Predictions given to us that it would only take a week to topple the Hicksville Water District tank off Bethpage Rd proved to be a little optimistic. The tower is still there but the curious onlookers have moved most of the roofing and portions of the sides. LARRY ANDREWS, a longtime friend who has been deputy commissioner of Public Works, is the latest victim of the Democrat take-over of Nassau government. He has been advised by the new administration that it wants to have its own apparatus handling public relations. Help the Police Boys Club when members come calling on Sunday afternoon, Jan. 28, selling boxes of the grade chocolates at \$1 a box. Registration for the Hicksville Adult Education spring term is now taking place, Monday thru Thursday, at Hicksville Senior High from 7:30 to 9 p.m. It continues next week. The Nassau & Hicksville Building is happy to have a special present from Hendrickson Bros., the general contractor on the LIRR grade crossing elimination project.

Congratulations to Mr. and Mrs. FRANK Bavero, of 2 Northampton Gate, Bethpage, who will celebrate 25 years of wedded bliss on Jan. 27. They will have a party with friends and relatives at their home. Daughter, ROSALIE, is treasurer of the Hicksville Republican Recruits. The Hicksville Republican Recruits will hold a dance, Friday, Jan. 26, at the Alibi Manor, 1040 Old Country Rd., Plainview, at 9 p.m. Birthday congratulations to RITA CABBE of Miller Circle who celebrated her natal day last week. Best wishes to ELAINE GIPPI and DICK BURKE on their recent nuptials.

Our sincere sympathy to the GIESE family of Lee Ave. on the death this week of their beloved father and longtime friend of ours, CHRISTIAN GIESE. Also sympathy to our friend Mrs. MARGE GIANNELLI of Bay Ave. on the death of our old pal, BILLY. Sorry the names of Mrs. MILLIE BUONAGIARA and our little baby, LEON SOKOLOFF, were misspelled in last week's column. MOM BERGEN of Park Ave. beaming with pride when she shows off the picture of son Timmy who spent some time home over the holidays. Tim is with the Army overseas. Thanks to CATHY LOUCKS for our little January appointment card. Cathy is prop of that nice little Hicksville Gift House, Lee Ave. & S. B'way. Heard something interesting about our friend FRED WALTERS of Walters Liquor Store, W. Marie St. He will be among the sports car racers in the Canadian Winter Rally, which starts in Toronto, Canada, Feb. 9th. The course will be from Toronto, to North Bay, which is 1350 miles and then back to Toronto. Good luck, Fred, from all your local friends.

Hicksville School Board will hold a brief, special meeting tomorrow (Fri.) night to adopt a resolution which will set the wheels in motion for the sale of some two million dollars in bonds authorized by the referendum of Nov. 1959.

WILLIAM R. MANDARO has been appointed plant manager of the Atomic Energy Commission operations section of the Sylvan Station of Sylvan Electric Products Inc. on Central Islip Rd., Hicksville. He is a resident of West Babylon. TED BARASH of Jericho has been appointed vice president and director of promotion of the Bureau of Advertising of the American Newspaper Publishers Assoc., effective Jan. 29.

A new book "When Wilmy Birthday Be?" written by LETTA SCHATZ of Hicksville will make its appearance on Feb. 7. It is being published by McGraw-Hill Book Co. At present Prof. and Mrs. SCHATZ are in West Africa where her husband has been given a one-year research grant by the Ford Foundation to study economic development in Nigeria. They are accompanied by their two children.

St. Closing Put in Town's Lap

Hicksville Board of Education has, in effect, tossed the question of closing Willett Ave. at the point where it turns north into Westmoreland Rd. back into the lap of the Town of Oyster Bay. Certain of its rights to the property at this intersection, various members of the School Board at a recent meeting, expressed their concern for the safety of bus children who will be attending the Willett Ave. K-3 elementary school.

Two spokesmen for the Trade Secrets area home civic association were present. Also present was Carl Grunewald, chairman of the Zoning Board of Appeals. When Councilman Henry McInnes

did not appear, Grunewald spoke for him.

