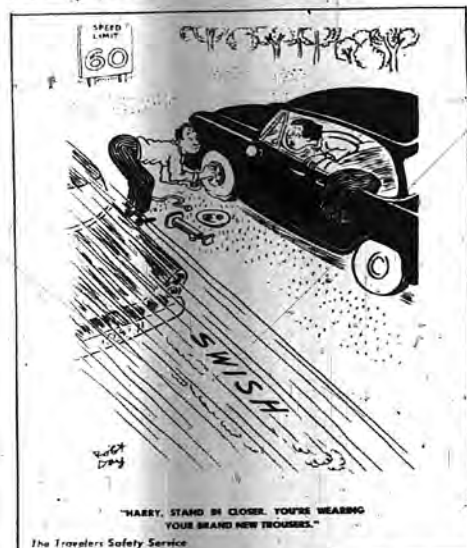

Pat's award for being chosen Queen — a year's contract with the Visitors Bureau — should keep her busy travelling far and wide expounding the virtues of our "Pleasure Island" to potential L.I. visitors and convention-goers.

The five judges scoring the pageant were State Senator Edward Speno (shown above with Pat), L.I. Rail Road Vice Henry Weiss, Visitors Bureau president Nat Sedley, Meadow Brook Bk VP Don

Weller, Chairman of the PR club affair, and Fred Ridolf, exec. dir. of the Nassau Bowling Proprietors Assn.

The crowning of Miss Franklin at the Governors' Dinner is a natural blend as the theme for this year's dinner is VISIT LONG ISLAND — THE FIFTY-FIRST STATE. Traditionally, LIPRA has had L.I. secede from N.Y. State at its annual affair at which time, the publicists recognize key leaders of Long Island by making them governors. This year's governors are: Ford; Fairchild Camera president John Carter; Showman Jim Barion; Publicist Tex McCrary; Hofstra president John Cranford Adams; and Grumman president E. Clinton Towle.

TV star Dorothy Collins of Manhasset will serve as 'First Lady' of the affair.

More than 80% of the casualties occurred on dry roads and in good weather.

WEST BIRCHWOOD-JERICHO CIVIC ASSOCIATION

Vol. 3 No. 8

Thursday, January 11, 1962

President's Corner

By CARL F. DENNY

While the response to our initial billing for dues for 1962 has been excellent, there are still many checks outstanding. Your prompt remittance not only helps our book-keeping but also helps determine how strong an Association we shall have. There are very few material benefits to be received for the annual dues; you receive the HERALD, various notices as pertaining to social activities, etc., but of course the intangible benefits are many. We have indeed been fortunate that although our problems have by and large been of a minor nature, there is no guarantee that they shall continue in this vein. I am certain that we all want our community to continue being a fine place to live, and the way to help insure this is to continue your active membership in the West Birchwood Civic Association. So please remit your checks to our Treasurer, A. Birnbaum, 19 Saratoga Dr., at your earliest convenience.

Undoubtedly you have all received the notice of the general meeting and budget meeting to be held Jan. 17 at the home of Alice Fanciullo, 24 Saratoga Drive. In addition to discussing and approving the budget for 1962, this will be a fine time for any of the newer members or older members to confront the Board with any of the Community problems that currently exist. This also will offer the opportunity to see the procedures and operation of your Board, to try to be at this important meeting.

Our hard working social committee recently passed out flyers pertaining to our annual Spring Dance to be held Feb. 24, at Carl Hoppl's in Baldwin. To insure proper seating arrangements, do make your reservations early. You may contact either Shirley Weinstein OV 1-4556 or Iris Denny WE 8-3206 to arrange for special seating arrangements. To those who might not have attended last year, a real good time was had by all, so do try to make your reservations early.

sored by their wives Mah Jong group. Louise Goldiner was a hit doing the Twist. Thank you Ann.

Best wishes for a speedy recovery to our homespun philosopher Jerry Meister!

Maxwell Spiva celebrated his birthday New Year's day.

Gert and Irving Rosenthal enjoying 25 years of wedded bliss Jan. 30. Their son, Mark, home from University of Pittsburgh for Christmas gave them more pleasure.

Eric White of Orange returning to the University of Michigan after an enjoyable vacation.

Neither rain, nor snow, nor sleet could deter the 30 guests headed for the Weinsteins party in December amidst a horrible snowstorm. A terrific time was had by all.

Iris and Carl Denny celebrated New Year's eve at their home with some friends. The charades and Shish Kabob went over very well.

Diane Dranow, aged 6, looked adorable having her hair done at the beauty parlor as a treat after having her tonsils removed.

Any items you'd like to see in print? Call WE 8-3206.

IMPORTANT MEETING

Annual budget meeting of the West Birchwood Civic Association, Inc. will be held Wednesday evening, Jan. 17, at the home of Alice Fanciullo, 24 Saratoga Drive. The 1962 Budget will be examined and voted on by the general membership and other matters of Civic importance will be discussed. This is an important meeting, so plan to be present.

Birchwood Bowling

With this week's big upsets, the first five teams are closer than ever. The New Year has certainly brought spirit to the league with Max Segal bringing in a 213, Irv Cohen 215, Al Friedland 210, Ira Steifel 234, Bert Retzkin 233, Howard Amchen 213, Bob Sohgen 206, Morty Crayne 207, Monroe Swerdlow 205, and Lou Mienan 200.

There seemed to be a split at the seams on the Continentals but the Yuletide Spirit helped patch things up, and they are moving again after a four week slump. The Phantoms are running into bad luck in the past two weeks, but take it from one who knows, they have it when the chips are really down.

We all wish Jerry and Ann Goldberg's daughter, Lori, a speedy recovery from her serious illness.

Top three averages are:
M. Swerdlow---176
L. Steifel---176
B. Retzkin---170

EDITORIAL..

A Little Action Needed

Once again we must point out to both the residents of West Birchwood and the Town of Oyster Bay the importance of working toward the dedication of all streets in this area. It seems a shame to have to remind all concerned of the importance of street lights and stop signs to a community. Briefly: To those residents west of Yates and Clinton Lanes; we urge you to contact the Community Welfare Committee of the Civic Association and help bring about street dedication in your area.

To Oyster Bay: We urge speedy action on dedication of all occupied streets. We remind TOB of the fact that sometime next fall a new school will be opened and streets leading to this school must have lights and stop signs.

