Seek to Stall Vote on Land

The Hicksville Board of Education by a vote of six to one authorized School Attorney Joseph Catalano, Friday night, to enter into a contract to purchase 3.2 acres of property adjacent to the Willett Ave. Elementary School now under construction.

The action, with new board member William A. Bruno Jr. abstaining, followed a half hour executive session.

It was explained publicly that the action was taken so that the date for a referendum on the land purchase could be possibly delayed for about six months. Under previous action by the Board authorizing the attorney to proceed to condemnation of the tract, a referendum would be mandated within 60 days.

The possibility that the School Board may be thinking of other items to submit to referendum, along with the purchase of the land next to Willett Ave. School, was indicated. Among such possible items could be a combined administration building and central warehouse.

A woman in the audience wanted to know why it was necessary to spend \$65,000 for this additional land. The possible price of the site had not been mentioned in public sessions. When told that the land was needed for possible future expansion of the building, she wanted to know why a second story could not be added to the structure.

It was also disclosed that the acquisition of the additional three acres plus would make it possible for the School Board to forestall any plan to close off Willett Ave at the point where it passes the front of the school.

Rec Director On Job in Borneo

Joseph F. Madden, Director of Recreation in the Hicksville School District, is spending four months in Sarawak, Borneo, as an appointed representative of the US State Dept. Educational and Cultural Exchange Program. He will evaluate the success of youth recreation organizations in Sarawak; and, by creating a "Sarawak Recreation Plan", assist in the further development of these organizations. He will be working with the Sarawak Youth Council and the Youth Welfare Adviser.

Madden is expected to spend one month each in Kuching, the capital of Sarawak, in Sibuan and in Miri, and to do some travelling in the back country.

During his first month, he has inspected Kuching's Jubilee Recreation Grounds; the site for a planned swimming club, and the Batu-Lintang Training College, a teachers' college whose students' dormitories are World War II Japanese prison huts. More than fifty percent of the population is of school age in Kuching and the major industry is Education.

Madden is a member of the National Advisory Committee on Recreation Research, and is Secretary of the American Association for Health, Physical Education and Recreation. His wife and three children reside in Hicksville.

Local Concern Gets Vietnam Orders

The E. Fougere Co. of Hicksville, has received orders for \$41,810 worth of pharmaceutical products being sent to South Vietnam under provisions of the United States foreign aid program, the Agency for International Development report.

The Hicksville firm is among subcontractors on two contracts for drug supplies awarded to a New York exporter by firms in Saigon, Vietnam. The purchases are being made under the U. S. economic assistance program in Vietnam, administered by AID.

Close Old Country Rd

All highway traffic at the Old Country Road rail road crossing Hicksville will be detoured, east and west, along Marie St. starting Monday, June 4, according to Town Councilman Carl Grunewald, by the Nassau County Police Dept.

The crossing will be closed to motor vehicles during a period of about a week while storm water drainage pipes are laid under Old Country Road at this point.

Expedite Contract For Shoulder Work

Supervisor John J. Burns announces that the Town Board had approved the recommendation of Highway Supt. Thomas R. Pynchon for expediting the first contract for stabilizing of road shoulders this year.

The Town Board on motion of Councilman A. Carl Grunewald authorized the project to proceed and awarded the contract to Park & Estates Maintenance Co. of Hicksville at its bid price of \$8,960. The bid was lowest of two received.

Under the contract road shoulders will be maintained over specified distances including the following streets:

Plainview: Cambria, Roxton, Canterbury Roads; Berkeley, Sally Lanes; Ashford, Morris Drives.

Jericho: Rockland Drive, Bulwer Avenue.

Hicksville: Gardners Ave.; Hunter, Ballpark, Beech, Rim, Acre and East Cabot Lanes.

REVIEWING THE PARADE on Memorial Day at the corner of Jerusalem Ave. and Second St. are (top, left to right) County Clerk Francis Anderson, James W. Rock, chairman of the Memorial day committee for the five veteran organizations of Hicksville; Congressman Steven B. Derounian, Donald J. "Skipper" Dow, Spanish American War Veteran; and Malcolm C. Gertzen, past State Commander of Amvets. Dow and Gertzen were the parade marshals. In lower picture, Gold Star mothers and other guests listen to remarks to Congressman Derounian at the Memorial Mall on the Junior High School grounds.

Mrs. Peter Franke

Betty Henn Becomes Bride

The Church of the Good Shepherd, Plainview, was the scene of the wedding of Mr. and Mrs. Peter Franke. The 5 o'clock ceremony was performed by Rev. John C. Hirsch on Sunday, May 13.

The bride, Miss Betty Henn, is the daughter of Mrs. Marion A. Henn of Syosset, and the late Chandler E. Henn. She was given in marriage by Michael Markey of Hempstead.

The bride wore a chapel-length gown of silk organza and was enhanced in Alencon lace. Her fingertip veil fell from a tiara of seed pearls and rhinestones. She carried a cascade bouquet of white roses.

Mrs. Michael Markey, matron of honor, wore a lavender pole de sole dress with a matching overskirt trimmed in Alencon lace. She wore a large matching hat and carried a bouquet of dark pink roses.

The bride's maids, Jane Rosenbaum of Syosset, and Mary Ann Grounds of Hempstead, wore dresses of a matching shade of lavender with floor length overskirts of silk organza. They carried cascade bouquets of light pink roses.

