Damage Estimate \$125,000:

Fire Sweeps 5th Floor of Gertz

NOT MUCH TO SEE from the outside of Gertz except smoke out of roof and water streaming down the sides of the 5 story building. However, firemen inside had their hands full with a raging inferno on the top floors. (Herald Photo by Frank Mallett)

The outbreak of destructive fires which ripped across Long Island and the nation to herald the New Year took its toll in Hicksville there the six-year-old Gertz store suffered a loss conservatively estimated at \$125,000 Wednesday. The volunteer firemen answered more than 30 assorted alarms from Dec. 28 to Jan 2. A home on Tudor Road was severely damaged. (See other story on page 2).

Westbury and Jericho firemen joined Hicksville under the command of Chief Walter Telender to fight the stubborn fifth-floor stock room fire in Gertz. The heat of burning foam rubber, carpeting and other goods set off the 160 sprinklers in the windowless building and as a result water damage was complete from the roof to the basement.

More the 125 firemen were on the scene. The first alarm sounded at 2:52 p.m. and was immediately followed by a second call. At about 4 o'clock in the afternoon, the public address system at Grumman Aircraft advised Hicksville volunteers that their services were needed at the scene and they were released from their jobs.

It was eight o'clock at night when the equipment returned to headquarters. Three men were stationed in Gertz overnight, ready with charged lines of water, in case of a flare up.

The Hicksville Chief called upon Plainview, Bethpage, Levittown and East Meadow for use of flood lighting, refills for airpicks and chemicals. An immediate investigation to determine the cause was launched by the County Fire Marshall's office.

No one was injured although at least one volunteer suffered from an overdose of smoke. All employees in the big store were evacuated without mishap and most of the pets on the top floor were saved, although there was a heavy toll among pet birds.

The very nature of the building's construction hampered the volunteers. It has windows on the ground floor and a few on the third floor in the executive suite. The rest of the structure is solid walls. With power turned off, the volunteers had to walk up five flights to reach the blaze although the new aerial truck of the hook and ladder co. 6 reached to the concrete roof.

No photographers or spectators were permitted within the structure. As the fire came under control, fire officials said they had trouble with store employees seeking to re-enter for various reasons.

Freezing Temperature

Several hundred shoppers gathered to watch the firemen at work in the freezing temperature. Some of the tons of water released flowed down the outside of the building creating an extra underfoot hazard for the firemen entering the building.

Two hours after the fire broke out the dense smoke which had blanketed the entire Shopping Plaza had diminished.

The estimate of damage was made by Chief Telender but \$125,000 was considered conservative in terms of stock damage and loss of sales. However, at that figure it would not be the most expensive fire in the history of Hicksville but was most certainly

Estimates of when Gertz will be able to reopen with full scale activity were dependent today upon the clean up of the premises and completion of insurance appraisals, a spokesman told the HERALD at press time. He indicated it might be several days at least. Gertz's daily sales run into tens of thousands of dollars. There are 300 employees.

the highest on record.

Jericho, beside providing men and equipment at the fire scene also sent equipment and men to stand-by at the Marie St. fire headquarters in case of another alarm from some other part of the community.

Although Wednesday night radio newscasts said the Gertz store would be open for business Thursday morning, the building was posted and under guard and only authorized personnel were permitted to enter. No spokesman could be reached at press time to estimate when business would resume. A tour of the building revealed the heaviest damage on the fourth and fifth floors with extensive water damage throughout and there was concern that the freezing water on the exterior of the building might damage the walls.

William A. Minciel, 18, son of Mr. and Mrs. William A. Minciel of 149 Wilfred Blvd, Hicksville, completed two weeks of active duty recruit training for naval reservists, Dec. 29, at the Naval Training Center, Great Lakes, Ill.

Numerous Holiday Fire Calls

Last year at this time the community was being congratulated by the Hicksville Fire Dept. for having passed thru the entire period from Christmas to New Year's without a single fire call. Such was not the case this season.

Damage estimated at \$15,000 was caused to the residence of George Delithanakis at 2 Tudor Rd. on Tuesday afternoon. The alarm was sounded at 2:48 and the vamps returned at 5:02 P.M. More than 100 men were at the scene.

Other alarms during the past week were: On Dec. 31 - Oil burner investigations at the Legion Hall, 27 Walnut Lane, and 8 Mack Ave. Also a burst water pipe at 2 Columbia Rd. and an electrical fire at 11 Vincent Road. An electric motor on fire at Fairchild Camera on Bethpage Rd. called out the volunteers at 12:42 AM. Hicksville also gave an assist to Jericho at Udal Drug Store at 307 North Broadway on Dec. 31.

On Dec. 30 the firemen had a

chimney fire at 319 Old Country Rd. and another at 23 Meadow Lane.

Forty men from Hicksville went to Westbury with three trucks at 10:47 P.M. on Dec. 28 to help Westbury fight a lumber yard fire, returning home at 3:30 AM.

There were miscellaneous broken mains and flooded cellars on Jan. 1.

Topped off with the Gertz fire on Wednesday, Chief Walter Telender had this comment to make: "What a way to start the new year".

Resident Was on Ill-Fated Tug

Robert Nolan of 44 McAllister Ave., Hicksville, is one of eight missing crew members of the ill-fated tug, Gwendolyn Steers, which is believed to have sunk in Long Island Sound.

