Vote Set for Dec 12 On Library Expansion

By a vote of six to one the Hicksville Board of Education on Friday night set Wednesday, Dec. 12, for the referendum on a \$298,000 bond issue for an addition to the public library. While the voting, as the law requires, will be conducted as a special meeting of the School District, the library trustees will pay the expenses of the referendum.

Group Organizes In Opposition

The Citizens Committee for the defeat of the Library Referendum was recently formed in Hicksville because the group feels there is "irresponsible action of a small clique in town to raise taxes." Co-chairmen Howard Van Allen, 5 Layton Ave., and Harry Wagner, 223 Barker Lane, both Hicksville, described the "empire building tactics" of the Library Board for originating the action and a 6-1 majority of the School Board for hastily accepting the dictates of this group at its last meeting. The committee strongly feels that the Library Board and School Board should be responsible for the fiscal stability of the district, especially when it may need additional classrooms in the near future.

Post Office Open On Election Day

The Hicksville Post Office will be open as usual on Election Day, Nov. 6, according to Acting Postmaster Irene L. Murphy. Window service and delivery will be on a regular week-day basis in Hicksville and in Plainview. The Post Office and all stations will be closed on Monday, Nov. 12, in celebration of Veterans' Day. There will be no mail delivery that day, except for special delivery letters and packages.

RECEIVES MASTER DEGREE

Peter D. O'Connor, 28 Basket Lane, Hicksville, was among 74 persons receiving master's degrees at Lehigh University's 84th Fowler's Day exercises on Oct. 14. Packer Memorial Church was the campus. He was awarded the Master of arts degree, with a major in English.

Park Meters Shun Pennies

Gries of protest were being voiced this week by shoppers and merchants alike when it became irritatingly known that the new parking meters being installed along Hicksville business streets operate on nickels only. Previous machines, first installed about ten years ago, operated on combinations of pennies or nickels. It was learned that the matter will probably receive official consideration of the Chamber of Commerce at a meeting this Friday morning.

They'll Be Calling on You Saturday:

Holy Family Sets Open House

The Holy Family Home and School Assoc. of Hicksville, will sponsor an Open House to afford the community at large an opportunity to acquaint themselves with the curriculum, the school plant, the educational materials, and the teaching staff of Holy Family School. It will be held this Sunday, Nov. 4, at 3:30 p.m. at the school, 5 Fordham Rd., Hicksville.

School Board members and Administrators of three school districts are being invited to gather at the school at 2 PM in advance of the General Open House which begins at 3:30 PM. School districts included are Hicksville, Levittown and East Meadow.

The program is under the direction of Father Rowan, moderator of the Home and School Assoc. of the parish.

Board Disbands Book Committee

Having adopted as School Board Policy an Administrative Policy regarding the selection of textbooks, magazines, audio visual aids, etc., the Hicksville Board at its regular meeting on Friday night voted to disband its Text Book Committee.

The vote six to one with William A. Bruno Jr., chairman of the committee, voting no and protesting that the committee had not completed its work.

The policy as adopted at a previous meeting is as follows:

The Superintendent of Schools will recommend to the Board of

(Continued on Page 16)

BOUNDARY LINES of the new 17th election district in Hicksville, formerly the east portion of the 42nd district, as released by the Nassau County Board of Elections. The new district will vote at East St. School along with three other districts.

Election Eve Rally at Manor

Election returns will be posted at the Hicksville Masonic Temple on Tuesday night, Nov. 6; it was disclosed today by Republican Chairman Francis J. Anderson. Results will be relayed to the Temple auditorium from the County Board of Elections and other tally centres.

Bethpage Republicans will get their returns at the Gas Lamp on Broadway while Jericho-Syosset GOP will get data at the Four Seasons Country Club, Woodbury.

An Election Eve rally and buffet to which the public is invited is scheduled for Monday night at the Old Country Manor under the sponsorship of the Ernest F. Francke Republican Club of Hicksville and the Central Island Women's Republican Club. All the major local candidates will be present.

Town to Acquire Park

Town Councilman A. Carl Grunwald disclosed today that the Town Board on Tuesday acted to have Henry G. Holzmacher Assoc., civil engineers, prepare an acquisition map of a seven-acre parcel between Old Country and Plainview Roads, Hicksville, for development as a park-recreation area.

The tract, adjacent to Redeemer Lutheran Church, was recently the subject of a zone change application for use as an automobile centre and used car area. The Town Board has rejected the application.

Election results in one Hicksville polling place, Fork Lane School, will be among the "barometric precincts" used by the National Broadcasting Co. on Tuesday.

LEGION OF HONOR members of Kiwanis received their awards for 25 years of outstanding service at the 26th annual Charter Night of Hicksville Kiwanis Club at the Milleridge Inn Saturday night. Past International Trustee Don Mumford, at left, made the presentation to past club presidents Jay Schwartz, Dr. George Loucks, Dr. Charles Masek and Morris Rochman. Not present, but also accorded the Legion of Honor, were Leon J. Galloway and John Staryk. All seven were members when the club was organized a quarter century ago.

