Two Registration Days

6 Candidates File For 3 Positions

Two nominees were filed for each of the two positions open for members of the Hicksville School Board and the single opening on the Library Board as the deadline for filing of candidate petitions passed, Wednesday night. Voters were reminded today of the registration dates this Saturday, April 21, from 10 AM to 5 PM and Wednesday, April 25, from 4 PM to 11 PM.

George W. Kunz of 45 Arcadia Lane has filed for the seat of Robert D. P. Eaton, who is not seeking re-election. He is thus opposing Robert F. Mathieson of 8 Sutherland Rd. who had filed earlier. William A. Bruno Jr. of Hunter Lane has filed for the seat last held by David Hurwitt. As anticipated, Phyllis Neuburger of 12 Amherst Rd. has filed for the same position.

In the Library Trustee election, Nicholas Nappi of 113 W. Cherry St., who was appointed to fill the place on the Board in December when Leon J. Galloway resigned, has filed a petition. He is opposed by George Michael Martin of 42 Hunter Lane. This is for a full five-year term.

Hicksville School Board will conduct a public hearing on the proposed 1962-63 budget in the High School Little Theatre next Monday night, April 23, at 8 PM.

The Hicksville PTA Council is inviting all candidates for the school board and library board to speak at a forum in the Hicksville High School on Monday night, April 30.

The following are statements regarding the various candidates in substantially the form submitted:

Kunz Candidacy Opposes Recreation

"In filing for one of two vacancies on the School Board, I am mindful, as a parent, of the responsibilities we all have towards our children, as citizens of our community," George W. Kunz declared.

"The formation of our school district many years ago was primarily for the purpose of educating our children. Within recent years, however, there has been a growing tendency on the part of some to divert funds sorely needed for educational purposes to areas of recreation."

"It seems a bit incongruous to place too great a stress on recreational activities when our Nation is competing in a race for space; our industries are seeking competent executives, physicists, engineers and scientists; and all of us are involved in a worldwide struggle for the minds of men."

"Within the next two years, our High school is expected to have an overflow of students that is certain to result in double or staggered sessions. Would it not be better therefore to use any additional funds to alleviate the anticipated overcrowding?"

"To me," Kunz concluded, "it is far greater importance to the future of our Country that 'Johnny' is taught to read rather than swim, and my candidacy will be keyed to this purpose."

Mathieson Suggest Procedure Revisions

Robert F. Mathieson of 8 Sutherland Rd. declared this week that "our school system must prepare our children to cope with a difficult technological world." To do this, he told a group of his supporters, "we must continue and

improve upon our excellent educational programs. Good education is not cheap, but with proper budgetary analysis and control we can achieve greater economies of operation by getting more out of every tax dollar.

As a member of the School Board, he said, he would urge possible a three-phase revision of the School District's business procedures within the framework of law. First, all requests for appropriations should be reviewed in the light of alternative costs. Second, annual changes should be the deciding cost factor rather than first or initial costs. Third, the budget should be broken down into three distinct categories: standing still costs, growth costs and modernization costs.

The introduction of these proposed changes should highlight to the taxpayer as well as the school board what the tax-dollar value is of any educational program or plant expansion project. This will speed up the decision making process by the School Board, thereby allowing more time to be spent on discussing educational programs and formulation of policies.

"For me," Mathieson said, "this could be the very heart of our educational system."

Campaign Committee Backs Mrs. Neuburger

Phyllis Neuburger of 12 Amherst Rd., Hicksville, has announced that she will be a candidate for the Hicksville Board of Education in the May 2nd annual district election. She has filed for the three year seat last held by David Hurwitt.

"Mrs. Neuburger is the mother of two children in the district's public schools. A resident of Hicksville for nine years, she has been active on an executive level in PTA, Girl Scouts, and the Hicksville Library Association. At present she is serving as vice-chairman of the School Board appointed recreation advisory committee. Mrs. Neuburger holds a B.A. degree from Hunter

College of the City of New York. Phyllis Neuburger favors full time education, maintaining a stable and experienced faculty, and a continued program of curriculum evaluation. Signed: School Board Committee (not affiliated with the Hicksville Board of Education.)

Bruno Pledges To

Hold Line On Taxation

The people of Hicksville by their actions in previous referenda held in the School District, have indicated positively their determination to hold the line on spiraling costs without sacrificing good education. It was stressed today by William A. Bruno Jr., candidate for the Hicksville Board of Education in the May 2nd election. He seeks the seat last held by David Hurwitt.

'Landing Fund' Aids Policemen

This year's main annual event of the "Happy Landing Fund," which helps families of deserving Long Island policemen who are faced with emergencies, will be in the form of two dinner parties at Roosevelt Raceway. It was announced by Michael Monz, president of the Fund.

According to Jack Retallata, Chairman of the Fund's two parties, which will be held at Roosevelt Raceway on May 10 and 16, County Executive and Mrs. Eugene H. Nickerson have purchased the first pair of tickets from the group's president, and its Treasurer, Davis Schwartz, of Kings Point.

Tickets be purchased by calling Robert W. Corcoran, WE 8-0300.

Forecast Tentative Cut In School-Library Tax

For the first time in at least a decade the Hicksville School tax rate will reflect a slight drop under the proposed 1962-63 budget. The official rate is not set until Aug 1 when the official district assessment is made known.

AIRMAN OF MONTH

SIEGFRIED KLEMPEL

Airman First Class Siegfried Klempel, son of Mr. and Mrs. Ewald Klempel, 9 Clarissa Drive, Hicksville, has been selected Airman of the Month here.