Trustee Jerry Zettler noted that residents of the area affected have started to use a rough continuation of Andrews Road, south of the area in question. He suggested that the town take steps to acquire the property in that section to provide an means of egress.

The Board told its visitors that it would take no action on gating

the street at the point in question until the new school building is ready for use, probably by August or September.

GENERAL MEETING

Sisterhood of Congregation Shaare Zedek will hold a membership meeting on Monday, Jan. 22, at 9 p.m., at the Vestry Room on E. Barclay Street, Hicksville.

MITCHEL HEARING

(Continued from page 1)

when my family took up residence there, airplanes had been flying in and out of Mitchel for some time.

"I requested the opportunity to be heard at this hearing because I have been dismayed, as a working newspaper man, by the one-sided coverage given to the proposed operation of Mitchel as a general airport by two daily newspapers with concentrated circulation in our County.

"Contrary to the barrage of lopsided reporting in these dailies, there is in fact a very real and earnest interest on the part of Nassau County people in retaining a portion of Mitchel as a County airport.

"During the past 13 months or so we have published editorial comment on the subject which has drawn endorsement from our readers.

"Hicksville Chamber of Commerce with a membership of some 200 leading business concerns has gone on record in favor of retaining a portion of Mitchel for a general airport.

"I herewith offer copies of editorials we have published on the subject. I am also offering copies of editorials published in sixteen other newspapers in Nassau County expressing interest and concern regarding the Mitchel Field future. Many of these local newspapers are published within a hefty stone's throw of Mitchel.

"I have also prepared extracts of editorials be the subject which have appeared over a 13-month period in the Long Island Commercial Review, as well as copies of two editorials published by the New York Journal-American.

"Nineteen newspapers, including the NY Journal-American, have spoken editorially on the desirability of this public hearing. Some of them have gone further and called for the operation of a general airport.

Name Leaders For LI CARE

The Nassau and Suffolk County Executives have been named Honorary Chairmen for their respective counties, on the Long Island Committee for CARE it was announced by Sidney P. Lipkins, Chairman of the Committee.

Lipkins, a resident of Kings Point, said that Nassau County Executive Eugene H. Nickerson last week launched the 1962 CARE campaign in his county by purchasing the first CARE parcel to be sent to Viet Nam from this area.

The Long Island CARE Committee, with headquarters at the Broadway Maintenance Corp. building at 314 North Broadway, Hicksville, according to Lipkins, will conduct campaigns in more than 100 communities of Nassau and Suffolk Counties in support of the CARE program in feeding an average of 20,000,000 persons each month in all parts of the world.

as a necessity for the Nassau community.

"Thank you for the opportunity to be heard."

Another major proponent of airport operation at Mitchel was Morris Rochman, former Hicksville resident, who is past president of the Long Island Assoc. and is the brother of Aaron Rochman, past president of Hicksville Chamber of Commerce and Hicksville Rotary Club. Morris now makes his home in Great Neck.

Jericho Knights Sponsor Teen Club

The Jericho Lodge #846, Knights of Pythias, has initiated its youth program by forming a teen-age group with membership open to all residents in the community. The Knights of Pythias is a worldwide fraternal order among whose many community endeavors is a singular desire to aid all youngsters to achieve a stature and a sense of responsibility preparing them for a useful adult life.

This program was instituted as a result of many teenage requests and because just such an organization was deemed a necessity to help promote juvenile decency. Many adults have criticized the behavior, antics, and wrong-doings of our local teenagers without providing an organized, workable solution in accordance with the teenage point of view. The Pythian Order believes that teenagers given the right opportunity, guidance, and challenge can prove their positive worth beyond the expectations of their greatest critics.

It is upon this note that the Jericho Knights have arranged the establishment of a teenage youth group. Many teenagers in the area were canvassed and were found very excited by the mere mention of a meeting place for holding organized social and recreational activities. Quite a number of these youngsters have attended the first two meetings at the Robbins Lane School and have enjoyed themselves dancing, playing basketball, and indulging themselves in refreshments.

