Polish Off School Budget This Weekend

The Hicksville Board of Education had hopes of finishing work on the proposed 1963-64 District Budget this weekend so that it can be printed and distributed to residents, although technically the trustees can alter the budget up to seven days prior to the voting on May 8.

William A. Bruno Jr. launched on a campaign to pressure the Board of Education to make changes in the Budget as he goes fir. In a press release this week called for public attendance at a meeting this Saturday morning, Mar. 2, starting at 10 a.m.

"It is a public meeting of the Board of Education," he stated, "to accept the budget. If this goes through you have only more chance, that being the May election. I am giving up a day of work to be at this Board meeting — what are you doing to cut your taxes?"

Actually, the School Board has traditionally held a public taxpayer discussion of the budget just outside of the 7-day period prior to the voting to allow further revision.

He also declared "my character was attacked at the last meeting", failing to mention that he was involved in an argument with a spectator during a recess in the business of the session. He also charged "I am forced to face

**Now NOT to
Cut School Budget**
— Editorial on Page 4.

double standards by both the School Board and the school administrators, I am forced to overcome many obstacles to bring information to you. I am forced to break with those that supported me for my election."

Considerable time at the meeting last Thursday night, Feb. 21, was devoted to action upon a motion offered by George W. Kunz regarding the marking of material "privileged and confidential" emanating from the Superintendent of Schools or Board members. The Kunz proposal was adopted, four to one. F. Dominick Sabatelli and Cornelius McCormack were absent. Bruno voted no.

This week School Superintendent Donald F. Abt voluntarily released to the public a memo on where reductions could be achieved in certain areas of the budget. The document had been previously distributed to Board members and marked "privileged and confidential." However, Bruno saw fit to release to the press portions

of the Abt memorandum.

Abt said he released the memo of Feb. 8 because only parts of it had been previously quoted.

School Attorney Joseph Catalano was frequently called upon by Bruno on Feb. 21 to rule on points of law and parliamentary procedure. At one point Bruno was ruled out of order by President Jerome Zettler. An appeal from the ruling of the chair was defeated, 4 to 1.

In an unprecedented action, the Board voted to let Bruno have a duplicate of the tape recording of the meeting upon his request.

Neighbors Object

The application of Midwood Homes for a special permit to operate a gas station on Old Country Rd at the corner of Freyert Pl. Hicksville, was opposed at a public hearing in Oyster Bay, Tuesday. Arthur Fredericks of 44 First St presented a petition in opposition with 18 signatures.

The applicant was represented by Leland Badler who contended the station was needed because the eventual widening of Old Country Rd will curtail or possibly eliminate other gas stations in the area. The matter had been the subject of a public hearing in April of last year, but the plea was withdrawn at that time.

Dear Lynda:

Town Councilman LOUIS A. SISIA of Bathpage is re-elected secretary of the LI Chapter of the American Committee on Italian Migration. A breakfast meeting held by the Chapter at Garden City Hotel raised \$1500 for ACIM's immigration education program. Scheduled to represent the Town of Oyster Bay League of Women Voters at Albany two days this week during a legislative conference were MRS. GERALD WALPIN and MRS. ROBERT MELECH of Plainview and MRS. WARREN AARONSON of Bathpage. Town Supervisor TOM PYNCHON announces that Town public parking field permits, normally expiring March 1, are being extended until April 1 this year. You can get an application in person or by mail at the Town Hall branch at 65 Broadway, Hicksville. ALEXANDER VITALE, Woodbury attorney well-known in Hicksville, has been appointed to the Nassau Mental Health Board by County Executive Nickerson. The AHRG Family Secrets Cook Book has been published and you can obtain a copy from MRS. SYLVIA MATTHEWS AT \$1.50 by calling OV 14243. All proceeds go to the Assoc. for the Help of Retarded Children. Easter Sunday is April 14 this year. The Lenten season began yesterday with Ash Wednesday. Civic leaders in the area will be receiving reprints of the HERALD editorial of last week opposing the Democratic plan for high-rise apartment houses in the mid-Island section.

