 Entered as Second Class Matter at Hicksville, N.Y. Post Office

Two Churches To Complete Expansion Work in January

Both the Holy Trinity Episcopal Church and the Redeemer Evangelical Lutheran Church in Hicksville have set the end of January as the target date for the opening of their expanded facilities.

Rev. Domenic K. Ciannella, Rector of Holy Trinity located at Jerusalem Ave. and Old Country Rd., expressed hope that a dedication ceremony will be held at the Feast of Purification on Feb. 2.

Father Ciannella said that the project, which was started in Sept. 1961 and costs about \$275,000, is based on a contemporary adaptation of the basilican type of church of the early centuries.

"It is based on the half round style as compared to the full round type adaptation which was popular in the third and fourth centuries and up until the Early Victorian Era," Father Ciannella said.

"It is built around three main towers which outline the symbols of the Trinity. The center arch tower forms the Sanctuary."

Seft Miller, whose offices are in New York, is the architect.

Rev. Richard H. Weiskotten, Pastor of the Redeemer Evangelical Lutheran Church on 316 Plainview Rd., said:

"The bad weather has made the

opening uncertain but we are definitely hoping to open the new facilities by the end of January. As of now our facilities for the Sunday School program, which has about 250 children, is completely inadequate. When this building opens it will not only take care of the Sunday School needs but also provide for a future rise in enrollment."

Rev. Weiskotten added that this \$50,000 project is the second step in the church's expansion program, the first of which was completed two years ago when a large all purpose hall was set up.

"When we eventually finish our expansion program, which has about two more steps to go, we hope to turn the all purpose hall into a social center," Rev. Weiskotten said.

George Turney of Wantagh is the architect of the new moderate contemporary structure which is composed of cinder block and brick.

Shaarei Zedek Starts in Spring

Work is expected to begin on the \$350,000 new Congregation Shaarei Zedek site early in the spring, according to Rabbi Eli D. Sklar. The project, which will include a temple, social hall, class rooms and a youth room, is located on Old Country Rd. and New South Rd.

"The ground breaking ceremonies were held Sept. 9," Rabbi Sklar

said, "and we expect to be ready for the High Holy Days. At present our facilities at E. Barclay St. are too small for our congregation. The center of population has shifted from the center of town and the new congregation will be more convenient for everybody."

Arthur Silver, of New York, is the architect of the modern style project.

Saw Water System Grow

Religious services will be held at 1 PM on Friday, Dec. 28, at the Vernon Wagner Funeral Home for Frederick R. Davidson of 42 Harding Ave. who died on Christmas Day. He was the superintendent of the Hicksville Water District and had been employed by the District since June 1, 1925.

Davidson, who was known to his many friends as "Rollie", was one of the original employees of the Water District when it was organized. The first commissioners, when the office was located on Broadway, were August P. Deppisch and the late Ernest F. Francke and Wm. Magill.

He succeeded the late Shirley Hicks as superintendent of the district and held office during the years of tremendous growth of the municipal water system. A long standing ambition to see a new office for the District built has just recently been realized. The office, formerly on Bethpage Rd., is now located at 4 Dean St.

The present Board of Commissioners in session last night (Wed.)

adopted a resolution of sympathy upon the passing of Davidson. The present Board includes George Kunz, William Clisler and Harry Borley.

The Rev. Edward H. Stammel, pastor of Trinity Lutheran Church, will officiate at the services. Interment will follow at L.I. National Cemetery.

Davidson is survived by a daughter, Hazel Fricke; two sons, Roland and Allen Davidson, and seven grandchildren.

THE COMMUNITY CHRISTMAS tree on the mall north of the RR tracks this year became a joint, three-way effort, having been sponsored in previous years by the Rotarians alone. Left to right are Lions President Ernest Buonpane, Rotary vice chairman Martin McDonald, Rotary President John Dobson, Kiwanian Dick Botto and Kiwanis President Harold Holden. (Photo by Frank Mallett)

Band Ties for First at Coliseum

On Friday, Dec. 14, the Hicksville High Band took part in a concert held at the New York Coliseum. There were 500 bands competing for prizes. In the section that included the Hicksville Band under the direction of R. G. Pellerin, 60 bands competed. The High School Band tied for first place in the competition.

HAPPY NEW YEAR

Best Wishes to All Our Subscribers and Advertisers
 The Staff

Postage Rates Up

Irene L. Murphy, Acting Postmaster of Hicksville, reminds residents that effective Jan. 7 new postage rates will be in effect. The cost of mailing letters will rise from four to five cents while post cards will go up to four cents from its present rate of three cents. Airmail letters will rise from seven to eight cents while airmail cards will cost six cents, a raise of one cent from its present rate.

Takes Oath As Supervisor Jan 1 Dear Lynda:

Thomas R. Pynchon will receive the oath of office as Supervisor of the Town of Oyster Bay on Tuesday New Years Day, at 12 noon with Nassau County Clerk Francis Anderson of Hicksville officiating.

Councilman Edmund A. Ocker, who is Deputy Supervisor, will conduct the special Town Board meeting. The oath of office will also be administered to Councilman A. Carl Grunewald, Receiver of Taxes Frank Hynes, Highway Superintendent Norman T. Wolf, and Building Dept. Manager, Edward

Gaynor.

"Thomas R. Pynchon's appointment as Supervisor of the Town of Oyster Bay will insure that the Town will continue to move forward by plan", declared John J. Burns, who announced his resignation from the position, effective Dec. 31, 1962 to accept a post in the Executive Dept. of the State as Commissioner of the Office for Local Government.

"An extremely capable and proven administrator with more than 25 years of engineering experience, Pynchon is thoroughly conversant with the plans, programs and problems of the Town and is well known to all the homeowners and taxpayers for his sincerity and progressive attitude in suggesting and carrying out many of the projects now under way throughout the Township. He serves as a key member of the

Town's administrative team and his voice and counsel have contributed considerably to the Town's success in a variety of municipal areas", Burns said.

Pynchon began his engineering career with the Nassau County Dept. of Public Works where he rose to the position of Assistant Engineer in charge of construction and general engineering for the Towns of Oyster Bay and North Hempstead. Subsequently, he became associated with a large engineering firm as Field Engineer and General Superintendent, a position he held until he accepted an appointment as executive assistant to the Oyster Bay Town Board.

Previously, in 1954, he was responsible for the complete reorganization and modernization of the Town of Oyster Bay's Highway Dept., including personnel administration.

Following his service in this capacity he was assigned the tremendous task of developing and improving the Town's vast 800-mile highway system as Superintendent of Highways. Under his leadership the Town's road network moved steadily forward on a sound financial basis. Recognizing his engineering ability and the programs he has initiated, the people of the Town gave him wide pluralities on two successive Town elections. His broad and diversified experience eminently qualifies him for the position of Supervisor, especially in the vitally important areas of planning and zoning; parks and recreation; conservation; drainage and many other sectors of Town government.

A resident of East Norwich, he has been active in civic and community affairs through the years, serving as Chief of the East Norwich Volunteer Fire Dept. from 1948 to 1950. He has also participated as chairman of numerous fund-raising drives and other worthy community efforts. He is a member of the Board of Vestry of Christ Church, Oyster Bay. Mr. and Mrs. Pynchon have three children: a son, Thomas, who is a free lance writer in California; a daughter, Judith, a graduate of C. W. Post College who is presently attending the University of Pittsburgh on a teaching fellowship; and a son, John, overseas with the U. S. Army. The family resides on Walnut Ave.

We hear the Amvets have bought a clubhouse near the Hicksville RR Station on Barclay St....

THOMAS PYNCHON, as highway superintendent, has a secretary named Mrs. JOCKMAN. Now everyone who calls and knows her sings "how are you, how are you, how's your sister Ida, etc." Funny thing is, she never heard that "My Son is a Folk Singer" record.... A list from the County Public Works Dept. of drainage projects planned for 1963 fails to include any for Hicksville. Which is just as well, considering the amount of drainage work we have experienced in the past year.... Guests at the Dec 19 Kiwanis meeting included Grandson CRAIG OF FRANK CHLUMSKY. We wondered why GENE SCHLINGER is not in any pictures of Kiwanis activity at this time of the year. Then we remembered, GENE is the fellow with the beard.... HARRY (the HUB Diner) DOUNELIS returned to the bosom of his family on Dec. 21. It took seven hours to get off the dock due to problems of unloading the ship.... We have often intended to mention the very handsome Christmas decorations at the HARRY DROLLINGER home, Park Ave and Woodbury Rd. All those lights a glow should make the LILCO directors very happy every time they go to a meeting across the street.... There are 21 species along the south side of Duffy Ave where you can park all day for a quarter. That side of the street is still town property which is what makes the meters there legal. When Duffy Ave is widened the meters come out.... The grade crossing elimination works, appears to be moving, right, ahead, even with the cold weather.... BILL BUCHMAN who has good reason to be proud of the record made by Hicksville in the GOP finance drive was the guest of PETE PETRALIA at the Hicksville Kiwanis last week. BILL will have some explaining to do at the next Rotary meeting.... Ask JOE KENYON to tell you how he managed to cut a part of his finger on Christmas eve.... CHRIS KOCH at Fort Plains, NY, had his annual phone call from former neighbors on Twin Lawns Ave, Christmas eve. He now has a herd of 30,000 cows they tell me.... If you are ever in the area of an accident New Year's eve, first take a drive past GUS REIDLINGER's place at Old Country Rd. and Broadway. Just the sight of all that mangled metal is enough to put anyone on the wagon....

Obituaries

GEORGE J. GRAMAGLIO

HICKSVILLE -- George J. Gramaglio of 1 Farm Lane, here, died Saturday, Dec. 22 at the age of 41. He is survived by his wife Josephine; five children, Salvatore, George Jr., Philip, Rosemary, Christine, Jo-Ann, Gloria, Angie Gramaglio; one brother and four sisters.