Nolan was the mate on the tug which had a crew of nine. Police and Coast Guardsmen were searching the ice-bound north shore for the bodies of the eight men. One body was washed ashore in the missing tug's lifeboat.

The tug apparently foundered and sank after it became covered with tons of ice off Northport.

The tug had carried barges to Manhattan and was returning empty to Northport when the disaster happened.

The search for the men continues but the Coast Guard says they're presumed lost.

Nolan has a wife, Eileen, and two children.

Dear Lynda:

Did you know? The MID ISLAND HERALD back issues are on microfilm at Hicksville Public Library for the years 1956 thru 1961 and 1962 is currently being processed. The PLAINVIEW HERALD is also on microfilm, from the first issue, at Plainview Public Library.

Directors of Hicksville Chamber of Commerce meet this Friday morning, Jan. 4 at the Seaman and Elsemann meeting room. . . . Among the victims of the high winds earlier this week were the sign in front of Martell's (Little Inn) at Broadway and First St. and the show window of Peter and Wendy shop at Broadway and Nicholas. . . .

Sincerest sympathy to Mr. and Mrs. WILLIAM BRUNO upon the death this week of Mrs. Bruno's father, a resident of Mineola. . . . Belated birthday greetings to LEON GALLOWAY, Senior High School Principal, on Christmas Day. . . .

Members of Hicksville Rotary at their last meeting heard an interesting report from DICK SOLLNER, former resident who has moved to Flemington, New Jersey. He has become quite an expert on poultry. The Rotarians gave away 16 gift certificate Christmas baskets this year under the chairmanship of MARK MADDEN. . . .

WILLIAM A. Bruno Jr. and the Rev NAPPI are scheduled to tape a discussion on "The Power of Selection of Text Books" before the microphone next week for a subsequent broadcast. . . . Hicksville School Board has called a special meeting for this Saturday to work on the 1963-64 budget. The next regular meeting takes place on Friday night, Jan. 11. . . . Tragedy was narrowly averted at the home of JOHN MAHER, principal of the new Willet Ave School, recently when the Mahers' small child was involved in a freak accident. The youngster was apparently climbing a backyard tree when part of his head gear caught on a limb and he was almost strangled. Quick work by his mother, a nurse, who applied mouth to mouth breathing probably saved his life. . . . The signs are posted at the PO giving fair warning that starting Jan. 7 you'll have to put a five cent stamp on first class letters and lay out four cents for a "penney" post card. . . . WALTER SCHREIBER, former member of the School Board, faces a long period of recovery. His right leg was broken in three places the other night in an accident on Plainview's Road. He stopped to visit a friend and was just getting out of the car when another vehicle bore down and hit him. He was taken to Plainview's Central Hospital but at this writing he is probably at his home on Suggs Lane. It will be many months before the cast is removed. . . . At this time when so many folks are complaining about lights stolen from their outdoor decorations, the following is interesting: About 30 years ago, Water Commissioner GEORGE A. KUNZ of 17 Spruce St., Hicksville, bought a set of Christmas bulbs, a yellow pineapple design has burned consistently for the 30 odd years. It has just been placed away again for the next season and as far as the Kunz family is concerned the light will shine forever. . . . The new Willet Ave School opened on schedule, Wednesday morning. . . . We heard unofficially this week that the Hicksville Post Office, one of these days, will relocate on West John St on the Kroemer Seed property. . . . FRED SUTTER is telling people that he will again be the Democratic candidate for Town Councilman in the fall, although it appears to be news to the party leadership. . . .

Pope John Honors 32 Priests

The Most Rev. Walter F. Kellenberg, DD, Bishop of Rockville Centre, on his return from Vatican Council II in Rome announced that Pope John XXIII had honored 32 priests of the Diocese. Among 26 raised to the rank of Domestic Prelate with the title of Right Rev Monsignor were the Rt Rev Msgr Martin O'Dea, pastor of Holy Family Church in Hicksville, and the Rt Rev Msgr Joseph W. Hack, former curate of St. Ignatius Church in Hicksville.

The Rt. Rev. Msgr. O'Dea was born in County Clare, Ireland in 1900. He studied at the National School in Tullbrack, Franciscan College, County West Meath, and All Hollows Seminary, Dublin, from which he was ordained on June 20, 1926.

Monsignor O'Dea arrived in the United States in August 1926, and was appointed to St. Mary Magdalene Church, Springfield Gardens, where he served until 1937 when he was transferred to St. Raymond's, Lynbrook.

In 1951, he was named founding pastor of Holy Family where Mass for his 1,400 families was said in the Meadowbrook Theatre, Mon-

signor O'Dea built the present church in 1953 and it now serves 3,000 families. A school was constructed in 1960.

He is a Pro-Synodal Judge and Examiner and also a member of the Diocesan Commission for Sacred Liturgy.

Monsignor O'Dea has a niece, Sister Mary Martin of the Order of the Immaculate Heart of Mary, who is principal of a grammar school in Coer d'Alene, Idaho.

The Rt. Rev. Msgr. Hack, pastor of St. Boniface R.C. Church, Elmont, was born in 1896 in Brooklyn. After studies at St. Leonard's and St. Barbara's Schools in Brooklyn, he entered Cathedral College in 1912 and graduated in 1918. He completed his studies at St. John's Seminary, Brooklyn and was ordained Dec. 22, 1923.

Monsignor Hack holds several diocesan positions. He is chairman of the Board of Parish Priest Consultors, Deputy for Temporalities and member of the diocesan Cemetery Board.