Hicksville Water District is opening bids on Mar. 7 upon a 1963 Chevrolet station wagon. Hicksville Fire Commissioners may readvertise for that new Cadillac fire dept. ambulance. Two teachers in Hicksville Senior High and articles published in the NYSTA Journal. ERIC A. HIRST wrote a symposium on Aural-Lingual Methods in Foreign Language Teaching entitled "Three Voices" and published in the December issue. SAMUEL GOLDBERG's article, "Grace" was published in the January, 1963 issue. At the request of the LI State Parkway Police Benevolent Assoc. of which Ptl. BARNEY AVERSAO of Hicksville is president, Assemblyman EDWIN J. FEHRENBACH has introduced a bill in Albany authorizing staff doctors and laboratory technicians at state and county hospitals to administer drunk driving tests to motorists suspected of intoxication. It is said that at present police officers frequently have a problem finding private doctors to make drunk driving examinations. Last week 111 school districts in New Jersey out of a total of 524 saw budgets defeated.

Miss PATRICIA ANN, daughter of Mr. and Mrs. John McNeil of 53 Bridge Lane, Hicksville, celebrated her 17th Birthday, Feb. 27. A mystery baffling the Hicksville Chamber of Commerce is the fact that about 75 empty spaces remain daily in the town's new parking field on Duffy Ave. close to the RR depot. The Chamber directors meet this Friday morning, Mar. 1, at 9:30 a.m. sharp in the Seawall & Hissman building at 167 Broadway. The LI Naraymen's Assoc. will show at the Island Gardens, West Hempstead, ends on Mar. 3. The tenth annual LI Boat and Sportsmen's Show at the Jamaica Armory runs from Mar. 2 thru Mar. 10.

RUDY BOUSE of Duffy Ave. and Charlotte and his patrons recently contributed \$160 to the March of Dimes. Good work, boys and girls. Loss of a supermarket in the downtown area of Hicksville (first the AAP moved away and then Big Ben closed its doors) is being keenly felt by merchants in the area. Pedestrian traffic is almost down to nothing. "Snake damage" sales were staged this week by Sea-High Shop and the jeweler next door. Although school elections are still two months in the future, preliminary shuffling and sounding on potential candidates is afoot. School Board has set Mar. 1 as its goal to finish off the annual budget so that it can be printed and distributed well in advance of the annual vote.

Speedy recovery to BOB MORGAN whom we understand is confined to his home due to illness. Art students of Hicksville Junior High under the direction of MRS. ELISE SAYKO and MRS. BEATRICE McNANIE visited the Museum of Modern Art, Craft Museum and American House on Feb. 19. Syosset-Jericho Democratic Club held installation of officers on Feb. 27. Among officers from Jericho are I. STEVE SWIEBEL, recording secretary; RICHARD V. MANNHEIMER, corresponding secretary; and HERBERT J. SIMINS, sgt. at arms. Red Cross annual fund drive starts this Friday and deserves your support. This is from the Cheektowaga Times: "How to live with your editor: The newspaper editor is a hardy soul. He has to be. He has to keep his nose to the grindstone, his ear to the ground, and his eye on the ball. He has to be an ace reporter, a diplomat, a psychiatrist, a salesman, a quizmaster, a scholar, and an expert on modern communications. He has to write like an angel, work like a devil, and realize that no matter what he prints, there's going to be somebody who doesn't like it." ROSEMARY WAGNER received a birthday gift dress, as a gag, and wearing it won first award at a recent costume affair.

DOMINICK STASI

HICKSVILLE -- Dominick Stasi of 21 Adam St., here, died Sunday, Feb. 24. He is survived by seven children, Mary Russo, Ann Caffio, Rose Moglia, Phyllis Alessio, Frances D'Andrea, Anthony and Louis Stasi; one brother, Samuel Stasi; also surviving are eleven grandchildren.

He reposed at the Vernon Wagner Funeral Home until Thursday, Feb. 28 when a solemn requiem mass was offered for him at St. Ignace R. C. Church at 9:30 a.m. Interment followed in St. John Cemetery.

