## Catholics to Construct HS In Community for 2400

The Most Rev. Walter P. Kellenberg, DD, Bishop of the Diocese of Rockville Center, announced Monday that he is formulating plans for the construction of four diocesan high schools at a cost of \$6,000,000 each, one of which will be located in Hicksville. The announcement was made at a meeting of pastors, Monday.

## Claims He Was Not Invited

William A. Bruno Jr., self-styled minority member of the Hicksville Board of Education, in a press release this week charged that on Monday, night, March 11, he surprised five members of the School Board in a "secret meeting" with School Superintendent Donald F. Abt in the School Administration Building. He claimed that he was not given notice of the meeting and demanded to know why.

From private sources he learned of the session, Bruno said, and when he entered the Administration Building on Newbridge Rd he went to the superintendent's office and there found all Board members seated around Abt's desk except Herbert H. Johnson, board vice president.

A Board member who asked not to be quoted said he was invited to attend a 10-minute conference at the office of the Superintendent, Monday night, and was unaware that Bruno had apparently not been included in the notice.

## One In, One Out

HARRY M. WAGNER of 25 Baxter Lane, Hicksville, shown with his wife, Rosemary, said this week he will run for the Hicksville School Board this year. Last week Murray Margolis of 12 Frances Lane said in a news release that he was going to be a candidate. The ink was hardly dry on the edition when he telephoned and said he was not going to run and had no further comment to make. Wagner is 35, a plant project engineer for Sperry. He is a graduate of Kings Point Merchant Marine Academy. The Wagners have two children, Carol and Diane.

The high school at Hicksville on property owned by the Diocese on Newbridge Rd. near Cherry Lane, will be co-institutional; i.e. two separate buildings will be erected, one housing 1200 boys and the other 1200 girls.

No date for the start of construction or of completion has been disclosed. No names for any of the four high schools, two in Nassau and two in Suffolk, have been disclosed. The religious orders to provide the faculties will be named later.

The other high schools are to be located at Mitchel Field, West Hempstead and South Huntington. All structures will be co-institutional, accommodating 1200 boys and 1200 girls, each.

Bishop Kellenberg said: "Since the founding of the diocese in 1957, 26 grammar schools have been constructed and there have been additions to another 38. This achievement has permitted an additional 40,000 children to receive a Catholic education."

## ON DEAN'S LIST

Three Hicksville residents have been named to the Dean's List at C.W. Post College for the Fall 1962 semester. They are: Marion Feder, 754 South Oyster Bay Rd., senior; Earl Morris, 230 Jerusalem Ave., freshman; and Diane Fine, 61 Summer Lane, senior.

## Flood Conditions Hit Marie St.

HICKSVILLE FIRE Commission-ers have dispatched copies of these pictures on the right to the County Dept. of Public Works and others concerned in an effort to seek relief from the drainage problem on E. Marie St. in front of fire headquarters. RR Grade crossing elimination project next to the fire-house has cut off normal drainage from E. Marie St. resulting in flood conditions which not only hamper firemen entering the building in response to alarms but has also resulted in interior flooding in the basement recreation area of the building. Top picture (A) is the north side of the street, looking west. Pumps have been utilized to combat the flood. Middle picture (B) is the same area, looking east. Fire equipment splashes thru more than a foot of water in leaving headquarters. Bottom picture (C) is the other side of E. Marie St. looking west. Lakes on both sides of the street almost reach the high crown of the County highway.

## Attend Lecture At University

Mrs. Vincent Braun and Mrs. Dale Russell represented St. Ignace School by attending a lecture and luncheon at St. John's University, Feb. 22. Mrs. Braun and Mrs. Russell were particularly interested in children's participation in library, so they attended the lecture and panel discussion for this group. The guest speakers were: Mrs. May Parkinson Webb, former School Library Supervisor from Albany and Benjamin Leach, publishers representative of New York City. This was

most inspiring. The luncheon speaker was Germaine Kretsch, Director of the Washington Office of the American Library Assoc. Her talk was excellent and much emphasis was put on the importance of library in conjunction with education.

