HICKSVILLE, L.I., NEW YORK 10¢

Entered as Second Class Matter at Hicksville, N.Y. Post Office

May Finish Record School Budget Draft This Weekend

Hicksville Board of Education has high hopes of completing the tentative draft of the 1963-64 school district budget which may reach \$11 million at a special meeting this Saturday, Jan. 19, when it meets in the High School from 10 AM to 1 PM. Five sections of the seven division budget have been prepared, three during an all-day special meeting last Saturday.

Three Teachers Lead Research

Joseph Farina, Joseph Rayzak and Joseph Wagner, all members of the Hicksville Junior High Science Dept., were awarded National Science Foundation Research Institutes in September 1962 with the Waldemar Medical Research Foundation in Great Neck. Each teacher selected a research problem and a number of able students to help him complete the project.

Farina's research team includes seven students from the Senior High School: Harriet Arnone, Theresa Ausbach, Barbara Beyer, Hans Nepel, Hedy Zilber, Robert and Harvey Landman. They are doing microdissections of a ciliated Protozoan Blepharisma.

Rayzak's group which includes Robert Gargens, Diane Howe, Marge Kramer, Mel Peraban and Judy Villani is studying environmental effects on frog embryo formation.

Wagner team which includes Michael Gough, Richard Greguold, Linda Lee, W. Craig Sturges, Kathy Sumrow and Stephan Tisman is working with Thermophilic Bacteria for Antibiotic effects.

Each group will attempt to complete its problem by Jan. 16, in time for the Nassau Medical Assoc. meeting where they will present their progress reports before leading Nassau scientists.

No Class Sessions For Trinity Feb 1

Richard Engebrecht, principal of the Trinity Lutheran School, 40 W. Nicholas St., Hicksville, announces that the school will hold a Parents-Teacher Conference on Feb. 1. Since the conference will be held all day there will be no classes that day.

The parent will meet with the teacher individually in the classroom and will also receive the pupil's report card and discuss the child's physical, mental and social development.

Offers Dance Group

The Mid-Island Concert Assoc., presents Jose Limon and Dance Co., at the Jericho HS Auditorium on Friday night, Jan. 25th for the second of its four concert series this season. The Paganini Quartet and pianist William Maselles will perform in Feb. and April respectively. Folk Singers Archer & Gile gave a thoroughly enjoyable performance in Hicksville last December.

Facing the Board are sections 5, Maintenance of School Plant; section 8, Capital Outlay; and section 9, Auxiliary Agencies.

Adopted in preliminary form and subject to further polishing up in several group salary schedules were the following this week:

Code 3, Instructional Services, \$6,323,600 which is about \$400,000 above last year, reflecting salary increases for teachers, principals and supervisors.

Code 4, Operation of Plant, \$631,000, about \$19,000 higher than the previous budget.

Code 6, Fixed Charges, \$1,323,700 which is \$127,000 higher than before. The Board has relatively little control over this division since it embraces rents, state reimbursement for teachers, custodians and clerical help, social security, state help insurance, insurance on building, contents, physical education.

It was brought out at the meeting that the cost of insurance on insurance on buildings "reflecting savings from the rewriting of school district's blanket and specially scheduled policies under the new Public and Institutional property plan which is partially offset by possible upward revision of insurable values for buildings and contents, experience rating, etc." The decrease is \$2,500 with the proposed amount in the budget \$17,500.

Under Operation of Plant it was disclosed that the annual Telephone Co. bill next year will run as high as \$30,000. Light and power is expected to go up from \$65,000 to \$70,000 due principally "in addition at East St. School and Senior High as well as increased electric consumption for night lighting as part of the District's security program" i.e., exterior lighting.

Code 3, Instructional Services, is the largest portion of the budget each year, amounting to more than half of the total. The system next year will have five fewer elementary school teachers, reflecting the decline in elementary enrollment as predicted by Dr. Felix McCormick, while the secondary staff is increased by 14 teachers to accommodate the heavier enrollment in High School.

Of passing interest is the fact that next year the principals of Burns Ave., Dutch Lane, Old Country Rd. and Woodland Ave. Schools will individually earn as much as the Senior High Principal (\$14,410) and more than the \$13,970 for the Junior High Principal.

All teachers of the District on Jan. 1, 1963 went on a higher pay scale which had been adopted by the Board the previous March. For teachers the increase amounts to \$100 per year while the range was higher in supervisory and other special categories.

Another Destructive Fire:

HICKSVILLE, Jericho and other neighboring fire departments gave assistance to Symsco, Monday afternoon, when the Las Vegas restaurant and supper club on Robbins Lane was gutted by fire. Damage was estimated at \$150,000 and the pillar of smoke was visible for miles. The building had its beginning as the main hanger for the Hicksville Airpark operated at the same location by George V. Spohrer of Manhasset. The Airpark was very much in the news back in 1949 when neighboring estate owners objected to its operation. It had started in 1945.

Rotarians Hear Cuban Exile

Adolf Kates, a Rotarian in exile from Cuba, was the guest speaker at the Rotary Club of Hicksville's meeting, Thursday at Milleridge Inn.

Kates, who was honored in 1950 with the Rotary Medal for Service rendered to Rotary International during 30 years as an honorary member, was the guest of Charles Berwala.

His presence at the meeting was due to Dr. James Geris' father, August, of Woodbury. Both Kates and August Geris were born in Belgium and came from the same city and neighborhood.

Kates was reluctant to speak in detail about the Cuba situation, but he did say that Communism and the Cold War are the things to be feared the most.

He spoke of the Guildens in Belgium, which is comparable to what we know as labor unions today.

While in Belgium he became associated with many civic and social groups. He became a citizen of Cuba in 1924 and was a past director of the Rotary Club of Havana, which he was a member of for 39 years.

First Meeting

The Women's Auxiliary of the Hicksville Baseball Assoc. will hold its first meeting of the year Jan. 23 in Levittown Hall at 8:30 p.m. All are invited to attend and an interesting program is being planned.

FIREMEN TOW AWAY a 400-pound tank of propane gas from the vicinity of the fire, Monday afternoon, at the Las Vegas Supper Club. The tragedy that was avoided was underscored on Wednesday night of this week when propane gas tanks next to a Garden City printing plant exploded and knocked out hundreds of apartment house windows.

4,400 Less Students Forecast for 1980

Hicksville Board of Education is scheduled to hold a special meeting this Friday night, Jan. 18, starting at 8 PM in the Senior High School to discuss with Prof. Felix McCormick the latest report of the Institute of Field Studies, Teachers College, Columbia University, of school plant needs in the community. The HERALD is publishing the report in serial form, the second installment appearing on page four in this issue. Copies of the report are available for inspection at the Public Library and the offices of School Principals.

School enrollments which zoomed 463 percent between 1950 and 1962 are projected in this issue ahead to the year 1980. McCormick feels that Hicksville has reached the peak of its enrollment bulge and the present 13,265 during the next 18 years will decline at the rate of between 200 and 400 boys and girls a year to a 1980 low of 8,834.

