1st Princess of Princess St.

Mr and Mrs Frank Kremler of 139 Princess St., Hicksville, are the parents of eight sons. On St. Valentine's Day, Feb. 14, Mr and Mrs Kremler became the parents of their ninth child and first daughter who will be named Juliette Marie who arrived at Nassau Hospital, Mineola. She is known in the neighborhood as the "First Princess of Princess St".

P. A. Units Join In Unique Concert

The Council of P.T.A. Units in the Music Dept. of the Hicksville Schools will join hands to present a unique concert at the Junior High Auditorium on March 13. The Council will provide the financial backing and promotional efforts, while the teaching staff provides the talent. Featured will be Gian Carlo Menotti's "The Telephone", choral music from the Renaissance, instrumental music on the classic period and a closing by chorus and orchestra in "Florida" from Mozart's Twelfth Mass.

Charles Gause and William Goelcke, supervisors of instrumental and vocal music respectively, approached William O'Donnell, Chairman of the P.T.A. Council, with their proposal to produce this quality music program. The faculty volunteered to perform in the presentation. The P.T.A. enthusiastically agreed to support the endeavor. Tickets will be sold for one dollar through the individual school P.T.A. organizations and the teachers of the Music Department. Students will have priority in the initial sale.

Federation to Hear Poulos

Councilman Edward J. Poulos of South Syosset, a member of the Oyster Bay Town Board, will address the Nassau County Federation of Republican Women on Wednesday, Feb. 28, in the Garden City Hotel at 1:30 P.M.

Miss Catherine C. Dohl of Malverne, Federation president, will preside at the meeting and will introduce Poulos, who has chosen this topic, "Protracted Con-

Thomas R. Pynchon of East Norwich, Oyster Bay Town Republican chairman, will extend greetings on behalf of the Oyster Bay Republican Town Committee, which will be host to the group.

Poulos, who holds the rank of Captain in the Air Force Reserve, was ordered to a special tour of active duty in July 1960 to attend the defense strategy seminar at the National War College, Washington, D.C., conducted under the auspices of the Joint Chiefs of Staff. The seminar was concerned with the current world political situation with emphasis on the theories and practices of the Communist bloc. In his address on Feb. 28 Poulos will point out the difference between the Communist philosophy and the philosophy of Freedom. He will outline the history of Communism and the methods used by the Communists towards achieving their primary objective which is a worldwide Communist victory.

\$25,000 Damage to Maine Maid:

HOME OF VALENTINE HICKS in Jericho, today's Maine Maid, as it appeared about 80 years ago. It was the scene of a \$25,000 roof fire Tuesday night. Said to be in this picture are Elias Hicks Seaman and his wife, Phoebe Underhill Seaman, with children, Samuel, Robert, William and Anna.

Home of Hicksville Namesake Suffers Extensive Fire Damage

Fifty volunteers of Jericho Fire Dept. under the leadership of Chief Paul Kardel limited damage to the historic home of Valentine Hicks in Jericho to a \$25,000 loss, Tuesday night, despite freezing temperatures. The structure is used

these days as the swank Maine Maid restaurant.

The volunteers were out on a call for a washing machine fire on Hotly Lane when the alarm came

in at 9:07 PM. As a result the flames were on the scene within a matter of minutes after the call came thru.

Damage to the roof of the ancient structure was extensive and Hicksville Fire Dept. led by Chief Walter Werthessen was asked to stand by and render mutual assistance. The aerial truck of Hicksville Dept. was of value in combating the roof fire. Other Hicksville members and equipment were assigned to stand-by duty at Jericho Firehouse.

Jericho firemen with six pieces of equipment were at the scene until midnight. A formal investiga-

tion of the cause of the fire is being conducted by the Nassau County Fire Marshall's office.

Valentine Hicks was the second president of the LI RR and served as Jericho's postmaster. He is officially agreed that the community of Hicksville was named in his honor.

ON DEAN'S LIST

Dawn Williams, a Junior at St. Bonaventure University, has merited the Dean's Honor List for her academic achievements.

Dawn, daughter of Mr. and Mrs. Williams of 26 April Lane, Hicksville, graduated from Queen of Rosary Academy in Amityville. Dawn, who has worked as a lifeguard at the Levittown Pools for the past three years, expects to do so this year again.

Community Band Concert Feb 28

Hicksville School District Recreation Dept. announces the Winter Concert of the Hicksville Community Band under the direction of Charles F. Gause.

The program will be given on Wednesday evening, Feb. 28th at 8:30 P. M. in the auditorium of the Hicksville Junior High School, Jerusalem Ave.

Included on the program will be "George Washington Bridge" by William Schuman, Vincent Persichetti's "Psalm for Band", and Beethoven's overture to "Egmont".

Of special note will be a first performance of James Simmons' "Machbeth", an original work for concert band. Mr. Simmons teaches in the Levittown Schools, and is a tuba player in the Hicksville Community Concert Band. A trombone Quartet composed of David Abt, Elliot Phillips, Stewart Pohlman and Martin Whitman will play works of Sanders and Scheldt.

Elks Charity Ball This Saturday

The Levittown - Hicksville Lodge, Benevolent and Protective Order of Elks will hold its Seventh Annual Charity Ball at the Salisbury Country Club in East Meadow at 8:30 P.M., this Saturday, Feb. 24. This is the big annual fund-raising affair of the Levittown-Hicksville Elks to finance the many benevolences undertaken in the community each year.