His first assignment was as a curate at St. Ignatius Church. He also served as a curate at St.

Pancras, Glendale, and St. Catherine of Siena, Franklin Square, before receiving his first pastorate in 1948 at St. Boniface.

Kunz Puts His Finger in Dike

On Monday, the eve of the New Year, Hicksville School Board Member George W. Kunz had a day off from his business and decided it would be a good day to make a tour of the new school areas scheduled to open on Jan. 2.

With the temperature hovering around ten degrees and the wind whipping up to gusts of 60 miles an hour, he, along with School District Building Consultant Robert Petross and Business Manager Anthony Gorczycki, made a tour of the new Willet Ave. School, the new Plantz Gym at East St. and the ten-room addition to the Senior High School.

As they were proceeding through the new gym area at East St., Kunz heard a strange noise which sounded like a waterfall. At the same time, Petross noticed some water seeping onto the brand new wood flooring which had been made ready for the school opening. It was immediately detected that two water lines had frozen and burst in two places adjacent to the gym area. The water was promptly turned off.

Apparently, the water lines had burst just minutes before the trio came upon the area. Since none of the Contractors men were on the job that day and the gym was closed off from the rest of the school area, the water might not have been detected for hours and maybe not until the opening of

school two days later because of the holiday. In that case East St. would have had a swimming pool instead of a new gym.

Some years ago a some what similar incident in the newly opened Senior High School went undetected and caused damage estimated at about \$26,000.

Supervisor Pynchon Outlines Program

Statement of Policy by Supervisor Thomas R. Pynchon at Special Town Board Meeting held January 1, 1963

The past five years have been years of signal progress for the Town of Oyster Bay and its people as the Town Board, keenly aware of the need to meet the challenge of growth, has enthusiastically brought new and meaningful leadership to the role Town Government plays and the responsibility it has, in the initiation of new programs to advance the cause of better living. The efforts by the previous supervisor in this direction have been outstandingly successful. As one who has assisted him in various stages of planning I am fully conversant with his admirable efforts.

Now, as I assume the duties and responsibilities as Supervisor of the Town of Oyster Bay, I believe at the outset it is not only my responsibility to tell the people of the Town, but it is also the right of the people to ask what I propose as I begin my term as chief executive.

As we commence 1963, the Town Board's stated policy of "Forward-By-Plan" will be maintained and carried on. I shall strive with all of the vitality, enthusiasm and imagination I can muster to broaden and expand this concept as that 1963 will mark the beginning of a new era of enlightened progress in the municipal sector.

ZONING AND PLANNING -- I am dedicated to the principle that the Town Board has not only the right but the responsibility to plan our communities' future. I firmly believe that the single most important facet of Town government is the area of Zoning and Planning. This is where the pattern of the Town's orderly growth and development is set and this is where the administration can and will, do its utmost to protect the homeowners and taxpayers. The Town Board will vigorously resist any changes sought that will redound to the benefit of a few to the detriment of all. The Town's Comprehensive Zoning Plan will be improved and strengthened as we move forward in 1963.

CONSERVATION -- The Long Island Wetlands Act of 1959, developed and enthusiastically supported by the Oyster Bay Town Board, set the conservation pattern for Nassau County as well as the entire State by permitting a partnership arrangement between State and local municipalities to guarantee preservation of natural resources. I pledge continuing leadership in this field so that the Town of Oyster Bay's long-standing heritage of conservation will be preserved and maintained. I pledge a further enlargement of our south shore wetlands conservation program which has proven to be of inestimable value to our marine and wildlife. The conservation of certain suitable areas of our north shore will also be undertaken. I also pledge my full support to the Van Lare Committee's efforts to prevent pollution of our underground water supply.

INDUSTRIAL EXPANSION -- The need for planned, desirable industrial complexes in our Town to create new job opportunities, promote economic stability by providing broader assessments for school districts and other municipal components is generally recognized and accepted by our people. The objectives in this phase of our program are meritorious but we

must never forget that in striving to attain these goals we do not act in a manner that would pre-empt undesirable and unwanted changes in our Town's pattern of orderly suburban growth. In this area of Town government I pledge, together with the Town Board, maximum vigilance to prevent over-industrialization. We will proceed circumspectly, keeping foremost in our minds the fundamental objective to create a practical balance between residence, business and industry so that each may reap the benefits from the other.

INTERIOR PARKS AND RECREATION -- I pledge full implementation of the second phase of the Town's Comprehensive Park Development Plan patterned after the highly successful Plainview-Old Bethpage Community Park. The introduction of large self-supporting swimming pool complexes and allied recreational facilities to serve the communities across our Town will provide needed recreational advantages for all residents. These park facilities, joined with our existing more than 125 small neighborhood parks, will give our Town, within the next three years, an interior park system second to none. This concept fully embodies the Town Board's "Forward-By-Plan" policy. I pledge my full dedication to this program.

WATERFRONT RECREATION FACILITIES -- We are extremely fortunate in having eleven fine beaches on the north and south shores of our Town. A development program initiated some years ago, in which annual improvements were made to these waterfront recreational facilities, will continue to remain in force. This has proven to be a sound policy as improvements are made within budgetary provisions, thus preventing heavy outlays of funds in any one given year.