John Nahodyl of Plainview was best man. The ushers were Ralph Januzzi of Plainview, and Chandler Henn, brother of the bride.

The bride is a graduate of Syosset High School and was employed at Metco Inc., Carle Place. The groom, son of Mr. and Mrs. Peter A. Franke of Hicksville, is a graduate of Oyster Bay High School. He is a Navy veteran and is employed by Grumman's.

Following the ceremony a reception was held at the Huntington Town House.

After their Bermuda honeymoon, the couple will spend six months in California, then will make their home in Hempstead.

Tobay Players Offering Drama

The Tobay Players of Plainview will present, "All My Sons," by Arthur Miller directed by Martin Bard on June 8, 9, and 10, at 8:40 p.m. at the Plainview Jr. High School on Bedford Ave., Plainview. Admission will be \$1.50 for adults and \$.50 for students, and anyone wishing to make reservations should call MY 4-0428.

The Tobay Players have been in existence for seven years and have presented two productions a year. This year, for the first time, they are experimenting with a Dramatic Workshop open to the public. This group also serves for organizations upon request. The current president of the group is Ben Babitz.

Their present production, "All My Sons," is a powerful drama concerning man's responsibility not only to himself and his family, but also to mankind as a whole. The play illustrates in a vivid way how the neglect of this responsibility can lead to decay of family relationships and even the ultimate decay of self. The cast of the play includes: Henry Steen as Joe Keller; Kate Keller, Pauline Wideltz; Chris Keller, Jerry Shames; Ann Deever, Barbara Dunn; George Deever, Sy Brin; Dr. Jim Bayliss, Bill Kassel; Sue Bayliss, Pat Mitnick; Frank Lube, Stan Sacks; Lydia Lube; Joan Susslow.

Lillian Brinn is producer while Arleen Gottfried, Dorothy Paige, and Caroleigh Gioia are Stage managers. Roz Ackerman is in charge of properties; Carol Bal-muth, program; and Caroleigh Gioia, publicity.

Plainview is especially fortunate in having engaged the talent of Martin Bard as their director for the Tobay Players production of "All My Sons." He has had extensive experience in directing productions for groups in Boston, San Francisco, Los Angeles, Redding, Calif., and Saratoga. One of his special achievements was the direction, translation, and dramatization of "Three by Sholem Aleichem" in Boston. In New York City, he has directed of Broadway productions for the Rouse Repertory Theatre, Cinderella Theatre, American Jewish Repertory Theatre, and "Murder in the Cathedral" for the Church of the Incarnation. On television, Mr. Bard has directed three plays and has dramatized and directed "Tevye the Dairyman" for WGBH in color.

Girls Entertain At Jones Institute

On Saturday, May 19, the Senior 4-H Girls of Wantagh, Hicksville and Levittown gave a fashion show for the residents of Jones' Institute in Hicksville. The program, which began at 1:30, was accentuated by the lovely decorations.

The fashion show was narrated by Ricky Ciofalo. The girls, about eighteen of them, modeled their dresses made this year. The show was followed by two square dances, performed by Kathy Ryan, Pat Seever, Mary Kuhlman, Colleen Maguire, Ricky Ciofalo, Phyllis Hasselback, Diane Heilbrunn and Nancy McDonald.

There was also a variety number, consisting of a combination Charleston-Twist, performed by Nancy McDonald and Judy Watson. Refreshments were then served. For a finale, the girls led their guests in a medley of "Old Favorites" such as "Bill Bailey" and "Sweet Rosie O'Grady".

Mr. and Mrs. Thomas Izzo of 200 Cottage Blvd., Hicksville, are the proud parents of a son, James Michael, born to them May 19 at Mercy Hospital, Rockville Centre.

Extend Bus Route

The Public Service Commission has authorized Star Bus Lines, Inc. to extend its Hicksville-Plainview route by adding a 3.3-mile loop to serve the Old Bethpage section.

The new extension will be routed from the company's present terminus on Old Country Road via Old Bethpage Road, Hay Path Road and Plainview Road. Service on the extension will be integrated with that on the Hicksville-Plainview route with no increase in fare.

The company proposed the new route after 750 residents of the area through which the new extension will be operated had petitioned for bus service which would enable them to ride between their homes and the railroad station at Hicksville and the Mid-Island Shopping Plaza.

Greenbar Hike At Froehlich Farm

Boy Scout Troop 421 of the Woodland Ave. School, Hicksville, held an overnight hike Friday, May 18th at Froehlich farm for the patrol leaders and assistant. Theodore Urban, Jr., Assistant Scoutmaster took charge with the help of Mr. Endsley. Other fathers helped set up camp and transportation. They were Mein, Haller, Griffith and Dagna.

The purpose of this hike was to pass first class requirements: tent pitching, lashing, camp fire building, first class cooking, health and safety and protection of food. Also to prepare the leaders for the Camporee, June 1st, 2nd and 3rd. The boys who participated were Hal Endsley, Scott Mein, Roger Arnold, Billy Griffith, David Haller, Herb Sawyer and Larry Dagna.

The boys broke camp Sunday morning at 9. All the boys had fun; this trip was a huge success.

Orders, totalling approximately \$450,000 were received in a single day this week by Potter Instrument Company, Inc., Plainview.