Currently, the Lodge is spending approximately \$5,000 annually to aid local youth, ease the lot of the disabled veterans at Northport and Kings Park VA hospitals, distribute food baskets and toys to

needy families and stage a Christmas Party for the orphans of Saint Mary of Angels Home in Syosset. A good portion of the funds used to support these worthwhile causes are raised at the Annual Charity Ball, and from the sale of advertisements in a souvenir journal distributed at the dance. The balance comes from the more than 300 members of the Lodge.

Show 2 Films On Dr. Dooley

Two films will be shown on the life and work of the late Dr. Thomas A. Dooley at a meeting of the Mothers' Auxiliary of St. Ignace Loyola parish, Hicksville, in the school hall on Monday, Feb. 26, at 8:15 P. M. The guest speaker, Wayne McKinny of the Dr. Thomas A. Dooley Foundation, was Dr. Dooley's administrator and coordinator of all Far East hospitals.

Don't Be Alarmed

Protection Hook & Ladder Co. #1 of the Hicksville Fire Department are going to use Nicholas St. School for an equipment drill and ladder practice. This practice drill will take place on the night of Feb. 28, at 7:30 P.M., according to Donald F. Abt, School Superintendent.

Dear Jean

Our congratulations and best wishes to newly engaged couples, Miss GAIL ANN ERHARDT, daughter of Mr. and Mrs. Jens Erhardt of Hicksville to ARTHUR R. ISAKEN, Jr., of Hicksville; — Miss KAREN GALE FUCHS, daughter of Mr. and Mrs. Theo. Fuchs of Hicksville to Wm. F. Doran, Jr., of Glen Cove; — Miss JANET R. SCALPA, daughter of Mr. and Mrs. Thomas Scalla of Hicksville to L. Scott Sharpe, Jr., of W. Hempstead; — Our best wishes also to Miss ANNETTE PELLETIERE of Old Bethpage who was married on Feb. 17th in St. Pius X Catholic Church, Plainview, to Onofio Neglia of Garden City Park. So glad to hear that our good friend and neighbor, JOSEPH HEIM of Twinlawn Ave. is home from the hospital and is resting at home. He has to take it easy for quite a while — we know his friends and neighbors wish him the best. Hope he recovers fast.

We hear from some of those in attendance at the Hicksville High School Senior Prom held Saturday night at the high school that the affair was a huge success. They also had high praise for RUDY BOUSE who catered the event. Nearly 500 students and faculty members attended. We spotted BILL HENATUK of Center St., on Channel 4's, "Police Emergency" Sunday night. He was shown coming out of a phone booth in Penn station as the police emergency squad was administering oxygen to a stricken commuter. — REV. RICHARD MUCK of St. Stephen's Lutheran Church and PAUL DRAKE of Acra Lane, were number 1 and 2 respectively in the line at the Hicksville Post Office Tuesday afternoon, when the new stamps commemorating the first American orbital flight were put on sale. We understand that a line clear to the door formed within minutes after the announcement of the stamps was made over TV.

Hicksville School Board will hold a regular meeting this Friday night and may be meeting Saturday morning and every night next week to finish the budget for 1962-63. A representative of IBM will be at the Board meeting at 7:30 PM to talk about the proposed installation of a \$19,000 IBM set-up in the District, under the coming budget. We hear Mrs. JERRY ZETTLER may be hospitalized next month and wish her speedy recovery. A committee of the Board of Education and the Recreation Advisory Committee was scheduled to meet last night (Wed.) to interview three architects on the proposed swimming pool which may come up for vote in May. It seems curious in a School District where it is difficult to find justification to spend a half million dollars for needed additional administrative and central storage warehouse facilities there can be serious interest in asking the public to approve a like amount for a strictly luxury item such as a swim pool. The School District is now renting 5,000 square foot of space at Empire Storage Warehouse on Duffy Ave., at \$500 monthly for central warehousing, plus the monthly rental of space at Broadway and Marie St. for Pentagon Annex #1.

We have our annual post card from GRANDMA STOLZ. He writes: "Back again with the good Democrats". The postmark is Miami, Florida. We hear that MICHAEL D'AURIA of Lebkuecher, D'Auria and Ginsberg, has been welcomed as a member of the Ancient Order of Hibernians. JIM CUMMINGS is president.

mother, Mary Moran of Hicksville; two sisters, Jean Persall and Florence Talbot and three brothers, William, Martin and Walter.

Mrs. Decker reposed at the Thomas F. Dalton Funeral Home, Hicksville, until Wednesday when a solemn requiem mass was offered at St. Ignatius Loyola R.C. Church. Burial followed at Holy Rood Cemetery.

MARY NEUMANN

HICKSVILLE — A solemn requiem mass was offered at St. Ignatius Loyola R.C. Church Monday morning at 10 a.m. for Mary Neumann of 35 W. Carl St., here, who died Thursday, Feb. 15. Burial followed at Holy Rood Cemetery under the direction of the Henry J. Stock Funeral Home.

Mrs. Neumann was the widow of the late George. She is survived by two sons, James and George, two daughters, Ann Bradley and Helen Van Wicher and two grandchildren. She was a member of the Rosary Altar Society of St. Ignatius Loyola R.C. Church.

STANLEY J. PANCZYK

HICKSVILLE — Stanley John Panczyk a 35 year employee of Con Edison of N.Y.C. died Monday Feb. 19. He lived at 35 Bohler La., here. He will repose at the Henry J. Stock Funeral Home until Friday at 1 p.m. Interment will take place at L.I. National Cemetery.

