# Town Providing Commuter Parking During Elimination

Hicksville Public Library,  
169 Jerusalem Ave.,  
Hicksville, N. Y.

The Town of Oyster Bay is moving forward in several directions to provide both temporary and long-range permanent commuter parking facilities in the vicinity of the Hicksville Station to accommodate vehicles displaced by the RR grade crossing elimination job, it was learned today. In a little more than a month, several hundred autos will be evicted from the immediate station area as temporary track installation begins.

The Town Board will hold a public hearing on Tuesday morning, Feb. 6 at Oyster Bay on the appropriation of \$295,000 to meet the maximum cost of acquiring about three and a half acres at the corner of Newbridge Rd. and along Duffy Ave. Also to be appropriated is \$110,000 as the maximum cost of improvements on this land to provide more car spaces.

Part of the area has been operated for several years as a privately owned parking field. The balance of the land includes the Samuel Schwartz home and surrounding wooded area.

Terms on acquisition of the Schwartz property, it is understood, have been agreed upon. The Town is moving to acquire the private parking field by condemnation.

In addition the Town has negotiated a lease with Empire Moving and Storage for a section of this property on the north side of Duffy Ave. to temporarily accommodate about 140 cars.

Town Councilman Henry McInnes disclosed that he is seeking to obtain the use of a portion of the Mid Island Plaza parking area for temporary use of commuters also.

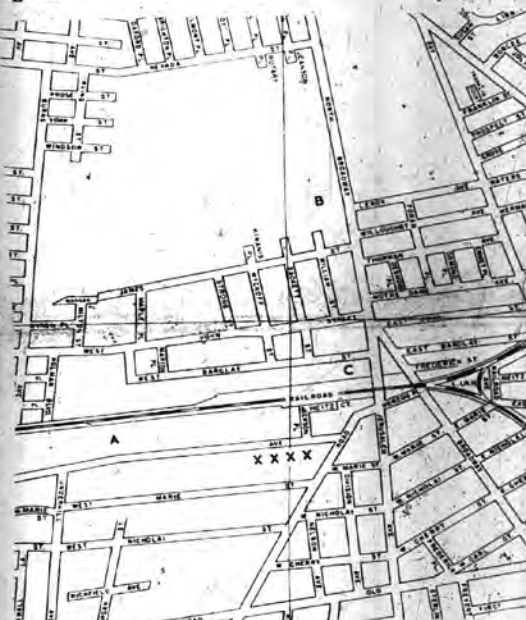

Following a meeting between State Dept. of Public Works and RR officials, engineers and representatives of the general contractor, Hendrickson Bros., it was disclosed that the temporary station will not be located on the site until about April. The temporary tracks thru the former Freight yard which is now used to park commuter autos are scheduled for March.

Public notice in advance of these moves will be given thru the press and by way of handbills attached to commuters' cars.

Meanwhile preparatory work on the \$10 million crossing elimination program is going forward. Several buildings have been demolished, temporary drainage and utility connections are being shifted or installed at key points and galloas of yellow paint has been spread. Trees scheduled to come down at Bay Ave and Barclay St. crossing have been marked. Removal of the water tank at the Bethpage Rd crossing is underway.

State, County and Town officials and business representatives met this week at the Town Hall Annex, 65 Broadway, Hicksville. They included County Clerk Francis J. Anderson, Julius Schwartz, president of Hicksville Chamber of Commerce; representatives of Goodkind & O'Dea, consulting engineers; Horace McAllister Jr., town engineer; as well as representatives of the State Dept. of Public Works, Nassau County Police Dept., Park and Parking Dept. of the Town and the Town Attorney's office.

It was noted that the County Police Dept. has recommended creation of some temporary one-way streets and establishment of some no parking zones while construction is in progress.

THIS AREA marked with XXXX is being acquired by the Town of Oyster Bay for permanent parking facilities. "A" indicates the Empire Storage Warehouse property where the town will lease commuter space. Additional facilities are being sought at "B" on the Mid Island Plaza parking field. "C" designates the location of a temporary station during the RR grade crossing elimination.

## Hohner Head Dies Abroad

The death on Tuesday of this week of Matthew K. Hohner, 69, president of H. Hohner Inc., at Trossingen, Germany, revealed the fact that the international headquarters of the harmonica concern is located in Hicksville. It had been known, of course, for some time that Hohner has an office on Andrews Road.