Town Bd Denies Plans for Motel

By Myron A. Kanter

The Town Board of Oyster Bay, by a 4 to 3 decision, voted to deny the petition of David Margolis, to downzone the premises situated at the southwest corner of Broadway and Northern State Parkway in Jericho from Residence C to Business F in order to erect and maintain an 80 unit motel. The vote was at a regular town board meeting, May 22nd, and was subsequent to hearing held on this application at Town Hall on March 6th.

The petition has been opposed by the L.I. State Park Commission, the Police Dept. of Nassau County and the West Birchwood Civic Assoc.

The Town Board decided that as the subject premises were in the vicinity of heavily traveled thoroughfares and roads, that the granting of the application would tend to increase traffic in the area, add to traffic congestion, impose additional safety hazards in the area, endanger the health, welfare and safety of the children as well as the adults who reside in the area, increase the accident potential at an already heavy vehicle volume location, tend to change the character of the area and would not be in the best interest of the public health, welfare, safety or morals of the community.

The White Birch of Jericho Civic Association is having its installation of officers on Friday, June 8, at 8:30 P.M. at the Jericho Fire House.

Civic Assoc Victory

There is no question that the residents of Jericho and especially of West Birchwood were virtually unanimous in their opposition to the contemplated downzoning on the southwest and northwest corners of Broadway and Northern State Parkway. Due to community pressure the application to downzone the northwest corner was withdrawn by the petitioner. However, the southwest corner was to the contrary. There the petitioner went full speed ahead in order to change the property from Residence C to Business F. The denial of this application by the Oyster Bay Town Board indicates the effectiveness of the voice of a community when it bands together to achieve a result.

The special efforts of the Civic Assoc. in organizing and voicing the West Birchwood opposition to the applications is another feather in the cap of the civic association which certainly indicates what a strong organization can accomplish.

Further, a special vote of thanks should be given by the residents of Jericho and especially of West Birchwood to Councilmen Edward J. Poulos and Carl Grunewald for their dedicated aid in this matter. These two councilmen, who are familiar with our area and know its problems, spent much time and effort in investigating and listening to our complaints and meeting with our residents in order to discuss the problems involved.

They carefully studied the situation and voted to oppose the petition for downzoning and in doing so expressed the views of our entire community.

The downzoning was defeated by a 4 to 3 vote of the Town Board which meant that if either of these two councilmen had not voted the way they did, the property might have been downzoned. It makes people feel good to know that the principles of a democracy are being exercised when the vote of their elected representatives reflects the opinion of the vast majority of their constituents.

West of Bway

Bob and Gerda Miller and Seymour and Rita Berkman recently returned from a grand cruise on the S.S. Argentina visiting six islands including Bermuda, San Juan, St. Thomas, Martinique, Trinidad and Barbados.

Gerda won four prizes in shipboard competition including one for balloon blowing and one for judging masquerade contestants. Rita injured her leg while riding a motorcycle in Bermuda.

What two residents of Craig St. came home at 2:30 A.M. last Sunday morning and awoke all neighbors within hearing distance?..... the way Carl Denny has been moving his residence every two years it is almost certain he will be back in Jericho by 1964.....has anyone noticed the new light poles L.I.C.O. has been installing in newly dedicated sections are quite attractive.....recent and near future birthday congratulations to: Judy DeLuca, Arthur Miller, Barbara Beer, Joann Cole, Janice Grubin, Leslie Berkman and Pamela Winthrop, all six. Robert Lubber, seven.

President Denny's Farewell Address

By Carl Denny

It is with a great deal of regret that I must tender my resignation as President of the West Birchwood Civic Assoc. As many of you know, I shall be moving in mid-June, back to dear old New York. To our new President, Herb Platt, I extend my sincere best wishes and congratulations.

Mr. Platt will find his new office will allow him the opportunity to associate with some of the nicest people in the community. The board of directors. To these men and women, my sincere thanks for their patience, aid and assistance, the little success I met with as President, I owe directly to them.

Mr. Platt will find that he shall be subjected to much criticism as President, some of it shall perhaps be earned, some of it unearned, but I know he shall welcome criticism both constructive and otherwise.

I leave the Civic Assoc. in more than competent hands, I trust I have left the Assoc. no worse for my efforts and immodestly perhaps a shade better.

The Westbury Community Nursery School & Kindergarten is registering children now for its summer and fall programs. The school, a non-profit, State Registered co-operative, runs two morning summer classes for children aged 3 to 5. Its fall program has openings in the morning 3-year-old group and afternoon nursery and kindergarten groups. Enrollment Chairman is Mrs. Dale Bauer ED 4-0022.

Civic Assoc Elects Platt As Our Fourth President

Herbert Platt, 29 Craig St., Jericho, is today the fourth president of the West Birchwood Civic Assoc., having succeeded Carl Denny who officially resigned at the last Board Meeting on May 23. Denny is moving to Queens next month.

The new president, who has been serving his second year on the Board of Directors, was previously Vice-President and has been active in the Civic Association since its inception in 1959.

A resolution for a vote of thanks to retiring President Denny was made at the Board of Directors meeting. He was commended by Board members for a highly successful administration.

The new vice-president is Donald Parmet who was unanimously elected. Two new members of Board of Directors were elected. Arthur Soberman replaces Donald Parmet and Joan Gilbert fills a vacancy left by Robert Strass.

