NEW ARRIVAL

Mr. and Mrs. Francis Doogan of 3 Middle Lane, Jericho, are the proud parents of a son, Peter Lambert, born to them July 25 at Mercy Hospital, Rockville Center.

Huge Fire Losses Can Be Cut—If

The nation's huge industrial fire losses, estimated to cost about \$200,000,000 yearly, can be cut if management views fire as a menace to production.

Management needs training in the consequences of fire just as much as employees do, according to J. R. Bahtler of U.S. Steel Corporation.

The attitude of "we've been doing it this way for years and we've never had a fire" must go if crippling fire losses are to be reduced, said Bahtler. He is fire chief of U.S. Steel's Gary (Ind.) Steel Works.

Joyce Anne Baldwin

Mr. and Mrs. Arthur Baldwin of 67 East End Ave., Hicksville announce the engagement of their daughter, Joyce Anne to Henry Kneisel, son of Mrs. Henry Kneisel and the late Mr. Kneisel, 41 Tepper Lane Levittown.

Miss Baldwin is a senior at Plattsburgh State University where she is president of her Sorority Phi Kappa Xi and secretary of her class. Mr. Kneisel is connected with the Nassau County Police Dept.

No plans have been made for the wedding.

Bahtler said that training management to understand the necessity for automatic plant fire protection, as well as for employee training in fire prevention and firefighting techniques, is the main job of the person in charge of fire protection in any plant.

Herald Editorial Comment:

Religion Coupled with Community Growth

No one can doubt, reading the glimpses of community life dating back a century or more as published elsewhere on this page, that religion and religious teaching has been intertwined in the development of the community.

We believe the Union Chapel, which for a half century served various denominations -- sometimes simultaneously -- was unique in the early history of Long Island. It is a proud chapter in our background.

The earlier settlers of Hicksville were largely of German extraction or German immigrants. Thus services in the first churches were said in German and bi-lingual services were still common in several churches until just prior to the second World War.

Five years before the first congregation was organized in Hicksville and ten years before the Union Chapel was built in 1855, the community felt the bite of sarcasm from the pen of the Rev. Dr. Prime,

historian. It has been explained by Peter Ross, another noted LI historian, that Rev. Prime was "bitterly opposed to Hicksville, mainly because he was opposed to the doctrines of Elias Hicks."

Rev. Prime said of our community: "Hicksville, although unknown in the ecclesiastical annals of the Island, ought probably to receive some notice as we pass by it. It is a 'village' of recent origin, situated on the western line of the town, about midway of the Great Plains. It owes its existence to the temporary termination of the LIRR at this point. It originally consisted of a large depot and work shops, a hotel with its out-houses and five or six small private dwellings. The RR having been extended to Greenport in 1844, the depot being burned down about the same time, and no addition whatever being made to the private dwellings, the 'village' bids fair to remain in statu quo.... it does not seem likely to be selected as a place of residence by any man in his

senses. On the whole, LI does not furnish, in all its length and breadth, a stronger instance of the folly of attempting to rear cities and villages on the hot-bed principle. East New York and Jamesport are privileged spots compared with Hicksville. The name may live, but the 'village' is a miserable abortion."

Mr. Ross wrote in 1902: "In 1850 the idea was broached for making Hicksville a German settlement and the idea was quickly put into practise. Streets were surveyed and lots staked out, and in 1852 a schoolhouse erected. The people mostly German began to buy up the lots and long before Dr. Prime died in 1856, he could have seen a thriving village rising on the spot concerning which he wrote his sarcasms and lamentations."

There may be a relationship between the present day strong community feeling regarding prayer in the public schools and the deep-rooted religious affiliations dating back 120 or more years.

Four Churches Back in 1888 Grew to 15 in Number Today

By Frank Marrs

(Editor's Note - This is the fourth installment of articles written for publication in New York City newspapers around 1888 by Frank Marrs giving a glimpse of Hicksville over 70 years ago. This feature is devoted largely to the churches of the community as they started and developed to the date of the report.

(Hicksville had four churches in 1888. Today there are 15, including three Roman Catholic and three Lutheran.)

There are at present four churches and four different denominations, each having a resident minister.

The Catholic Church building was erected in 1855 on land donated by Adolph Pasker, father of the present Mr. Pasker. Mr. Pasker helped to build the church. When the frame was up a severe wind storm blew it down and it had to be

again raised. Father Goetz was the first Priest in charge and he was succeeded by Fathers Miller, Hooper, Schneider and Father L. Fuchs, the present pastor, who has been connected with the Church for the past 16 years.