Airman Klempel, a U.S. Air Force supply specialist, was selected for the honor in recognition of his outstanding conduct and performance of duty. He received a three-day pass, \$10, and gifts from Miles City merchants amounting to more than \$50 for his achievement.

The airman, who attended Hicksville High School, is married to the former Nancy J. Cihlar of Bayshore. They have one child, Siegfried.

The proposed school budget is a million dollars more than last year up to a new high of \$10,327,080.62. However, estimated state aid will be \$4,769,000 which is a million dollars more than the amount received the current year.

In addition the total valuation of Hicksville is expected to increase by more than a million dollars as the result of new industrial and commercial construction.

The present tax rate for schools is \$5.407 per \$100 of assessment with the library rate 21.8 cents or a total of \$5.625. The presently forecast rate is \$5.371 for schools and 23.3 for library or a total of \$5.604 per \$100. The reduction, as now forecast, will be less than two cents per \$100.

The School Board at a regular meeting last Friday night added \$100,000 to the budget (which is reflected in the figures cited) for transportation to allow the hire of additional buses so that starting times for classes in the fall will be at a more reasonable hour for the children.

Card Benefit on Apr. 25
Court Queen of Angels, #869, Catholic Daughters of America of Hicksville, have worked diligently to make the Madeline McGinnis Scholarship Card a smashing success. WEST BIRCHWOOD-JERICHO CIVIC ASSOCIATION

Vol. 3 No. 14

April 19, 1962

Directors Approve Proposed School Budget By 5-3 Vote

West Birchwood Civic Assoc. Board of Directors voted 5-3 to approve the 1962-63 Jericho School Budget at the regular monthly meeting held April 12th at the home of President Carl Denny. Board members present were Denny, Herb Platt, Beverly Rose, Donald Parmet, Sidney Goldman, Kathy Kantor, Alice Fanciullo, Jerry Straus and Jerry Strumpf. Jane Schreder and Irving Reinhardt were also present to answer questions about the school budget.

Board of Directors devoted a good part of the meeting to a discussion of the budget. The major increases in the budget were explained by the across-the-board increases for teachers salaries as well as their yearly increments. It was also pointed out that the new Cantigue School was expected to be open in September.

Other highlights of the meeting were:

The unanimous approval of Jerry Strumpf as a member-at-large to replace Robert Strauss. Committee reports were then heard. Social Committee: No meeting has been held since the very successful social affair at Carl Hopple's. That affair was a success socially and financially.

Education Committee: No report. The budget was considered later.

Welfare Committee: Work is progressing towards getting the newer area streets dedicated. Any repairs necessary should be reported to this committee.

Newspaper: The Board was informed that Larry Keavey has resigned and a letter of appreciation was to be sent to him for his long and faithful service to the paper.

President Denny presented a report from the Little Theatre Group. Their successful production of "Tunnel of Love" would enable them to repay all money advanced to them in the past by the Civic Association. They requested that they be given a grant of \$75 so that they would have some working capital. A vote will be taken on this at the next meeting when the Little Theatre Group is expected to present a financial report.

A committee was formed to investigate the teenage groups that congregate in the Birchwood Shopping Center and to see what can be done for the local teenagers in the way of recreation and planned activities. It was felt that this problem would become an ever increasing one as our community grows.

MARK LEVINE, 5, and sister, Lori, 2, son and daughter of Siggy and Jackie Levine.

President's Corner

BY CARL DENNY

Elsewhere in this edition, you will notice that the proposed budget of the Jericho Board of Education has been endorsed by the Board of Directors of the West Birchwood Civic Assoc. This decision was reached after much discussion and investigation by both the Board and our representatives, who attended all budget meetings of the School Board. We would care to go on record as endorsing this proposed budget to the membership, but also advising our School Board that the continual rise in our taxes will cause anxiety to many in the community. We respectfully ask the School Board to continue their efforts to stabilize and economize future budgets.

One of the topics of discussion at our last Civic Assoc. meeting was the growing need for a place for the young men and women of our community to frequent after school. The gathering of these young people in the shopping area, where they currently "hang out" can become a problem, and in my opinion, will become a problem. The Civic Association has formed a committee to act in conjunction with other interested parties, to investigate and plan for a youth center where supervised activities will be offered, as well as any other suggestions that might be offered.

The dedication of streets and lights in the new area requires the cooperation of all residents in the undedicated streets. We must have a list of all broken sidewalks, curbs, gutters, etc so that a list may be made and submitted. If you have any such complaint kindly note them and forward to the Association said information. This should be mailed with your name and address to: West Birchwood Civic Assoc., P.O. Box 128, Jericho. Your help will insure a speedy completion of this project.

We are again mailing this particular edition to all residents of the community, both members and non-members to again request of those who have not sent their dues for 1962 to do so immediately. We know that we are doing a good job, your membership will insure the continuance of a active and strong Civic Association. Won't you please remit your check today to:

West Birchwood Civic Assoc.
P.O. Box 128
Jericho, L.I.

If there are any problems that you feel should be brought to our attention, please feel free to call me at WE 8-3206.

Personality Spotlight

BY MYRON A. KANTOR

"If you like I'll have my psychiatrist send over his file on me". This is a statement that greeted me when I asked Carl Denny what he could tell me about himself that would be of interest to the readers of our newspaper.

