

Library Expansion Rejected:

Half Registered Voters Turn Out

Further litigation loomed today regarding the acquisition of property on Jerusalem Ave., Hicksville, by the Public Library following in the heels of a referendum on Wednesday when the voters rejected a bond issue to acquire the property and authorize an extension of the library building.

The vote yesterday (Wed) was 779 in favor and 1,060 opposed. A total of about 1800 voted with 4,349 registered and qualified. Most observers felt that the extremely low temperatures cut into the voter turnout.

Cadette Scouts Assist Fair

On Saturday, December 1st, Woodland Avenue School PTA of Hicksville had its annual County Fair.

Much credit is due Cadette Girl Scouts of District 111, Troop #549 and their leaders Mrs. De Fendis, and Mrs. Schroeder who gave their service all day at various booths. Some girls assisted Santa Claus, some helped mothers with small children, some directed new visitors etc.

Many thanks also to the new Senior leader, Sara Camizano, and her scout daughter who conducted the games.

The girls who participated from troop 549 were, Patricia Allison, Joanne Diskant, Lynn Lozel, Carol Long, and Angela De Fendis, Arleen Schroeder, Judy Donahue, Barbara Hoosak, Jane Berkowitz, Pamela Mertz, and Carol Shields. Also to Kathy O'Donnell from troop #337.

The vote on the proposition for a \$298,500 bond issue by voting districts was as follows:

District	For	Against
Burns Ave	97	111
East St	79	236
Woodland Ave	99	177
Lee Ave	140	235
Fork Lane	121	119
Dutch Lane	145	49
Old Country	98	133
Totals	779	1,060

A group of 10 taxpayers of the District have brought action in Supreme Court to have the purchase of the property set aside and the money paid by the Public Library refunded. A spokesman for the group told the HERALD that he felt the court would now rule on the issues raised. A move to obtain an injunction to halt the referendum on Dec 12 was dismissed by the court by Justice Farley.

The voting compared with the registration of voters by District areas was as follows:

District	Voting	Registered
Burns Ave	208	474
East St	315	822
Woodland Ave	276	653
Lee Ave	375	799
Fork Lane	240	500
Dutch Lane	194	532
Old Country	231	569
Totals	1839	4349

The Public Library had no comment to offer following the tabulation of the official results, Wednesday night.

Local Housing Units 12,681

Hicksville has 12,681 housing units according to the US Census of 1960 which have 11,525 owners. There are 1,760 units built in 1939 or earlier, 1,356 built between 1940 and 1949, 7,829 between 1950 and 1954 and 1,728 built from 1955 to 1960.

Of all the units, 91.8 per cent occupied, 12,395 are one or two family-type.

Here are some comparisons from the Census report: Jericho has 2,779 housing units owned by 2,401. The units are 89.5 per cent occupied as of 1960.

Plainville has 6,747 units owned by 6,472 which are 96.3 percent occupied. Most of the Plainville and almost all the Jericho units were built between 1955 and 1960.

Stamps on Sale

A postal jeep van truck will be selling stamps at the Hicksville R.R. Station Dec. 15 thru Dec. 22, between the hours of 6:30 a.m. to 8:30 a.m. Mail will also be accepted.

VOLUNTEERS of the Southwest Nassau Chapter of the March of Dimes gathered in the Garden City Hotel, Wednesday evening Dec. 5, to map strategy for the annual January fund campaign. Listening to after dinner anecdotes by guest speaker, Harry Herahfield, middle, are Charles McFarland of Hicksville, ex-lated ruler of the Levittown-Hicksville Elks Lodge, left, and Lyman Duryea of Freeport, county campaign coordinator.

Candlelight Carol Set for Dec 16

A Candlelight Carol Service will be held at Trinity Lutheran Church, 40 West Nicholas St., Hicksville, on Sunday afternoon Dec. 16th at 6:00 p.m.

Three of the Church's Choirs

will sing Christmas Anthems with the congregation participating in the singing of familiar carols and some of the beautiful Christmas Chorales.

Urgent Appeal To All Mailers

The Hicksville Post Office and its Plainview Branch have many additional responsibilities as well as numerous extra services to offer the public during the 1962 Christmas season. Postmaster Irene L. Murphy said yesterday in issuing an especially urgent appeal to the public to mail early, address plainly and wrap carefully.

For use during the Christmas rush, the Post Office Department

is offering this year a new 4-cent Christmas stamp for sale, and is preparing for new postage rates starting January 7, she explained.

"And so we really need public cooperation at this time," Postmaster Murphy said.

Commenting on the rates, she observed that in a period of high-cost living when one exercises care in expenditures, for goods and services, the U.S. Mail service still remains the No. 1 communications bargain.

Reminding area citizens of the forthcoming new postal rate structure effective January 7, the Postmaster listed these highlights of the rate legislation enacted recently by Congress.

The increase over which the "man in the street" is most concerned is the one-cent hike in letter rates.

First class mail: surface — letters, five cents an ounce; postal and post cards, four cents. Air: letters, eight cents; post cards, six cents.

Often thought of by the user as "first class" but actually in "third class" category are "greeting cards". Used mostly at Christmas time, this type of mail will cost four cents when the new rates become effective January 7. The current rate of three cents will apply for the up-coming 1962 Yuletide messages.

To insure speedier service this year, Postmaster Murphy suggested the new Christmas stamp for greeting cards.

This permits the card to be forwarded, if necessary, she said and returned to the sender if undeliverable — provided, of course, that the return address is on the envelope.

CHRISTMAS SOCIAL

The annual Christmas Social of the St. Ignatius Loyola Auxiliary of Christian Mothers, Hicksville, will be held on Monday, Dec. 17th at 8:15 p.m. in the school cafeteria. The St. Ignatius Glee Club under the direction of Rev. Leo J. Goggin will entertain.