Floyd Bennett Explains Matter of Tower Signs

In a statement received from Floyd Bennett Stores on Jan. 8, Joseph Glass, Vice President explained their side of the recent discussions concerning tower signs. Mr. Glass pointed out Floyd Bennett's feelings on the matter as follows:

1) Following the Dec. 7, 1961 hearing at the Board of Appeals at which we had submitted a new plan for a roof-top sign, which had a total area of 635 square feet, the Board of Appeals of the Town of Oyster Bay reserved decision; and one of the members of the Board of Appeals at the very close of the hearing suggested that, before a decision was rendered, it would be advisable for the parties concerned to sit down and talk over their mutual problems.

Immediately after that hearing, I personally contacted Dan Sirota and Ira Hyams to indicate to them that I felt we (Floyd Bennett Stores and the local residents) were actually acting at cross currents to each other in what was realistically a mutual problem.

2) Mr. Sirota and Mr. Hyams both expressed agreement with me and a meeting was held at Mr. Sirota's house which was attended by a committee of the local residents, Mr. George Frankel, representing the Birchwood Assoc., Mr. Sirota, Mr. Hyams and myself.

3) The problems affecting the local residents were then divided into three main categories--(a) general sanitation, (b) the sign in question and (c) screening the area.

I suggested and immediately put into effect the hiring by Floyd Bennett Stores of a painter who would have no other function but to rectify any sanitation problem that resulted from our operation and which affected the perimeter local area. We all felt that this would be a big step towards solving problem.

Various suggestions were made and in a period of 72 hours, I submitted a plan which would incorporate the minimum requirements of Floyd Bennett Stores and the maximum flexibility of the residents and this plan in turn was submitted to the Board of Appeals before any decision was handed down on the matter.

This, we felt, solved problem B.

Problem C was left open until some further investigations could be made.

Regarding the sign area, we have now actually placed a 635 foot sign on the face and slightly above roof line of the building. We have approximately 1,100 square feet of signs attached to the building. The figure quoted in your previous article of 2,800 square feet was the square footage which was applied for in August of 1961 and which had been amended several times as the result of meetings and negotiations with the local residents.

Let me close by only repeating to you that Floyd Bennett Stores is an integral part of the Jericho community and it has never been, nor will it now, nor will it be in the future the policy of Floyd Bennett Stores to in any way jeopardize the suburban atmosphere of the Jericho community. If it has appeared that we have conducted ourselves in a manner not completely in accord with the feelings of all parties concerned, please understand that it is important for all parties and all sides of a story to be heard before judgments can be made.

Trusting the above clarifies the situation, we remain,

Very truly yours,
FLOYD BENNETT STORES, INC.
Joseph H. Glass
Vice-President

Jericho League

By MAURICE TARGOVE

At this stage of the season one might expect the top teams in the league to start pulling away from the crowd. Instead, the teams in the second division have improved with amazing rapidity and let it be known in no uncertain terms that they intend to keep plugging for all the marbles.

A perfect case in point was last week's encounter between the league-leading Tigers and Norman Zinn's White Sox. The Tigers were leading the league by six points and in a perfect position to pull away from everyone. Instead, the White Sox, led by Norman Zinn's eye-catching performance belted the Tigers soundly for three points. In the nightcap, the Tigers managed to regain enough of their composure to take one point.

The Cardinals, always tough and the best team going have temporarily been hurt by the absence of Jerry Meister who is recovering from an operation.

Jack Rubinstein has suddenly lit a fire under his Yankees and captured twelve straight points to tie the Braves for third place. The Braves have just completed a hot streak that ran about twenty straight points before dropping a couple.

Individual performances were led by Norman Zinn's 230 which included a five timer. Murray Lambert celebrated Christmas with a big 222. Also breaking through 200 were Joe Goldberg (204) and Artie Ratzer (202).

A couple of men have had to drop out of the league for business reasons. If any members have friends in West Birchwood that would like to join have them call Hank Halberstadt, League President.

SHIRLEY WEINSTOCK

Chairman of the Dinner Committee, reports that tickets for the West Birchwood Civic Assoc. annual Spring Dance are now on sale. Cost is \$20 a couple and well worth the price. Just ask anyone who was at last year's affair at Carl Hoppl's in Baldwin, scene of this year's gala on Saturday night, Feb. 24.

West of Bway

By MCKINLEY EBBITZ

Residents are still talking about the apparent lack of attention given to our snowy and icy roads by the Highway Dept. of Town of Oyster Bay. How much snow and ice do we need to get a snowplow and a sander in West Birchwood?

Our apologies for some members not receiving the last issue of the WEST BIRCHWOOD NEWS. The fault is ours, due to a snafu on the part of our transmittal system. The publisher had the papers ready, but the transmittal system broke down New Year's weekend.

In behalf of McKinley Ebbitz, I'd like to wish you all a very happy and Prosperous New Year. The reason I add prosperous is many of our neighbors received special New Year wishes from the Williamsburg Savings Bank. Take heart though, it could have been worse.

Is Katz celebrated his 5th birthday on Dec. 13 with a party.

Robert Futterman, 3 years on Dec. 16 at a party.

ella Rosenthal, 14 years on Jan. 6, is singing Happy Birthday with 36 friends.

Russell Mark Feinstein, 6 years on Jan. 10 at a supper party. Mom like and Daddy Norm taking Mark to Pat Murphy's on Sunday.

Iris Denny celebrated her birthday at Danny's Hideaway.

The Lindenbaums were given a jewelry party aboard the S.S. Constitution. Jane Elizabeth Berkman one year old, Jan. 9, and Jean Jones celebrated her 20th Jan. 8.

All those men who always give to their wives, back when they run out to work--who's going to give Max (Larry Richman) Katz back for doing himself without petrol on the Williamsburg Bridge in the night of the rush hour?

The Segals, Bierers, Goldiners, Swalks, and Silvermans all enjoyed their Concord vacation spon-

Town Leads Consolidation Drive

"The administration of the Town of Oyster Bay has led the field in the consolidation of special districts where such consolidations, through prior studies, have proved to be of benefit from a standpoint of efficiency of operation and service to the homeowners and taxpayers of the Town", Councilman Edward J. Poulos said Tuesday night before a meeting of the League of Women Voters held in the Hicksville public library.

"The studies undertaken by the Town Board with the assistance of financial and statistical experts got under way as far back as 1958 under the leadership of Supervisor John J. Burns", Councilman Poulos noted.

"At the time the Town had 70 special districts. As a result of these individual studies the Town Board, after public hearings, consolidated its garbage districts, lighting districts and parking districts. This forward-looking action, taken in the interest of providing greater operating efficiency, inauguration of better fiscal control through the elimination of separate budgets and the resultant elimination of complex accounting procedures, reduced the number of special districts in the Town from 70 to 45", Councilman Poulos said.