(Editor's Note - Rev. Fuchs died on June 8, 1923 after serving as pastor of St. Ignatius for 50 years. During his tenure the new school on Nicholas St. was built.)

The society is free from debt, has six handsome building lots on Broadway and will very soon build a church to cost \$12,000. When the new church is completed the old edifice will be used as a Catholic school. Sixty families belong to the church.

The Union Chapel

The Union Church, as it is familiarly called, was built in 1853. James Wood collected the money for the building and J. F. Heitz gave the land. The Rev. Mr. Meyles was the first pastor who occupied the pulpit and preached to a Methodist congregation. The church was erected to be used by any religious sect. It is at present occupied by the Reformed Church people until their new edifice is erected.

The Reformed Church organized in 1883 with the Rev. Mr. Wilson as pastor. The present pastor, the Rev. Ernest Gutweller, was called in January 1885 and was duly installed as pastor on Sept. 24 of the same year. He has worked hard to raise sufficient money to build a church for his congregation and his efforts will soon be crowned with success. Mr. Gutweller's first charge was the First Reformed Church of Long Island City. He preached to that congregation from 1877 to 1885. The membership of his present church is about 60 families. The Sunday school is well supported and has an average attendance of 80 with ten teachers. Frank Wettrian is the present Superintendent.

There are at present three societies connected with the church, as follows: The Ladies' Aid Society, organized in 1884, has 30 members and its officers are president Mrs. J. Gutweller, vice president Mrs. C. Erickson, secretary Mrs. Schulte, treasurer Miss Lillie Loewling. The Christian Endeavor organized in 1889, membership 31; president Frank Wettrian, vice president Adam Dauch, secretary Mrs. Lizzie Sevin, treasurer Charles Bilschopp; Two Kings' Daughters' Circles recently organized but doing nicely.

The new church edifice will be erected on the corner of Jerusalem

THE UNION CHAPEL or Church was erected on Sept. 1, 1853 on the east side of Broadway, Hicksville, near the present day location of the Church of Christ. The land for the structure was donated by J. F. Heitz and money for its construction was collected by James Wood. The Trinity Lutheran Church held services here in 1863 before their own structure was erected. On Dec. 9, 1883 the First Reformed Church was organized here. Holy Trinity Episcopal Church was started as a Mission with first services held in Sept. 1899 at the Union Chapel. The Hicksville Methodist Church worshiped here after their organization in March 1900. A new church was built by the Methodist on the approximate location in 1902. Thus during a half century at least four different denominations used this building. The Methodist Church has in recent years built a new edifice on Old Country Road and the property has been acquired by the Church of Christ.

Ave and Woodbury Rd. (Editor's Note - This was what is today called the corner of Jerusalem Ave. and Newbridge Rd. The church has since been demolished and the site is now occupied by the Meadow Brook National Bank's three-story building.)

The excavating is now being done for the cellar. When completed the church will be an ornament to the village. The main audience room will be 32 feet square with bowled floor and semicircular seating, with an alcove 6 by 18 feet. Cathedral glass will be used. The Sunday school room, connected by folding doors with the main auditorium, will be 32 by 22 feet. The basement will be 6 feet of concrete and three feet of brick and will be under the whole church. It will be used as a gymnasium for the young people. The steeple will be in the center of the church. Architect York of Brooklyn will supervise the work, the estimated cost of which

will be \$8,000.

(Editor's Note - A later sidelight about this church is of interest. The cornerstone was laid on Dec. 3, 1890 and the dedication took place in Feb. 1893. On the evening before Easter of 1921, fire broke out in the church and caused considerable damage. This congregation in recent years sold its property and became affiliated with Parkway Community Church on Hempstead Ave.)

The Baptist Church, a large brick building on Woodbury Road one half mile from the depot is erected on land donated by Joseph Wallace and is at present used by the German Lutheran Evangelical Church. The Rev. H. Pehlman who is pastor has a large congregation. The German Lutheran Trinity Church (today Trinity Evangelical Lutheran Church) was organized in 1864 and the present church erected in that year. The lots on which the church is built (Nicholas St.)

was given by J. F. Heitz. The first minister was the Rev. August Weisell. Starting out with a very few members and deeply involved, the church is now in a prosperous condition, free from debt, with a strength of over 100 contributing members. The Rev. Paul Matschat the present pastor, has filled the pulpit to the satisfaction for all for the past sixteen and one half years. The Sunday school is a flourishing condition with 12 teachers and an average of 120 scholars in attendance. The Ladies Aid Society, which has done much for the church was organized in 1885 by the young ladies of the church. The present officers are President Miss Maggie Sahlmuller, vice president Miss Gussie Herbst, secretary Miss Katie Nicholas, treasurer Miss Theresa Kerbs; membership 35.