Becomes Engaged

ANNA MAY POWERS
Mr. and Mrs. John A. Powers of Hicksville, have announced the engagement of their daughter, Anna May to Robert E. Perry of Carle Place, son of Mr. and Mrs. Manuel Perry.

The future bride is a graduate of Hicksville High School and is now an x-ray technician at North Shore Hospital. Her fiancé is active in the Coast Guard Reserve and plans on entering the Suffolk County Police Force. He is presently employed by Hicks Fuel in Westbury. A June wedding is planned.

NEW ARRIVAL

Mr. and Mrs. Richard L. Lambertson of 59 17th Street, Jericho are the proud parents of a son, William Thomas born to them Tuesday, Jan. 1 at Mercy Hospital.

ELIZABETH STEPHAN

BROOKLYN -- Elizabeth (nee Lewis) Stephan of 284 Harmon St., here, died Sunday, Jan. 13. She is survived by her husband, Martin; two sons, Frank Stephan of Hicksville and Martin Stephan; one daughter, Elizabeth Trent; also surviving are three grandchildren. She resided at the Henry J. Stock Funeral Home until Thursday, Jan. 17 when a solemn requiem mass was offered at St. Ignatius R.C. Church at 10:00 a.m. Interment followed in St. Charles Cemetery.

ALBERT W. DUCKWORTH

HICKSVILLE -- Albert W. Duckworth of 6 Cable Lane, died Friday, Jan. 11, at Nassau Hospital at the age of 82. He is survived by his wife, Gertrude; one daughter, Alice Eltringham; two grandchildren, Debra and Bruce Eltringham. He resided at the Thomas F. Dalton Funeral Home. Religious services were held here, Monday evening at 8:30 p.m., officiated by Rev. Douglas MacDonald. The funeral was held at 1:30 p.m. on Tuesday, Jan. 15. Interment followed in Fresh Pond Crematory, Hicksville.

CARD OF THANKS

The family of the late Joseph A. Offenloch wishes to express its heartfelt appreciation to the Rev. Clergy of St. Ignatius Loyola R.C. Church, Sisters of St. Dominic, Sisters of Mercy, Police Dept. of 2nd and 8th Precincts, Hicksville Fire Dept., relatives, friends and neighbors, for the many prayers, Mass offerings, floral tributes and kind expressions of sympathy extended to them during their recent bereavement. They also want to thank the Henry J. Stock Funeral Directors for the courteous and efficient manner in which the funeral was conducted.

Margaret M. Offenloch

Dear Lynda:

Just when we think our community is unique or out of step, along comes something to prove how average and typical we are. For example, we thought it unusual when we were informed that about 20 per cent of the community moves each year. Then along comes a Nassau County Extension Service news letter and it says "a nation where one out of every five families moves each year"...

WARNER LANSING, District Boy Scout Chairman and Finance Campaign Chairman, reports total contributions of \$6600 in Arrow Head District which includes Hicksville and Plainview. This is a little over 50 percent of the District goal...

WARREN WIEBOLDT of Troop 293 has been approved for the highest award in Scouting, the Eagle Award...

Nassau Franchise Director EDWARD MORRIS, resident of Hicksville, will speak about his proposed transportation centre (model on display at Hicksville Meadow Brook Bank) at a meeting of Hicksville Chamber of Commerce this Friday morning, Jan. 18, at 9:30 in the Seaman & Elsemann basement meeting room...

NY Telephone Co plans to spend about \$23,500,000 on the expansion, replacement and improvement of telephone facilities for Nassau customers during 1963, according to **HENRY R. BANG**, Co. General Manager for Nassau...

Long Island OU Heat Institute which has its office at 29 W. Marie St., Hicksville, announced this week it is studying how service departments of member oil companies can come to the assistance of "non-oil" consumers who have trouble getting heat during severe cold spells. The entire release contains not a single direct reference to that naughty word: GAS...

Immediate registration for a free Red Cross Senior Life Saving Course to be offered at Plainview Senior High School on 10 consecutive Tuesdays starting Feb. 19 is being urged. For info, call WE 8-5400, ext. 309...

Today Jan. 17 is the birthday of **BENJAMIN FRANKLIN** and Saturday, Jan. 19, is the birthday of **ROBERT E. LEE**. On the other hand, **STONE-WALL JACKSON** was born on Jan. 21...

Hicksville House Upholstery is moving from 106 Broadway a few doors north of 98 Broadway and will have its re-opening on Feb. 1st...

This little exchange almost broke up a recent School Board meeting and everyone got a good laugh: **BILL BRUNO**, in a discussion of the budget, was pressing a point that in his opinion the Superintendent of Schools should stay in the District and not go on trips to conventions and so forth. In reply Superintendent **DONALD APT** said that maybe it was not a good example, but would the Board member want to keep **JOHN KEN-NEDY** in the White House? Bruno replied firmly: "Not me"...

HOPE M. DYBEC is now conducting business for the transaction of general real estate under the name of and in association with James Fox Associates, 368 So. Oyster Bay Rd., Hicksville...

Our forecast of last week that **GERTZ** would probably open within a week proved highly accurate. The re-opening with a fire sale takes place today...

Plumhoff Visits Congregation

The Hicksville Congregation of Jehovah's Witnesses are being visited by their Circuit Representative, Mr. S. Howard Plumhoff. The purpose of his visit is twofold, stated Truman Merchant, the presiding minister. "Tuesday evening two hours, (from 7:30 to 9:30) were devoted to the Ministry School and Service meetings. These are designed to help all in

the congregation to learn and apply points for their own personal ministry and so advance. During the rest of the week, Mr. Plumhoff, will give personal assistance to individual ministers engaged in the field with him."

The high-light of his visit will be Sunday, Jan. 20, at 3:00 o'clock when he will deliver a Bible talk based on scriptural facts, "Is It God's Will That Men Suffer and Die?"

This is open to the public, free of charge and all are cordially invited to attend.

Change in Time

The Hicksville Public Library has announced two time changes in the Bookmobile schedule. Effective Wednesday, Jan. 23rd, the time of Stop #2, Princess St., will be from 9:30-10:15 a.m. On the same date, the time of Stop #6, Willet Ave. and Westmoreland Road, will be changed from 10:45-11:45 a.m. to 10:30 - 12 noon.

Herald Editorial Opinion :

The McCormick Report Over the Years

The newest edition of the McCormick Report now delivered to the Hicksville Board of Education and the subject of special discussion this Friday night is in some ways the final chapter of a story we began reading in 1950. We can recall the community of Hicksville 12 years ago with only three public school buildings -- Nicolai, East St. and the High School and about 11,000 total population.

As we read the first report we wondered and even doubted the conclusions and forecast. Dr. McCormick predicted the oncoming wave of new homes and

population. He estimated it would cost \$9 million, at least, to provide school facilities for the new arrivals. The figure was astounding at a time when the annual district budget had just cracked a million dollars.