"The remaining special districts in the Town not affected by the Town Board's consolidation program include nine fire districts; seven fire protection districts; ten water districts having elected commissioners; one sewer district located in Oyster Bay, paid for by the residents of that hamlet; a town-wide drainage district; and eleven park districts. The park districts, some of them now under development, such as the Plainview-Old Bethpage district with a comprehensive park, including swimming pool and other facilities, were instituted through cooperative efforts between the residents of the community and the Town Board. The comprehensive park facilities, planned or in the construction stage, are reserved exclusively for the residents of those districts who expressed a desire for that type of service in the first instance, in addition to a willingness to support them to make them self-sustaining as far as possible.

"There are no plans at the present time to consolidate the Town's park districts since the residents of the various park districts prefer to have their own comprehensive park. This does not rule out, however, the Town Board's continual study of park districts so that should a change in policy occur the Board would be in position to act accordingly," Councilman Poulos continued.

"The remaining special districts in the Town of Oyster Bay are made up of fire districts and water districts. The Town Board

has no intention of interfering with the excellent volunteer services now being provided through the special fire districts. In the case of water, each district has its own elected commissioners and the impetus to consolidate these districts must come from the community itself by petition of the residents in accordance with the law.

"From time to time", Councilman Poulos added, "and especially every two years during the last two weeks of the month of October just preceding Town elections, there are some, in an apparent effort to curry favor with the townspeople, who promote the idea of consolidation without offering any supporting data or information. This was more obvious during last October than at any period that preceded it, despite the fact that the Town had already effected consolidation of most of these special districts.

"It seems to me that the time has come to be specific. The time has come for those who urge consolidation to support their claims with factual material. The time has come for those who periodically urge consolidation in the Town through vague and tenuous statements to substantiate their position. I ask the question: Are they in favor of consolidating the remaining special districts in the Town such as fire and water; and if they are, upon what do they base their claims? If they are not in favor of these aforementioned consolidations then they have a responsibility to explain to the people of the Town just what they mean when they talk about consolidations."

MOFFETT-BERNING

Mr. and Mrs. Adam D. Berning, of 235 Canby Road, Hicksville, announce the engagement of their daughter, Miss Phoebe E. Berning to W. James Moffett, Jr., son of Mrs. Louis J. Tobie, 38 Hyrd Ave., Carle Place, formerly of Westbury, and the late W. James Moffett, Sr.

A blessing of their engagement was performed by Pastor Muck on Sunday Morning, Dec. 24, in St. Stephen's Lutheran Church.

Miss Berning graduated from Hicksville High School as an "Honor Student" and is currently employed by Grumman Aircraft Engineering Corp. as a secretary.

Mr. Moffett was in the first graduating class from Carle Place High School and is presently working for Hicksville Rambler, Inc. as Mechanic. No date has been set for the wedding.

YOUTH GROUP of Jericho Bnai Brith Lodge who will assist in the New March of Dimes in Jericho, starting Jan. 15, according to Mrs. David Kassan. Volunteers are invited to call her at WE 5-1867. (Herald Photo by Frank Mallett)

Dimes March Meeting Jan 15

The New March of Dimes in Jericho has set up a special meeting for Monday, Jan. 15, at 8:30 in Syosset. It was announced by Jericho Chairman, Mrs. David Kassan.

"All those who have helped in the fight against polio will be able to continue the good work, to keep up the commitments to disabled polio patients, and to build defenses against other crippling diseases such as arthritis and birth defects, through the New March of Dimes," explained Mrs. Kassan. "The need is as great as ever. The fight for good health, against crippling diseases, is as important as ever."

All interested people, individuals and delegates of clubs and organizations are cordially invited to attend this special educational and planning meeting.

The March of Dimes will show a film Jan. 15 at 8:30 p.m. at the Robbins Lane School, Syosset, on "Where your dollars are going!" The public is invited to see this very worth-while film.

Offer Exhibit at Lincoln Savings

The members of the Independent Art Society will hold an exhibition of their work at Lincoln Savings Bank, at South Oyster Bay Road and Woodbury Road, Plainview.

The exhibit begins Jan. 12th, and will last for three weeks. All the works of art will be originals.

NEW ADMINISTRATION members gathered at inaugural reception which honored Eugene H. Nickerson (right) following his induction into office New Year's Day as Nassau County Executive. At left is Edward J. Morris, Director of Franchises, of 22 Basket Lane, Hicksville. Reception held at Cloud Casino, Roosevelt Raceway, was attended by 2500.

1961 PASSENGER CAR and station wagon registration plates expire Wednesday, January 31. Motorists are urged to get their new plates soon so they will avoid waiting in line during the last-minute rush.

MID-ISLAND CONCERT ASSOC. in the second of its subscription series, will present Mieczyslaw Horowitz, renowned pianist in a recital at the Jericho H.S., located just north of Jericho Turnpike on Cedar Swamp Rd., at 8:30 p.m., Saturday Jan. 13.

Horowitz, who recently was in the headlines for his performance at the White House with Pablo Casals, was a child prodigy and is known both for solo and chamber music work. As a soloist he appeared with the NBC Symphony under Toscanini several times. A few seasons ago he performed nearly the entire solo piano literature of Beethoven to critical acclaim. Last year he played all the Mozart piano sonatas in a series of four concerts at New York's Kaufman Auditorium. He has toured the United States, Europe, and South America extensively, playing to enthusiastic audiences everywhere.

Lincoln Hits New Milestone

Deposits of The Lincoln Savings Bank passed the \$600 million mark at the end of 1961, according to Wilfred Wotrich, Chairman of the Board.

Wotrich said: "Other notable records were attained in total resources, mortgage loans and dividends paid. Comparable year-end figures include total resources on December 31, 1961 of \$673,648,000 as against \$652,246,000 for the preceding year. Deposits stood at \$602,414,000, up from \$584,924,000 at the end of 1960. Mortgage loans are \$478,005,000 as compared with \$464,457,000 a year earlier. The mortgage portfolio consists of Government insured and Guaranteed mortgages of \$366,524,000 and Conventional Mortgages totalling \$118,850,000. Bond investments aggregate \$165,099,000 which compares with \$155,672,000 as of December 31, 1960.

"After payment of a record amount of dividends totalling \$21,421,000 reported surplus stands at \$58,194,000.

