Propose Auto Agency Center :

PROPOSED COMPLEX of automobile showrooms planned for the area between Old Country and Plainview Roads, Hicksville, which was the subject of a public hearing on a zone change before Oyster Bay Town Board, Tuesday. Million-dollar project embracing three auto agencies in Hicksville which are confronted with the necessity of finding new locations was opposed at the Town Board hearing by Rev Richard Weiskotten, pastor of Redeemer Lutheran Church, which is adjacent to the tract; Rabbi Elias Skalist, leader of Congregation Shaarei Zedek which has a new Temple under construction nearby, and several hundred petition signers in the area. An expert for the applicant testified that the buildings would be attractive and that the project would increase area tax revenues. Oldsmobile, Dodge and Volkswagen agencies plan to relocate in the area. The Board reserved decision on the plea. (Photo of drawing by Frank Mallett).

600 Join Senior High School PTA

The Membership Committee of the Hicksville High School PTA announced after the first meeting last week that they had already over 600 members. Of this number, it was noted that parents of the vocational students had 100% membership. Additional memberships from people who could not attend the meeting are anticipated through the envelopes which were sent home to the parents. Co-chairmen of the Membership Committee, Edith Fischman and Martha Cowell, wish to thank their large committee for the tremendous job they did the night of the meeting.

The PTA Executive Committee for the 1962-63 term is as follows: Principal, Leon J. Galloway; President, Mildred Polonski; Vice-president, Barbara Lensky; Recording Secretary, Sylvia Gordin; Corresponding Secretary, Anne Landress; Treasurer, Raymond Rusch; Council Delegate, Henry Lensky; Membership Chairmen, Edith Fischman and Martha Cowell; Hospitality and Refreshments, Millie Fasullo; Class Representatives, Virginia Elrich and Shirley Kasindorf; Ways and Means, Beth Stein; Publicity and Historian, Betty Fohl and Legislation, Edith Fischman.

IRENE MURPHY, acting Hicksville Postmaster, receives tickets from James O'Donnell of the Postal Clerk (at left) and John O'Brien of the Carriers Union for the testimonial dinner on Oct 13 at the Old Country Manor which will honor Mrs Mary Bloss and Thomas Conroy, retired local post office clerks. Tickets at \$15 a couple may be obtained from O'Donnell or O'Brien at Hicksville Post Office. Early reservations are recommended.

PTA Meeting Oct 2

The first meeting of the Dutch Lane P.T.A. of Hicksville will be held on Tuesday, Oct. 2, at 8:15 p.m. in the school auditorium. Harold J. Robbins, school principal and his new assistant, Fred Bergmann, will introduce the faculty. Mrs. Jacques Schwartz, P.T.A. president, will introduce P.T.A. chairmen.

Junior High PTA Seeks Amendment

Hicksville Junior High School Parent Teacher Assoc. at its Sept. 17 meeting, went on record, by majority vote, to petition Representatives and Senators to work for a "constitutional amendment permitting the recitation of a non-sectarian prayer in the public schools."

Sept 24, 1962

Dear Friend:

Our entire Community lost a dear friend in the passing of Mrs Fred (Evalyn) Noeth.

She was a pillar of our Community and a great influence for good. She helped her husband, Fred, to make their paper, the Mid-Island Herald, an important voice for progress for all of us.

Some of us have gotten together to create the Evalyn Noeth Memorial Fund.

We are asking you, as an important member of our Community, to contribute toward that Fund, so that her memory will always be a reminder of the many good things she accomplished.

May we count on you to help us in this important effort?

Sincerely yours,

WILLIAM E. KOITENSKY

Curt Unverhau Died Tuesday

Curt Unverhau of 12 Terrace Pl., Hicksville, who operated a drug store under his name in this community for 35 years until he became invalid about seven years ago, died on Tuesday, Sept. 25. He is residing at Henry J. Stock Funeral Home on Newbridge Rd where religious services will be held at 10 o'clock this Friday morning followed by interment in Plainlawn Cemetery, Hicksville.

Mr. Unverhau who was 74 when he passed away was, while a retailer in Hicksville, the main spring of the Hicksville Business Men's Assoc. He served as non-paid secretary of the BMA during its most active and fruitful years.

He devoted countless hours to the BMA, the publication of its Bulletin and the development of its coupon plan which in many respects was a forerunner of today's popular trading stamp plans.

His drug store was located at the corner of Broadway and Marie St., Hicksville.

He is survived by his wife, Gertrude (nee Hartwig); a daughter, Habeth Greuz; a brother, Fred-

Last week nine new astronauts were chosen by the United States for our proposed moon landing to take place in the late Nineteen-Sixties. This is to be a two phase small operation. The first part calls for a rendezvous by two manned vehicles in 1964, designated as Project Gemini and the final stage, the actual landing on the moon at the end of the decade, is known as Project Apollo. The nine new astronauts will complement the seven who have been working on Project Mercury up till now.

The speed with which this space revolution is moving has greatly accelerated in the last five years and shows every indication of increasing in the decade to come, leaving many people wondering just what is being done and why.