The Deronian vs Soli contest for Congress had generated so much heat that folks in the east end of Plainview don't even know that these two names WILL NOT be on their ballot on Election Day. The contestants out there are JIM GROVER, Republican, and BOB FLYNN, Democrat... They have been held very quietly, but we received NO NOTICE of any rally, meeting or coffee klatch for Democratic candidates in Hicksville this year. Miss Wetterau Recalls World Trip

Miss Gertrude Wetterau, head
of the Social Studies Dept. of Hic-
ksville High School, made a 60-day
trip around the world during the
summer. The following is an ac-
count of her trip as published in
the October issue of The Comet,
publication of the High School:

AROUND THE WORLD IN SIXTY DAYS

All of us have had a busy and
eventful summer vacation, but
probably none have been as event-
ful or cosmopolitan in nature as
Miss Wetterau's world cruise.
The head of the Social Studies
department set sail on June 27,
1962 from Long Beach, California
on the S. S. Cronsey of the Pen-
insula and Orient Lines, and for
the next sixty days was a verita-
ble woman of the world.

Miss Wetterau was in the
newest state of Hawaii before long.
She was impressed by the overall
beauty of the island, especially
a scenic spot called Heavenly
Point. At Pearl Harbor, Miss Wet-
terau's guide displayed an un-
usually deep patriotism, as only
someone who fought for freedom
can feel. Miss Wetterau recalled
one of her students, the late John
Haughey, who was killed in action
during the first day of the bar-
barous Japanese offensive.

Miss Wetterau continued on
her British ship to the port of
Yokohama, Japan. She traveled by
land to Tokyo and finally to her
ship which had re-anchored at
Kobe. The feeling of the Japanese
that was most obvious was an
eager striving towards American-
ization. There was a great re-
spect for America shown through-
out the Far East. In Tokyo, a city
that the Japanese claim to be the
largest in the world with a popu-
lation of 10,000,000, and in other

parts of the islands, there was
an exciting air of economic boom.
A growing, bustling, maturing
society, with all of the growing
pains that go with it, was feeling
new power and trying very hard,
not without much success, to West-
ernize. Many people know English,
and Americanism is prevalent in
almost all phases of Japanese
living.

From Kobe, the ship set sail
to Hong Kong, and Miss Wet-
terau finally got her chance to see
the city she had always dreamed
of visiting. About the greatest
underestimation that one could
make about Hong Kong is that it
is crowded. Those cramped is-
lands, about the size of Oyster
Bay, have a population three-times
the size of Nassau County. Miss
Wetterau commented on the situa-
tion thusly: "The biggest prob-
lem that the British have is trying
to meet the housing problem and
find employment for and influx of
15,000 refugees a week."

Steaming to the Philippines on
the edge of typhoon Kate, she toured
through Southeast Asia stopping at
Macau and Singapore. Singapore,
which had recently become part
of the Federation of Malaya, is
one of the few places in all the
world that can claim that it has
no mosquitoes or flies. For a
city that is so close to the Equator
and has summer all through the
year, this is quite an accomplish-
ment.

The next stop was Colombo,
Ceylon. In what was once one of
the most progressive countries in
Asia, there is now rampant un-
employment, disease, and cur-
rency instability.

Going north to Bombay, she
was entertained in that beautiful
city at the Governor's Pavilion on
the Cricket Club. The native hosts
had a simple message of "The
Brotherhood of Man" for Miss

Wetterau to bring to Hicksville.
The people of the area seemed to
be quite removed from the politi-
cal upheavals that were occurring
to their near north.

As Miss Wetterau sailed from
the Orient, one general feeling re-
mained with her—"The biggest
impression of the whole Far East
I had was tremendous numbers of
people, tremendous enterprise
among the people, and a tremen-
dous desire to Westernize."

Next she went to Aden, the ter-
minus of many of the pipelines
of oil-rich Arabia. At the time,
the Soviet Union was announcing
its plans to build and maintain
a railroad from Iraq to Yemen,
yet no Russian transports were
there, or anywhere else through-
out the trip. Such a route through
the desert world be impossible,
and the thought of keeping it oper-
able borders on absurdity.

In spite of everything, Miss
Wetterau left the British colony
and continued through the Suez
Canal to Port Said. Next she went
to Naples, and from there went
to Switzerland, where she spent
a week with some of her friends.
After having returned to the
Mediterranean at Genoa, she
boarded the S. S. Constitution of
the American Export Lines and
made stops at Cannes, France and
Algiers, Spain. A few days later
she was in Manhattan.

After having circled the world,
she returned to Hicksville, where
her home is. She is now resum-
ing her scholastic activities at Hic-
ksville High School.

WEST BIRCHWOOD - JERICHO CIVIC ASSOCIATION

Vol. 4 No. 3

Nov. 1, 1962

EDITORIALS:

Well Done, Herb

This being the last issue of the WEST BIRCHWOOD NEWS before the election of the new president we bid farewell to Herbert Platt who took over as president on May 23, 1962 when Carl Denny resigned prior to moving away. Mr. Platt has done an extremely competent and workmanlike job devoting much time to the various problems which beset a growing community like ours.

Since we have not had an active Education Committee Mr. Platt has represented the Civic Association by being present at every School Board meeting since taking office. In order to expedite delivery of the West Birchwood News he personally supervised the transformation from personal mailing to name plates to assure reception of the newspaper on a weekly basis by Civic Association members. This resulted in a substantial savings on mailing for the Association.

Speaking for the Civic Association, the WEST BIRCHWOOD NEWS extends a heartfelt thanks to Herbert Platt for a job well done.

Objectives for 1962

The coming year offers many challenges to our Civic Assoc: The dedication of one or more of the newer sections, a more effective liaison between the Board and the membership, a continuing improvement of distribution of the WEST BIRCHWOOD NEWS, pamphlets, a continued effort to insist upon another entrance to our community to avoid the usual blocking of our entrance during heavy snows.