The Rev. Matschat has charge of the German school held in the basement of the church. This school was started in 1864 and has been taught by Mr. Matschat for the past 17 years. Mr. Matschat is a well-educated gentleman and can converse fluently in either German or the English language. He has at present 25 scholars and is very popular with them. As was recently shown, he was to have closed his school for the annual vacation on June 27 but the scholars were unanimously in favor of his continuing to teach them through July. Their request was granted as Mr. Matschat was

Jericho Board Sets School Tax Rate at \$5.41

Final Decision On School Aug 23

Another episode in the saga of the construction of the Jericho Cantigue School took place on Aug. 2nd when the School Board dispersed the press and cons of the alternate plan for seating the grade school children in September at the school is not ready on time. The final decision will be made at the next open Board meeting scheduled for Thursday night, Aug. 23rd, in Jericho High School. The builder, a firm known as the 3 M Corp., has been given a list of 30 items to be completed or redone and the results will be made known at the meeting where the 3 M Corp. is expected to have representative present.

Several plans were discussed for dispersal of West Birchwood grade schoolers and an open discussion took place during which citizens of the district voiced their opinions. The School Board has requested that the as large attendance as possible be present at the Aug. 23rd meeting.

Encores Theatre Group Casting

The Encores Theatre Group is casting for their fourth coming Fall production which will be "Picnic" to be presented for the benefit of Cecily's Anemia Infants' and Children's Blood Disease.

Casting will be at the American Legion Hall on Greenwich and Var in St., in Hempstead at 8:00 on Friday, Aug. 10.

All those interested in acting or working backstage or on publicity, costumes, makeup, set design, lighting, etc., please contact Mrs. Grinrod at WE 1-0060 or arrive for the meeting and casting at the American Legion Hall.

Jericho Board Is Reorganized

At the reorganization meeting of the Jericho Board of Education held on July 3, the following appointments were made for the school year 1962-63: Matthew Triggland, Treasurer; Toaz, Buck, Myers and Brower, Counsel; James Slatery, District Clerk; Sam Hecht, Chairman of the Board; William Mayhew, Vice - Chairman of the Board; Meadowbrook National Bank; Mid Island HERALD and Newsday, official Publications; and A.W. Oldehoff, Auditors.

Creative Arts Workshop For Jericho

The Creative Arts Workshop, which is open to all children attending the elementary schools of Jericho, has once again planned a wonderful session of courses for the youngsters. Classes will be offered in Art, Science, Drama, Music, Modern Dance, and Ballet. An exciting new course will be given this year introducing puppetry to 2nd and 3rd graders, and more advanced puppetry, including writing and producing of plays, to 4th, 5th and 6th graders, -culminating in an original play produced by the children at the end of the session.

A Teacher - Parent Orientation meeting will be held on Sept. 19th at 8:30 P.M., at the Robert Williams School on Barbara Lane (White Birch section) in Jericho. Workshop Dept. Heads will be present to speak briefly of their courses and teachers will be present to answer questions. Registration will be at this time and also on the 20th of Sept., at the Williams

In Retrospect

From issue of October 20, 1960

The West Birchwood News has received many complaints that speeding on Sullivan Drive and Rockland Drive has noticeably increased since stop signs were erected in intersecting streets two weeks ago.

How about putting speed limits on the stop signs?

From the issue of December 1, 1960

BULLETIN

The School Board voted to accept the bid of the Double M Construction Co., Robbins Lane, Jericho, as general contractors for the new Cantigue Rock School. It was announced by Sam Hecht, Board president, following a meeting last Sunday.

Mr. Hecht stated that it was hoped that ground would be broken this month and that the schedule for completion would be Sept. 1961. Suddenly the Double M has become the Triple M and the School still isn't ready. Why Morris?

Jewish Center Registration Set

Registration for Hebrew and Sunday Schools at the Hicksville Jewish Center, Jerusalem Ave., and Magle Drive, will take place Wednesday and Thursday, Aug. 22 and 23, 8:30 to 9:30 p.m. All children born between Jan. 1, 1953 and Sept. 1, 1954, must be registered for first year Hebrew NOW. Children entering Sunday School must be six years old as of Sept. 1, 1962. For further information, call Mrs. Gilbert Fonfa at Pyramid 6-2480.

Merchant Marine School Graduate

Frank W. Gwiazda of 26 Glenbrook Rd., Hicksville, graduated on August 3 from the Merchant Marine Safety School at the U.S. Coast Guard Reserve Training Center in Yorktown, Va.