## COMMENT FROM MORRIS

To the Editor:  
It is my duty and responsibility to do something about the glaring inadequacies of transportation in this county. Commuters, motorists, shoppers, parents, senior citizens and businessmen are particularly frustrated and inconvenienced by existing conditions. Their needs have long been treated with total indifference.

I intend to continue to expose the deplorable condition of bus, rail and taxi services in this county and to strive to do something to correct their deficiencies. We are faced with a lack of mobility, unnecessary expense, fantastic traffic congestion, aggravation over parking, high fare structures, rising auto insurance costs, long hours journeying to and from work, and ever increasing automobile fatalities and accidents because of an absolute failure to plan and work for present and future needs. If we can get government to focus on these needs, we feel that we have concerned ourselves with the everyday problems of the people.

If the price for taking our transportation crisis seriously is that we will be vilified along the way, so be it. We believe in the long run that the people of this county will benefit by sincere efforts to do something constructive, and repudiate those who distort for political advantage, those who are oblivious to the existing transportation crisis of this county, and those who deprecate efforts to make suburban living a little more manageable.

Yours for better transit,  
(Signed) EDWARD J. MORRIS  
Director

Massena County Dept. of Transportation & Franchises  
Mar. 11, 1963.

(Editor's Note - We rarely comment directly and in the same issue on letters to the editor.

However, since Mr. Morris was apparently stimulated to write because of our editorial of Feb. 21, "We Don't Want Towering Apartment Houses", he makes no attempt to refute our stated charges that by design he and the Democrats seek to bring about a change in the suburban scene via a rapid transit loop which will result in high rise apartment dwellings in the manner that the subway extension from NYC affected Queens County).

## AN OPEN LETTER

To People of Hicksville:

Within recent days, our school district has witnessed an act on the part of one of our Board members that is -- to say the least -- reprehensible.

A mimeographed sheet was distributed to most homes asserting that members of the School Board (excluding himself) don't care about the expenditure of public funds. It implied certain other things that reflect a total lack of understanding -- if not outright ignorance -- of the actual facts.

The purpose of this Board member now seems patently clear. He appears ready to destroy the very foundation upon which our educational system was built. He has already impugned the motives and good name of our Superintendent of Schools. He has attacked the teachers of our district through his masterful insinuations. And now -- because other Board members refused to be subservient to his constantly shifting moods -- he is attempting to drag them down into the mire of his own thinking.

As Mr. Bruno says -- we DO have a job to do in Hicksville. I wish, however, that he would put a little CONstruction -- not destructive -- effort into it.

Awaken, people of Hicksville. It's getting later than you think.

GEORGE W. KUNZ,  
Trustee

Hicksville School District

## President's Corner

by George J. Frankel

It could not have escaped the notice of any of the readers of THE VILLAGER that the last issue of this paper was the most compact ever produced by our newspaper committee. This was due to the sudden illness and hospitalization of the Editor, Horace Bernstein. Although the Editorial Board did manage to get a few articles to press the extent to which we missed Horace's guiding hand was most obvious to all of you. I am happy to be able to report that Horace is home again, feeling much better, and back on the job. I know that all the members of the Birchwood Civic Association join with the Board of Directors and the Editorial Board of THE VILLAGER in wishing Horace a complete recovery and the best of health.

The Nominating Committee of your Civic Assoc. has just been appointed. The committee consists of nine members. Two, who cannot be members of the Board of Directors, are appointed by the President. The other seven are appointed by the Board of Directors, two from the Board itself, and five who are not currently on the Board. This insures that the committee will present a cross-section of our community. I am confident that the men and women who have accepted the responsibility for formulating the slate of officers and directors for the coming year will do their best to select candidates who will ensure the continued success of our organization.

## Ten Pin Talk

by Henry Dockswell

If it weren't for Len Walnick and Leon Lewman, last Monday night would have been a very uneventful one. Each of these two men helped their respective teams, the "Trophies" and the "Champs" shut out their opponents and thus substantially better their league standing.