Mr. Panczyk is survived by his widow, Linda (nee Cook); his mother, Josephine; two step-children, Robert Bolettire and Dolores McKenna; a brother, Police Lt. Matthew Panczyk; three sisters, Frances Kalbacke, Helen Jund and Jennie Gowrys and three grandchildren.

Science Briefs

Black Eyes
Don't laugh at that black eye! It can be a serious injury, a Texas scientist advises. Visible signs of a black eye can hide an underlying injury, such as a fracture of the eye socket.

Heart Attacks
Minerals in hard water may contribute to heart attacks, a DuPont Corporation scientist reports. In an eight-year study of employees, he found no relationship between smoking and heart attacks.

Windmill Combustion
The windmill may be the best answer to electric power needs in newly-developing lands, a report to the United Nations indicates. Windmills are still used to pump water on some U.S. farms.

Lung Cancer
The increase in lung cancer is due chiefly to improvement in clinical diagnosis, a New York scientist reports. People are also living longer and becoming victims of cancers of various types, he said.

Body Overhaul
Removal of human organs for repairs, followed by safe restoration of the parts to the body, may soon be possible, three University of Minnesota scientists predict, following experiments with dogs.

The first seven presidents of the African republic of Liberia were all born in the United States — four in Virginia, one in Maryland, one in Kentucky and one in Ohio.

Ask Residents Week Walks Clear

It is urgently requested by the Hicksville Acting Postmaster, Mrs. Irene L. Murphy, that all residents of Hicksville and Plainview clear their sidewalks in order to speed the delivery of mail. Several carriers have been injured

in recent weeks, some of them seriously, because of icy pavements. If residents would bear this in mind the carriers would be very appreciative.

Legionnaire's Log

by Artie Rutz, Charles Wagner Post #421

Well, the sale of bonds for the expansion of our building is off and running to fine start with the Century Club reporting sales of \$10,900 at its first meeting and with Jerry Connolly winning the first bond offered in the Century Club set up. Mind you now, if you missed getting your pledge and money in at this meeting and still can do so and who knows, perhaps you will be the lucky winner next time. At this time the bond sales are still restricted to the membership of the Post and Auxiliary, but during mid-Spring the public will have their opportunity to invest in these 6% interest bearing beauties. In the meantime, if you intend to help our organization financially so that the building can be expanded in the shortest possible time, get your money to Jack Elmhurst or Tony Bellacera or any member of the Building Committee. The Post will sponsor a team in the 13-15 yr. old group, a new Little League branch this season and the major trophy for the winner. That division will be the Elias Trophy. Named after our past Commander "Jay" who was a resident of one of the Little League's last year, passed away. If anybody has a pair of cymbals kicking around the attic or basement, or should I have said, "bang-ing" and would like to get rid of them at a reasonable price, or perhaps even make a donation of them, the Sons of The Legion Band is in need of a new pair. The present pair little Tommy Mangels was in shreds. With the St. Patrick's Dance coming up shortly, I think to be sure, a word to you to have intentions of attending. Please get your reservations in to Ralph Kissell, only \$5 per couple for the beer and refreshments and dancing to Tony Bellacera's music. Incidentally, The Legion Hall can hold up to 120 people in case you need a place to hold a wedding, anniversary, birthday party or club meeting. Just contact Elmhurst. Can't report a thing about the Dark Horse this week because Joe Uex wasn't around to tell it and everybody else just forgot about it. But the Capsule Drag for \$15 was won by Frank Jones who lost it just as quickly by being present at the meeting, so the next meeting the Capsule Drag will start over at \$3. Good that inclement weather

caused most people to stay home at the last county Americanism meeting at the Cathedral Post in West Hempstead last week as it was well worthwhile to battle the elements just to hear the noted labor columnist Victor Riesel comment on his experiences fighting the Communists in the labor movement. He was presented with a beautiful Americanism Citation by Dept. Chairman Dan O'Connor. Dept. Commander Jack McNamara of Waverly will be given a 6:30 P.M. dinner at the West End Tavern in Hempstead on Friday February 23rd by the Nassau County Commander Jack Rough and his staff. A regular county meeting is scheduled to open at 8:30 P.M. that night at the Hempstead Post and everyone at the dinner promised to be on time for the meeting at starting time. If both the Dept. and County Commanders make it on schedule, is this what they mean when it is said "It takes a pair of jacks to open?" With the building expansion program going full blast, the board of directors of Legion Hall Inc. has been increased as Commander Pete Muller appointed Bob Hasel, Henry Brengel, Sr., Allen Carpenter, Jack Elmhurst and Rudy Bouse to 3 year terms. Still to be added are two members of the Auxiliary and then the roster will be full up. Incidentally, do you know that Henry Brengel has held the post of Treasurer of Legion Hall, Inc. since 1930? And he missed only 2 meetings in all that time! That's what is called dedication to a job. Well done, Henry. Don't forget that we are sponsoring Bingo in the future at the Lion's Den in Mid Island Plaza. Will let you know of the exact starting date. Also, don't miss the March 19th meeting as this will be Centennial Night in honor of The American Legion's founding.

Should be quite a tussle but I'm sure the Charles Wagner Post will back the winner. The Sons of The Legion will welcome any Legionnaire's Son into their ranks, so fellows, if your boy does not belong, bring him to one of their meetings which are on the 2nd and 4th Mondays of every month. Remember, our Squadron was organized and given a charter on July 10, 1933. This was the first in New York State!!!