He gave some sage advice. Hicksville could build to handle the anticipated peak enrollment, or it could be more conservative and build only for the long-range needs. He predicted the enrollment would curve up and then--as it is doing today--begin a slow decline. If we built for the peak we would eventually be stuck with empty

buildings. In his latest report he suggests that a couple of school districts on Long Island (which apparently have not had the benefit of his advice) are beginning to find themselves in this position. The rooms may be empty but the bond issue payments go on into the future.

The community owes a debt of gratitude to the Board of Education back in 1949 which first engaged Dr. McCormick and for the successive Boards over the years who have called upon him to update and reevaluate his survey.

THE LATEST MCCORMICK SURVEY:

Student Enrollment Zoomed 463 Percent in 12 Years

This is the second installment reprinting portions of "The School Plant Needs of Union Free School District 17, Hicksville," better known as the McCormick Report. This installment concludes Chapter I "The School District Community" and begins Chapter II "School Enrollment".

Future Population

Present reoccupancy activities in the district are not at a significant rate. Families leaving the district are generally replaced by similar families. It is very unlikely that wide-scale reoccupancy will take place rapidly because of the important economic factors of high rent on apartment units, or the inflated costs of similar housing which is now being built elsewhere.

With all these factors in combinations, the survey staff feels that Hicksville's population will soon reach a summit in the vicinity of 48,850 persons within the next year to eighteen months. After that a gradual decline will begin as the declining occupancy pattern outdistances the limited-to-migration to the small new housing market in the district. By 1970, local population will approach the neighborhood of 47,000 persons and by 1980, should reach a base of 45,000 persons. This 45,000 population, with minor variations, can be accepted as a planning base of residual population in the district over the years ahead.

The assumptions regarding the long-term population projection can be summarized as follows:

1. The general land area of the school district available for residential use is presently at a very high degree of utilization and can be considered "saturated", in terms of large scale housing growth as witnessed over the past decade.

2. The present school district population (48,850 vicinity) is housed in approximately 12,000 household units. The vast majority (95 to 97 per cent) of these are single family residence units. The remainder (3 to 5 per cent) are apartment units.

3. Subdivisions and housing construction activities over the next 18 to 20 years will proceed at a very low rate. Such activity will involve small subdivisions (5 to 10 units) and single unit construction on individual building plots scattered throughout the district. This degree of construction activity can be reasonably expected to produce an additional 500 to 1,000 household units (private residences and/or apartment units) by 1980. Such activity will produce a fully saturated district, under present zoning, with between 12,500 and 13,000 household units.

4. The high number of persons per household (family) unit will gradually decrease over the next few decades until, by 1980, it

reaches a normal occupancy pattern for a stabilized residential area. Presently, each household unit in the district averages 4.05 persons. (The present average for Nassau County is 3.5 persons per unit). By 1980, it is estimated that each household unit in District 17 will approximate a normal average of 3.4 to 3.5 persons.

5. In and out-migration from the district will be limited. Where changes occur, re-occupancy of housing will be by younger families than those leaving the district. This factor will not be a major one in the general stabilization of district population.

School Enrollment

More important than a study of the total population trend for estimating school plant needs is a study and estimate of future school enrollment. School enrollment trends and population trends are not always highly correlated, although there is generally a close relationship. Increasing population is usually reflected in climbing public school enrollments.

Hicksville School District experienced explosive growth of both population and school enrollment in the period from 1950 to 1962. Since 1959, however, school enrollment has generally stabilized while the population has continued to increase. The lack of readily available space for further residential development within the district should slow the rate of population increase, and eventually it, too, will stabilize.

The actual number of children to be educated in the public schools depends on several factors, the most important of which are:

1. The rate of residential construction.
2. The type of family moving into the district.
3. The local birth rate.
4. The development of parochial and private school facilities.
5. The holding power of the secondary schools.
6. Changes in local zoning ordinances.

It is, of course, not possible to predict exactly how these and other factors will affect enrollment over the next decade. Probably the best estimate of future conditions can be made by studying past trends, noting the effect of various types of housing, the age of dwelling units, and the number of children per unit, and then formulating assumptions based on past and present indicators. These assumptions can then be used to project enrollment over the next decade. This chapter, therefore, contains a review of past enrollment figures, an

analysis of present and past private school enrollment, and makes projections of public school enrollment for the years from 1962 to 1980 based on these data.

Between Sept. 1950 and Sept. 1962, the total enrollment in the kindergarten through the twelfth grade in District 17 increased from 2,336 pupils to 13,168 pupils. This represents a gain of 10,832 pupils or 463.7 per cent. Stated in other terms, it represents an average yearly increase of approximately 903 pupils.

Enrollment Changes

Over the 13 year period from Sept. 1949 through 1962, enrollment growth in the district has not been an even one. Like population gains experienced by the area, yearly enrollment gains have not been equal. Total public school enrollment (K-12) increased as much as 1,715 pupils between 1952 and 1953, and during the 1959-1960 period, it actually declined 214 pupils. This decline was due primarily to additional parochial elementary school facilities opening in the district. Between 1961 and 1962, only 85 additional pupils were enrolled in the public schools in grades K-12.

More illuminating, however, is an analysis of the yearly changes in the public elementary school (K-6) enrollment over the past 13 years. This division of the total enrollment is an early barometer of longer-term changes in enrollment. The local K-6 enrollment increased significantly between 1949 and 1953, reaching a peak yearly change of 1,465 pupils between 1952 and 1953. Between 1953 and 1959 the numerical increase continued, but at a declining rate. Since 1959, the enrollment in these grades has actually declined. The largest decline (1959 to 1960) was partially attributable to the parochial attrition, but the clearly evident decline since then can only be attributed to the general "settling down" of the population, age and birth factors in the community.

Enrollment By Grades

Presently, enrollment in each of four 3-grade segments is very similar, and indicates that no significant escalation through the eventual replacement of 3,086 pupils now in grades 4 through 6 with the 3,145 pupils now in grades 1 through 3 denotes an enrollment plateau. The 3,045 pupils now in grades 7 through 9 further indicates that enrollments in these grades five to six years hence will only be similar to the enrollment already in this division. Senior high school enrollments, now at 2,630 pupils, will increase for one or two years as the last of the "under-1,000 pupil" grades graduate and

are replaced by larger groups. After this limited growth, senior high school enrollment will stop increasing, and will also decline to a residual or long-term enrollment.

Age Distribution

Another significant indicator of enrollment potential for a school district is the number of local children of various ages available for school. A comparison of annual school census data over the five years between 1957 and 1962 gives clear evidence that enrollment potential for the district is declining and will continue to do so until the general population stabilizes. The number of children from under 1 year to 4 years of age (pre-school) enumerated in 1962 was 1,443 children, or 29.5 per cent, less than the same age group tallied in 1957. This present 0 to 4 year group of 4,850 children will gradually replace the present 5 to 9 year group of 6,624 pupils now in school. Such data make a long-term school enrollment decline a certainty. It is interesting to note that this reduction in the number of children in the lower age years has occurred even as local population continues to rise. It is clear that the local birth rate has fallen off sharply, and it is reasonable to expect that it will decline even more until a normal rate for a stabilizing community is reached.