The firm has branch offices in Germany, South America, South Africa and Asia. It is recognized as the world's largest manufacturers of harmonicas.

Mr. Hohner was visiting his brother, Walter. He made his home in New York City. A native of Germany, Mr. Hohner came to the United States to join his uncle, the late Hans Hohner who had established international headquarters for the family musical instrument manufacturing company in New York City.

He became president in 1928 after the death of his uncle in 1927. Surviving, besides his brother, Walter, is a sister, Mrs. Willy Haller, also of Germany. His wife, Mrs. Marie Hohner, died in 1958.

## Mathieson Directs ARC Fund

The Nassau County Chapter of the American Red Cross has appointed Robert F. Mathieson of 8 Southerland Rd. as its 1962 Fund Director for Hicksville.

Mathieson, an appropriations analyst for the Telephone Co., announced that the Hicksville goal is \$6,560. Solicitation will take place in March, Red Cross month.

Other key appointments announced were Miss Grace T. Stoll of 18 Walter Ave., area fund chairman, and Mrs. March as fund treasurer. Both ladies are well known in Hicksville for their local Red Cross work.

## Dear Jean:

County Executive EUGENE NICKERSON will be made an honorary  
life member of the Sky Island Club and get the traditional "roasting"  
at a fall guy luncheon on Feb. 14 according to LEONARD W. HALL,  
president of the executives' luncheon organization. Watch for verbal  
fireworks early in February. The swimming pool proposal is scheduled  
for submission to the School Board and may appear on the ballot at  
the annual school district meeting in May. We understand the price has  
ranged up to \$750,000 and has now been tempered to a more digestible  
\$350,000. MURIEL KAGANN of 19 August Lane, Hicksville, has had  
her share of trouble, but the tide seems to be turning. She was hit by a  
hit-and-run driver on a LI parkway when she stopped to assist another  
motorist, JOSEPH CURTIS of Valley Stream, who was lying on the  
road near his wrecked auto. Right after that her home was rained by

"ST. JUDAS' WITHIN THE  
WALLS. Prisoners at the  
Eastern Correctional Institution at  
Napanoch, New York are building  
a Catholic Chapel. Their families  
and friends are collecting  
trading stamps of every type and  
sending them to the inmates. These  
are then pasted in books and re-  
deemed to buy materials to build  
the Chapel. WANT TO HELP?

SELL-OUT. That's the word  
on the County Convention Dinner-  
Dance set for the night of Feb. 3  
at the Old Country Manor in Hicke-  
sville. This is a Testimonial to  
Father Walter Tonneck of St. Hed-  
wig's Church in Floral Park. His  
friends are legion and reservations  
came from afar wanting to be on  
hand to pay him honor. Father Gordon  
deserves a big hand for the time  
and effort he put into this affair.  
THE NATIONAL COMMANDER AI  
Schwind has sent word that he will  
be there.

TO SOME WIVES IN THE COUN-  
TY. If hubby was missing all

the night too, chances are that he  
was attending the Nominating Com-  
mittee meeting at Al Zehrowski's.  
As usual AI was the perfect host.  
Tony Perrieri of Levittown had a  
six o'clock appointment BUT he  
forgot which day. Never saw so  
many fellows trying to find things  
to discuss just to keep the convivial

CHICKEN AND CHIPS. A  
nice turnout from surrounding Post

success. My informants tell me

The business session of the

fire. Carpenters and bricklayers of the Building Trades Council have  
contributed their services to rebuild her home. Money has been con-  
tributed by the Bartenders, Hotel and Restaurant Workers Union to  
which she belongs, and from the Wire Lathers Union and dozens of  
friends and well-wishers. The accident on the parkway cost Mrs. Kagan  
the use of an arm. She and her husband and three sons are living in a  
rented house on 123rd Avenue.  
GAIL HAMMOND, nine-year-old daughter of Mr. and Mrs. Robert  
Hammond of 48 Chestnut St., Hicksville, was taken to Central General  
Hospital in Plainville Tuesday night and underwent an emergency ap-  
pendix operation. She is a 4th grade student at East St. School.  
Hicksville School Board will probably get to work in the 1963-64  
budget. Most of the proposed budget has been distributed by  
the administration. And the word, of course, is that the budget will be  
UP. HANK LEEDS is starting his 3rd year as executive secretary  
of Mid Island Plaza which is some kind of a record. His predecessors  
last less than two apiece. That hydro foil passenger ship, Denison,  
being built by Grumman and now being readied at Oyster Bay for  
spring sea trials, will be operated by Grace Line between Port Ever-  
glades, Fla., and the Bahamas. The ship is costing \$5 million under  
contract by the Maritime Administration. The agency selected Grace  
Line from among 30 applicants for the privilege.