Dedicate W. Birchwood Areas; Anticipate Lights, Signs Soon

Dedication of two more sections in West Birchwood was quietly accomplished last month. Section 13 west of Yates Lane as far as Lewis Avenue and north to and including Orange Drive and south to and including Rockland Drive is being readied for installation of street lights.

The other dedicated section, 14, runs from west of Clinton Lane as far as Herkimer Avenue, and north of Orange Drive up to and including Tioga Drive will be streetlighted after section thirteen is completed.

Jericho League

By Maurice Targove

It finally happened. After leading the League for about 33 weeks, the Tigers folded like an accordion and permitted the red-hot Yankees to slip into first place by one point. The Yankees, who have been moving at a very fast clip of late had been pecking away at the lead week after week. The lion's share of the credit must go to Jack Rubinstein who has averaged about 190 of late and has been as steady as his black moustache. The Tigers and Yankees will battle it out position night---winner take all.

The Cardinals, who along with the Yankees were the top rated teams at the beginning of the season just about have third place locked up and are in a good position to pull into second if things break right.

Once again, there were plenty of games over 200 led by Hank Halberstain's stunning 246. He was (Continued on Next Page)

Tops Jericho Quota

Mrs. Richard Post of 324 Key Place, Jericho, Crusade Chairman of the American Cancer Society, is pleased to announce that the total of donations received in Jericho came above the expected quota. Donations amounted to \$1,305.

Mrs. Post said, "I wish to thank all the friends and neighbors in all of Jericho, without whom this could not have been possible. It was my pleasure working with so many fine people who donated their time and money for this very worth while cause. A special vote of thanks to all those who donated much of their time helping me with the raising of funds. This is a job, that could not have been done by one person alone. My sincere thanks again!"

She also stressed that donations can still be sent to the American Cancer Society, 1551 Kellum Place, Mineola, and can be credited to Jericho.

HERALD READER OPINION

Psychological Testing

To the Editor:

There has recently been an attack on the psychological testing procedures of the Hicksville School District by William Bruno, newly elected member of the Board of Education.

We wish to make the following observations:

No layman has the right to dictate, by the use of unsubstantiated allegations, the practices employed by professionally trained personnel. If an individual is al-

lowed to disrupt, disturb, or otherwise hamper the professional area of psychology, we assuredly can anticipate a breakdown in the entire professional educational system at the whim of any extremist. It is therefore essential that no arbitrary decision be made which interrupts or discontinues the vital services of the Psychology Department to Hicksville school children.

This is shown by the fact that there are extremely few drop outs for next season and the waiting list is oversubscribed. From this point on, we all look forward to the Dinner-Dance at the Meadowbrook which promises to be the same reserved and dignified affair we had last year. The!

Boy Scouts to Camp at Sagamore Hill

During the weekend of June 1 to 3 between 500 and 700 Boy Scouts and Explorers from the Hicksville, Plainview and Old Bethpage area will participate in the 1962 Arrowhead District Spring Camporee. The District has been extremely fortunate in obtaining the use of Sagamore Hill in Oyster Bay which is now in the process of becoming a National Park, as the site for the Spring Camporee.

The program, which encompasses Citizenship Training, Character Building and Physical Fitness, will be full and varied. Among the highlights are camping in deep woods, demonstrations of axmanship, cooking, gear packing, and tent pitching by members of the Sagamore Troop; and a historical hike from Sagamore Hill along Long Island Sound to the grave of our first Long Island Scout Commissioner, Theodore Roosevelt. Fun events include such items as Antelope race, Sack race and Three-Legged race. In the evening, inter-troop campfires are planned to promote fellowship and friendship between Scouts. Religious services for all faiths will be held on the Camporee Grounds Sunday morning.

Patrols will demonstrate their proficiency in various areas such as Patrol organization and leadership, campsite layout, menus and cooking, and Scout Spirit and participation.

As a prelude to the Camporee, on Saturday May 26, Boy Scouts Thomas DeMartino, Charles Karish, Michael Santapadri, Alan Schwartz, Jack Taylor and Stephen Taylor all from Troop 158 sponsored by the Dutch Lane PTA started from Sunrise Highway and hiked across Long Island following the bike path along the Wantagh highway continuing on Route 106 until they reached Sagamore Hill. On reaching Sagamore Hill they stopped at the grave of Theodore Roosevelt and honored it by placing a flag on it. The group then continued up to the Roosevelt home where they were welcomed by Grey Mason. The trek across Long Island was taken by the boys as part of earning their Hiking Merit Badge, which has as a requirement a 20 mile hike.

The Villager

FOR THE RESIDENTS AT BIRCHWOOD PARK AT JERICHO

An Open Letter From Fin. Secty

Sunday, May 26, a final letter went out to the members who have not as yet paid their 1962 dues. If you are one of them, you have only two more weeks to remain eligible as Civic Assoc. members. It is up to you to help us maintain the high standards and desirability of our Community. As you know, the Civic Assoc. has worked constantly for the past

six years to protect the rights and property values of our residents. In addition, it now sponsors groups such as the Youth Group (250 children strong) and the Jericho Players Dramatic Group, which makes the Villages of Birchwood Park the standard of comparison for the entire Long Island area.

The Civic Assoc. needs your support. It needs it now! If we are to maintain our forceful voice in Town and School affairs, we must continue to represent a large membership.