During 1962 it should be our objective to better our relations with the builder, continue stress on street maintenance, and extend the benefits of Civic participation to newer members of our community. We cannot emphasize too greatly the need for new blood in the Community Welfare Committee. The fact that only one individual from the undedicated areas of the Community Welfare is indicative of the apathy over there with regard to street lights and stop signs.

For 1962 we will need the participation of our newer neighbors in Civic affairs. Indeed, we welcome you and wish you well!

The above editorial is reprinted for the purpose of analyzing just what was accomplished during 1962. Dedication of some newer sections did take place with subsequent installation of street lights. Distribution of WEST BIRCHWOOD NEWS has greatly improved. We have another entrance to the community from Candage Rd. We are getting active participation of our newer neighbors in Civic affairs and we anticipate an exciting year in 1963 as our friends in the western sections move into positions of responsibility in the Civic Association.

Judging from the pre-election campaign activity it would seem that the Community Welfare Committee has indeed gotten new blood it desperately needed last year. And we confidently expect this transfusion to extend to the Education Committee which was rather anemic during 1962. An active membership committee should merit the attention of the incoming Board of Directors. The time consuming job of signing up new members this past year has been performed by a few dedicated individuals just as it always has been done in the past.

If the accomplishments of the Civic Association during the past year appear meager to some residents of West Birchwood to judge from statements contained in a leaflet being distributed around the community, we await with eager anticipation the fulfillment of promises made for next year. And should the individuals making these statements be elected to the Board of Directors, we sincerely wish them the best of luck.

Birchwood Breeze

By THE WESTERNER

This writer agrees with the many people who were in disfavor with the last column of "Birchwood Breeze". Apologies are in store to you all:

Grabgrass Gossip:
Mark Pernick was in Cuba when the Castro Committee became what they are today. Got out just in time before the movement. Irv. Reinhardt most improved bowler in Times, Nite League. (Adding to Bob Freeman's Aggravation). Last year Irv. and Bob were the league worst. Today Irv. is so greatly improved and Bob is so greatly the same as always. Speaking of Bowling Jack (Whispering Jack) Reinhardt, Bill (Red Face) Bartman and Norm (Cappy) Mulnick, give the Bar at Westbury Bowl its biggest beer night since it opened.

I don't know all of Birchwood but how many guys are as personable as Herb Platt? The entire club was very conversed with World since he and Nino Agate has a personal confab with Mr. K. of the

Soviet Union, many problems could possibly be solved. Jim Tuccinardi runs up religion the way it should be and has been respected for it. This is a very wise man. In fact, well, let's not discuss religion but give me Tuccinardi, De Pasqual, Nino Agate, Greco, De Luca and statesman, Saggese. Put us all together and that spells out what we can be proud of: "Respect Thy Neighbor."

A Truckload of Top Soil:
To many people so greatly concerned with the neatness of their property.

To Ardie Ratzler, Good Luck with your new enterprise. Also to Bernice Silverberg. And to Hank Halbertsma's new business location. Nobody Asked Me But I'll Tell Ya: Harvey Hauser much too out lately. Is it due to his knocking with his hand?

Big Dance to Follow Vote

President's Corner

by HERB PLATT

Since this is my last column as president, I want to take this opportunity to personally thank the officers, members of the board of directors and the various committee chairman for the time and effort they expended on behalf of our community during the past year.

Serving as a representative in your civic association is truly a thankless job involving time, time and more time. A vote of thanks is given to Don Parnet, Beverly Rose, Al Birnbaum, Alice Fancullo, Jerry Strumpf, Jean Gilbert, Kathy Kantor, Art Seberman, Jerry Strauss, Seymour Berkman, Sid Goldman for their untiring efforts on behalf of our community.

It is most inspiring to see the recent increase of activity and concern the residents have expressed in our civic association as evidenced by the spirited competition for election to the board of directors. I hope that this interest will continue and increase as we make the next administration an effective one. The civic association is only as strong and effective as the members who support it.

Consider Resume

The Jericho Board of Education held an executive meeting Thursday night, Oct. 25, which was attended by Seymour Berkman, Editor of the WEST BIRCHWOOD NEWS, and Herbert Platt, West Birchwood Civic Assoc. President. Together with the Editor of the WILLACER and the President of the Birchwood Park Civic Association the Board discussed the advisability of having a resume of its open meetings printed in the various papers.

What Should We Do About the High School?

By Melvin Kornreich, PhD
Will there be seats for the children in the high school in 1964-65? Will we be building schools which will not be fully utilized? These are the important issues. The Citizens' Advisory Committee had to consider them in dealing with Jericho's educational needs in the immediate future.

Will there be enough seats for the children in the high schools? No, in 1964-1965 there will not be enough seats for the children in the junior-senior high school.

The Board of Education is now awaiting a report by Dr. Brown, one of the principal experts on population, on the probable growth of Jericho's population. The Citizens' Committee worked with older predictions, but also with the lower figures based upon Jericho's present school population. The high school is filled to capacity with its 1200 students. Most rooms are being used to complete capacity, with a few others to eighty or ninety percent of capacity. With the addition of very few new students, the junior-senior high school enrollment looks like this:

	1964	1965	1966	1967	1968
1350	1450	1550	1750	1850	

These are very low estimates, un-

What are the solutions? Jericho

The Marian Guild associated with St. Paul the Apostle R. C. Church, Jericho, is having their first fund-raising affair. A card party is to be held at the Jericho Fire House, Bay-Hicksville Rd., Jericho, Friday evening, Nov. 9.