WILENSKI JOINS NAVY

Stanley David Wilenski, son of Mrs. Wilfred Wilenski who resides at 207 9th St., Hicksville, has enlisted in the Navy and has been transferred to the Naval Training Center located at Great Lakes, Illinois for nine weeks of Recruit Training. Seaman Wilenski was enlisted at the Navy Recruiting Station located at 67 North Broadway, Hicksville.

LEGAL NOTICE

PLEASE TAKE NOTICE that application has been made to the Town Clerk of the Town of Oyster Bay by the following person for permission to operate taxicab or taxicabs upon the public highways of the Town of Oyster Bay:

Ione Wernburg Becomes Engaged

Mr. and Mrs. Herman Wernburg of Hicksville have announced the engagement of their daughter, Ione, to William A. Andersen of Elmhurst, Ill. A June wedding is planned.

Miss Wernburg, a graduate of Valparaiso University, teaches Civics and History in the Social Science Dept. at Luther High School South, Chicago, Ill.

Mr. Andersen, son of Olav Andersen and the late Mary Andersen, also a graduate of Valparaiso University, is with Motorola, Franklin Park, Ill.

CIVICS TO MEET

The White Birch of Jericho Civic Assoc. will hold a meeting on Friday, Jan. 12, at 8:30 p.m. at the Jericho Fire House.

JOINS NAVY

George Henry Mackenzie, son of Mr. and Mrs. George Mackenzie who reside at 64 Summer Lane, Hicksville, has enlisted in the Navy and is at present undergoing nine weeks of recruit training at the Great Lakes Naval Training Center.

NEW ARRIVAL

Mr. and Mrs. Philip Zulkofsky are the proud parents of a daughter, Susan Mary, born to them Dec. 20 at Nassau Hospital. Daddy is the owner and operator of Jericho Heating Service.

LEGAL NOTICE

ORDINANCE RELATING TO EXCAVATION & REMOVAL OF TOPSOIL, SAND, GRAVEL, AND OTHER EARTHEN MATERIALS

TAKE NOTICE that by resolution of the Town Board of the Town of Oyster Bay, New York, duly adopted by said Board and entered in full upon its minutes on the 26th day of December, 1961, following a public hearing held thereon after advertisement according to law, the Ordinance entitled "ORDINANCE RELATING TO EXCAVATION AND REMOVAL OF TOPSOIL, SAND, GRAVEL, AND OTHER EARTHEN MATERIALS" adopted October 13, 1959 be and the same is hereby amended to read as follows:

Section 1. DECLARATION OF POLICY: For the purpose of promoting the safety, health and general welfare of the residents of the Town of Oyster Bay pursuant to the provisions of Section 130 of the Town Law, and as an adjunct to the provisions of Article 16 of the Town Law relating to zoning and planning for the use of land within said town, it is hereby declared to be the policy of the Town of Oyster Bay to provide for the proper use of land, to prevent all manner of excavation which create pits, holes, or hollows in the earth and to prevent removal of materials of any and all sorts from the natural contour of the earth, as it presently exists in this town, which would leave such land or earth in a hazardous or dangerous state, cause soil erosion which depletes the land of trees and its natural vegetative cover and supply of organic material, renders such land unproductive and unsuitable for either agricultural purposes or other structures, resulting in lower land values and in depreciation in value of other properties in adjacent areas within the town. By this ordinance it is proposed to remove the danger to health and life caused by soil erosion, deep excavations remaining in the grounds, the removal of trees and the stripping of topsoil, thereby resulting in danger to the health, safety and welfare of the Town and damage to agricultural crops through dust storms, by exposure of the bare earth to wind action and the erosion by surface water drainage and the creation of pools of water. It is also the purpose of this ordinance to prevent such results where trees, topsoil, sand and gravel are removed or removed or actually for the purpose of preparing property for development for residential or commercial use or for any use whatsoever, but such proposed development does not actually take place within a reasonable time after the commencement of such removal operations and/or is merely a subterfuge engaged in for the purpose of removing various valuable materials from the property.

Section 2. EXCEPTIONS: The following operations and uses are hereby excepted from the application of this ordinance and may be performed in any district, regardless of zoning classification:

- Excavation or removal of sand, gravel, stone or other minerals or materials, or the removal of trees and topsoil from premises owned by or leased to the State of New York, the County of Nassau, the Town of Oyster Bay or any other political subdivision of the State of New York;
- Excavation or removal of sand, gravel, stone, trees or other minerals or materials incident to storm water basin, recharge basin or drainage sump on a portion of premises being devoted to residential, commercial or industrial construction; provided that topsoil shall not be moved from such premises unless such excavation is being performed in

LEGAL NOTICE

conjunction with the development of a parcel of property comprising ten (10) or more acres of land for which a building permit has been granted by the Town of Oyster Bay, and provided further that such excavation shall be properly protected by erection of a fence or other suitable barrier during and after the excavation thereof in accordance with plans and specifications approved by the Town Engineer as adequate for the purpose of safeguarding the public under the particular circumstances affecting the terrain and location of the excavation.

- The moving of trees, topsoil or other earth, sand or gravel from one part to another of the same premises as an incident to construction of a building, to farming or landscaping;
- Removal of trees, excess topsoil or other earth or sand, gravel, or other materials from the area of a subdivision plat subject to the jurisdiction of the Nassau County Planning Commission; provided, however, that any such subdivision plat which provides for establishment of new, reduced grades or elevations of the property shown thereon to the extent of 10% or more of the total acreage of such plat shall conclusively be deemed also to be a plan to use such property for the excavation or removal of trees, topsoil or other natural earth, sand, gravel, mineral or other materials and, before any grading operations may be commenced in accordance with any such development map approved by the Nassau County Planning Commission, the owner, tenant, user or developer of the properties shown on such plat must comply with all the provisions contained in this ordinance. It shall be the sole responsibility of the respective owners of property to provide ample proof, which shall be acceptable to the Town Board, proving conclusively that the removal of trees, excess topsoil or other earth or sand, gravel or other materials from the area of a subdivision plat does not comprise 10% or more of the total acreage of such plat and any and all violators of this provision of this section of the ordinance shall be dealt with according to law, as specified in Section 9 and 10 of this ordinance. The provisions of this sub-section shall apply to property shown on subdivision plats upon which grading or regrading operations shall not have been commenced prior to adoption hereof. The provisions of this sub-section shall also apply to subdivision plats upon which grading or regrading was commenced prior to the adoption of this ordinance, but which is not completed within three months after such adoption.
- Removal of trees, topsoil or other earth, incident to the business of operating a nursery, farm or sod farm.