Dear Lynda:

The Little Inn, recently known as Martells, is now under the direction of JOHN COCHERES. We heard this week from Mrs. JAMES CONDON of McAllester Ave., Hicksville. The Condon left Hicksville eight years ago, bound for Germany, but retained ownership of their home here. Jim is now a Major in the Army stationed at Vietnam. Mrs. Condon and the children have moved back into their home here. The Hicksville Water District has officially moved its office from 85 Bethpage Road to 4 Dean St. The office will close at 12 noon on Dec. 24 and Dec. 31. JOHN KELLER who is one of the few people in town to own a horse, is making an unusual opportunity available to residents. He will provide Santa with a real sleigh to deliver your gifts. Call WE 1-8976 for information. Among frosh of Valparaiso University, Indiana, awarded freshman summa was WALTER SWATZKY of Hicksville. That nativity scene usually displayed at the Hicksville switch tower, the effort of HARRY GLUCK of Syosset, track supervisor, will be exhibited this year at Long Island City because of the RR crossing elimination program here. JANETTE WINSOR, daughter of Mr. and Mrs. George Winsor of Po Lane, Hicksville, was the guest of honor at Dahlstrom's Wednesday night as she celebrated her 12th birthday on Dec. 12. Also present was her brother, George Jr. The Hicksville PBC is sponsoring a free show at the Hicksville Theatre on Saturday, Dec. 22, including the personal appearance of Santa. The feature film will be Francis the Talking Mule starring Donald O'Connor. There will be a cartoon show, free candy for all, prizes awarded to winners. The program is on from 11 AM to 1 PM.

The new Skyliner Diner in Massena Hills, Plainview, is being expanded even before it is opened this week. The community Christmas tree on the traffic circle north of the RR tracks is scheduled to be lighted by Dec. 15. This year the Kiwanis and Lions Clubs are co-operating with the Rotarians on the project. The County received an apparent low bid of \$43,330 from Henrickson Bros on 1800 feet of storm drains and structures to relieve flooding at South Oyster Bay Rd. and Broadway, Hicksville, where the engineering estimate was \$69,109. Two Hicksville residents are among the members of the Hofstra College Mixed Chorus which presented its annual Christmas Carol Concert on Dec. 12. They are MARY MOLNARO of 8 Washington Parkway and KENNETH WOLFE of 131 Bay Ave. DON ESSEX, director of school building service in the State Education Dept. at Albany, retires on Dec. 15 after more than 3 years with the State Dept. His name was well-known to Hicksville School people since he had to approve all new building programs here. Among 90 top scholarship students from Nassau and Suffolk secondary schools as guests of Hofstra at a dinner meeting of Phi Beta Kappa Alumni of LI on Dec. 14 will be PHYLLIS TROPPER of Jericho, and MICHAEL SCHEFER, CAROL BOSWORTH, DIANE KOSTER and LEE ANN SMITH of Plainview. Apparently no one from Hicksville is on the list. Guest at a recent meeting of Hicksville Rotary of CHARLES BARVELS was ADOLF KATES, member-in-exile of the Havana Rotary Club in Cuba. New member of the Rotary is DR. IRWIN GROSS. Keep your Christmas tree standing in a container of water at all times, not only to keep the tree from falling apart but also as a fire safety factor. SALVATORE RAPISARDI, son of Mr. and Mrs. Louis Rapisardi of Plainview, has received a role in "Fantastick", production of Duke Players, undergraduate theatrical group at Duke University at Durham, NC. He plays the role of Mortimer, the man who dies.

Smokers Safety Tips

Smokers are urged to use care with fire during the Christmas season, particularly around the Christmas tree.

To keep your Christmas a merry one, use care, and don't smoke in the vicinity of the tree.

After the tree has been up several days, it is still more of a fire hazard because standing trees dry out.

This year Americans will smoke 497.5 billion cigarettes, millions of cigars and tons of smoking tobacco.

It's estimated that smokers, with either matches or lighters, strike 2,000,000,000 lights daily. (The average pipe smoker is said to strike six to eight matches per pipeful of tobacco.)

The National Board of Fire Underwriters estimates that nearly one-fourth of all fires are caused by matches and smoking. Care by smokers can help reduce our gigantic fire toll.

So, keep your smokers far away from the Christmas tree.

Go's Reassigned

Franklyn M. Fuchs, son of Mr. and Mrs. David Fuchs of 114 Fordham Road, Hicksville, is being reassigned to Keesler AFB, Miss., for technical training as a United States Air Force radio and radar maintenance specialist.

Mr. Fuchs, who completed the first phase of his military training at Lackland, Texas, was selected for the specialized course on the basis of his interests and aptitudes.

Completes Course

Army Pvt. Arthur J. Pook Jr., whose parents live at 35 Park Avenue, Hicksville, recently completed the chemical entry enlisted course at the Chemical School, Fort McClellan, Ala.

During the eight-week course, Mr. Pook received training in the principles of chemical, biological and radiological (CBR) operations and defense, decontamination of CBR agents and the employment of smoke.

He entered the Army in June of this year and received basic training at Fort Dix, N.J. Mr. Pook is a 1960 graduate of Hicksville Technical High School and attended Adelphi College, Garden City.

Offer Pageant At Lady of Mercy

The Rosary Altar Society of Our Lady Of Mercy Church in Hicksville will present a Christmas Pageant and Musical this Sunday, Dec. 16, in the school auditorium. Doors will open at 2:30 p.m. and tickets may be purchased at the door. Children .25 and Adults .50. Proceeds of the affair will be presented to Sister Mary Thecla, principal of Our Lady Of Mercy School for the Library Fund.

"The Other Wise Man", based on a story by Henry Van Dyke, will be played by members of Our Lady Of Mercy Drama Group. "Suzanne's Dolls" features colorful dolls from different lands coming to life as Suzanne sleeps. Spotlights are twenty toy soldiers doing Military Precision type drilling.

The Pageant and Musical are produced and directed by Rose Giovannelli. Musical arrangements by Arthur Giovannelli and Choreography by Norma Kline.

The first performance of the show was given at a Christmas Party for Rosarians only on Dec. 3. The entire show is being repeated for the public. All performers are Rosarians and donate their time and costumes for the performance. The show is both beautiful and entertaining.

The Twenty Toy Soldiers Routine will also take part in the entertainment being presented for the Nassau County Retarded Children Christmas Party on Dec. 9th.

Basketball Clinic At Junior High

A basketball clinic was held at Trinity Lutheran School, 40 W. Nicholas St., Hicksville on Tuesday evening, Dec. 11th, at 8:00 p.m., sponsored by Long Island Lutheran High School, Brookville.