Little Theatre Plans Offering

The West Birchwood Little Theatre Group is happy to report that its production of "Bus Stop" is underway and progressing well. The performance dates are Nov. 30th and Dec. 1st. Please take note because this show is expected to surpass all our past endeavors and will be worthwhile seeing.

We are anxious to encourage an interest in the theatre among our teenagers. Therefore, we are making tickets available to high school students for our dress rehearsal performance, Thursday evening November 29th, for the nominal sum of fifty cents. Tickets for the Friday and Saturday night performances are priced at \$1.75 each and may be obtained by calling WE 5-6538 or WE 5-6960. Bus Stop is to be presented at the Robert Williams School rather than the Jackson as previously reported.

Expecting 500 At Civic Election

Over 500 people are expected to vote and attend the annual election night dance to be held at the Jericho High School gym on Saturday night, November 10th at 8:30 P.M. The competition for the five slots on the Board of Directors is being intensified by old fashioned campaigning and soliciting by many candidates.

Alice Fancullo, chairman of the Social Committee, reports that her committee is completing plans for the gala dance which is free to all members of the Civic Assoc. She states that the dance has sparked so much interest in the community that new members are clamoring to join the Civic Association. The dance costing the Association \$947.00, declares Mrs. Fancullo. The breakdown of the expenditures is as follows:

Renting of High School Gym	\$21.00
and Cafeteria	195.00
Herb Rosen's Band	195.00
Nathan's Famous Sandwiches	450.00
Insulated Cups	17.24
Miscellaneous - Stamps	25.00
Decorations - Flyers	20.00
Soda	30.00
Cake	\$947.00

Mrs. Fancullo told the west Birchwood News "The Social Committee is indebted to those members attending the last general meeting."

David Kassar, of 18 Flower Lane, Jericho, Chairman of the recent Jericho-Syosset Democratic Club Dinner-Dance held at the Huntington Town House, wishes to thank all those who donated their prizes and all those who donated their valuable time to help make the dance the huge success it was.

1) to expand the present building from actual 1,000 to 2,000 student capacity;
2) to build a new building, as a junior or senior high school;
3) to build a new building, as a junior or senior high school without core (central) facilities, and to arrange that it share increased core facilities in the old building.
The issue is clear. We will have a need for space in 1964-1965, and Jericho will have to come up with a solution before that time.

Civics Again Offering Trees

Once again, the West Birchwood Civic Assoc. in conjunction with Fairhaven Nursery is making it possible for new residents to obtain European Plane Trees (Sycamores) for curb planting at a cost of \$17.00 per tree.

The reason for the selection of Sycamores is that similar plantings have been made in past years, and the trees have grown rapidly, being reasonably free from disease and requiring a minimum of care.

The trees will be planted 30 feet apart in a dormant state, bare of leaves, pruned and wrapped. No trees will be purchased without a deposit of \$5.00 being made. This should accompany the coupon shown below.

All those interested in purchasing trees should fill out the enclosed coupon. Checks should be made out to Fairhaven Nursery and forwarded to Herbert Platt, 29 Craig St., Jericho, no later than November 20.

Board Meeting Well Attended

The West Birchwood Civic Assoc. meeting on Oct. 24, the last official meeting of the current administration, was well attended by both board members and the residents of the community who are seeking office in the coming election Nov. 10.

The first order of business was a report by the social committee. Their plans for the Election Eve Dance have been finalized and they were happy to report that they are keeping well within their budget. The affair promises to be a gala one. They are now hard at work on plans for the dinner-dance to be held at the Fontainebleau on April 27, 1963.

The welfare committee reported that the "no thru trucking" signs on Saratoga Drive would be installed. They again ask that all residents who have complaints about the condition of the sidewalks or curbs report the situation to the Welfare Committee so that a list may be compiled and presented to the proper Town authorities. The question of the stop signs in the newer areas is in the hands of a police safety group who are studying the situation.

The newest target date for completion of the Cantigue School is sometime in excess of one month.

Entrance Gates Coming Board Hears

At the regularly scheduled meeting of the Board of Directors of the Birchwood Civic Association on Tuesday evening Oct. 16th, Ralph Diamond, Chairman of the Town Planning Committee reported on the entrance gates. Mr. Diamond stated that he met with the Commissioner of Highways and that the likelihood of Birchwood getting an entrance gate looks good.

Because Broadway itself is State owned property, the gates of necessity would have to be erected on Town property. Town property would be at the corner of Birchwood Park Drive and Village Drive. The Board has set up a special committee to look into types of gates that would enhance the property and to consider the property owners that the gates would effect.

The Board also set the annual dues for 1963 at \$5.00. This will be the first year that dues will be based on a calendar year of Jan-

uary to December.

President George Frankel gave his report of the interview he had along with this writer with the Nassau Police Department on the robberies in Birchwood and stated that Milton Bagley had put into writing the dos and donts of protecting ones house. This letter will be sent out to the entire community. In the absence of Dr. Lawrence, George Frankel also reported on the General Meeting to be held Tuesday Oct. 30. This General Meeting will be a "Meet Your Candidate" night. All the top local candidates have been invited and have accepted the WRITING that they will be present. The Board was urged to give this meeting its all out support and see to it that there is a large attendance. The Board also voted to co-sponsors this meeting with the other Civic Assoc. in the area. The thought being that one big meeting would be better than each Civic group having their own "Meet-Your-Candidate" meeting.