It is the intent of the Pythias Youth Committee that the Robbins Lane group act as a pilot program, from whose experiences will result in the establishment of similar groups in each of our local schools. This group shall endeavor to operate on its own wherever possible, organizing its own social, athletic and service programs and solving its own problems with a minimum of adult intervention. They have elected temporary officers and conducted their business meetings admirably.

They wish at this time to extend an invitation to many more teenagers to join them in their many exciting programs. For further information, kindly call B. Bernstein, WE 5-0641 or J. Van-Asco, OV 1-2496.

How to Save Money Without Really Trying

By Horace Sterling

SPECIAL 3 YEAR FREE CONTRACT OFFER CLOSES FEB. 28. Careful calculations, making temperature corrections for the difference in severity of the winters and price corrections for changes in market conditions over the past four years, indicate that I have saved 13.5% in oil consumption and 18.0% in fuel costs by changing oil companies. The greater cost savings over consumption savings is due to the effect of the 1/2¢ per gallon rebate and the 2% discount.

The comparative figures on which this conclusion is based are yours for the asking if you write me or The Villager. Further savings are anticipated due to the recent thorough cleaning of the furnace.

Why not save close to 20% of your fuel bill, have extended parts coverage and round the clock service by switching to RELIANCE? Owners of Nevadas with separate oil burners for domestic hot water get full burner parts coverage, hot water storage tank excluded.

TEEN TALK

By Carol Horn

The teens talk, the teens talk incessantly as a matter of fact, but what do the teens talk about? The twist? Most emphatically yes, but this conversation is common amongst people of all ages today, and the twist, to the disbelief of many is not the center of the teens talk or activities. The teens of Jericho, as teenagers everywhere have many varying interests. A few short weeks ago the teens of Jericho High talked in a debate on whether or not China should be admitted to the United Nations. The discussion was very interesting as could be regarded from the viewers expressions of enthusiasm. It was an example of how the teens take sincere interest in current events and are aware of the pertinence of world situations. The teens talk about college, a future, higher education and what they have chosen or will choose to do with themselves upon reaching adulthood.

Yes, the teens talk; both on and off the telephone, the teens twist anywhere and everywhere, the teens talk while twisting, but the teens talk isn't twisted talk--after all, we are the future generation.

Indian Lore of Long Ago

By Herbert Hale

In the yesteryears of long ago, on Long Island, there lived many Indians and there were a number of Indian villages where they lived. These were usually near the Sound shore and along streams where fresh water flowed in abundance or by fresh water springs as the Indians had to have fresh water for daily use in cooking and to quench their thirst.

The time was centuries ago and Indians held forth on this island and roamed about in search of animals and birds for food, besides, they were good fishermen, and used a lot of fish for sustenance. Clams, oysters, and shellfish were a big item in Indian existence and they gathered large quantities of these frequently as need demanded. Even today, the location of where these villages and habitations were, can be easily determined by the shell deposit strata left behind by these aborigines, who carried the shell fish to their villages and upon opening the shells cast them down on the ground and, as in some place, the shell upon shell made quite a thick layer of shell deposit, of

which much is in fragment form today. It usually is a few inches under the surface as the succeeding centuries a deposit of earth or topsoil spread over it.

It was not until the coming of the white man, that Indians ever saw any or dreamed of them. In fact, they first thought they were gods—white gods, when they first set foot upon the soil of the Western Hemisphere.

In the days so far back in the past, Indians considered Long Island a fine place to live as it had plenty of fresh water, fine streams, although some were small ones. Plenty of fish was in the waters on and around Long Island. Shell fish was in abundance and there was very good soil or earth in which to grow their crops that the squaws planted and cultivated. Later in the season, it was harvested and some was laid up for along winter's usage for food. Fish was sun-dried and stored for the harder and colder days when it would not be easy to fish and hunt and meats were smoked for keeping also.

Some of the Long Island Indians were part of the great eastern Algonquin Nation from the mainland across the Sound. The Long Island Indians were mostly peaceful people and they were in the habit of paying tribute to Indians across the Sound as they learned it was safer for themselves, squaws and papooses, or families, if they supplied the invaders with wampum or shell money and shell designed belts that they made.