The five members of the varsity team of Long Island Lutheran High who are members of Trinity Lutheran Church, Hicksville, are Karl Birnstein, Richard Dorsch, Tom Oelerich, Robert Saul and Chris Tomford.

The second session of the basketball clinic, for coaches and players will be held at Hicksville Junior High School on Saturday, Dec. 15th from 1:00 to 4:00 p.m. Guest lecturers will include Carl Braun, ex Boston Celtic and New York Knick Player, George Kalan, head basketball coach at C.W. Post College; George Faherty, head coach and athletic director of Adelphi College, and Edmond Murphy, one of the chief basketball officials in the New York area.

SAM J. KELLNER of Hicksville, builder and developer, has solved the problem of providing pure soft drinking water for the residents of his planned 16,000 home retirement community at Beverly Hills, Florida, on route 491, 15 miles north of Inverness via Route 44. He is so proud of his accomplishment that he has built this old fashioned well with bucket on Highway 491 where thousands of motorists stop and quench their thirst with water that is as pure soft, fresh and cool as any drinking water to be found in the U.S.A. Good drinking water is a problem in many new Florida communities, particularly where individual wells or community wells are only sunk to high tables that produce hard water inclined to be warm and brackish, it is said.

Three Christmas Programs at Trinity

Sunday School children of Trinity Lutheran Church, 40 West Nicholas St., Hicksville, will present three Christmas programs this year, according to age groups.

The primary department of the Sunday School will present "The Christmas Story" under the direction of Elizabeth Wicks on Dec. 16th at 7 p.m.

The pre-beginner and beginner department will present "The Little Baby Jesus" directed by Mrs. Ruth Stone on Dec. 23rd at 3:00 p.m.

The intermediate department will present "The Light Shined" on Dec. 23rd at 7:00 p.m. under the direction of Stuart Armstrong.

Contradictions in the Library Referendum

Considering the weather and all other factors, it is a little difficult to reach a positive conclusion regarding the referendum on a bond issue for the Hicksville Public Library expansion, Dec. 12.

The Library claims some 30,000 borrowers and yet only 779 voted in favor of the proposition. We suspect that about 75 per cent of the claimed borrowers are either under voting age or non-residents. This would still provide some

7000 or more persons, if they agreed with the library board, who should have braved the weather and made it to the polls.

On the other hand less than half of the persons eligible to vote bothered to turn out and express an opinion one way or the other.

The issue was well-advertised. Notice of the referendum was given to every resident by mail at the school district expense some weeks ago. In addition, the library people circulated material

in favor of the proposal by mail to a great number. We can only sadly conclude that people either (1) did not give a darn or (2) did not understand what was involved and decided to stay away.

The fact is that we made a decision on the basis of the amount of taxpayers' money involved by less than 1900 people as nothing less than shocking. There are an estimated 25,000 eligible voters in Hicksville.

Mill Pond In Early History

By Herbert Hale

A North Shore group is interested in having the Town of Oyster Bay take over part of Mill Pond and all of the Mill Pond area in Oyster Bay as a Town Park. This would be under the Recreation - Conservation program and a Citizen's Advisory Committee was formed and has been working on this project for over two months now.

This is an important historical area from the days of the original settlers here when easy accessible fresh water was necessary and besides the mill pond supplied water for the original Townsend Mill and another one further north afterwards, at one time called the Smith Mill.

While we are preserving Oyster Bay's earliest area of Mill River and Mill Pond site, it is fitting that the present conservation movement in Oyster Bay include Council Rock and Mill Hill Cemetery adjoining to the north westerly of it.

According to the Town records, it is believed this cemetery was accepted by the Town Board at Town Meeting on the fourth of April, 1837. Although not identified in record of that date, although it reads -- "Voted that the burying ground bequeathed by Henry Townsend in his last will and testament to the Town of Oyster Bay as a public place of interment be defended by the town against all encroachments, thereon."

It seems the original Henry Townsend who was brother of John Townsend, was the first miller in the Oyster Bay area and they came to Oyster Bay in 1661.

The mill grant was given on Sept. 16 of the same year, as grain had to be taken across the Sound to be ground so it could be used for food or cooking purposes by the early inhabitants here.

Two important heritages of the past should be taken in at the same time, as they belong to this historical area and are important in the earliest history of Oyster Bay.

The Indians before the white settlers came used Council Rock as a place to hold their councils or Indian pow-wows. Also the renowned pen George Fox preached here in 1672 to local residents; Wrights, Feake and Underhill and this was the cradle of the Quaker Foundation in early history of this hamlet, and a large part of the island. The Baptists and Quakers in our days of colonial infancy here were very active and were staunch men who really founded this village and kept it going for the early time generation.

These two religious groups were friendly and got along well together and contributed much to our early life, living conditions and welfare of this area in these times.

The early families were both important and many were in public life and they joined together and helped in the community in its beginning and kept it going for many years by accepting public positions and responsibilities during the days of hard work and hardship.

Later scions of other families took over various public posts that needed to be filled and supplied the government with those who would and could fulfill their obligations necessary to the civic cause.

"THE MANNER OF GIVING..." Cornelle

Saint Nicholas' day dawned brightly, and a light snowfall increased the magic of the early morning hours. The family, which had, known better circumstances, lived in a small shed which clung uncertainly to a hillside. Upon rising, the small girl sought out a treasure over which she had labored the previous day, and finding it, her features glowed.

Shyly approaching her father, she hesitatingly offered the small, elegantly wrapped packet. The Magi could not have expressed more joyously the opportunity for giving.

In accepting the gift the father was unable to conceal his pleasure, and his hand brushed clumsily past his eyes. As he gently thanked and embraced her, his coat dispersed the mistiness clouding her vision.

Saint Nicholas' day had been observed. The gift? A piece of sparkling blue glass enclosed in a white tissue paper, tied with a pretty ribbon found on a distant day and hoarded for eternity.