Ten Pin Talk

By Henry Dockswell

Elliot Spencer is at it again. For the third week in a row he bombarded those pins. In these last three weeks he has raised his average 23 points, going from 137 to 160. This last session he bowled a 222 and came within two pins of taking over the "individual" game record. He added a 187 and a 159 to break his own High Individual Series record and he now leads in that dept. with a 568. This was enough to pick up the rest of his team mates and put them right back into last place. They swept all seven points from Marv Cohen's "Champs" in spite of Stan Jarvis who bowled a 204.

Cap't. Al Minotti of the "All-bis" must be gnashing his teeth. He can't seem to get his men started. He tried again this week when he threw a 203; but to no avail. They were swept by Mort Levine's Morticians and they now share the cellar with Jack Sloan's Mets.

At this point four teams have been the class of the league. Fred Sapio's Royals in 1st place, Mort Levine's Morticians in 2nd, and Sid Simon's Tropics and Sol Rabinowitz's Invalids in 3rd and 4th respectively. None of them have been able to hold onto 1st place for more than one week. They've scrambled up and down in those four spots and as yet there is no clear cut sign of superiority, but watch out you guys, its about time for the other teams to start jelling. Fellows like Leo Geyer, Sam Springer, Jack Sloan, etc. should be bowling you over soon.

Mental Health

The First meeting of the Mental Health Discussion Group will be held at the George A. Jackson Cafeteria, Jericho, on Monday, Nov. 5, at 9:30 a.m. The topic will be "Negative Aspects of Competition". Mr. William Lewis, Jr., school psychologist, will moderate. All parents are invited.

TO SELL RUMMAGE

The Manetto Hill Chapter of B'nai B'rith is holding a rummage sale on Nov. 8th and 9th, Thursday and Friday, at the American Legion Hall on Nicolai St., off Broadway, opposite St. Ignace's Church, Hicksville. The merchandise will be on sale from 10:00 a.m. to 4:00 p.m.

Robbins Lane Girls Enjoy Field Day

The Robbins Lane Girl Scouts thoroughly enjoyed a Field Day at the Crestwood Country Day School on Friday, Oct. 19th. All the Troops of the Neighborhood took advantage of the closing of school for Teacher's Conferences to participate in an all-day program of sports and games. Featured in the program were softball, volleyball, dodgeball, and relay races of all kinds.

Almost 200 girls, ranging in age from 8 to 14, supervised by 20 Girl Scout Leaders who were assisted by an additional 20 parents, competed in these events from 10 AM to 3 PM. The girls brought their lunches with them.

Mrs. George Frankel, Neighborhood Chairman, expressed her sincerest thanks to Dr. Norman Schmittman, Dr. Dave Polansky, and Dr. Ed Gerah, co-owners of Crestwood Country Day School and West Hills Day Camp for their generosity in donating the use of the Crestwood facilities to the Robbins Lane Girl Scouts for this occasion. The girls will long remember the fun and excitement of this outstanding day.

Youth Committee

JULIUS MELNICK, Chairman

The Birchwood Civic Youth Group has now entered in its 6th year of activities. The youth activities are held on every Wednesday and Friday evening from 7:30 to 10 PM, at the Jackson School. A full program of social and athletic activities are supervised by volunteers of our Civic Association together with a paid supervisor.

RALPH DIAMOND, Founder of the youth group together with LOUIS COHEN, VIVIAN SCOMA and Chairman, JULIUS MELNICK, have been active with the youth group since its inception 5 years ago. The tremendous success and growth of the youth group is due mainly to the dedicated efforts of these people.

It is anticipated that this year's enrollment in the youth group will surpass previous years. The program is being increased every year, thereby adding greater enjoyment for the youngsters of our community.

Jericho Meets Its Candidates

By HENRY DOCKSWELL

Although the meeting was well attended, the people who did not take the trouble to come were the losers. This was really a night to have been present. All of the ten opposing major local candidates were there and as each had his say, the other made his rebuttal.

The audience then submitted written questions to a candidate and the opposition could also comment.

It was a very lively evening, the candidates pulled no punches and the audience loved it. Charges and counter-charges flew back and forth. Each man on the rostrum tried to convince his listeners that he was the man for the job in question. It was unfortunate that such a small amount of time was available for each candidate to speak, but at the close, the audience seemed to have no doubt that the evening had been an enlightening one.

Assoc Unites

By Phil Meissner, Chairman
Executive Council

Every teacher in the Jericho School System is a member of the Jericho School District Teachers' Assoc. This organization is headed by an Executive Council consisting of two representatives from each elementary school, four from the junior-senior high school and the faculty representatives to the New York State Teachers Association, at present two. The Council is responsible for all district-wide activities and is the liaison between the teachers and the administration and school board. It is also the coordinating unit between the Jericho Elementary Teachers Association and the Jericho High School Teachers Association.

The Elementary and High School Associations conduct the local teacher activities in these two divisions. Since there is only one building, the officers of the High School Association are also the building representatives. The Elementary Association composed of the staff in the four elementary schools has building officers and also an overall association staff.

Through this arrangement of building, division, and district level representation, each teacher is informed of the challenges and problems facing him and his colleagues and can relate these to the entire educational philosophy of the district. By this, it is meant that it is possible to coordinate and constantly improve the educational practices of the district.

The eighth annual book sale, sponsored by the Catholic Daughters of America, Courts of Nassau County, will be held on Sunday, Nov. 18 at Chamade High School.

COMETLAND

by JOE KOERNER

SOCCER HI-LITES—At this stage of the game, there's a lot of ifs, ands, and buts that could take place in this Section I run for the roses. And the big if, of course, revolves around the fact of whether the Comet Boosters can cop their remaining two games of the season. If they win both, they'll inherit the title by 1 percentage point and if they drop a decision to Great Neck North, the Northmen and Clerke will cut the cupcake in half with the Comets finishing up in second place. These are the facts and this Friday's results should provide some clearer cut answers to this skin-tight race. We'll be keeping a close tab on Coach Harry Remm and his hardy band of Cometeters.