He reposed at the Thomas F. Dalton Funeral Home until Thursday, Dec. 27 when a solemn requiem mass was offered at St. Ignatius R. C. Church at 10:30 a.m. Interment followed in Long Island National Cemetery.

CARL H. HUBNER

HICKSVILLE -- Carl H. Hubner of Oak Street, died Sunday, Dec. 23 at the Syosset Hospital at the age of 62. He is survived by his wife Matilda; two sons, Charles and Kenneth Hubner; three grandchildren.

He reposed at the Thomas F. Dalton Funeral Home until Thursday, Dec. 27 when religious services were held here at 10:30 a.m. Interment followed in Evergreen Cemetery, Brooklyn.

JENNIE VOIGTLANDER

CENTRAL ISLIP -- Jennie Voigtlander (nee McBride) of 2 Turnrack St., here, died, Sunday, Dec. 23. She is formerly of Hicksville. She was the beloved wife of Henry W. Voigtlander; devoted mother of Daniel T.; Eleanor Kewlerowski, Genevieve Augustowski; loving sister of Edward Reynolds and Loretta Montoux; She is also survived by seven grandchildren.

She reposed at the Henry J. Stock Funeral Home until Thursday, Dec. 27, when a solemn requiem mass was offered for her at St. Ignatius R. C. Church at 9:30 a.m. Interment followed in Long Island National Cemetery.

JENNIE NOTAN

HICKSVILLE -- Jennie Notan (nee Welch) of 44 McAllister Ave-

ue, here died, Saturday, Dec. 22. She was the beloved wife of the late William. Devoted mother of Robert, Nolan, also survived by six grandchildren.

She reposed at the Henry J. Stock Funeral Home until Wednesday, Dec. 26, when a solemn requiem mass was held at St. Ignatius R. C. Church at 9:30 a.m. Interment followed in Calvary Cemetery.

MARY GALLAGHER

BETHPAGE -- Mary Gallagher (nee Kane) of Carrier Avenue, here died, Monday, Dec. 24. She was the widow of the late John W. Gallagher. She is survived by one son, Frank E. Crilly; three grandsons, Ronald, Kenneth and Richard. She reposed at the Henry J. Stock Funeral Home until Thursday, Dec. 27 when a solemn requiem mass was offered at St. Martin of Tours R. C. Church at 9:00 a.m. Interment followed in Holy Rood Cemetery, Westbury.

Willet School Opens on Jan 2

On Jan. 2, the new Willet Avenue School in Hicksville with John Maher as Principal will open its doors. The school will serve the children of the newly-formed Willet Ave. school area which is made up of sections from Burns Ave., East St. and Woodland Ave. schools. The Willet Ave. school has 14 rooms and will house 550 children. This will be the 9th elementary school to open its doors in Hicksville. Designed to accommodate grades Kindergarten through Fourth, Willet Ave. school represents the finest advanced functional architecture. From its glass enclosed center courtyard, designed to allow maximum natural lighting throughout the building, to its flexible classroom units, the school is delightfully bright and refreshing. Each detail of construction lends itself to a pattern completely consistent with meeting the needs of primary school children.

Make Debut In First Christmas Party

THE CHORUS (above) and thespians (below) of Our Lady of Mercy School in Hicksville making their debut in their first Christmas play at the school on South Oyster Bay Road. (Photos by Frank Mallett)

Mothers Enjoy Holiday Party

A light hearted holiday spirit prevailed at the annual Christmas Social of the St. Ignatius Loyola Auxiliary of Christian Mothers, Hicksville. Traditional red and green decorations brightened the school cafeteria where the priests, sisters, lay teachers and mothers of the Auxiliary enjoyed this highly successful party, arranged by Mrs. Rhea Reilly and her committee. Except for a few announcements, the usual order of business was suspended and the group relaxed in an evening of refreshments, entertainment and socializing.

Highlights of the evening's entertainment included the appearance of the St. Ignatius Glee Club which, under the direction of Rev. Leo J. Goggin, rendered a collection of festive songs and Christmas Carols. Father also led the entire gathering in spirited singing. Mr. and Mrs. Santa Claus arrived and with the help of elves from the St. Ignatius Girl Scout troop delivered gifts to all.

In special Christmas recognition, the usual dark horse prize, won by Mrs. Marian Gencairelli, also included a silver plated well and tree platter.

The next regular meeting of the Mother's Auxiliary will be held Monday, Jan. 28.

Incoming Mail Tops 5 Million

Incoming mail at the Hicksville Post Office for exceeded outgoing volume in the Christmas rush period from Dec. 8 to 25, according to Acting Postmaster Irene Murphy.

The Hicksville Post Office which also covers Plainview handled 5,100,000 pieces of incoming mail as compared to 4,900,000 in the similar period last year. There were 4,000,000 pieces of outgoing mail, an increase of 300,000 over last year's total.

However, outgoing parcel posts showed an increase of 34 per cent as the post office handled 133,000 this year as compared to 99,000 last season. There were 72,000 incoming parcels as compared to 99,000 last season. There were 72,000 incoming parcels as compared to 65,000 in the same period last year.

The cash volume of business handled by the post office this year has already exceeded the entire volume of last year. In 1961 the gross receipts were \$1,500,000. As of Dec. 25 the post office has already recorded \$1,700,000 in receipts.

Although the call for early mailing went out as usual, the public waited almost to the end to heed the advice.

The peak day for the post office came on Dec. 18 when 432,000

pieces of outgoing mail and 282,000 incoming cancellations were recorded. This compared to last year's peak day of Dec. 19 when the PO handled 422,000 outgoing and 432,000 incoming pieces.

"All our volume was handled with fewer assistants than last year," Mrs. Murphy said. "I want to compliment the men. They worked harder and were more efficient."

Only one extra truck was used this season. In all, 27 trucks were in operation.

Gym is Ready At East Street

John McGovern, Principal of the East St. School, announced this week that on Wednesday, January 2, the new gymnasium at the school will be ready for use. Both the Staff and the pupils of the school are looking forward to this event. The Board of Education approved a motion to name the gym the "Plantz Gymnasium", in honor of Miss Nina Plantz, former administrator of East St. School.

The original gymnasium at the school has been converted to a general purpose room.

In addition, the room formerly used as the school cafeteria has been made into two classrooms.

How Bills Become Laws in Albany

In just a few days the New York State Legislature will begin the prodigious task of considering a host of new bills, many of which eventually will become law.

Actually, the first bills are prepared beginning on Nov. 15, the date of introduction of these pre-filed bills, however, is the date of the first day of the annual session of the Legislature.

BILL DRAFTING — There is nothing to prevent anyone from drafting a bill but, because of the technicalities involved, legislators call on the Bill Drafting Commission for assistance. This helps to eliminate inaccuracies or incorrect references to previous laws. "Defective" bills are often delayed while they await revision.

INTRODUCTION — Upon introduction in either the Senate or the Assembly, each bill is assigned an Introductory Number which is never changed. Introduction constitutes the first reading of the bill which in actuality, is a reference only to its title and a brief summary.

Each bill, when printed, is also given a Print Number.

Although there is no limit to the number of bills the legislators may introduce in their respective houses, there are deadlines, after which introduction is limited. In the Senate, the Temporary President designates a date not earlier than Feb 15 after which bills may be introduced only through the Committee on Rules. No Assemblyman may introduce more than 10 bills after the first Tuesday of February.

These deadlines do not apply to introduction of bills by the Rules Committee in either house.

Because any bill becoming law must be approved in both houses of the Legislature, it is customary to introduce "companions" or identical bills in both houses. This is not required but it speeds action along the legislative path.

Assignment to Committee. There are in each house a number of standing committees, 28 in the Senate and 36 in the Assembly, to which specific legislation is

referred. Each bill is usually referred to one of these committees in the Senate by the President (Lieutenant Governor) and in the Assembly by the Speaker.

Committee Action. A bill may be reported by a committee in the following ways: (1) favorably, with or without amendment; (2) adversely; or (3) for the consideration of the house. They may also be allowed to die without action. Action on bills standing idle in committee may be initiated by formal request from the sponsor or another interested legislator. Without such a request no action is likely to be taken. Intelligent letters to legislators may often prompt such requests for action.

Second Reading. A bill reported favorably in the Senate is placed on the General Orders Calendar and considered by the "committee as a whole" which is actually the entire Senate. This is comparable to second reading in the Assembly.

If advanced under this order of business, such bills are placed on the order of third reading for the following day and are subject to passage or such other action as the house may decide.

Third Reading. At this point a bill is ready for further debate, amendment, or passage.

On each of these readings, some bills may be starred. This indicates that the introducer has requested that the bill not be moved until he requests removal of the star. This affords more time for deliberation or for possible amendment.

Passage. Before a bill is passed, a copy of the bill in its final printed form must be on the desk of each legislator three days prior to final action. This three-day requirement may be dispensed with on receipt of a "message of necessity" from the Governor, stating his reasons for requesting immediate action.

A bill of either house received by the legislative body opposite from its place of origin may be substituted for the identical companion bill in the house where it

is to be considered. The purpose of substituting a companion is simply to expedite action and obviate consideration by the committee which already has reported out favorably the bill which appears on the calendar.

Amendments. Bills may be amended at several stages of the legislative process, but each time this is done they must be reprinted and each receives a new Print Number. Each bill, as amended, retains its previous print number or numbers.

Ten-Day Bills. Following the passage of bills in both houses while the Legislature is in session the Governor has ten days, exclusive of Sundays, in which to approve or veto bills. If he does not take action within that time, a bill automatically becomes a law. If vetoed by him while the Legislature is in session, it may be enacted into law over his veto by two-thirds vote of each house.