Section 3. APPLICATION FOR PERMIT:

Before any excavation or the removal of trees and/or topsoil for residential, commercial or any purpose whatsoever is commenced other than those excepted under the provisions of Section 2 of this ordinance, the owner, tenant, lessee, agent, user or developer of any premises subject to the provisions of this ordinance must obtain a written permit therefor from the Town Engineer. In order to obtain such permit, an applicant shall file with the Town Engineer of the Town of Oyster Bay a verified application in duplicate for such permit, which application shall be on a form prescribed by the Town Engineer, and shall also furnish the following detailed information and materials, together with such other information as the Town Engineer shall deem necessary or desirable for the purpose of complying with the spirit and intent of this ordinance.

- A detailed statement of the nature and extent of the work proposed to be done, including the number of acres to be affected thereby, the kinds and amounts of all materials proposed to be removed, the structure to be erected, if any, the manner in which it is proposed to do the work

LEGAL NOTICE

and the period of time required to complete such work, including restoration, rehabilitation, filling of pits, excavations and other depressions in the earth caused by excavation operations and all other types of removal operations.

- A topographic map, certified by a surveyor or professional engineer duly licensed by the State of New York, showing the metes and bounds, Nassau County Tax Map designation, and the elevations of the property at intervals of two (2) feet of height as such elevations exist at the time of the application, and as proposed to be altered. Such map shall be drawn to a scale of not greater than one (1") inch to one hundred (100) feet nor less than one (1") inch to twenty (20) feet, shall show the elevations of all property within fifty (50) feet of the perimeter of the property which is the subject to the application and of all streets adjoining the said property, or, if there are no adjoining street or streets, the means by which access is to be gained to the property and the location, elevation and name of the nearest street or streets. It shall also show the location, site and use of existing buildings, and the zoning classification of all property shown upon such map. Such map may be submitted in sections showing the stages in which the work is proposed to be done, if that be proposed, and, in such case shall also show the length of time necessary to accomplish each stage, including building restoration and rehabilitation of the property. No application for a permit for the purpose of preparing land for residential development or subdivision shall be approved by the Town Board unless two copies of a subdivision map approved by the Nassau County Planning Commission shall also be submitted therewith. No application for a permit to commence or continue a commercial sand and gravel excavation shall be granted by the Town Board unless the property which is the subject of the application is located in an industrial "I" or "M" zone as shown upon the map of the Building Zone Ordinance of the Town of Oyster Bay.
- A written consent duly acknowledged by the owner, mortgagee and all other persons having an interest in the premises, showing their names and residence addresses.
- Receipted tax bills or a certificate from the Receiver of Taxes of the Town of Oyster Bay or the Nassau County Treasurer showing payment of all taxes and assessments against the property to the date of the application.
- A certificate of the Commissioner of Public Works of the County of Nassau that the proposed excavation and the finished grades as proposed on the aforesaid map will not have any adverse effect upon existing or proposed surface water drainage or sanitary sewage facilities.
- A certificate by the Commissioner of Agriculture and Markets of the State of New York, or his duly authorized agent or representative, stating that any topsoil to be removed from the premises is apparently free of Golden Nematoide of Potato.

Section 4. HEARING ON APPLICATION:

(a) Not less than 20 days after receipt of an application for any permit required under this ordinance the Town Engineer shall transmit the same to the Town Board together with a report containing recommendations or statements as he shall deem pertinent thereto.

- Thereafter, the Town Board shall cause a public hearing to be held upon the application after causing notice of such hearing to be posted and published in the manner prescribed by the provisions of Section 130 of the Town Law of the State of New York for the adoption or amendment of an ordinance.
- At such hearing the Town Engineer or any other person employed or retained by the Town in connection with such application

(Continued on page 8)

LEGAL NOTICE

(Continued from page 7)

may submit further, additional or supplemental oral or written reports, which reports may, in the sole discretion of the Town Board, be made or read at such public hearing, or be made available for public inspection during the hearing. Nothing herein contained shall be deemed to prevent the Town Board or its members from making, or causing to be made, independent investigations before, during or after such hearing, or to prevent the Town Board from considering and acting upon information and advice received as a result of such independent investigation.

c. No permit shall be issued by the Town Engineer unless and until authorized by the Town Board after the public hearing provided for in paragraph "b" of this section.

d. The Town Board shall not authorize issuance of a permit hereunder by the Town Engineer unless it has made all of the following findings, which need not be based only upon information provided at the required public hearing but may also be based upon other information or knowledge obtained by the Town Board or its members, however or whenever obtained:

(1) The proposed operations will not interfere with the surface water drainage plan of the area nor endanger any street, road or highway;

(2) The circumstances of the location and the terrain are reasonably adapted to restoration and rehabilitation to the end that the premises will not become desert or waste land or cause soil erosion following completion of operations;

(3) The circumstances of the location and the terrain are such that conditions and safeguards may feasibly be imposed to assure that the premises will not constitute an "attractive nuisance" or threat to the safety of children;

(4) The use will not cause undue traffic hazards;

(5) The use will not cause undue vibration, noise or wind-blown dust or sand;

(6) The use will not change the established character of the neighborhood or depress the value of other lands generally in such neighborhood.

e. The issuance of a permit hereunder shall not constitute authorization for washing, screening or processing upon property located in an industrial zone as established by said Building Zone Ordinance, upon payment of the requisite fee therefor, may be joined with and heard at the same time as the hearing on the application for the permit required herein.

Section 5. PERMIT - ISSUANCE: No permit shall be issued hereunder except by the Town Engineer after authorization by the Town Board as provided in Section 4 hereof. All such permits shall be issued subject to the following terms and conditions, and such others as the Town Board may deem necessary for the purposes of protecting the public health, safety and welfare, promoting the most advantageous use of property in the Town, preventing loss of value of the premises subject to such permit and other property in the vicinity thereof, and the other purposes set forth in Section 1 hereof:

a. Regardless when such permit or renewal thereof be granted, it shall expire on December 31st of the calendar year during which it is issued.