Parochial and Private

A substantial number of school age children in Hicksville District attend parochial and private schools. According to the August 1962 census, 2,954 children were enrolled in parochial and private schools in the area. This enrollment represented 18.6 per cent of the total school-age population enrolled in public, parochial, and private schools at the time of the census tally.

Of this 2,954 total, 2,000 pupils or 20.8 per cent of the age 4 through 11 group (approximately K-6) were enrolled in parochial schools, while the remaining 79.2 per cent were enrolled in the local public schools. At the secondary school level, ages 14 through 17, the percentage of parochial and

private school attendance dropped sharply, and varied from 14.5 per cent of the 14 year olds, to only 4.0 per cent of the 17 year olds. This fact is directly attributable to the lack of parochial secondary school capacity in the general area.

Currently, no specific announcements have been made by the Rockville Centre Diocesan Building Commission regarding the exact timing of parochial secondary school construction in the region. School sites are owned in Hicksville and at Mitchell Field which are eventually destined for large secondary schools in the neighborhood of 2,000 pupils each. While the exact timing of the projects is not published, it can be reasonably expected that by the late 1960's both of these projects will be at least partially operating. This can be expected to increase the proportion of parochial secondary school attendance in the region to a degree more consistent with the proportions found at the elementary level.

It must be pointed out, however, that even the location of a parochial secondary school directly in Hicksville does not offset the regional nature of such facilities. This fact tends to reduce the attendance from any one district in order to absorb pupils from other districts. Thus, while the effect of eventual expansion of parochial secondary schools in the area must be reckoned with in any projection of public school enrollment, it must be tempered with the fact of their regional nature.

Estimate of Future

Any estimate of future school enrollment is difficult to make because the number of factors influencing school enrollment are numerous, complex and variable. As noted, the most important factor is the District's future planning is the declining of enrollments as stabilization and "settling-down" of the community takes place.

Actually, three estimates of possible enrollment were made to establish a defensible range within which a highly probable resultant would materialize. These projections were labeled "Moderate," "Minimum," and "Maximum."

President's Corner

by George J. Frankel

The Birchwood Civic Assoc. at Jericho, Inc. has the largest membership of any organization in Jericho. The scope of its activities is commensurate with its size. It is concerned with problems that vitally affect our lives: the education of our children, our taxes, health and safety in our community, our youth, our parks, zoning, recreational activities for its members, the beautification and improvement of our community, etc. The activities of the Association, as well as those of all the other community organizations, are made known to its members through THE VILLAGER, which is sponsored and financed by the Civic Assoc.

The effectiveness of the efforts of the Civic Assoc. on behalf of the residents of our community is in direct proportion to the tremendous number of its members, and the large number of interested members who serve on its various committees. Its voice is truly representative of a large community, and it is able to achieve so much in so many areas because of its size. We are constantly seeking to activate more members in whatever areas of Civic Activity are most appealing to them.

But even if YOU do not have the time to help us actively, you CAN, AT THE VERY LEAST, HELP US TO SERVE YOU by sending in your dues promptly. Our minimum \$5.00 per year dues constitutes BIRCHWOOD'S BIGGEST BARGAIN. Not only does it entitle you to a subscription to THE VILLAGER, and make you eligible to save far more than the dues itself through benefits arranged by the Community Services Committee, but it also finances the activities of the Civic Association in these many areas which so vitally concern YOU personally.

Therefore, I ask you, when your dues statement comes, please mail in your check promptly. Join and help us; work if you can, but AT THE VERY LEAST, JOIN!

Get well wishes to Jean Kass, Dorothy Bennett, Muriel Kaplan's mother, David Batterman's father and Lee Batterman's mother. The latter two were both in Syosset Hospital at the same time.

NAT WARREN of Flower Lane has just been elected to the editorial board of THE VILLAGER. He still acts as business manager and advertiser interested in advertising in THE VILLAGER are requested to contact him.

Villager Staff Honors Ex Editor

Sunday night, Jan. 13th, the VILLAGER staff and their spouses did honor to their past Editor David A. Mark, with a dinner at the Milleridge Inn. Horace Bernstein (right) present Editor, presented the plaque to David. (Ed. note: all expenses of this dinner were paid for by the individuals of the VILLAGER Staff)

The VILLAGER as an organization of the Birchwood Civic Association has not missed an issue in its 6 years of publication. This in itself is a tribute to the entire group.

The VILLAGER is your paper and as such has always attempted to reflect the feelings and desires of our community. Each of our Editors has done a dedicated job, but too often it has been a lonely and mountainous one. We would like to hear from all our members on any thoughts you might have and any of you who would like to become part of our VILLAGER family call our Editor, Horace Bernstein (OV 1-2718)

Hi, Neighbors

MURIEL SUGARMAN

Jericho Jewish Centre Sisterhood will hold its annual three-day weekend at the Pines Hotel in South Fallsburg from Feb. 21 to 24. The Pines has informed the Sisterhood that the Washington Birthday weekend is a complete sell-out. Because of this, they need the unsold Sisterhood rooms. If you are interested in enjoying this weekend, contact Lillian Mapoon at WE 5-4873 because the listing of reservations must be in by Jan. 19.

The Jericho Madrasah will hold a luncheon-card party at the Golden Meadowbrook, Jericho on Wednesday, Jan. 23 from 11 AM to 4 PM. Contribution is \$2.95. Call Diane Eder at OV 1-2438 or Harriet Liebowitz at WE 1-5351.

Congratulations to Vera and David Mark of Forest Drive on son Michael's bar mitzvah and to Blanche and Marty Karpel's son, Leonard, on his Bar Mitzvah.

Expecting Record Turnout for League

Turnout for League

The Jericho Lodge of B'nai B'rith as Jericho Little League Co-ordinators have announced that 1963 registration will take place on Jan. 24th and 25th, from 7:30 to 9:15 P.M., and on Jan. 26th between 10:00 A.M. and 2:00 P.M. at the George Jackson School.

The Little League expects a record turnout this year, and the Jericho Lodge of B'nai B'rith urges everyone to register at the designated times, to assure their children's participation in this activity.

Ten Pin Talk

By Henry Dockswell

Well rested from all the New Year's festivities and raring to get back into action again the League reported back to active competition on Monday night, Jan. 7.

Either more rested than the others or possibly still flying on the New Year cloud were Mort Levine's Morticians, Sid Simon's Trophies and Milt Goldberg's Spares. They wasted no time. Mort's boys, helped by Leon Cohen who bowled his really first good one this year, a 210, plastered Dave Batterman's league leading Tigers 7 to 0, slammed them back down into 5th place and took over the league lead. Julie Gershon tried his best to avert this when he bowled a 225 but it was too little and too late.

Sid's crew needed a really fine team effort and they got it as they trounced Fred Sapio's Royals 7 to 0 and went into second place, only two points behind the leader. Fred made a valiant effort to pick his guys up as he bowled his fifth 200 game, a 205, but he couldn't do it alone. Fred is now tied at five apiece with Mort Levine in the race for the "Most 200 Games Trophy".