A number of books at the Hicksville Public Library dealing with space and space travel attempt to answer some of these questions. First, let's consider the question of how did we get where we are. "V-2" by Walter Dornberger, former head of the German wartime Peenemunde rocket station, tells of the early German efforts, which ended in the development of the V-2 rocket and which produced some of our present space experts, including Werner Von Braun, Willy Ley, a longtime exponent of space travel, has provided an excellent introduction to the entire field in his book, "Rockets, Missiles and Space Travel." Lee A. Du Bridge's "Introduction to Space" contains a concise discussion, dealing mainly with the question of what we can expect to find in the course of our space exploration of the universe.

As for Project Mercury, "Seven into Space" by Joseph N. Bell and "The Astronauts" by Martin Caidin tell the story of this effort and introduce us to some of the prob-

lems and men involved. The official report of "Mercury" is contained in "Project Mercury Man-in-Space Program of the National Aeronautics and Space Administration" published by the Committee on Aeronautical and Space Sciences of the Senate.

What of the future? The Astronautics and Space Exploration Committee of the Senate, in 1959, sampled expert opinion concerning future developments and published "The Next Ten Years in Space, 1959-1969", which contains a great deal of interesting material. Arthur C. Clarke, a frequent writer on the subject, speculates on future prospects in his "The Challenge of the Space Ship" and offers pre-views of tomorrow's world. NASA had the Brookings Institution prepare a study on the peaceful uses of space. Investigation entitled "Proposed Studies on the Implications of Peaceful Space Activities for Human Affairs," which discusses the "social, economic, political, legal and international implications of the use of space for peaceful and scientific purposes."

For those seeking more technical information, there are such works as "Fundamentals of Guided Missiles" by the Air Training Command of the U.S. Air Force, "The Space Handbook" by Robert W. Buchheim and James Bear's recent comprehensive guide, "Space Craft and Missiles of the World", to name but a few. There are also studies of the biological and physiological effects on animals and men, including the interesting phenomenon of weightlessness.

Whether you're a layman, looking for some basic information on rockets and missiles, or a long time space buff, seeking to sharpen your knowledge, you'll probably find a book to serve your needs.

Hicksville and Rail Road Closely Intertwined in Growth, Progress

By Fred J. Noeth

(Editor's Note - This is the 8th in a series of articles about the heritage of the community of Hicksville.)

The history of the community of Hicksville and the Long Island Rail Road's early days is closely intertwined. Some have said that there may have never been a Hicksville, as we know it, if the LIRR had not found the hills on the Jericho approaches too much for the power of early steam locomotives of 1835-37.

The LIRR was chartered by the State of New York in 1834 and three years later trains began to run over a single track line out to Hicksville.

The use of the name "Hicksville" does not appear in the records until the construction of this line. In April 1836 the Long Island Democrat, a newspaper, announced that "contracts for the Long Island Rail Road as far as Jericho, 27 miles from Brooklyn, have been taken."

Jericho, located on the famed toll road, Jericho Turnpike, was a well-established center in 1836. It had been the place of habitation since the 17th century when Robert Williams and his kin made their homes there near a plentiful supply of water. Hicksville was a part of the Great Plains, a grazing area for cattle owned by the residents of Jericho.

Across the Plains, out from Jamaica, came the rails of the LIRR and they came to a point on the road between Jericho and Jerusalem. A land company had been formed and streets were laid out in the vicinity of the depot site. Valentine Hicks of Jericho in association with Robert Seaman, David Seaman and others formed the Land Assoc.

A map of the area was drawn in October 1836 and filed in December of that year in Queens County.

First mention of the name "Hicksville" is found on the map of the "Hicksville Association." Scarcely had the line begun running with two trains daily each way, when the Nation was swept by the financial panic and depression of 1837. Plans for the extension of the railroad beyond Hicksville to Greenport were temporarily shelved. The wood-burning locomotives did not begin hauling bright yellow passenger coaches to Greenport until 1844.

From Jamaica to Hicksville, the first single track line consisted of T-rails weighing 56 1/2 pounds to the yard, supported on wooden sleepers or ties which in turn rested on longitudinal sills of wood. At each joint of the rails, which were 15-foot long, eight pound cast iron chairs were provided.

Trains VS Horses

Rickety and noisy, the locomotives had four drive wheels. Water and wood reserves were carried

behind on flat cars. Ten miles per hour was a good speed and horses were considered more dependable and more reliable.

According to an engineer's report of the times, there were only

it started was of the weakest. The Ariel and Postboy had been turned over to the Long Island by the Brooklyn and Jamaica R.R. the latter part of 1836. They were well-known DeWitt Clinton type

three engines running in the first days of the LIRR. The Ariel, The Postboy and the Hicksville. The first train collision referred to on Long Island took place between the Ariel and Postboy which the engineer reported as a "case where they came in contact and were considerably damaged." He recommended the purchase of another engine. In May 1838 a committee on the purchase of another engine made a report against buying but stated that they could "borrow a crank axle and wheel for temporary use" until new ones could be made for one of the disabled engines.

Train travel in the first days was a considerable adventure and the jaunt out from Brooklyn took two hours, longer if you had to make a ferry crossing from New York.

Until a fire razed the buildings (about 1844) Hicksville was the scene of engine shops and a round house before service was extended out to the extremes of Long Island.

Many of the first dwellers in Hicksville were people connected with the RR operation and maintenance. Here also developed a number of hotels and livery stables where carriages could be hired for trips further out on the island.

At one time there were seven hotels in Hicksville, catering to travellers as well as sportsmen would be solicited thru advertisements in New York papers. Some hotels offered the rental of hunting bounds as well as accommodations.