They used whelk shells for some of the light colored wampum and hard shells for the darker colored sewan as it was sometimes called.

The island was called by Indians, "Paumonok", which meant Island of Tribute, and it also was spoken of as Sewanahaka, which meant Island of Shells. This was in the deep, dark past of about 3 centuries ago or so when it was the custom to pay tribute to the marauders who crossed the sound in large boats made of big tall

TOWN CLERK William B. O'Keefe, at the extreme left, conducted the installation of these new officers of the Ernest F. Rancke Republican Club of Hicksville at the Masonic Temple, Friday night. three trunks hollowed out for such purposes. It seems the shell or wampum was in quite some demand by mainland Indians and they came over the water especially for it and were prepared to take it by force if any resistance was shown.

The Indians of Long Island were in thirteen tribes, not large ones as in many places on the mainland. Each tribe had a name and they were named mostly by location where they lived. The Indians in residence around Oyster Bay Town were Matinecock, while further south were Merricks, and Massapeguas. At the western end of the island were Carrarries and at the far Eastern point were Montauks.

There are perhaps, two Indian reservations left today. The big one is for Shinnecocks at Southampton, with a number of Indians still living there. Some more or less mixed lines, The Tackapausha Reserve, is now a County Park to be kept that way.

FIRE HORN

(Continued from page 1)

when you want to be, when you are extremely careful or when you are continually doing your best to prevent fire from menacing you and your loved ones.

Until Jan. 5, day and night, Fire Chief Walter Wertheissen of the Hicksville Fire Dept. could not heap enough praise on you the citizens. You were wonderful. A faint ray of light and hope was there. Were the citizens finally grasping the message? He was quoted as saying "If they can survive the most fire prone season without a fire, think what they can do the rest of the year! For 13 days covering the period from Dec. 24, 1961 to Jan. 5, 1962 there was not one fire. Think of it, 13 days in a city the size of Hicksville without one call. Why in many cities of the same size there are 13 calls in one day.

Don't begin to stick your chest out yet. Let's cover the next 10 days from the 5th to the 15th of January. In this period we had a total of 15 calls. Back to the same old story, House fire - cause - Christmas tree, Mattress fire - Cause - smoking in bed, House fire - Cause - overheated heating system, House fire - Cause - Children playing with matches. You should have heard Chief Wertheissen then! O.K., you say these are accidents, fine, but do you really and truly think so. Safety becomes important only after you have had an accident. Let's face

it, this accident is often not an accident nor accidentally caused. This business about an accident resulting unexpectedly without prior knowledge is really a lot of 'hogwash', most of the time. If we would only think first about our acts and things we do or permit to happen. For example, do we always let our children play with matches? Don't we ever have our heating system cleaned and inspected periodically, and of course we always go to bed and have that one last cigarette before shutting off the light.

More than 93,000 people died in accidents of all kinds last year in the United States alone. The economic cost of accidents was about thirteen and one half billion dollars. Including the fire losses in the U.S., this amount is equal to one fifth of the money it takes to run the whole country. In terms, a little smaller the loss in Hicksville during the holidays was nothing, the loss just after the holidays was thousands of dollars.

The essence of safety, whether in the home or fire department is directly proportional to safe conditions and safe behavior. While some people would have you believe carelessness is not the cause the real culprits are unsafe conditions permitted by you and unsafe acts by you.

If we permit the fire rate to continue as it has for the past years we can expect better than 500 calls this year. If we continue at the rate we did over the holidays - well, the solution and your safety is in your own hands. Be careful

The National Safety Council says: "Have good tires—snow tires if you prefer—and use reinforced tire chains for very slippery and severe conditions. With snow tires, or even with the much greater help of reinforced tire chains, slower-than-normal speeds are a 'must' on snow and ice." Avoid skid wrecks and don't block vital traffic this winter.

act safely and have a happy and prosperous New Year.

Above charts, provided by the Safe Winter Driving League, illustrate test results by National Safety Council's Committee on Winter Driving. Research. For each "braking distance" shown, you must add 22 feet, which is distance traveled during average "reaction time" needed to think and get your foot on brake after seeing a reason to stop. Shading and redness in yellow are the major added hazards of winter. Can you see and stop in time? Are your windshield wiper blades giving clear, streak-free visibility? Does your defroster work?

