JIRAH D. COLE Jr. of East Rockaway is the new manager of the Hicksville office of the Meadow Brook National Bank, succeeding Alfred E. Young who had been manager since 1959. Young has been reassigned to the West Hempstead central headquarters where he will assume broader responsibilities. Cole, before joining Meadow Brook in 1950, was associated with Household Finance Corp. He attended Northwestern University and Hofstra College and is a graduate of the American Institute of Banking. He is active in the Syosset Rotary Club and Chamber of Commerce. Mr. and Mrs. Cole have three children.

OSCAR O. BLOCK of Westbury, bass-baritone, and the L.I. Lutheran High School Choir will be featured in a concert at Trinity Lutheran Church, W. Nicholas St., Hicksville on Saturday evening, Feb. 23 at 8:15 P.M. The "evening of song" is sponsored by the Women's Auxiliary of the Lutheran High School Assoc. and is for the benefit of the music dept. of the high school. Block, member of the Downtown Glee Club, has performed at Carnegie Hall and sang professionally at the Collegiate Church of St. Nicholas in New York. Admission is \$1.50 for adults and 75 cents for children.

Traffic Signal Due

A control signal to speed traffic and prevent accidents at a county intersection in Hicksville, will soon be erected by Broadway Maintenance Co. It was disclosed by the Nassau County Dept. of Public Works.

The traffic light will be erected at Jerusalem Ave. and Magle Drive.

Family Tour To Museum Arrange

Joseph F. Madden, Director of Hicksville School District Recreation, announces that the Recreation Dept. will conduct a family tour to the Metropolitan Museum of Art during the exhibition of the Mona Lisa. The buses will assemble at Hicksville High School on Sunday, Feb. 17th, and leave at 11:30 A.M. They are scheduled to be back at Hicksville by 5:30 P.M. Family groups should have more than three hours in the museum.

Tickets and information can be gotten from the Recreation office, which is in the School Administration Building on Newbridge Road, Call Wells 5-9000, extension 292 and 352. There is also a sale of tickets on Saturday, Feb 9th, in the lobby of the Junior High School Auditorium between one and two P.M. The student price is \$1.25 and the adult price is \$1.50. Children must be accompanied by an adult.

The family invitation is a departure for School Dist. Recreation since trips in the past have always been strictly for students. However, because of the unique Mona

Budget Up \$605,000 Without Adjustment In Staff Pay Scales

The Hicksville Board of Education worked all day, Saturday, in special session, to complete the preliminary phase of the 1963-64 proposed District budget. The gross budget as it now stands is a record-shattering \$10,932,510 or \$605,000 more than the current fiscal year. Still ahead of the Board, which may result in further revisions in the budget, are conferences with various employee divisions regarding assorted salary adjustment proposals.

The School Board has indicated a willingness to listen to the requests of the Administrative, clerical, custodial and cafeteria staffs. An off-the-record session was held some weeks ago with representatives of the Classroom Teachers Assoc.

Actually all full-time salaried employees of the District, unless they have reached the top step, are on progressive scales which provide for pay increases each year and the proposed budget as now drafted provides for these salary progressions. In addition, as of the first day of this year, a new and higher salary scale for teachers became effective.

Among the points of interest brought out at the special meeting last Saturday which was attended by all members except William A. Bruno, Jr., who was confined to his home due to illness, were these: Student transportation next year will cost more than a half million dollars, utilizing 60 vehicles. If the distance for elementary and secondary students carted were cut back, a quarter mile and half mile respectively, the cost of transportation would be \$132,000 less.

In the several special sessions devoted by the Board to detailed, item by item, consideration of the budget, the trustees managed to shave \$43,429.38 off the gross budget presented by the school administration.

It appears that next year, after

several previous attempts which were rejected by the Board, the Administration may have the green light to purchase a station wagon for the staff use in transportation. The budget for next year provides for 19 nurse - teachers operating in the public and parochial schools of the District.

At its regular meeting on Jan. 25, the Hicksville Board went on record supporting the position of the Syosset School Board and others in the State in opposition to any so-called 5% take-home-pay law enactment by the state legislature which is not accompanied by provisions to provide the monies to cover the costs.

Appoint Hogan

To Appeals Board

Thomas Hogan of 5 Cardenia Lane, Hicksville, is one of two new and additional members of the Oyster Bay Zoning Board of Appeals. The Town Board on Jan. 20 increased the size of the Zoning Appeals Board from five to seven members, according to Town Supervisor Thomas R. Fynchon, who said the larger Board was needed to handle the case load. The other new man is Joseph V. Call of North Massapequa.

The part-time position pays \$4500 a year and became effective Feb. 1. Hogan is a Republican committeeman and real estate firm executive.

IN THE MIDST of this inferno of 100-foot high flames on Bethpage Rd., about 100 feet south of Broadway, Hicksville on Tuesday night, is a 1959 Chevrolet station wagon owned by Vincent Racine of 29 Ketcham Ave., Hicksville. It was reported the fire may have started as the result of friction when the auto brakes locked. When fire hit the gas tank this spectacular resulted. Hicksville Fire Dept. volunteers are seen in action fighting the flames.

Legionnaire's Log

by Artie Rutz

Long waited for, and interesting news was made by our Hicksville Legion Hall, Inc., at the last meeting when Commander Dick O'Neill was presented with Serial #1 certificate of the new Bond Issue. All members of the Century Club

will be getting their Bonds almost immediately now as well as others who have purchased the \$100 denomination 6% Bonds to ease the burden of financing the \$90,000 cost of our Building Expansion program. Hurry now, step right up to your phone and call any member of the Building Committee or Allan Carpenter, and place your order for as many as you like. The more the merrier, particularly when the 6% interest starts rolling in. Buy now, don't wait!

Dear Lynda:

You read it here first about a month ago and it has been openly discussed around town, but the official announcement came from the New York office of Sears, Roebuck & Co. yesterday. They will build one of their largest stores on North Broadway, east side, opposite Mid Island Plaza on 27 acres. The store will have 140,000 sq ft of selling space or more than 3 acres and include a 30-car service station. Hicksville School Board held a special meeting Wednesday night and listened to the requests for salary scale changes for three areas: clerical, custodial and cafeteria. The District employs 76 full-time clerical workers, 95 full-time custodians and groundsmen and about 100 cafeteria workers. The cafeteria serves 4,579 lunches daily and about 300 teachers (approximately half the total) eat in the cafeteria too. Can't help wonder where the regulars are going these days since the Little Inn has shuttered again. February seems to be that time of the year. Rumors about school board candidates pop up on all sides. TEACH, which appears ready to field a slate that may include one of last year's unsuccessful, held a meeting at Dutch Lane School to work up enthusiasm after circulating the Dutch Lane neighborhood the prior weekend. Only a handful appeared and one participant told us it looks like IRVING LAWRENCE "has got the itch to run". Another group calling itself HCHPE announced formation during the week and it is reported will seek to build a slate around HARRY WAGNER. The incumbents feel it is somewhat premature to announce their intentions.