Many new problems of a service nature are becoming alarmingly evident. Several instances of teen age hoodlums roaming our streets and drag races zooming through the Community, have been reported. These acts require community action. Your Civic Assoc. is taking direct action to keep these elements away from here.

From you, we ask encouragement through the payment of the annual dues of \$5.00. This year because of the change in billing dates, dues are only \$3.75. Incidentally, the annual supper-dance, large to members and held at the Jericho Country Club on a Saturday night more than compensates for the dues.

In anticipation of your dues, we shall continue sending you this paper, the VILLAGER, for two more weeks, after which we will be forced to discontinue this local chronicle to non-members.

If you have not paid as yet and have received a bill, will you not send in your check today. Help us to help you.

Form Choral Group

A United Jericho Jewish Choral Group has been formed to help the Jericho U.J.A. Drive. Representatives of the Jericho Jewish Center, Temple Or Elohim, Jericho B'nai B'rith and ORT have combined their best voices to entertain those in attendance at the Jericho U.J.A. Cocktail-Buffer dance July 1st at the Jericho Jewish Center. They are presently rehearsing many popular Jewish songs to be sung at the affair. Make your reservation now and enjoy memories of the past and at the same time join in with your neighbor in bringing U.J.A. to Jericho. For Reservations call - Ralph Diamond - OV 1-1283.

Install Officers

The Robbins Lane P.T.A. meeting was held on May 22. Mrs. Oscar Willer installed the new officers for the coming year. Samuel Glazer, a member of the School Board of Central School was presented with an honorary life membership.

Our children's Art Work was handsomely mounted and displayed in an Art Exhibit by Mrs. Sandra Singer. Art teacher. Some of the materials used were linoleum block prints, burlap stitching, ceramics, mosaics, fingerpaint, clay, paper mache, water colors, crayon and chalk, and collages. All the work showed a fine sense of individual expression and creativity. All the teachers, children and parents were thrilled to witness such an exciting exhibition.

JERICHO LODGE team took first and second positions in the Nassau County B'nai B'rith Bowling tournament at Freeport Bowl. Over 20 lodges in the county participated. Left to right are Fred Rothman, David Topping and Irving Cohen, officers of the winning lodge, accepting the championship trophy. The first place team included Burt Sann, Fred Rothman, Herb Golub, Jerry Gold and Marvyn Sabele. On the second place team were Mel Klipper, David Topping, Irving Cohen, Vic Silverstein and David Mark.

The B'nai B'rith Bears aided by Steve Hartman's home run, defeated the West Birchwood Tigers 9-6. The victory of the Bears was its first victory and so every team in the league has won at least one game.

West Birchwood Robbins and the B'nai B'rith Bombers remained at the top of their respective divisions by victories over the Westbury Darts and the West Birchwood Rams. Marty Stahl of the Bombers pitched a no-hitter till the sixth inning. The Robbins, Howard Cole continued his fine pitching by pitching a shut-out.

Arnold Gluckson, clutch pitching enabled the Knights to breeze to an easy victory over the Princeton Park Broncos. The National Division of the league according to the present standing appears to be the stronger league, but the season is still young and anything can happen.

The Old Timer

"Telling folks where to get off is not the best way to get on."

Spring clean-up will give you opportunity to eliminate potential home fire hazards

Spring clean-up time is at hand. Across the nation householders in thousands of cities and towns will be participating in special campaigns designed to clean up and beautify their communities.

Many municipalities choose Spring as the time to spruce up city properties. The most important aspect of Spring clean-up, however, will be the participation of Mr. and Mrs. Average American, the people who live on your street and in the adjoining block.

Your first job in participating in Spring clean-up is to get rid of trash, according to the National Board of Fire Underwriters. In so doing, you will not only make your home spic and span, but in addition will remove potential fire hazards.

There are about 800 home fires a day in the United States, and too many of these feed on accumulations of rubbish in the attic or the basement.

Begin your spring clean-up job by taking a look around your attic. Do you need that stack of old magazines? Do you have to keep that pile of old newspapers? Will you ever fix the rocker on that old chair and use it again? Why are you keeping the mattress for the bed you disposed of three years ago? And how about that stack of old clothes which has been gathering dust for two years?

Check basement

Give the basement the same going over. If yours is the average home, you will probably find partly filled paint cans, old paint brushes, rags and other combustibles. Throw them out if you have no further use for them. See to it that any paint you retain is kept in tightly sealed metal containers, and be sure paint and other flammables are not stored too close to the heating plant.

And make a note on your calendar now to have the serviceman check your heating plant sometime this summer. It's a good thing to have it serviced every year. At least one fire out of every 10 begins in a defective heating unit.

If you have a washing machine, call a repairman at once if the motor is not functioning properly.

If you have a clothes dryer, see to it that the vent, heating unit and the lint catcher are free of lint. Accumulation of lint anywhere in the dryer is an invitation for a fire.

Never put anything made of foam rubber in your dryer. This includes such items as small pillows, toys, ironing board pads, and Junior's football shoulder pads. Foam rubber can melt spontaneously at dry temperatures maintained in a dryer.

Now check your home for fire hazards. If there are loose connections on any electrical appliances, such as the toaster, mixer, refrigerator or electric broiler, have them repaired by a competent electrician.

Take a look around the kitchen to see if there are obvious fire hazards. Almost every kitchen has a towel rack. Be sure yours is not in a position where towels hang over the top of the stove.