NEWLY ELECTED OFFICERS of the Mid Island Plaza Merchants Assoc. were installed recently. Left to right are former President Arthur Epstein, manager of Food Fair, who is treasurer-elect; Past President John A. Kronrad, manager of SS Kresge's, handing the gavel to Albert Belair of Cortez who accepted the presidency on behalf of Morris J. Jassell; and James Kraus, vice-president elect, who is manager of J.J. Saints Suffer First Loss

St. Ignatius Grammar Basketball team of Hicksville suffered its first loss in Section III of the N.Y.O. League.

St. Edward's of Syosset shooting better than 50% from the floor upset the unbeaten St. Ignatius team 29-28. Coach Bill Kropac's boys tried valiantly to catch coach Bob Eker's St. Edward's club in the closing minutes but were unable to make the big basket. Down points midway in the 3rd period, St. Ignatius could not quite make up.

The set-shooting St. Edward's club led by Lou Bagin, Jim Pepe, and Bob Hyrie with 9, 7, and 7 points respectively, revenge a 18 point loss to St. Ignatius last month.

Al Prosowski's 12 points and McGunnigle's 6 points kept St. Ignatius in the ball game. Augie Reinhardt, Bob Dental, and Tom McAulley's work off the backboard and Jim Gallagher and Steve Gietcher floor play was outstanding.

Coach Bill Kropac's boys have promised to have a new bag of tricks ready for Bob Eker's boys next time they meet. The loss may force a playoff against the once beaten St. Martha team of Inwoodale depending on the outcome of the Jan. 20 St. Martha-St. Martin's of Bethpage game.

Fast breaking Jim Gallagher jinking passes from Augie Reinhardt and Bob Dental got 11 points for the winners.

Jim Beach and Johnny Craft were able to penetrate St. Ignatius lone defense for 10 and 6 points respectively.

L.C.T.A. NEWS—Seniors vs. Juniors—Field Manager, Pat Naso reports another live wired affair on tap for the local Court battle. This one happens to be the 5th annual H.C.T.A. Scholarship Fund basketball game between the Jr. and Sr. High faculties. Looking back at last year's headlines, the record shows the "Hodcarriers" representing the Jr. High quintet, banged out a 66-44 win. At the end of the debacle, the Seniors came up with one of those usual "We wuz a-chubbed," statements and Naso pronounced the pipes will be playing a few tunes for this parlay. "It's 7-10, back to back," he stated only, "and if the going gets tough, we might even use our secret 'Round Robin' play."

"Mind you," he went on, "I'm not threatening anything, but if 'Slicky Dick' Hogan, manager of the Jr. High bunch, pulls any of those cute tricks, we'll be ready for him this time. Last year we didn't complain one bit when he took 7 footers out of Doug Jones, Stan Tucker, and Stan Kellner, by putting them with elevated markers, but when the backboards aren't moving, when we're getting to shoot, that's going a little far!"

Until late last week, the odds were 3 to 1 favoring the Jr. High men when word leaked that Cal Aaronson and Loney George Karadenes, might be ineligible for the fray. It's dropped to even money. It's to league presy, Jim Grantham to whether or not he decides blow the whistle on this pair of backcourt stars. Secret information states that Chet Jaworski will do the whistle blowing for court caper. More secret info states that newcomer Bud "Bunny" former star center with the Alabama "Asphids" and now connected with the Hodcarriers, will be seeing plenty of action this season. Bryan's lifetime average in the southwestern league had been an impressive 59 per game and if he's half his former self, for this upcoming net fandango, my bet goes on the Hodmen with a point spread of about 15 rebounds. Kidding aside, don't forget this Hicksville Classroom Teachers Soc. Scholarship Fund basketball game, on tap for the evening of Sat., Jan. 20, 8 p.m., at the Sr. High Boys gym. Invariant Pat Naso states that the kids are scalping for \$5.50 apiece and there'll be dancing after the game with live music. All this action, plus the fact that the proceeds go to a worthy cause, makes this the H.C.T.A.'s answer to the Madisonian trend.