Loveable BIG JOE is on WWRL, Monday thru Friday from 8 PM to 10 PM, and his sponsor is SAM KELLNER's Beverly Retirement House, Fla. Big Joe has been on the airwaves for 13 years and we used to tune in when he had the midnight to dawn programs on WINS, WOR and WMGM. Civil Defense is looking into the suggestion that the area UNDER the elevated rail road embankments (which will be filled with millions of cubic yards of sand) be converted into public air raid shelters. It is not a new proposal and we'll wager it will get nowhere. It was suggested in a LIFE magazine article on public shelters and requested in connection with the Babylon RR elimination plans by the Mayor of that village.

Town Councilman A. CARL GRUNEWALD will be guest speaker at the regular meeting of the Ernest P. Fernald Republican Club at the Hicksville Masonic Temple this Friday night, Feb. 8. Meeting starts at 9 PM and all are invited to attend. The Club reached its goal of 1200 members in 1962 and has set its sights on 1500 for this year, according to MAL GERTZEN. The Central Island Women's Republican Club meets Friday night, Feb. 15 at the Eitemann Building. LYDIA ZEBERTOVICH is program chairman. When a "Lights on for Education" program was held at Burns Ave. School recently the remarks of one absent speaker were presented via tape recording, which is a switch. POSTMASTER IRENE MURPHY was the guest of CARL GRUNEWALD at Hicksville Kiwanis on Jan. 30. She revealed plans for the new Post Office on W. John St. EDWARD J. MORRIS of Hicksville has been named to the Industrial Committee of the Bishop's Committee of the Laity for Catholic Charities. Tune in WNBC-TV (Channel 4) at 2 o'clock this Sunday, Feb. 9. Assemblyman EDWIN J. FEHRENBACH will appear, live in a discussion of problems facing higher education and the recently discussed tuition policy of the state. JIM GORIS is chairman of the Hicksville Rotary Club charter night set for April 27. BOB CONNOLLY is in charge of table arrangements and FRANK BERGMANN, ticket sales. Plainview will probably go to a vote again on that second high school which got 55% approval of the voters but failed to reach the required 2/3rds.

Eagle Scout Rank Boy Scout Training Comes Is Rough Rd In Handy in Saving Six

There is no easy road to the Eagle Scout rank in the Boy Scouts of America.

This is Scouting's highest advancement award, according to Robert Peluso of Hicksville, chairman of the Arrowhead District's advancement committee.

An Eagle Scout is expected to be physically fit, able to take care of himself under all conditions, and prepared to save the life of others if necessary, Peluso explained. For these reasons, a boy to become an Eagle Scout must meet all requirements of ten specific merit badges in the outdoor, fitness, and service fields.

The other 11 of the 21 merit badges required for the Eagle Scout rank are of the Scout's own choice, but six must be chosen from the fields of conservation, citizenship, outdoor sports, animal husbandry, plant cultivation, communications, transportation, and building.

In 1962 the Arrowhead District of the Nassau County Council, Boy Scouts of America, had 8 boys attain the Eagle Scout rank.

"We are proud of this record," Peluso said. "In the Scout advancement program each boy proceeds at his own speed - doing his best. He moves as fast as he can as his abilities and interests carry him."

Peluso pointed out that "a recent University of Michigan study told us that boys overwhelmingly approve of Boy Scout awards and ranks. They recognize them as a means of distinguishing themselves and signifying accomplishments."

Since 1910, there have been 404,620 American boys qualify for the Eagle Scout rank.

The 1962 Eagle Scouts of the Arrowhead District are: Harry S. Webster IV, Troop 291, Allan J. Laurita, Post 291, George J. Walsh, Troop 158, Paul Tava, Troop 381, Jay A. Cohen, Post 433, Raymond D. Shelton, Troop 381, Christopher C. Tylicki, Troop 433 and Warren Wieboldt, Troop 293.

In 1961 7 Scouts achieved the Eagle rank with 4 attaining the Scout rank in 1960. 1961 Eagle Scouts were, Vincent Bellafiore, Post 429, Frank Kurth, Troop 291, John Lansing, Post 293, Richard LaSalle, Troop 293, R. Allyn Lewis, Troop 291, Charles D. Hassell, Troop 293, and Robert Tschamption, Post 321. 1960 Eagle Scouts were Elwood S. Kent Jr., Troop 491, William C. Giannelli, Troop 91, Paul Ginnelli, Troop 91 and Vincent Quirk, Ship 18.

Court Of Honor For Troop 293

On Friday, Jan. 25th, Troop 293, sponsored by the Hicksville Methodist Church held their first Court of Honor of the new year.

There are now 75 boys in Troop 293 after 11 new Scouts were inducted at this Court of Honor and given their Tenderfoot award. Other awards received that night were two Second Class Scouting awards, three First Class Scouting awards, 18 merit badge awards to 13 scouts. Five boys were given Greenbar awards and new Patrol leaders, Scribe, Treasurer, Scrubmaster and Assistant Quartermaster were appointed.

David Lance was made Jr. Assistant Scoutmaster. The year's Charter was presented to the Troop by Warner Lansing, District Chairman; (Continued on Next Page)

This is the story of an Eagle Scout, and an intangible reward for any Scouter who devotes his time to the Boy Scouts.

The boy is Vincent Quirk of 10 Rising Lane, Hicksville, a former member of Sea Scout Ship 18. In 1960 Vincent earned his Eagle Award under the training of Otto E. Schelm, Skipper. Vincent started his Scouting career as a Cub Scout in Pack 225 in Queens. His Boy Scout training started with Troop 24 in New Orleans, La. As a Cub Scout, at one time he spent several weeks baking and selling cup cakes. All the money he earned from this project Vincent turned over to the Polio Foundation as a contribution. The Foundation, in turn presented him with a citation. As a Boy Scout in Troop 24, La. Vincent received a local award for giving 250 hours of service to the community. It was also during this time that he participated in the National Jubilee Jamboree in Valley Forge, Pa.