He has baby blue eyes and 168 pounds of dynamic tension muscle; due to his working out each day, in order to keep himself strong and fit. He is a personal consultant for the Smith Employment Agency, Inc. in New York City, and as such is consistently in contact with people of the executive level. He sums up his experiences in his field by relating his story of a unique disease.

"Being in a service type business, you get used to and become cognizant of a strange disease found primarily amongst executives of a staff or better level who deal with service type people. The symptoms are most pronounced between the hours of 2 and 4 and 6 and 9 in the evening and are very easily recognized. The basic symptoms generally include a spastic condition of both hands and a lack of muscular co-ordination between the right hand and the left inside pocket of the suit, where wallets are frequently found. This strange oriental disease can also exist in left handed people in terms of the right hand wallet pocket. The disease is generally found in heavy drinkers and good eaters who frequent expensive restaurants. This spastic condition of the hands is generally preceded by deafness and loss of sight when the waiter arrives with the check. The hand assumes a claw-like position and involuntarily winds up as a fist, tightly clenched as if in anguish. However, all the symptoms quickly disappear after the bill is paid and the tip is left. The disappearance of these symptoms always invariably results in a statement, "You should have let me pay the bill!"

"Mr. Denny feels that after copying with this executive disease for over 9 years, it loses its humor and assumes a classic Greek tragedy situation. All who are familiar with Mr. Denny are aware of Denny's folly. In order to have a bright green lawn, brighter and greener than anyone else's, he took the best remedy. He had the lawn painted green with a spray gun, however, what he did not realize at the time,

Possible Tax Hike To \$5.60 Seen If Budget Is Passed

A total school budget of \$3,183,593, was proposed to School District 15 taxpayers last week by the Jericho Board of Education. This proposed 1962-63 outlay represents an increase of \$487,223 over this year's expenditures and might send the tax rate to \$5.60 if passed. Voters will have an opportunity to consider the proposals at the annual budget meeting scheduled for Tuesday evening, May 1st, at 8 p.m. in the Jericho High School auditorium. Voting will be from two to ten p.m. on Wednesday, May 2nd, in the High School gymnasium.

Shorts Notes

DOG OWNERS

Town of Oyster Bay rules very clearly state that all canines are to be confined either within fenced areas or on ropes or leashes. There are many small children in West Birchwood who can be very badly frightened to suddenly see a large dog come bounding at them, be it a friendly dog or not. The Town maintains a dog shelter. A report to the shelter or to the police of any dog wandering in the streets or sidewalks could result in a summons to the owner.

SOCK AND BUSKINEERS

Now that they have emerged from "The Tunnel of Love" successfully, the West Birchwood Little Theatre Group is eagerly preparing to move on to its next venture. A meeting is scheduled for Thursday evening, May 3rd at Jean Glickman's home, 115 Onondaga Drive (corner of Saratoga). The meeting is open to anyone interested in becoming a member of the Sock and Buskin. No previous experience is necessary for people interested in acting, directing, producing, painting, publicizing, making up.

The Executive Board of the Little Theatre Group thanks all the members who gave so much of their time to make "The Tunnel of Love" a success. A special note of appreciation to Frank Schreiber for the beautiful backdrops and all other assistance he gave.

Was that when the grass grew and was mowed that all the fine green grass would wind up in the trash can. However, one thing was for sure, the cement walk around his house remained green for a very long time. However, Carl did have two weeks of pleasure in telling people that the secret for his green lawn was a fertilizer he had invented.

About two years ago, Carl had a 2 1/2 foot high brick retaining wall built completely around his house. However, one thing had been forgotten, and that was the placing of weep holes in the wall. This resulted in the creation of Denny's Lake, during the hurricane when this area completely filled up with water. When the tides receded 7 days later leaving sea gulls, clams, oysters and fish, he did not speak to two neighbors who insisted upon using it for a swimming pool. Carl was quite a sight to see during this hurricane, standing outside his house in his Navy oil skins strapped to the chimney pumping on a little water device, which he estimated would have taken him 4 years, 3 months and 1 day to pump out all the water. It was just like a scene from Mutiny on the Bounty.

Mr. Denny is 33 years of age and resides at 16 Otsego Place.

Over half of the increase is for teachers' salaries, this item rising by \$254,550.00 from \$1,085,550.00 to \$1,340,050.00. This includes normal increments in the salary schedule, a \$200.00 across-the-board increase in the schedule to keep it competitive, eight additional high school teachers to meet the needs of increased pupil registration and five regular and six special teachers for an increased elementary enrollment and the opening of the Cantigue School.

The information concerning the budget was contained in a brochure mailed to every taxpayer in District 15. The two biggest items in the budget are 47.7% of the total is spent on instructional services and 20% of the total on debt service.

Depending upon what the assessors finally report in August, the 1962-63 School Tax Rate could fall between the following figures IF the budget is ratified next month:

VALUATION	RATE PER \$100
\$44,000,000.00	\$5.72
44,500,000.00	5.66
45,000,000.00	5.59
45,500,000.00	5.53

he is married to his very attractive wife, Iris, and has 2 daughters, Barbara Sue, age 4 and Sharon Lee, age 2. He was an undergraduate at Dartmouth College and took a masters in industrial relations at New York University. He served in the United States Navy from 1945 to 1948. He grew up in Brooklyn and has lived on Long Island for the last 6 years, and has been a resident of Jericho since, April, 1960. He is very athletically inclined, having played college football, pro-baseball in the minor leagues and was 147 pound runner up of the third fleet while boxing in the Navy.