A lieutenant commander in the Coast Guard Reserve, he attended the two-week school to study safety procedures aboard merchant vessels.

Mr. Gwiazda sells drugs to hospital for Merck, Sharp, and Dohme.

An Editorial:

Stop Signs, Yes--But How Many?

We have seen the new proposal for stop signs prepared by our esteemed Community Welfare Committee. The proposal asks that the Town install 28 stop signs of which 25 are to be in the three newly-dedicated sections and three additional in the older sections.

We appreciate the necessity for all safety devices to protect the residents of our community -- including stop signs.

Experience has shown, however, that when there are too many stop signs, people tend to disregard them altogether and create an even greater hazard. Let us guard against this kind of situation happening in West Birchwood.

BABES IN BIRCHWOOD

This is Julie Epstein, 3 1/2 years, daughter of Harold and Sandra Epstein of 19 Seneca Pl., West Birchwood.

Jericho School tax rate will be \$5.41 per \$100 of assessed valuation for 1962-63. The School Board set the new rate at a meeting on Aug. 2nd in Jericho High School. The new rate is an increase of fifty-five cents over last year's \$4.86. In three years the rate has gone from \$3.99 to \$4.86 to \$5.41. However, percentage wise this year's increase is much less than last year's.

The well attended meeting was told that the tax rate could have gone to \$5.75 if not for an increase of \$72,000 in State Aid and a good increase in assessed valuation due to the greater number of homes in the district.

The assessed valuation is \$45,304,277 up from \$43,342,921 in 1961. The 1962-63 school budget is set at \$3,183,593 and receipts are estimated at \$755,000 leaving \$2,428,593 to be raised by taxes. Assessed valuation figures are determined by the Nassau County Board of Assessors.

Following is a summary of the tax rate determination:

Tax Rate 1962-63	
Assessed Valuation	
Oyster Bay	\$42,921,425
North Hempstead	2,382,852
Total	\$45,304,277
State Aid	\$695,000
Interest anticipated	6,000
Federal and Special Aid	5,000
Misc. Income	4,000
Cash Balance	\$5,000
Total	755,000
1962-63 Budget	\$3,183,593
Receipts	755,000
To be raised by Taxes	\$2,428,593

Board Ponders Registration Plans

The Jericho 15 School Board is considering two methods of registration in order to stimulate voting on local issues and eliminate the time consuming drudgery of re-registering to vote. The first method is permanent registration and the second is non-registration.

Non-registration consists of simple signing a roll book on voting days certifying that one is a qualified resident of the district and has complied with the laws regarding qualified residents. Violation of this would be a misdemeanor punishable by the prescribed state ordinance.

In the past, many residents have complained that little time was given to register for voting and this constitutes a deprivation of the franchise. Other residents, confused by the necessity of having to register every year, have stayed away from the polls.

highly pleased at their appreciation of his teaching.

(Editor's Note - The Trinity Lutheran Church actually dates its founding to April 1, 1850 when a certificate of incorporation was signed and sealed by John Wolf and John A. Sevin in the presence of Jacob Christ. The history of the first 14 years is apparently not recorded. The certificate of incorporation was officially recorded on Feb. 9, 1864 in Queens County.

(Mention of Hicksville religious organizations should include St. John's Rectory which stood on the present day site of Mid Island Plaza on North Broadway. Mr. Marra wrote this about 1888:

Services are held in a pretty little chapel every morning at 7 o'clock by Father L. Fuchs of Hicksville R. C. Church. School is taught every day by the Sisters of St. Joseph and the children take great pains to learn fast. The farm is superintended by Bernard Murray and from the looks of the crops Mr. Murray certainly understands his business. The Rectory has at present three horses and twelve cows. The children have plenty of fresh milk. An artisan well has been sunk to a depth of 86 feet and plenty of water found and it will be led throughout the buildings. The Rectory is lighted by gasoline.

The ground in front of the main building is handsomely laid out in walks and pretty beds of flowers blooming give a very inviting look to the surroundings. The TIMES man was shown all over the building by the Sister Superior. The baking is all done on the premises and the loaves of bread shown were light and wholesome. All were evenly baked. The dormitory, with its dozens of pretty white beds, with not a speck of dirt anywhere, was a pretty sight. The Rectory throughout is kept in a very neat and clean condition. There is plenty of ventilation. Mother Superior DeChantels comes up from Brooklyn quite often and is very much pleased with the working of the Rectory.

(Editor's Note - This was published in October 1936 about the Rectory: "The Roman Catholic Orphan Asylum Society records the founding of its Hicksville branch in its Centenary book as follows: 'The year 1890 is notable, among other things, for the benefactions made to the Society. On Jan. 9, 1890 Bernard Earle of Hicksville decided to Bishop Loughlin 76 acres of land at that place, Bishop Loughlin, in the same day, conveyed the land to the Society.