## Note Progress Against Cancer

Designation of 1962 as "Cancer Progress Year" in Nassau County and throughout the nation was announced today by Mrs. Mildred H. Rodgers, Chairman of the Hicksville American Cancer Society Unit. "This is in recognition of twenty-five years of impressive progress in the fight against cancer," Mrs. Rodgers stated.

Exactly twenty-five years ago, the American Cancer Society launched its first nation-wide public education campaign. That same year, 1937, the National Cancer Institute was created by Congress. "Throughout this Cancer Pro-

gress Year", Mrs. Rodgers said, "American Cancer Society volunteers in our community and elsewhere in Nassau County will seek to give the public a full report on where science now stands in cancer research, to intensify the effort to persuade people to protect themselves against cancer, to improve the care of the cancer patient, and to step up all programs to speed the final victory of this terrible disease."

Significant changes in the cancer picture have come about since 1937. That year the number of Americans alive and cured of cancer stood at only 160,000. Last year the figure had passed the 1,100,000 mark. Uterine cancer was the chief cause of cancer deaths among women twenty-five years ago. This is no longer the case and medical men have the tools to virtually eliminate uterine cancer as a cause of death.

Impressive strides have been made in the improvement of surgical and radiological methods of treatment, as well as in the development of drugs useful in pro-

## EDITORIAL

### Five Hours Is Too Much!

We say it's time this School Board took constructive action to eliminate the five hour bussing and school sessions for the kindergarten children. Why is it necessary to load four hours of school on five year old kids? To get a few more dollars from the State?

The mid-year change in kindergarten hours begins in February. The children from West Birchwood will be required to wait for the school busses in the darkest and coldest mornings of the winter at 7:30 a. m. When they arrive at school they must wait for their teachers before they can enter the school. Suppose a teacher is late because of bad weather; are we going to have a repetition of last year's incident when a class had to stand outside in zero cold because of a tardy teacher?

Other school districts keep their kindergarten classes timed to two or two and one half hours. When is Jericho going to get in step? The School Board should take action to revise the kindergarten hours for next year. A shorter, less tiring kindergarten session is more than adequate to introduce our five year olds to the school system.

## Good Will Tour Fast Action On Stolen Car

The crew of "El Paso Vallente (The Brave Duck) of Operation Americas, is rolling along with the crew all hale and hearty. Fraser Shaw, Bethpage High graduate 1960, one of the members of this Latin American good will tour, has kept the home front well posted on their every move. They have had a fabulous journey thus far.

They have traveled through seven countries of Central America, visiting colleges and universities in each country. The people have warmly received these students and are so pleased to find all the boys able to speak Spanish. This factor has made a favorable impression on them. Some of the college students have greeted the crew with "Yanqui Go Home", but after a few days of sitting together in classes, playing basketball and lunching with each other, our boys can feel a noticeable change in them. Getting to know one another is the key to bettering relations and soon everyone is more hospitable and friendly.

They have received much favorable publicity along their way. Front page articles have been written about them in Mexico, El Salvador, Guatemala and other countries. Their first breakdown occurred 100 miles from Panama City, Panama. Undaunted repairs were made on the "duck" and the trip continued, one week later. They are now preparing for their first big water journey crossing from Panama to Colombia, where they begin their South American trek.

These boys have received support from a variety of sources, both home and in Central America. Many Rotary Clubs and individuals have continued to send them financial aid and are keeping in touch with them. Many cards and letters have been sent back to the parents from total strangers, praising the efforts of these young "good will ambassadors". The continued interest and concern of all people home, and in Central America has made it possible for these boys to continue on with this trip, which is making friendships grow with each country they visit.

An alert radio car officer of the Nassau County Police Dept. spotted a stolen car parked in front of a Westbury Hills residence last Tuesday afternoon and closed the case of the missing Chevrolet convertible less than 18 hours after the theft had been reported to 2nd Precinct Headquarters, Hicksville. Officer Louis Felice, Shield #814 on traffic duty in the Westbury Hills section, spotted the white Chevrolet Impala convertible belonging to Mrs. Rita Berkman of Yates Lane, Jericho, and waited two hours until it was claimed. Mrs. Berkman had gone bowling Monday night, and parked near the entrance of the Westbury Bowling Lanes on Brush Hollow Lane. When she prepared to return home with friends, at 11:30 p.m., she discovered that the car was missing. She notified 2nd Precinct Hdqts. A 14-state alarm was put into effect immediately.