In 1958, his family moved back east to Hicksville and Vincent joined Ship 18 in which he was very active.

As a student in the Hicksville High School he was a member of the Student Council.

In June 1961, he decided to join the U.S. Navy and so discussed his plans with his parents. His plan was to join the Navy on the West Coast, and completely on his own, work his way across the country. So, in June with the blessing of his parents and \$5.00 in his pocket, Vincent left home.

On his route westward he joined a travelling group known as the Thrillcade that was covering the "Carney Circuit." At first he did small odd jobs for them and ended as a "daredevil" driver, until the end of September found him on the West Coast. It was during October that Vincent joined the Navy.

Vincent, now 18 years old and a strapping young man standing six foot six inches tall, is stationed at the U.S. Naval Air Station in Pensacola, Florida.

It was here in Florida one day in May of 1962, that all the Scout training in physical fitness, alertness, courage and unselfishness suddenly welled up in our Eagle, and unknowingly jolted him into an act of heroism on Gulf Beach where he was directly responsible for saving the lives of six drowning swimmers caught in a strong undertow and rough seas.

After the swimmers were safe on the beach, our unselfish hero took off and returned to his base. It was only through local police investigation and his description as given by witnesses, that the heroic act was traced to Vincent at his base in Pensacola.

A wonderful letter of commendation, was presented to Vincent from Supply Officer R. W. Granston of the base for his brave deed. The Letter of commendation follows: Surely this is something of pride to the boy, his parents and certainly to the Skipper of Ship 18 and again it must be as a bonus to any Scouter who gives himself, his time and his energy, for the Boy Scouts of America.

From Supply Officer
To: QUIRK, Vincent L., AA, 593-18-98
Subj: Letter of Commendation

1. On Wednesday, May 30, 1962, at Gulf Beach, Florida, you observed six people being carried out to sea in unusually strong undertow and rough seas. Upon

VINCENT QUIRK today as a Scout with Ship 18, Hicksville in 1959.

VINCENT QUIRK today at the Naval Air Station, Pensacola, Florida.

hearing their cries for help, you recognized their situation as being one of immediate danger of drowning as a result of panic and fatigue from fighting to return to the beach.

2. Because of your mental alertness, ingenuity, and courage, you were directly responsible for saving the lives of the six drowning swimmers through positive and immediate action, while at the same time risking your own life. Observers at the scene state that had it not been for your prompt action in rescuing the swimmers, their return to the beach alive would have been extremely unlikely.

3. It is with a sincere feeling of both pleasure and pride that I take this opportunity to commend you for your courage and quick thinking in effecting the rescue at Gulf Beach. In this respect, you have not only acted in the highest traditions of the Naval Service, but have demonstrated yourself to be one of the minority who places concern for others' welfare above that of your own.

4. Well Done!

Herald Editorial Opinion

Saluting the Boy Scouts on Their Anniversary

The Boy Scouts of America observes its 53rd anniversary during Scout Week, Feb. 7 to 13. Since 1910, more than 36 million Americans have been identified with its work. There is scarcely an American family that has not felt its influence. In 1916 Congress recognized that Scouting's development and promise of usefulness to the future of the country warranted federal protection. The Federal Charter it granted gave a legal foundation for Scouting and stated that its purpose "shall be to promote, through organization and cooperation with other agencies, the ability of boys to do things for themselves and others, to train them in Scoutcraft, and to teach them patriotism, courage, self-reliance and kindred virtues."

How well Scouting has measured up to the expectation of Congress may be seen in some comments of President Kennedy and America's first astronaut.

President Kennedy, himself a former Boy Scout at Bronxville, N. Y., for two years, says, "Training and associations of Boy Scout life are invaluable

to the individual development of young men and to the quality of community life. It has been a most valuable influence in our nation's life, and I know that future energies of the Boy Scouts will add even more to the vigor and strength of our nation."

Five of the seven astronauts were Boy Scouts and the sixth was an adult leader.

"One thing Scouting can do to help boys the most in the future," says Astronaut Alan B. Shepard, Jr., "is to build up confidence. Boys can get this confidence by joining Cub Scout packs and Boy Scout troops, by earning merit badges, by learning to live indoors and outdoors, and by accomplishing things themselves."

"Participating in Scouting taught me to rely on myself and to handle all small situations early, to take care of all small problems while I was young and learning, before the big ones came along," said Astronaut Virgil I. Grissom. "I know what a force for America a Scout-trained man really is. In a few short years the young men now in our homes, our schools, and our Scout troops will be

taking our places, and the legacy we pass on to them will determine whether America as we know it will live or die."

"Sure, Scouting is fun and in tune with the times. It teaches many skills - all in preparation for that great skill - the skill of living."

Astronaut John H. Glenn, Jr., an Advisor to an Explorer post, feels, "We must have even finer people to show in the way and to be the leaders of tomorrow. The mental, moral, and physical aspects of our lives that Scouting has given you I hope never leave you as you grow up. I hope you will carry on these high standards into your adult lives. Along with this if you keep in your lives a spiritual center which gives you direction and purpose, we certainly need look no further for the leaders of tomorrow."

In our Arrowhead District we have 3400 boys and leaders who find that Scouting is a game, but that it is also preparation for adulthood and participating citizenship. We wish the Boy Scouts a happy 53rd Anniversary.

LATEST MCCORMICK SURVEY:

Concluding Study of School Plant

This is the fifth installment reprinting major portions of "The School Plant Needs of Union Free School District No. 17, Hicksville", better known as the McCormick Report. This installment concludes Chapter III "The Existing School Plant". — Editor

Old Country Rd School

The Old Country Rd School is another attractive, modern, single-story plant. It is architecturally similar to the Burns Ave, Dutch Lane, and Fork Lane Schools. It was built in 1951, and added to in 1954. In 1956, eight temporary classroom units were attached, but these have since been removed for use at the secondary school level.

The school has the following basic spaces:

- 2 kindergartens
- 19 classrooms
- library
- related arts room
- gymnasium (2 stations)
- cafeteria - playroom
- administrative areas
- general services
- principal
- health services
- faculty
- custodial

Capacity of Old Country Rd

This plant, just as the three similar plants in the district, has a standard capacity for 567 pupils. When pressed into emergency use, it can care for 690 pupils. By using special purpose rooms for classrooms, it could care for as many as 750 pupils.