JR. HIGH GRID FACTS—Head Coach Earl Bryan and Assistant Phil Wolfe reported in with a 33-0 win for the Meteors over Island Trees. This ups the Jr. Highwaymen to a seasonal mark of 2-1 and 11 out of 12 including last season. Facts such as this, while mere figures at this stage, still provides the key for the future Jr. and Varsity material that will keep us grid buffs contented in the years to come.

Versus the Treemen, Meteor Halfback Billy Brown drew first blood on a 15 yard bolt through tackle. Fullback Leon Kaprinski scored the 2nd touchdown on a flyer up the middle and Halfback George Thomas scored #3 via a 40 yard pass into the end zone. Next, came Halfback Bill Kraft with the 4th marker and Quarterback Bill Fyffe closed up shop with the 5th, an 80 yard run. Fyffe had been switched from quarter to end on this play and the result was a reverse, razzle-dazzler that skinned the rest of the bark off the Treemen. Bryan closed out the interview with a great deal of high praise for his boys, and a little extra for Bill Kraft, "he was the outstanding player of the day." Neff said Earl. We'll buzz you next week for the results of the Daler, Meteor action.

JAYVEE JOTS—Collared JV mentors Bill Meyer and Bob Trichina at the Comet, Daler games last Saturday, and came up with the following facts. The Jr. Comets have a 3-1-1 record thus far, with the only loss coming from that hole Hickville nemesis, Chamlin-side. And it happened to be a real speaker, an 8-7 setback, with Chamlin-side scoring their big tally in the last two seconds of the

ballgame. L.J. Lethman had managed a tie in the second outing and after that, it was J.V.'s all the way. They slipped Island Trees 20-19, shut-out Plainville 6-0 and completed their second win-streak in a row versus Plainville, 18-0.

Next on the agenda comes Farmingdale, Clarke, and MacArthur, in that order and we tab the locals for at least two out of the last three wins. According to the head coach, Meyer, the following boys came in for a few plays. Backs, Dave Hoosack, Tommy Judge, Robin Winkle, Dennis Yaras, and Steve Schuster. Linemen Joe Sarno, Jim Mohl, Joe Caracchio, Don Katz, and end, Bill Miltenburg. Extra credits went to Schuster for his breakaway runs, Miltenburg for his punting and glue fingered pass completions, and Yaras for his tremendous potential as Mr. Quarterback of tomorrow. Here again, are the Varsity members of the future so it looks like some banner year shaping up for the long days ahead.

COMETS DUMP DALERS—As expected, the Comets took the lion's share of the purse in this 28-6 win over their Farmingdale hosts, but it took an explosive second half to show off the who's who of Cometland. Rifle armed quarterback, Bruce Damm and "Smoker" Ray Strassburger, the fleet-footed left half for the locals, drew the most blood by combining their special "heave and catchem" talents for a pair of T.D.'s in the third and fourth quarters. Strassburger caught both 25 yarders in the same parlous of the endzone and we doubt if he was six inches off the spot on both catches.

Other hi-lites of this important win, came in the form of notes jotted down during gametime. Score 0-0 at the half and if the Comets don't wake up soon, we're apt to be in real trouble. They're notoriously late starters, and if Dalers Bob Masch, John Pach, and Ken May get their mouthbooks into this action, we'll be headin' west with a bad case of the shakes. And praise the Lord we had Fullback Larry Wesolka tenderizing that Daler front wall. He ate up yardage like Arnold Palmer's shots off the back tee and caused an awed spectator to say "what was that!" as #54 blasted through the middle like a night-train to Buffalo. Then

Vin Honnigan went 29 on a pass from Damm and Strassburger swept the end for 19 and his third score of the day. Hamman clobbered a Daler Receiver, and the fumble was scooped up by Vin Hoosack, who raced 35 yards for the 4th score of the day. And who's to forget the spirited marches of Comet Band Leader Jerry Pellerin and his hardy band of Comet Cool Cats. They provided the kind of courage and school spirit among us elders that would enable us to outlast both Nikita and Fidel at the same time. So who's to say we can't mail those East Meadow-nites from Clarksville next week at the Comet Oval. We say the regulars explode after a listless first half and we even saw the hotshots of tomorrow, Frank Casolino and Bruce Ladisic come off the bench and bring salty tears of joy to the eyes of coach, Jim Grantham. SO WHO WAS THERE, DEPT.?

—We came complete with a 5 o'clock shadow, boots, and a faded set of foul weather gear; expecting the visitors field to be mired down, after that combination moon-son and blizzard we had the day before. We felt like a scion from the wrong side of the track after running into the who's who from Cometville. Board President, Jerry Zettler, and member George Kunz, Principal Leon Galloway and Jim McGovern, Lou Millevolte, John Santoro, Ben Dover, Dan Druff and assorted other Comet grid aficionados who made up an entourage that almost buckled the stands. We were out to deal those Dalers a glimpse full of woe and if lung-power was the governing factor, we had this win wrapped up and ready for bagging after the opening kickoff.

P.S. We noted "night train" Charley Triola, (with an injury), assisting on the sidelines. We hope he's ready for the "Clarke Close" this Saturday at the Comet Coliseum. See you then!

William M. Gouse Jr. Post No. 3211
By Eddie Klabing.