("On Mr. Earle's death in 1900 the Society received as a bequest under his will, an additional 79 acres. This property comprises St. John's Rectory where 125 boys are being trained amid country surroundings not generally employed by orphan children. A commodious chapel was built in 1891.' "From its inception during the rectorship of Rev. Fuchs; the priests of St. Ignatius Parish have provided for the spiritual needs of the Sisters and boys of St. John's." To be Continued.

LILCO CUSTOMERS CHOSE GAS HEAT

... and 15,121 of them changed over from other fuels! They're in good company with the thousands of other Long Islanders who have been enjoying clean GAS HEAT for as long as 30 years. It's a national trend, eight out of ten new homes have GAS HEAT where it's available.

Here's what one satisfied LILCO customer says in a typical unsolicited letter:

"I am saving over \$70 a year in heating my home. I have figured to prove this and will not hesitate to prove it if necessary... I will gladly tell anyone how little gas heat can cost."

When deciding to change to GAS HEAT, count on all these advantages in addition to CLEANLINESS and ECONOMY:

- AUTOMATIC OPERATION:** Set it and forget it.
- DEPENDABILITY:** Lack of complicated moving parts means years of trouble-free service.
- "BUILT-IN" FUEL SUPPLY:** GAS piped right into your home. Pay after you use it.
- EASY INSTALLATION:** Often adapted to your present system in less than a day.
- LILCO FREE SERVICE POLICY** covers inspection, adjustment of equipment, cleaning when necessary—without charge.

GAS is your finest heating value! Get a free GAS HEAT survey of your home, and find out how easy it is to change to GAS. Call Mr. KENT, FI 7-1800, or see your LILCO Gas Heating Specialist now. Absolutely no obligation. Send coupon for further information.

Mail Obscenity Arrests Increase

The Post Office Dept. established new record highs in mail obscenity investigations, arrests, and conviction during fiscal year 1962 according to Acting Postmaster Irene L. Murphy. Arrests were up 32 per cent and convictions 33 per cent, over those recorded during the previous fiscal year. "More obscenity investigations were conducted by the Dept. during fiscal year 1962 than in any previous year in postal history," Postmaster General J. Edward Day has indicated, "and convictions were obtained in 98.8 per cent of all cases brought to trial."

He credited the unprecedented success of the obscenity law enforcement program to three factors: (1) Cooperation between the Justice Dept., the Postal Inspection Service and state law enforcement agencies. (2) His decision early in his tenure of office to emphasize criminal action against offenders, rather than administrative proceedings. (3.) A de-emphasis on publicizing mail obscenity cases, also adopted immediately after he assumed office.

Mr. Day noted that not one obscenity case during the 1962 fiscal year was handled through the administrative procedure of which the Supreme Court was critical in its "Manual Enterprises" decision of June 25.

Mr. Day said Postal Service investigations resulted in 605 obscenity arrests during the fiscal year ended June 30, and 503 convictions.

Trials still pend in a number of arrests made during the 1962 fiscal year. The Postmaster General was high in his praise of U. S. Attorneys throughout the nation, "without whose dedicated assistance this record could not have been attained."

"I consider this outstanding record as heartening evidence that our quiet but determined program of stepped-up criminal prosecutions against those who use the mails for obscene purposes has reaped the type of dividends anticipated when our program was launched last year," Mr. Day commented.

"The Supreme Court decision in the Manual Enterprises case only serves to strengthen my long-held conviction that the way to stop these peddlers of pornography from polluting the minds and undermining the morals of our society is to bring criminal indictments against them."

SERVO CORP. OF AMERICA President Henry Blackstone (right) and Controller W.W. Koolage (left) present an Award of Merit, together with a bonus check to Telephone Supervisor, Mrs. Mary McGuckin. More than just a "voice with a smile", Mrs. McGuckin's resourcefulness and ingenuity made possible many economies in Servo's telephone system, saving much in time as well as thousands of dollars. Such meritorious service is recognized, appreciated and rewarded by the Management of Servo Corporation of America, Hicksville.

Local Students At New College

Four Hicksville High School graduates are among 85 students who have been accepted for the fall term of New College at Hofstra, an experimental branch which will open its third year Sept. 4 on the Hempstead campus. They are: Vivian D. Goodman, 10 Genesee St., Francis J. Longo, 44 Genesee St., Joan F. Maynard, 14 Sleepy Lane; and Lawrence B. Wactlar, 31 August Lane all of Hicksville. Miss Goodman and Longo also have won a New York State Regents scholarship and a Hofstra-granted academic award.