He is presently the President of the West Birchwood Civic Assoc., manages a team in the Little League, is a member of the bowling league and of the West Birchwood soft ball team and is a very avid golfer. He recently endeared himself in the hearts of many residents by playing the male lead in the Tunnel of Love, which Mr. Denny says was one of the most rewarding and scintillating experiences of his life. He stated that he thoroughly enjoyed the tender love scenes of the play, so that he did not mind the 3 months of work that it took. All of his activities make it necessary for him to see his wife only by appointment, and it is a lucky thing for him that she is co-chairman of the West Birchwood Social Committee.

Mr. Denny likes Jericho and feels that its people are very pleasant and cordial. He likes the Civic Association and enjoys being active in it. He sums up his life and his present status by stating: "The good Lord has been very kind to me to provide me with what I have today."

Jericho League By Maurice Targove

With seven seasons left to go, the flying Tigers have just about knocked the Cardinals out of contention with a clean sweep in their last meeting. The Braves have also fallen far behind and it appears as though the Yankees offer the major threat to the coping of the title by the Bengals.

The Indians took team honors with a 907, a new high for the year. Individual performances were led by Jack Rubinstein with 242 and a 608 series. Following him was Bill Bartmore 219, Murray Lambert 214, Lou Futterman 212, Bernie Levine 204, Marty Green 203 and Vince Saggese 201.

A long waiting time is developing to join the Jericho League next season. If any man does not intend to rejoin the league next season he should notify Hank Halberstadt, League President, at the earliest opportunity.

1926 Rolls Royce Being Repaired

A 1926 Rolls Royce is the center of attraction in the Auto Mechanic Department of Plainview High School. The car, belonging to Frederic Von Stange of 21 Tont Place, Plainview, was brought to the shop for reconditioning.

The black sedan has an aluminum body and its original paint

with no signs of rust. Ed Pucci, shop instructor, stated that the six foot long springs enable the car to ride smoothly, and the aluminum engine block provides for a quiet motor. It has a four-speed lubricating system and the motor may be lubricated by pulling a lever under the steering wheel.

In sharp contrast to last year's excitement is the present placidity of the School Board Election and Budget situation. We understand that William Maybaw will be running to succeed himself. So far he has no opposition and as this edition of the West Birchwood News goes to press it looks to us like the first non-contested election in three years.

The Catholic Women's Guild of Jericho announces that beginning with May all future meetings will be held at the Knights of Columbus Hall, Heights Place and Bay Avenue, Hicksville. The CWG wishes to thank members who so graciously opened their homes to us until the Guild could find a "home" of its own. Rose Barbella of the CWG states that new members are always welcome and membership in the Guild is open to all practicing Catholics.

Members voted to change the meeting date to the SECOND Wednesday of the month to accommodate those who wish to attend the PTA meetings at the Robert Seaman School. On Easter Monday the CWG will hold an egg-rolling contest for its members and invited guests at the Merry Lane playground. Prizes will be awarded and in case of rain the contest will be held on Tuesday.

It only takes a few warm days to make winter seem that it really never was. The same question seems to arise every year, at this time, "What do I do now?" Though it should be a matter of routine with all the new products constantly being introduced, it is no wonder that people become more and more confused.

The new pre-emergence crab grass killers alone are enough to make you stop and think. When choosing a crab grass killer, first decide whether you are going to seed or not, as with some pre-emergence crab killers, you cannot do any reseeding until the fall. Whereas with the others, you can reseed. Then, there is a question of the toxic content on each material. You may have a pet who can get very ill. In each case, you should consult with your local nurseryman as to what type to apply.

Then, there is the question, "Should I apply lime to my lawn?" There is only one answer to that question. If you are trying to establish blue grass in your lawn, you should apply lime every year.

Fertilizer should also be applied now. When purchasing fertilizer, be very careful of these inexpensive 5-10-5's and 10-6-4's as these are formulated the cheapest way possible. The chemicals in these fertilizers are very readily available to the plants or lawn and you may find your lawn turn green very fast but also turn yellow very fast.

Local Thespian Featured in 'Laura'

His characterization of the detective, "Mark", gives promise of being an invigorating and skillful interpretation.

Candidates File

(Continued from page 1)

Hurwitz who has moved from the community.

"My opponent in this election has filed her petition and her candidacy is under the auspices of a group which has been publicly censured by the Board of Education, thru the medium of legal advertisements in the daily and local press and paid for with taxpayer's money. This group, of which my opponent is a major officer, while fully aware that the School District has engaged the services of Dr. Felix McCormick, a renowned expert in school facility planning, seeks to immediately embark on new permanent school construction without waiting for the expert's report.

"Thanks to the Defendant formula on state aid and increased total assessment of the School District, there is strong indication that there will be no increase in the School Tax rate next year," Bruno continued. "We cannot afford to allow this advantage to be dissipated by irresponsible program which may easily lead to overbuilding.

"The operation of the Hicksville School System, with an annual budget exceeding \$10 millions, is a big business which requires the application of the very best business practices."

Bruno is a Hicksville business man, the manager of a life insurance office with a staff of ten people.

Fork Lane Pupils Give Recital

A large audience of appreciative parents and music lovers listened to soloists, trios, quartets and quintets play high-quality numbers.