The "Champs" have really been unleashing their heavy artillery. If it isn't their strong gun Sam Jarvis or their Capt. Mary Cohen, throwing a hot ball, along comes Leon Newman to lead the way. Leon bowled himself a very fine series of 544 to take over the lead in the Individual High Series in

## Democrats Near Morris Mar 27

Edward J. Morris, county director of franchisees, will speak on taxicab, bus and rail problems at the March 27 meeting of the Syosset-Jericho Democratic Club at the Country Diner, Jericho Tpk at 9 P.M. Charles E. Stoner, secretary of the Nassau County Planning Commission, will talk about the projected double loop rail system.

A club spokesman said the statements will be of particular local interest "because of the increasing build up of issues which may affect the November elections in the Town of Oyster Bay and the connection between transport and multiple dwelling construction."

Robert MacGregor, county labor coordinator, will be featured speaker at the May club meeting.

## Hi, Neighbors

MURIEL SUGARMAN

Get well wishes to our editor, Horace Bernstein, still home recuperating from his recent illness; also to Grace Herskowitz's mother, to Claire Freedman (Fall Lane) and to Jerry Neel of Hazelwood Dr., all in Syosset Hospital; to Jackie Shapler in Glen Cove Hospital, and to Bert Shogin of Birchwood Park Dr.

Jericho High School PTA will hold its March meeting on Wednesday, Mar. 20 at 8:15 P.M. The slate of officers for the coming year will be presented and elections will be held for the 1963-64 school year. The Jericho School Board will then present plans for high school expansion. President Sam Hecht will answer questions.

Happy birthday to Gail Bernstein (18), Steven Kaplan, Karen and Kenny Diamond (18), Linda Wainick (10), Ellen Rader (9) happy anniversary to Ed and Arlene Levings of Maytime Dr.

The Pioneer Women Spring Luncheon was held on Tuesday, Mar. 12, at the Marc Pierre, South Huntington.

Happy to note that Shirley Hamilton of Middle Lane is well on the road to recovery after her recent operation.

A job well done with plenty of personal satisfaction is held by Ray Seidman and Bernice Cohen

Class B. This enabled the "Champs" to sweep Milt Goldberg's "Spurs" 7 to 0 and increase their league lead to 8 points over Dave Batterson's 2nd place "Tigers". For the last 3 weeks the "Champs" are having a thousand. Three opponents, three sweeps and 21 out of 21 points. This week they clash with Dave's Tigers who have been so slothful themselves. In 7th place only three weeks ago they went on a tear and rose to 2nd just in time to start the last go-round. If the "Champs" tame the Tigers this week they could be very hard to catch.

In 3rd place are Sid Simon's "Trophies" also making threatening gestures. Lesley Walnick's 208, his second good one this year, helped Sid's boys sweep Matt Levine's suddenly lifeless "Morticians" 7-0 and brought them to a tie with Leo Geyer's "Lions" for the overall championship.

Our weekly score sheet shows a running total of points for overall honors and at this stage there are 7 teams closely bunched with only a 7 point spread between them. The race for this most coveted team trophy promises to be very close indeed.

Refreshments will be served.

## Jericho Players Are 'Fair Game'

The 1963 theater season will open locally when the Jericho Players, of the Birchwood at Jericho Civic Assoc. will appear in "FAIR GAME", on May 10 and 11 at the nearby Cantagione School. Already a rehearsal, "FAIR GAME" is a delightfully racy comedy starring and directed by the well known Sam Levine when it was shown on Broadway just a few years ago.

Directing a cast of seasoned Jericho Players, (and several newcomers who will steal scenes like bandits) is Lou Goldberg — a seasoned professional who has a record of 20 hit productions in Long Island theaters. Mr. Goldberg is a master of pacing whose instinct for a line of humor draws fifty laughs a minute from his audiences.