Most written history about Hicksville as a community dates from 1837 and the earlier articles of this series have talked at length about the fact that the community began to take shape in the years just prior to the War between the States.

The LIRR was one of the first roads in this country. In 1836 the LIRR was the seventh road in the nation to use steam locomotives.

One historian reports that the motive power of the LIRR when

engines placed on the Mohawk and Hudson RR in 1831. The smokestacks seemed an elongation of the boiler turned up at right angles.

Trains in the early days consisted of the engine, behind which were several little flat cars with barrels of water and bundles of wood. Behind these came the passenger cars which resembled stage coaches strung in a row. There were, of course, no signalling arrangements. They were scarcely needed when there were but two trains each way daily.

The first train to run from Brooklyn to Greenport made the trip on July 27, 1844. The trip from Boston (via boat from Providence) was eight hours, half the time of Commodore Vanderbilt's Sound steamers. Competent engineers had assured the LIRR management that no straight and feasible road could be built along the rocky shores of Connecticut down to New York. For several years the LIRR enjoyed the height of this Boston traffic, carrying mails and passengers.

By 1849 the railroad owned 15 locomotives and 22 passenger coaches. There were 12 mail and baggage cars and 128 freight cars. The trip from Greenport to Brooklyn on the Boston train took three and a quarter hours, making two stops for fuel and water. The fare from Brooklyn to Greenport was \$1.75 on the accommodation train and \$2.00 on the Boston express.

Typical Trip

The trip in those days out of Brooklyn went like this: After one passed East New York, the train went along the plains until it reached Union Course. Here was located the famous race course. Farms lined the road on both sides of Jamaica. The next stop after Jamaica was the little hamlet of Bushville, the present Village of Queens. The train then passed thru the midst of Hempstead Plains where could be seen numerous sheep and cattle grazing as far as the eye could reach, with the hills on the North Shore looming up in the distance. A stop was made at Hempstead Branch, the present site of Mineola, where passengers for Hempstead boarded the train that took them to that village. Carle Place was the next stop.

The train then proceeded to Hicksville. The line then went

TWO OF FIRST locomotives on the LIRR when they puffed into Hicksville back in 1847.

southeast to avoid the hills, stopping at Farmingdale. The line was laid out almost as straight as the crow flies thru Hard Scrabble or the Bushy Plains. A stop was made at Deer Park, mainly for the convenience of travellers desiring to reach Babylon a few miles south. The next stop was at Suffolk Station, a mile and a half east of Brentwood.

Next was Lakeland while later became known as Ronkonkoma Station. Then followed Medford, Millville (soon known as Yaphank), St. George's Manor (now Manorville) where fuel and water were replenished. A stage line ran north from here to Wading River. Stops followed at Riverhead, Mattituck, Southold and the terminus at Greenport.

By 1850, the line that competent engineers said could not be built was actually completed along the shore line of Connecticut, opening a true all-rail route to Boston. At the same instant the LIRR lost all its Boston business. From one of the busiest and best paying roads in the country, it fell at once to a position of comparative insignificance with very little traffic.

The story of rail roading and early Hicksville is not complete without mention of the Stewart Line which ran from Hempstead and Garden City out to Bethpage where A.T. Stewart, the famous New York merchant, had started an immense brick works. This line from Garden City to Bethpage was completed in May 1873 and ran just

south of Hicksville. Traffic was light and it did not pay.

In more recent times the so-called Stewart Line became known as the "Manure Line" when freight cars were used to haul fertilizing materials along the single track out to Bethpage.

Oyster Bay Town Board has approved the purchase of 14 new snow plows which will be added to the truck fleet early in November. It was announced by Supervisor John J. Burns.

Seek Local Vote on Commissioner

The Board of Directors of the Birchwood Civic Association has been trying for several years now to have the Jericho Water District's Board of Commissioners consider a proposal to have more than one polling place for their annual elections.

The following is an exchange of letters. As the "VILLAGER" receives the results of the meeting of Sept. 25th, the assoc. will report and comment on this if necessary:

Birchwood Civic Association
 Your letter dated Sept. 16th, 1962, requesting additional polling places will be presented to the Board of Commissioners at their next regular meeting scheduled for Sept. 25th, 1962.

You will be advised immediately of their decision.

Very truly yours,
 Board of Commissioners,
 Jericho Water District
 C. H. Smith
 Business Manager.

Office of the Commissioners
 Jericho Water District

Last year, during a visit to our Board of Directors meeting by the candidates, we were told that the number of polling places would be increased for the 1962 election.

As you know, we are anxious to have a polling place in or considerably nearer, our community. We would appreciate your immediate consideration of this matter, and await your reply.

Very truly yours,

Civics Studying Taxi Ordinance

by George J. Frankel

On Monday, Sept. 24, the Executive Committee of The Birchwood Civic Assoc. met with "Bud" O'Keefe, TOBAY Town Clerk, to discuss the proposed taxi ordinance currently under consideration by the Town Board.

O'Keefe explained to the Committee that the proposed ordinance is designed to create a uniform taxi rate, thereby eliminating gouging, poor service, and other violations about which he has received numerous complaints. He indicated that the provisions of the ordinance were the result of an extensive study of over 500 areas using taxi service all over the country, and that every effort has been made to be equitable to all concerned. He cited examples of present charges and projected future charges under the ordinance to show that in some cases the cost to the passenger would be less if the law was passed.