Mrs. Berkman told the WEST BIRCHWOOD NEWS that she was extremely impressed with the courtesy shown her by the officer on duty and the 2nd Precinct Hdqts. She asked the Herald to convey her thanks to the Nassau County Police Dept. for the quick recovery of her car.

## Jericho League

By Maurice Targov

Tension ... Excitement ... Exhilaration. These are the best words to describe the thrilling evening at Westbury Bowl last Tuesday night.

Norm Zinn and Murray Lambert bowling on different alleys, had the men running from one to the other with them. Many cards and letters have been sent back to the parents from total strangers, praising the efforts of these young "good will ambassadors". The continued interest and concern of all people home, and in Central America has made it possible for these boys to continue on with this trip, which is making friendships grow with each country they visit.

## President's Corner

By Carl F. Denny

It was indeed gratifying to see all the new members at our Budget and General meeting. By the same token, the poor attendance of the so-called "older" members left much to be desired. I sincerely believe that our Assoc. is functioning smoothly and has become a really important cog in the community. To continue as a preventive dynamic organization, we need the cooperation of all our residents - both old and new.

Your Assoc. has scheduled a rather important meeting for Feb. 21, at the Robert Seaman School. A report will be made to the membership by our Education Committee. Discussions on the pro's and con's of the Jericho School system and Administration will follow the committee's report. If you are at all interested in your children's education or as to how your tax dollars are being spent, do plan to attend. The meeting will start promptly at 8:45 and preference will be given to the Education Committee report. A flyer will be sent out to all members of the Association to insure their awareness of this important meeting.

Our Social Committee chairman informs me that our Annual Spring Affair was overwhelmingly subscribed the first day of ticket sales. To those who were unable to secure tickets you may rest assured that next year we shall plan for an even larger facility with a larger capacity.

Among the few material benefits received from our Association is of course the WEST BIRCHWOOD NEWS. May I respectfully advise all members that as of Feb. 27, unless the dues for '62 are received, you will no longer receive the Assoc. paper. The members of the Board of Directors and myself sincerely regret this; however, this action is due to the expense of distributing the paper. We trust that all members will have remitted their 1962 dues before the above mentioned date.

A complete report of our last meeting will be found elsewhere in that paper. The minutes of said meeting should again reassure our membership that any problems of the community are dispatched both promptly and efficiently. I would again extend my personal invitation to attend our next very important meeting for all the membership.

Other bowlers to break 200 were Bernie Silverberg 223, Sam Goldstein 218, and yours truly 215. The week before Murray Lambert again broke through the 200 barrier with 221 and Sam Goldstein did it again with 209.

The match of the evening was for first place between the Tigers and the Cardinals. The Tigers copied three points and increased their first place lead to four points. Both these teams have been helped through the season by the constantly improved bowling of Bill Bartman of the Tigers and Steve Zweibel of the Cardinals.

A vote was taken by the League as to whether it should remain at Westbury next year or try to get to Mid-Island. It was overwhelmingly decided to stay at Westbury.

## NEW ARRIVAL

Donna Lynn is the name of the new arrival at the home of Mr. and Mrs. Anthony Laino of 21 Twinlawn Ave., Hicksville. The little lady made her debut Jan. 11 at Mercy Hospital.

## West of Bway

By McKinley Ebbitz

By contrast with last year, this winter has been a relatively easy one to weather. The infrequent snowfalls have been light and the temperature hasn't dropped below 14 in West Birchwood. The shiny new snow blower machines are resting comfortably in neighborhood garages untouched by human hands.

Last year the heavy snows ended with the big storm of Feb. 4th weekend. Let's hope the real winter doesn't begin over the same weekend this year.

Last August the West BIRCHWOOD NEWS ran an article stating that school authorities were quite sure of eliminating the split sessions in kindergarten. The sad news is out that the children who have been attending the afternoon sessions from noon to 4 p.m. must now reverse the field and go from 8 a.m. to noon.

The babies are arriving at a furious pace. Eleanor and Murray Fried, Orange Drive, had a son last week. Hank and Judy Bertram, Craig Street, Dec. 31st last, the day's difference cost Hank \$500. How he must have sweated!