Looking ahead, the Jericho Players are planning now for a casting date for their projected November production of "COME BLOW YOUR HORN", the very recent smash hit on Broadway. And beyond that, for the Spring of 1964, the Players will bring a "LADY IN THE DARK" to Jericho!

Plan now for joyful evening in the theater on May 10 or May 11 with the Jericho Players in "FAIR GAME", and more hit shows to follow during the 1963-64 season.

DATA PROCESSING  
Eugene R. Kloepper, who resides in Old Bethpage, has been appointed to the staff of the Department of Health to fill the newly created position of Senior Programmer. Kloepper will help to determine the extent and nature of the use of automatic data processing equipment in the department's operation.

## Seeking Law On Trading Stamps

With millions of dollars worth of unredeemed trading stamps in the possession of housewives throughout the state, Attorney General Louis J. Lefkowitz has urged the Legislature to enact a law which will help to make certain that redemption centers will be able to meet their obligations to the consumer. The Attorney General this week recommended a bill to require that issuers of trading stamps back up their promises by putting up bonds to help guarantee redemption of the stamps.

that Floyd Bennett was going to rectify the conditions that had caused the residents of our community to complain.

Unfortunately, the chief source of complaint, the incinerator, is as bad as it ever was. A member of your Board, upon request, paid a visit to a home adjacent to Floyd Bennett during the time that the incinerator was in operation. His report, rendered to a meeting of the Civic Board of Directors, indicated in no uncertain terms that the conditions were "intolerable." He further noted that this condition would become even worse with the advent of warmer weather. It was recommended that a positive course of action be taken immediately.

1. Floyd Bennett be notified immediately that the incinerator must be shut down.

2. Expert opinion be hired to validate the existence of health hazard, public nuisance and air pollution.

3. Fully support any legal action taken by any of our residents against Floyd Bennett.

4. Acquaint all the residents of our community and the surrounding communities, of the intolerable situation that exists and that Floyd Bennett refuses to consider the health and welfare of its neighbors.

5. Further institute a vigorous public campaign to inform all of Long Island of this intolerable situation and the apparent lack of civic responsibility displayed.

It is regrettable that such measures must be instituted but they are dictated by the need to protect the health and welfare of the residents of our community, and your Civic Association intends to leave no stone unturned to do so.

The Jericho School District, in the process of choosing a fire alarm system for its schools, has requested that the Civic Assoc. appoint someone to work with their committee in selecting the system best qualified to protect our children and our schools. Beverly Gellman, Sec'y. of the Civic Assoc., and active in the affairs of the Jericho School District was appointed. A report will be forthcoming.

The Attorney for the Town of Oyster Bay, upon being notified by your Civic Assoc. of the violations attached to the Merry Lane gas station, investigated and found the conditions in violation of many points. This will be further pursued to make sure that the violations are corrected.

All members of the Civic Assoc. who have been dealing with Reliance Oil this past year should find their credit rebate appearing on this month's bill.

The letter that was sent to Gov. Rockefeller requesting more state aid for our schools has as yet not been acknowledged. Copies of this letter will be sent to State Senator Curran and to Assemblyman Feinreich with the explanation that no response has been forthcoming and that the membership of the Birchwood Civic Assoc. directs their attention to this matter.

A nominating committee to implement the choosing of a slate of officers for the coming year has been appointed. Money was also appropriated to cover the expenses of our Annual Civic Assoc. Election Night Dance to be held on Saturday night, May 4.

BY ARTIE RUTZ

At this writing the feature picture of our annual "Movie Nite" at the Hicksville Theatre next month is still unsettled although