GULLS NIP COMETS: From the 2nd quarter on the game had been as tight as a size 9 shoe on a 13 foot . . . and the timekeeper's clock, hanging high on the south wall of the Plainview gym, clicked methodically as each score was registered. There was no denying the fact that this was high school basketball in its finest hour and if nervous prostration had been selling for a C-note, a quart, the national debt could have been easily wiped out. The young among the record crowd (as many students outside the gym as inside) from Cometland and Gullville had a way of getting rid of their pent up emotions. They screamed, yelled and chanted and the bleachers groaned under the weight of their stomping feet. . . It had been a see-saw battle that raged on the court. A 20-10 quarter brought forth smug expressions from the Comet side of the stands. A 28-26 half raised the tempo a bit. A 43-43, 3rd quarter had every heart in the joint skipping a few beats and a 53-53 score at the end of regulation time had the diehards feeling as if they bought a one-way ticket to Cardiac Alley.

This had been a real nightmare toward the end and the elders among us (from both sides) were having a real bad time of things in those closing seconds. We tried to remind ourselves that this was only a high school basketball game where the winner would only take over undisputed possession of first place in the league. . . And we tried to remind ourselves that the outcome of this court fandango wouldn't necessarily put the wife, kids or house mortgage up for grabs, but it was all to no avail. The weak got weaker and the strong paled as the scoreboard tilted back and forth like a banded pinball machine in a Nevada chance factory. . . This was much too reminiscent of having \$20 on the nose of a long shot and having the payoff held up on a foul claim. . . I for one couldn't stand the strain when the game went into overtime and as I ducked out the side door, I found 20 other diehards gasping for breath and wishing this thing were over and done with. That's the inhuman interest side of the Hicksville-Plainview court caper.

The Comets, after 14 straight victories, lost a 61-59 heartbreaker to the Gulls and slipped back into second place in the North Shore Section 1 race. But win, lose or draw, this was a game that will be long remembered by both sides. For my book, there were Comets and Gulls that never have nor ever will play a finer game. Every shot and especially those taken in the final minutes of the last quarter were loaded with pressure beyond belief. . . Every player from both sides got into the act and gave individual performances that were a credit to their age group. Both sides missed a lot of easy ones. There was no doubt about that. But the easy ones become hard and the impossible becomes possible, when 1,200 screaming basketball buffs transform a high school gym into a pressure chamber that was apt to blow sky high at any given second.

From the second quarter on the officials had their hands clamped on the safety valve of a runaway boiler. This game was much too close for comfort and a bad or indecisive decision could have spelled disaster. Calling a personal foul with the score 52-53 and one minute left to play takes a lot of courage and both of the officials in this department were indeed a credit to their profession. . . They too, deserve a rave mention for an outstanding per-

formance. In short and we repeat again, it's hard to believe that this was only a high school basketball game. Plainview won and deserved to win. Hicksville lost and didn't deserve to lose. How else can we report this thing?

Chris Coletta summed it up in a nutshell during his aftergame interview with Tony Stott of Newsday: "Being unbeaten creates a certain amount of pressure," he stated. "You think about it when you've won 14 straight games and it bothers you a little. We knew this was going to be a tough game, but now that we've lost the best thing is to forget it as fast as we can and start concentrating on the tournament."

Nuff said, Chris and now that I've watched you and your teenage counterparts operate under pressure and not choke up one bit, I'm going to relax in the sun and forget all about the Chinese, the Russians, the Men from Mars, inflation, integration, automation and every other ATION that has nerved me up in the past.

JVs COP 12th: The Varsity of tomorrow made it 12 and 3 last Friday night by stopping Plainview 56-43. Bruce Damm was the hot Jr. Comet with a 31 point spread and Coach Stan Kellner as expected pulled out all the stops by giving high praise to Paul Colosano, George Rivas, Bob Feldcher and Rich Medina for another outstanding performance. "These kids are all drive and hustle," he stated. "We're on the top of our League and expect to stay there. . . And before I forget it," he closed out, "let's get a good word in there for Mike Germaine, my star dike plugger. We came into this game a little short-handed but Mike came up with all the answers to our problems."

PBC Lions Attack Eagles 54-45

By Henry Uffmann Jr.

On Feb. 15, the Hicksville P.B.C. Lions of the senior division tackled the East Meadow Eagles for a 54-45 victory. In this exhibition of good basketball, the Lions gained possession of second place, as the Eagles received third place honors.

As the first quarter began, the Eagles took the lead, which they kept till the end of the third quarter. Outscoring the Hicksville team East Meadow held a 29-23 half time lead. Leading the high scorers for Hicksville at the half, was Rich Simpson who racked up 12 points. For East Meadow there was Breland and Torre, who shared top honors with eight points apiece.

While East Meadow had hopes for an easy victory, so did Hicksville. When the third quarter had ended, the Lions had cut the Eagles' lead to 4 points. The Eagles now lead 43-39. In the fourth quarter the tide finally changed, and the Hicksville Lions scored 15 points to East Meadow's 2. Holding the Eagles to only one basket, gave the Lions their chance for victory. When the game had ended, Hicksville was on top, 54-45.

High scorers for the Lions were Rich Simpson with 18 points, Hank Cierski with 14, and Frank Van Cise scoring 10. For East Meadow, there was Breland who made 14 of the total points.

They should realize that the Federal Government's own income depends on the profits everybody makes."—C. L. Blanton, Jr. Benton (Mo.) Scott County Democrat.

Nye Starring In Hofstra Role

Eugene Nye, 30 Bannock Lane Hicksville, has a leading role in Shakespeare's "The Tempest" at Hofstra College's 13th Annual Shakespeare Festival.