SANITATION SYSTEM - INCINERATION -- The farsighted policy of constructing a new incinerator in 1956, despite partisan opposition, has paid off by eliminating what would have been a most serious garbage disposal and health problem. It is now incumbent upon us to begin another review to establish a policy for future garbage disposal operations in the Town. Continued long-range plans in this field of municipal responsibility is vital to the well-being and health of our homeowners and taxpayers. I pledge this area to position us to successfully meet our garbage disposal requirements in the future.

DRAINAGE - HIGHWAYS -- The Town-wide drainage program has two major objectives -- to control storm water run-off and to replenish our underground water supply by directing storm waters into re-charge basins. This program will be expanded in 1963. The Highway Department will continue, under its permanent road improvement program, to direct its attention toward the improvement of primary arteries where necessary and the re-surfacing of residential areas. The road program, wherever possible, will be tied in with planned drainage projects. On major arteries, where road widenings require the removal of existing trees, the Highway Department will embark on a tree-restoration and planting program.

FINANCIAL RESPONSIBILITY -- Responsible fiscal policies by the Town Board have maintained the

Town's fiscal integrity and excellent credit rating. I pledge all possible effort to relate the capital expansion program to increased assessed value so as to maintain the enviable low bonded indebtedness position of the Town. Necessary programs and projects will be initiated in priority order at the least possible cost to the taxpayer.

In the months ahead, as we strive to attain the objectives inherent in this policy statement and set down additional goals, I will make every effort to give our homeowners and taxpayers complete information so that they will have a better understanding of what we are trying to achieve.

HERALD READER OPINION ONE LESS TREE

To the Editor:

It is very sad thing when even the lights on the outdoor Christmas trees are not safe from the youth of today.

We decorated our tree, for the enjoyment of others, as well as ourselves only to have lights stolen -- not once, but twice.

The first time we replaced them and made no comment. However, on New Year's Day in the early evening, while we were at home with the lights on and our car in the driveway these brazen delinquents stole every light within five feet of the ground. Such actions cannot be ignored and we reported the theft to the Police Dept.

As far as we are concerned there will be one less tree decorated next Christmas, and we would suggest that parents in this neighborhood look into the activities of their children.

A dispirited resident of Spindale Road, Hicksville.

Coming to Hicksville

BUT ONLY AS A MODEL is this proposed new Nassau Transportation Center advocated by Nassau Franchise Director Edward J. Morris of Hicksville (right). The model is being exhibited for the month of January in the Hicksville office of the Meadow Brook National Bank at Jerusalem Ave. and Newbridge Rd. General Joseph A. Singler, center, Nassau County Civil Defense Director, and Jack D. Fennell, chief of CD transportation services, are interested in modernization and improvement of public transportation to increase CD capabilities. The proposed center would provide helicopter service on the top deck. (Office of Civil Defense Photo).

Library Corner

The volume of children's books published each year has grown to an incredible figure. Various estimates given for the past few years ranged between 1600 and 1800 per year. Though it is hard to believe this fact, it must be reckoned with by parents, teachers and librarians alike. Obviously they are not all of equal quality nor of equal utility in the home, classroom or school library, and public library alike. Of the titles that were published between July 1, 1962 and December 31, 1962, (about 1275 in all), some are more worthy of inclusion in one of these libraries than others.

At home, where books live a more peaceful life than they do in a public library, more fragile editions can be bought. For the youngest child, there is the "Shell Library," which includes four tiny books written and illustrated by Maurice Sendak: One was Johnny is a counting book, to ten and back in rhymes; Alligators All Around is a complete and original alphabet book with most unusual words to go with the letters; Chicken Soup With Rice has a lively nonsense rhyme for every month; and Pierre is a moral story about Pierre who "learned to care". Each volume is 2 1/2x4", and is boxed as a set. A perfect book to have around for next year at this same time. If the new Night Before Christmas, illustrated most charmingly by Grandma Moses. It is a very large book which will have to be replaced many times in any but a home library. Another beautifully illustrated book is The Snowy Day by Ezra Jack Keats. It is again for the very young child, and tells the story of a little boy's delightful time on a winter's day. Done in lithographs, this book will be in the public library too. A most extraordinary book in the picture book class is Wingin' and Toppin' by Evans G. Valens Jr. The story of Topple, a flying fish, is done in a text which is poetic. Besides this however, are the more remarkable block print illustrations by Clement Hurd.

Certain books of the "reader" or "primer" class have always belonged in a school library. However, with the increasing numbers of children in the classrooms, many school libraries have not been able to supply the demand for this type of material. Indeed, in many schools in the country, the library is only used as such part of the time. The remainder of the day it is used as a classroom. To meet this problem, the publishers of juvenile literature have been bombarding the book trade with many "beginning to read" books. Sometimes they are called labors-

tory books. The publishing houses have even invaded the non-fiction fields of science and social studies with this material. They are, in many cases, oversimplified in text, and where is an obviously controlled vocabulary, they can be unimaginative. That is, there may be a need for so many of them as teaching aids, but only the best are purchased in public libraries. A few of the latter are described as follows:

In the "reader" category, You Read To Me, I'll Read To You, by John Ciardi is a fine example of poetry written in a basic first grade vocabulary. Come And Have Fun, by Edith Thacher Hurd is a lively moving story in rhyme which succeeds because of its illustrations. In most series of this kind the books range in quality, so that one publisher offers I Was Kissed by a Seal at the Zoo by Helen Palmer, which has very good photographs of children and animals and an adequate text (for 199 words). However, The Big Honey Hunt, by Stanley and Janice Berenstain is not especially interesting or attractive, as illustrated by Roy McKie has good illustrations but poor text.