However, an analysis of data submitted to the Committee by O'Keefe with regard to our own community of Birchwood shows the following: A trip from Hicksville R.R. Station to Fairchild Camera (Birchwood Park Drive & Forest Drive), which was officially clocked at 2.8 miles, and which presently costs \$1.00, would cost \$1.35 under the meter system. From the RR Station to 22 Fountain Lane would cost \$1.65 instead of the present 75¢. A trip to 38 Forsythia Lane would cost \$1.75 instead of the present 75¢. If the trips were reversed, and the taxis were summoned to the homes by telephone, the fares would be \$1.60, \$1.90, and \$2.00 respectively.

If, however, the three fares from the station were to ride together, and the FIRST passenger to engage the taxi were to be the LAST ONE OFF, the combined fare would be \$2.25 instead of the \$2.50 which would be charged under the present rate schedule. It was further shown that if the sequence of stops were changed to a more economical route than above, the fare to Forsythia Lane would be \$1.35 on an individual basis, \$1.70 to Fountain Lane, and \$1.65 to Fairchild; and that the total combined rate would be \$2.15 instead of the present \$2.50. The 25¢ per trip extra for telephone response would still prevail.

The Executive Board voted, subject to the approval of the Board of Directors, to recommend that the proposed ordinance be defeated, but that a uniform rate be established, and a zone system be considered.

Robbins Lane School PTA Offers Show

The Robbins Lane School PTA will be proud to present the world-famous Nicolo Marienettes in Pinocchio on Oct. 12 at the school. Performances will begin at 1:00 p.m. and 3:30 p.m.

The production, written, designed and created by the Nicolo staff, is a wonderful musical adventure story, a favorite tale for children of all ages. Although Pinocchio has had the distinction of having been made into both a legitimate stage play and a screen cartoon, the version to be shown at the Robbins Lane School will cast Pinocchio in his original form—a wooden puppet. The marienette performance of the story recaptures all the charm, fantasy and excitement.

The Meaning of Rosh Hashanah

by Rabbi Stanley Steinhart

As the High Holy Days rapidly approach, all Jews stand in awe and begin to meditate upon the coming year. Rosh Hashanah is approaching. Another year has gone by and another year is coming. What will it bring us? We hope for "Shalom" peace for us and all mankind. In the High Holy Day liturgy the Jew prays for his fellow man and for the well being of the universe. May G-D grant our wishes this coming year.

In all countries including the State of Israel Jews the world over will observe Rosh Hashanah for two days - Reform Jews celebrate the Holy Day for one day. The two day traditional observance is an early prophetic injunction accepted by the Rabbis. Rosh Hashanah is the "Yom Hadin" day of Judgement for the Jew. Judaism and all mankind. Some of the highlights of the Services are the familiar Chants, the white gowns, the blowing of the Shofar, the kneeling before the Ark and the Rabbis' Sermons exhorting the people to change their ways and better themselves. Rosh Hashanah New Year - usher in a period of ten days of repentance wherein the Jew searches out his ways and seeks to better himself and mankind. The Sabbath immediately following Rosh Hashanah is "Shabbat Shuva" the Sabbath of Repentance and return so named for a Prophecy of Hosea dealing with the "Return" is chanted in the Synagogue. These days lead up to the most awesome day of the year for the Jewish people - Yom Kippurim - The Day of Atonement (more about this next week).

At the Jericho Jewish Center - Rosh Hashanah is observed for two days. Both mornings Sept. 29 and 30th, the Service commences at 7:45 A.M. The Evening Services Friday, Sept. 28, Saturday, Sept. 29 and Sunday, Sept. 30, commence at 6:30 P.M. Rabbi Stanley Steinhart will preach both days. The Sermon on the First Day is titled Three Who Can Teach Us - the Second Day - Ahavat Yisrael. Cantor Israel Goldstein and the Choir will assist in the Service.

And the children of Israel shall be like the stars in the heavens.

Board Hears Meter Talk

by Henry Dockswell

On Wednesday, Sept. 19, the Town of Oyster Bay held a public hearing on the subject of installing meters in all taxi-cabs. At present the cost of a taxi ride from the Hicksville R.R. station to Birchwood is 75¢. If and when meters are installed, the charges are planned as follows: 35¢ for the first 1/3 of a mile and 10¢ for each additional 1/4 mile thereafter.

The entrance to Birchwood Park is about 1 1/4 miles from the R.R. station. A service charge of 25¢ will be permitted when a cab is summoned to one's home. The Taxi Driver's Assoc. is against the meter plan and so expressed themselves, at the hearing. The Town contends that meters will make for better service, and supervision.

The CWU Assoc. Board of Directors will try to arrange a meeting with the Town Clerk's office to discuss this, from the Birchwood resident's point of view.

The Township has denied permission for our community to erect gates at its entrance on Broadway. The gates and signs, as visualized by the Board, constitute a traffic hazard, says the Town and are not

President's Corner

by George J. Frankel

It was with real and sincere regret that I learned last week of the passing of Mrs. Fred J. Noeth, wife of the publisher of the MID-ISLAND HERALD. During my two-year tenure as Editor of THE VILLAGER, working in close association with Fred, I had the pleasure of meeting Mrs. Noeth occasionally. She was always most helpful in settling the last minute emergencies that inevitably arise in running a newspaper, especially an amateur one like THE VILLAGER. Her smile and her tremendous patience with my numerous telephone calls to her husband will always be part of my wonderful memories of those hectic days.