EMOLOYEE RELATIONS

To the Editor:

The North Hicksville Civic Assoc. recently held a Forum at which Mr. Kenneth Barnes, Library Director and Mr. William Bruno, Member of the Board of Education, discussed the forthcoming referendum pertaining to the library addition. After the discussion, the audience was invited to question either speaker about their views on the subject. The usual identification, i.e. name and address, of each questioner was requested. I rose to ask a question of Mr. Bruno, but he insisted upon me disclosing in addition to my name and address, my place of employment. I had no qualms about doing this, it is the Hicksville Public Library. Mr. Bruno then made an off-hand comment about wondering if some library employees were present at the meeting because they were afraid their jobs might be jeopardized if they did not attend.

After the meeting, I protested to Mr. Bruno about his discriminating comments. As President of the Staff Association, I wish further to say that at no time has the staff been intimidated or requested by the Board or the Director to attend any meeting, give any views, or take part in any endeavor to further the referendum. I am proud to say that the entire staff has worked very hard to acquaint the people of Hicksville with the facts, the true facts about the referendum but this has been entirely on their own volition.

I think it is a fine thing to see an entire staff in agreement and on friendly terms with their Director and the Board. I strongly suggest that Mr. Bruno take note of this and perhaps he can learn good employee relationship from the Library Board of Trustees. KATHERINE FRAWLEY, President Hicksville Public Library Staff Association

Behind the Scenes and On Stage

By Flo Lubin

Those of you who are occupying auditorium seats at the Robert Williams School on Nov. 30th or Dec. 1st will recognize in these views the performers in William Shakespeare's "Bus Stop". Those who were not present, should be able to get some idea of the action that took place on stage.

The wonderful set designed by the director, Len Lazarus, has been compared with that of on a Broadway stage. Its complete construction we owe, with our greatest gratitude, to Bob Schlanger and his trusty cohorts who toiled way

into the wee hours, more often than not. Few people ever knew that our "High Noon" sheriff, Mike Steinberg, was shot full of pain killer in order to go on stage for the Friday and Saturday night performances. That blow he threw at our blustering Bo, Mark Pernick, missed its target at dress rehearsal Thursday, leaving Mark black and blue and Mike with a badly hurt hand.

Fran Levy, our chief of props, also suffered an unfortunate injury to her leg.

We have many amusing

memories to look back on. Incidents at rehearsals, such as - The 6 ft. 7 in. of Mark uncomfortably stooped over at almost a 90 angle in his low ceilinged basement attempting to do a love scene with Phyllis Stern and not quite making it believable. Or Eugene Singers' newly acquired guitar playing talent. I understand Gene has a real attachment for that instrument now. How about Annette Rubenstein and her costume girls problem of clothing our unusually tall male cast? What with extra long sleeves, extra long cowboy boots & extra broad shoulders the girls were tearing their hair out. Next show should be about Pygmalion or maybe we will do "Snow White & The Seven Dwarfs". Bob Freeman won't soon forget that great opportunity he had to get even with the female sex every time he did Act III. When his hand landed not too gently on the buttocks of Joan Gilbert. Nor will Joanne forget the waiting for that waitop.

Floor Len Goodstadt, constantly parading about with his tea filled bottle of Southern Comfort. Frustration, thy name is Len. And think of sweet Florette Schlanger, joining Theatre Group to get away from the drudgery of the kitchen, only to wind up behind the counter of a diner serving food, washing dishes and sweeping dusty floors.

These days since the show, have given us all an opportunity to relax and recharge our batteries for the coming Theatre Group activities. A ten week dramatic will begin in January, before going into our Spring production scheduled for June 7 and 8. Also, notice of casting for a condensed version of "The Women" should be posted.

A large thank you to Dick Mannheim for the photos and his wife Pat, so expertly applied the make-up.

My greatest thanks to the complete team, cast and crew, who made the success of "Bus Stop" possible.

Mr. and Mrs. John Lupski of 20 8th St., Hicksville, are the proud parents of a daughter, Debra Joan, born to them Monday, Nov. 19 at Mercy Hospital.

Another Traffic Survey in Works

Another survey of the traffic situation at the intersection of south marginal road and Broadway is being made, according to a letter from Assemblyman Edward J. Fehrenbach to Civic Association president Myron A. Kanter. The information to Fehrenbach comes from the Austin J. Saar, District Engineer of the Department of Public Works.

THE WEST BIRCHWOOD NEWS reproduces the text of Assemblyman Fehrenbach's letter as well as previous correspondence between Councilman Edward J. Poulos and Louis J. Frank, Nassau County Police.

Dear Myron:

In response to your letter regarding the installation of a traffic light on Broadway in Jericho, I contact the District Engineer of the Department of Public Works. He has informed me a survey of traffic conditions at this location is currently underway, and as soon as this is completed the results will be forwarded to the State Traffic Commission for action.

I hope that this information will be of encouragement and satisfaction to the members of the Birchwood Park Civic Association.

President's Corner

By Myron A. Kanter

I am pleased to report that our Civic Assoc activities are in full swing. I attended the meetings of the Social and Educational Committees and was gratified at the large turnouts. I have been greatly encouraged by the renewed interest of the community in civic affairs.

In the field of education I am pleased to appoint Raymond Simon to the Jericho School Space committee; Howard Jankowitz to the teacher salary committee and Seymour Berkman and Norman Axler to the committee to study the School district insurance coverage. These committees will assist the Jericho School District in its analysis of these vital problems.

In response to my last appeal for workers I was delighted to get a call from Don Hirschhorn asking to volunteer his services to help the Civic Assoc. He is now busy working on the membership committee helping to recruit new members.

Feb. 16, 1963 (A Friday night) should be kept open by all members as plans for our annual dinner dance have been formalized and the affair will take place on this date at the Fontainebleau on Jericho Turnpike in Westbury. I have just completed contractual arrangements and this affair should not be missed.

Our next Board of Directors meeting will take place this coming Wednesday evening at Ray Simon's home at 73 Orange Drive. The meeting will begin at 8:30 p.m. and all members are welcome to attend.

ation to thank you for your cooperation in solving some of our traffic problems in the past and ask for your further help with a difficult situation caused by the Long Island Expressway exit on Broadway in Jericho. As you undoubtedly are aware, we have had many problems at this point and much work has been done that has improved the situation. However, I have recently inspected the site, together with Mr. Denny, the president of the local civic association, and as a result I feel there are two further steps that should be taken.