In October 1962, this school was caring for 807 pupils, 240 pupils above its standard capacity. This represents an over-utilization of 42.3 per cent. Such an enrollment was 57 pupils above even the 750 maximum capacity possible for the school.

Willet Ave School

The new Willet Ave School is presently under construction. Originally scheduled to open in the Fall of 1962, usual construction and labor difficulties have postponed its opening beyond the time of this writing. The plant should be another valuable asset in Hicksville's school facilities inventory. The plant contains the following

basic spaces:

- 1 kindergarten
- 13 classrooms
- multi-purpose room (1 station)
- administrative areas
- general services
- principal
- health services
- faculty
- custodial

Capacity of Willett Ave

The Willet plant has standard capacity available for 378 pupils. This plant could house as many as 450 pupils if class size were increased to an average of 30 pupils each during the remaining years of enrollment pressure.

Woodland Ave School

The Woodland Ave School is another early 1950 decade school plant. It is a partial two-story building. The plant presently has two six-classroom temporary units attached. These were added in 1955 and 1956.

This modern plant contains the following basic permanent spaces:

- 2 kindergartens
- 17 classrooms
- library
- related arts room
- gymnasium (2 stations)
- cafeteria
- administrative areas
- general services
- principal
- supervisor
- health services
- faculty
- custodial

Capacity of Woodland Ave

The Woodland Ave School has a standard capacity of 513 pupils. By increasing class size to 30 pupils, the plant could house as many as 630 pupils. By using the special purpose rooms for classrooms, the plant could accommodate 690 pupils. The 12 temporary classroom units increase capacities to 837, 990, and 1,050 pupils respectively.

In October 1962, this school was caring for 1,177 pupils. This was

664 pupils or 129.4 per cent above the normal capacity for the permanent plant. The enrollment of 1,177 was 127 pupils above the highest capacity available for the total plant, and 340 pupils above the standard capacity of the permanent plant plus the 12 temporary classrooms.

Elementary Summary

The composite of available elementary school capacity and current utilization are presented on the accompanying table.

Hicksville Jr High School

The Hicksville Junior High School is an attractive classical style building. It was originally constructed as the Hicksville High School in 1924 and subsequently enlarged in 1929. In 1956, after the construction of a new senior high school for the district, the plant received a sizeable permanent addition and modifications for junior high school use. In the Summer of 1962, a temporary addition of 24 instructional rooms was added. These units were assembled from smaller units taken from various elementary school locations as noted above.

The Hicksville Junior High School contains the following basic spaces:

- 57 general use classrooms
- 5 general science classrooms
- 4 arts and crafts classrooms
- 3 general shops
- 1 ceramic shop
- 1 graphic arts shop
- 4 homemaking lab-classrooms
- 1 band room
- 1 boys' gymnasium (2 stations)
- 1 girls' gymnasium (2 stations)
- 1 library
- 1 seminar classroom
- 1 auditorium
- 2 cafeteria - study halls
- 1 recreation room
- student activity areas
- administrative areas
- general services
- principals
- guidance services
- health services
- faculty areas
- custodial areas

Added to these permanent instructional units are the following attached temporary units:

- 21 general use classrooms
- 1 homemaking classroom
- 1 art classroom
- 1 mechanical drawing classroom

Capacity of Junior High

According to the criteria regarding computation of capacity for junior high school plants as set forth in the July 1962, State Aid Bulletin Number 3, from the State of New York Department of Education, the Hicksville Junior High School has a permanent operating capacity in the vicinity of 2,230 pu-

pils. With the additional operating capacity of 650 pupil stations from the recent addition, the plant can currently be considered capable of standard operation for 2,880 pupils in a typical New York State junior high school program.

It should be pointed out, however, that a single school building has a wide range of actual capacities is highly dependent upon the program of offerings, or the curriculum, and the organizational pattern in operation in the school. The capacity herein set forth for the junior high school would be that capacity upon which state financial aid for capital outlay and debt service for school building purposes would be calculated and paid. It must be reckoned with as a general indicator of the plant's capacity, even though the local program and organizational set-up might actually vary the capacity as much as 10 per cent. This variable in a plant's capacity generally tends to reduce the operating capacity. In Hicksville's case, the junior high school's effective capacity could be said to range between 2,600 and 2,900 pupils with the use of the temporary addition, and between 2,000 and 2,230 in permanent capacity.

Utilization of Junior High

In October 1962, the junior high school was caring for 3,077 pupils in grades 7 through 9, including some special education pupils. This student population was 197 pupils or 8.8 per cent above the standard capacity. Assuming some capacity leeway to be definable in light of the broader curriculum offerings to be expected in New York metropolitan area suburban districts, it might be more realistic to state that the local junior high school is crowded to the extent of 300 to 500 pupils, or an excess of about 15 per cent.

Hicksville High School

The Hicksville High School is an attractive, modern secondary school plant which exhibits many sound educational and architectural features. It was constructed in 1954, and in 1962 received a permanent addition.

The high school, complete with its 1962 facilities, currently contains the following basic spaces:

- 31 general use classrooms
- 1 large group classroom
- 5 chemistry lab-classrooms
- 1 physics and chemistry lab-classroom
- 3 physics lab-classrooms
- 3 biology classrooms
- 2 general science classrooms
- 2 art classrooms
- 1 ceramics room
- 4 industrial arts shops
- 1 mechanical drawing room
- 5 homemaking lab-classrooms
- 1 instrumental music classroom
- 1 choral music classroom
- 1 boys' gymnasium (2 stations)
- 1 girls' gymnasium (2 stations)
- 1 auxiliary gym
- 1 health education classroom
- 2 typing classrooms
- 4 business education class-

cepting for the sponsor was Rev. Cranston Clayton.

Through the years 13 Scouts of Troop 293 have reached the rank of Eagle Scout and at this Court of Honor a 14th Scout received his Eagle award, Rev. Cranston Clayton, pastor, presented Warren Wieboldt with the award.

A week before the Court of Honor a band of Scouts from the Troop traveled to New York City and visited the Hayden Planetarium and American Museum of Natural History. The group was supervised by Scoutmaster Main and Assistant Scoutmaster Greenbaum.

To Show Film

The Dutch Lane P.T.A. of Hicksville will sponsor the film "Little Men" on Saturday, Feb. 9, from 1 p.m. to 3 p.m. in the All-Purpose room of the school. Admission will be 25¢ per child. Refreshments will be on sale.