"The Tempest" begins March 9 with evening performances at 8:15 P.M. Fridays, Saturdays, and Sundays, March 9-11 and 16-18 at the Hofstra Playhouse. Also included in the festival are two short comedies and an Elizabethan masque, both to be presented twice on Saturday afternoons.

Nye, a senior majoring in drama-literature, holds a drama scholarship and has appeared in several Hofstra productions. He has had 3 years of experience in summer stock and hopes to enter the professional theater upon graduation.

Orbit Stamp Issued Tuesday

A 4-cent stamp commemorating the first orbital flight of a United States astronaut was issued on Tuesday, Feb. 20, simultaneously with the completion of the flight, according to Acting Hicksville Postmaster Irene L. Murphy.

The stamp portrays a capsule in space with a portion of the earth in the lower left corner of the design. The wording "4¢ U.S. MAN IN SPACE" is superimposed over the globe and "PROJECT MERCURY" is across the bottom of the stamp.

The 4-cent Project Mercury commemorative stamp is 0.84 by 1.44 inches in dimension, arranged horizontally, printed on the Glori presses in blue and yellow on white paper and issued in panes of 50. An initial printing of 100 million has been authorized.

This stamp is being released at 300 of the larger post offices throughout the country immediately upon the successful conclusion of the flight. However, the official first day cancellation will be Cape Canaveral, Florida, a temporary station of the Cape, Florida, post office, being established for the one day.

Red Cross Plans Annual Appeal

(Picture on Page One)

Bad weather did not prevent the members of the Hicksville Red Cross Fund Committee from having a successful meeting on Friday, Feb. 16, in the Hicksville Public Library.

L. Howard Lukehart, Executive Director of the Nassau County Chapter addressed them speaking at great length about the many valuable services provided locally by the Red Cross. He also told of the vital role of the American Red Cross in world events, where it cooperates with the International Red Cross, in humanitarian services.

Miss Grace Stoll, Chairman closed the meeting with the announcement that the Gertz Department Store has generously arranged a Red Cross display in the northwest corner window of the Mid-Island Plaza Store.

"OPERATION IGLOO" at Camp Ontario in the Catskill Mountains will open on February 22nd and run through and including Feb. 25th. This is an "operation" of true adventure for Scouts and one which motivates the men from the boys. It is an adventure that tests the self reliance and character of the boy. Locally this is a program of fun rather than work. The boys camp out in tents and cook all their meals outdoors in the elements. The days are spent in games, sledding, skating, ice skating. All boys who have participated in the District activity have always looked forward to the next years "Operation". Boy Scout Troops 13, 321, 382, Explorer Posts 321, 375 and 433 will be participating with a total number of 13 boys.

DECREES.... Commander Frank Schuchbach hereafter known as McSchuchbach of Tyrone issues the following decrees: Know all men that on Sunday, Marcy 11th, between sun-up and sunset all CWV men and Ladies in our Auxiliaries are hereby made IRISHMEN for the day. They will congregate at KENNEDY Park in the town of O'Hempstead at the hour of 1:30 p.m. for the avowed purpose of stepping out as a unit in the St. Patrick's Parade. ALL members of the clan are urged to be on hand with uniforms, caps, and colors.

Close behind and closing the gap fast will hurry the men of Freeport's Holy Redeemer Post led by Commander Tony Tarantino...except that this day his name has the O transposed and he is O'Tarantino. Look for the beam that is emanating from the Mungavin of the Dublin Mungavins no less and overlook not the pride of the Northern Six, Past Commander Teddy Stamm. That one with the head held high... that's County Historian Jimmy Murphy parading under his own name. What a lovely sight.

Miss not the boys of Gushue Post in Levittown with another broth of a lad from Tyrone in the lead, Commander Al Bullock, all scrubbed and clean, will signal the delegation to "Step out". Big Jim Brady and Tony O'Perreira will move out. The Femtons and the Hoells; the Connors and the Fishers; the Reynolds and the Harmers; the Mawns and the Murphys; the Mahers and the Mulligans; the pride of Levittown will swell the streets from curb to curb. Ed Harnett and his high green hat will be the cinch of all eyes. And there'll be more.

Say LOOK.... here comes the Jakupko Boys of Hicksville and Corkonians for the day. Notice the swagger on Pete Gordon. Can't you hear Charley O'Niklas clear north to Belfast as he strides along humming: "THE JAKUPKOES ARE COMING." Competing alongside is Hank DeLeach, a refugee from Sligo, trying to drum up interest in the Londonderry Air. Oh, but they're a musical bunch. South from Cape Clear comes the clan of Holy Redeemer Post in Roosevelt and at their head that man from Cobb, Commander Jack Lemmon. His aides are John McBartcherer, he of the hefty

girth, and Pete Byrne loaned for the day by the Sky Club. Let O'Carver keep them in step with the sweet tones from a Jew's harp. All the training they received from Bob Dalley in the ancient and honorable art of marching couldn't keep these boys in step.... but step is unimportant.... it's vigor that counts today and that they have. What a fine sight. Tis enough to greatly increase the cost of dark glasses.

Reader Opinion

To The Editor

The remarks in your Feb. 8th DEAR JEAN column may mislead some of your readers as to the purposes and activities of the Hicksville Public Library Association. We serve the Public Library somewhat the same as the PTA serves the Public Schools. The membership fee in both is the same—\$1.00. The PTA is not trying to make the Public Schools self-sustaining nor we the Library. The dues money and any donations to the Hicksville Public Library Association help defray the costs of a number of activities which we sponsor jointly with the Library—the Ravina String Quartet, Piano Recitals by Morton Estrin and Seth Carlin, discussion of J. D. Salinger and his Catcher in the Rye and other works, and we serve refreshments after these programs. Maybe you or some of your readers would like to join us in these Library functions. Anyone interested in joining the Association, please contact our Membership Chairman, Phyllis Newburger, 12 Amherst Road, Hicksville.