With the growing emphasis on the sciences in the lower grade, public libraries have had to consider purchasing easy to read books in this field. Of the better ones, there is The Big Dipper, by Franklin M. Branley, a well-qualified writer in the field of astronomy; Look At Your Eyes, by Paul Shwartz, a wonderful story of a child's discovery of the uses and wonders of the eye; and Seeds by Wind and Water, by Helene Jordan, a good treatment of plant growth. For school or classroom libraries, there is Starfish, by Edith Thacher Hurd, How Many Teeth, by Paul Shwartz, for kindergarten and first grade. For the second grade What Makes a Shadow, by Clyde Bulla would be very useful.

"Let her go, John. . . I'm sure they're just ignoring the doorbell."

Hi, Neighbors

MURIEL SUGARMAN

JERICHO HADASSAH is planning an interesting afternoon luncheon-card party, at the Golden Meadowbrook, Jericho Turnpike, Jericho, Wednesday, Jan. 23rd, from 1:00 A.M. to 4:00 P.M. The perfect place - most conducive to relaxation and enjoyment. ALL this for a contribution of \$2.95.

For your luncheon-card party reservations, please call: Diane Eder - OV 1-2438 or Harriet Liebowitz - WE 1-5351.

The Jericho High School P.T.A. will hold its meeting on Wednesday Evening, Jan. 16th, at 8:15 P.M., at the High School, Dr. Louis A. Rosasco, Curriculum Co-ordinator of the Glen Cove School District will speak on "Modern Trends in Education". Question and Answer period will follow.

It is with much sadness that we record the untimely passing of Sonya Greenspan of Hazelwood Dr. Our sincere sympathy to her husband and children.

Happy anniversary to Millie and

Jack Sloan of Hedgrow Lane. Hope Jack is feeling better and that all the misfortune that they had in 1962 will be over.

Birthday greetings to Civic President George Frankel, Margie Eisenberg, Sam Resnick, Alan Resnick and Victor Periberg. Barbara Kahn celebrated her sweet 16th birthday.

Congratulations to Sylvia and Sam Beck of Village Drive on daughter Andrea's Christmas wedding.

Get well wishes to Millie Turkell of Maytime Drive.

Sincere sympathy to Al Gurman on the passing of his beloved father.

Congratulations to Evelyn and Charles Smith on Barry's Bar Mitzvah.

To all our friends and neighbors, may the New Year bring health, happiness, prosperity and peace on earth.

President's Corner

By George J. Frankel

It is customary at this season for the President of an organization to review its accomplishments during the past year. But, since all the readers of THE VILLAGER are constantly kept abreast of the latest developments of community news, and of the many facets of activity of the Birchwood Civic Association, I have been trying all weekend to find an original way to express my New Year Greetings. As those of you who have read this far are well aware, I have not met with much success. The Editor of this newspaper, being an efficient executive and a dedicated soul, has called me regularly three times a day since Friday, to remind me that the deadline is getting closer and closer, and that time is marching on.

I thought perhaps that on New Year's Eve, with a few highballs to cheer me up, that I would at last find an inspiration. But such did not prove to be the case. So, although I wish that 1963 will bring an end to the Floyd Bennett Incinerator Problem, that our Entrance Gates will become a reality, that our School Boards will find a way to solve all of my problems without a resulting increase in our taxes, that TOBAY will present us with no zoning problems, that our laws will not die in the summer nor our pipes freeze in the winter, that the Civic Association will add new and greater accomplishments to its already impressive record, and that many new faces will volunteer to help us in our efforts, I have found no better way to express it than the age-old phrase:

"HAPPY NEW YEAR EVERYBODY!"

A shine can be removed from woolen clothes by sponging the garment with a solution of one teaspoon ammonia to a quart of water. Always press on the wrong side.

RALPH DIAMOND, has been named Jericho Republican Zone Leader. Executive Leader Edward Poulos, announced the appointment at a meeting of the Republican Committeemen and block captains at the Four Seasons Country Club. Diamond, an attorney, is well known in Jericho and surrounding communities for his many civic, charitable and service activities; President of the Birchwood Civic Association and Founder of its youth program, Chairman of the Jericho U.J.A., a founder of the Jericho B'nai B'rith, Commissioner of the Jericho Softball League, Jericho Little League coordinator, a Founder of the "Villager".

As a founder and first President of the Jericho Republican Club, he has awakened and created an interest in the Republican Party in a most difficult political community. The alert, vigorous and aggressive activities of the Jericho Republican Club, under his leadership, has earned the respect and admiration of members of both political parties.

Parent League Meets on Jan. 9

The Jericho Chapter of the League for Parent Education will hold its next meeting at the home of Mrs. Samuel Lambut, 18 Magnolia Lane, Jericho, on Wednesday evening, Jan. 9, at 8:30 P.M.

The aim of the League, a non-profit organization, is to build good child-parent relationships. The monthly meetings consist of group discussions led by a qualified psychologist. The content of discussions is determined spontaneously by group members. They range from such topics as thumb-sucking to teenage smoking.

New members are cordially invited to attend. For further information call Lorraine Ritter, WE 8-2617.

Moment of Decision

The Men's Club of Temple Or Elohim of Jericho will present "Moment of Decision" at its regular monthly meeting Wednesday.