Senior Citizens To Visit Museum

The Senior Citizens of Hicksville will visit the Vanderbilt Marine Museum at Centerport on Wed., Aug. 22. On the way, the group will stop at Bethpage State Park for a "Box Lunch."

At present, everyone in the club, is getting ready for the first Senior Citizens' Day in Hicksville, on Wednesday, Aug. 15.

Girl Scout Friends Gather At Camp

Three hundred friends and relatives of Girl Scout Camp Edey at Bayport, L.I., got together for the lakeside Sunday afternoon for swimming, singing, boating, walking and talking and also for an outdoor supper featuring a chicken barbecue.

Among those included in the official family of this year-round camp who greeted the guests were Mr. and Mrs. John Goodman, and Mr. and Mrs. Joseph Webb of Hicksville.

All-Stars Falter Before Central

Senior A All Stars lost the right to go to Cornwall on July 30 by virtue of a defeat by Central Nassau. The first inning found our All Stars suffering from a case of ????? They gave up two base on balls, four hits, committed six errors, one wild pitch, and attempted three fielders choices, which didn't tend to give up a total of 10 runs before they could retire the side.

After a hectic first inning, the All Stars came back to play errorless ball and gave up only one hit. Hicksville International Senior All Stars scored two runs in the bottom of the first on a walk to Mike Toomey and a triple by Neal Ziegler who scored when the catcher threw wild attempting to pick him off. Hicksville scored again in the bottom of sixth when Pete Rice got on base through an error, stole second, and was driven home by Billy Smiley Rogers, who had come in to bat for Jay Calvacca. Fine defensive play by Mike Toomey and excellent relief pitching by Mike Oliva who came in at the top of the third with bases loaded and no out. Oliva allowed only one hit for the rest of the game.

FINAL SCORES
Central 14 5 5
Hicksville All Stars 3 2 6

We wish to thank the many men and boys connected with our Senior All Stars. They showed good sportsmanship and gave all who were there a fine example of what our League is doing to turn these boys into the men of tomorrow. We are very proud of our boys. We'll get to go to Cornwall next year.

Senior Division will RESUME PLAY THIS WEEK. Next issue will carry the scores and standing. SPECIAL GAMES

The game played Thursday, Aug. 2, between Senior B and the 13-year olds of Senior A was exciting.

Senior A won by a score of 6 to 2. MAJOR DIVISION

The Hicksville International Little League All Stars, since their defeat to Westbury, have not been idle. They have played 3 games and won all of them. First, they beat Perkins, Major division champs 7-5. The second game was Lises, B division champs 5-1 and last was McNamee Printing 8-2. Though we cannot hope to go to Williamsport this year, we are having fun, keeping the boys busy and showing everyone the boys DO play well. There is another scheduled game with Perkins and we hope to continue playing till school reopens. Now that the tension is over, won't you come out and let the boys know we're behind them.

FLASH!

INTERCITY PLAY
Perkins, champs of our Major division, will play the champs of the Hicksville American League. We will give you the scores and more information about these games next week.

SICK CALL

Joseph Beltrani is home from the hospital and still is confined to his house. His eyes are bandaged and he is still weak from his hospital stay. Mr. and Mrs. Beltrani wish to send their thanks to all his well wishers.

AWARDS DAY PICNIC

Remember to keep Sept. 9 open so that you won't miss the fun. The picnic will be held at Roosevelt Memorial Park, Oyster Bay. Our refreshment stand will sell hamburgers, franks, soda, and ice cream. Invite your friends, family, and plan to spend the most relaxing Sunday of the year. Don't forget the bathing suits if you would like to take a dip. Come early and stay as long as you like. Anyone who would like to help us with the picnic, please contact Mrs. Evelyn Schlough at WELLS 5-1293.

COMETLAND

WE PREDICT DEFT—Now that Chris Coletta has followed Gary Sorenson and Bob Corvus into a crack at the baseball diamond, we'll reiterate our prediction, that a tall, unsuspected right-hander by the name of Bob Smith, will be making the headlines in a matter of a few short years. Smith has all the requisites needed to be a winning moundstopper, except control, and if he leaves for major league ball, this boy should also wind up in the big league business. And while the crystal ball is still in shambles, let's introduce another boy I feel deserves a note of attention. Meet Larry Wesolka, who we peg to become the "Big Daddy Liscomb" of Cometland in the years to come. Wesolka is a real fine competitor. An exceptionally fine athlete and one of those fine 999 out of a thousand youngsters you meet in the "Halls of Hicksville" each day and every day of the school year. He's a Chris, Frank, and Vince Coletta, a Mike Clair, Vin Hamigan, Bill Lutz, Robin Winkie, and all the other fine athletes that have competed for the "Meteors" and "Comets" over the years. But, finally, he's Larry Wesolka, and he has the all around athletic ability to go places; with his 5'11" frame packing close to 190 lbs.