Thirty-Day Bills. All thirty-day bills—those passed during the last ten days of the session—are sent to the Governor who has thirty days, including Sundays, after the Legislature adjourns within which to take action. If he does not act upon these thirty-day bills within this period, they automatically die.

The Governor may or may not issue a memorandum, setting forth his views in approving or vetoing any bill. Upon approval of a bill by the Governor, a chapter number for the laws of that year is assigned the new statute. It becomes effective on the date of signature unless an effective date is stated in the bill.

From New York State School Board Journal

Broadway

Do you remember Broadway
That once was our main street,
With beautiful trees and shrubbery
A sight that was hard to beat.

It was so delightful to take a walk
Along its pleasant way,
Always find a friend to talk to
And to pass the time away.

But someone shouted "Progress"
Our merchants need more room,
Let's have Broadway widened
And surely the town will boom (?).

So, along came the destructors
And they cut down all the trees,
The sidewalks and the curbstones
Were thrown into the breeze.

After many weeks, the job was done
And I question its quality,
It kept dragging out and dragging out
Until, it seemed like eternity.

What have we got, after all this fuss
I will leave it for you to say,
Our roadway is much wider now
But cars, park double, along the way.

You may say it is all for "Progress"
But it is hard for me to agree
Give me back dear old Broadway
The way it used to be.

Jack Gifford

Christmas Tree Fire Safety Tips

Unless care is taken, this happy symbol of the holiday season can bring tragedy, warns the National Board of Fire Underwriters. These suggestions are offered by the Board to keep your Christmas tree fire safe:

- 1—When you buy a Christmas tree, choose one which appears fresh. Before you buy the tree, run your hand over the needles to make sure they are firmly attached. If needles fall when brushed, the tree is dry and you should select another one.
- 2—When you get the tree home, keep it outdoors until you are ready to decorate it. You can keep it fresh by standing it in a pail of water.
- 3—You should wait until just before Christmas before setting up the tree.
- 4—You should place the tree in the coolest part of the room, away from radiators, heaters and the fireplace. This will keep the tree from drying, and reduce the chance of fire.
- 5—Your Christmas tree stand should be of the type equipped with a water container in which the trunk can rest. Fresh trees will "drink" a sizeable amount of water, and you should fill the water container daily.
- 6—Only flameproof decorations should be used on the tree—those made of glass, metal or fire-resistant material.
- 7—Use only electric lights to illuminate the tree and be sure to check light strings before placing them on the branches. Those with frayed wires should be thrown away. If you buy a new set, select a type that bears the Underwriters' Laboratories label.
- 8—The switch controlling the tree lights should be some distance from the tree.
- 9—Electric trains—part of Christmas in many homes—should be set up away from the tree. Sparks from toy trains could be fire hazards.
- 10—Lights on Christmas trees always should be turned off when everyone is away from home.
- 11—Check the tree frequently for dryness. In particular, check tree needles near lights. If they have started to turn brittle, change the position of the lights.
- 12—When needles become so dry they start falling, take the tree down at once and put it outdoors.
- 13—When Christmas presents are opened, the gift wrappings you intend to keep should be folded and put away. Other paper, ribbon and boxes should be gathered up and thrown away promptly.
- 14—Even if the tree still appears to be fresh, take it down the day after New Year's.

Lively Session For School Board

The Jericho Board of Education held its monthly open meeting December 20. Major matters discussed at this meeting included fire safety equipment in the schools, a course on the dynamics of communism, a Saturday enrichment program, status of the Cantiague School and bus transportation.

A matter of vital importance to the safety of Jericho school children was discussed at the meeting. Hal Felsler, a Jericho school resident, presented to the board the results of his investigations on improving the fire alarm system now employed. A possible danger in the present system is the human factor involved, requiring a clerk to phone the fire department to report a fire after an alarm has been sounded. Mr. Felsler discussed the various methods that could be employed and stated the ADT system, of which the Jericho Fire Dept. approves, probably would be best for Jericho's needs. Mr. Felsler stated that in the ADT system there is a connection between each school alarm and the ADT terminal which sends an automatic signal to the Jericho Fire Dept. The Board congratulated Mr. Felsler on his fine, public spirited report and asked ADT to give a complete estimate. The Board will move on this at the next meeting. Mr. Felsler will also report on the feasibility of equipping a few male teachers in each school with gas masks so that complete inspections of the school buildings can be made after evacuations.

Mr. Rathje, Assistant Principal of the Jericho High School, reported on the elective course to be offered to seniors on the dynamics of communism. The course has been approved by the New York State Dept. of Education and has been prepared by members of the high school staff. It will be given by six members of the social studies department and

 December 20, 1962

Letter to the Editor:

On Saturday, December 15 at 7:00 P.M., I received a summons for passing on red to get into Birchwood Park from Broadway going northbound. I waited for one red light to turn green and when it did the traffic wouldn't give me the courtesy to go. I attempted to make it a second time with the turn of the light but I turned before the light changed to green. It is almost impossible to turn into our development at busy hours without waiting for a few light changes. No one driving on Broadway gives us a little consideration unless they live in the development and know the situation. Why can't we have a green arrow, so that we don't have to put up with the hustle of three lane traffic? It would take very little modification to the existing traffic signal.

Temple Breaks Ground for Center

By Lawrence S. Keavey

An event of importance to the Jericho community took place on Sunday December 23rd when Temple Beth Torah, 249 Cantiague Road, broke ground for its planned \$250,000 Community Center. The first stage of this building is scheduled for completion in mid-summer 1963 and will consist of a Sanctuary and classroom fac-

ilities. The completed Center will include all necessary religious and recreational facilities to help enrich the civic and spiritual need of this area.

The ground breaking ceremonies were conducted by Joseph Elmhinder, Past President of Temple Beth Torah. The Benediction was given by Cantor Kalman Fliegelman. George Cohen, President of the Temple, warmly welcomed the over 200 persons who braved the cold weather. Among those notable attending were Nassau County Executive, Eugene Nickerson and TOB Supervisor John J. Burns. Leonard Horn Past President explained the future building plans. Following this was an inspiring address by Rabbi Aaron Pearl the Temple's spiritual leader.

A highlight of the afternoon was the rendition of Ahasav Alom by the newly formed Junior Chorus led by Cantor Fliegelman.

The ceremonies were concluded by the exciting spectacle of a bulldozer completely wrecking an old barn on the Temple property within minutes.

Temple Beth Torah is a modern, conservative synagogue. Services are held on Friday Evenings at 8:30 and Saturday mornings at 10:00. All Friday services are followed by an Oneg Shabat and stimulating open forum. ALL ARE WELCOME AND URGED TO ATTEND.

Welfare Committee

Complaints on cracked or faulty sidewalks, curbs and gutters should be forwarded by post-card on or before January 15, 1963 to Richard Harrison, 78 Orange Drive, chairman of the Community Welfare Committee.

Cantiague Opening Set For Wednesday, Jan 2

After many months of frustrating delays, the Cantiague Elementary School, built at a reputed cost of between one and one half and one and three quarter million dollars will open for business on Wednesday Jan 2.

News of the opening was sent to residents of West Birchwood in a bulletin signed by Leon H. Westfall, Acting Superintendent of Schools, and Norman H. Siskind, Principal of the Cantiague School.

The end of bus service for many children in West Birchwood will affect those residing within three-quarters of mile from the school.

Other children will continue to have bus service as usual.

Children walking to school will enter the building from Niagara Drive while all buses will load and unload at the main entrance where no private transportation will be permitted.

Any child, whether walking or bussed, may purchase lunch in the school cafeteria. Parents wishing to have their children walk home for lunch should notify the teacher beforehand in writing as teachers are responsible for the whereabouts of pupils until dismissed at 3 p.m.

Busiest Season For Jericho PO

It was the busiest Christmas in the history of the Jericho Post Office, according to Postmaster Signe H. Halleran.

Mrs. Halleran pointed out that from Dec. 1 to 24 her staff handled 250,830 pieces of outgoing mail as compared to 226,162 in the same period last year. Exact figures were not available on the flow of incoming mail but the Postmaster said the increase over last year was "substantial."

A record amount of gross receipts for the Jericho Post Office has already been assured. Last year the receipts totaled \$105,344. As of Christmas Day \$131,683 had already been earned. Mrs. Halleran said that the anticipated gross receipts this year should reach about \$140,000.

Rapid Strides On Education

Vital issues pertaining to the educational aspects of the Jericho School System were discussed at the recent meeting of the Education Committee of the West Birchwood Civic Association, on Dec. 6, at the home of Mr. and Mrs. Harold Gaines.

Once again, a large enthusiastic group of community members attended to contribute to the committee's far-reaching programs. It was revealed by the High School Expansion Sub-committee that all facilities in the Jericho School are now at full capacity! A recommendation for a new Junior High School building has been made by the High School "Space" Committee.

The communications sub-committee reported that although there were originally no School Board bulletins published, the Board has recently put out two bulletins informing the community on educational affairs. These bulletins will continue to appear bi-monthly.

West of Bway

by McKinley Ebbitz

The Board of Directors has requested a volunteer for the post of Civic Assoc. historian. This could be a rather fascinating pastime and our personal nomination goes to Jerry Meister who is well qualified by way of being a history major in college.

Speaking of history we came across this excerpt from a History of Long Island by Nathaniel S. Prime. This book was published in 1845. This is what he had to say about Jericho and Hicksville. First Jericho:

Jericho is situated six miles south of Oysterbay, near the northeast corner of the Great Plain on the Jericho Turnpike. It was settled at an early period, principally by Friends, and that is the only denomination that have a house of worship there. The Quaker meeting-house, as before stated was erected in 1689. The present building is spacious and was reared after the revolution."

"This little settlement has obtained celebrity as having been the residence of Elias Hicks, who acquired immortality, by the great schism which his peculiar views occasioned, in that once peaceful and singularly united denomination."