Milt's Spares clobbered Murray Gittleman's Splits 7 to 0 and Milt himself went a long way to accomplish this when he came out of his slump with a very powerful 221. This was Milt's first bid to get into the club and now that

Teachers Meet

With School Board

On Thursday, Dec. 20, 1962, the following representatives of the Jericho School District Teachers' Associations—Phil Meissner, Chairman of the Executive Council; Jack Latham, President of the High School Assoc.; Bob Perna, President of the Elementary School Assoc. and Stan Katz, Chairman of the District Salary Committee met with the Board of Education and Dr. Westfall.

The main purpose of this first meeting with our Board was to present the study and proposals of the Salary Committee. Prior to the salary report, Mr. Meissner presented the aims and structure of the organizations. The salary presentation concluded with a proposed schedule for 1963-64 and suggestions for sabbatical leave policy.

Following a question-answer session regarding the salary report, other areas of mutual interest were discussed:

1- Teacher morale. It was mentioned that generally teacher morale has improved over the past five years. Several areas for further improvement were discussed briefly.

2- Lunchroom procedures for the elementary teachers were noted. This matter would be resolved in the individual schools soon after the winter recess. Closer teacher administration relationships might be attained in this area.

Further salary discussions will occur on Tuesday January 15th with the lay committee appointed by the Board of Education.

It is especially comforting for a young teachers association to enjoy a cordial meeting with its Board of Education and equally reassuring to have the counsel of our Superintendent. We anticipate future opportunities for discussion and cooperation with our administration and board.

Jonathan Felsler of Bountyn Lane played ball with his Dad, Hal Felsler. It must have been a hectic game, cause Jonathan broke his arm!

Are Our Jericho Children Spoiled?

by RALPH DIAMOND

Last week, an article concerning our Jericho High School Basketball Team appeared on the sports page of "Newsday." The article was highly critical of the youth of our community and their attitude towards sports.

The article described our community as being wealthy, and our youngsters as being more interested in driving cars and going to parties than in playing sports. "Our kids live an easy life out here. Their parents give them everything," one of the Jericho Basketball players stated in the article. Another player is quoted as saying, "It's almost that the kids are afraid that their friends would say something and make fun of them if they went to a ball game instead of a party."

The Newsday article, in this writer's opinion, accurately described a great many of the youngsters in our community. Our kids definitely do not have the interest nor desire to participate actively in sports. When we were youngsters we had to wait our turn to

get a game because of overcrowded conditions in the playground. Our kids today have the facilities of the gym two nights a week during the winter at the Civic Youth Group and plenty of good ball fields during the summer to play ball if they had the desire to do so.

Remember, when we were youngsters and ran home from school, changed our clothes and rushed out to the playground. On weekends, we started playing ball early in the morning and ended when it was dark outside. Despite our burning desire to engage actively in sports we managed very nicely to do our homework, to get good marks, to graduate college etc. In addition to ball playing we still found time to read books, appreciate art and culture, go to the movies, dances etc. Perhaps the one thing we didn't do is lounge around the house as much as the kids do today, doing absolutely nothing. It seems to this writer that, as boys lived a healthier, happier more normal life than our Jericho youngsters do today.

Ask yourself when, as a boy, you first learned to dance. Most of our Jericho boys take to dancing at 10 and eleven years of age. For many, this is the most exercise in which they participate. Certainly there is nothing wrong in dancing but is it natural, normal, and healthy for boys of that age to substitute dancing for sports thereby losing the lessons of team play and sportsmanship. Is it any wonder that our kids of today in general are soft and would start puffing if they took a fast walk around the block?

What has caused this drastic change in the attitude and activities of many of our Jericho children? Is it the fault of ourselves as parents? Do we give them too much in the way of each child having his own transistor radio, T.V. clock-radio, tape recorder, telephone, and later, the ultimate dream and goal of each boy from the time he says he is embarrassed to ride his own bike, a car?

The fact that our teenagers

should make fun of those who prefer going to see and root for their basketball team rather than go for a ride in a car or to a party is an indication of today's changed teenagers' thinking. What has happened to old fashioned school spirit? Other school districts have it - why not ours? The thrill and excitement of rooting a team on to victory is one of the great pleasures of attending school and being a part of its activities. Our Jericho basketball team so far this year has been a loser mainly because of their lack of height. Despite their losses they have displayed a spirit of hustle, drive and aggressiveness, second to none. They deserve the physical and vocal support of every student and parent in Jericho. We, as parents, should encourage our youngsters to engage actively in sports and go with them to the school games. Perhaps this will be a step in the right direction of guiding our children to realize that pleasures exist other than the enjoyment of material things.

Letter to Editor

In the Dec. 27th issue of the VILLAGER a column by Henry Dockswell reported the accomplishments for which it can be proud, its continued efforts to improve matters affecting the entire community make it a vital force in the community.

However, the report stated that the problems with Floyd Bennett have come to a "positive and favorable conclusion." Nothing could be farther from the truth! This statement was based on promises by the management of the Floyd Bennett store. Promises which had been made since before the store opened -- but never fulfilled. Not one single matter claimed to be

corrected has been corrected, except for trucks before 8:00 A.M.

The incinerator fumes and smoke was so bad on Dec. 29th, a policeman had to be summoned so that a complaint could be filed. The store manager himself, Mr. Schoemacher, after observing conditions found the complaints justifiable and ordered the incinerator shut down. How long it will remain so is not known.

The Legal Dept. of the Town of Oyster Bay has been given the complaint regarding the perimeter fence. This was confirmed on Jan. 8th, 1963 as a result of inactivity on the part of Floyd Bennett.

The matter of the fan is still in the hands of the courts. It is improper to discuss this matter and to indicate that the matter is

settled at least until the Court has given their decision!

We have no quarrel with the efforts of the Civic Assoc. We merely would point out that the report was inaccurate and gave a false impression of the actual conditions that continue to exist.

The Perimeter Committee
J. Forino, J. Weher
D. Strotz, R. Kass

Winter Classes

Winter registration for the Mid-Island Plaza Art League classes in art, acting and the dance for adults, children and teens will be held Thursday, Jan. 24 and 25 at 8:00 p.m. and Saturday, Jan. 26, 2:00 to 4:00 p.m. at 531 Mid-Island Plaza, Hicksville.

Optometry Academy Elects Dr Poster

Dr. Maurice Poster, 61 Park Ave., New York City, has been elected President of the New York Academy of Optometry. Dr. Poster is the Chairman of the Contact Lens Department of the Optometric Center of New York and an outstanding national authority on the subject. Dr. Poster also maintains a practice at his home, 108 Columbia Drive, Jericho.

HI NEIGHBOR

(Continued from Villager Front Page)

Happy birthday to Alan Levine (3 yrs), Stephanie Ross (11 yrs), Alice Pincus (14 yrs), Mitchell Klein (12 yrs), Mickey Lubitz (15 yrs), and to Evelyn Roseman (21-) also Bea Diamond (21-).