b. The applicant shall pay a fee of not less than \$750.00 before any permit or renewal thereof may be issued. Such sum shall be paid for each 10 acres of property, or any portion thereof, proposed to be excavated or regraded or

from which certain materials are to be removed for any purpose whatsoever during each calendar year, or any portion thereof, during which a permit shall be in effect. However, in the event of a denial of the application for a permit, the sum of \$500.00 or such portion thereof as the Town Engineer shall certify has not been expended in connection with the investigation and proceeding of the application, may be refunded upon a claim therefor in the usual form required by the Town Comptroller after audit thereof by him. No allowance in fees may be made because the rights of the permittee may not be, or may not have been exercised throughout the entire permit period. Renewals of permits may be issued by the Town Engineer for payment of one year periods upon payment of the fee therefor (\$750.00 for each 10 acres or portion thereof proposed to be excavated or from which certain materials are to be removed) during the renewal period, provided all conditions upon which the original permit, or renewal thereof, was issued have been complied with by the permittee (or his successor in interest) at the time of application for such renewal, without any further public hearing by the Town Board, and without the approval by said Town Board.

c. Before issuance of a permit, the applicant and owners of the premises (as principals) shall execute and file with the Town Clerk a surety company bond, of a surety company authorized to do business in New York State to be approved as to form and executed by the Town Attorney, conditioned upon the faithful and punctual performance of the work of removal and excavation and the restoration and rehabilitation (where required) of the area or portion thereof covered by any permit or renewal thereof, and further conditioned upon full compliance with the provisions of this and other ordinances and applicable rules and regulations of the Town of Oyster Bay, and such bond shall provide for indemnification of the Town of Oyster Bay and its Superintendent of Highways against damage to any property or highway by virtue of the issuance of such permit, and against the cost of completion of the proposed work and the restoration and rehabilitation of the premises affected thereby. The penal amount of such bond shall be determined by the Town Board.

d. In case of any default or failure to perform the work proposed or required to be performed or to furnish the materials required to be furnished by a plan of restoration and rehabilitation approved by the Town Board, at or before the time specified in the schedule of progress for such work approved in connection with the issuance of any permit hereunder, or in case of failure to comply with the provisions of this ordinance, rule or regulation of the Town Board or Town Engineer, all work authorized to be done under the provisions of the permit theretofore issued shall cease. The bond furnished as security for the performance of such work shall be forfeited unless within sixty (60) days after notice by regular mail addressed to the permittee at the address stated in the application the permittee shall cure such default or failure. The notice to cease work because of such default or failure of performance may be given at any time after the discovery by the Town Engineer or other town employee designated for such purpose of such default or failure, and no such default or failure of performance shall be deemed waived or excused by any delay or failure to mail notice thereof or by any subsequent renewal of a permit under this ordinance.

Said bond shall remain in full force and effect until released or until the original amount thereof is reduced by the Town Board upon issuance of a certificate of completion or of partial completion by the Town Engineer, certifying that all provisions of this ordinance and conditions of the

permit have been fully complied with. Application for such certificate shall be made by the permittee, owner, lessee or his agent in forms to be furnished by the Town Engineer, and shall be accompanied by a topographic map prepared as required by the provisions of subsection b of Section 5 of this ordinance. It shall also be accompanied by a certificate of a surveyor or engineer duly licensed by the State of New York as to the amount of topsoil remaining upon the ground required to be restored and rehabilitated and that the other requirements for restoration and rehabilitation contained in this ordinance have been fulfilled.

In the case of a cash deposit or deposit of negotiable securities may be made with the Supervisor of the Town subject to the same approvals, conditions and forfeitures specified hereinabove.

Section 6. DEFINITIONS: For the purpose of this ordinance, the following definitions of terms shall apply:

1. A "Sand Bank Excavation" is hereby defined as any excavation of stone, gravel, sand or other mineral materials from property having an elevation higher than the crown of the adjacent or abutting street, road or highway or the means of access thereto from the nearest street, road or highway; provided, however, that no premises may be excavated to a greater depth than 18 inches above such street, road, highway or means of access.

2. A "Sand Pit" is hereby defined as an excavation extending to a depth of more than 18 inches below the grade of the crown of an adjacent or abutting street, road, highway or access thereto, and such excavations are hereby prohibited.

3. "Topsoil Stripping" shall consist of the removal from any given premises of soil, earth or organic material which ordinarily gives sustenance to natural vegetative growth. Such soil, earth or organic material must be allowed to remain upon, or must be added to all property within the Town of Oyster Bay which are filled in or the grade of which is altered from naturally existing contour, so that it shall have a depth or vertical thickness of not less than six inches, whether such premises comprise excavated or filled lands.

Section 7. LIMITS OF EXCAVATION: No such excavation shall be made:

(a) within 20 feet of any property line and unless the side walls of such excavation remain at an incline of not less than one (1) foot in vertical measurement to two (2) feet of horizontal measurement, or are made safe and stable by any means approved by the Town Engineer;

(b) unless adequate barricades shall be erected and maintained;

(c) unless provisions acceptable to the Town Engineer shall be made to eliminate or reduce, insofar as possible, the hazard and nuisance of dust and other matter being carried by the wind or surface drainage waters from the premises for which a permit has been issued onto either the premises of others adjacent immediately thereto or onto any other road, street, or highway;

(d) any barricade to be erected under the provisions of this section shall be erected along or within the property line of the premises for which such permit is issued;

(e) the Town Engineer may require that the applicant, its successors or assigns, may be required to use chemicals or other materials to prevent nuisance from the flying dust, sand, gravel or other particles due to wind or surface water action;

(f) all areas from which trees and topsoil have been removed shall, during the period between August 20th and October 1st in each permit year (provided such activities shall not interfere with the balance of the excavation work permitted under such a permit) be prepared into a loose, level seeded, limed, fertilized and seeded in the following steps:

- (1) Apply ground limestone at the rate of one ton per acre.
- (2) Apply 5-10-5 fertilizer at the rate of 600 pounds per acre.
- (3) Disc area to work limestone and fertilizer into the soil to a depth of at least three inches.
- (4) Smooth area with a smoothing harrow.
- (5) Sow the following seed mixture at the rate of 100 pounds per acre:

Timothy	30 pounds
Kentucky Bluegrass	25 pounds
Redtop	10 pounds
Perennial Rye Grass	30 pounds
Alsike Clover	4 pounds
White Clover	100 pounds

(6) Brush is seed lightly.

(7) Roll firm with ground roller.

(8) Any plan of restoration and rehabilitation, as required by the Town Board or the Town Engineer in connection with the granting of any permit hereunder may provide for a partial restoration and rehabilitation of the property involved, pending completion of operations regulated by this ordinance.

Section 8. NOTICE TO PROPERTY OWNERS: The applicant shall notify all property owners of record owning property within 200

feet of the perimeter of the premises for which such application is made, such notice to be delivered either in person or by mail not less than seven (7) days prior to the date of the public hearing required to be held hereunder, and the applicant, its or his attorney, shall file with the Town Clerk at or before the time of such hearing an affidavit duly and regularly sworn to setting forth the time and the place when and where such notices were served or were mailed together with the names and addresses of the persons to whom such notices were delivered or mailed.