- rooms
- 1 machines room
- 1 library
- 1 auditorium
- 2 cafeteria - study halls
- student activity areas
- administrative areas
- general services
- principals
- guidance services
- health services
- faculty areas
- custodial areas

Capacity of Hicksville High

According to the same State of New York Bulletin's criteria for computation of high school capacity, the present Hicksville High School has a permanent operating capacity in the vicinity of 1,940 pupils when offering a program similar to a general state norm, and when organized and administered along a general norm of operational utilization.

Even more true than at the junior high school level, however, is the fact that a school as large and complex as Hicksville High School certainly has no single, pin-point, capacity. Rather, it has a range of capacity within a normal stricture of space and pupil stations inherent in broad offerings and complicated scheduling takes place. This range can definitely be established for the Hicksville High School between 1750 and 1940 pupil stations under normal suburban curricular and organizational practices.

In October 1962, the high school was caring for an enrollment of 2,657 pupils in grades 10 through 12. This enrollment included a few pupils in a special education group. Such an enrollment represented an excess of 717 pupils or 37 per cent above the maximum capacity calculated for state aid purposes. It is more realistic to represent the excess of enrollment over capacity as 907 pupils, or 52 per cent, when analyzed in the proper perspective for Hicksville's offerings as contrasted with a New York State norm.

Set Dedication On More Streets

Dedication of upper Saratoga Drive, upper Orange Drive and Niagara Drive will be effected Feb. 19th by Town Board of Oyster Bay as a result of action taken at the Jan. 29th meeting of the Board with respect to the streets. The first action by the Board, stemming from the traffic confusion on Niagara Drive, was made known at the last meeting of the Community Welfare Committee held at the residence of chairman Richard Harrison on Jan. 31st. Highlight of the meeting was discussion of the current traffic problems at the rear entrance to the Cantigue School. Reporting to the committee was Sergeant

Simmons of the Nassau County Police Dept., William Simpson, Supervisor of transportation for the Jericho school district and Norman Siskind principal of Cantigue School.

After dedication on Feb. 19th, the police will be empowered to regulate all traffic and hand out tickets to violators of the law. All orange stop signs now stationed near the school will be enforced. In addition, no parking signs will be placed on Niagara Drive for use during certain school hours.

Chairman Harrison urged all parents to cooperate with the newly organized safety patrols and to obey the stop signs now in use.

President's Corner

by Myron A. Kantor

It was with regret that I cancelled the Dinner Dance scheduled for Feb. 16th. However it was for the good of the Civic Assoc and the community. Among the very many reasons was the fact that people are just getting tired of so many similar type functions. Rather than push people into an evening which was not welcome, the social committee and myself felt that it would be in best interests to cancel the affair.

I thank Shirley Weinstein, chairman of the social committee, Eleanor Stumpf and Rosalie Puterman, co-chairmen of the dinner dance, and all other girls of the social committee who gave it everything they had but could not overcome the complete apathy displayed by the general community. Further a word of thanks to the Fontainebleau, management and the Danny Leroy band for their splendid cooperation and understanding.

The vexing traffic problem at Cantigue school should be solved shortly. The streets around the school are in process of being dedicated. Until then, a traffic safety group set up by your Civic Association will make certain that your children will be able to cross the street in safety.

The Board of Directors meeting of the Civic Assoc will now be regularly held at the Cantigue school the third Wednesday evening of every month. All are invited to attend.

Letter to the Editor..

A TIME FOR ACTION

by Arthur B. Sobeman

We are all too familiar with the time worn cliché "Everybody complains about the weather but nobody does anything about it." Well, it seems to me that those of us who heat our homes with gas heat are in a similar situation. We all complain, (to each other that is,) about the high cost of gas heat, but nobody does anything concrete about it. How about registering our indignation with LILO or the Public Service Commission?

I have many friends living in New Jersey who heat their homes by gas and upon comparing bills I was amazed to find that gas heat in New Jersey costs about one third less than it does here on Long Island. It seems to me that it is high time to do something about this unhappy situation. How about asking for an investigation by the Public Service Commission? The monopoly on gas needs a restraining hand. LILO should be made to stop their misleading advertising that it is cheaper to heat by gas. The people here in West Birchwood who have changed to oil heat are living proof as the inaccuracy of LILO's statements.

CONGRATULATIONS to the many builders here on Long Island who are now advertising "oil heat." If more builders now building new homes, advertise "heated by oil" watch LILO reappraise the cost of gas heat.

EXTEND MARCH

Mrs. Sylvia Kassin of Jericho said this week that the March of Dimes has been extended to mid-February since inclement weather made it difficult for volunteers to cover their assigned areas in Jericho and Syosset.

Civic Assoc Sets Up Emergency Safety Patrol

IMPORTANT

Volunteers for the Cantigue School Safety Patrol are needed! Hours are from 8:30 A.M. to 8:50 A.M. and from 2:45 P.M. to 3 P.M. Contact Dick Harrison at GE 3-5876.

Education Roundup

by Othalia Pepper

Are we losing our valued and more experienced teachers because of an ineffectual teacher's salary schedule? How can we eliminate the chaotic traffic conditions on Niagara Drive at 9 AM and 3 PM? Are we fully utilizing our Children's Bus Service so that perhaps more children from kindergarten through third grade could receive transportation? Why not a District Wide Education Committee to investigate a more encompassing transportation service throughout all of Jericho?

These provocative questions were discussed at the last meeting of the Education Committee of West Birchwood Civic Assoc. on Jan. 10th at the home of Howard Jankowitz. The Board has appointed a lay committee to study teachers' salaries. It has been ascertained that although our teachers receive adequate beginning salaries, raises tend to reach a slight plateau in the middle and upper levels, causing the more experienced teachers to seek positions outside of this district. The lay committee will meet with the teachers to consider their propositions and then make recommendations to the Board.

The Education Committee has appointed a group to study the conditions on Niagara Drive. It is obvious that STOP signs are needed and that something must be done to protect the walking children from the hazardous traffic congestions.

Another group is investigating the number of families who fall within the half-mile to three-quarter mile radius of the school so that perhaps some of these families might receive transportation should this service be available within our present budget.

The need for a District-Wide Education Committee was again stressed so that transportation and other issues may, if necessary, be investigated and perhaps revised throughout the district.