Sunday, Nov. 11th, is Veterans Day. Appropriate ceremonies will be held on the grounds of the Hicksville Junior High School at 11 A.M. The V.F.W. joins all those participating in demonstrating their gratitude to the veterans of this country who served and sacrificed in this country's fight for world peace. Our color guard and firing squad will be on hand and it is hoped that as many members who can possibly attend will be there.

Circle this date on your calendar. The Ladies Auxiliary is sponsoring a dance to be held at the club on December 1st. Esther

Palladino called to tell me that the "Startlighters" will furnish the music. More information will follow. — Bill Prachunhofer and Al Heaton have just about completed arrangements for the time and place for our Annual Dinner and Dance to be held in February.

Your dues statement is in the mail. Use the handy form provided by National Headquarters for your payment. Remember, 100% paid up membership before the end of the year entitles us to another award.

We welcome Walter Pythoway to our fold. Walter is now residing in Hicksville and comes to us on a transfer from Franklin Square. New members are always welcome at William M. Gouse Jr. Post.

The Dept. of New York will give the Korean War Bonus top priority on their upcoming legislative program.

On the government's best seller list is a 44 page booklet entitled, "Federal Benefits for Veterans and Dependents." It is a fact sheet designed to provide only general information for all veterans, peacetime, and six month draftees and those on active duty. An interesting and important feature of the booklet is it advises the veteran of the proper agency to apply for certain benefits. It is issued by the Veterans Administration and can be purchased from the Superintendent of Documents in Washington, D.C. The cost is twenty cents. In closing, Al Waggenheim won the Post raffle. The next meeting is November 12th. Remember Veterans Day. See you at the ceremonies.

Advent Wreaths November Topic

The next regular meeting of the Rosary-Altar Society of Our Lady of Mercy R.C. Church, South Oyster Bay Rd., Hicksville, will be held on Monday evening, Nov. 5. This will be the deadline for the payment of 1962 dues.

The program for the November meeting will center around the Advent Wreath. Kits which were ordered at the October meeting will be available.

The Advent Wreath is a green wreath with four candles placed inside and decorated with a purple ribbon. This is an adequate means of instilling the significance of the place of Advent in the Liturgical Cycle, and can be used as a centerpiece for the family table.

The four candles signify the four weeks of Advent and also the four thousand years the world waited the first coming of Christ. The lighted candle signifies Christ, the light of the world. The purple ribbon reminds us to do penance. The roundness of the wreath suggests the eternity of God — He was, is, and always has been. Evergreen, the color of life, reminds us of the everlasting life the Savior is to bring.

Each week of advent another candle is lit. The third candle on the third week, which is pink, signifies the slight pause for joy. The father, and the youngest and oldest child participate in lighting of the candles. All join in prayer.

Shall Our Congressman Lead - or Obstruct ?

In this moment of grave crisis, when missteps can result in thermonuclear war, Congressman Derounian plays petty politics. At a time when rash and premature action would have alienated our South and Central American neighbors as well as our allies throughout the world, Derounian irresponsibly demanded that the administration blockade Cuba.

Then, while paying lip service to unity, Representative Derounian attacked the President, attacked the administration, disparaged the Pentagon and second-guessed the Navy's conduct of the quarantine.

In these grave times, the country needs men who are rational and deliberate and who have supported the President's "courage, resolution and good judgment in resisting precipitate action until he had the evidence in hand." (Newsday, Oct. 23, 1962)

It is because George Soll is a voice of moderation and responsibility that we have supported his candidacy for Congress in the 3rd Congressional District.

It is for the same reasons that the N.Y. Times gave him a ringing endorsement for election (Oct. 25, 1962) as a "lawyer of creative intelligence" and as a "marked improvement over Representative Steven B. Derounian, a voice for negativism on Capitol Hill."

Now more than ever, the country needs men like George Soll in Congress. Split your vote, if you must, but vote for Soll for Congress.

Congress: New York Suburbs

The New York suburbs were once overwhelmingly Republican, but the rapid growth of population and of industry has brought much more uncertainty in voting trends, especially in Long Island. Our recommendations are made, as usual, on the basis of our estimate of the rival candidates' ability and record, rather than on party affiliation or chances for victory. Our endorsement follow (asterisks indicate incumbents):

Third District (northern Nassau, Long Island): George Soll (Dem.-Lib.), a lawyer of creative intelligence and long identification with the defense of civil liberties, would be a marked improvement over Representative Steven B. Derounian* (Rep.), a voice for negativism on Capitol Hill.

Why YOU Can Vote Again With Confidence for YOUR Congressman

STEVEN B. DEROUNIAN

"Your record is a proud one," Ike said to Steve Derounian. Northern Nassau knows it's a fact.

Ike said, too, that Steve Derounian's record "cannot be misrepresented." That's a fact.

There's never any confusion as to where Steve Derounian stands on any issue. He is proud of his ten-year record in Congress. He does not surrender principle for expediency. He is a practical, decisive man—who gets things done for his constituents. In a typically appreciative letter, a disabled combat veteran wrote to Steve: "Small wonder you have held office so long, or why you are held in such high regard here on Long Island by both Republicans and Democrats alike."

Your Congressman's Experience

Steve Derounian is a dedicated public servant of Long Island and his country. Brought up in America by his father to escape religious persecution in Europe, Steve grew up in Mineola, and worked his way through N.Y.U. and Fordham Law School. He served as Councilman for the Town of North Hempstead, and was elected to Congress in 1952. You have re-elected him four times since then.