Since Marginal Road is the only means of access to the several hundred homes in West Birchwood, all traffic heading north on Broadway must make a left turn into Marginal Road, crossing four lanes of southbound traffic and heading into northbound traffic coming off the Expressway. It is a most dangerous situation that I feel would be helped greatly by the installation of a green left turn arrow on the Broadway signal light, allowing even as little as ten seconds for such a turn.

The other point would be the installation of a sign prohibiting southbound traffic on Broadway from making a left turn at this same intersection which I had understood was to have been done.

Any help you may be able to give in this matter would be greatly appreciated.

Very truly yours,
 EDWARD J. POULOS

Dear Councilman Poulos:

As requested in your letter of March 20, 1962, a survey has been conducted at the intersection of Broadway with the South Marginal Road of the Long Island Expressway in Jericho, New York.

Your request for a left turn indication on the present traffic signal light at the above location, has been forwarded to the State of New York Department of Public

Mr. and Mrs. Ted (Pat) Goldaum of Orange Drive recently welcomed a son, Jonathan. Jonathan has plenty of company as the Goldaum menage can also boast of two daughters.

Al and Honey Krieger of 6 Yates Lane are pleased to announce the engagement of their daughter, Lynn, to Denis Weiner, son of Mr. and Mrs. Arthur Weiner of 54 Maiden Lane in East Birchwood. Lynn is one of the many beauties residing in the Yates Lane-Sartoga Drive area.

This first measurable snow of the winter fell on Dec. 9th and left a beautiful coating of white on the evergreens. With the snow came the coldest temperatures of the season. The snow blowers are being tuned up for action. Many of the machines were not used last year because of the open winter.

Christmas lights and Santa Claus are popping into view all over West Birchwood as the holiday season nears. The glitter of the multicolored lights brightens up the usually dark and drab streets.

Snail-like Progress

Residents who have been wondering what progress has been made in the attempt to get a ten-second green arrow installed on the south traffic light at the intersection of Broadway and south marginal road will find interesting reading in the letters from local and state officials printed elsewhere on this page.

We have been able to enlist the aid of Councilman Edward J. Poulos and our Assemblyman, Edwin J. Fehrenbach. Whether we do get the green arrow will depend upon the results of a survey of traffic conditions at this point. We sometimes wonder if the engineers who run the Traffic Commission and the Department of Public Works are cognizant of local problems. Aside from the problem we have of making a left turn into West Birchwood from Broadway there is the matter of the 50 miles speed limit on the stretch of Broadway from Jericho Turnpike to the Northern State parkway.

With so many exits and entrances to the various communities off Broadway there have been numerous accidents involving residents trying to get onto or crossing Broadway. This area is also being used more and more by pedestrian traffic. The State Traffic Commission should take steps to post this stretch of highway. Speedways are not needed in built up communities and Jericho is no longer a collection of potato farms. The situation is extremely dangerous on the southbound stretch of Broadway particularly in the vicinity of Princeton Park.

Teacher Recalls Summer Stay in Berlin

The November issue of The Comet, publication of Hicksville High School, reports on the experience of Miss Ruthild Wessell, German teacher in Hicksville High, during a summer trip to Berlin.

A round the world trip by Gertrude Wetterauer, head of the Social Studies Dept., was published on Nov. 1.

The following is the article from The Comet by George Sachs:

There it is, Miss Wessell thought, as she gazed at the great city below. Nine hours before, she had left Idlewild Airport. After crossing the Atlantic, her smooth jet had stopped at Amsterdam and Frankfurt, Now, finally, after nine months of catering to over one hundred students, she was three thousand feet above the most symbolic city in the world. As the aircraft met the Tempelhof runway, her stay in Berlin began.

Living at a boarding house known as the "Pension," Miss Wessell had decided that her vacation would be more valuable if she got a job. Though she had received one through the president of the Common Market, Prof. Walter Hallstein, a work permit was required, and thus began her frequent registrations at the police station.

During her stay, Miss Wessell charmed the handsome German police six times: twice the first week, once later, and twice at the end of her visit.

After receiving her permit, she spent her weekdays at the Kaufhaus des Westens, a seven floor giant and the largest department store in Berlin. Situated on the Tauentzienstrasse, off the famous Kurfurstendamm, "Ka-De-We" daily attracts thousands of customers of different nationalities. Miss Wessell found her colleagues to be kind and helpful, and noticed that, unlike American youth, children in the store were always well behaved and formally dressed. The Germans with whom she conversed were surprised that she was there only to enjoy the city, for, as she put it, "It seems no one goes to Berlin for a vacation."

During the weekends and off hours, Miss Wessell accomplished what she had planned for many years, the exploration of the great Berlin. In the busy, thriving Western sector with its numerous stores and shops, she was amazed at the many parks, lakes, and bridges strewn throughout the urban area. Visiting museums, Congress Hall with its huge auditorium, the high Funkturm, and

the Rathaus with its large Frelheitsglocke, she saw the many monuments, including the Air-lift Monument and the Statue of Victory. At the Schiller Theater, the Fraulien saw the presentations of "My Fair Lady" and Shaw's "St. Joan," and noticed that, like in America, performances are always packed with enthusiastic theater-goers.

After her job had ended, Miss Wessell was invited to the homes of her German friends, including a government official. Taking three bus trips to the "dead and provincial" East Berlin, she saw Greek, Roman, and Christian art at three museums, attended services at the Marien Kirche, and toured the Pergamon Altar, which she thought was extremely beautiful. Finding the East Germans to be pleasant and friendly, she discovered, however, that they are bitter because of the separation from their Western countrymen, and "quite discouraged, because they say they're making no progress."

When she saw the infamous Wall, feet thick, miles long, and strung with barbed wire, Miss Wessell was amazed at its loathsome cheapness and barbarous ugliness. She noticed that there are walls at some crossings, built to pre-

vent people from waving, and found that, when she attempted to take a picture of the Brandenburg Gate, a guard on its top flashed a mirror at her camera. In order to destroy the film, of this he was partially successful.

With September approaching and a new school year on its way, Miss Wessell departed from the strife-ridden city. As her jet roared home and Berlin disappeared below the horizon, she thought of her past, rewarding experience. Never would she forget the old city, its ancient heritage, its great culture, or its courageous citizens. Her stay had been an enlightening one, and she would always remember it.