Stone Orchards of Departed

By Herbert Hale and Peter L. Santvoord

How many cemeteries are there in the Town of Oyster Bay? A dozen or two? Twice that? The correct answer will never be known, but a shrewd historical guess is that there may be more than three hundred! And the strange

part is that one of them may be located nearly underneath your neighbor's home, without their knowing it. We are not speaking of prehistoric Indian graves, but of actual cemeteries which have been in use at some time or another during Oyster Bay Town's three centuries of history.

The Cemetery Committee of the Oyster Bay Town Historian's Office has been making a survey of many cemeteries - public, private, and abandoned - throughout the Town, and has come up with some really incredible results. There are at the present moment 45 cemeteries still existing in that part of the Township North of Route 25A alone, together with 18 additional cemeteries in the same area known to have existed within the memory of living people and believed to exist still, but which cannot be located because all the stones have been removed. In addition to these 63 known cemeteries, there are undoubtedly a great number of which no record at all has survived. While the survey of the remaining parts of the Town has not yet been completed, we believe that other areas contain equally large numbers. Some where stones were broken or are rockeries now and in some cases, property holders nearby dump leaves, grass clippings and rubbish there in.

The reason why Oyster Bay Town contains so many cemeteries is that in former times many families had private burial plots on their own farms, and did not use public cemeteries and churchyards. These private burial plots account for three-quarters of all the cemeteries now existing, and are besides a rather unique feature of Long Island's landscape. It seems that in no other part of the American colonies were these private cemeteries in such common use, and certainly in no other area have so many of these historic landmarks been preserved. Perhaps, as on Long Island thru out the years.

Why is it possible that new homes may be located on or near by one of these old cemeteries? Because for many years, violation of the law, people engaged in subdividing the old farms and building houses on them were likely to remove the tombstones without properly moving the graves to another cemetery. Fortunately, this abuse no longer exists, or is about extinct now, and present-day builders are zealous in preserving old graves, as they should be always regarding these old grave plots.

It is important that all old graves be found and recorded, not merely for the sake of preserving the dead past, but because they are a part of the Town's heritage. Graves of all the Town's veterans should be known to the local American Legion Posts, so that they may continue their patriotic work of decorating them on Memorial Day. Our indexed record of graves supplements the official birth and death records in the Town Archives, which date from only 1880. The information is valuable to historians, as it shows all persons and families who have lived on particular farms, and to groups such as the D.A.R. and S.O.R. by expanding our knowledge of many old families.

If you know of any private or abandoned cemetery in your area, we would appreciate your contacting Town Historian at the Town Hall. A complete record of cemeteries will be a credit to the Town.

Forming New NCJW Section

National Council of Jewish Women, long known for its active role in community, national and international affairs will soon have a new section encompassing the Hicksville, Jericho, Plainview and Syosset area.

A member of NCJW identifies herself with community needs by volunteering her assistance to children, the elderly, the foreign born or wherever a need is determined. Her eyes and heart are open to those less fortunate. The list of volunteer services includes recreational, educational, mental health, mentally retarded, detention and court services in the field of juvenile detention as well as civil defense.

The need for a Council section in this area is most evident and the first steps are being taken to fulfill this need. An informational and organizational meeting will be held on Wednesday afternoon Feb. 28, 1962 at 1 PM, at the home of Mrs. Lawrence Heiman, 29 Cedar St., Syosset L.I. At that time a National representative will be present to assist and answer all questions. For further information prior to the meeting, one can call Mrs. Heiman at WA 1-6664, Mrs. Hodas at WA 1-3382 or Mrs. H. Novot OV 1-0993.

Bethpage Okays New Library

Bethpage, by a vote of 668 to 142, authorized construction of a \$300,000 building for the public library, last Saturday. An expenditure of \$20,000 was approved for the demolition of the obsolete Powell Ave. School building.

The favorable decision, said Henry R. Metzels, Library Director, is the result of an awareness of the need for a well-stocked public library throughout the community, the fine cooperation between the school and library boards, as well as support from the Friends of the Library, headed by Mrs. Zelda Plotkin and Mrs. Isabelle Kelly. Construction of the library will begin late this spring. The new library will house more than 60,000 volumes.

Kindergarten Enrollment Set

All parents of children in Central School Dist. 2, Syosset, to be entered in Kindergarten in Sept., 1962 should register their children at the elementary school now serving their neighborhood.

Children who will reach their fifth birthday on or before Dec. 1, 1962 are eligible to enter Kindergarten this coming September.

Parents must bring the child's birth certificate or baptismal certificate at the time of registration.

Jackson PTA Meets Monday

The George A. Jackson PTA will meet on Monday evening, Feb. 26th, at 8:30 P.M. in the school auditorium. "Jericho Special School Services" is the topic for the evening and the speakers will be Dr. Leon Westfall, Director of Pupil Special Services, and Mr. W. J. Lewis, Jr., School Psychologist. The problems that confront emotionally or physically handicapped children, the facilities available in this school district, and how the district goes about placing such children in schools, will be part of the evening's discussion.