Happy birthday to Vinny Saggese the pragmatic philosopher of Saratoga Drive. David Cohen, son of Herb and Elaine entertained an even dozen at his 3rd birthday party and a buon natale to Jimmy Rosenthal, son of Lola and Murray on Clinton. Belated birthday felicitations to Harold Pike on Jan. 9th and a grand fete de jour to Coral Lacata, five, January 13th. Proud parents are Marie and Steven. Larry Keave's parents paid him a surprise visit from the Bronx for his birthday on January 7th and his birthday time at the Koebels, Nancy being 12 on January 23rd and gramma Koebel celebrated her 77th on December 28th.

In the Women's Bowling League the Sad Sacks (Marilyn Meiser, Ronnie Auerbach, Gloria Gmora and May Douglas) have been in first place for 7 weeks. Rona Lambert bowled a 188 during the January 15th session.

A speedy recovery to little Abby Monkash who broke her femur last week.

## Actor Workshop For Children

An Actor's Workshop for youngsters, ages 9 to 12, will be started shortly in our community. It will be directed by Sy Syna of the Actor's Studio, who recently directed the Jericho Players production of "Middle of the Night". Mr. Syna, whose talents have been commended in both on and off Broadway productions, is currently conducting two workshops for adults in Birchwood Park. The children's workshop is scheduled to be held on Wednesdays, from 3:45 to 5:45 P.M. For further details, call Jerry Neuhaus--OV 1-3623.

## CLERICAL ERROR

Alan Birnbaum, Treasurer of the West Birchwood Civic Assoc., wishes to apologize to any member who has paid his dues and who has received a bill. It was due to a clerical error.

## Good Turn-Out For Session

The combined Board Meeting and Open Budget Meeting of the Civic Assoc. held on Jan. 17, was well attended by both the older and newer residents of the community. It gave the Board an excellent chance to hear a good cross section of ideas and views on the many different problems facing the community as a whole.

The budget for 1962 was presented by Alan Birnbaum. It called for total estimated expenditures for the year in the amount of \$1,500.00. It is estimated that the income from dues will be at least that amount. The budget was approved as read by the Board and members of the Civic Association.

Jerry Strauss, Chairman of the Education Committee, presented a preliminary report of the findings of the joint education committee of all the civic associations in Jericho. The joint committee has been making a comprehensive study of the entire Jericho School System and their final report is expected to have a bearing on the future decisions of the School Board as to administrative personnel and other issues within the school district. The final report of the joint committee will be presented at the February meeting of the Board. Because of the great importance of this report, it was decided that the February meeting would be an open meeting held on Feb. 21st in the Cafeteria of the Robert Seaman School. All members of the West Birchwood Civic Assoc. are urged to attend.

It was also decided that the Civic Assoc. would have representation at all future school board meetings. Three members will attend as official representatives.

The recurring problem of dumping in the newer areas was taken up in detail by President Carl Denny. He assured the residents in these areas that the Civic Assoc. would take the necessary steps to alert the Dept. of Health and also request the builders to clean up the area. But it was noted that most of the dumping is being done by residents. The cooperation of everyone was requested to eliminate both a potential health hazard and an unsightly condition.

A committee was formed to inspect the newer streets as the first step towards acceptance by the town for dedication and subsequent street lighting. This committee will work closely with the Welfare Committee to speed up all the necessary processes.

A special thank you to Mr. and Mrs. Fanciullo for having this meeting in their home.

## Ten Pin Talk

By Henry Dockswell

By the time you read this the first half of our split season will have been decided. Monday night, Jan. 22, in position eight and the last chance for Dave (not a name) to win the 1st place trophy. The 1st place trophy is a 1/2 point and his men have to sweep the three games. This would give him the first half championship 1/2 point. Once again, like last year, the 1/2 point begins to look very big.

The fight for third place is a two-cornered one. Tied at the moment are Sal (Schwartz) Rabitz and his #1 crew and Elliot (Spicer) Spencer's #7's. They will be knocking each others brains out. The Marv (Send me your comb) team and his #2 squad, only one hit behind, could sneak past them if they can sweep Mac (Butcher a quarter you don't) Canfield and his #5 team. Al (Send me your) group and Norman (My's #4) squad are tied for seventh place. Merry (Rick's #5 team are sixth and Joe (Always absent) Butanowski and his #10 group are far back in tenth place.