The presentation, sponsored by the New York Telephone Co., depicts the most recent advances in scientific communication and steps this country is taking to defend itself against attack.

President Bert Benjamin and chairman Dr. Jack Schuman invite all those interested to attend at 8:30 p.m.

Education Talk

A discussion of modern trends in education will be held by the Jericho High School Parents Teachers Assoc. at the High School Jan. 16.

Dr. Louis A. Rosasco, Curriculum Co-ordinator of the Glen Cove School District, will be the speaker. A question and answer period will follow.

Money may not buy happiness, but it sure helps you look for it in more interesting places.

Winter Carnival For Girl Scouts

Sparkling smooth ice swaled the 800 Girl Scouts who came streaming into their Camp Edey at Bayport, on Thursday Dec. 27th, for the 15th Annual Winter Carnival. A Salute to the Flag Ceremony started proceedings shortly after 10 a.m., and an official flag lowering ended the carnival at 2 p.m., as darkening snow clouds gathered.

Miss Eleanor M. Hester, Year Director of the camp, pointed out that the Girl Scouts were not only honoring their own country but were also honoring the flags which were flying below the Stars and Stripes for this special day - the Canadian Flag which was taken down by Miss Sue Innes, Ontario, Canada, which was a symbol for all the Canadian Girl Guides which had been sent to the camp, was lowered by Miss Bonnie Cohen of Cedarhurst who was glad to represent the four young ladies from Sweden who are now back in their own country after serving Camp Edey as summer counselors in 1962. Miss Barbara Goodman, Levittown, Miss Shirley De Roc, Sayville and Miss Lynne Erickson, Wantagh represented the U.S.A. in the Honor Guard.

Thirty Summer Counselors returned to assist in the Program. The activities were planned by Miss Ruth Tergesen who is a Physical Education Teacher at Bellport High School and assisted by Mrs. Robert Walsh of Hicksville both of whom were summer directors. In addition to the Ice Races led by Miss Martha Young of Huntington and Miss Sue Baumann, of Farmingdale, there was Winter Sketching directed by Mrs. Wilma van Rikoor of Sayville; Get Acquainted Hikes led by Miss Dorothy Bogel, Bayport and Farmingdale; Seniors: Folk dancing and singing led by Miss Elsie Dinevig of Blue Point.

Named Leader Of Art Exhibit

Mrs. Louis Hoebell, 30 Terrace Place, Hicksville, has been appointed Co-Chairman for the art exhibit of the Long Island Branch of the National League of American Pen Women, Inc., to be held in the Palm Lounge of the Garden City Hotel, from Jan. 13th to 24th. The opening reception and tea will be held on Sunday, Jan. 13th, at 3 p.m. Oil paintings and water colors will be on display. This is a judged show.

The members of this League are professional painters, writers, poets and composers, with Branches in all the major cities in the United States. The League was organized in 1897 by several writers (among them Longfellow's niece) and one artist; Margaret Sullivan Burke becoming its first president. It has since grown and has its headquarters at the Pen Arts Building (Tod Lincoln's former home) in Washington D. C. Its membership numbers almost 6000 professional women in all walks of life, in the United States, Hawaii and the Canal Zone.

Both Mrs. Hoebell and Mrs. John Wenck of Jericho are on the art committee and are showing paintings at this exhibit.

FIFTY TWO CHILDREN of the newly established parish of St. Paul of Apostle, Muttontown, received their First Holy Communion, on Dec. 23. The children were prepared through an instruction program instituted in the homes of the teachers residing in the parish. Since the founding of the parish, last June, six Masses are offered on Sundays and Holy Days, in the Mid-Inland Shopping Plaza, Hicksville. The Rev. Daniel J. Potterton, Pastor of St. Paul's has announced that two additional Masses will be offered at the Jericho Fire House at 11:00 and 12:15 beginning on Sunday, Jan. 13th.

The Rev. Daniel P. Ryan is Assistant Pastor.

Auxiliary News

By Cynthia Hochbrueckner

With the start of the new year, the Charles Wagner Post #421 American Legion Auxiliary is once again striving to build up their membership. We want everyone to know our American Legion Auxiliary, because we who are members are very proud of our organization.

There are more than 900,000 women enrolled as members, making the Auxiliary the largest patriotic organization of women in history. All members are women of war-service families or women who themselves served in the Armed Forces during the war.

When a new member enrolls in the American Legion Auxiliary

new horizons of interest, activity and friendship open up before her. She discovers that she is a part of a great national endeavor and finds herself doing work which gives a sense of worthwhile accomplishment - work which creates warm friendship based on common interests and efforts. Perhaps you think you have no special talent or unusual skills, but this may be because you never have had an opportunity to prove yourself. We are constantly in need of women with talent and skills.

Some of the important activities the Auxiliary is involved in are:

1. The rehabilitation of disabled veterans - this is a vast and many sided program which brings comfort and aid to hundreds of thousands of veterans annually.
2. Child Welfare has become one

of the most extensive activities and includes work to improve conditions for all children, 3. Community service to help build a better America, 4. Americanism to safeguard and pass on to our children the principles of justice, freedom and democracy, 5. Civil Defense for peace and security.

There are many other important activities carried on by the American Legion Auxiliary but in order to do all these jobs well, one of the most important things is membership.