Knights of Pythias 2nd annual Valentine Dance will be held at the Jericho Fire House Saturday Feb. 9th at 9:00 PM Dancing, entertainment and Chinese Food. \$8.46 per couple. For tickets call Irwin Mendelsohn WE 8-2475 or Harold Horowitz WE 8-9890.

HOW TO SUCCEED IN THE CLASSROOM WITHOUT REALLY TRYING! That's the name of the play that will be presented by the teachers of the Jackson School on Monday, Jan. 28 at 8:45 PM school auditorium. Every member of the Jericho school's teaching staff is engaged in some facet of the production. Arnold Hruska is the Director.

TEN PIN TALK
(Continued from Villager Front Page)

he's made it, we can expect more of the same from him.

The same can be said for Leo Geyer. All year he's been moving around trying to find his lost spot. Well he found it. This was Leo's first 200 game, a 207, so Fred and Mort watch out, the biggest Lion of them all is loose. Leo's other Lions are still in there fighting and clawing. They came within seven pins of sweeping Al Minoff's Albis and their 5 to 2 victory put them in 3rd place tied with Sam Springer's Mistfins.

Newcomer Murray Iskoe is still hitting that pocket. This was his second week in the league and he came up with a 200 to continue the fast pace he set in his first appearance. He may just be the shot in the arm that Sol Rabinowitz's invalids needed. Previous to Murray's joining them they hadn't won a series in six weeks and now they've taken two in a row to jump two places up to 7th.

Two weeks to go and it's still a dogfight. First, second and third place winners of this first half will receive trophies, so go at it men. We're filling up fast, but there's still room for you fellows who would like to bowl this summer, with your wives, in a mixed league. Call me, OV 1-0421 or Marial Green OV 1-6927.

BROWNIE TROOP 594 of the Robbins Lane Girl Scouts played Santa Claus to the less fortunate children at the Creedmore Hospital in Queens. All 16 members of the troop (age 7 and 8 years old) made dolls and stuffed animals which were delivered to the hospital for the Christmas holidays.

Members of the troop shown in pictures are as follows: Top row, left to right: Co-Leader, Mrs. Irma Sankman, Mrs. Albert M. Davis, Leader, and Mrs. Helen Berger, Co-Leader. Center row, Robin Haas, Lori Schwartzbach, Margaret Sankman, Suzanne Berger, Terri Dankner, Jamie Schwartz, Ann Tonia Rizzo. Bottom row, Shari Garkinkel, Ronni Hartman, Deborah Nasso, Roberta Gleicher, Adrian Barnett, Shelley Cohen and Christine Forjan. Insert, shown with toys, Peggy Davis and Susan Leventhal.

It is with deep regret that Troop 594 bid farewell to Leader, Mrs. Sankman and daughter, Margaret. Family recently moved to Chicago. (Photos by Steven Davis)

Bnai Brith Entertains 200 Retarded Children

The Jericho Lodge of B'nai Brith recently celebrated the holiday season by playing host to over 200 retarded children at their home in Brookville. The Lodge distributed cowboy hats, dolls, toys, and separate boxes of candy to all the children as gifts. In addition to this they donated cake, cookies, ice-cream and soda to add to the festivities. The children were also entertained by a magician which climaxed the party.

A PUBLIC NOTICE from the JERICHO JEWISH CENTER REGARDING RELIGIOUS SCHOOL REGISTRATION

The Jericho Jewish Center announces a Beginners Hebrew Class starting in February for:

ONLY those boys and girls who are, at present in the third grade of Public School, and will be in the fourth grade as of September 1, 1963. This special class will meet four (4) times weekly for a total of eight (8) hours.

This is our LAST CALL to enable children now in third grade to enter our Religious School's beginners class. Our religious school regulations do not permit us to accept children who will be above the third grade by September 1963.

We will not be able to repeat this program in the future.

THIS IS A SERVICE BY THE JERICHO JEWISH CENTER TO THE JERICHO JEWISH COMMUNITY

If you are interested, kindly call the Temple office immediately.

Year of Rabbit Arrives on Jan 25

To celebrate Chinese New Year, Dany and Dewey of the Joy Palace at Roosevelt Field Shopping Center, will offer a special dinner to welcome the Year of the Rabbit (the year 4859) from Jan. 18 thru Jan 31.

On Friday, Jan 25, reservations will be required to greet the New Year Chinese style.

Lecture Course Set for Jericho

New York University's Liberal Arts in Extension Program will offer a new lecture course in Jericho starting Monday, Jan. 28th, 8:15 to 10 p.m. at the Gallery, 62 Maiden Lane, Jericho. TEN GREAT PAINTERS OF THE PAST will be presented by ARNOLD SIMONOFF, teacher and artist. In TEN GREAT PAINTERS OF THE PAST, you will take a close look with Mr. Simonoff at ten of the creative giants of the artistic world who lived between the fourteenth and eighteenth centuries. Each class session is devoted to considering the work of

Jericho Hosts LI Conference

The Jericho High School was the meeting place for several hundred educators at a conference sponsored by the Long Island Association of Foreign Language Chairmen and Supervisors on Jan. 15th.

Hosting this conference was another step by the Jericho School District in its effort to support and promote educational programs for the betterment of education in the District and on Long Island.

One of the following painters whose genius gave new ways for men to look at and interpret their environment: Giotto, Van Eyck, Leonardo, Raphael, Michelangelo, El Greco, Rembrandt, Vermeer, Velasquez, and Goya. There is also an opportunity to consider the artists in relation to their time and place in history. Tuition is \$25.00 per person.

For registration or further information, please call New York University's program coordinator on Long Island - Mrs. Arthur M. Katz at Hunter 7-5185 or write for a brochure to: Liberal Arts in Extension, 1 Washington Square.

The meeting was devoted to a lecture on the "Holt Audio - Linguistic Tests" by an outstanding exponent of the aural - oral approach to foreign language instruction, Miss Patricia O'Connor.

TOWN SUPERVISOR Thomas R. Pynchon, second from left, officiated at the installation of officers of the Ernest F. Francke Republican Club at the Hicksville Masonic Temple, Friday night. From left to right are County Clerk Francis Anderson, Hicksville GOP chairman; Supervisor Pynchon, President Julius Schwartz starting his second term, First Vice President William J. Alonge, Second Vice President John J. Hill, Third Vice President Thomas P. Flannery, Treasurer Henry J. McInnes, Corresponding Secretary Beatrice Jeanson and Recording Secretary John E. Jeanson.