ANGELO DE MARCO

SEAFORD -- Angelo DeMarco of 150 Hicksville Road, here, died Tuesday, Feb. 26. He is survived by his wife, Marie (nee Pascarella); four sons, John Alexander, Joseph and Angelo; three daughters, Rosalie DeMarco, Madeline Pagano and Grace DeMarco; also surviving are eight grandchildren.

He is reposing at the Henry J. Stock Funeral Home, until Saturday, March 2 when a solemn requiem mass will be offered at St. James R. C. Church at 10:00 a.m. Interment will follow in Holy Road.

Herald Editorial Opinion :

How Not to Cut the School District Budget

We wrote here two weeks ago regarding the effort entailed in the preparation of an annual school district budget. We made reference to the value of responsible efforts to hold the line and the seasonal appearance of those "experts" with the meat cleaver approach.

To be more specific take the case of the Hicksville School District where we have intimate knowledge by reason of having written about and watched the preparation of the annual budget for more than 25 years. The taxpayers of Hicksville have had several factors working in their favor over the years. The community enjoys substantial industrial and commercial acreage which helps shift the load off the homeowner. Further, the annual total district assessment has continued to climb each year. Coupled with these factors have been the dedicated people (some of whom with which we violently disagreed) serving on the School Board who have put in long hours of concentrated energy, in cooperation with the several school administrations, to shape up the budget.

As a result Hicksville District enjoys a tax rate well below \$6 per \$100, while neighboring Districts are climbing above \$7 rates.

In recent weeks we find in our midst a member of the Board of Education who professes to be the taxpayer's only friend. Actually, as we shall attempt to point out, he can be considered the taxpayer's worst enemy.

It takes little energy to mount a soap box and cry foul. But in our society, all men are innocent until proven guilty. The person who makes extravagant promises and views with alarm must be called upon to prove his point with facts.

We come then to the case of William A. Bruno Jr., duly elected member of the Board of Education. His candidacy had our support. Thus, this statement is not particularly pleasant or easy to write. Mr. Bruno

is a charming person, strong-minded when he believes he is right but inclined to go off a little half-cocked. This he has clearly demonstrated in his present position on the proposed school budget.

He simply refuses to understand that he as an individual is not the Board of Education. The School Board, in session, is a corporate body and its actions only have weight when taken by majority decision.

He has made public during the past week a lengthy chart which purports to show where he alleges the proposed budget can be slashed. He has stated that at least \$600,000 can be shaved from the CURRENT budget and savings as high as a million dollars could be achieved.

He writes eloquently for example, of keeping the public informed and yet areas in which he would cut the budget would do the opposite. Item: he says eliminate \$1,100 from the budget (in Code 2-6) by reducing the number of printed copies of the budget available to the voters in April and eliminate its distribution by mail.

He is now speaking quite frankly of seeking defeat of the budget at the annual meeting in May. He would eliminate from the budget the funds to provide for a special meeting or election during the coming fiscal year. Thus if the budget were rejected as he hopes, there would be no funds available for a vote on any substitute budget and the District may automatically have to go on an austerity program -- eliminating many services including free text books (paradise) and in district transportation, cafeterias, adult education, recreation, summer play, etc.

Whether it is done by chance or design, we are not prepared to say, but his arithmetic is suspect. Item: The Administration initially recommended a total of \$250,090.61 for Code 2, general control. The total of his claims where he says reduction should be made is \$215,209. He goes further and says he

has found an opportunity to thus save \$48,881.60 but simple subtraction shows his difference to be only \$34,881.61.

In the matter of the salary of administrative assistants, he says he would recommend \$13,250 ("I recommend \$250" increases). And yet on July 3 of last year, he voted to engage two administrative assistants to the superintendent at \$14,250 each. Thus what is claimed as a \$4,000 saving in the budget would actually be only \$2,000 and the administrative assistants each get \$1,000 pay cuts.

Space does not permit a detailed analysis of what he has released to the press. Sufficient to say that what he wants the public to believe is inaccurate, distorted and at variance with the record of his voting at the meeting of Jan. 5 when Code 2 was the subject of consideration.