He's 16 years old, big boned and looks like a heavyweight wrestler. In fact, he resembles a football fullback and nothing else but this is where Wesolka feels the opposition. I once had a rival grid coach (who had been coaching the Meteors for a future game) pass this remark—"The boy is big and plays a good game, but he runs too straight up and my boys will club him." (End of quote). The final score for this headwin was in the 47-6 range. As usual Wesolka ran straight up but these poor souls who get in his way, probably felt like they were run down by a wounded bull elephant. Wesolka scored 3 touchdowns that afternoon; right up the middle and the only safe way to stop him was from the side. This is Larry Wesolka, a boy who in my opinion, if he continues to advance with his years, is destined to bring a brand new type of football to "Cometland." He'll not be a fabulous scabback like Chris Coletta was, or he won't possess the speed of Bruce Damm, a Ray Strassburger, or a Bill Sherman, but he's going to be Larry "Blackbuster" Wesolka.

straight up the middle and they might keep his gains, short, 9 out of 10 times, but on the 11th try, the opposition will be no weak they'll let him through. Now here's the fabulous part of this kid's record through the Jr. High. And remember, he goes 190 lbs. without the benefit of a deep sea diver's rig on.

He pulls weights consistently between 9 and 10 ft. (of's height of the Jr. High record for this event). He always runs 47 in 49 ft. (another Jr. High record). He's an agile courtman and his maneuverability is amazing. Last year, at a Sportnight Exhibition, at the Jr. High, I almost lost my nerve watching him in action on the trampoline. We've seen Wesolka excel in a number of sports but bouncing around gracefully on the trampoline's bed didn't look like his dish of gourmet. He was too big a boy for this type of spring-board nonsense. And, well, of course, and why not let's just say that Larry got a round of applause that bounced off the walls. And, his gyrations just didn't settle for the ordinary. He bounced high, wide, and handsome; twisted, turned, did back and front flips and just about every other trick in the book! This is your life, Larry Wesolka, one of the 999 out of 1000 teenagers I enjoy writing about. May you go and get a good headlock on an athletic scholarship. I for one, not only hope you make it, but I for one know you will.

And, on the other side of the ragmap (the side that separates the man from the boys) we have the pampered vandals who started the fire at the East St. School last week. This is that 1% minority that at times makes the so called teenage problem, balloon out of proportion. Luckily, the fire was discovered and reported before extensive damage occurred and the local fire dept. once again deserves a word of praise for promptness and efficiency. Additional praise also must go to East St. night custodian, John Hovey; his alertness and prompt action after discovering the flames and calling the fire dept. saved the taxpayers of this district what could have amounted to a small mis in architectural furnishings had this old "love mill" been knocked out of commission.

WINNERS of the Salisbury Park Tennis Tournament pose happily with their awards—Robert Granick, Merrick, Men's Singles Champion, and Mrs. Eloise Anderson, of Hicksville, Women's Singles Champion.

JOHN MIRRO, son of Mr. and Mrs. John Mirro of 125 East Cabot Lane, Westbury, a senior at Hicksville High School, has been admitted to Stevens Institute for the fall term in September. He has been awarded a \$1900 scholarship at Stevens. John also received a scholarship at Lehigh University for \$1,000, but has chosen to attend Stevens.

While at Hicksville High, John has been active in Student Government, dramatics and was a member of the National Honor Society.

"Nothing gives a man more pleasure than being on time for appointments."

SACH-ED, Davey Dixon's Wonder Dog, demonstrates diving technique. Davey, with his performing horse and dogs, staged free shows at Long Island Swimming Pool Service Co., Hicksville on Aug. 4.

"The federal government now spends more than 90 times as much as it did when the income tax law first went into effect. Question: Are the people 90 times as well governed as they were then?"—W. H. Plourde, Fullerton (Neb.) Nance County Journal.