These children took part: Lois Blenfeld, trombone quartet; Robert Clark, trumpet solo and brass quintet; Lisbeth Converse, flute solo; Robert Cushman, clarinet trio; Isabelle Doolittle, clarinet quartet; Robert Dubester, clarinet quartet; Dwight Erich, cornet solo and brass quintet; Linda Fletcher, clarinet quartet; Larry Gabriel, trombone quartet; Charles Halter, trombone quartet; Richard Halter, cornet in brass quartet; Irene Harlin, clarinet quartet; Phoebe Hastings, clarinet trio; Gordon Jenkins, baritone horn in brass quintet; Thomas Kozalka, piano accompanist; Arthur Lash, French horn in brass quintet; Cindy Mahler, violin in string ensemble; Robert Mayer, tuba solo and in brass quintet; Marsha Mehr, violin in string ensemble; Gloria Melnitsky, violin in string ensemble; Ann Oneglia, clarinet quartet; Susan Oneglia, violin solo and in string ensemble; Richard Sabatino, cornet in brass quartet; Marc Silver, trombone solo and in trombone quartet; James Stanton, baritone horn in brass quartet; Doris Sympy, clarinet quartet; Helen Toner, French horn in brass quartet; Ronald Williams, clarinet quartet; and Michael Zussman, clarinet quartet.

Also featured on the concert program was a French Horn solo, by George Bartlett, accompanied by Mrs. Sonia Burskoff at the piano.

Teachers in charge of the recital were J. David Abt and Robert West. Adult accompanist was Marilyn Abt. Radcliffe Hastings was student stage manager. James Kleiner, former Fork Lane pupil, substituted on clarinet for Stephen Clearman, who was at home ill.

AN EDITORIAL:

Elect Mathieson, Bruno

The Hicksville School Board election takes place on May 2nd. Less than 4,000 out of a potential of 20,000 votes are registered. Unless a large number register this Saturday or next Wednesday, this may again very well be a decision by a minority of the eligible voters. The vote for school candidates has not exceeded 6,000 in the community's history.

The deadline for filing of petitions has passed and the official candidates for election are now known. It is a matter of regret to note that some candidates have waited until the final week, thus depriving the opportunity of getting better acquainted with those seeking office and their positions on matters concerning the school system.

We find little difficulty in making known our particular choice in this election. Editorially, we support Robert F. Mathieson for the seat now held by Robert D. P. Eaton and we support William A. Bruno Jr., for the position held by David Hurwitz until he resigned. This position has not been filed since December.

As for their opposition: We know George W. Kunz and we have often supported his father, George A. Kunz, in his re-election to the Board of Water Commissioners. The difficulty with George W. Kunz's candidacy is his narrow and, we believe, shallow approach the candidacy. He's against the recreation program while this issue was resolved by vote of the community some three years ago when they approved such a program. He is also opposed to the swimming pool and there are probably many who agree with him. We have our own reservations about this proposal—we feel it should have not been added to the annual meeting question under pressure at the last minute; we also believe there are probably other needs such as centralized storage and more administrative space which might better utilize the proposed expenditure of some \$395,000 of tax dollars at this time. But as a candidate for the Board this is pretty thin grounds as an issue. If Mr. Kunz should be elected and the pool should be approved, regardless of his personal views, he would be legally bound to proceed, as a board member, with the construction of the pool.

As to his opposition to recreation (or play) this could be construed as even opposition to organized sports in the schools. Would he as a Board member, move to abolish the football, basketball and other teams? We doubt it, but his candidate statements leave the door open to such questions.

Now as regards Mrs. Phyllis Neuburger, we find no trouble at all in being opposed to her efforts to sit on the School Board. We have witnessed, as reported in the HERALD, her twin efforts to bring about a referendum on a new junior-senior high school (at a cost of some four or five million dollars) whether we need it or not. The only reason for her efforts appears to be her personal opinion that we should build such a structure. In view of the fact that the Board of Education has engaged Dr. Felix McCormick to bring up to date his forecast of long-range educational facility needs (and he has been amazingly accurate regarding our needs in the past, going back some dozen years), it seems only logical to await his report before rushing off headlong seeking more permanent construction which in a matter of years may stand empty.

As for the candidates we support: We have known Mr. Mathieson for only a brief period, but we believe his background, training and experience in the field of budgetary appropriations will be a distinct asset to the District. We are, we'll confess, impressed with the fact that a young man who started with the Telephone Co. as a splicer's helper he has, by attending night school for 12 years, earned himself

a bachelor's degree and will earn his master's degree in economics in June. He has, in the interval, advanced himself with the Telephone Co. in accordance with his educational advance. He knows the value to extension of educational opportunity, the importance of halting the alarming level of drop outs in high school, the encouragement of young people to take the fullest advantage of their educational opportunities. His position as a candidate is positive and constructive.

Mr. Bruno stands four-square for Americanism, sound fiscal policies, holding the line on taxation. We had been led to believe, by his detractors, that he had at least three heads and breathed living flame. In reality, he is a level-headed business man. As a life insurance salesman he has racked up enviable records for annual million-dollar-a-year sales. It is not difficult to choose between a businessman and a housewife for a school board member to run a ten million-dollar business.

Mr. Bruno and Mr. Mathieson are forward thinking, tax-conscious residents of our community. We believe their election on May 2nd will be to the distinct advantage of the community, the educational future of our children in the Hicksville Public School System and the parents and homeowners of Hicksville. We strongly urge their election to the Board.

If you agree with us, you will be sure you are registered so you can vote for them on May 2nd. The people you elect on this date will be making decisions which will have far-reaching and long-range effect upon the overall operation of the School District.

Comment from the Capital

UNION PAYOLA

by Vant Neff

Anyone here want a job? Just get up from \$2 to \$250 union initiation fee depending on your trade and you're all set.