Lee Ave Cagers Win Tournament

They practiced hard and deserved to win, were the words of Elementary basketball coach Ron Quattrini, just seconds after the game-ending buzzer had sounded. His Lee Ave. School quintet of future "Comets", had just edged Fork Lane, 20-17, for the elementary Basketball championship and at that very moment youthful exuberance was having its day in the sun. A pleased wisp of a smile registered on the face of school Principal Dick Jennet as Quattrini finally rounded up his bowling charges and led them toward the lockerroom. The "Forkmen" had beat East St., 22-16, to gain the finals against Lee but this was as far as they were destined to go in this fifth annual Holiday Basketball Tournament, sponsored by the Hicksville School Recreation Dept. The Lee-men had gone into the game with an impressive 4-0 mark (victories over Dutch Lane, Fork Lane, East St. and the champs of the Catholic School League, St. Ignace) and came out with an unblemished 5-0 record to take the Tournament

Cup. Scorers for the winning cause were: Ed Privitera (6), Paul Jacobs (5), John Hirsh (5) and Dave Skowronski (4). According to Coach Quattrini, team manager John Moran came in for a plug as did other members of the squad who did an outstanding job throughout the season. Other team members were: Kevin Ryan, James Hudkins, Steve Van Wickler, Tom Myron, Billy DeFelice, Bob Constantine, Billy Whiffen and Bob Gagnaire. Whiffen and Privitera sparked the team with their fine backcourt work and Privitera led the scoring attack with a game average of seven.

LEGAL NOTICE

PUBLIC NOTICE
NOTICE IS HEREBY GIVEN that a Public Hearing will be held by the Town Board of the Town of Oyster Bay on Tuesday, January 29, 1963, at 10 o'clock A.M. (prevaling time) in the Hearing Room, Town Hall, Oyster Bay, New York, at which hearing citizens and parties interested will have an opportunity to be heard upon the question of Amendments to the Hicksville Parking Ordinance for the hamlet of Hicksville, in the following respect, i.e.:

Section 1C shall be amended by adding subdivision 11 to read as follows: **ONE HOUR PARKING 7 AM to 7 PM EXCEPT SATURDAYS, SUNDAYS AND HOLIDAYS**

11. Duffy Avenue - north side - One Hour Parking 7 AM to 7 PM Except Saturdays, Sundays and Holidays - starting at a point opposite the west curb line of Lorretta Lane, east for a distance of 200 feet.

Section 1J shall be amended by adding subdivisions 2 and 3 to read as follows: **NO PARKING 7 AM to 7 PM EXCEPT SUNDAYS AND HOLIDAYS**

2. Lenox Avenue - south side - No Parking 7 AM to 7 PM Except Saturdays and Holidays - starting at a point 100 feet east of the east curb line of North Broadway, east to the west curb line of Foran Place.

3. Lenox Avenue - north side -

No Parking 7 AM to 7 PM Except Sundays and Holidays - starting at a point 84 feet east of the east curb line of North Broadway, east to a point opposite the east curb line of Foran Place.

Section 4 shall be amended by adding subdivisions 16, 17, 18 and 19 to read as follows: **ONE WAY**

16. West Avenue - One Way - southbound - between Old Country Road and Elmira Street.

17. East Avenue - One Way - northbound - between Elmira Street and Old Country Road.

18. Jeanson Place - One Way - northbound - between the Mid-Island Shopping Plaza Parking Field and Nevada Street.

19. Rotary Place - One Way - southbound - between Nevada Street and the Mid-Island Shopping Plaza Parking Field. Section 6A subdivision 2 shall be RESCINDED.

2. West Barclay Street - south side - Loading Zone - No Parking 8 AM to 5 PM Except Saturdays, Sundays and Holidays - starting at a point opposite the east curb line of Sackett Street, east for a distance of 50 feet.

Section 9 shall be amended by adding subdivisions 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33 and 34 to read as follows: **NO STOPPING 7 AM to 5 PM SCHOOLDAYS**

23. Willet Avenue - south side - No Stopping 7 AM to 5 PM School-days - starting at a point opposite the east curb line of Westmoreland Road, west for a distance of 40 feet.

24. Willet Avenue - north side - No Stopping 7 AM to 5 PM School-days - starting at the west curb line of Westmoreland Road, west for a distance of 40 feet.

25. Willet Avenue - south side - No Stopping 7 AM to 5 PM School-days - starting at the east curb line of Marion Street, east for a distance of 30 feet.

26. Willet Avenue - south side - No Stopping 7 AM to 5 PM School-days - starting at the west curb line of Marion Street, west for a distance of 30 feet.

27. Marion Street - east side - No Stopping 7 AM to 5 PM School-days - starting at the south curb line of Willet Avenue, south for a distance of 30 feet.

28. Marion Street - west side - No Stopping 7 AM to 5 PM School-days - starting at the south curb line of Willet Avenue, south for a distance of 30 feet.

Cometland

By Joe Koerner

SECTION I SLANTS -- As expected and according to algebraic equations we use to determine such results (X divided by a 1-2-2 offensive, defensive rebound plus a full court press, multiplied by the number of times the whistle was blown in the last quarter of each game last season) equalled the fact that the Clarke "Rams" were scheduled to have their horns filed this time around -- And this of course, came to pass, last Friday night on the home court, when the locals de-rallied the "Rams" by the score of 72-57. Chief traffic cop, head chef, and Comet playmaker Chip Jaworski continued where he left off last week by feeding the ball to the scorers at exactly the right time. Very seldom did the Comets lose a basket, once they started down court. -- Add this to a fine, double figure scoring touch, in the form of Bill Luft, Vin Hannigan, Bob Smith and Bob Feldcher and you have the good sound ball club that is very capable of repeating for the section I Championship. The season's still young but Coach Ed Petro's boys look like the team to beat. They share the top rung, in a trio that now includes Farmingdale and MacArthur. Last week, MacArthur after shading the Comets, 61-60, for their sixth straight win, looked like the "golden boys" of the division -- But this week, the picture had changed a bit. MacArthur dropped a pair to Plainview and Farmingdale, the Comets won two and the "Dalers" lead the pack with a 2-0 league record. They lost one last week, a non-league game to Garden City, with Daler Ron Giancola scoring 26 points for the losing cause -- Look for this boy and his mates to stir up some trouble for the Comets when they lock horns this Friday night on the Dalers home court.

OTHER DISTRICT BASKETBALL RESULTS -- Jr. High coach Marty Riger reports in with an opening win for his Meteor (Black) team over "L.L. Lutheran." "We had the opportunity to clear our bench," he said. "had a good lead going into the second half and was well pleased with the determination and hustle shown on the press -- The boys enjoyed it and that was half the battle." The trio of top scorers for the Blacks were Jerry Harding, Jack Spinella (12) and Brian O'Leary (8). O'Leary was the top rebounder. JV coach Stan Kellier and his Jr. Comets came up with their second win of the week via 53-50 and 40-29 decisions over Plainview and Clarke. This sets them up with a 3-0 league mark and 5-1 overall for the season. All in all, a real sound ballclub that came up with its finest game of the season against Clarke. Boys like Guy Van Wagon (6-3 and still growing), John Walker (the playmaker with a future), Bruce Cerone (a real corner), Andy Kochler (starting to hit his stride -- was outstanding against Clarke) and Bill Corrigan (the boy who almost lost his pants last Friday night during the second half and caused the shocked scorekeeper to miss lighting up a field goal) makes this the team to beat in the division. "We've seen games halted for a number of reasons; including the tying of shoelaces," said one of the "spectators," "but this to my memory is a Comet first." The audience howled as the flushed victim tried vainly to hold up his pants with one hand and dribbled with the other. "A real funny sight!" all agreed later on in the lockerroom -- "Funny for you, maybe... but very serious for me," Corrigan said, with a broad red-faced smile. He was sans everything but a white, left sneaker at this point and went on to add -- "Boy was I glad when the ref blew the whistle -- I wasn't quite sure which to let go first... the ball or my pants." Other members of this up and coming JV squad are Greg Hoberock, John McKinstry, Bob Flak, Glenn Olsen, Larry Wesolko,

Charles McAuley, Artie Hotz, Jim Swartwood, Bill Mittenberg, Jerry Kanawada and John Farrell. Look for a good season from these boys.