The next meeting of the Education Committee will be held on Monday, Feb. 4th at the home of Don Hirschorn, 81 Orange Drive at 8:30 P.M.

Schedule Session

The Cantigue School, Jericho, will hold its first, pre-organizational, meeting at the school auditorium on Wednesday, Feb. 13. Speakers will include Dr. Leon Westfall, Superintendent of Schools for Jericho; Norman Siskind, Principal of Cantigue School, and Mrs. C. Koeber, of Nassau Long Island PTA District.

In addition, following the meeting there will be an open house of the new school on this evening. All parents will be invited to tour the building and visit with their children's teachers in the classrooms.

Traffic congestion at the rear entrance to Cantigue School has reached such serious proportions that an emergency safety patrol was set up last Monday morning by Civic Assoc. President Myron A. Kantor and Community Welfare Chairman Richard Harrison.

With the mercury standing at an even 12 degrees above zero at 8:30 AM, Kanter, patrolled the intersection of Niagara and Saratoga while Harrison stood guard at Niagara and Orange. Both men made sure that all walking children crossed the streets without being concerned about traffic.

One stout-hearted six year old refused to obey orders about crossing and when he was instructed to wait at the corner before crossing he continued to walk. When he was admonished by Mr. Kanter, he said "I don't have to listen to you, you're not my mother."

The community welfare committee has been working on a schedule to maintain the patrol until the police take over when the streets are dedicated to the Town of Oyster Bay on Feb. 19th.

Arthur Carin Address Group

Dr. Arthur Carin addressed the members of the Education Committee at a meeting held last Monday night at the home of Mr. and Mrs. D. Hirschorn of 81 Orange Drive.

Dr. Carin, who is a member of Jericho Board of Education, spoke about the importance of selecting qualified members to the Board. The Board consists of five members who serve three year terms. This year two members of the committee terms will be up. One of whom has indicated that he will not run for reelection. The other has not publicly stated his intentions.

It was proposed by the Education Committee that its members seek out potential Board members and report back to the committee at a special meeting to be held Feb. 25th at the home of Winnie Gaines, 23 Clinton Lane.

Arnold Wines reported on the problem of the school crossing at the new school and the measures that had been taken to solve this situation.

Freshman Teams May Help Varsity

by Maurice Targove

How would you like to be a high school basketball coach faced with the prospect of losing your 5'9" center at the end of the season and having to go next year with your tallest men at 5'7"? This is the situation facing Coach Kramer Harrington of Jericho High School.

Although the Won-Lost record of the Jericho jayhawks this year is not impressive, they have done a remarkable job holding powerhouse like Carle Place and Floral Park to 4 and 7 point margins, respectively.

When interviewed, Coach Harrington was asked why a school with 1,200 students had a center only 5'9" and what could be done

Mrs. Joan Serko of Craig St. held a reception honoring her husband David's admission as a general partner in his law firm on Saturday night, Jan. 26. In spite of the inclement weather over 40 friends and neighbors attended the affair. Mr. and Mrs. Serko were in the receiving line together with Mrs. Serko's father, Jack Bohrer and Richard Serko, the Serko's eldest son.

Refreshments were served throughout the evening and a mid-night collation featuring beef stroganoff was enjoyed by the guests. Dress was informal and dancing took place in the Panama room of the Serko dwelling.

Among the guests from West Birchwood seen and heard enjoying the Serko hospitality were Dr. and Mrs. Al Warheit, Lawrence and Lorraine Elowsky Dr. and Mrs. Arthur Carin, Herbert and Naomi Harfenist, Jerome and Gertrude Straus, Robert and Gerda Miller, Seymour and Rita Berkman, Al and Jean Luber, Howard and Marilyn Cole, Alan and Izzy Birnbaum and Sigmund and Jacqueline Levine.

Several guests were so inspired by the beauty of the snow on the evergreens in front of the Serko

residence that they spent part of the evening outside drinking in the scene.

Murray and Yetta Kane and son Michael of Craig St. cruised down to South America on the Nieuw Amsterdam during the recent holidays.

Daniel Lazare of Craig St. attended "Sound of Music" recently as feature of his recent birthday celebration. Young Daniel celebrated his 8th birthday by having his friend Carlos Saggene as his guest.

Aaron Feinerman, Saratoga Dr., returned recently from a business trip to Texas to find his son in the hospital recovering from an eye operation.

Delighted that Sid Buchman is rapidly recovering from his recent illness.

Dr. Arthur Carin represented his alma mater, Oswego State College, at the recent dedication of Nassau Community College. A photo in Newsday showed Art surrounded by hundreds of other representatives from colleges.

VARSITY

(Continued from Birchwood News Front Page)

to make the team more formidable. Coach Harrington explained that Jericho is the only school district of 66 in Nassau County which does not have a 7th year, 8th year and freshman team. As a result, a great deal of interest is lost in potential players and never regained by the sophomore year. In addition, it gives the players from other schools that much more experience. One problem leads to the next and the poor Won-Lost record of the Jericho team has caused a drop in attendance of games and overall enthusiasm. Coach Harrington believes the whole situation can be reversed if the School Board would vote to permit 7th year, 8th year and Freshman teams.

The Villager

FOR THE RESIDENTS OF BIRCHWOOD PARK AND BIRCHWOOD

Syosset HS Addition, Pool Pass

Construction of a 600-student addition and an indoor swimming pool are expected to begin late this summer at the Syosset High School. Both propositions were approved by Central School District No. 2 on Saturday, Feb. 2nd.

The \$1,910,000 addition to the high school was voted in by 1,750

yes votes to 756 no votes. The \$50,000 proposition for the swimming pool won with 1,670 yes votes to 844 no votes.

Completion of the two projects should be by Sept 1964 and will bring a 7 cent tax increase to Central School District No. 2.

Ten Pin Talk

by Henry Dockswell

The start of the second half was punctuated by three major explosions. Morris Garlick went a little haywire as he came up with two tremendous games, 216 and 212 and broke Murray Gittelman's existing class A High Series. But this announcement had no sooner finished echoing its way through the Alleys when Sid Simon's name was called out. He had gone Morris one better. Sid had just completed a High Individual Series that totaled 610. His second and most powerful game was a 242 and this new record High Series is going to be mighty hard to beat.