The case of team #10 is an outstanding example of how it can be NO FUN to bowl. Lou Derdikowitz and Ray Rathberg should receive awards for valour, shrewdness and head over heels. Work after work they have come down to bowl only to find that the rest of their team did not show. The nights that they bled more than 3 men were so few that they are beyond recall.

We are all aware that "business before pleasure" but it is not fair to use a team member to consider these Monday night sessions as an on again, off again thing. A team should know that he will be able to attend regularly or else not join.

## Winterproof your washday with an automatic DRYER

You'll never be left out in the cold on washday when you own a convenient automatic dryer. Gas or electric—a dryer works better than sunshine. There's less work for you, too, lugging heavy baskets to the line. And easier ironing, because many dryer-dried things can be folded and put right away. If you're still a pin-up girl, get the dryer you need from your LILCO Authorized Appliance Dealer—ask for a free "Weather-Checker," while they last!

P.S. Remember: adequate lighting assures best operation of all electric appliances. Ask for a FREE survey now from your local LILCO Registered Electrical Contractor.

## FRESH BLACKBERRY FLAVOR AND GRAPEFRUIT ARE SALAD TREAT

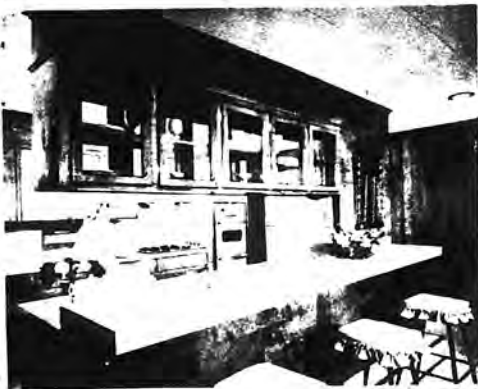

The tart flavor and rich hue of blackberry flavored gelatin can enhance your meals. It gives added versatility to a dessert favorite that's as easy and economical as ever to serve. Teamed with fresh, canned or frozen fruits, blackberry gelatin is equally at home as a light dessert or as a sparkling fruit salad.

An ideal dessert or salad for the calorie-conscious combines cubes of colorful blackberry-flavored gelatin with grapefruit sections. Its delightful mixture of flavors is augmented, too, by the tempting appearance it makes at the table. As a dessert, serve the gelatin cubes and grapefruit sections artfully arranged on a pretty plate; as a salad, toss them together lightly with a cream dressing and serve in a bowl lined with crisp greens.

**Blackberry-Grapefruit Duet**  
1 1-pound can grapefruit sections  
Water  
1 package Royal Gelatin, blackberry flavor

Drain grapefruit sections, reserving juice. Add enough water to make 2 cups. Bring to boil; add gelatin and stir until dissolved. Pour gelatin mixture into 8-inch square cake pan and chill until set. Cut into cubes with spatula and arrange on individual plates with chilled grapefruit sections. Makes 8 servings.

### Planning your dream kitchen

Women spend 10% more time in the kitchen today than a generation ago. Efficiency in kitchen planning and beauty in decor are more important than ever before. Is your floor layout based on the "basic triangle"? If imaginary lines from the centers of the sink, range and refrigerator form a triangle, you'll save steps! Plan your entire color scheme before you begin decorating. Will the colors you pick for appliances, countertops, wallpaper, flooring all blend or contrast attractively?

### The Old Timer

"You're an old timer if you can remember when the sky was the limit."

### Dining? Out?

A mangal of politeness published in Philadelphia in 1859 suggested:

"In the case of a dinner party when dinner is announced, the mistress or master of the house gets up, invites the company to follow to the dining room, and sets them the example by passing out first."

## Cotton Elegance

Sophisticated evenings on the resort scene will feature dramatic black and white printed cotton and the chic of an elegant tunic skirt—by Jerry Parris for Miss Martini.

### SUN COTTONS—FREE AND EASY

Free and easy—that's the mood of cotton fashions for resort, 1962, reports the National Cotton Council.

The silhouette is fluid, uncluttered and decidedly feminine with shapes which gently outline but never cling to the figure. The modified Princess, the one-piece dress with a two-piece look and the easy sheath are fashion's Big Three this season.

Waistlines are on the rise in graceful Empire shapes or, at the other extreme, placed low—almost on the hip. The skirts below are free-swinging but slender, tailored with pleats, gentle shirring or a panel which conceals deep pockets. These are seen in soft cotton knit, hopsacking, piques, and textured suiting weight cottons.