It doesn't take an expert to recognize that any budget can be cut. What must be weighed in the balance is good judgment and common sense. The School Superintendent has pointed out, for example, that the District can save \$100,000 on transportation by having children arrive at school at various times earlier than 8 A.M. Do you want your child waiting for a school bus at 6:30 A.M. or earlier?

We can stop painting school buildings and cutting grass. A lot of money can be saved and nice lawns don't put anything in a child's mind. Then in a couple of years we can rebuild all the lawns and buildings at higher cost. Wherein is the economy?

We realize that our comments may lead Mr. Bruno to claim that he has been deserted by friends in what he visualizes as his dedicated fight. Let the record be clear. This was written reluctantly, realizing the hazards, but dictated by a sense of responsibility and the importance of accuracy and honesty. Private advice has been of no avail. Mr. Bruno has rejected his friends.

BY ARTIE RUTZ

Is it news that we are reporting that Bob Sutton is the long awaited and much needed Parade Coordinator? Good Luck, Bob... Is it news that Clem Swallow won the Dark Horse prize at the last meeting?... And have you heard of the swell time the Sons of The American Legion Squadron and the Auxiliary had on the bus trip to Indian Point, Con Ed's Atomic

power plant, and the stop off at the Harmon, N.Y. Diesel shops of the New York Central RR... Seems even the adults had a good time... Many more trips and tours are in the planning stage as the result... Is it news that our Building Bonds are being sold at a rapid pace? And no wonder; they pay a handsome 6% interest each year. Better hurry and get your share before they are all snapped up by non-members as the sales to the general public are being to skyrocket... And for you old timers who are waiting for a date for your annual "ride", don't give up yet, too many committee meetings, due mainly to our expansion program, etc., is causing the delay... After all, there are only seven nights in each week... So a little more patience and foot tapping is on the docket but I'm sure Commander O'Neill will come up with a date shortly... Is it news that P.C.C. Jim MacClean, founder of the Nassau County American Legion Memorial Library at Hofstra College is still recuperating from his serious illness at his Brookville home... Is it news that the S.A.L. program has advanced to the point where District Officers are now provided for... Thus setting the stage for the final step, that of Dept. Officers which are due to be elected at their first state convention in 1955... The latest on the Korean Bonus as reported from Albany by those who attended the annual Legislative Dinner is that the Boveron said in effect, "Don't give up fighting for it, you may get it some day."

HI-JINKS WERE KEYNOTE at a recent meeting of Hicksville Lions Club as members Ramon Carrano, John Andrews and Maurice Paul (from left) try their hand at dressing male acquaintances with an assortment of feminine apparel. OPEN LETTER TO THE COMMUNITY

Through your paper I would like to publicly thank the following people of Hicksville School District #17.

For the past two years I have been trying to bring my daughter here from Poland. I could not have accomplished this without the able assistance, advice and encouragement of the following members of the staff of the Hicksville Schools... Mr. Donald Abt, Superintendent of the District, Mr. Schofield, formerly Assistant Superintendent, Mr. Duncan, Principal of Old Country Road School, Mr. Chialano, formerly Assistant Principal, Old Country Road School, and last but not least,

Mrs. Gertrude Low, Senior Stenographer, who so graciously wrote so many letters for me.

The residents of Hicksville are indeed fortunate to have so dedicated a school staff of men and women who give of their personal time and talent to solve another's problems so willingly. Thanks to them, and others so dedicated who helped, my daughter is here in the United States sharing with us our new home.

It is people like these that makes this country so great. Lessons learned from them scholastically

and otherwise, just have to make a good citizen a better one.

In gratitude,

President's Corner

by George J. Frankel

I have noticed that recent issues of THE VILLAGER have contained very few releases from the various religious and charitable organizations of Birchwood. In line with its policy of serving the residents of our community in every way possible, the Birchwood Civic Assoc at Jericho, Inc. has always made the pages of its official publication, THE VILLAGER, available to all the other organizations of our community for their publicity and press releases. I should like to take this opportunity to remind the organizations of this service, and to invite their publicity chairman to contact THE VILLAGER (see masthead).