There is, of course, little that can be said to comfort Mr. Noeth and his family at this time. But I know I speak for all the officers and the Board of Directors of the Birchwood Civic Assoc., as well as for all the residents of our community, when I extend our deepest sympathy to them for their tremendous loss. Our hearts and our thoughts are with them in this sad hour.

The Floyd Bennett Incinerator question was deemed to have gone as far as it could. A letter will be sent to F.B. officials, with copy going to County Health Dept., that if the incinerator does not cease to be a health hazard within 30 days, drastic action will be taken by the Civic Assoc. to force alleviation of this condition.

The Jericho School Board revised its schedule so that no classes are now on double session. The Board of Directors was happy to learn that this, advocated by your Civic Assoc., was possible and had been accomplished.

The Syosset School Board reported that this year's total enrollment was 8536 students. At option of teacher, a period of silent meditation, in lieu of prayer, will be observed.

Special Notice To Blood Donors

It is no longer necessary to fast before giving blood. Experience has proven that this regulation could be modified. Donors may now eat a normal breakfast, lunch, or dinner. Just try to avoid heavy fats, salad dressings, or cream.

Remember, the Bloodmobile is coming to Jericho Wednesday, October 1.

Hi, Neighbors

MURIEL SUGARMAN

Lots of interesting items to write about this week. At the Haussah luncheon, Sylvia Wagner played the piano for the fashion show. One of the top executives of Bonwit Teller, who sponsored the fashion show, was so impressed by her playing that he offered her a job with Bonwit's playing at their fashion shows.

Dolores Freed was shopping at Saks 5th in Garden City with her 3 year old son Jordan. The buyer walked over to Dolores and told her she would be interested in having Jordan model for Saks 5th if Dolores would permit it.

Congratulations to Diane and Carroll Eder of Middle Lane on their 25th wedding anniversary. May they celebrate many more. Felicitations to Dr. and Mrs. Irvin Forest of Middle Lane on their daughter Elise's engagement. To Saul Sklar of Maytime Drive.

Myra Axman of Birchwood Pk. Ct. was very seriously ill as a result of a bee sting. Happy to say that she is now well.

Best of Luck to Mel Corwin of Bountiful Lane on his new business.

Our sincere sympathy to Muriel Schuler on the untimely passing of her brother-in-law. Birthday greetings to Doris Bernstein, wife of our Editor.

At the JJC week-end at Brown's Country Club, Annette Bellodoff of Highport fell down some steps and broke her elbow. It was only through the quick thinking of Julie Gershen who caught her, that Annette was not more seriously hurt. Annette seems to be accident prone. If you recall, at the Sisterhood week-end in the Nevele, Annette got hurt at the ice skating rink.

Sincere congratulations to Ethel and Murray Pearl of Merry Lane on their son Richard's Bar Mitzvah.

Over 200 children attended a kickoff breakfast given for the J.M.C. Youth Group on Sept. 23rd. Applications given out at that time, plus the registration fee, may be returned to the Youth Committee on the following registration dates: October 2, 4, and 9, from 7:45 to 9:45.

Special meeting for all teenagers (registration not necessary) on Tuesday, October 2, at 8:30, at J.J.C. Temple.

The Creative Arts Workshop of Jericho, will extend their registration period until October 6th. Classes are still open in all groups. Ten Pin Talk

by Henry Dockswell

With the second week of bowling for average safely behind us, we now have one more to go for serious competitive bowling. Those of us who bowled badly can at least have some consolation in the fact that our teams will benefit somewhat by our low starting average. The rest of you hot shots will have to struggle along with your good averages.

Monday night, October 1st, we should have our first report on the league standings. Games that were thought to be lost will suddenly become winning ones, and visa versa, because of the resulting handicaps.

Fred Sapio joined the 200 club and started his quest for the new trophy as he bowled a 213, incidentally, Fred's team is the only one so far to have picked a team name. They henceforth will be known as the Royals.

Elsewhere in today's Villager you will find a few rules that our parent organization, The Birchwood Civic Association, formulated for us to follow. At its Board of Directors meeting, last Tuesday night, these questions were raised and resolved as reported.

The officers and men of the BCA Bowling League wish to express their sincerest sympathy to Fred Noeth and his family on the loss of his wife.

The main speaker of the evening was Herbert Pollan, Director of the Long Island School of Memory Training. Mr. Pollan amazed the audience with his own feats of memory. He then demonstrated his techniques of memory training, and the audience was invited to participate. Everyone was fascinated to see how well they were able to remember words, dates, names and faces. This proved to be a most interesting and entertaining evening.

School's closed on Friday, Oct. 12, and Friday Oct. 19th (Columbus Day and Statewide Teacher's Conference). Bring the children to the Temple Or-Elohim grounds near Tobie and Marlan Lanes, Jericho, between one and four P.M. for full afternoons of games to play, prizes to win, a live white mice show, puppet show, and refreshments to please any child. Rain or shine. No charge for admission. ALL WELCOME.

Form Marian Guild For New Church

Over 150 women of the newly established St. Paul the Apostle parish met recently with their priests, the Reverend Daniel J. Potterton, Pastor, and the Reverend Daniel P. Ryan, Asst. Pastor. The purpose of the meeting was to affiliate the group with a parochial society, to be known henceforth as The Marian Guild.