a fine list of films available makes the choice academic... Be sure to give good support to this project by asking all your friends and neighbors to attend... Don't know whether tickets will be mailed out this year or not, but there will also be a matinee show since the theatre is rented on a complete day basis... Our expansion is going along at a good clip now and problems are being ironed out as fast as they arise... Have you bought or sold to your friends, all the Building Bonds you can? Don't forget they make a good solid investment at 6% interest... Where can you beat that? 777 Call Al Carpenter or Jack Ehlmann or Henry Brenzel or any member of the bldg... -mittee even me to place an order or for more information... Everyone will be glad to oblige... Don't forget the FREE spaghetti dinner at the annual Awards & Ceremonial Nite, this Monday, March 18th... Too bad Hen Brenzel can't make it again this year, but he and Anna will be in Hawaii at that time... We have three BINGO dates at the old A & P location for April, the 9th, 15th and 16th, so tell your Bingo playing friends to come around... If you're a working member of the Bldg Committee don't forget those dates... Despite the topsy turvy condition of the hall due to the expansion, a sellout crowd is indicated for the St. Pat's Dance this Sat. nite, Mar. 16th... The untidiness of construction work must appeal to lots of people... The By-Laws, Research and Building Committees are all very hard at work trying to wrap things up in a neat bundle so that the decks will be cleared when the next commander takes over in June... Lots and lots of items to be handled by that time... Not to mention the work that is being done constantly on the Post History project... The Color Guard is expecting to add several new members shortly and there will still be room for more... How about you? You don't have to make a 50 mile hike but a little walking is involved. See Bob Mangels at the next meeting.

# Cometland

By Joe Koerner

**SOON, WHAT'S NEW...** Which always reminds us of the story about the two Indians watching water sking for the first time. "Why don't you go on that," one questioned, puzzled. "Not sure," was the equally amazed reply. "But me figger it, because man on string, chase him."

This of course has very little to do with the story at hand but it does provide the background for the Comets' newest sport, LACROSSE. Coach Bill Meyer, reports enthusiasm running high, with over 80 boys, turning out for the J.V. and Varsity teams. Most of us, the loyal members of the C.R.F., are neophytes in the art of this up and coming, field fangango and are champing at the bit; waiting for the season's opener vs Deer Park, at home on March 29th. And the same holds true for the Varsity, wig-wag boys, who are hoping a little advanced publicity, will stir up the brave and square spectators in our burg. Now here's the low-down on this old Indian, pasture, pastime....

Today, Canada pegs it as their national sport and its been steadily gaining momentum in the U.S. over the past few decades. Lacrosse was first played by the American Indians, well before the era, that Henrick Hudson first gave Staten Island its name, by turning to his Chief Engineer and asking, "Is dar' an island?" The original game had no fixed or definite rules. In short it was just an organized case of mayhem; with no holds barred and scalp or be scalped was the motto on a playing area that knew no bounds.

The field could be 100 yds or 2 miles long; depending on which local Chief was booking the action. In 1839, the first white team was organized and played several matches with the local tribes. It seemed several were enough, for this was the era when store teeth came into prominence. Whites and Indians alike found the going rough when they tried to chew a venison steak after a tough day, Lacrosseing the meadows. But all this became water under the bridge, when in 1867, the first rules were drawn up and the "National Lacrosse Assn. of Canada", was organized.

The game toned down after that and grew rapidly in popularity. It's still not a civil as riding to the hounds, shootin' marbles, bird watching or counting coffee grounds in an espresso joint but it's a good, competitive contact sport that helps cut the wisdom teeth of today's youth. All in all another fine sport that should reap a harvest of fans in the years to come. Hicksville will be facing a tough row to hoe in a strong Division that includes, Manhasset, Mineola, Clark, Floral Park and Port Washington. Manhasset could be the front runner and Mineola carries the reputation of being 2nd best in the county. Look for these perennial powerhouses to be in town on the 7th & 17th of May.

Meanwhile, Varsity mentor, Bill Meyer and J.V. coaches, Ron Benetto and Wayne Bryan, have been sharpening up the stickwork with "Intra-Mural," "Box La Crosse" sessions on the outdoor tennis courts at the Sr. High. "There's been a tremendous improvement in technique," Meyer stated recently, during one of the Saturday morning sessions. He pointed toward midcourt, where a group of warriors were getting ready for the morning's action. "That's the Medina boys, Gus and Rich," he said, "both have had prior experience at New Hyde Park before coming to Hicksville and they'll probably be a strong part of this team."