World Politics Course Offered

New York University will offer "World Politics," a study-discussion program based on the fundamental moral-political issues in international affairs based on the writings of statesmen, politicians, scientists, and philosophers, including Freud, Einstein, Tolstoy, Dostoevski, Plato, Mussolini, Marx, Lenin, Khrushchev, Eisenhower, F. K. Roosevelt, Sukarno, Gandhi, Churchill, and Wilson. This program's first meeting was in Jericho on Tuesday, Feb. 20 at the home of Mr. and Mrs.

Sidney J. Leshin, 24 Middle Lane. Readings are included in the course fee. There will be ten two hour sessions, from 8:30 to 10:30 P.M. For further information or registration please call New York University's Program Coordinator for Long Island, Mrs. Lillian Katz at HUNTER 7-5105 or Mrs. Leshin at OV 1-7229.

How To Make A Seed Museum

When Mother and Dad come home from buying seeds of flowers and vegetables for this year's garden, ask for a few seeds from each packet and have an exciting adventure of your own. Make a seed "museum", using those few seeds that never will be missed.

This museum may be made in at least two different ways (and you'll probably think of others). You can paste the seeds onto a large piece of cardboard, grouping seeds of each kind together in one small area or you can search the house for small glass or plastic bottles or vials that once held flavoring or medicines, clean them, and put each kind of seed in a separate container. These small vials may then be stored in a shoe box.

Naturally you'll print the name of each kind under the group of that seed on the cardboard or on a paper label to paste on each container. When you don't know one seed from the other, it's easy to get mixed up, so it pays to go slow at first. Take the seeds out of

only one packet at a time, paste them on the cardboard or put them in the vial and then label them before you open the next packet.

It won't take you long to find out that no two kinds of seeds look alike — that each kind will announce its name to you the next time and every other time you see it if you have once connected the right name with the right seed.

Try to get some large seeds like corn, some medium-sized ones like carrots and some tiny ones like petunias so that you have variety in your museum. Include some different seeds like daisies, brownie or Bluebird group, who are not likely to know as much about seeds as you do, now that you have made a seed museum.

Be sure to make your museum so it can be carried. Then, when it is finished, you can take it to show your teacher and classmates, members of your Cub den, Brownie or Bluebird group, who are not likely to know as much about seeds as you do, now that you have made a seed museum.

MORE JETS FOR U.S. AIRLINES

Washington — Stuart G. Tipton, president of the Air Transport Association of America, said today that U.S. scheduled turbine aircraft, which constitutes less than a third of the nation's 1,900 commercial airliners, accounted for more than half the passenger miles flown in 1961.

Writing in Aerospace, official publication of the Aerospace Industries Association, Tipton said the industry's turbine fleet grew to 571 planes during the year, compared with 429 at the end of 1960. Now at hand, he explained, are 331 pure jets and 240 prop-jets.

As of June 30, 1961, twelve-month totals show that more than 50 per cent of passenger miles were accounted for by turbine aircraft, a sharp increase from the 26.2 per cent for the comparable period of a year ago.

"This percentage will continue to grow," he said, "as airlines receive more of these aircraft. During 1962 and 1963, for example, an additional 100 new pure jets will be delivered to the nation's carriers. More will follow in succeeding years."

Tipton said the emphasis on safety continued to be a paramount feature of airline development. He noted that for the first 11 months of 1961, the U.S. airlines' safety record for domestic and international operations was 0.32 fatalities per 100 million passenger-miles, compared with 0.62 for the first 11 months of 1960 and 0.86 for calendar year 1960. He said the airlines have gone ten straight years with a rate of less than one fatality per 100 million passenger miles.

THOR RESEARCH CENTER FOR BETTER FARM LIVING

All youngsters enjoy desks of their own, where they can do their homework and club projects and keep personal items. Yet their bedrooms frequently lack space for a full-size child's desk.

Here's a plan for an economical, easy-to-make wall desk designed with fold-up work surface, so the desk projects less than a foot from the wall when closed. We'll guarantee the do-it-yourself handyman who makes one or more of these desks for his youngsters will be king of the household!

Economical, easy-to-make wall desk ideal for crowded bedrooms.

A few cuts with the portable electric saw, drilling a few screw holes, bit of sanding, and you're ready for assembly of the wall desk, which has a recommended width of 2 feet and height of 1-1/2 feet. Top, bottom, and sides are 1-inch lumber. The back is perforated hardboard, fastened to a 1/2-inch framework, fastened to 1-inch lumber with glue and brads.

The desk is held to the wall with long screws used with corner braces, attached to stud locations. Desk work surface or lid is hardboard framed with molding. A unique feature is that the front face of the desk lid can be made into a chalkboard by finishing it with a slating or blackboard paint. Under the inside top a fluorescent lighting fixture is mounted as a finishing touch.

(We'll be glad to send you the plans for this desk, which has a charge just write to the Thor Research Center, Aurora, Ill., and ask for Project No. AS-316.)

There is a traditional Tahitian folksong which says that whenever a native leaves it is always to return. This is true of Rose-Marie Sanquer, hostess on board the eight-hour jetflight that whiskes passengers to Tahiti from the United States.

As soon as the mighty TAI (Transports Aériens Intercontinentaux) jet leaves American soil Rose-Marie introduces her passengers to the magic of Tahiti. She is seen handing out fresh carnations and rosebuds, and wearing the traditional "pareu." "In Tahiti," she explains in excellent English, "the 'pareu' is worn all year round. It's made of cotton, and printed with bold and gay motifs. Flowers, too, are an essential part of our dress. They grow wild everywhere! Soon you will not feel comfortable without fragrant frangipani around your neck, or a tiare, our national flower, tucked behind the ear."