The Charles Wagner Post #421 Auxiliary invites any eligible woman to come out and get acquainted with us and our program. Meetings are held on the first Friday of the month at the American Legion Clubhouse, 24 E. Nichols St. For any other information concerning membership call this year's Chairman Mrs. Anna Brenkel, WE 1-8325.

Our thanks to Bill Moran, Mike Znack and Jack Mulligan for their hard work in putting together another successful Christmas Party for the members children. This annual visit from Santa is a pleasure to attend if only to watch the children. Attending members availed themselves where help was required. Mostly needed was help at the refreshment table. Regardless of their appetites our little guests behaved like ladies and gentlemen. Young and old had a good time and we look forward to welcoming them again next year.

For those that Santa forgot this year in the form of a bonus, holders of G. I. Insurance can look forward to one in the form of a dividend payment this month. The Veterans Administration is making an eager effort to get this payment to you. Three-fourths of all the checks are expected to be in the mails by mid-January.

It was nice to hear that George Kramer came home from the hospital in time to be with his family for the holidays. But the distressing news that his son, Matthew, was hospitalized immediately after an eye operation was not. However, like his father, Matt made it home too and the family was together for the holidays.

Don't forget our annual dinner and dance to be held this February 16 at Milleridge Inn. Tickets can be obtained from Bill Frohnhoefer or myself. The price is \$16 per couple and well worth the price. Reported in the "Dear Lynda" column was the item that the Amvets have bought a clubhouse on Barclay St. Lots of luck fellows.

PREVENT WINTER DRIVING WOES

The National Safety Council says: Always carry a pair of reinforced tire chains ready for use when needed during severe snow or ice conditions. They help avoid skid-wrecks and prolonged traffic delays. Police say chainless vehicles are responsible for chaotic traffic tie-ups.

Engaged

Jeannette Arnold

Mr. and Mrs. Gene Arnold of 75 Harrison Avenue, Hicksville, announce the engagement of their daughter, Jeannette, to Ivars Bernberis, son of Mrs. Jakabs Caune of 21 Regent St. Hicksville and Mr. Arvids Bernberis of Riga, Latvia.

Miss Arnold attended Cortland College of Education, Cortland, New York and is now a student at Hofstra College. Her fiancé is an engineering major at Dartmouth College where he is treasurer of Alpha Chi Rho Fraternity and secretary-treasurer of the Dartmouth Society of Engineers. Both are 1960 graduates of Hicksville High School.

12 New Factories Here in Year

The Hicksville-Plainview area holds a prime position in the area of industrial growth. It was developed by two sources this week.

The Long Island Lighting Co. News for December in a breakdown of new plants locating in Nassau and Suffolk revealed that during the past year 12 out of 58 in Nassau located in Plainview. Four set up for business in Hicksville.

The Nassau County Planning Commission released a report on tracts zoned for industry which had Hicksville third on the list with 557 tracts and Plainview fourth with 351.

Land used for industry within industrial zones places Hicksville second on the list with 382 acres and Plainview fourth with 351.

Land used for industry within industrial zones places Hicksville second on the list with 382 acres and Plainview sixth with 148.

The communities which can be expected to have the most intensive industrial growth because they have the most vacant land for industry placed Plainview fourth at 161 acres and Hicksville seventh with 89 acres. Old Bethpage rated a separate listing with 70 acres. Bethpage, probably because of the vast area of Grumman Engineering Aircraft Corp was second in tracts zoned for industry at 713, first with land used for industry at 423 acres and second for communities that can expect intensive industrial growth with 236 acres.

No new plants for industry were listed by LILCO News for Bethpage this year.

Pre-Files Higher Per Pupil Aid

Assemblyman Edwin J. Fehrenbach announced at Albany on Dec. 11 the pre-filing of a measure which would increase the ceiling on State Aid for school operating expenses to \$580 per pupil.

In announcing this amendment to the 1962 Diefendorf bill, Assemblyman Fehrenbach said, "School districts which are making an unusual effort to provide educational programs of high quality should not be penalized. The present ceiling of \$500 is far below the operating expenditures of such districts. It was based on median school district expenditures for 1960-61 of \$492. The comparable figure for 1961-62 is \$504 and for 1962-63, the year we are in, would be higher still."

"However, by definition, half the school districts in the State spend more than the median. Data for 1961-62 shows that one-quarter of the school districts in the State had operating expenditures of more than \$581 per pupil."

Code Dialing Hits New York

Area code calling from New York City telephone users dial the Nassau-Suffolk area code — 516 — followed by the local Nassau or Suffolk number and the Westchester area code — 914 — followed by the local Westchester number.

HEAR TECH SPEAKER

The Hicksville Junior High P.T.A. is having a meeting at the junior high on Jan. 7. The topic under discussion will be "College Is Not the Only Key to Success."

The speaker is Richard Klett, principal of the Technical and Trade Training Center. He will discuss the need for technical experts and the need of taking a realistic look at children and their abilities.

With area code dialing New York City telephone users dial the Nassau-Suffolk area code — 516 — followed by the local Nassau or Suffolk number and the Westchester area code — 914 — followed by the local Westchester number.

"This makes the dialing of all calls to points outside of New York City uniform," the spokesman said. "Nassau customers will help, too, if they will include the 516 when they give their number to New York City callers," he added.

A 12-year-old Britisher, Charles Freville-Heygel, won a cake-baking contest. Defeated 10 other competitors including his mother.