"And over there," he went on as the sound of stickwork broke the morning quiet, "that's a Alan Aker,

Paul Wolkiewicz and Don Otten on attack. At this stage a small hard rubber ball was being passed all over the court, in what looked like reinforced crab nets and the players, well equipped with every type of safety gear, including football helmets, seemed to enjoy the action, that a times seemed to resemble a pot-pourri of every sport to the book.

"So this is Lacrosse," we mumbled as Meyer continued the countdown. "That's the midfielders, Gerry Kanawada, Russ Collins and Paul Tava" he said pointing toward the trio... "and over there are the defensemen, Ed Kramer and Steve Mandala". All five looked like the business end of a Sherman tank. "Now the big question" he added, "is who will be the goalie." Just then Larry Wesolko, Pete Rice & Don Workal, hove into view. They were the ones trying out for the job and the battle lines were being drawn. "So this is Lacrosse", we mumbled once again as a sudden gust of wind, rattled the windows in the Administration bldg and swept its way across the open court. To be sure, the bundled up players were completely oblivious to sudden drafts but the few odd spectators saw things in a far different light. It reminded us of the Indian cure for the common cold. Put the cold victim and a few hot rocks into a tepee. Four water on the hot rocks and let victim steam for an hour or more. When completely par-boiled throw victim in a "nearly dry stream. If the victim lives, his cold is gone.... Nuff said, Bill Meyer. See you in Cometland on March 29th, when Deer Park blows into town.

**GET WELL DEPT.** Best wishes for a speedy recovery, go to Elizabeth City, S.C. for the School District Building & Grounds Dept. ## REAFFIRM DUTY

During Girl Scout Week, March 10 to 16, thousands of Girl Scouts and their Leaders attended their respective churches or synagogues in uniform to reaffirm their duty to God.

AL YOUNG, former Manager of Meadow Brook National Bank taught the first box of cookies from Brownie Girl Scout, Debra J. Dymart of Troop #3 Trinity Lutheran Church, Hicksville, to help launch the 1963 Girl Scout Cookie Sale which concludes on March 16. The theme of the Girl Scouts in 1963 is to "Honor the Past-Serve the Future".

## Yesterday and Today in Scouts

Fifty one years ago a "nice" young lady was expected to faint at the sight of a mouse. Her most strenuous exercise was a sedate walk down Main Street. Her world was bounded, for the most part, by the walls of her home.

Today, a "nice" young lady may stand before a microphone and tell a rap audience about the role of the teenager in our society. She may even, while still in school, earn enough money to buy her own clothes, to help pay her way through college. She may cross oceans and continents and live and work with young people she may never have met before.

A remarkable Southern gentleman with a new idea helped to bring about the revolutionary change in the status of the American girl. Her name was Juliette Gordon Low. Her idea was Girl Scouting, which she began in the United States on March 12, 1912, when she organized the first troop of Girl Scouts in her home town, Savannah, Georgia.

Fifty one years have passed since that day. The movement in this country has grown from one troop of 12 girls in one city to a total of almost three and one-half million members organized into 164,000 troops with 2,646,000 girls in every city and town in each of the 50 states and possessions of the United States, and in 49 foreign countries where American girls live with their families. A devoted army of 773,000 men and women helps to assure that the girls who will be available to the girls who are so eager to be members of the largest organization serving girls in the free world.

In a brief 51 years, some 18 and one-half million Americans have been members of Girl Scouts of the U.S.A. — and have made it a beloved American symbol and tradition.

It was daring, indeed, for a girl in 1912 to play a vigorous game of basketball, clad in midday and calf-length bloomers; to go hiking in the woods; to camp out under the stars; to sell "Liberty Bonds."

It is daring, today, for a group of girls to go into the wilderness, without adults, and live for a week only on what they can back-pack; to go off to Puerto Rico to work in camps for underprivileged

children; to learn to man ships and to fly planes, and to organize libraries in communities where none existed before.