In the living room potential fire hazards are faulty wiring on lamps, the radio or the television set. The next time you have the electrician in, have him check wiring and electrical connections throughout the house.

Ventilation for TV

And be sure your television set is in a place where there is adequate ventilation. A set naturally generates a considerable amount of heat, and if not properly ventilated, it could cause a fire.

When your fireplace is in use, it should always be protected by a metal screen. Sparks can pop out from a burning log at any time.

If there are smokers in your house, place plenty of ashtrays in every room.

The garage is another place where fire hazards frequently build up. Keep the floor of the garage free from oil which may drip from your car. If you have a power lawnmower or outboard motor, keep gasoline in a can approved by Underwriters' Laboratories, Inc. And remember, keep gasoline only in the garage, never in the house.

If you use turpentine for the mixing of paints, keep it in a tight metal container. If you have it in a bottle and the bottle drops to the floor and breaks, you have flooded the floor with a flammable fluid.

If you are a do-it-yourself handyman around the house, use care with paints at all times, as well as during your spring cleaning.

Keep a window open while painting interior walls.

Only a few months ago two men were painting the floor of a living room in a private house when an extension cord with a light bulb dropped to the floor. The bulb broke, the hot filament ignited the wet paint, and damage to the house from the fire was \$14,000.

Your clean-up job will not be complete until you have raked up your yard. Most communities do not permit open fires; some require a householder desiring to burn leaves or trash to get a permit to do so. If you do burn leaves or rubbish, however, burn them in a wire mesh basket of the incinerator type—one with a mesh cover which fits securely in place. Have the garden hose hooked up to an outside faucet for use if the fire should get out of hand. And never, never burn on a windy day.

You should get double pleasure out of your spring clean-up job when it is complete. You will not only have a spic and span home but you will have eliminated potential fire hazards.

The Blackboards Were Green

By Robert W. Wells

I approached the school open house laden with admonitions from the children. I was not to make jokes. I was not to call Miss Sledgebaum "Old Sledgy," even though I have come to think of her by that name from hearing it so often during dinner table conversations. Above all, I was not to disgrace the offspring by launching into dull reminiscences of how schools have changed since I attended them.

I was looking forward to the evening. At last, I would meet Miss Ames, the lovely teacher of English who has made poets of generations of 12-year-old boys. I would exchange a firm handshake—not too firm, I hoped—with Coach Lipscomb, a combination of Ty Cobb, Paul Hornung and Wilt the Stilt according to the reports the children bring home.

I was even to breathe the same exalted air as Miss Van Gogh, the kinder-

gart teacher, who is said to be the best fingerpainter in the Western Hemisphere.

But the teacher was speaking to the roomful of parents. I brought my mind back to the present. She was explaining the theory of education. The theory had something to do with words like "motivation" and "adjustment" and "peer group." Was it possible that my children are members of a peer group? It all sounded quite complicated and my mind began wandering again.

The theory of education had been so much simpler in the old days. The theory we operated under then was that you paid attention to Miss Alpenstock—known familiarly, for some obscure reason, as "The Old Wool"—or else she would flunk you. And if she flunked you, that meant you had to spend another year with her, a prospect dire enough to make even a future parent learn long division.

It was understood then that the teacher was employed to cram as much into your thick skull as possible. And you were supposed to pretend that you were going along with the system, at the same time avoiding knowledge whenever it was possible to do so. Among my peer group, at least, it was not so socially acceptable to accept education with any enthusiasm. If you knew too many of the answers in arithmetic, you might wind up playing right field instead of first base after school. Right field was ordinarily reserved for the boy least likely to catch the ball, but even a good player might find himself there if it was suspected that he was co-operating with "The Old Wool" in the pursuit of knowledge.

But all of that seems to have changed. When my children first began bringing home A's, I used to praise them, once my initial shock had worn off, but then I would add a fatherly word of warning. It would be better if they concealed their scholastic brilliance from their classmates, I suggested. Otherwise, they would spend long hours in right field waiting for batted balls that never came.

But they did not agree. Getting A's, I was given to understand, is now socially acceptable. A boy starts trying to get into Harvard while he's still in the first grade, and having brains is no longer a passport to ostracism. There is even one school of opinion that holds that an A is as important as a home run with two men on base, a theory that would have struck my peer group back in Ohio as downright subversive.

But the teacher had stopped talking and was looking at me expectantly. I squirmed at the too small desk. All the other overgrown students were looking at me expectantly, too. At once, in spite of the green blackboards and the vanished inkwells, the room felt familiar. With a sinking feeling, I realized the teacher had asked me a question while I had been daydreaming about the sound of corduroy knickers in a dim hallway and the rope that Deb Addicot used to pull to ring the tardy bell. And here I sat, not only not knowing the answer, but not knowing the question.

"I'm sorry," I said, "I'm afraid I'm not prepared, Miss Alpenstock."

The next day, the children said I'd disgraced them. Not only had I called the lovely Miss Sledgebaum by another name, but I had admitted publicly that I couldn't answer her question. Anyone could answer a question like that, they told me. Anyone at all. And what was the question? I demanded. They could repeat it word for word.

"Don't you think, sir, that a well-adjusted peer group is the primary motivation for an educated child?"