SIDE LITES—The All Star award of the month goes to Mr. Smith, Manager of the A.S. Beck Store in Mid Island Plaza. Mr. Smith is doing his part in curbing juvenile exuberance by setting aside a section in the rear of the store for local teenagers to meet friends and listen to records. The room has a bulletin board for messages and news items and the observations were that the gathered throng had been exceptionally well behaved.

HOOP NEWS—Jayvee Basketball coach Stan Kellner reports a 1 record for his squad. Wins 1 and 6 were gathered in last week over Carle Place 59-45 and Island Trees 62-56. Bruce Damm was the hot Jr. Comet in both hits hitting for 19 vs the Carle-ten and 33 against Island Trees. This incidentally is the 2nd time his season that Damm has netted 13 points in a single game. Scoring such as this recalls to mind a statement we made, when this young-

man was on the Jr. High team. "He reads a backboard like a Gypsy fortune teller reads tea leaves" was the observation at the time. Keep an eye on this kid. What he lacks in height, he makes up in Court savvy. Coach Kellner also had high praise for his other top scorers. George Rivas, Paul Colosano, Bob Feldscher, and Tom Kumigs. "Colosano and Kumigs did a bang up job off the boards," he stated "and Feldscher opened up the Carle Place zone defense by coming off the bench to score 4 long jump shots."

METEORS WIN TWO—Coach Buddy Bryan reports a pair of wins for his Jr. High courtmen. The first, a 32-25 decision over Sal was, according to Bryan, climaxed by a lot of fundamental mistakes. "I attribute this, to opening game jitters," he said. "The score had been tied 5 times and we just got by." John Walker was top scorer with 13 points. In the second league win of the week, the Meteors shelled Pleasant by a score of 52-28. "Hicksville was a snappy ballclub in this outing" Bryan agreed. Bob Fink dumped in 20 points, and Vinny Hoosack took the 2nd slot with 10. Good rebounding strength by Larry Wesolko and John McKinstry amounted to a lot of outstanding play for the entire squad. "We've a long way to go," the Hicksville coach added, "But we're an improving ballclub and should be winning our share of the games."

VARSITY UNBEATEN—Ed Petros' Comets came up with their 8th straight win last week by taking Carle Place 77-58. Chris Coletta was the Hot Comet with a 22 pt. tally, with Mike Clair taking the 2nd shot with 21.

WEEKEND SCOREBOARD—The Comet grapplers split a pair last week by losing to Great Neck South 29-18 and roaring back on Friday night to cop a 44-8 win over MacArthur. Double wins were registered by Robin Winkle, Pete Anselmo, and Marty Winkle.

The Comet courtmen made it 9 straight, by taking a 62-54 decision over MacArthur. Scoring leaders Chris Coletta and Mike Clair are taking turns in the role of hot Comet for each game. This was Clair's day again with an 18 point tally. Vin Coletta followed with 13 and brother Chris took the 3rd slot with 12 markers.

On the Jayvee side of the court calendar, Coach Stan Kellner reported a 70-49 win for his squad. Bruce Damm was once again the hot Jr. Comet with 23 points. Bob Feldscher, George Rivas, Tom Kumigs, and Paul Colosano flipped in 16-12-7 and 4 to close out the locals scoring. According to Kellner, sharp shooting on the foul line was a big factor in this win with a total net of 22 out of 27 tries. The seasonal records so far is 7-1 and the Jayvees are right on the tail of their big brothers.

PBC Has Something Sweet for You

The Hicksville Police Boys Club needs funds to carry on their many activities for all boys between 10 and 18 years of age in the community. The PBC is not asking for donations. On Sunday afternoon, Jan. 28 (weather permitting), the adult members will accompany the boys on a house to house candy sale. Their goal is to try to reach every Hicksville house on a single afternoon and sell 3,000 boxes of fine chocolates at \$1 a box. All profits on this candy sale will go directly into activities and equipment for the boys.