New Hicksville:
 "Hicksville, although unknown in the ecclesiastical annals of the island, ought probably to receive some notice as we pass by it. It is a "village" of recent origin, situated on the western line of the town about midway of the great Plain. It owes its existence to the temporary termination of the Long Island railroad at this point. It originally consisted of a large depot and work-shops, a hotel with out-houses, and 5 or 6 small private dwellings. The rail-road having been extended to Greenport in 1864, the depot being burned down about the same time, and no addition whatever being made to the private dwellings, the "village" bids fair to remain in statu quo."

Mr and Mrs Robert Strauss

Wish to express their thanks to their wonderful friends and neighbors for all they have done for us during our absence:

Mr and Mrs Robert Ballot
 Mr and Mrs Dean Leslie
 Mr and Mrs Lawrence Keavey
 Mr and Mrs Danby Kreisberg

HAL AND WINI GAINES hosted a "Hobo Party" on Dec. 15th. Among local "bums" were: L to R: Gall Simmons, Sandy Kassimir, Wini Gaines, Charlotte Cashton, Martene Sussman. In front are Florette Schlanger and Myrna Kanter.

divided into six phases. The Board voted to approve the course on a non-credit basis this year and then will evaluate the effectiveness of the course before it is offered for credit.

A Saturday enrichment program will be offered to high school students. Members of the staff will meet with interested students on material over and above the curriculum. Standards will be set up to determine which students will be admitted to the program. The staff would also offer assistance to other students falling behind in their work. The pupil needing help will be selected on the basis of faculty judgement.

It was announced that the Cantlague School is ready and that students will go to their old schools on Wednesday, Jan. 2 by bus and be taken as a class to the new school.

Dr. Westfall read a request from a Jericho resident asking that her kindergarten child be given transportation even though they lived within the 3/4 mile limit. The Board decided that this would be contrary to the rules and regulations of the New York State Education Law which requires equal treatment for all. The Board expressed its sympathies for the special problems faced by the writer of the letter but felt it could not open the door to exceptions to the fixed school bus policy. Handicapped children can get transportation upon recommendation of the school physician.

Ground Breaking Ceremony of Temple

WILLIAM E. KOUTENSKY, president of the LI National Bank; Eugene H. Nickerson, County Executive; and John J. Burns, Town Supervisor, were among the speakers at ground breaking for the sanctuary of Temple Beth Torah at 249 Cantlague Rock Road, Westbury on Sunday. Mr. Koutensky in his remarks encouraged the congregation by telling them that the resources of his bank and of the community were at their service. Left to right are Supervisor Burns, William Halberstadt, past president of Nassau-Suffolk Division Metropolitan Region of United Synagogue; Rabbi Aaron E. Pearl, Temple Beth Torah; William E. Koutensky, president of LI National Bank; and County Executive Nickerson.

Christmas Cards Useful Again

Don't disregard your old Christmas and other greeting cards.

They can serve a useful purpose as teaching aids or decorations, or to provide recreation for invalids, at orphanages, schools, convents, hospitals, prisons or missions. Following are some of the places our readers can send their old cards.

Holy Rosary Mission, Pine Ridge, South Dakota.

St. Am's Indian Mission, Belcourt, North Dakota.

Oblate Sisters of Providence, 501 East Chase St., Baltimore 2, Maryland.

Frel Teodoro, Colegio Serafico, Taquari, Rio Grande do Sul, Brazil. (Only religious cards and pictures are desired.)

Very Rev. Maximilian Murphy, Catholic Mission, the Presbytery, Chaguanas, Trinidad, British West Indies.

Rev. S. Sola, Rector, "The Retreat," Yercaud, Salem Dt., India.
Rev. Victor Rodriguez, S.M. Colegio San Felipe Av. Lopez Pinto, Cadiz, Spain.

Rev. E. Miranda, Catholic Church, Gudivada, Krishna Dt., India.

Father Anthony, O.F.M. Cap., Shanti Ashram, Grandhipuram, Coimbatore, India.

Graymoor Friars, c/o Fr. Paclificus, S. A., Catholic Church, Gora, Hakone, Japan.

Rev. Mother Maria Neves, Colegio 25, Marianistas Figueras (Gerona) Spain.

Fire Films Available

Thirty-one 16mm. sound films stressing the importance of fire safety are now available in the film library of the National Board of Fire Underwriters. They may be borrowed without charge for showings in schools, before service clubs and civic groups, and other gatherings.

A catalog of the films, which run about 20 minutes, may be obtained by writing the National Board of Fire Underwriters, 85 John Street, New York 38, N. Y.

If you live West of the Rockies, write to the National Board of Fire Underwriters at 465 California Street, San Francisco 4, Calif.

Weapons Mechanic

Airman Third Class Richard E. Metzger of Jericho, is being re-assigned to a strategic defense unit following his graduation from the United States Air Force technical training course for weapons mechanics at Lowry AFB, Colo.

A graduate of Glen Cove High School, he is the son of Mr. and Mrs. Theodore R. Metzger, Cedar Swamp Road, Jericho. His wife is the former Marie A. Marzec of 12 N. Underland Road, Jericho.

SELLING BRICKS

Frederick Herdeen son of Mr. and Mrs. Fred L. Herdeen of 61 Boxwood Lane, Hicksville and a Junior at Trinity College is a member of a student drive to sell symbolic bricks over the holidays to raise funds for the construction of a Fine Arts Center on the campus.

SHOW FILM

Charles Dicken's masterpiece GREAT EXPECTATIONS, which was made into an Academy Award winning motion picture, will be the subject of the next Young Adult program on Saturday, Dec. 29th at 1 p.m. in the auditorium. Besides the film, there will be a book talk and discussion of the work. The film will be repeated at 4 p.m., if necessary. Due to space limitations, only young adults ages 13 - 19 can be seated at 1 p.m.

RETIREMENT PARADISE IN FLORIDA OFFERS 'DREAM' HOME FOR \$9370

A "Dream" Home . . . At A "Dream" Price . . . \$9,370

THIS BEVERLY HILLS RETIREMENT HOME is making construction history in Florida. Called the "answer" to America's crying need for a home combining elegance with efficiency, it combines every known housing advantage in one lovely house. The low price of \$9,370.00 includes house and plot, landscaping,

seeding, retention of trees where possible, all in an area of over 9,000 sq. ft. Retired folks have a choice of two bedrooms or one bedroom and the elegant new Florida Room. (For complete details see page 2.) Furnished models of the homes may be seen at the development, or in Hicksville, Long Island, N. Y.

Gracious Living In A Beautiful Florida Home

BEVERLY HILLS, Fla. (SPECIAL) — A dream home at a dream price in sunny Florida—answering the problem of how to retire in peace and security—is now a reality in this retirement haven.

Here in Beverly Hills, in a development as idyllic as it is comfortable, a retirement dream is coming true. Nestled amid thousands of trees, on Florida's high-and-dry West Coast, this new development for retired folks is giving a new dignity and purpose to those who have bought homes here.

Pre-War Price

In this lovely retirement paradise, fantastic homes are being built at a pre-war price of \$9,370.00. These are not jerry-built contraptions or haphazard shells. They are one-bedroom or two-bedroom houses and include construction ordinarily found only in much higher-priced homes.

Everything about Beverly Hills seems not just "off of the ordinary" but extraordinary. It sits in rolling, verdant terrain abounding in oak and pine trees and lush greenery, in an area notable for its dryness and moderate temperatures. It rises up to 150 feet above sea level. Here, on Florida's healthful West Coast, Beverly Hills offers a rare combination, to retired people from all over the country, of Florida living, with a touch of their former homes.

Although the price of \$9,370 is modest, the living is gracious. Retired couples from all walks of life are finding a new, inexpensive "tease on life" in Beverly Hills.

Florida Living Is Relaxing; Beverly Hills Is High-and-Dry

A new kind of "gold rush" is on, this time spearheaded by the hordes of retired couples following the sun to Florida. In the Beverly Hills Retirement Paradise, enthusiastic homeowners report a new purpose, a new kind of relaxation virtually impossible back home.

Much like the pioneers who made the trek West, early in America's history, those seeking retirement now, in Florida, find a new kind of purpose in their lives. But unlike the early settlers, who hacked their way through indescribable hardships, the new pioneers move in to a ready-made paradise.

The Beverly Hills homes are remarkably lavish. Every modern convenience is included. The countryside is rich and freshly abundant in a wonderland of greenery. Vegetables and fruits grow remarkably fast. The climate is extremely mild the year 'round, but there are familiar seasonal variations. Because Beverly Hills nestles in the rolling terrain of West Florida, the air seems dryer, even during the hottest days. Homeowners here in Beverly Hills welcome each new retirement day as a fresh experience leading to a new day's fulfillment.

YOUR OWN BUS—to take you around the development in style. Use it to visit friends, to go into town, to hunt, fish, go swimming. Transportation is no problem at Beverly Hills, even if you don't have a car of your own.

Your Neighbors in Beverly Hills . . . From All Walks of Life!

They Never Dreamed Retirement Days Would Be So Good

There are no "snobs" in the brave new world shared by folks who retire. Side by side, in Beverly Hills, a former colonel in the United States Army sits and exchanges views with a retired barber from New York. Sharing the news, and the viewpoints (and maybe even arguing over some of them) are a former motion picture theater manager, a one-time restaurant owner, a retired accountant and a dental technician.

A New Life

In this super-democracy of so-called senior citizens, vitality and freshness leave little room and

time for stodginess and stale clanishness.

But all the homeowners in Beverly Hills do share a common delight in a new world—a retirement world vastly different from the fearful days of anxious waiting they thought retirement would be like. Because Beverly Hills may well be the fastest-growing retirement paradise in Florida, the possibility looms that men on retirement, and living here, may well utilize their skills and experience for the benefit of their neighbors. Soon the barber will ply his trade—when and if he wants to. The film man will run the development's projector, the restaurant man is already supervising the snack bar. And the Colonel, skilled in administration after 34 years Army service, is now helping administer the business of building Beverly Hills.