COMETLAND

by JOE KOERNER

THE NERVOUS WORLD OF A BASKETBALL COACH—Take football or basketball for an example. If time is running out and the team is down a few touchdowns or a half dozen runs, a coach can always turn off the nervous system and relax a bit. "So what," he might say, "we'll cop a win the next time out." Of course these sports can have their moments of acute gastritis too, but most of the time it's nothing compared to what a basketball coach goes through. The game of basketball is a helter, skelter sport, where the tide turns often and the scoreboard lights up like a tilted pinball machine in a Nevada drug store. It's two for you and two for me, and so on through four eight minute quarters. This is just about the way things went at the recent "Clarke Invitational Tournament," held last Thursday and Saturday in East Meadow. It was a four-team battle between East Meadow, Clarke, Great Neck (North) and Hicksville. All went well for the loyal members of the CRF (Comet Reeling Fraternity) during the elimination trials on Thursday night. The Northmen stopped Clarke, 70-55, and the Comets shaded East Meadow, 59-57, in overtime. The game was a little too close for comfort—especially for the young old-timers in the stands pulsating each time the score was tied. Many of us wondered how Comet coach Ed Petre could manage that icy calm of his. We finally won, but there still should be a law against games like this. Bill Furt paced the Hicksville scorers with 19 points supported by Vin Hannigan's 17 and Chip Jaworski's 15. But on the other side of this

up and coming rebounding table sat a trio of Great Neckers by the names of Ertischek, Singer and Fogelhut. All looked thoughly capable of giving the Comets a bad case of the "Saturday Nite Sedness," barely 48 hours away. Jay hit from the middle and Singer was doing a yemen job rebounding. We knew we'd have a tiger by the tail in the finals. Coach Petre and his boys put up a gallant fight but dropped the final 63-47. Great Neck dominated the action from the start and romped to a 19-7 first quarter lead. The Comets rallied to close the deficit to 40-36 at the close of the third quarter but the Northmen ripped the game open in the final period. All in all it was a real fine tourney which saw the better than average Northmen return the cup to Great Neck. The Comets won the tourney which season but in spite of their

second place finish this time around, we still figure they have the kind of team that could repeat for the Section I championship. MacArthur, with a 5-0 mark, and Farmingdale at 4-1 look like the teams to beat. Juft was the top scorer in the finals for the Comets with 19 points Jaworski added eight, Smita seven and Damm six. Fogelhut paced the winners with 24 tallies.

MAT NEWS—Paced by Robin Winkle the Comet matmen placed fourth in the Clarke Invitational Tournament, held last Friday at Clarke High School. The competition involving eight high schools saw Clarke win with 114 points. Clarke took second with 65 and East Meadow gained the show spot with 55. Following Hicksville were Hempstead, Great Neck (North), Plainfield and Minicolas. Other Comet grapplers making their way into the finals were David Trudel (95 lbs.) who dropped

Cinerama Film Took Five Years

An event of major importance in
the world of entertainment is sched-
uled for Friday, January 11th at
the Syosset Theatre, Syosset, Long
Island, when the Metro-Goldwyn-
Mayer Cinerama presentation of
George Pal's "The Wonderful
World of the Brothers Grimm"
opens for an exclusive engagement.
The Syosset Theatre is the only
theatre on Long Island that can or

will show Cinerama productions.
This is the first story-telling pro-
duction in the fabulous, audience
participation medium to be re-
leased in the United States.

More than five years in prepa-
ration, "The Wonderful World of
the Brothers Grimm" is the warm,
exciting and romantic story of Wil-
helm and Jacob Grimm who, 150
years ago, introduced the folk tale
as a literary form. Much of the
film was photographed in the ac-
tual locales where the Brothers
gathered their fund of stories.

The Cinerama cameras rumble
over cobbled streets, take a voy-
age on an ancient paddle-wheeler,
hop aboard a train for Berlin and
career down a winding mountain
road with a runaway coach and
four!

Lovely Claire Bloom portrays
Wilhelm Grimm's wife,
Dorthea, in Metro-Goldwyn-
Mayer-Cinerama's presenta-
tion of George Pal's "The Won-
derful World of the Brothers
Grimm, first story-telling pic-
ture to be filmed in the magic
of Cinerama and color. The
two brothers are enacted by
Laurence Harvey, as Wilhelm,
and Karl Bohm as Jacob, with
other starring roles played by
Walter Slezak, Oscar Homolka,
Barbara Eden, Yvette Mimieux,
Russ Tamblyn, Jim Backus,
Basil Rathbone, Terry-Thomas
and Buddy Hackett.

16-PIECE DINNERWARE SET

To set a beautiful table at any time—fine
Sabin china, ovenproof and decorated with
a colorful pattern. Service includes: 4 dinner
or luncheon plates, 4 dessert or vegetable
dishes, 4 cups and 4 saucers.

LEE-O-LITE TABLE LAMP

Decorator lamp of graceful contemporary
styling with handsome polished walnut shaft
and brass finished filigree base, harp and
finial. Shantung over parchment shade,
sturdy 3-way switch. Over-all height 22".

UTILITY CLUB BAG

Ideal for sports use or
short trips. Made of vinyl-
clad Tegan™, it looks like
rich saddle leather and
won't chip, peel or crack
... shrugs off any weather,
resists scuffing and scratch-
ing. Easy-grip double han-
dle, brass finished hard-
ware, heavy duty zipper
and lock.