In the past, complaints and criticism have been brought to my attention to the effect that one organization is getting more space in THE VILLAGER than another, or the THE VILLAGER seems to be favoring one particular organization. Nothing could be further from the truth. The staff of THE VILLAGER, who are, of course, themselves volunteers, cannot possibly undertake to write, report, photograph, or in any other way participate in the formation of the publicity in any organization other than that of THE VILLAGER's parent organization, the Birchwood Civic Assoc. THE VILLAGER is therefore completely dependent upon the other organizations for the material which is published about them, and cannot be held responsible for the relative amounts or quality of these releases.

To comply with the established VILLAGER policy, all press releases, photos, and other publicity material which an organization wishes to have printed in THE VILLAGER should be type-written double spaced, and submitted in duplicate on the Sunday preceding the publication date. Naturally as with any other material submitted for publication, all such releases etc. are subject to the approval of the Editorial Board, and to the space available.

I am very happy that the Civic Assoc can make this service available, and I do wish that all our members will make full and constructive use of it.

Call to Action By Women Voters

The League of Women Voters urges all citizens to act now by writing to Governor Rockefeller, their State Assemblyman and State Senator in support of either set of the following identical bills: Republican sponsored Anderson/Brook bill or the Democratic sponsored Bernstein/Maresca bill for Mandatory, Statewide Permanent Personal Registration by 1966. This is the first step toward modernization and reform of New York State Election Laws. Passage of

Statewide PPR will properly safeguard the franchise for every voter in the state, who now is, or soon will be, eligible to vote, by insuring his identity and eligibility.

The League also supports the Barrett/Huntington bill to repeat the 20% limit on the annual increase in State Aid to School Districts; and the Fehrenbach bill to increase the ceiling on the State's share of operating expenses from \$300 to \$850.

For the fourth week in a row Cap't Marv and his 'Champs' have bowled over their opposition. This time they went all the way and shut out Sol Rabinowitz's 'Individs' 7 to 0. Sol tried his best to ward off this beating as he bowled his second 200 game in as many weeks, a 220. He seems to have found himself now. In the last five weeks he has raised his average 5 points and at this stage of the game that is not easy to do.

Right behind the 'Champs' are Jack Sloan's 'Met'. After taking a bad beating the previous week they bounced right back and swept Fred Sapio's Royals right off the boards. Taking these 7 points brought them right back up into 2nd place only 2 points out.

The highlight of the night featured Mort Levine's Morticians against Leo Geyer. It was almost a Mexican Stand-off as Leo's boys won 4-3. In his first try Leo came up with a tremendous 243 and almost single-handedly overcame the Morticians first game bid for High Series. As Leo cooled down the rest of his 'Lions' took up the slack. They managed to take one more game form Mort's men, but the 'Morticians' continued their fine team effort and wound up with total wood and a new High Team Series with Handicap of 2510. Leon Cohen made his contribution when he threw a 204, his second of the year.

Herb Brody, in his quiet cannonballing way, has edged his average up to the highest point we have ever seen him attain in league play. He started the season with a very respectable 150 but slowly and with only an occasional bit of fanfare he has climbed to 158. His latest flurry was a 207 this past week, his second of the year, and this helped his teammates, the 'Trophies' take their series

from Mill Goldberg's 'Spares', 5 to 2.

Two weeks ago, because of lack of space, some items of interest were omitted. Here's a recap: Cap't Al Mineoff of the 'Alibis' was still trying to find a way to lead his boys up out of the second division. He bowled a 202 but couldn't overcome the combined efforts of Dave Basterman's 'Tigers' and they lost 5 to 2. But since then the Alibis have taken two series in a row and they are now in 7th place, the highest they have ever been.

Gerry Reichgott, who at that time was still counting in his feeling of accomplishment for throwing the strike that nailed down the first half championship for his 'Mortician' teammates, had a fine night. He bowled a 534 series and now holds the record so far this year for Class B High Individual Series.