Until such time as the Guild elects its own officers, temporary committees were assigned to provide for the immediate needs of the parish, namely, the religious education of the children, and a fund-raising program for the furnishing of the proposed rectory.

Among the ladies who volunteered their services to the confraternity program were: Vera Blake-Lobb, Evelyn Diehl, Frances Esposito, Anne Glush, Rita Glush, Jennie Grande, Robin Halleran, Peggy Kubasz, Vivian Lynch, Eda Opulente, Vivian Scione, Dorothy Scarlato and Catherine Torquato.

The first society activity of The Marian Guild will be a card party which will be held at the Jericho Firehouse on the night of Nov. 9th. The committee assigned to this event includes: Joanna Scarfano, (Chairwoman), Nina Ferrara, Marie Genns, Sadie LaSala and Fran Walsh.

The next meeting of the Guild will be held on Thursday, Oct. 4th. For further information telephone: WELLS 5-6614.

Jericho Players Casting New Play

The Jericho Players, Birchwood's own theater group, are currently casting for their forthcoming play, a bewdy French comedy entitled "CLAREMBARD" by Marcel Aymé.

Rehearsals will begin soon after the readings for parts are completed, and once again the Players have been fortunate enough to secure the services of Ruth Zerman as director. Mrs. Zerman will be remembered for her superb directorial efforts in the Jericho Players' spring offering of "Picnic".

"Clarembard" will be put on the boards Friday evening, Dec. 7 and Saturday evening, Dec. 8 at the nearby Harry B. Thompson Jr. High School. Plan now to reserve one of those evenings for an enjoyable night in the theater, or Barbara Glassman OV 1-7708.

CONGRATULATIONS TO Sherman Davis, 91 Birchwood Park Drive, Jericho, who was awarded the coveted Chartered Life Underwriter designation at National Conference Exercises of the American College of Life Underwriters in Chicago, Illinois on Sept. 19.

Arranging Carnival

School's closed on Friday, Oct. 12 and Fri., Oct. 19 (Columbus Day and Statewide Teacher's Conference).

Bring the kiddies to the Temple Or-Elohim grounds, Marlan and Tobie Lanes, Jericho, between one and four P.M. for full afternoons of games to play, prizes to win and refreshments to please any child. Rain or shine.

Concert Assoc Elects Mehlman

During the last board meeting of the Mid-Island Concert Assoc. Samuel Lehrer, outgoing president was commended for a job well done during his tenure of office and Samuel J. Mehlman was nominated upon accepting the nomination for president during the 1962-1963 season. Alice Wells was appointed first vice-president.

The association's well established role of arranging for the performance of this artists in the community continues this year with plans for its membership campaign in October presently being completed. During the past two seasons, world renowned artists Mieczyslaw Horszowski, pianist -

Oscar Shumsky, violinist - Leonard Rose, cellist - Gino Bachauer, pianist and the Quatuor Salomon were some of those who performed in Hicksville-Jericho. In addition, residents attended concerts in surrounding communities with which reciprocal arrangements are maintained, and enjoyed performance of Marais & Miranda, folk singers - Maura Lynskey, pianist - The Buffalo Philharmonic Orchestra and many other outstanding recitals.

Membership dues of \$8 for adults and \$4 for students enable members to attend all concerts. Mid-Island Concert Assoc. invites all those interested in participating to call one of the following membership co-chairmen: Harriet A. Spink, Wells 1-1567, Edith Williams, Wells 8-7683, Lucine Mehlman, Overbrook 1-4355.

METER PLAN

Cons. from Villager Front Page

Plan for a park, play area, pool, etc. was approved by the Town of Oyster Bay.

Dec. 7 and 8 are the dates picked by the Jericho Players for their next dramatic presentation. No play has been selected as yet but two are being read now.

The Youth Group nights will be the same as last year, Wednesday and Friday evenings. Ralph Diamond, chairman of the Youth Group committee, received an invitation from the System School Board to participate in reactivating their Youth program. He will accept their invitation. This is another fine example of how a civic committee and a school board derive mutual benefit from working together and pooling their talent.

The Bowling League had some questions and they were resolved as follows:

1. No non-member of the Civic Association would be accepted into the league until the list of members desiring to bowl had been exhausted.

2. No token charge will be levied on non-members of the Civic Assoc. who will be bowling with the league.

3. When the Civic Assoc. directly appropriates an amount of money to the league, pro rata for each member, each non-member is to contribute to the league a like amount.

4. The constitution and by-laws of the bowling league is to be submitted to the Civic Assoc. for final okay.

Floyd Bennett Fight Continues

The Birchwood Civic Assoc. is conducting a continuing effort to resolve the many problems resulting from the proximity of the Floyd Bennett Store to many of our residents' homes.

Foremost among the hardships attending this situation has been the constant malfunction of the incinerator and the foul odors and residue that pour from the chimney into a score of homes near the shopping center.

The Special Committee of the Civic Assoc. charged with the resolution of this problem, has been diligently pursuing a course aimed at the repair or abolition of this threat to our communities' health and comfort.

Despite repeated promises of satisfactory operation, the situation has not improved. At the recent Board of Directors meeting, a resolution was passed calling for satisfactory operation by September 15. If at this time the incinerator is still belching forth its usual smoke, odor and ash, the Civic Assoc. will take steps to permanently shut down the incinerator.