Definitions of daring change with the times. Fashions change with the times. The trim little Girl Scout in brown or green; her chic older sister in jewel-tone green slim skirt and jacket and perky hat are a far cry from the girl in baggy khaki or navy blue. Famed designers Sally Victor and Mainbocher have dressed Girl Scouts in recent years.

Modern Girl Scouting is an extension and development of the original program. For Juliette Low built well. Her original mansion has had many new additions but the foundations remain much the same.

For instance, Girl Scouting was and is for all girls between the ages of seven through 17. The only requirement for membership remains willingness to subscribe to and live the Girl Scout Promise. "On my honor, I will try: to do my duty to God and my country; to help other people at all times; to obey the Girl Scout Laws."

The animating purpose of Girl Scouting was and is to help girls become happy, resourceful, creative citizens willing and able to serve others in their homes, their communities, their country and the world.

Today, there are a number of organizations which help girls with physical, social, or mental handicaps enjoy activities side by side with their more fortunate sisters. Certainly this reflects new and advanced thinking. But not in Girl Scouting. For the first troop of handicapped girls was organized in June 1917, and met in P.S. 75 in New York City.

Today, there are many organizations which send American youngsters to these shores to help bring about mutual understanding and respect. Girl Scouting does so, too, and has been doing so since 1932. In the last six years, Girl Scouts of the U.S.A. has served as hostess to almost 700 international Guided Scouts and has sent almost 1,000 American Girl Scouts abroad to 51 countries.

Today, it is clearly understood that young people should learn to work in groups democratically.

## Changes Made In Scout Program

The University of Michigan conducted a survey for Girl Scouts U.S.A. probing into the needs, desires, interests and abilities of girls throughout the country, both in and out of Girl Scouts. As a result...WE FOUND...that while the fundamentals of the Girl Scout program are tried and true, many of its activities needed streamlining to make them interesting and meaningful and exciting to girls in the fast-moving Sixties.

**THE RESULTS?**...A revised program...based on the fundamental values of Girl Scouting that have served us for 50 years, but adapted to keep up with our rapidly maturing girls...In September 1963 there will be four age groupings: BROWNIES—7-8 year old or in grades 2 and 3; JUNIOR GIRL SCOUTS—9, 10 and 11 or in grades 4, 5 and 6; GADETTE GIRL SCOUTS—12, 13 and 14 or in grades 7, 8 and 9 and SENIOR GIRL SCOUTS—15, 16 and 17 or in grades 10, 11 and 12.

**WHAT ABOUT UNIFORMS?**...The program change does not mean substantial amounts of money for new uniforms. There are accessories which are now available, in anticipation of the change-over in the fall. Present uniforms can be worn until your daughter is ready to go into the next level.

**WHEN DOES THIS ALL HAPPEN?**...The Four Level Program will be launched in September 1963...In the meantime, your Council is taking steps to see to it that the transition will be as simple as possible...and...

**WE NEED YOUR HELP!** These preparations may affect your daughter...We are moving away from graded troops of girls in one age bracket...some of our girls may be asked to move into a different troop, possibly with a different leader...Your understanding and cooperation is requested.

**MORE INFORMATION.** About the program change will be given to you as we receive it at Mid-Island Council.

## First Conference For Sr Girls

Fourteen Senior Girls Scouts from Mid-Island Council Girl Scouts have been selected to attend the first Senior Scout Conference to be held in New York City, April 25-28, at the Henry Hudson Hotel. This event is sponsored by the Region II Committee of the Girl Scouts of the U.S.A., in cooperation with the Greater New York Council.

More than 1,000 Scouts from New York, New Jersey and Puerto Rico will have an opportunity to broaden their understanding of the Girl Scout International Program and activities in sessions featuring foreign guests, well known speakers, visual presentations and group discussions.

The 14 Senior Girl Scout selectees will represent 457 Seniors in the Council. They were selected on the basis of qualities of leadership, maturity, responsibility, and interest in the international field.

Kathleen Mill of 157 W. Nicholas St., Hicksville, who attends Lutheran High School, Brookville, will attend.