We just heard that Horace Bernstein was taken very seriously ill last Sunday night and had to be taken to Syosset Hospital. We all hope its not serious. Come back quick Horace, your team needs you.

A heart specialist may save a life from 1,000 miles away—because of another kind of telephone service.

The electrocardiograph is a chart of heartbeats. Now, with DATA-PHONE service, heartbeats can be converted to electrical impulses, flashed over regular telephone lines, and translated into an electrocardiograph for a heart specialist thousands of miles away.

The specialist can study the chart while the heartbeats are making it, and provide quickly the expert diagnosis which may help to save a life. Of course, telephones are for talking, but there's a whole lot more than just talk on telephone lines today.

AND THEN THERE WERE 12... The Clarke High School in East Meadow was a fitting scene for this "Big Daddy" of schoolboy wrestling circles. It's a 2nd story affair and the locker rooms beneath; running the full length and width of the gym above, make it a cavernous thing. It was the scene of the annual Nassau County Wrestling Tournament, held last Friday and Saturday, afternoon and evenings. Even at 1 p.m., Friday, only the best of the best remained, to face each other and the gym and locker rooms, were alive with County wrestling fans from all walks of life. It was a Matarama, second to none and those that were a part of it were treated to one of the finest, two ring, wrestling shows on earth. There were a wealth of cheers, throughout the matches, taking place simultaneously on both mats and not one boo or cat-call could be heard... For even the cheers, as loud and as raucous as they were, at times, still remained in the realm of good taste. Indeed, a tremendous show, that couldn't possibly be reported in its entirety, without invoking the wrath of the Editor. By nightfall on Friday, the original number of 216 grapplers, representing almost every High School in the County, had dwindled to 96. They ranged in weight, from the 98 strippling to the Tarzan's in the unlimited class. On Saturday at 5 p.m., only 48 remained. 24 of these were finalists (2 in each weight class). It was winners vs. winners, with a County title up for grabs. They were scheduled to face each other at eight that night. The other 24 were the losers in the afternoon matches and they in turn would lock horns in consolation bouts, starting at 7. In short, the last 48 wrestlers in each weight class, could fare no worse than a 4th place County finish. It was an honor, that would live forever in the minds of those boys that gained this final step, for considering the calibre of the competition, this was definitely no small achievement... And if the later statement is open to question, there's no more living proof, than the 3000 mat buff, who went home with the secure feeling, that America is in mighty good hands. For those, that live in Cometland; meet Dave Trudd, Bill Starke, Robin Winkle and their wrestling coach, Bill Roberts. They made their presence felt, throughout this tournament but it was Winkle alone, who remained to carry the Hicksville colors into the final day. On Friday, Dave Trudd, Cometland's 98 lb. stand-out brawler was knocked out of contention by Calhoun's Tom Ford. The match went into overtime. Bill Starke, Hicksville's, 106 North Shore Champ, this year fared 1 match better, by gaining the pm. Quarter Finals. Starke was finally decided, 2-0 by Hempstead's Bob Harris. This left the Comets with one remaining contender for the 115 lb. title. Robin Winkle, had swept through Friday's competition with 5-0 and 2-0 decisions over Monks and Columbo from Calhoun and Mephram. His foe for the semi-finals on Saturday afternoon was none other than, Mephram's Bob Stock; last year's County champ. Stock won 3-1 and went on in the finals to beat Clarke's, Brian Lambe, 2-0 for his 2nd title in a row. The rest comes in the form of notes, jotted down as noticed. (Clarke's perennial champion, Bryan Lambe,