Varsity Wrestling -- Now that the heavy's are grabbing a piece of the action, things are starting to look up for coach Bill Roberts and his Varsity matmen. Last week they copped a pair of wins over Great Neck (South) 30-12 and MacArthur 33-13; putting them in the position of now holding their own in the league. Perry Richmond (unlimited) won a pair, Nick Trancoste, Allyn Lewis and Steve Kessler won two and Santo Cafora gained a split. Other winners were John Tranchina and Bob Swinick, 122 and 114 lbs. Lightweight winners in both meets were Dave Trudil (97 lbs.) undefeated in eight matches, Bill Starke (105) five wins in a row (undefeated this year) and Robin Winkle (114 lbs.) also undefeated.

Legionnaire's Log

Charles Wagner Post
No. 421, Hicksville

BY ARTIE RUTZ

Unfortunately not enough people know of the many programs of The American Legion that are strictly for the good of "the Community, State and Nation". . . . Last week I made mention of the March of Dimes and the Post's annual contribution in form of man-power to distribute and collect the donation containers throughout Hicksville. . . . You probably have noted by this time that one of our co-chairmen, Lou Costa (Corresponding Adjutant) is the chairman for the Hicksville March of Dimes Drive. . . . The American Legion has long been of assistance to the National Foundation which celebrates its 25th anniversary this year and is the nation's most successful volunteer health organization. . . . Since the great strides made possible by the Salk vaccine towards curbing Polio, the National Foundation in 1958 decided that other crippling diseases should receive the same attention. . . . Arthritis and birth defects were selected as two of the foremost challenges to the health and welfare of our young people. . . . Despite the tremendous medical advances of the past years, early diagnosis and effective treatment for arthritis and

birth defects has not been easy to come by. . . . Required are the skills of many different specialists, all working closely together with the patient and family and until now, such top flight attention was available only in the larger medical centers. . . . To correct this situation, The National Foundation initiated a nationwide network of March of Dimes financed study and treatment centers for birth defects and arthritis. Forty-nine are now open in communities across the country, and that is double the amount in existence just a year ago, and is only the beginning of the network envisioned. . . . While this is going on, The National Foundation is maintaining seven respiratory and rehabilitation centers for its prime responsibility-polio victims for whom the vaccines came too late. . . . Much has been accomplished in a short space of time, but much, much more needs to be done before these diseases are brought under the same effective control as polio was through clinical and laboratory research. . . .

LEGAL NOTICE

PUBLIC NOTICE

NOTICE IS HEREBY GIVEN, that a Public Hearing will be held by the Town Board of the Town of Oyster Bay on January 29, 1963, at 10 o'clock A.M. prevailing time in the Hearing Room, Town Hall, Oyster Bay, New York, at which hearing citizens and parties interested will have an opportunity to be heard upon the following proposed Ordinance Relating to the Control and Seizure of Dogs.

ORDINANCE RELATING TO THE CONTROL AND SEIZURE OF DOGS

SECTION 1: It shall be and hereby is declared unlawful for any person owning, possessing, harboring, or having control of any dog to allow the said dog, whether or not tagged or licensed, to be off the said person's premises unless such dog be restrained by a leash and under the immediate and full control of the owner or person in charge thereof.

SECTION 2: The dog warden, or any assistant dog wardens, or any peace officer, shall seize any dog not so restrained by a leash and under the immediate and full control of the owner or person in charge thereof and found off the owner's premises as required herein.

SECTION 3: Dogs Impounded - How Redeemed, Sold or Destroyed
a) The owner, or his agent, of a dog seized not wearing a current license tag, may redeem the dog within seven (7) days of seizure by producing a license for the said dog and upon payment of a fee of Five (\$5.00) Dollars.

b) The owner, or his agent, of a dog seized wearing a current license tag, may redeem the said dog within twelve (12) days of seizure by producing a license for the said dog and upon the payment of a fee of Two (\$2.00) Dollars.

c) If the dog is not so redeemed as provided under Sections (a) or (b) hereof, the owner shall forfeit all title to the dog, and the dog shall be sold or destroyed by the dog warden or his assistants.

d) In case of a sale, the purchaser must pay a purchase price of Two (\$2.00) Dollars and obtain a license for the dog.

SECTION 4: It shall be and hereby is declared unlawful for any person owning, possessing, harboring or having control of any dog to knowingly, or carelessly or negligently, permit such dog to commit any nuisance upon any sidewalk in the Town of Oyster Bay; or upon the floor of any hall or any premises which is used in common by the tenants thereof; or upon the fences of any premises, or the walls or stairways of any building, abutting on a public street, avenue, park, square, or place; or upon any storm water basin or the fences, shrubbery, grass or landscaping plantings thereof; or upon the floor of any theatre, store, factory, or any building which is used in common by the public, including all public rooms or places therewith connected; or upon the floor of any depot, or station or upon the station platform or stairs of any railroad or other common carrier; or the roof of any premises which is used in common by the tenants thereof; or upon the floor of any hall, stairway or office of any hotel, motel or lodging house which is used in common by the guests thereof; nor shall any such person omit to do any reasonable and proper act, or take every reasonable and proper precaution to prevent any such dog from committing such a nuisance in, on or upon any of the places or premises herein specified. The term sidewalk shall mean the area between the curb line and the property line of the abutting property owner.

SECTION 5: The Town Board may from time to time, by resolution, adopt rules and regulations hereunder.

SECTION 6: That the "Ordinance Relating to the Control and Seizure of Dogs" which was adopted by the Town Board at a meeting thereof on the 20th day of October, 1959 be and the same hereby is repealed.

SECTION 7: The repeal of the ordinance or parts of ordinances effectuated by the enactment of this

ordinance shall not be construed as abating any actions now pending under or by virtue of such ordinance; or as discontinuing, abating, modifying or altering any penalty accruing or to accrue or as affecting the liability of any person, firm or corporation, or as waiving any right of the Town under any section or provision existing at the time of the passage of this ordinance.

SECTION 8: Separability. If any clause, sentence, paragraph, section or part of this Ordinance shall be adjudged by any court of competent jurisdiction to be invalid, such judgment, shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which such judgment shall have been rendered.

SECTION 9: Violation of Ordinance. For each violation of any provision of this ordinance, the person violating the same shall be guilty of an offense punishable by a fine not exceeding Twenty-Five Dollars (\$25.00) or imprisonment not exceeding ten (10) days.

SECTION 10: This Ordinance shall take effect immediately.