Wait now! That's just to get the job. You'll have to pay up union dues every month to keep it. The union can take these dues right out of your pay check like the withholding tax and Social Security deductions. Just sign here, union member.

What's that? You want the job but you don't want to join the union? Sorry, pay up, or no job.

Did you know that we are about the only country outside the Iron Curtain where the government condones compulsory union membership and legalizes extortion of fees and dues to get and hold a job? Three Amendments to the Constitution, the 9th, 10th, and 14th, guarantee us the right to work at any trade we wish without fear or favor. But these Constitutional guarantees don't prevent this sort of union economic power of life and death over workers across the country.

While the Taft-Hartley Act of 1947 gives workers the right not to join a union as a condition of employment, it also allows labor contracts which require an employer to discharge workers within 30 days if they have not become union members. Depending on which state you live in, and the kind of labor contract existing, you may or may not be required to join a union to get and hold a job.

Texas, Florida, Kansas, Indiana and 15 other states have taken advantage of a federal law giving the states the power to prohibit compulsory union membership. To get around this, the unions have come up with a gimmick called the "agency

shop". This is an agreement between an employer and a union where nonunion employees are required to pay the union's fees and dues in order to hang on to their jobs, even though they are not union members.

Again depending on where you live, the "agency shop" may be legal or not. Right now it seems to be legal in Indiana but not in Kansas. But whether your state operates under Taft-Hartley or a state labor law, or both, whether you are a union member or not, chances are that if you want to work, you may have to pay the union.

The union leaders want the

Taft-Hartley Act repealed. They also claim that a majority of late legislatures are anti-labor. But, when they are not entirely satisfied with the way things are, a puzzlement. The legal payola they have been exacting from working people has certainly enriched the union treasuries. To such an extent that they don't know what to do with the money.

The net worth of the United Automobile Workers last year was \$41,000,000. Reserves of the International Ladies Garment Workers Union amount to \$350,000,000. AFL-CIO has combined assets of over \$40,000,000,000, and a full time director of in-

It's time for EYE CARE

Approximately 500,000 Americans are slowly losing their vision because of glaucoma . . . and a great number of these people are unaware of the disease.

The average American has his eyes examined only once in five years—time enough for a serious eye affliction to develop.

One of the main reasons we neglect our eyes is because usually there is no pain associated with eye disorders and, because eyes do not ache like teeth, we assume there is no trouble present.

Yet if we were to have our eyes examined twice a year, most eye afflictions could be discovered and corrected. The high rate of blindness could be cut in half.

Vanity plays a major part in our neglect of our eyes. We feel that we may have to wear old fashioned glasses that will make us look older.

Contact lenses have solved this problem to a large extent but reluctance to visit an eye doctor still exists to an alarming degree.

The National Eye Research Foundation estimates that there are 50 million people in this country in need of eye care. Most of these people will neglect their condition either through ignorance of the consequences or an unwillingness to have their vision checked.

Don't take chances with your most precious possession—your vision. Make an appointment for an eye examination soon.

BUILD AN INEXPENSIVE SHELTER

Families anxious to build a fallout shelter but stopped by the expense or amount of room required by commercially built shelters can build their own adequate shelters, according to Popular Mechanics Magazine. The magazine has published plans in its December issue for four simple, quick and inexpensive build-it-yourself shelters.

The shelter shown above can be set up by one person from a "store-away" position in about two hours. Another can be built for about \$30.

The construction details for three of the Popular Mechanics shelters have been prepared by the Office of Civil Defense and the other by a nuclear engineer. This is the first time any of them have been published.

Simplest shelter of all is the \$30 one which requires 100 sandbags, 10,000 pounds (four yards) dry sand, and a lumber frame base, constructed as shown in the magazine. This shelter has been designed only on the basis of cheapness.

For those who see an advantage in prefabricating a shelter which can be stored away and set up later in a very short time, Popular Mechanics presents plans for a concrete block shelter costing about \$97, requiring 2 man hours to rebuild, and calling for about 33 man hours in the original prefabrication. Wood framed top is hinged to fold against a basement wall.

Construction details for an under-the-patio shelter and a basic sit-down shelter are also given in the December Popular Mechanics.

A booklet detailing fundamental information about safeguarding you and your family from atomic blasts as well as fallout shelter construction plans is available. Send 25¢ to this newspaper, c/o Service Bureau, 200 East Ontario, Chicago 11, Ill. Ask for the Shelter Booklet.

Ten Pin Talk

by Henry Dockswell

You might think that when you get three men on your team to bowl 200 or better on any given night that it would spell curtains for the opposition. Well get a load of this. Morry Herrick, #5 team captain, threw a 201, Bob Barker rolled a 209 and their anchor man, Lemmy Whitlick, kicked his way to 200. But all to no avail. Sol Rabinowitz's #1's were really hot. Every one of them contributed to a fine team effort, especially Sam Springer with a 204, and they overcame that triple threat with a new record for Team High Series from Hdcap. With a 2484. This one had Morry mumbling to himself and you can't blame him. They've been getting kicked in the teeth so often to do anything right. Except for this season that they can't seem to do anything right. Except for Al Samuels' #9 league leaders, Morry's team is the only one that has four men who average 150 or better and they're in 9th place. You figure it out because Morry can't.

After two poor weeks Al Samuels' #9 crew got rolling again and lengthened their league lead as they took 3 points from Elliot Spencer's #7's. Arnie Gluckman showed them the way this time as he came up with a strong 203.