TRAFFIC SURVEY

(Continued from West Birchwood News, front page)

Works, as this intersection is under their jurisdiction.

In reference to the prohibition of left turns at this intersection, for southbound traffic on Broadway, this would be impractical due to the fact that this is the only way southbound traffic on Broadway can enter the Expressway's east-bound lanes.

Please be advised, however, that in previous case number S2-71-61, this Bureau recommended that U-Turns be prohibited for southbound traffic on Broadway at the South Marginal Road.

Very truly yours,

Letter to Editor

To the Editor:

A letter was recently sent to all civic associations in the school district by the Jericho Board of Education requesting that each association appoint people to work on various committees to assist the board. I didn't know that any such request had been made until I read "The Villager" of November 29, 1962, when I learned that the East Birchwood Civic Association had appointed people.

I called Mr. Slattery, clerk and business manager of our school district. Mr. Slattery informed me that he had received a letter from Myron Kanter, President of the West Birchwood Civic Association, listing the names of several people to work on these various committees.

There are many people in our West Birchwood community besides me, who are sincerely in-

Rapid Strides On Education

Vital issues pertaining to the educational aspects of the Jericho School System were discussed at the recent meeting of the Education Committee of the West Birchwood Civic Association, on Dec. 6, at the home of Mr. and Mrs. Harold Gaines.

Once again, a large enthusiastic group of community members attended to contribute to the committee's far-reaching programs.

It was revealed by the High School Expansion Sub-committee that all facilities in the Jericho School are now at full capacity! A recommendation for a new Junior High School building has been made by the High School "Space" Committee.

The communications sub-committee reported that although there were originally no School Board bulletins published, the Board has recently put out two bulletins informing the community on educational affairs. These bulletins will continue to appear bi-monthly. The sub-committee recommended that additional pamphlets be issued by the School District to new school parents upon their arrival in the community.

A series of questions dealing with the school curriculum was formulated by the Curriculum Sub-committee. This fact finding group considered the many aspects of the present school situation, making preparations to explore such subjects as curriculum enrichment, special school services, groupings within grades, and exceptional child. It was stated Dr. Westphall and several school board members have volunteered to meet with the committee at an open meeting to help elucidate and clarify these, and many other areas in education which the committee has undertaken to explore.

Notice of future meetings and the progress reports of your Education Committee will continue to appear in the WEST BIRCHWOOD NEWS.

Interested in the education of our children and who would like to be able to contribute our services to the school board. We should all be given the opportunity to do so.

Syosset Plans School Addition

The Syosset Central School Board will ask taxpayers to approve a 600-student addition to the senior high school to keep the district's students on single session.

Russell Roetger, President of the Board, said that the plan is part of the long-range program established when the District was created in 1954. He pointed out that the Board advised the taxpayers in 1959, when the Harry S. Thompson Junior High School was approved, that facilities then planned would meet the needs for senior high school enrollments through 1962.

"With more than 1700 students projected in 1964-65, the high school capacity will be inadequate to meet this load," Roetger said. "Moreover, present elementary school enrollments lead to the inescapable conclusion that we will need facilities for 2450 high school seniors by 1968. Fortunately, Syosset High School was permitted expansion. Our district's growth has been orderly, and our estimates of future needs have

been accurate. We are proud that our district has never been forced to water down its education by part-time classes. At the same time there are the possibilities of parochial high school construction, as well as State-financed technical and vocational high school facilities in our area. Therefore, our present plans are designed to increase the capacity of the high school to only 2200, in line with the policy of the Syosset Board to avoid over-building. Should further expansion become necessary, there will be ample opportunity to provide this at a later date."

"To meet the vital need for these facilities by September 1964, a referendum is required at an early date, with a view to beginning construction during the summer of 1963. Details of the proposed referendum and cost estimates will be announced as soon as available," he said.

Auxiliary News

By Cynthia Hochbrueckner

On Friday, Dec. 14th the Junior Auxiliary of the Charles Wagner Post # 421 under the supervision of the Auxiliary Junior Advisor Madeline Swallow will once again entertain at the Jones Institute. The juniors this year will be joined by the Sons of the Legion. The program will consist of Caroling. A Play by the girls, short musical selections by members of the organization and the Sons band will render a few selections. The men and women at the Institute will receive a small gift made and wrapped by the Junior Auxiliary. This has become an annual project for the children and they really look forward to it.

Many thanks to those readers who have sent coupons to me as requested in a previous column. They are appreciated and we hope you will continue helping our project.

Christmas Luncheon For Mercy League

The Christmas Luncheon of the Glen Cove-Hicksville League of Mercy Hospital was held on Thursday, Dec. 6th at the Brookville Country Club. Mrs. Joseph Bean of Hicksville was the Chairman for the luncheon. The proceeds made on sweepstakes sold at the luncheon will go to a needy family to help make their Christmas merrier.

The next meeting of the League will be held on Tuesday, Jan. 15, at 1:00 P.M. at the home of Mrs. Vincent Braun of Third St., Hicksville. There will be a cosmetologist from Studio Girl Cosmetics at this meeting.

Senior Girl Scouts Enjoy Ship Wreck

Senior Girl Scout Troop #19 of Hicksville put all its efforts and skills together and held a "Ship Wreck Party" and Dance at the Masonic Temple recently.

The decorating committee did a marvelous job of decorating the hall and the refreshments were delicious.

The girls and their guests from Post #291 and Ships #280 and 356, wore costumes apropos of the theme.

Mrs. Edward Schluter, Girl Scout Leader, and Mr. Marshall, Boy Scout Leader, also enjoyed the evening.

CALL FOR HELP

Volunteers to help check and pack 5,000 Christmas stockings earmarked for patients at Northport Veterans Hospital and other Nassau Hospitals and institutions are urgently needed by the Nassau Red Cross Office of Educational Relations.

The work will be done from 9:00 A.M. to 5:00 P.M. weekdays, Monday through Friday, starting Monday, Dec. 10 through Thursday, Dec. 20, in the basement of the Red Cross Chapter House, 264 Old Country Road, Mineola. Men, Women and young people wishing to volunteer their services may do so by telephoning Mrs. Muriel G. Pringle, OER Director, at Pioneer 7-3500.