**BRUNO PROTESTS
PLEA TO ALBANY**
(Continued from Page 1)

for our cause it is just, "And this be our motto, in God is our trust."
Bruno said he would tell the Commissioner that "The Star-Spangled Banner," the Pledge of Allegiance, and the Declaration of Independence were "specifically excluded" from the decision barring recitation of the Regents Prayer. To back up his contention, he cited a footnote of the U.S. Supreme Court prayer decision, written by Associate Justice Black. Bruno said that if the State Dept. prohibits the classroom use of a portion of the National Anthem, it will "in effect be overruling the Supreme Court of the United States, which, of course, you have no authority to do."
The Hicksville School trustees said he "wholeheartedly" adopted the proposal of Mr. and Mrs. Howard F. Van Allen of Hicksville, who have answered the charges against Bruno and the School Board in papers to be filed with the Commissioner.

AT EASE, LADIES

The woman who sews at home will find a number of new products of special interest to her now reaching the stores. Electric scissors, for instance, enable her to cut out patterns in half the usual time because they slice through fabrics quickly and effortlessly, and make it easy to follow intricate designs. Safety factors, such as shock proof housing and blade guard of "Zytel" nylon resin, mean even children can use "Speed Ships" without danger.

Lightweight slide fasteners of an entirely new construction are being offered for home sewing. Talon's "Zenby" and Conmar's "Nylaire" slide fasteners are made of two interlocking coils fabricated from Du Pont's "Dymene" continuous precession form filaments made from nylon. Strong as metal, the fasteners are self-healing and non-smudging. They are available in a wide choice of fashion colors to match fabrics.

An easy-to-use device that makes attaching snappers for children's garments a cinch is being offered together with a supply of "Gripper" brand snap fasteners. Designed for women and mended with "Zytel" nylon resin to withstand abuse and prevent breakage, the easy attachment gives professional results.

Paint brushes of 100 per cent tapered "Tines" nylon filaments by Du Pont make it possible to use the new water and plastic base paint without experiencing "fluffy brush" hairrows. Virtually unaffected by water in the paint or by soap and water in cleaning, these brushes can be used endlessly to do neat touch-up and finishing jobs around the home and office.

HURRICANE EMERGENCY INFORMATION FOR YOUR PROTECTION

- If you observe the following precautions, you need have little fear of an approaching storm. The Nassau County Chapter, Red Cross, suggests:
1. If you feel insecure in your home, go to your nearest Red Cross shelter. Evacuate exposed beaches and islands early. Pre-storm tides may cut you off. For shelter location information, call Pioneer 7-3500. Take blankets and pillows to shelter. If special diets or baby formulas are needed, take materials with you. Only emergency rations will be provided. Pets cannot be taken to shelters, so be sure to leave plenty of food and water for them.
 2. If you are staying home, remove or lash awnings and close shutters. If you are boarding up, use strong lumber and nail securely. Brace French doors. Collect and place indoors loose objects, such as garbage cans, yard tools, and porch furniture. Check lamps and flashlight batteries. Check emergency cooking facilities and to sure adequate fuel is on hand. Lay in a supply of canned foods and milk. Electric service may be damaged or shut off as a safety precaution if winds reach hurricane force.
 3. Conserve refrigeration. Turn your box and freezer to cold and leave on as long as possible. Open only when absolutely necessary and close quickly. Refrigerators and freezers will stay cold much longer if these precautions are taken.
 4. Your water supply may fail. Scrub your bathtub and other containers with sterilizer such as Lysol, and fill with water.
 5. Fill your car with gasoline. Check your car radio and batteries.
 6. As the storm progresses, listen to your radio for frequent advisories from the weather bureau and the Disaster Committee of your Red Cross. These are official. Do not spread rumors.
 7. While storm winds blow, stay inside. Keep a door or window open on the side away from the wind. Be quick to close it if the wind changes direction. A gust of wind might upset a lamp or candle and cause a fire.
 8. If the storm center passes your area, there will be a calm period or lull lasting from several minutes to half an hour. Wind and rain will completely cease, but do not be fooled. Do not go out. The wind will resume from the opposite direction, often with greater force than before.
 9. After the storm, be cautious of every move. Do not touch fallen or low hanging wires of any kind under any circumstances. Avoid puddles with fallen wires in them. Watch out for weakened limbs, porches, bridges and so forth which might collapse.
 10. Use your phone for emergencies only. Jammed switchboards may prevent emergency calls for police, firemen, doctors, and Red Cross Disaster Units. If damage is wide-spread, do not jam the telephone system to report interruptions in individual electric, gas, water, and telephone service. Utility companies have plans for complete service restoration. Report individual trouble only after services are back on in your neighborhood. Do report immmediately hazardous conditions, such as live electric wires and broken gas and water mains.
 11. Use extreme caution with emergency lighting or cooking flames to avoid fire hazards. Boil water before drinking.
 12. If you need help before or after the storm, watch for police or Red Cross disaster workers, or call Red Cross Headquarters, Pioneer 7-3500.