During the quick flight to Tahiti's Faaa airport, Rose-Marie helps the stewards and other hostesses serve a French gourmet feed of seven courses. She also informs her passengers

about the excellent hotels, the exotic foods of the islands of Tahiti, Moorea, and Bora Bora, and the rhapsodic way of life.

Rose-Marie, the daughter of a vanilla-bean trader, was born 19 years ago on the Tahitian island of Raiatea where she received a thorough French education. Over a year ago, when the jet route linking Los Angeles to Tahiti was inaugurated, a TAI official chanced upon Rose-Marie at a beauty contest held in Papeete (pronounced Pah-pay-ay-tay), capital of Tahiti. He asked if she would like to train to become a hostess aboard the new TAI DC-8s that serve Sydney, Honolulu, and Los Angeles. With her eager acceptance, and a father's permission Mlle. Sanquer little more of Tahiti took to the air.

Pontiac Wins Performance Award

DAYTONA BEACH, FLA.—In an all-out test of combined fuel economy, traffic passing performance and stop-and-go driving, Pontiac has won the coveted Grand Prix award in the Pure Oil trials. A total of 12 cars were entered in four classes in the recently concluded tests at the Daytona International Speedway at Daytona Beach. Pontiac outpaced the field by scoring 76.43 points out of a possible 218.66. Above, E. M. (Pete) Estes, Pontiac general manager and a General Motors vice president, receives the Grand Prix award from Harry Moir (right), Pure Oil vice president. The other photo shows one of the Pontiacs that amassed the prize-winning point total during the performance trials. Every entry was a finely-tuned production car with a skilled driver at the wheel.

MID-ISLAND CONCERT ASSOC. will present the third concert of its current subscription series on Friday evening, Feb. 23, at the Hicksville High School at 8:30 P.M. This concert features Oscar Shumsky, one of the great violinists of our time.

As one of America's leading violinists, Oscar Shumsky has been active in a career that began with the phenomenal impression he created when, at the age of eight, he appeared as soloist with the Philadelphia Orchestra, Leopold Stokowski conducting, and performed Mozart's 5th Violin Concerto. His reputation continues to grow with numerous appearances in recital and as soloist with the orchestras throughout the American continent and abroad.

LEGAL NOTICE

NOTICE TO BIDDERS
PLEASE TAKE NOTICE that SEALED PROPOSALS must be received and stamped by the Director of Purchasing of the Town of Oyster Bay, at his office located on the second floor of Town Hall, Audrey Ave., Oyster Bay, New York, not later than 11 a.m. pre-arriving time on Mar. 7, 1962 following which time, they will be publicly opened and read in the meeting room of the Town Hall and the contract awarded as soon thereafter as practicable for:

AERATION AND FERTILIZATION IN PARKS AND OTHER AREAS OF THE VARIOUS PARK DISTRICTS OF THE TOWN OF OYSTER BAY, NASSAU COUNTY, N.Y. IMPROVEMENT UNDER CONTRACT P.M. NO. 2-1962 in accordance with detailed specifications and proposal sheets which may be obtained at the OFFICE OF THE DIRECTOR OF PURCHASING TOWN HALL, OYSTER BAY, NEW YORK, on and after Feb. 23, 1962 during regular business hours.

A new WASCOMAT Professional Wash Center comes to Hicksville

Hicksville Wash N' Dry

now has the

newest...
biggest
washers
in town

We've just redecorated and remodelled our self-service laundry so we can serve you better. We've installed new Wascomat washers. You could never buy machines like these for your home, because they're made just like professional washers for professional laundries. Our gleaming, stainless steel Wascomats wash professionally clean too. They soak your clothes to loosen dirt. Then they wash with reverse tumbler action... the kind of tumbling action only Wascomats give... then four deep rinses. You'll go home with the cleanest wash you've ever seen. Our Wascomats hold a giant 16-18 lb. wash load, too... double the amount you expect to load into a self-service washer. For smaller loads you can use our new glass top Frigidaire single-load washers with an 18-minute cycle and fast spin for a real damp dry wash.

Super 40lb. WASCOMATS wash
giant loads, up to 10' x 15' rugs

only
75¢

Imagine being able to wash anything up to the size of a 10' x 15' cotton shag rug in a self service laundry. You can in our fabulous new 40-lb Wascomats. We've set a special department for completely washing and drying super-sized loads... the kind you could never take to a self-service laundry before. You'll get a super-clean wash, too, with the same reverse tumbler action of our smaller Wascomats. Come to the gala, grand re-opening of Hicksville's first and largest self-service laundry center... now completely remodelled and redecorated to serve you better than ever before. Look for our opening on or before February 20.

A Marine stationed in California was on week-end pass and en route to a San Francisco suburb, when word came to the Red Cross office at his station that his father in Rochester, N. Y. was critically ill and not expected to live. The field director had the Golden Gate Chapter in San Francisco locate and notify the serviceman, and he returned to his post in time to get a plane home the next day—traveling with the help of funds provided by the Red Cross.

"Why do you suppose the
TREASURER of the United States
is a WOMAN?"

It figures! Women know how to handle money. They can spot a bargain every time and they have a special knack for saving.

Thousands of women depositors save at The Lincoln. They like the Lincoln's courteous, helpful service, the seven convenient offices... and the high dividends too, you can be sure!

4%
a year
total rate
of which

That's a year's the regular quarterly dividend and 1/4% a year's a special extra dividend on money continuously on deposit since January 16, 1961 — anticipated for the quarterly period ending March 31, 1962, based on continued satisfactory earnings.

Dividends are paid QUARTERLY and are allowed on funds from DAY OF DEPOSIT