I told them I was sorry. I told them that if I'd heard the question I would have answered it promptly and at length. But the truth is, I wouldn't have. I would have pleaded ignorance. I would have allowed some other father to answer in my stead.

After all these years, I'm too old to start playing right field now.

S. L. F. and Botto Brothers played for first place, both teams winning 3 and losing 1.

Speedway Barrier Broken

The barrier was broken Saturday night, at Islip Speedway, the barrier that Bill DeVercelly has set up by winning every Jolopy race event since the season's opening. Bob Holmberg was the winner, in car #71, and received an additional \$25 bonus for being the first to break DeVercelly's losing winning streak.

Players Keep Diamonds Hot

There are something like 260 baseball games a week being played on 26 baseball diamonds on the grounds of Hicksville public schools it was disclosed at the Hicksville School Board meeting, Friday night, during a discussion of grounds maintenance. The school district owns a total of 128 acres of property surrounding the ten schools.

The Board, upon the recommendation of the administration, moved to authorize the hire of additional full and part time groundsmen to keep the grounds and diamonds in shape.

The summer recreation program sponsored by the School District will start with registration on July 2 from 9 AM to 12 noon at all playgrounds. The playgrounds and centers will be open each weekday from July 2 to Aug. 10. Playgrounds will operate mornings from 9 AM to 12 noon at the Junior High and all elementary schools except Lee Ave.

Afternoon activities from 1 to 4 PM will include trips, tennis, teen theatre at the high school, archery and golf practice, arts and crafts. Evening programs from 6 to 9 PM will include auto shop, teen centres at Burns Ave. Dutch Lane and Woodland; sports center at High School and teen dances at the high school every Wednesday from 8:30 to 10:30 PM with live music.

The School Board approved the proposed program as offered by William L. Fuller, recreation program coordinator. Fuller is acting as recreation director in the absence of Joseph Madden. The Board has authorized the hire of William Jurgelevich as acting program coordinator for the six week summer playground program.

Around the District

By Joe Koerner

DIAMOND DUST—Coach Dick Hogan and his Jr. Highwaymen were back on the beam last week, with a pair of shutout wins over Island Trees (10-0) and Plainview (5-0). That makes it 7 wins and 2 losses for the "Meteors" so far, with 3 games left on the schedule. Scorewise, these Jr. High powerhacks have outlasted their foes 74-26 which sort of makes the future a bit brighter for J.V. and Comet squads in the years ahead. In the Treemen tilt, Vin Hoosack and John Huggins both chimed in with a day of perfection in their individual roles. Hoosack tossed a no-hitter and Huggins went 3 for 3 at the plate. Versus Plainview, George Swartz ran up a 5 hit shutout. Rich Buonapane had a 3 for 4 day, Nick Carrera doubled, Victor Mudryk rapped a single, and John Huggins and Peter Seitz got into the Maris-Mantle act by polling out homers.

And, on the other side of Jerusalem Ave., this is how the ball bounced for Jayvee coach Harry Remm and Comet mentor, Arroy Tomline. The Jayvees ended up with an 8-7 season by taking the season's finale from Jericho. The batting leaders were Mike Sikorski, Hugh Hansen, and Tom Yarsinski with Dick Heidel, and Otto Gabrielsen sharing the mound duties. The Comets closed with a 6-3 win over MacArthur to end their season with a 500 mark (6-6) Bill Luft did the chucking and from all signs it looks like he'll be seeing some mound duty next season.

ALL STAR STUFF—I borrowed the following from another source Comet Joe Cafara, recently competing in a physical fitness test at Calhoun High finished 12th in a series of tests involving a few thousand students. The Comet team entry also finished 12th in a Marine Physical Fitness Test held at the Merchant Marine Academy in Kings Point, and last but not least, Tom DeBrooke after winning a qualifying berth in Section 8, Nassau County Scholastic Golf Championship, copped a 10 place finish in the finals.

TRACK RACTS—Jr. High track coaches Warren Meyer and Bud Bryan reported an undefeated season for their "Meteormites" after taking the finale from Salk, 85-30. "A real good squad," was Meyer's idle comment as he went on to cite the outstanding performers of the season. George Lang tied the Jr. High record in the 100 yd. dash, at 10.8 sec. John Walker tied for the record in the 120 hurdles at 11 sec. flat, Gary Berthram went undefeated in the pole vault and set a new (12 and 13 year old) record of 8' 3". Alex Kazor went undefeated and set a new record in the 660, Ray Gatowski (undefeated half mile) a new record of 2:16, Larry Wesolka (14 and 15 shutout undefeated) new record of 48.7". Leon Kapinski undefeated high jump (12 and 13) and John Molloy set a new record in the pole vault for 14 and 15 year olds with a leap of 9'6".

LITTLE LEAGUE LIGHTS—Meet Larry Garney, and Ray

ROBERT OTTEN of 140 Blueberry Lane, Hicksville, was awarded a trophy as Outstanding Soccer Player of the Year at the Aggies' Sports Banquet at State University's Agricultural and Technical Institute at Farmingdale. Otten, fullback for the Aggies, was selected as All American in Junior College soccer in his Freshman year and is considered by Coach Manny Rolnick "as one of the best we've ever had at Farmingdale."

Stan Lomax, veteran radio sportscaster, was guest speaker at the dinner.

CYO Gold Team On Victory Trail

St. Ignatius Loyola's Grammar Gold baseball team is picking up where it left off last year and, to date, shows four wins without a loss.