The color wheel spins full circle this year to include bright, sun-drenched solids and patterns on screened cottons, as well as a welcome renaissance of beiges, grey and navy in casual as well as evening clothes.

Among designers of daytime dresses, the leading favorite is the ensemble or costume. Dresses and jackets in solid colors or sophisticated patterns on waffle weave piques make smart fashion sense for the traveler as well as the working girl. Batiste or gingham sun dresses with tiny, bolero jackets can do double duty—on the patio by day and, without the jacket, on the dance floor by night.

Coats and suits echo the theme of versatile but simple elegance, and are shown this year with narrow, set-in sleeves and a silhouette which is artfully shaped to the body in front while the back swings free, often in a graceful cape line. The cape silhouette is a trend-setting one for the season, having already become an established star in the rainwear field in poplin or twill weaves. Important cotton, tweeds in homespun textures are favorites for new resort suits while corduroy in wide wales is featured in both suits and coats.

## HEALTH HINTS FOR THE FAMILY

Take Little Children's Sniffles Seriously

by Margaret Little\*

Little children get sick frequently and often at most inconvenient times. It seems that whenever you're planning a vacation trip or guests are coming, your babies develop a cold or a fever. At least these are the times you remember because of all the upset plans.

An enormous number (about 80%) of the illnesses in early childhood are diseases of the respiratory tract—colds, coughs, sore throats, ear infections.

Not only do little folks come down with many sniffly diseases, but these diseases are much more apt to become serious in the younger child than in older children. As the child grows older he develops some resistance, both to the original sniffles, and to its more serious complications.

Therefore, it's part of the job of a good parent to take seriously every one of a youngster's colds. There is no "miracle" medicine that will cure a cold quickly, but there are things to do to prevent the simple cold from becoming a

serious infection. Keep the youngster as quiet as you can, give him lots of water and juices to drink and don't worry if he doesn't eat quite as much food as usual. A

vaporizer will ease the irritation in his nose and throat and make it easier for his body to kill off the germs that are causing the illness. If the child is coughing, a simple cough syrup will ease him and permit him to rest more comfortably.

Good care of minor colds helps prevent complications. Don't delay in getting your youngster to the doctor if he seems to have more than a simple cold.

Everglaze cotton in a sparkling sunflower print of gold, orange and brown is the feature of this whimsical arrangement in a country setting. Photographed by Jacques Simpson, the noted fashion photographer, the fine Victorian sofa was chosen to lend authentic charm to his newly decorated home.

ing what I consider to be the most

horrible looking clothes. He visits

homes of his friends dressed like

a tramp. He wears blue jeans at

school. I've asked him several

times to dress better since his

appearance embarrasses me. He

claims that he dresses like every-

one else in his group. This is

hard for me to understand. Do

teenagers really attempt to look

like tramps? Is this the "style"

for today? If so, something should

be done about it.

HAK - Hicksville

Dear HAK:

Something should certainly be

done about it. Not all teenagers

dress like tramps but unfortunately

there are too many who do.

Taking pride in ones dress

is a trait that has been lost to

many of our teenagers. This has

been accompanied by a loss of good

manners. Good clothes and good

manners usually go hand in hand.

Slabby bodies and a general lack-

ing of morals values. It is quite

difficult for someone who is dress-

ed in good taste to act as a tramp.

Merely telling your son that he

should dress better will not solve

your problem. Firmness including

disciplinary action may be neces-

sary. Impress upon him the reason

for good dress and set an example

for him through your husband.

Recently, several high schools

have been stressing the importance

of good dress among the student

body and several of the student

council bodies have passed rules

governing dress habits. If more of

our schools would adopt a similar

policy we would find a general

reduction in bad habits of dress

and deportment.

## Around The District

by Joe Koerner

**MEMORABLE EVENT**—It had been a mere piece of parchment, that crinkled to the touch. But the simple words "To Mr. Fred Herzog in appreciation for 20 years of loyal district service," and the signature of each member of the Scholastic Board, transformed it into a priceless treasure. The speaker, making the presentation was Robert Petros, Edg. Consultant for the Dist. and the words flowed easily, as he too had passed this stage in life not so very long ago. The guest of honor, Fred Herzog, lifelong resident of Hicksville and recently retired School Custodian of the District, made no effort to hide his emotion as he reached for the document. "This is one of the proudest moments of my life," were the words he emitted as he began his acceptance speech.