has the look of a choir boy off the mats. On it, he's still a baby faced kid but one with a definite purpose. (Lambe finished 2nd in the County and Winkle 3rd via a decision over Valley Stream Central's, Howie Bergezen) In the semi's, after Lambe had decided Bergezen to gain the finals, the first one to shake his hand was none other than Robin Winkle. It was amazing to watch a display of sportsmanship, such as this. Had Winkle beaten Stock, he would have faced Lambe for the title. But this fact, seemed to make no difference at all, for in spite of the fact that Winkle and Lambe had always been arch enemies on the mats, they still remained the best of friends. Later both walked arm in arm and finally sat down on the lower, locker room steps. They were joined by other matmen, from many different schools and all discussed the mistakes they had made. This was schoolboy wrestling in its finest hour. No other sport can rival, the overall respect and admiration, this one breeds, among those that square off on the mats. It's a real man-maker and Mephram the perennial powerhouse in schoolboy wrestling circles, has the right idea by getting the champs of tomorrow, started on the Elementary level. Nice going Comet... See ya, next time around... and we'll go out on a proverbial limb with coach Bill Roberts, by predicting a county title for Robin Winkle, next year. COMETS GO FARMINGDALES... There are those who say the Comet basketball dynasty is nearing its end but from where we stand, the crystal ball shows a clear, sharp picture of bright and sunny days on the horizon. The days of back-to-back championships might be open to question but who's to say, tomorrow's Varisty won't win their fair share of the ball games... Especially with coach Ed Petro at the helm. At the beginning of this season, Petro committed the cardinal sin of the pessimists by stating: "This was a team that was going to make the town sit up and take notice". Of course there were doubters, with that "show me," attitude but once the season rolled into high gear, the doubters became firm believers in the old axiom that: "a hustling ball club is a hard one to beat". And the same thing holds true for next season. Most certainly, we're going to miss firebrands like Jaworski, Luft, Smith, Hamigan and Revis but the Jayvees have a number of good boys coming up. Add these to the likes of Paul Colosano, Bob Feldcher, Bruce Dammi, Tom Kumiga, the Medina brothers, Gus and Rich, Ken Perrone and Don Katz and you have the makings of another good ballclub. Four of this latter group saw action in last Thursday night's win over the Delers and came up with enough sharp play to calm the pessimists. That's a 9-2 record for the Comets, so far, with the season's finale scheduled against Mideledge (away) on the Tues prior to this issue. The Comets should win by 10 points. Scorers for the locals vs Farmingdale were: Bill Luft and Chip Jaworski 17, Bob Smith 13, George Rivas and Paul Colosano 4, Bob Felder and Tom Kumiga 2 and Rich Medina 1. Mr. and Mrs. Ferdinand Bode of 123 Willford Blvd., Hicksville are the proud parents of a daughter, Eileen Ann, born to them Wednesday, Feb. 13 at Mercy Hospital.

Cook Book Sale Benefits AHRC

Mrs. Frederick C. Marks, Jr., a member of the Levittown-Hicksville Auxiliary for the Assoc. for the Help of Retarded Children, whose 7-year old son Douglas is severely retarded, is paying another installment on the debt of gratitude she feels to the Assoc. With an already creditable record as a fund-raiser for AHRC behind her, Mrs. Marks has now written her "AHRC Family Secrets Cook Book", in which she offers 102 easy-to-do gourmet recipes, gleaned critically over the past two years from her family and friends, as well as favorites from her own specialty files. Spiral bound at the top to stand alone, the book is gaily illustrated by Ivy Bortol of Levittown, well known in art circles. It was produced in the AHRC Workshop in Hempstead - which, incidentally, did its first silk-screening project to print the cover design.

Mrs. Marks offers an enviable example of how one mother met the challenge of the restrictions placed upon her when adversity strikes. "We were limited in our social activities during Douglas' early years; and our entertainment centered chiefly around dinner parties that I used to give several times a month". This soon called for ingenuity and creativeness to present a variety in her menus. Constantly experimenting, Mrs. Marks in time established herself among her friends as a creative cook and hostess. A prize-winning cook, who loves to entertain, but who "doesn't want to live in the kitchen".

"Douglas was at home with me for five years until AHRC was able to take him in their Training School in Brookville in the fall of 1960. "We are still greatly indebted to AHRC. For their sake, I hope the cook book goes over just great. For myself, it was a labor of love for all they are doing for Douglas and for us". All proceeds from sales will go to AHRC. Copies at \$1.50 each are available from all Nassau County auxiliaries, and can be obtained locally by calling Mrs. Sylvia Matthews, OV1-4243.