The most exciting feature of the night was provided by Al Grusha. This guy has really been racking those pins this second half. His very first game he crushed Norman Ney's #4's almost single-handed when he fired a 246 for a new High Game record. This led the way for a 4 point sweep by his teammates and they kicked Norman's boys out of 2nd place, a position they had held the entire second half.

This week it will be Fred Sapio's #3 team's chance to slow the leaders down. Coming off a 4 point sweep of Lou Derishewski's #10's they might still have the momentum. If they can take Al Samuels' #9's they have a good chance to break into the first division, which position they haven't yet enjoyed since they won the first half championship.

League Releases Open Jericho Areas For Cancer Appeal

Its Findings

The anti-discrimination league of B'nai B'rith has recently released its finding, based on a five year survey, of discriminatory practices against American Jews.

The survey has been published by Ferrar, Straus, and Cudshy, Inc., under the title of "Some of My Best Friends," written by Benjamin R. Epstein and Arnold Forster. In their work, the authors tell how discrimination operated in the fields of education, employment, housing, and the many aspects of American social life. Their title comes from the expression "some of my best friends are Jews," a term often used to explain away acts of prejudice. They offer a variety of fascinating case studies showing precisely where discrimination exists, who is predicting it, and how.

At the end of the first week of the 1962 American Cancer Society Crusade in Jericho, Mrs. Post announced that while there are a great number of volunteers in the field soliciting contributions, not all of the territory has been covered. Mrs. Post made an earnest appeal for volunteers and urged that they contact Mrs. Post at 324 Key Place, Jericho, W.B. 5-6614.

Mrs. Post said, "This is the year of hope for our Cancer Society -- hope that through additional research the percentage of deaths from cancer will drop from one out of three patients to a much lower figure -- hope that thousands of Nassau residents will take advantage of the \$30 complete examination now being conducted in the Cancer Detection Center at Elmont or go to their local doctor for a check-up -- hope that the patient service can be enlarged and that more people suffering from can-

cer may have their pains alleviated. That is why we are so anxious to redouble our efforts in this Crusade in order to provide this three-way service."

Mr. and Mrs. William Reed of 34 Bishop Lane, Hicksville, are the proud parents of a son, Peter Anthony, born to them April 3 at Mercy Hospital.

No. 421, Hicksville

By ARTIE RUTZ

The Century Club has now officially closed its books recording a membership of 113 with Bond purchases and pledges totaling \$14,800, of which more than 50% is now paid for....the 2nd Bond was drawn for at the last meeting and the lucky winner was Sylvia Gundlach....and while on the subject of Bonds and building expansion, let me remind everyone of the joint meeting next Monday evening, April 23rd, of the Building Committee, House Committee and Legion Hall, Inc., at which time our architect will present sketches of our expanded hall and building....The winner of the Capsule drawing was Peter Dwyer, who I understand now dwells permanently in Florida, but was not present he forfeited the \$12 prize. The Nominating Committee, consisting of Pete Muller, Bob Hasel, Rudy Bouse, Bill Eggermann and Bob Mangels, chose the following slate for consideration as the new officers for election coming up, to guide the destinies of the Post for 1962-63: - For Commander, Dick O'Neill; 1st Vice Commander, Dick Hochbrueckner; 2nd Vice Commander, Ralph Kissell; 3rd Vice Commander, George Johnston; Recording Adjutant, Joe Slattery; Corresponding Adjutant, Lou Cesta; Treasurer, Tony Bellacera; Service Office, Tony Corri; Historian, Gunner Barnett; Executive Committee, Bob Hasel, Pete Muller and Bill Eggermann; Chaplain, Lou Goodman; Hicksville Legion Hall, Inc., Directors, Henry C. Brengel, Bob Hasel, Rudy Bouse, Jack Ehmman, and Al Carpenter....George Lykham is forced to resign as Mountaineer Chairman due to a change in his working hours....A replacement for him will be just one of the many problems that will confront the incoming commander....The Post voted to have our Bar closed on Good Friday....National membership award pins were given to the following men at the last meeting: Henry C. Brengel, Artie Rutz, Fred Fritz, Dick O'Neill, Jack Ehmman, Pete Muller, W. Buckman, Clem Swallow, and Bob Hasel....Dr. Goodman reported on

the monthly county Americanism Committee meeting and urged the purchase of J. Edgar Hoover's "Masters of Deceit" which he can procure for 30¢ each....this is the best buy in the world, buy one! The Post voted the S.A.L. band a sum to help buy a new pair of cymbals....our S.A.L. squadron will be selling candy at a \$1 per box in the near future, so give the boys a helping hand by your purchases....the profits will go to furnish uniforms for all the members of our S.A.L. squadron....a trip to Kings Point Merchant Marine Academy is in the making, and the thought for the future include trips to the Navy's Motorball Fleet and possibly West Point....Something new has come forth from our Ways & Means Committee, at least its new to our present day membership, (but not to our founding Legionnaires, who held many such affairs) a Benefit Night at the Hicksville Movie with the date being tentatively set as Wednesday evening, June 27th....Tickets will be mailed to all members for sale to their friends and neighbors. How many can YOU sell?...Dr. Goodman and Bob Hasel are co-chairman of this affair so contact them for further info....Delegates to the 3rd Division Caucus at Sea Cliff on May 3rd were elected at the last meeting and were instructed to vote for their own Mike Ciadella as County Adjutant....Delegates elected were: Dick Hochbrueckner, Pete Muller, Ralph Kissell, Bob Sutton, Bob Mangels, Joe Ratto, Artie Rutz, Dick O'Neill, George Johnston, Bob Hasel and Joe Slattery....The Alternates elected were: Lou Cesta, Dr. Goodman, Bill Bosch, N. Morris, George Lykham, A. Lowbelde, El Rafuse, Pete Seltz and Ernie Gundlach and John Dobson....Once again and it's very important, if anyone reading this column knows of the whereabouts of the minutes of the meetings held during the period from 1928 to 1938, please contact Artie Rutz, as these minutes are highly essential in hastening the completion of the Post History....Also wanted are pictures of Post affairs of yesteryear....A gain and again you