Gracious Living . . . Spacious, Too!

RELAXING IN THE SUN is fun for these Beverly Hills homeowners, shown sitting on the benches lining the beautiful central mall.

Fish, Hunt, Garden In A Climate & Area Truly Wonderful

No one sits on their hands in Beverly Hills and wonders how to get through the day. The women look after their flowers, shrubs and vegetable plots (if they feel a need to give Florida farmers a little competition). Or they entertain their neighbors or visitors from up home.

The men can hop in their cars and indulge in sports activities in many spots. Florida offers the retired couples an amazing choice for sightseeing. Famed Crystal River (called fabulous for fishing, by the New York Times) is only 15 miles from Beverly Hills. There is enough variety to spice life and make retirement a year in and year out thrill.

Beverly Hills Offers 'Happy' Retirement

How to keep retired people comfortable and happy is no problem in the Beverly Hills Retirement Paradise. With life expectancy improving through the years, the average couple now reaching retirement age may expect many more years of exciting living. At Beverly Hills, the new homeowners quickly learn how comfortable retirement life can be.

The beautiful house itself, for instance, was built to make life easy for the lady of the house. All electric throughout, the Beverly Hills home is easier to live in, easier to cook in, a snap to keep clean. The compact kitchen has a built-in electric wall oven and countertop range, natural birch cabinets and formica tops.

Everything in the kitchen was designed for efficiency so that the retired housewife can forget ordinary kitchen drudgery. The bathroom is equally compact, providing colored bath fixtures, copper

plumbing and many other expensive features.

For those winter evenings when some heat may be needed, Beverly Hills offers radiant elec-

tric heating in the ceiling, controlled by a thermostat in each room, to provide heat only in those rooms where it is needed. Sturdy luan mahogany doors

are used throughout, with asphalt tile and (optional) terrazzo floors.

There are many other conveniences. Beverly Hills is set in lovely, rolling countryside. Home-

owners never feel cramped or closed in, and in fact, the verdant surroundings are more typical of "estate living" than of development life.

THE FINEST HOUSE IN FLORIDA—that's what enthusiastic buyers call this spacious home in the Beverly Hills Retirement Paradise. Completely modern, inside and out, this home is considered a sensational value at \$9,370.00, including house and plot, fully landscaped, seeded, and with improvements ordinarily found in houses costing much, much more.

Beverly Hills Homes Offer Amazing Construction Value

"Built to last" is the slogan of the Beverly Hills builders.

Concrete block construction, the preferred choice of conscientious home builders, goes into every home.

Because these amazing homes are surprisingly low priced, at only \$9,370.00, visitors watching the construction in progress literally gasp in astonishment.

Lath and plaster are used throughout the walls and ceiling. Living rooms are 20 feet long, with a total living area of 970 square feet. Roofs are guaranteed for 20 years. Windows are aluminum and of the awning type. There is a full six inches of Fiberglass insulation in the ceiling. A solid concrete driveway leads to

the carport, which is 11 feet, 6 inches wide.

And there is nothing skimpy about the plot. It measures over 9,000 sq. ft., with plenty of room for seeded lawns and landscaping (included in the price of the house).

Many of the early homeowners had their own homes before moving here and in most instances the houses cost much more. All of them have been amazed at what they get for their money... a superb home at an amazing price... \$9,370.00... in peaceful, restful Beverly Hills.

Look at These Amazing Beverly Hills Features; All for \$9,370 Complete

- TREE SHADED PLOT OVER 9,000 SQ. FT.

- SPACIOUS CLOSETS WITH LIGHTS
- AND MANY OTHER FINE FEATURES
- ALL FOR ONLY \$9,370 COMPLETE! AMAZING VALUE! (PRICE SUBJECT TO CHANGE WITHOUT NOTICE)

RETIRED COUPLE CALL BEVERLY HILLS "A DREAM COME TRUE"

New home owners taking possession of their property at the Beverly Hills Retirement Paradise react in a very human way, the day they move in. They come to the development with high hopes that their Florida retirement dream will be all they anticipated.

And, as the following letter, to Sam J. Kellner, builder and developer of Beverly Hills, reveals, they find everything as promised. This letter, from Mr. and Mrs. Henry C. Becker, is a typical happy reaction to new-found happiness in Beverly Hills, Fla.

Here is what Mr. and Mrs. Becker wrote:

Dear Mr. Kellner:

I must say there is not a word that could be found in the dictionary that could truly express the Joy and Happiness we have found in owning one of your homes in Beverly Hills, Florida. I feel like going to the Top of the Hill and shouting to everyone, "Come, come to Beverly Hills." It is a dream come true to us.

If you remember, we came down here in March and picked out our lot and I asked to save as many trees as possible. Well I have 11 Pine trees and 8 Oak trees. The setting around my house is beautiful. We signed contract in April and took Title on July 23rd.

Needless to say, I sort of wondered if I would find everything as I had planned. Well, you can imagine the Joy when we rode up to our Dream House, setting in among those trees. The color of house was exactly as ordered and the hip roof like I wanted, beautiful sodded lawn, too. BEAUTIFUL.

Inside, too, everything was as I had ordered. Truly, Mr. Kellner, if there was a word Bigger than "Thank You," why I would say it BUT all I can say is "Thank You, Mr. Kellner," for making us extremely Happy. Oh yes, after we unloaded our car and put some things away why we went down to the Pool. It is beautiful and as we swam around we were saying as how we feel like Millionaires. What more could a person want at his doorstep. A pool, a shuffle board court and a golf course. The pool looks beautiful at night when it is all lit up.

I could go on and on trying to convey my happiness. It is overwhelming.

Thanks again, Mr. Kellner, and I know your development will grow. It is Out of This World.

Respectfully,

Emma J. Becker
Henry C. Becker

Model Homes On Display In Hicksville, Long Island

Two furnished model homes exactly like those already at Beverly Hills, Fla., have been constructed in Hicksville, Long Island, New York.

Thousands of N.Y., N.J., Conn., and Penn. couples, anxious to see what the Florida homes look like, have visited the model houses. They are located on Newbridge Road, just five blocks south of Old Country Road, in Hicksville, Long Island.

Here are easy instructions for visiting the two models:

BY CAR: (From New York City)—Take Midtown Tunnel at 34th Street to Long Island Expressway. Drive on Expressway to exist marked "Hicksville." Follow signs about 1 mile into Hicksville. Cross Long Island Railroad tracks, make right turn on Newbridge Road to property.

(From Brooklyn) Follow Southern State Parkway to exit 27 for "Wantagh State Parkway." Get off at Exit W2, which is Old Country Road. Drive right along Old Country Road to Newbridge Road. Make right turn and drive five blocks to model homes.

BY TRAIN: Take Long Island Railroad to Hicksville. Take bus or taxi about 1 mile on Newbridge Road to model homes.

You may write for an appointment, or telephone WEI 8-4488 and our representatives will be happy to assist you in any way possible. The model homes are open seven days a week and you are welcome at any time.

The Comfortable, Easy Way of Living!

Your Retirement Paradise Helps Give You A Relaxed Life Among People You Will Like

BEVERLY HILLS, Fla. (Special) — If it is true that there are no 'class distinctions' in America, it is doubly true in the Beverly Hills Retirement paradise.

When you sit and visit with the first homeowner couples here, you are immediately impressed by the easygoing familiarity and friendliness you see. You can't tell who has made quite a bit of money, prior to coming down here, and who hasn't. Beverly Hills is just that kind of a place.

The development seems to specialize in sunshine-and-smiles. A visitor quickly notes the 'friendly spirit,' something you don't find, at least quickly, anywhere else back home.

Helping to bring this friendly relaxation is the Beverly Hills atmosphere itself. Although the first homeowners might be likened to pioneers, the comparison ends as you look at the development. Deep in the heart of 4,500 acres of the lushest kind of foliage, Beverly Hills also has a marvelously 'planned' look. You can tell instantly that years of forethought went into the development before a bulldozer moved in. Streets and roads are in (and paid for). The water system is in

and supplying thousands of gallons of clear water per minute. Everything needed to maintain life at a comfortable level is all around you.

Each day isn't a challenge. Instead it can consist of swimming in a large, deluxe pool, or shuffleboard, or golf on a 3-hole course, with a putting green, right on the premises. Folks do as they please, away from the emotional stress and strain of family living up home. And though relaxation is the order of the day, there is ample opportunity for a man or woman to use a lifetime of skills in doing some worthwhile 'work' down here.

Retirement life, down here, is turning out to be the start of a new kind of exhilaration for initial homeowners. It is reminding many couples of that other beginning, twenty-five or thirty years ago. But this time, as a kind of second honeymoon, the men and women have a sense of security they never enjoyed before. And they love it.

Your Own Snack Bar, Superette and Recreation Center

ALMOST BEFORE A HOUSE WENT UP, Beverly Hills had its own snack bar, superette and recreation center. Homeowner members can have breakfast or lunch at the modern snack bar. They can drop in any time for coffee, a coke, a soda, etc. The modern superette has a wide variety of staples for the kitchen cupboard. The recreation center serves as an indoor lounge, library, movie house, etc. Everything is supervised by fellow homeowners of the development; as you read this, plans are under way for a barber's chair to be installed in the building, with another homeowner, a skilled barber from 'up North', wielding the clippers.

Everything You Want In Citrus County: Mild Climate In All Four Seasons; Shopping, Movies, Sightseeing, etc.

THIS IS A VIEW OF CRYSTAL RIVER, world famous for fishing, and only 15 miles from Beverly Hills. Praised by leading newspapers as one of the best fishing areas in the country, Crystal River meanders through Citrus County, in West Florida, and works its way to the Gulf of Mexico. It is a scenic delight, offering many hours of enjoyment to fishermen and sightseers alike.