Florillo, little league managers for the Cardinal and Giants' farm clubs. Larry and his hardy band of mighty mites copped a real 1-0 squeaker from the Athletics last Sat. morning at the Fork Lane diamond, and Ray's charges turned back the Indians 11-0. I've got a real rootin' interest in the Cards and Giants this season with #1 and 2 sons scheduled to buck heads later on in the season. Last week, I wound up with a bad case of sunstroke taking in a double-header and I sure hope they televise these games by the time #3 and 4 sons get into this dodge. Taking in 4 games in one day could create an allergy of some sort.

The strong pitching of Bob Dental has kept the opposition from doing anything, as evidenced by his two shutouts, one of which was a one-hitter, and his skein of eighteen scoreless innings.

Augie Reinhardt and little Joe Carrera are leading the hitting parade and Andy Prossowski is the home-run king.

Manager Charlie Schneider is getting results with the help of such ball players as Acerra, Gallagher, Gettschler, Glibowski, Harding, Huber, McAuley, McGinnigle, Rottkamp, and Stenson.

Legionnaire's Log

Charles Wagner Post
No. 421, Hicksville
By ARTIE RUTZ

What's the attraction for eligible veterans to join the American Legion? Is it the parades and pageantry of county, state, and national conventions? Yes, some might be lured to join for this reason. Could it be the Friday night or after-the-meeting bridge and pinocle games, the shuffleboard games and the thirst-quenching beer, that is the attraction to others? Yes, it could be, and probably is to a small percentage. But the real attraction goes deeper than that, it's the bond of comradeship that ties veterans together, a common language of the veteran who knows whereof he speaks when he says: "I am proud to be an American Legionnaire!"

It's the knowing that one belongs to the outfit that created the Veterans Administration and restored veterans benefits which had been previously wiped out with a presidential veto. It's belonging to the veterans group that was solely responsible for the authorship and passage of the G.I. Bill of Rights and this opened the door for the Korean G.I.'s as well. Did you ever stop to think of the short-in-the-arm that was given to the economy and the veteran as well by this means?

As we so often repeat "For community, state, and nation" that it becomes mere words to some but again to a larger segment, they mean what they say. Take our national security commission for example, and follow their works and reports, not just for the past year, but through all the years of

its existence. The National Security Commission followed with great diligence the military buildup of the Soviet Union following World War II. At the risk of being unpopular, the American Legion advised, on the strength of information received from this committee, the necessity for maintaining American military strength. Unfortunately, history has a way of repeating itself; for some of the measures that our National Conventions and National Executive Committees adopted were not approved by the Congress or the agencies charged with the security of the United States. It is quite understandable that American Legionnaires, Veterans of World War I, World War II and the Korean War, have a deep appreciation of the vital role of the military in preserving the peace. A great percentage served overseas in combat units and saw their comrades in arms fall in the defense of the basic freedoms which Americans hold so dear. They know, that unless America's arms are kept modern and in sufficient numbers, we encourage irresponsibility on the part of the Russian dictatorship. They know, today, that the American Legion, through its National Security Commission and Committees, is carrying on a concerted educational public information program, designed to keep the American people abreast of developments in the broad fields of National Security. They know, with very few exceptions, most of

To Confirm Class

A class from Holy Trinity Episcopal Church, Hicksville, will be presented to the Right Rev. Jonathan G. Sherman, Suffragan Bishop of Long Island, for the Sacrament of Confirmation on Saturday, June 2, at three p.m. in the Cathedral of the Incarnation, Garden City. The Rev. Domenic K. Ciannella, rector of Holy Trinity, will present the class.

our American public are seriously concerned with the world situation today. The pattern of events in Thailand, Laos, Vietnam and Indonesia, are being closely scanned and catalogued. At its meetings in Washington each year, and just before the National Convention top military and civilian leaders of the United States willingly meet and discuss with the National Security Commission and its component committees matters imperative to the safety and security of this nation. And each year, members of this commission travel to Europe (at their own expense) and inspect our various military bases and installations to get first hand information. Three of our Nassau Legionnaires, Jack Rough, Bill Sweeney, and Al Woessner, (all past County Commanders) made the trip only last month and came home full of information. You can see that members of this commission are people known to us and not given honorary positions to fill. The American Legion is vigilant in behalf of the people of our community, state, and nation and this continued patriotic service to our Country is a major reason for the continual growing of American Legion's large membership.

The Charles Wagner Post meets the first and third Mondays of every month at its own clubhouse, 24 E. Nicholas St., Hicksville, and is every ready and willing to add eligible veterans to the American Legion's membership rolls.

JEANNE ERWIN of 18 Dakota St., Hicksville, received a \$500 beauty school scholarship from the Clairol Institute of Haircoloring in New York City this week. She is shown with Edward Filardy of Woodside, a senior at Queens College and finance of Miss Erwin.

Laymen Organize For Chiropractic

Auxiliary No. 26 of the American Bureau of Chiropractic, filled the Hicksville Public Library Auditorium, Tuesday evening, with laymen organized in the interest of licensure for chiropractic — people who have been restored to health by chiropractic treatment. Guest speakers for the evening

were Assemblyman Edwin J. Feherbach and Dr. Richard Willis, Chairman of Industrial Relations of the Chiropractic Association of New York.