Chuck Greenberger helped his Met teammates to a 7 point sweep as he bowled a new Class B High Individual Series of 527. Chuck gave indications of some such shenanigans a few weeks ago when he bowled his first 200 game of the season, a 205. He certainly has come a long way. After being away from The League for a year, because of a bad back, he started up again from a 124 average to his present level, 138. And we have a feeling he's not stopping there.

Phil Kosmisky, affectionately called "cannon ball", tried to inspire his "Royal" teammates as he bowled a 201 but it just wasn't

enough to overcome Marv Cohen's "Champs" and the Royals dropped a close one 4 to 3.

Dave Batterman bowled his third 200 game of the year, a 210 but his Tigers couldn't quite match the aforementioned Garlick and they dropped a tight 4 to 3 decision to the "Spares".

With this auspicious start by some of the second division teams, this second half could prove very interesting. Certainly each team has a new lease on life and surprises could be in the offing.

Jericho PTAs

Present Play

On Tuesday, Feb. 19th, at 8:15 p.m. in the auditorium of the Jericho High School, the Jericho P.T.A. Groups which include the Robert Seaman P.T.A., George Jackson P.T.A., Robert Williams P.T.A., Cautledge P.T.A. and the Jericho High School P.T.A. will jointly present a play by the South Shore Drama Group, entitled "I'll See You After School".

This play has been hailed as one of the best mental health presentations of this year.

The discussion leader will be Dr. Nicholas F. Massa who is well known for his leadership in audience participation discussion. A very interesting and informative evening is in store for all parents.

Arrange Civic Youth

Dance Feb 15

The Civic Youth Council will run a dance for the youngsters of our community on Friday, Feb. 15th at 7:30 P.M., at the Jackson School. A live dance band will be playing for the youngsters that evening.

The entire night will be devoted to the dance and no athletic activities will take place that night. Girls will be required to wear dresses and boys, ties and jackets.

The dances have proven a tremendous success in the past and no doubt this one will provide an evening of entertainment for each Jericho youngster.

Robbins Lane PTA Invites Community

On Tuesday evening, Feb. 19, at 8:30 P.M., the Robbins Lane PTA will present a program entitled, "Can We Immunize our Children Against Prejudice?"

Speaker for the evening will be Sidney Goetz, attorney, and member of the Board of Directors of the Nassau Suffolk Region office of the National Conference of Christians and Jews. Mr. Goetz has long been active in the field of human rights.

The program will feature a film entitled, "Brotherhood of Men". This timely film is in cartoon style,

and contains many thought-provoking ideas. The evening's program will be culminated by the audience breaking up into small discussion groups.

Mrs. Mario Berler, PTA program chairman, has invited many prominent civic, social and educational leaders to be present at this community-wide meeting. Representatives of all local groups dealing with children have been invited. In addition, all the religious leaders in the Syosset-Jericho area have been invited to attend, and to take part in the discussions, if

they wish. Everyone in the community is urged not to miss this most interesting and important program.

Summer Bowling

Names are still being accepted for husband and wife summer bowling. The fun will start in June and run through August, every Monday night at 9:00 P.M., at Syosset Lanes. We will have at least one large league or two smaller ones for a world series playoff. Enter now before we reach our maximum. Call Henry Dockswell - OV-1-0421, or Muriel Green - OV-1-6927.

LEGAL NOTICE

ENACTMENT OF ORDINANCE RELATING TO THE CONTROL AND SEIZURE OF DOGS IN THE TOWN OF OYSTER BAY

TAKE NOTICE that by resolution of the Town Board of the Town of Oyster Bay, New York, duly adopted by said Board on the 29th day of January, 1963, following a public hearing held thereon after advertisement according to law, the following Ordinance was duly enacted:

ORDINANCE RELATING TO THE CONTROL AND SEIZURE OF DOGS

SECTION 1: It shall be and hereby is declared unlawful for any person owning, possessing, harboring or having control of any dog to allow the said dog, whether or not tagged or licensed, to be off the said person's premises unless such dog be restrained by a leash and under the immediate and full control of the owner or person in charge thereof and found off the owner's premises as required herein.

SECTION 2: The dog warden, or any assistant dog wardens, or any peace officer, shall seize any dog not so restrained by a leash and under the immediate and full control of the owner or person in charge thereof and found off the owner's premises as required herein.

SECTION 3: Dogs Impounded - How Redeemed, Sold or Destroyed

a) The owner, or his agent, of a dog seized not wearing a current license tag, may redeem the dog within seven (7) days of seizure by producing a license for the said dog and upon payment of a fee of Five (\$5.00) Dollars.

b) The owner, or his agent, of a dog seized wearing a current license tag, may redeem the said dog within twelve (12) days of seizure by producing a license for the said dog and upon the payment of a fee of Two (\$2.00) Dollars.

c) If the dog is not so redeemed as provided under Sections (a) or (b) hereof, the owner shall forfeit all title to the dog, and the dog shall be sold or destroyed by the dog warden or his assistants.

d) In case of a sale, the purchaser must pay a purchase price of Two (\$2.00) Dollars and obtain a license for the dog.

SECTION 4: It shall be and hereby is declared unlawful for any person owning, possessing, harboring or having control of any dog to knowingly, or carelessly or negligently, permit such dog to commit any nuisance upon any sidewalk in the Town of Oyster Bay; or upon the floor, any hall of any premises which is used in common by the tenants thereof; or upon the fences of any premises, or the walls or stairways of any building, abutting on a public street, avenue, park, square, or place; or upon any storm water basin or the fence, shrubbery, grass or landscaping plantings thereof; or upon the floor of any structure, store, factory, or any building which is used in common by the public, including all public rooms, or places therewith connected; or upon the floor of any depot or station or upon the station platform or stairs of any railroad or other common carrier; or the roof of any premises which is used in common by the tenants thereof; or upon the floor of any hall, stairway or office of any hotel, motel or lodging house which is used in common by the guests thereof; nor shall any such person omit to do any reasonable and proper act, or take every reasonable and proper precaution to prevent any such

dog from committing such a nuisance in, on or upon any of the places or premises herein specified. The term sidewalk shall mean the area between the curb line and the property line of the abutting property owner.

SECTION 5: The Town Board may from time to time, by resolution, adopt rules and regulations hereunder.

SECTION 6: That the 'Ordinance Relating to the Control and Seizure of Dogs' which was adopted by the Town Board at a meeting thereof on the 20th day of October 1959 be and the same hereby is repealed.