Sam J. Kellner, Famed Developer, Builds Beverly Hills 'In Person'

SAM J. KELLNER (left) famous Long Island and Florida builder, is shown at Beverly Hills personally greeting Mr. and Mrs. Peter Zaun, of Long Island, N. Y., as they move into their new retirement home at the development.

Sam J. Kellner, the man responsible for building the Beverly Hills Retirement paradise — is up in the air most of the time. But it is all right — he simply flies more than 100,000 miles a year — almost all of it between New York and Florida.

It is such devotion to the welfare of the Beverly Hills homeowners which guarantees that everything going into these amazing retirement homes will be exactly, as promised. And frequently new homeowners are gratified to find little extras they had not expected at all.

It is such personal service and interest in his homes which has made Sam Kellner so popular with folks buying the homes. It has been going on for more than 20 years, in Long Island, New York and for the past 10 years, in Florida.

Even Uncle Sam looks to Mr. Kellner for government buildings. Federal post offices in Hicksville, Bethpage and Brentwood, all in Long Island, were built by the well-known developer. He also built the Social Security and Unemployment Insurance Building for the State of New York, on

property he still owns in Hicksville.

Down in Florida, 10 years before he acquired the tremendous acreage on which Beverly Hills is now growing, Mr. Kellner acquired an extensive knowledge of how to build better Florida homes. He built residences in beautiful Dunedin, a few miles north of Clearwater.

To help people "up North" see what the Beverly Hills homes are like, Mr. Kellner put up two furnished models in Hicksville, Long Island. Today, as thousands of cars pass the models on Newbridge Road, they are somewhat startled to see big signs: "Florida Retirement Homes." They stop, they examine the houses, and if Sam is "up North" on one of his regular commuting trips, they get the facts about Florida retirement directly from him.

When they decide to visit the Beverly Hills development, more than likely they will be greeted by Mr. and Mrs. Kellner in person.

It is this personal service, coupled with excellent management and financing, which is making Beverly Hills a fast-growing retirement paradise.

Nearby Town of Inverness Has Shopping, Movie, Hospital

INVERNESS, Fla. — This busy town, less than 15 miles from Beverly Hills, on modern, fast highways, offers every convenience to homeowners of the retirement development.

Included are an A&P, a bakery, drugstore, movie, etc. — all set in a picturesque world of palm trees, sturdy oaks and paved streets.

Inverness is a busy little town, typical of others like it throughout the country.

Yards, goods for the Mrs., sporting supplies, hardware and smoker's replenishments for the Mr. — everything you want or need can be bought here during a typical Saturday shopping trip.

Crystal River Is Close By

CRYSTAL RIVER, Fla. — Name the fish and you are talking about Crystal River, the fabulous sportsman's paradise, only 15 miles from Beverly Hills.

What'll it be? Speckled trout, mackerel, bluefish, cobia, grouper, red fish, mullet, tarpon . . . this amazing river offers a fabulous assortment of both fresh water and salt water species. The amazing mullet, slender and silvery, jumps out of the water three times, swims a little, then repeats the triple hop.

Retirement Dream of Colonel Godfrey & Wife Comes True

SENSATIONAL HOME VALUE — Beverly Hills nestles spaciouly as part of a projected 4,500 acres of lush, verdant, rolling land on Fabulous Florida's west coast. Here you see the Colonel and Mrs. Godfrey relaxing on their tree-shaded lawn, happy and serene in their retirement years, looking forward with eagerness to the wonderful life ahead in Beverly Hills.

After 34 Years in U.S. Army Colonel Says He Never Dreamed Retirement Would Be So Great

One of the first homes built in beautiful Beverly Hills was purchased by Col. William C. Godfrey.

Colonel and Mrs. Godfrey are proud of their low cost, handsome Beverly Hills retirement home. "I've been all over," says the

Colonel, "but nothing beats Beverly Hills."

On his fully landscaped plot of over 9,000 square feet, Colonel Godfrey enjoys Florida living at its best. Golfing, fishing, swimming and boating are only minutes away from his home.

"Nights are cool," he says. "The climate is mild all year round, and I like the seasonal variations, too."

Mrs. Godfrey enjoys gardening. Flowers and shrubs grow quickly in the fertile soil, making their home "pretty as a picture."

"I never dreamed retirement would be so wonderful," Colonel Godfrey says. And you can tell, from looking at him and his charming wife, that he really means it.

Col. Godfrey Awarded Bronze Star Medal, Other Citations

Colonel Godfrey is a veteran of both World Wars . . . a graduate of the Command and General Staff School at Fort Leavenworth . . . and the holder of numerous decorations, including the Bronze Star. He is the senior surviving officer of the famed 77th (Liberty) Division of World War I and saw service throughout the world. He is typical of the "interesting" folks you'll meet at Beverly Hills.

SPACIOUS LIVING at BEVERLY HILLS . . . for the Colonel and His Lady

TOMORROW'S KITCHEN is available today, in Beverly Hills. Built-in wall oven and countertop range, natural birch cabinets, formica counters, asphalt tile flooring are included . . . and everything is compact to make Mrs. Godfrey's K.P. duties as light as possible. Plenty of room, though, for a full size dinette set. Plenty of cabinet space, too.

LUXURIOUS LIVING in Colonel Godfrey's 20-foot living room. The huge and handsome room is flooded with sunshine from two extra-wide aluminum windows. Like every room at Beverly Hills, it is designed for minimum upkeep, with asphalt tile or (optional) terrazzo floors, clean radiant ceiling heat, aluminum windows and screens, smoothly plastered walls. You enjoy "living" here.

RELAXING IS AN ART and here the Colonel passes the time of day with a neighbor on the tree-lined central mall . . . a popular gathering spot at Beverly Hills. Here friends and neighbors meet to talk, read, play cards or just relax in the warm Florida sun . . . in surroundings as lush and lovely as the Garden of Eden.

SPACIOUS FLORIDA ROOM opening off Colonel Godfrey's living room, gives added living space. Ideal for fun-and-sun, the room serves as a dining room and guest room when the Colonel entertains, gives him "extra" space for his many hobbies. The Florida room is included at no extra cost, in place of a second bedroom. Folks really appreciate this "extra" feature.

Make Your Retirement Dream Come True . . . In A Beverly Hills Home For You!

SHARE THE PLEASURE of many fine folks now buying retirement homes in Beverly Hills. Live it up, where the living is easy, relaxed and inexpensive . . . where the folks are friendly and helpful . . . where you can live the

retirement life you've always dreamed of.

The average couple on social security, pension or annuity will find Beverly Hills a mighty wonderful place to live. Living costs are lower.

Don't take our word for it, though. Come see for yourself. See how much MORE you get at Beverly Hills . . . compare with other retirement homes selling for many thousands of dollars more. Talk to the folks already living at Beverly Hills.

After you've seen Beverly Hills, we're sure you'll agree "Beverly Hills is a dream come true, Luxurious living at a LOW, LOW COST." Don't wait any longer. Make your retirement dreams a reality . . . at BEVERLY HILLS.

THE CAT in the CULVERT

MEET MRS. CAT, shown here as she looks out on a friendly Beverly Hills world, from her self-imposed exile in a culvert. She is "momma" to two kittens, both of whom have been seen only fleetingly. The 'cats in the culvert' have become the special concern of Colonel William C. Godfrey, who retired after 34 years in the United States Army and purchased one of the first homes in Beverly Hills. The Colonel says that Mrs. Cat is remarkably friendly and peers out of the culvert at the drop of a 'pssssst.'

THE FINEST WATER IN FLORIDA—crystal clear, and pumped direct from three of the deepest wells dug in the area, at a rate of 3,000 gallons per minute per well. Here you see one of the two pressure storage tanks at Beverly Hills . . . your guarantee of a plentiful supply of cool, deliciously fresh water.

The Villager

FOR THE RESIDENTS OF BIRCHWOOD PARK AT BIRCHWOOD

Entrance Gates Soon Reality

By Henry Dockswell

Your Civic Board of Directors their regular monthly meeting Tuesday evening, Dec. 18 and were gratified to hear that we residents of Birchwood Park at Birchwood were finally on the way to having entrance gates.

In the absence of Board Chairman Leon Newman (home ill) and Sam Sachs (somewhere in the country) Ralph Diamond acted as chairman of the meeting. It was a very familiar role for Executive Ralph and he was very much

at home up front. As chairman of the Town Planning Committee he reported that a long series of letters and personal contact had clearly established the legal why's and wherefores of the gates. After a final surveillance of the entrance at Broadway and Birchwood Park Drive at least two contractors will be contacted to submit plans and bids. Now comes what is probably the most difficult part of the whole project and much thought and consideration will be needed and given to make our entrance one to be proud of.

Men Pin Talk

By Henry Dockswell

The Tigers are still atop the league but only by a single step. Tabinowitz's invalids, suddenly very healthy, plastered Dave Bernman's suddenly tame Tigers with a seven point shutout, led by newcomer Murray Isaac, who averaged 181 for his first three games. Sol's boys had their first good night in many weeks.

Herb Bernstein was high man of the night when he bowled a 212 to help Leo Geyer's Lions take their series 5 to 2 from Fred Geyer's Royals. Leo's Lions are still travelling in high gear. This is their fourth good series in a row and they've gone from 10th place to 5th. They are still four points from the top and still growing. Sam Springer, he of the cannonball delivery, finally hit his target. He came up with his first good game a 221, but it only helped a little. His Missifs ran into trouble with Mik Goldberg's Spikes and dropped a 5 to 2 decision to them, but Sam's boys are still in 2nd place only one point behind the leader.

Sitting in 2nd place, tied with Sam's Missifs, are Mort Levine's Morticians. They met up with Jack Sloan's Mets and although Mort bowled his fourth 200 game, a 301 his Morticians couldn't take the total pins for the night and they had to be content with 4 points.