All life that happened during the retirement dinner, tendered Saturday afternoon by Mr. Herzog's fellow workers, was secondary in nature. The scroll was definitely the highlight of the festivities and the gift of honor left no doubt in anyone's mind as to its importance. The Board of Education, Mr. Eaton, Mr. Johnson, Mr. McCormack, Mr. Zettler, Mr. LaRoon and Mr. Sabatello, can justly be assured that their thoughtful gift and consideration had been well appreciated.

As usual at this third retirement party in as many years Phil Stauder, Edg., the "Myron Cohen" of Edg., and George Crounse, Edg., were the celebrants with a big pack of his choicest stories. Fred Fisher, night head custodian at the Senior High, brewed his special coffee to perfection and presented a wallet and a cash gift on behalf of Mr. Herzog's friends. And last, but not least, a bang up time was had by all. The participants who made this affair possible can sit back comfortably with the thought that Fred Herzog hung up his tool kit, for the very last time, with the complete feeling of contentment and satisfaction.

**COURT CAPERS**—It takes two to tango and Coach Ed Petro and his Comet quipped "Basketballers" must feel like social outcasts these days. They're way out front in the U.S. Section 1 race and it looks like the boogie bag is all tied up and ready for shipment to the Hall of Fame this year. Last Wednesday night Plainview fell by the wayside of the score of 74-58 and on Friday of the week Clarke took it on the chin 60-47. That makes ten straight for the Comets and the cards fall right where they could make it a perfect season. These boys are on a real "win binge" and if baskets and rebounds were falling for top dollar, they'd have a foot cellar full of loot. In both games, Chris Coletta was the hot apple with a 35-26 series. The incidentally was a new Hicksville scoring record for a single game, "Big Mike" Clark hit for the second shot with a 25-14 tally and between him and Frank Coletta there were few leftovers at the bounding table. A real bang-up all club; this gang of Comets. Ed that includes the backcourt men, the playmaking quarterbacks who very seldom get high scoring credits, but never the less contribute their full share to a season such as this.

**MAT FACTS**—Jayvee wrestling Coach Bill Meyer reports the tenth straight win for his grapplers, Bob Swinick, Tony Petrone, Jerry Pizzarella, Ralph Lewis, Nick Tentacost and George Frey are unbeaten so far.

On the Varsity side of the agenda, Coach Bill Roberts and his crew of musclemen are holding their own in the see-saw Section 1 race. Clarke 4-0-1; Farmingdale 4-1-0

and Hicksville 4-1-0 are as close in the standings as two commuters during a rush hour subway ride. The Comets will get a crack at the league leader, Clarke at home on the 30th and if they stop Garden City on the 26th, the Clarke home will be a real thriller. See you at 4 p.m. on the 30th—I'm packing a box lunch for this one.

## Dist To Sell Bonds Feb. 8

Coincidental with the announcement that the Hicksville Board of Education is planning to sell \$2,198,000 worth of District bonds came the encouraging news this week that the credit rating of the District has advanced from "BBB" to "A".

Improving the credit rating of the District has been the goal of various school administrators including Business Administrator Anthony Gorczycki and the School Board over a period of years. The new rating is expected to reflect itself in a lower interest rate on the forthcoming bond sale, resulting in a saving for taxpayers.

Savoyard & Potts Corp raised the rating to "A". Efforts have been made also by Governmental Statistical Corp. in behalf of the School District, to raise the Moody's classification.

The bond sale was fixed by the School Board at a special 10-minute meeting last Friday night. Sealed proposals will be received by the Board at 12:30 PM in the School Administration Building on Newbridge Rd., on Thursday, Feb. 8.

The bonds represent accumulated issues authorized by the voters of the District dating back to June 12, 1959 when \$72,750 was authorized for the purchase of the

Wilmet Ave School site. It includes \$802,250 authorized on Nov. 19, 1959 for the Wilmet Ave School, \$125,000 authorized on the same date for acquisition of land next to the Senior High, \$815,000 on the same date for the senior high and East St additions, \$350,000 on the same date for moving of temporaries, plus \$35,000 and \$180,000 authorized on Nov. 14, 1961 to complete the East St addition and move the temporaries.

It was stated by a bank spokesman that an employee had inadvertently touched the alarm button without realizing it until the police arrived on the scene.