SUPERVISOR JOHN J. BURNS (center) accepts the first copy of the newest edition of the Oyster Bay League of Women Voters' publication "Know Your Town Oyster Bay." Mrs. Phyllis Messer, League member, Syosset, (left) and Mrs. Estelle Auerbach, League President, Westbury, made the presentation to the Supervisor. The Town cooperated in compiling the brochure which can be procured from the League of Women Voters.

Present Octet

Sunday, Dec. 16th at 3 P.M. in the library the Hicksville Public Library will present the New York Wind Octet. This is an unusual group of instrumentalists, presenting rarely performed wind literature particularly of the classical period. These outstanding artists under the direction of Coleridge T. Parkinson will perform the Haydn Octet in F, the Mozart

Serenade no. 12 in E flat and the Beethoven Octet in E flat. This is a musical treat not to be missed and the Hicksville Library invites the public to come and enjoy it.

Ten Pin Talk

By Henry Dockswell

For only the second time this season, a team has stayed in 1st place for two weeks in a row. No one is certain terms Sam Spring and his Minifs racked up Mort. Wayne and his Morticians. In 1962, Sam's boys almost knocked him out of sight as they took seven points and drove the Morticians down into 5th place. In spite of Mort's valiant effort as he bowled a 202, the Minifs are now sole ruler of the post.

But uneasy lies the head that wears the crown and they had their sneak hit a quick look behind for hot on their heels are the snarling Tigers, led by the stringest one of them all, Capt. Dave Batterman. Dave finally broke out of his doldrums and made his entry into the 200 club in two fine games, a 213 and a 202. Further aided by Julie Germaine 206, the Tigers ripped Mary Cohen's Champe apart and swept them down into 8th place.

Capt. Fred Sapto was joined by Elliot Spencer, as they bowled 200 and 227 respectively, and led their Trophies to a 5 to 2 win over the last place Albis. Sid Sachs tried his best to fire up the Albis as he threw a 202 but it didn't work. This was Sid's second 200 game in three weeks, so maybe Sid has finally hit his stride after a long layoff. Fred Sapto's 200 was his fourth one this year and he now leads in the race for that trophy.

Eddie Roseman became a member when he bowled a 202 to help the Mets overcome Sol Rabinowitz's Invalids. And Invalids they seem to have become. Their 5 to 1 loss to the Mets continued their slide and they are now cowering in 9th place. Sol, call a doctor, or at least get some kind of medicine, your Invalids are really hurting now.

Additional memo to Leo Geyer. Leo, whatever it was you did (and maybe you can tell Sol) your Lions certainly got better in a hurry as they swept all seven points from Murray Gittelman's Spliffs. But maybe you had better renew that prescription because your next opponents are those hot, longue leading Minifs.

Seeking Books For New Library

An appeal for contribution to the St. Ignatius Loyola School's new library is being made by the Mothers' Auxiliary. Fiction, science, encyclopedias and other books for grades one thru 8 are urgently needed.

It is the aim of the school to obtain 5000 volumes for the library. To date, volunteers have catalogued a little over 1000 volumes, far from the school's goal. Some of the books already obtained are in poor condition and are doomed to a short circulation life.

All donations, either usable children's books or funds to buy new books will be gratefully accepted. The Auxiliary wishes to offer the suggestion of a personal bequest or memorial contribution from anyone who so desires it. Books may be delivered to the office of the principal or arrangements may be made for pickup service by calling WE 1-0831 between 9:00 A.M. and 2:30 P.M. A book plate giving the donor's name will be placed in the front of the book.

"Never forget that the barber who 'talks your ear off' could do a whole lot worse." — John L. Teets, Richmond (West Va.) Nicholas Republican.

"A polite man today is the one who offers a lady a seat when he gets off the bus." — S. L. Sherwell, Salisbury (Md.) Advertiser.

"Safety tip—don't speed. It's better to be late down here than early up there." — Christine Moore, McClusky (N. Dak.) Gazette.

The library, conducted by the Sisters of St. Dominic, is located in the former kindergarten room in the "old school" building, 23 E. Cherry St., Hicksville. Please help the school in this worthwhile endeavor. All donations, whether large or small, will be deeply appreciated. Your contribution will bring countless hours of reading pleasure to the students of St. Ignatius Loyola School.

SECTION I SLANTS -- The top boys' they call these boys, and there's a full in district; what better way is there to a column than to hash over elections of the football poll. We noted and deservedly so, that three Section I gridder's can't up with ALL-STAR ratings. Hicksville's Ed Kramer, Plainville's John Araneo and Charles Boyle, Benith, Kramer as a guard and Araneo as a center were No. 1. Both linemen topped berths on the ALL-NASSAU 2nd team. No small potatoes, these achievements, considering the fact that 60 High School squads were in the running for the ALL-NASSAU ALL-STAR selections. Last but not least came Clarke's fabulous full back - 5' 8", 190 lbs. Ben Beith, the "Jimmy Brown" of Hicksville. According to his coach Jack Boyle, Benith was rated at over a 1000 yds gained each season over the past three years. "Almost impossible to stop" and "ready for top flight College football right now," Boyle said. And we'll go further with this statement; having watched this "Little T" of a fullback, on a number of occasions, blast straight up the middle for seemingly impossible gains. He was by far, the best fullback on the island and the pollsters awarded him "All Every-thing" when the votes were counted. Benith was the top banana in Section I, ALL-NASSAU and finally last week he became the best "Ram" of all time by being the top spot in the Newsday's first All Long Island Poll. Lots of good luck boys. Wear your mantles well.

POLL SIDELITES -- we read one coach threatened to boycott one big city paper because neither of his three stars figured in on a piece of the action. It is of course is unfortunate, but when you consider the fact that there are 99, eleven man High School football teams on the island the top bananas should make the grade when there's only one open. Anything less than that would turn the polls into a popularity contest.

Now how about some cagy pro-fer, sponsoring an annual "Pot-Bowl" classic on New Years Day, featuring the best High School players on the island. Nassau vs Hicksville with the Long Island Cup up for grabs. This would be a sellout that would not only get the New Year off on the right foot but would also give the grid boys on the island a chance to dry it in the sun after a long night of the cups. Lets go 'Newsday' and Press.