Why? Because you know that Steve Derounian takes his responsibilities seriously. He sticks to his job, and aggressively champions the interests of our district, state, and nation.

Your Congressman's Record

Steve Derounian's voting record is the key to the confidence the voters have repeatedly expressed in him. Elsewhere on this page, no noted educators have summarized that record for you. Steve Derounian is always on the job—with a 97% attendance record in his 10 years in Congress, and a 99% for the past two years.

Not a "rubber stamp" for anyone, Steve has an issue-by-issue record of intelligent voting on the merits of each proposal rather than on straight party lines. In the 86th Congress, he supported President Eisenhower's position on 71% of the issues; in the 87th, he has voted with President Ken-

nedy's supporters on 98% of the issues, wherever he considered them worthy of his approval.

Ike says, in a letter to Steve, "Your voting record is proof of your championship of our competitive system and the dignity of the individual."

Your Congressman's Reputation

Steve Derounian is a tough-minded, hard-driving Congressman. He tackles national problems and those of individual constituents with equal firmness and effect. He has the respect of his colleagues in the House, Republican and Democrat alike. His devotion to duty and his intelligent approach have earned him a seat on the powerful Ways & Means Committee, which initiates all tax legislation to go before Congress. Here, as the only N.Y. Republican member, he guards your interests.

Wilbur Mills, the Democratic Chairman of Ways & Means, has told Steve: "You have contributed much to the Committee. I consider you an invaluable Member." Steve has successfully fought, in committee, for YOU as a taxpayer—to remove burdensome excise taxes and to defeat the Administration's proposed withholding on interest, savings and dividends. He has fought for increased earnings allowances for senior citizens under Social Security, and for retirement tax credits for the self-employed.

STEVE DEROUNIAN: On the Issues

No matter who you are, or what you do, the welfare of your family and the protection of your rights and freedoms are mainly determined in Washington. So it is with our nation, as its security, foreign policy and prestige, and economic health are matters of daily deliberation in Congress. That is where Steve Derounian is ever alert to your best interests—and those of our country.

Here are his views on the vital issues of today:

FOREIGN AFFAIRS: "The gravest problem of our time is Communism, which feeds on weakness and indecision. In dealing with Soviet Communism, I will continue to insist that we act from a position of strength."

THE ECONOMY: "We lose our economic health when Washington bureaucrats muddle with the free American economy. Too many controls prevent economic growth—which means jobs and regular paydays—and destroy the system that made us great."

BIG GOVERNMENT: "It's time to halt the harmful growth of governmental power over the individual and his community—of governmental over-taxing and over-spending. I will continue to fight for tax reforms. Cutting out wasteful spending is the quickest route to lower taxes for everybody."

FREEDOM AND PEACE: "We all want peace—but the issue must not be peace at any price. It must be peace—with freedom and honor."

CUBA & BERLIN: "We can't tolerate Russian rockets, missiles, bases and soldiers in Cuba. These are bayonets at our throats, threats to our security and our world prestige. We must not only have positive action on Cuba, but must resist all of Khrushchev's blackmail attempts to extend the Iron Curtain in Berlin, Laos and other world trouble spots."

FOREIGN TRADE: "We can benefit from expanded fair trade among the nations of the world. I voted for it, believing the European Common Market is an opportunity for American enterprise. The President must now bargain strongly and find outlets abroad for our products."

REGENTS' PRAYER: "I cannot, in good conscience, agree with the Supreme Court's interpretation of the Constitution in ruling out the Regents' Prayer in our schools. I have proposed a constitutional amendment to permit a non-denominational, non-compulsory prayer in our schools for those children who want to pray."

The following residents of the 3rd Congressional District join in urging that you vote for

STEVE DEROUNIAN'S LEGISLATIVE RECORD

Dean R. Gordon Hoxie, Vice-President of Long Island University, and Dr. Floyd R. McCaffree, Professor of Political Science at C. W. Post College, summarize their exhaustive study of STEVE DEROUNIAN's voting record as follows:

"An analysis of the more-than-200 Derounian votes in 1961 and again in 1962 shows that he makes his own decisions as to what he believes to be in the best interest of the nation and of his district. He calls them as he sees them, and he votes the way he talks. His voting record in 1961-62, as in previous years, clearly shows his stands for . . .

- Establishment and maintenance of strong national defense forces.
- Uncompromising opposition to Communist subversive actions, both at home and abroad.
- Support of foreign-policy objectives and programs protecting our national security and meeting our international commitments and responsibilities with firmness and prudence.
- Maintenance of fiscal integrity on the part of our government.
- Opposition to expensive spending programs and unnecessary Federal expansion into fields of State and private concern.
- Defense and encouragement of our system of free enterprise which provides jobs and economic growth.
- Sympathy for and support of sensible and progressive social services while opposing the welfare-state concept."

Tenative RR Switchover Dates Given

The switchover of LIRR trains from the present tracks to the temporary run-around rails will take place about mid-November, it was confirmed at a meeting of Hicksville Chamber of Commerce on Oct. 19 by Gordon Kuhn of Henrickson Bros., contractor on the elimination program. The story had been reported exclusively by the HERALD on Oct. 4.

He said the switch over of the Port Jefferson branch is tentatively set for Nov. 13 and the Main Line for Nov. 20. Within six weeks after the change over the old tracks will be removed and then the street work commences. It will take four months to complete each of eight steel bridges and each street will be closed three times for varying periods

of time; however, no major streets will be closed over weekends, Kuhn reported.

The present target date for the placement of the permanent, elevated tracks is Sept. 1, 1963.