Concurrent with the efforts regarding the incinerator, your committee has been working on other aspects of the Floyd Bennett problem. Among these are the replacement of dead trees and the planting of required Evergreen screening that was promised by the store management; a more reasonable schedule of deliveries allowing for minimum disturbance to the families adjoining the store property and lastly, the repair and adjustment of the roof fans to minimize the noise.

The Civic Assoc. is hopeful that all of these problems will be solved shortly. We will keep you advised of our progress.

NOTICE TO TAXPAYERS

RE: 1962-63 SCHOOL TAXES
The undersigned Receiver of Taxes for the Town of Oyster Bay, County of Nassau, State of New York, hereby gives notice that he has received the School Tax rolls and warrants attached thereto and will be in attendance to receive taxes at the TOWN HALL, OYSTER BAY, N.Y. on Monday, October 1st, 1962, and every day thereafter, Saturdays, Sundays and Holidays excepted, from 9 A.M. to 4:45 P.M. PENALTIES:

The following scale of penalties is prescribed by the law for neglect to pay the School taxes after they have become due and payable.
(1) First half due and payable October 1st, 1962. If paid on or before November 10th, no penalty. If paid after November 10th penalty will be added at the rate of one per centum per month following date of payment.
(2) Second half due and payable April 1st, 1963. If paid on or before May 10th, 1963, no penalty. If paid after May 10th penalty will be added at the rate of one per

centum per month following date of payment or time of sale as provided by law.

Unpaid school taxes will be returned to the County Treasurer, Mineola, New York on May 31st, 1963.

Discount allowed on second half tax if full year's tax is paid on or before November 10th, 1962, at the rate of one per centum of second half tax. No discount allowed on payment made after November 10th.

Taxes are payable by cash, certified checks or Post Office Money Orders. Uncertified checks will be subject to collection only.

When sending for bills please state the Section, Block and Lot numbers in accordance with the Nassau County Land and Tax Map, and also give the School District location.

SOLL SAYS

The new Third Congressional District, in which you now reside, is one of the best-educated and most intelligent districts of the United States. Those of us who reside here tend to be more aware of both the problems and the needs of our community and nation. I think this gives us a greater sense of responsibility to ourselves, our community and our nation.

I believe that our representation in Congress by the incumbent Seven B. DeRouman, falls to meet this responsibility and is inadequate to the needs of our community and our country. It is predominantly for that reason that I am running for election on the Democratic ticket as your representative to Congress.

It is only during an election that a Congressman can be called to task for his voting record; can be made to account to his constituents for the sum total of his representation. It is now that we must examine this record, and ask ourselves whether this is the kind of representation we really want.

The Congressman's record must be examined with great care, since he has thus far managed to obscure his actual stand on many issues of our times—issues of vital concern to every man, woman and child in our district and in our country. He has resisted any offer to meet with me in public debate; he has refused to state his positions in a straightforward manner. His appeal to the voters, thus far, has been one of emotion rather than reason.

Where does he stand on medical care for the aged? He is one of the coalition of Southern Democrats and extremist Republicans who bottled the President's medicare bill in the House Ways and Means Committee. He answers with catchwords, slogans, and emotional outbursts on such matters as world peace, the John Birch Society, domestic economy, urban and suburban affairs.

He has artfully managed to vote on both sides of several questions, so that he can be all things to all men. Just recently, he voted for the United States purchase of United Nations bonds, but only immediately after his vote to kill the bonds by recommitting to committee failed. In 1961 he voted against the Peace Corps, but when it proved popular in 1962, he voted in favor of an appropriation for it. He voted to kill the recent Trade Expansion Act, again by recommitting it, and when that didn't work, he immediately switched and voted for it.

I believe that despite Mr. DeRouman's efforts to obscure and confuse the issues, there is a consistent pattern to his conduct in Congress. I believe that his record demonstrates a 19th Century attitude wholly insufficient for the needs of our 20th Century community.

Since I intend to fight this campaign solely on its issues, avoiding personalities and dealing only with what the Congressman has said, written and done, I shall use this space each week until Election Day to give you the facts. You are entitled to know the clear, cold facts about not only the kind of representation we now have, but about my own positions, as the Democratic candidate for Congress, as well. After all, it's your district, your Congress, your country.

SUCCESS OF THE LOCAL NIMS (Nationwide Improved Mailing Service), was considered recently at a meeting attended by Postmasters and NIMS chairmen from the eight busiest areas of the County. Left to right are Joseph Hagendorf Jr., L.I. Lighting Co. executive from Hicksville, and local NIMS chairman Irene Murphy, Acting Hicksville Postmaster; and William Flanagan, Deputy New York regional Postal Director. If you did not attend the Dinner last Saturday night given in honor of Junior Past Commander Pete Muller, you missed a rather nice affair. Since it was held in our own hall this year, the accommodations were more restricted than in previous years. But by the time the date of the next Junior Past Commander's Dinner is put on the calendar of events to attend, our hall will have been sufficiently enlarged so that everyone and friends can attend in comfort. The evening began with a cocktail hour from 7:30 to 8:30 P.M. which featured Manhattans, Martinis & Gibsons. Shortly before 9 P.M., with everyone at their table, the Colors were Posted and the Pledge repeated and the serious part of the evening's proceedings was underway. Toastmaster Bob Hasel introduced the various past commanders and past Auxiliary Pres-