SECTION 7: The repeal of the ordinance or parts of ordinance effected by the enactment of this ordinance shall not be construed as abating any actions now pending under or by virtue of such ordinance; or as discontinuing, abating, modifying or altering any penalty accruing or to accrue or as affecting the liability of any person, firm or corporation, or as waiving any right of the Town under any section or provision existing at the time of the passage of this ordinance.

SECTION 8: Separability. If any clause, sentence, paragraph, section or part of this Ordinance shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which such judgment shall have been rendered.

SECTION 9: Violation of Ordinance. For each violation of any provision of this ordinance, the person violating the same shall be guilty of an offense punishable by a fine not to exceed Twenty-Five Dollars (\$25.00) or imprisonment not exceeding ten (10) days.

SECTION 10: This Ordinance shall take effect immediately. BY ORDER OF THE TOWN BOARD OF THE TOWN OF OYSTER BAY

I, WILLIAM B. O'KEEFE, Town Clerk of the Town of Oyster Bay, and custodian of the Records of said Town, DO HEREBY CERTIFY that I have compared the annexed with the original notice of Enactment of Ordinance Relating to the Control and Seizure of Dogs in the Town of Oyster Bay, adopted by the Town Board of the Town of Oyster Bay on January 29, 1963 filed in the Town Clerk's Office and that the same is a true transcript thereof, and of the whole of such original.

In Testimony Whereof, I have hereunto signed my name and affixed the seal of said Town this 1st day of February, 1963

COMETS COOL MAC ARTHUR IN THE FOR LEAD. The Section 1 schedule makers, didn't know it at the time but they came up with a real oddity, this past Tuesday night, by pairing the Comets vs Mac Arthur and Syosset vs Farmingdale. All 4 teams: from runners. In the Section 1 Derby, with identical 4-2, league records, locked horns, knowing full well that only two could tango for the lead. It so happened, that the 3rd phase was added to the certainty of death and taxes, and there could be but one result at the end of the night's action. . . There definitely would be a pair of ties for 1st and 2nd place. Absolutely no doubt about this fact and if we could have rounded up a bookmaker, who wasn't following the Section 1 race. . . We could have cleaned up a bob or two, by betting on these sure shot standings. . . Press deadline gives us no line on the Syosset, Daler game but we were part of a bleacher bustin, bunch of court buffs, that saw the Comets even their score with Mac Arthur by a countdown of 72-65. All in all, a real bang-up halgame, that saw the Comet, blow hot, during the final few minutes of the 3rd quarter and lead by as much as 13 points. . . Later in the final quarter, Mac Arthur started to hack away at this lead and closed the gap to a 6 point spread. . . "Much too close for comfort", wailed an ashen faced Comet rooster as he proceeded to hand out Bisdol, Tums and Rollaids to his fellow sufferers, who were starting to develop heart murmurs. . . But as the old saying goes. . . "alls well, that ends well. . . or something to that effect. The Comets are in a tie for 1st place, so who's to say they won't repeat for the Division title. . . They're an exciting, fine ball handling group of firebrands, that are well worth watching. See them at home again, this Friday night, vs Plainview on the Jr. High court. It's well worth the going tab, to watch the outstanding play of Chip Jaworski, the Bob Cousy of Cometland, Bill Luft, the scoring ace, with every shot in the book, Bob Smith and Vin Hannigan, the rebounders and hard driving scorers. Add Bob Feldcher, George Rivas, Paul Co-

losano, Tom Kuntz and little Rich Medina, the other boys who saw action last Tuesday night and you come up with a ball club, that never stops hustling. Our crystal ball rates them as the team to beat and we figure them to shade the Gulls by 10 points, this Friday night. . . See vs in the west side box seats and don't forget to bring along a good supply of nerve pills. We're afraid, all loyal members of the C.R.F. (Comet Rottin Fraternity) will be needing them for the 2nd half of the season. . . Be prepared. . . With Syosset and Farmingdale scheduled, once more, there's a full moon, flood tide ahead, for the locals.

SO WHO WAS THERE DEPT. . . A record crowd, including Principals Leon Galloway and John McGovern (Both were seen, sharing a Bisdol tablet during that hectic

last minute when the Generals closed the gap to 6 points). . . Cet Jaworski, Howie Finnegan and Andy Koshler, who with 13

to go, were doing the Boogie Nova under the scoreboard. . . and last but not least, meet Bob Cerone, former pitching star with the Comet, Division Champions of '61. Cerone and Gary Sonosian had combined their chucking talents, that year, for an undefeated baseball season and a Section 1 title. Both are now connected with big league ballclubs; having been scouted and signed by the Yankees and Senators. Cerone is with the Yankee chain and last season had compiled a 4-8 earned run average and a 6-4 record in Double A ball, throughout Florida. He'll be leaving for spring training in March and will be getting a crack at Triple AAA, this year. If he makes this jump in the same style. . . Look for this likable youngster's name on a Yankee scorecard in a matter of a few years.

Women's Clubs Act In Convention

Several significant resolutions were adopted by the Long Island Federation of Women's Clubs Inc. in convention at Carl Hoppi's in Baldwin on Jan. 18, according to Mrs. William Bean of Hicksville.

A curious note in the program read as follows: "No hats may be worn in the convention room".

Action was taken in approval of resolutions regarding non-sectarian prayers in public schools, the great shortage of medical school graduates.

Stating the need for medical schools, the Convention adopted a resolution urging the state legislature to create a school on Long Island within the framework of the University of the State of New York. A time lapse of six to eight years from approval to

results was admitted.

As to anti-pornography, the Convention endorsed the Postmaster General's enforcement of the law against obscene material sent thru the mails. It was vowed to "resist all pleas for 'freedom of speech' and 'freedom of the press' as applying to filth, subversion, and propaganda as dialectical nonsense; garbage should be burnt, not left out to pollute the atmosphere."

The Convention took the position that "its representatives in Washington to press for the immediate passage of HJR #820", legislation necessary to invalidate the current ruling of the US Supreme Court. Copies of the resolution are going to President Kennedy, Senators Eastland, Keating, Javits and Congressmen Celler, Becker, Derouin and Pike.

CELEBRATES BIRTHDAY

Mrs. Josephine Heinemann was guest of honor at her 70th Birthday Party given by her daughter and son-in-law, Mr. and Mrs. Joseph J. Arnold, and granddaughter, Beverly Jo Arnold of Princess St., Hicksville, on Feb. 2nd.

Twenty-six relatives and friends attended the buffet supper to help celebrate this happy occasion.