Section 9. PENALTIES: For any and every violation of the provisions of this ordinance, the owners, agents or contractors of any building or premises where such violations have been committed or shall exist, and the lessee or tenant of the premises where such violation has been committed or shall exist, and the owner, general agent, contractor, lessee or tenant in which part of said violation has been committed or shall exist, and the general agent, architect, engineer, surveyor, building contractor or any other person who knows, permits, takes part in or assists in any such violation, or who maintains any premises in which any such violation shall exist, shall be guilty of an offense punishable by a fine of \$100 or imprisonment for not more than 6 months, or both. Each day that the said violation is permitted to continue shall constitute a separate additional violation. Such fines or penalties shall be collected or imposed as like fines are now by law collected and imposed.

Section 10. CIVIL ENFORCEMENT: Nothing contained in the preceding section of this ordinance shall prevent the Town Board from maintaining an action or proceeding in the name of the Town in a court of competent jurisdiction to compel strict compliance with the provisions of the ordinance, or to restrain by injunction the violation of any of the provisions of this ordinance or any rule or regulation promulgated hereunder.

Section 11. SEVERABILITY: If any clause, sentence, paragraph, section or part of this ordinance shall be adjudged by any court of competent jurisdiction to be illegal or void then such clause, sentence, paragraph, section or part shall be deemed severed from this ordinance and the remaining provisions shall remain in full force and effect and its provisions strictly enforced.

Section 12. AMENDMENT: The ordinance heretofore adopted by the Town of Oyster Bay on the 13th day of October, 1959 regulating sand and pit, topsoil removal and other excavations is hereby amended.

This ordinance as amended shall take effect in accordance with the provisions of the Town Law of the State of New York.

BY ORDER OF THE TOWN BOARD OF THE TOWN OF OYSTER BAY
William B. O'Keefe,
Town Clerk

Dated: Oyster Bay, New York
December 26, 1961
STATE OF NEW YORK)
COUNTY OF NASSAU)
TOWN OF OYSTER BAY)

I, WILLIAM B. O'KEEFE, Town Clerk of the Town of Oyster Bay, DO HEREBY CERTIFY, that I have compared the preceding with the original thereof and that the same is a true and correct copy of the amended ordinance duly adopted by the Town Board of the Town of Oyster Bay at a meeting thereof held on the 20th day of December, 1961.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seal of said Town, this 2nd day of January, 1962.
(SEAL) WILLIAM B. O'KEEFE,
Town Clerk

Wish I'd Said THAT

"A small town in the only place where sound is faster than light."—William L. Ziegler, New Oxford (Pa.) Item.

"How much Federal aid did the Pilgrims get? They were in a depressed area—and no one guaranteed them high prices for anything."—William L. Kinney, Marlboro Bennettville (S. C.) Advocate.

"Never have so many people lived so well so far before."—B. J. Dahl, Chewatch (Wash.) Independent.

"Know what this country really needs? It's a new child labor law to keep kids from working their parents to death."—Kenny Bennett, Greencastle (Ind.) Graphic.

"Bernard Becker, speaker at Friday night's buffalo barbecue for visiting cattlemen, said that it takes 92 muscles to frown—and only seven to smile."—Emory and Margaret Cross, Bonnett (Neb.) Rock County Leader.

"Try asking a gal to give a no-hands description of a dress."—Bert Masterson, Hartdale (N. J.) Masterson Press.

"How is it that a husband who bowls half the night without making a strike can manage to knock over all the milk bottles on the porch?"—Edward J. Franta, Cavalier County (Langdon, N.D.) Republican.

"Without private enterprise—great and small—the United States today would be numbered among the underdeveloped countries of the world, seeking capital and aid from abroad."—Hamilton V. B. Riggs, Fillmore (Calif.) Herald.

"There's many a man of letters who wishes he had 'em back."—John L. Teets, Richwood (W. Va.) Nicholas Republican.

"Steel companies didn't like President Kennedy's plea for price stability. They think it showed a lot of brass."—John C. Porter, Rexburg (Ida.) Standard.

"A man's body is extremely sensitive. Pat him on the back and his head aches."—S. E. McKee, Ovid (N.Y.) Gazette and Independent.

SHORT AND SWEET

The French are among the fastest speakers in the world, pronouncing about 350 syllables a minute. The American male speaks about 150 syllables a minute; the American female outpaces him with 175. Ever use the expression "by hook or by crook"? It's an old forestry expression. The hook was a pruning hook, the crook a shepherd's crook.

Gretchen Robinson of Paradise, Calif., writes that Los Angeles drivers seem to be playing a freeway game called rushing roulette. At Interlake, N.Y., Theodore Tuttle's car sideswiped another vehicle. The driver of the other car was his wife.

The 109-year-old police station on West 35th St. in New York still bears signatures of Civil War prisoners. Scratched on the walls... Of the 4 1/2 million companies in the U.S., only 38,000 are big enough to employ over 100 people. Of these 38,000 big companies, only 500 have over 2500 workers.

Nebraska now has a law that barbers have to charge \$1.25 for haircuts or lose their license. Casper, Wyo., has 40 millionaires, or one for each 1,000 people. Ohio spent \$2 per public school pupil per year—but that was in 1863!!! Nebraska Rockefeller of New York gets the highest annual governor's salary, \$50,000. Governors of Arkansas, Maine and North Dakota get the least, \$10,000 each.

It's strange how all those countries with chips on their shoulders never have to put them in the pot. Susan Delight is food editor of the San Diego (Calif.) Union. The largest denomination of any U.S. government bill in existence (not currently issued) is \$100,000. The bill bears the portrait of Woodrow Wilson.

WISH I'D SAID THAT

"The person who has everything should be quarantined."—Albert W. Qualtebaum, Pike County (Zebulon, Ga.) Journal.

"I always think of Hawaii as the place where men make passes at gals who wear grasses."—Kenny Bennett, Greencastle (Ind.) Graphic.
"Lincoln's Gettysburg Address has 226 words, the Lord's Prayer has 56 and the Ten Commandments 297. Just for the record, the words in a Federal order dealing with the price of cabbage number 26,911."—Leroy Tabler, Rimersburg (Pa.) Record.

"Highway safety note—watch out for schoolchildren, especially when they are driving cars."—Edgar R. Apkin, Onaway (Mich.) News.