The Champs are having their troubles. Cap't. Marv Cohen never knew what to expect from his team. One week they really act like champs and the next week like chumps. This see saw bit reached its peak the other night when they met the last place Alphas. Sam Jarvis bowled his fourth 200 game (this ties him for top honors) but it was no use. Al Minoff's Alphas exploded all over the place. They smashed three existing records. They broke High Team Game from Scratch with an 896. They won Team Game with Handicap with a 919 and High Team Series with Handicap with a 2489. This was enough to sweep all seven points and drop Marv's Champs down to 9th place, their low for the season. All of Al's Alphas had a very good night, especially Sid Sachs who has raised his average nine points in the last five weeks.

January 21st is the final night of our first half and will be a position night. Three more chances to take all the marbles and anyone of the first six teams could do it.

If any of you fellows would like to join our mixed summer league with your wives, call me, OV-1-6121. We're bowling on Monday nights at Syosset Lanes and will start on June 10.

The Floyd Bennett situation seems to have come to a positive and favorable conclusion. Milk Bagley, after 8 months of wrestling with this problem, may have come out unscathed but certainly not unmarked. He reported that the Nassau County Dept. of Health had made two inspections since the incinerator was reactivated on Dec. 5. The white vapor emanating from the incinerator chimney was seen and not smokes. The fans atop the roof were subjected to a decibel test and found to be within the standard of noise regulation. The Floyd Bennett management sent a letter to their contractors prohibiting garbage and refuse pickup before 8:00 A.M. They will repair the fence dividing their property from the residents and maintain it in the future. The Civic Association wishes to commend Floyd Bennett on their cooperation during all these months in trying to satisfactorily comply with the complaints of our residents. It is to be hoped that the pattern now being followed will continue.

Ralph Diamond, also chairman of our Youth Group committee requested and received an appropriation to hire a part time youth director who could be present each Wednesday and Friday evening at the opening of activities at 7:30 P.M. The Youth Group now numbers 150, the largest in its 5 year history. More help by the residents of our community for this worthy function is sorely needed, especially by the parents of those children participating. Timely supervision is the main problem and any of you fathers and mothers who want to see your kids in action can lend a hand and do so. Just call Ralph, OV 1-1283, he'll be glad to hear from you.

Civic President George Frankel announced that he had received a letter of resignation from Jerry Neuhaus. Unfortunately Jerry cannot find the time and has asked to be relieved of his directorship. The Board voted unanimously to contact Anthony Barbella to fill the vacancy for the balance of the year.

The Villager is a very vital part of our Civic business and a method is being sought to get it to our residents sooner. A possible solution was discussed and is now in the process of being explored.

Horace (Ace) Sterling was appointed as our new Membership Chairman and soon will be in touch with all our non-member residents.

The Old Timer

"Middle-age is when you can do everything you used to, but not until tomorrow."

LEVITTOWN HICKSVILLE BPOE Lodge 1931, led by Exalted Ruler Charles MacFarland, held its annual Christmas Orphans Party on Tuesday, Dec. 18. Chairman Bill Danda (center) did an outstanding job and was ably assisted by Jerry Judge as Santa and Ben Mroz as Benny the Bum.

Care With Small Children and the Elderly is Urged

Special care to keep very small children and elderly people safe from fire during the holiday season is urged by the National Board of Fire Underwriters.

Studies show that the highest death rate by fire is among persons 65 years and older, and the second highest rate is among children under 14. Small children never should be left alone, the National Board said. And elderly people should not be left alone if they are infirm or unable to take care of themselves. Everyone in the family—especially children and elderly persons—should know how to get out of the house or

apartment quickly if fire occurs. Everyone should be familiar with at least two routes of escape. If one exit is blocked, the alternate route may be used. The phone number of the fire department should be kept close to the telephone, and family members should advise one, including small children, is led out of the house, the baby sitter, or the adult in charge, should make sure that every one, including small children, is led out and told firmly not to reenter.

LEGAL NOTICE

NOTICE OF PUBLIC HEARING

PLEASE TAKE NOTICE that, pursuant to the provisions of the Town Law and the Nassau County Administrative Code and several amendments to said laws, and pursuant to a resolution duly adopted by the Town Board of the Town of Oyster Bay on the 13th day of November, 1962, a map entitled "Map of Property to be Acquired for Highway Purposes, Location Hicksville, Nassau Co., N.Y. School District 17", dated February 27, 1961, and prepared by Sidney B. Bowne & Son, Consulting Engineers for the Town of Oyster Bay, Mineola, New York, by direction of the Town Board is now on file in the Office of the Town Clerk, Town Hall, Oyster Bay, New York.

PLEASE TAKE FURTHER NOTICE that a hearing will be held in respect to said map in the Hearing Room, Town Hall, Oyster Bay, New York, on the 18th day of December, 1962, at 10 o'clock A.M. prevailing time, at which hearing the Town Board will afford a reasonable opportunity to all interested persons to make objections thereto or suggest changes therein.

BY ORDER OF THE TOWN BOARD OF THE TOWN OF OYSTER BAY
William B. O'Keefe
Town Clerk

JOHN J. BURNS,
Supervisor
DATED: Oyster Bay, New York,
November 13, 1962
E298x1/6(3)

At a regular meeting of the Town Board of the Town of Oyster Bay, Nassau County, New York, held in the Hearing Room, Town Hall, Oyster Bay, New York, on Tuesday, December 18, 1962 at 10 o'clock A.M. prevailing time, the following members of the Town Board were

PRESENT: John J. Burns
Supervisor
Marjorie R. Post
Peter B. Allsopp
Louis A. Sista
Edward A. Ocker
Edward J. Paulos
A. Carl Grunewald,
Councilmen

Councilman Grunewald offered the following resolution and moved its adoption:

RESOLUTION ADOPTING MAP ENTITLED "MAP OF PROPERTY TO BE ACQUIRED FOR HIGHWAY PURPOSES, LOCATION HICKSVILLE, NASSAU CO., N. Y. SCHOOL DISTRICT 17", DATED FEB. 27, 1961, BEING PART OF LOT 66, BLOCK L, SECTION 45 AS SHOWN ON THE LAND AND TAX MAP OF THE COUNTY OF NASSAU, AND DIRECTING THE TOWN ATTORNEY TO ACQUIRE SAID LAND IN FEE.

WHEREAS a resolution was heretofore adopted by this Board on November 13th, 1962 approving the action of Sidney B. Bowne & Son, Consulting Engineers for the Town of Oyster Bay, Mineola, N. Y. in preparing the map entitled "Map of Property to be Acquired for Highway Purposes, Location Hicksville, Nassau Co., N. Y. School District 17", dated Feb. 27, 1961, being part of Lot 66, Block L, Section 45 as shown on the Land and Tax Map of the County of Nassau, and said map is now on file in the Office of the Town Clerk; and

WHEREAS, pursuant to law, notice was duly published that a hearing would be held by the Town Board in respect to said map on December 18, 1962 at 10 o'clock A.M. prevailing time, at which time a reasonable opportunity would be afforded to all interested persons to make objections thereto or suggest changes therein; and

WHEREAS a public hearing was duly held on said map pursuant to the public notice as aforesaid and it appears, after due consideration, that no changes in said map are required;

NOW, THEREFORE, BE IT RESOLVED that said map entitled "Map of Property to be Acquired for Highway Purposes, Location Hicksville Nassau Co. N. Y. School District 17", dated Feb. 27, 1961, being part of Lot 66,

Block L, Section 45, as shown on the Land and Tax Map of the County of Nassau is hereby adopted without change; and, it is further

RESOLVED that the Town Attorney is hereby authorized and directed to acquire said lands by dedication purchase, condemnation proceedings or otherwise; and, it is further

RESOLVED that the compensation to be paid to the owner of such real property as may be acquired hereunder by condemnation proceedings shall be determined by the Supreme Court without a jury; and, be it further

RESOLVED that the Town Clerk is directed to have published once in the Mid Island Herald a copy of this resolution as notice, pursuant to Section 11.71.0 of the Nassau County Administrative Code, that title to said land will vest in the Town of Oyster Bay upon the entry of the Order of the Supreme Court granting the application to condemn said land, and, be it further

RESOLVED that the Town Clerk is directed to file a certified copy of this resolution and a copy of said map as adopted, together with the affidavit of publication as aforesaid, in the Nassau County Clerk's Office, pursuant to Section 11-23.0 (c) of the Nassau County Administrative Code.