Began Work on Pool Plan 1960

The Hicksville Recreation Advisory Committee began the study of a swimming pool proposal on Nov. 16, 1960. The decision to accept this responsibility was made after

and last but by no means least, the Jr. High kitchen staff and the 9th grade mothers who prepared and served the feast. This was the night they called "Stardust" and if a lot of handwork and a few frayed nerves was the yardstick of success, then this one was a real ball!

SPORTSBEAT CHATTER—Looks like coach Army Tomaine and his hardy band of Comets have their work cut out for them this year. Last Sat. afternoon, on the home diamond, they were handed their second straight loss of the young season by their Clarke visitors. The score was 7-0 in this tilt and once again, it was Bill Luft with a line drive double, that robbed the Clarke furler of a no-hitter. Lufts' double to center vs. Massapequa in the second game of the season, helped the Comets win a 3-3 tie. That leaves the locals with a 1-1-2 mark so far, but there's still high hopes for a fair season.

In the track opener of the season, on the Home grounds, Hicksville took an 83-38 win over their Plainview visitors. Since then, further action has been rained out but the Comets are champing at the bit and have their weather eye on the North Shore section 1 title. Opening winners were Rich Forte in the 100 and 220; Frank Kurth, 440; Howie Hamm, half mile; Ken Doris, mile; Ken Strafer, hurdles; Gene Huber, Joe Adragna, Paul Hirschman, and Rick Forte, 880 relay; Bill Sherbourne, Dick Lyman, Bill Kozma, and George Rivas, medley relay. In the field events, Vic Manza won the shot, Joe Adragna the discus, Frank Casolito took the broad jump and Hamm made it 3 for the day by adding the high jump and hop, skip, and jump to his half-mile win. Coach Jim Grantham was all smiles after wrapping up this meet.

Daniel Maynihan appealed to the late Dr. Wallace E. Lamb, former Superintendent of Schools, on the matter and was directed to that group for its consideration.

The committee says it recognized the great value of such a proposal but also felt that thorough investigation and planning would be required. A sub-committee was appointed and a fifteen month study of every aspect was made. A thorough report was presented to the Board of Education in February, 1962. The question will be voted upon as proposition #4 in the school district election on May 20.

Here are some of the highlights of that extensive report:

On page four under recommendations: "That the swimming pool be considered as meeting the urgent need for a fifth teaching station for physical education in the present High School plant."

On page five under design and specifications: "The natatorium should consist of two-pools: (1)

Aa shallow instructional type pool, and (2) a deep pool for diving, life saving, synchronized swimming and other activities requiring deep water."

There are four pages of the report concerned with costs. In summary, the building (\$395,000) and annual maintenance operation (\$13,700) would not exceed a cost of 25¢ per month to the average homeowner, the committee says.

The cost of leadership would be offset by income from recreation use fees, it is claimed.

In addition to instruction and extra-curricular activities liberal recreational opportunities will be offered to individuals of all ages. It will be the most used school facility in the community.

NIGHT THEY CALLED STARDUST—This was the theme that was a definite part of another unforgettable night for the 9th graders at the Jr. High School. The date was Friday, April 13. The place, the Jr. High's Boys' gym, and the event, 5th annual 9th Grade Dinner-Dance. It's almost impossible to believe that the planners of this yearly function could possibly, equal or outdo themselves on a year-to-year basis.

But here was the proof of the pudding, so-to-speak. Literally, miles of colorful crepe paper had been used to transform a normally drab gym into a thing of beauty and mere words alone, could not begin to describe the result of this a festive, magic. Without a doubt, it was "Stardust" as "Hoggy" Carmichael thought it to be and the panoramic beauty of colors and lights that danced in the shadows made the very sound of the word take on an even truer meaning. This, indeed, was another excellent 9th Grade Dinner-Dance. As usual, the Student Council Fund picked up the tab, and the recipients, "the Meteors who will, next year, become Comets," had themselves a dinner and dance that will long be remembered. And, now that that reprieve has been consummated, we'll present the usual awards, that have become a highlight of this yearly affair. (Last year, in the "Fantasyland" setting, Frank "Hanky Panky" Gurriere, day custodian at the Jr. High, had won the "Oakleaf with clusters" award for his surrealistic painting of the entrance cave rocks.) This year, this award goes

and John Ash, for duty above and to faculty members, Murray Fink beyond the call of work. They were the Student-Faculty advisors and about 4 hours before Jig Time, both were ready for a sojourn in a rest camp. (9 students trying to use one ladder to hang 9 stands of crepe, can give any advisor a bad case of "advisories.") The second award, a gold medallion, with leaden goes to Mrs. Elsie Sayko and her decoration committee. The third, fourth, fifth, and sixth, awards, a pendant with green pearl murtis, goes to all other committees connected with this affair. The musicians, Jim Earl and his quintet of Earley Birds, the Student Council Advisors, the printing shop and art committee;