"Too many people in government are telling business men what to do and how to do it. A great many of these loudmouths couldn't run a pea-

PRODUCER GUY LOMBARDO watches Robert Moses, President of the Long Island State Park Commission, sign contract which will assure the return of "Paradise Island" to the Jones Beach Marine Theatre during the 1962 season. The spectacular Hawaiian Fantasy will open on June 27.

nut stand and make it a profitable operation. We can even remember a former President who fouled up a small business."—Fred McKinney, Brewery Gulch Gazette, Bisbee (Ariz.)

ABRAHAM & STRAUS

Around The District

by Joe Koerner

Illness in the Koerner household, kept this column out of print, last issue, but now that the action has faded, we're ready to resume business.

HOOP HI-LITES—The Comet Artimes are as hot as the proverbial pistol these days. They're operating under a full head of steam with an unbeaten skien of 6 straight going for them. Win number 6 was pulled in Friday night with Island Trees taking the short end of a 71-67 decision and wins number 4 and 5 were registered in the East Meadow Invitational Tournament held at the Clarke High School, over the Christmas vacation period. The Comets went all the way in the tournament, taking East Meadow in the semi's 55-41 and Great Neck North in the finals by a score of 74-59. Big Mike Clair was the hot Comet in the scoring department getting 15-29-32 for both games. Clair also gathered in 27 rebounds in the Northern tilt. Other Comets scores for both games were, Chris Coletta, 12-12-24; Vin Coletta, 4-13-17; Billy Luft, 6-8-14; Frank Coletta, 4-8-12; Chip Jaworski, 9-3-2; Vinnie Hannigan, 4; and Norbert Sanberg, Bill Dylewske, and John Smith closed up shop with 1-1-1.

In the 6th straight win, a non-league shuffle vs. the Treemen, Friday night, the Comets took the 71-67 share of a 71-67 decision. Chris Coletta took the hot Comet by netting 26 points. Clair got for 14, Jaworski and Frank Coletta dumped in 10 apiece. Vin Coletta accounted for 7 and Vin Hannigan completed the Comet scoring act with 4. All in all, this Comet quintet is showing signs of going all the way this year. Its a well knit ballclub and my crystal ball tells me another trophy will be making its way to the Hall of Hicksville this year.

J.V. Coach, Stan Kellner and his squad came close in this very same tournament by taking the semi-finals in stride 58-12 but in the final chase for the tournament

thru, they were knocked out of contention by Great Neck North, 68-47. But, win, lose, or draw, this is another outfit that should be adding another cup to Chet Jaworski's well stocked larder.

MAT NEWS—Jayvee wrestling coach Bill Meyer reported a Christmas Tournament win for his squad in the "East Meadow Invitational," also held at the Clarke High School. Outstanding performance setting up the 51 point Jayvee win were, Bob Swinick, Jerry Foyes, Bill Powers, Jerry Pezzarola, and Nick Trémacoste. All topped a pair of wins. The Comet Varsity, also entered in this "Mat-drama" which had 4 schools participating, didn't quite emulate the feat established by their Juniors. But they did get 6 of their boys into the finals. Bill Starke, Robin Winkler, Pete Anselmo, Steve Smith, Ken Brady, and Joe Cafara won in the semi's, with Ken Brady and Robin Winkler also winning their matches in the finals.

WEEKEND SCOREBOARD—A Sunday night call to J.V. Basketball coach, Stan Kellner, established the fact that his quintet had also joined their big brother in the weekend win department. That made it a clean sweep for both Comet squads over Island Trees. As was already stated, the varsity clipped the Treemen 71-67 in the nightcap and the J.V.'s came up with a 62-56 decision. Bruce Damon was the Hot Jr. Comet with a 33 pt. tally. George Rivas got 10; Paul Colosono chipped in with 6 and Tome Kumiga closed out with 5. Coach Kellner went on record as being well pleased with his squad's 5-1 record. "This had been the toughest game of the year," he stated. "A couple of 6 foot Treemen were covering the backboards like Omar the tent-maker and we were forced to get this win from the foul line."

DISTRICT DATA—Walter Zabel, Head Custodian of the Sr. High, a veteran with 41 years of District service, is reported on the mend

after a series of checkups in the Plainview General Hospital. Zabel has been away from the job for over a month due to complications caused by a blood clot in the leg. He is scheduled to retire in August and the news of his complete recovery in a matter of a few weeks makes his plans for a Florida retirement take on a brighter hue. A comrade in arms during Zabel's sojourn, was School Board President Robert Eaton. Both had been members of the "Share the Ward Assn." for a few days.

Another bit of good news concerns the recovery of Josephine Fischer, wife of Sr. High night custodian Fred Fischer. Mrs. Fischer had undergone surgery at the Nassau Hospital in Mineola and is now convalescing at home.

A young old-timer, met another young old-timer one day last week in the new Superintendent of Bldgs.

Final Call for Young Bowlers

The St. Ignatius Loyola Bowling League will hold its final registration, Sat., Jan. 13, at the Market Lanes Bowling Alley at 1:00. The league is for both boys and girls between the ages of 10 through 16.

and Grounds office in the Sr. High School. Fred Herzog recently retired after 20 years of custodial service with Dist. 17, came in to pick up his last pay check and had the pleasure of Meeting Wilbur Chamberlain, newly installed Superintendent of Bldgs. and Grounds for the district who took over his duties Jan. 2. Both exchanged cordial handshakes and wished the other well in their new duties. A retirement party has been scheduled for Mr. Herzog at the Sr. High School, Saturday Jan. 20. The sponsors of the affair, the Hicksville Chapter of the C.S.E.A., have announced a big turnout is expected.

The car is becoming a status symbol. Our purpose in getting into one is to wait in a traffic jam while empty trains go by.

They Had Parking Problems Even Then

In 1906, a small town in a midwestern state passed an ordinance which read: "When two cars approach a grade crossing at the same time, both shall come to a complete stop and neither shall move until the other has passed by." Insurance Information Institute.

What YOU can do to fight COMMUNISM AND PRESERVE

ALERT yourself—learn the true nature and tactics of communism.

MAKE civic programs for social improvement your business.

EXERCISE your right to vote; elect representatives of integrity.

RESPECT human dignity—communism and individual rights cannot coexist.

INFORM yourself; know your country—its history, traditions, and heritage.

COMBAT public apathy toward communism—indifference can be fatal when national survival is at stake.

ATTACK bigotry and prejudice wherever they appear; justice for all is the bulwark of democracy.