The foregoing resolution was seconded by Councilman Ocker and adopted, upon roll call vote, as follows:

COMETLAND

by JOE KOERNER

COMETS COP PAIR - The future looks pretty bright for coach Ed Petro and his Comet cagers. After suffering a loss to Westbury in their opener, the Comets came back strongly last week in bowing Levittown (Division Ave.), 2-0-56, and Carle Place, 79-46. All Luft paced the win over Division Ave. by scoring 28 points. Other scorers to hit double figures were Bob Smith with 23, Phil Jaworski with 13, and Vin Hannigan with 12. Other scorers in the game were George Rivas (6), Bruce Damm (4), John Lansing (4) and Rich Medina (2). In the win over Carle Place Smith and Luft led the scoring terna with 19 and 18 points respectively. All in all the Comets came through with a bang up pair of high scoring performances that saw the locals at their very best. If they continue this calibre of play, the Section I championship can "help but wind up in the "Halls of Hicksville" again this year. Ball handling is their forte and after watching the Comets in action against the Carle men we readily agree with Ed Petro's observation that "this is the best ball handling club that ever hit the town." On most all occasions they come up with a lethal scoring punch and this is largely due to the efforts of Jaworski, the Comet playmaker. He's the court "general" of this smooth working combo and when he's up the scoring machine goes into orbit. Watching him dribble down court with one hand and direct traffic with the other, sort of gives the spectator the image that Chip is a much better than average court magician. Petro rates him as a definite top-flight college prospect and after watching his tactics in both games last week, we're convinced, even at this early stage, that he'll rate a spot on the Section I All-Star team. Other Comets that rate a second look are Luft, Smith, Hannigan, Damm and newcomers Rivas and Paul Colesane. All are top notch players. With the addition of Medina, Lansing and Bob Feldcher, coach Petro can well

afford that satisfied look of contentment he displays during the games. **JV JOYS** - With a one sided 71-22 decision over Carle Place the Junior Varsity upped its season mark to 2-1 last Friday night. The Jr. Comets literally routed the opposition but this corner would have enjoyed it more if the subs took over the action a bit earlier. It looks like another good season for the locals backed up by the outstanding play of 6-3 Guy Von Wagen and John Walker. Von Wagen, the "Big Mike" Clair of JV circles, looks like a boy that will add three more inches in the next year or so. If this happens look for "Big Guy" to sit at the head of varsity coach Petro's rebounding table next fall. Other outstanding JV players are Bruce Corine, John McKinstry, Bill Mittenberg, Guy Hoberock, Larry Wesolke and newcomers Bob Pink and John McCauley. This is a fast, bustling ball club that is expected to lead the Section I pack. Their only defeat of the season came to Westbury by one point. **GAT FACTS** - By deadlocking Garden City, 26-all, last week the Comet Matmen made their record 1-2-1 for the young season. Coach Bill Roberts' prior prediction came true as the Lightweights continued to dominate their class but the heavyweights had their troubles again. By winning their first six of seven matches Hicksville piled up a good lead but saw it vanish in the closing matches. Robin Winkle pinned his man in five and one-half minute. Winkle is one of those fine teen-age wrestlers that looks and acts like the champ he is. He's unbeaten in four matches this year and has not been defeated through 30 odd bouts, going back through Junior High competition in dual meets. His only defeat was the one he suffered in the County Championship last year. Lots of good luck Robin. We hope this year's tournament will take you all the way to the top.

THE CHILDREN of members of the Hicksville Rotary Club enjoyed their annual Christmas party with their dads at the Milleridge Inn, Jericho, on Dec. 22. (Photo by Frank Mallett)

Becomes Engaged
Mr. and Mrs. Harry Walker of 53 South Lawnside Ave., Hicksville, announce the engagement of their daughter Alice, to Airman 3rd Class Frank Rogieniski son of Mrs. Julie Rogieniski of Centerreach. A party is planned for January.

Dear Santa,
I want a hashbroccofee set, Chatty Baby, Love Kim.

KICK OFF 1963
A Brief Period of Inconvenience
TO HELP BUILD A MODERN HICKSVILLE

Dear Santa,
I have tried to be a good girl. A Tammy doll and clothes, ADJ game, A Barbie game. A pair of slippers. Love Barbara

Dear Santa,
Please bring me pop the beetle, odd egg, kopeseffin, pet milkbottle, cotton candy machine, a big ball, a nice dress, Susey smart, and an organ. I am trying to be a good girl and I can hardly wait for Christmas, I am 7 years old and I am in second grade. My name is Carole. Love

Your patience and loyalty are greatly appreciated especially during this period of the Hicksville railroad crossing elimination.
We will continue to strive to provide you with our usual efficient and courteous service.
If, at times during the construction period, roads nearby are blocked, you are cordially invited to use the office most convenient to you, listed below.
Ample parking is available at each of these offices. (All your banking services can be handled at these other offices except Savings deposits and withdrawals)

More Letters To Santa

Dear Santa,
My name is Craig, I have been a good boy. If you would please bring toys and a "Big Bruiser Truck" I will be good all year long. Also, I would like a tractor and a flying dutchman. Love Craig

Dear Santa Claus,
For Christmas I want some clothes, some combs, some No 2 pencils, a play lawnmower, a big story book and anything else you want to get me. Yours truly, Billy Note: When you go to my house, Christmas Eve, Santa Clause, look by the Christmas tree, you will find a note and some money from me. Good Luck and Merry, Merry Christmas.

Dear Santa,
I was a good girl all year. Please send me following toys, 1. Tiny Heart 2. Ken doll 3. Barbie doll case 4. dish set 5. school bag. Love Nooreen, P.S. Please write back, Merry Christmas.

Dear Santa,
I am sending this letter to know if there is a real Santa Claus. I would appreciate if you would tell me. Because I have two aunts and two uncles that say there is a Santa Claus. I found this out in the paper on Dec. 21, 1962. I do really want to know. Thank you very much, P.S. If this is true I would like a model motoring set. Thank you Michael

Ten Residents Attending Ithaca

Ten residents of the Hicksville-Plainview area are members of an Ithaca College freshman class of 550, the largest in the College's 71-year history. The College, with a total enrollment of 1,730, is expanding on a new 250-acre scenic campus site overlooking the city and Cayuga Lake.

The new Ithaca students include: School of Music -- Gregg Solimeli, son of Mr. and Mrs. A.G. Solimeli, 51 Eleventh St., Hicksville.

College of Arts and Sciences -- April Canavor, daughter of Mr. and Mrs. Fred C. Canavor, Sr., 17 Ball Park Lane, Hicksville; Eilyn Baer, daughter of Mr. and Mrs. Harry Baer, 15 Willben Lane, and Constantine Stango, son of Mr. and Mrs. Robert J. Stango, 535 S. Oyster Bay Rd., both of Plainview.

Department of Speech and Drama -- Sandra Fishrom, daughter of Mr. and Mrs. Albert Fishrom, 104 Northern Pkwy., Plainview; and Salvatore Mistretta, 17 Alexander Ave., Hicksville.

School of Health and Physical Education -- Bradford Jaworski, son of Mr. and Mrs. Chester S. Jaworski, 139 S. Dean St., and Vicki Krasner, daughter of Mr. and Mrs. Jack Krasner, 3 Wildwood Rd., Hicksville; William Swartout, son of Mr. and Mrs. Willis H. Swartout, 18 Nixon Dr., and Stuart Tiegel, son of Mr. and Mrs. Harold Tiegel, 17 Beth Lane, both of Plainview.

Division of Physical Therapy -- Diana Siegel, daughter of Mr. and Mrs. Abraham Siegel, 35 Pasadena Dr., Plainview.

Grumman Awards Mean 5,000 Jobs

The two huge contracts awarded last month to Grumman Aircraft in Bethpage should create at least 5,000 new jobs in the next two or three years at Grumman and its Long Island-based subcontractors, according to Franklin National Bank.

The two job-generating contracts behind this forecast in the bank's bi-monthly letter are the \$350 million contract from the National Aeronautics and Space Administration for development of the "moon bug", a lunar exploration vehicle, and the \$750 million Defense Department TEX award to design an experimental fighter plane, a contract Grumman shares with General Dynamics.

In making its projection of the employment impact of the two contracts, Franklin stressed that both awards involved research and development work and not production. If Grumman shares in the contract for the fighter plane, some final tests in 1966, it could add thousands to the firm's payroll, the bank said. Franklin added that with the two Grumman contracts Long Island took a "giant step" toward becoming "one of the greatest experimental research centers of the nation."

Avoid Christmas Fires

Down at the firehouse, the chief and his men are looking forward to a Merry Christmas. You can help make it merry by keeping your Christmas tree firefree: the National Board of Fire Underwriters says.

The fire chief and his men--like every one else--would prefer a quiet Christmas dinner to standing out in front of a burning house, hose in hand, pouring on water.

It's no fun for the chief to hear the sound of a fire siren just as he is about to carve the Christmas turkey. Use care, and let him have a quiet dinner. At the same time, you can assure yourself of a pleasant Christmas dinner, too.

FIRST MEETING
 The Catholic Daughters of America, Court Queen of Angels, #869 will hold their first meeting of the new year on Thursday, Jan. 3 in the cafeteria of St. Ignatius Loyola School, Hicksville.

RIBBON CUTTING on a big scale featured the opening of the new Parks Dept. administration building at 800 South Oyster Bay Road, Hicksville, recently. Left to right are Town Councilman Marjorie R. Post, Retiring Town Supervisor John J. Burns, Supervisor-designate Thomas R. Pynchon and County Clerk Francis J. Anderson.

FREE GIFTS!

TAKE YOUR CHOICE when you open a new savings account with \$25 or more (minimum balance of \$25 to be maintained for 14 months)—or rent a safe deposit box for as little as \$4.50 a year, plus tax. Any one of these valuable gifts will be yours free! Only one gift to an individual while the supply lasts.

16-PIECE DINNERWARE SET

To set a beautiful table at any time—fine Sabin china, ovenproof and decorated with a colorful pattern. Service includes: 4 dinner or luncheon plates, 4 dessert or vegetable dishes, 4 cups and 4 saucers.

LEE-O-LITE TABLE LAMP

Decorator lamp of graceful contemporary styling with handsome polished walnut shaft and brass finished filigree base, harp and finial. Shantung over parchment shade, sturdy 3-way switch. Over-all height 22".

UTILITY CLUB BAG

Ideal for sports use or short trips. Made of vinyl-clad Texon®, it looks like rich saddle leather and won't chip, peel or crack... shrugs off any weather, resists scuffing and scratching. Easy-grip double handle, brass finished hardware, heavy duty zipper and lock.

BEACON "SEA ISLE" BLANKET

Light and soft and 72 by 90 inches big. This famous blanket is woven of 10 percent nylon for strength, 90 percent rayon for warmth and beauty. Allergy-free and moth resistant. Bound in shimmering rayon satin.

FIRE-KING ELECTRIC CASSEROLE

Bake, serve, reheat—all in the same dish and right at the table! Casserole dish can also be used for storage. Comes complete with transparent knob-handle lid; is guaranteed for 2 years against oven breakage. Electric unit has safety rim; is UL-approved.