J.V. COURT CAPERS includes the fact that JV basketball coach, Sam Kellner has come up with a squad of sky scrapers this year. Comet coach Ed Petro was last seen licking his chops, anticipating the graduation of this group of "Wilt Chamberlains" to next years

Varsity. More on this group in another issue.

The Old Indian Game - a Hicks-ville first, this Lacrosse bit. Coach Bill Meyer reports the initial start for "box lacrosse" on the Senior High tennis courts. Inter-school squads will engage in competition, designed to get the Comets off to a flying start when the actual schedule starts in March. With no morning line on these Comet maidens in the "Lacrosse Tuinity" we tab them for a few so, so seasons before they gain their footing. More on this crew in a later edition.

Board of Review Held by Troop

On Nov. 16, the Boy Scouts held a Board of Review which was presided over by Howard Lieder and Ray Wleboldt. Six boys were reviewed at this sitting. As a result of this Scout Russell Lieder was advanced to Star Scout.

On the next day the Troop held their annual 20 mile hike under the supervision of Mr. R. Greenbaum, Mr. S. Knudsen and Mr. B. Knudsen. Forty boys and two adult leaders started the hike and all finished. The group left Camp Wauwepex at 8:00 AM, proceeded south on Wading River Road to North Road, picking up the L.I. Lighting right-of-way at North Road and South St., heading west to Holbrook Road in Ronkonkoma. The total distance covered was 22 miles. At the halfway point in Yaphank, the hikers were met by the chuck wagon and the boys were served a complete hot lunch. The hike ended at 5:50 PM.

Earns His Crow

Dennis Paul Weiner, Yeoman Third Class (E-4) son of Mr. and Mrs. Arthur Weiner of 54 Maiden Lane, Jericho, was on Nov. 16, awarded his "CROW" (which is the symbol of advancement) and congratulations by Helicopter Utility Squadron Four's Commanding Officer, Commander R.A. Close.

Since enlisting in the United States Navy on Oct. 18, 1960 at Hicksville, he has completed Recruit Training at the U.S. Naval Training Center, Great Lakes, Illinois; attended Naval "A" School at the Naval Air Technical Training Command, Lakehurst, New Jersey and reported to HU-4 on 17 June 1961 where he has just taken over the duties of the Information and Education Yeoman in the Administrative Department.

Weiner attends Trenton State College on his off-duty hours and is maintaining an excellent average.

Keep Your Heating Plant in Repair

Paradoxically, fire is most helpful but also cruellest during the winter months. The cold weather season--when heating units are in operation--is the time of year when a large share of the human suffering and property damage is caused by fire.

Most of the nation's fire toll in lives and injuries is needless.

Studies show that every tenth fire in the United States is caused by a defective heating unit.

The National Board of Fire Underwriters suggests that you can help keep your home safe from fire by following these suggestions:

- 1-Inspect your basement or furnace room, and throw out old paint pails, oily rags, newspapers, magazines, or other combustible rubbish that may be stored there.
- 2-If the heating unit was not checked before winter started, call your serviceman and have it inspected now.
- 3-If even a faint fuel odor arises from your heating plant, call a qualified heating man immediately to check your fuel pipes, vent connections, and chimney.
- 4-If you use a portable oil or gas heater, always turn it off when you retire at night.
- 5-Your fireplace should be protected with a metal fire screen, placed flush against the fireplace when it is in use. Burning logs frequently and unexpectedly throw hot embers that burn rugs or cause greater damage.

Paul King is exhibiting examples of his photographic skill the month of December at the Hicksville Public Library. Anyone interested in photography will particularly enjoy these works.

Legionnaire's Log

Charles Wagner Post
No. 421, Hicksville

BY ARTIE RUTZ

Now that we have successfully launched our Building Expansion Program with a traditional ground breaking ceremony which took place last Sunday afternoon in that wonderful "summy" December weather, and the contractor gathers his men and machines for the assault upon the empty space in the rear of our property, let us as well gather all our forces and assault the financial "front".

It has been said many times before, "The Pen is mightier than the sword" and perhaps now is the time for a little proof of that statement. . . . Let me try by addressing this OPEN LETTER TO EVERY RESIDENT OF HICKSVILLE: Dear Neighbor, by this time you are well aware that the Charles Wagner Post #421 is YOUR local American Legion Post, one of 17,000 scattered about our wonderful land. Each Post is dedicated to serve the Community, State and Nation to the best of its ability, and its ability is largely controlled by the willingness of its members to work for the common good of all. In order to better serve Hicksville, the Charles Wagner Post made the expensive decision to enlarge their facilities to the full extent of their property. This enlargement was not done for the singular purpose of having the largest and best veterans organization quarters in town but rather because of a multitude of services that such enlarged quarters can perform for other charitable, welfare and social groups that use the Post facilities at little or no cost. To finance this improvement we have undertaken the sale of \$90,000 of 6% per annum Interest Bearer Bonds of \$100 denomination, 10 and 15 year duration. Naturally,

we are making this offer to Post members first but this offer is also open to anyone in Hicksville who wishes to make a good investment. Let me say that these Bonds, issued through Hicksville Legion Hall, Inc., are not of the "blue chips variety" as so often is mentioned on financial pages, but rather are of the RED, WHITE & BLUE variety, a backing for a patriotic organization by patriotic community minded people. I will be happy to contact anyone who cares to make a wise, profitable investment in the future of Hicksville's American Legion Post. Please note, I mention "Investment", as donations are not needed. My telephone number is WE 5-1860 and my time is your time any time for the Good of The Legion. END OF OPEN LETTER. . . Now, let's see if the might of the Pen can draw forth more "blood" than the sword.

Tickets on Sale For Dinner Dance

It's For You! It's Christmas! A Merry Christmas to all — all through the year with telephone gifts for your whole family. For Dad, a wall phone so perfect for his workshop. For Mom, a Bell Chime to herald all calls in sprightly musical tones. For your teen-age princess, a Princess phone all her own to help with homework problems. Why not make this Christmas a telephone Christmas? It's so easy to do. Just call your Telephone Business Office or ask your telephone man.