idents present and then presented the Commander, Dick O'Neill to the audience. Dick's remarks led to the introduction of County Adjutant Mike Cialdella, who represented the County Commander. Mike's main chore of the evening was a short presentation speech and the deliverance of the Post's gift to Junior Past Commander Pete Muller. Pete's Thank You remarks concluded the serious part of the night and everyone's attention was turned to devouring the wonderful Turkey Dinner provided by Caterer Rudy Bouse (all present commented on the fine servings). Music by members of Tony Bell's swell musical organization added the right touch during the dinner and made dancing a must throughout the evening. Past Commanders present were Henry Brengel, Jerry Becan, Len Young, Al Barlow, Rudy Bouse, Ed Hodgkinson, Bob Mangels and Bob Hasel. The Auxiliary past presidents present were Anna Mangels, Sophia Sutton, Harriet Mangels, Trudy Rutz and present President Cynthia Hochbrueckner, plus president-elect Lili Bosch. The committee has already formulated plans for a larger and more complete observance for next year, so don't miss it. If you want to help our Membership Officer, Dick Hochbrueckner, attain the quota the county has set for us (10% above last year, and that was our all time high!) please get your dues in at once. Our Kings Park Hospital visit is scheduled for November 4th and as usual, wearable clothing for men, women and children is needed. Either bring donations to the Legion hall or call me at WE-5-1860.

P.B.C. Nautical Cadets Recruits Members

The Hicksville Police Boys Club Nautical Cadets will be recruiting new members for training. Any boy between the ages of 10 to 18 are eligible. They meet on Friday evenings at the Junior High School on Jerusalem Ave., Hicksville, at 7:00 p.m., in the boys gym 4th St. entrance.

Last Sunday, Sept. 23, the sponsors of the Hicksville Police Boys Club held a picnic at Roosevelt Memorial Park in Oyster Bay. Despite the chill in the air, it was well attended. Games were played by the adults as well as children, and many went home with prizes. A good time was had by all.

Preparation For College Rd Exams

The Educational Skills Centers of Bay Shore, Huntington, Jericho, Massapequa, and Valley Stream, have announced that on Sept. 22 they will begin their courses for students preparing for the College Board Exam.

The College Prep Program will help develop those verbal and mathematical skills necessary for success in college. This program has successfully helped students to enter colleges of their choice.

You may learn more about the course by calling the Educational Skills Center at WE 5-7420.

COMETLAND

by Joe Koerner

CHAMINADE 26, COMETS 0— With all things being equal, the "Flyers" proved once again that the "Comet" future could very well be a mirror of the past. Last year, this very same ball club took a 28-7 win from the locals and led by powerful full back, Earl Kirmser, went on to win the Catholic High School Football tiara. Hicksville, in turn, and definitely no patsy, spite of the one-sided setback, went on to take the Section I crown. We still reiterate a statement made a few weeks back—the Comets still have the type of ballclub that could repeat in their league.

They came a cropper in this opener of the season, played Saturday afternoon in the "Flyers" backyard but in doing so, gave up the ghost to a highly touted eleven that were definitely loaded for bear and favored to win by three touchdowns. In short, there's no cause to make excuses of any kind for it was only yesterday that the locals got belted on their own homegrounds in front of the T.V. cameras. Kirmser, the star of the yesterday, now becomes the rookie of today, but his shoes were ably filled by other Flyers who had their own day in the sun. Pete Eisenbauer, and Tom Leisang

recovered two Comet fumbles, Skip Rockcamp scored on a 40 yard pass from quarterback John Zimmermann, and a new Chaminaide "Bull of the Pampus", Fullback Tom Higgins, ramed through for three touchdowns. And that was the digest of the scoring department. The Comets had displayed plenty of drive and hustle in pre-game workouts, but determination alone wasn't enough to pull the victory fat out of the fire on this one. Even in defeat, a number of locals put on a good show, but we'll reserve name dropping until the opening win, which should against Island Trees this Friday afternoon (away). Thanks to the Comet Extra, which came off the press last Monday. Here's the lowdown on statistics for the day's action.

(Special Note to Comet Editor: Advisor and Staff, Bob Thurer, Mr. J. Clarke, Howard Krefmer, George Sachs, Paul Rosenthal, and Gary Gold. Please print information and full names for Soccer and Tennis, so I can be a real lazy reporter and save on shoeleather.)

Our Depositors Take The Cake!

**FRIDAY, SEPTEMBER 28
TO FRIDAY, OCTOBER 5
NASSAU OFFICE**

During Regular Banking Hours

The birthday cake, that is! We're cutting a big one to celebrate the 1st Anniversary of our Nassau Office, from Friday, September 28 to Friday, October 5. Everyone will receive a piece of our birthday cake and in addition there's a FREE souvenir for every depositor. So come in and help us celebrate this happy occasion.

Coming to Plainview has been a most pleasant experience for The Lincoln. Many, many new friends have been made, and old friendships have been renewed. Of course, this cordiality is greatly appreciated. But we believe that the remarkable success of our new office—the extent to which the community has welcomed us—is tangible evidence that The Lincoln's unique banking services were greatly needed in this part of Nassau County.

If you haven't already opened a savings account with us, drop in during the birthday celebration, or any time for that matter, and start one... it will make your own birthdays a lot more fun.
