Entered as Second Class Matter at Hicksville, N.Y. Post Office

Charges Smear In Birch Link

Harry M. Wagner, who says he is running for a Hicksville School Board seat in May, accused attorney Irving Lawrence, also an announced candidate, of "stooping to smear and guilt-by-association tactics in trying to link me to the John Birch Society."

"I question the ethics of any attorney who seeks to get himself elected, via the tarbrush route, to a public office in which his name will constantly be in the public eye," Wagner said.

Wagner charged that Lawrence and his running mate, Herbert Malamud, were resorting to a "red-baiting technique to divert the attention of the people of Hicksville from the real issue in the campaign — holding the line on the Hicksville school tax which will zoom to \$6 or more if frills and outright waste are not cut out of the budget."

Said Wagner, "I defy lawyer Lawrence to present competent and convincing proof that I am or have ever been a member of supporter

The project was recommended by Highway Supt. Norman T. Wolf and was moved on the Town Board by Councilman A. Carl Grunwald. The work will include a soil cement base with bituminous surface.

TEACH Endorses Two Candidates

The Taxpayer's Educational Assoc. for the Children of Hicksville (TEACH) announces that it has endorsed Irving Lawrence and Dr. Herbert Malamud as candidates in the May 8 Hicksville School Board Elections.

(Editor's Note - Newsday reported that the announcement was made Monday night at the home of Phyllis Neuberger who was an unsuccessful candidate for the school board last May. The telephone directory lists Lawrence's address as 29 Jay St., Hicksville, and Malamud at 30 Wedgewood Dr., Westbury. The text of the announcement follows.)

Lawrence and Dr. Malamud are seeking re-election to office, the candidates cited the following as glaring evidence of this policy, according to Elaine C. Weinrat of 2 Root Lane:

I. Terrible overcrowding of schools in Hicksville.

II. High drop-out rate of high school students without sound vocational measures offered.

III. Waste of the taxpayers' money, in the guise of economy, in inadequate temporary structures when permanent building would have cost less in the long run.

Lawrence and Dr. Malamud (Continued on Page 12)

KEYED TO SERVE METROPOLITAN NEW YORK AND LONG ISLAND

Dear Lynda:

Word that LEVITT & SONS is returning its main headquarters to Long Island, after building Levittowns in New Jersey, Penna, etc. has sparked rumors that another Long Island Levittown will rise. In Suffolk, Buyers are reported assembling a large tract for Levitt near Stony Brook. . . . The upcoming school and library board elections will again bring out a flood of mail, letters to the editor and press releases. Just to keep the record clear at the onset, we direct attention to some "rules of the road" on page four of this issue. . . . Letters must be signed, although we will withhold the signature on request. Our editor reserves the right to know the source of material appearing in our columns. . . . A rather substantial taxi operation is apparently in the making in Hicksville, Nassau Taxi Service at 30 Herzog Pl., Hicksville, has asked the town board for permission to operate 30 cabs. The Little Inn did reopen this week. . . . Hicksville Junior High band looked great in the St. Patrick's Day parade in New York via television.

GENE STALLER, treasurer of the Hicksville Chamber of Commerce, is completely refurbishing his Starlight Shop at 95 Broadway, near Marie St., Hicksville. He will have a grand re-opening on Mar. 28, 29 and 30 with free champagne. Gene has been operating the shop for 17 years. We got a peek at some of the extensive alterations this week and its going to be a dream. . . . Possibly indicative of the accuracy of some of the stuff being handed out regarding the Hicksville school budget is a flyer bearing the name of BILL BRUNO which incorrectly gives the voting hours on Wednesday, May 8th. The correct hours are 12 noon to 10 PM. . . . Members of Hicksville Board of Education have overwhelmingly given their opinion as being OPPOSED to a local sales tax for support of schools. . . . RENE GILCHRIST is back on the Herald staff. . . . On the dean's list at Williams College, Williamstown, Mass., is WILLIAM L. MENSEL Jr son of Mr. and Mrs. W. L. Mensel of 18 Forest Dr., Plainview. . . . Town Councilman CARL GRUENWALD held a 3-hour conference with the police on Monday regarding a re-examination of traffic control systems in Hicksville. . . .

Postmaster IRENE MURPHY was scheduled to be guest speaker this week at Hicksville Kiwanis luncheon. . . . EVALYN SCOTT is four months old this week. . . .

The Hicksville Republican Recruits and the Massapequa Recruits are holding a Millinery Fashion Show and Sale on Thursday evening, Apr. 4 at 8 PM at the Massapequa Republican Club. Admission will be \$1.00 including many door prizes. . . .

Down at Bohack's they call FRED KASTEN the "Mayor". He invariably is the first customer in the supermarket. . . .

There will be a change in the route for the Memorial Day parade this year, due to the RR crossing construction, according to Operation VFW in this issue. . . . Hofstra announces that DR. HAROLD E. CLEARMAN of Hicksville is among four faculty members promoted to full professors effective next September. . . . GEORGE MCINTOSH of 84 Lenox Ave., Hicksville, will be a guest of honor at the dinner and reception tonight (Thurs) at Leonard's, Great Neck, bringing together all Masonic notables of Long Island.

Claims Gains By Democrats

Democratic Party membership in the 4th Assembly District has increased at nearly three times the Republican Party's rate over the past four years, Edward J. Morris of Hicksville, 4th A.D. Democratic Leader, has reported after analyzing the 1962 enrollment figures released by the Board of Elections.

"There are 30% more enrolled Democrats in the 4th A.D. now than there were in the last comparable year, gubernatorial 1958," Morris declared, "while Republican Party members have increased by only 11%."

"This trend is in keeping with the pattern of Democratic growth all over Nassau," Morris declared. Noting that the 1962 enrollment took place after ten months of county government under its first Democrat, County Executive Eugene H. Nickerson, who carried the 4th A.D., Morris added, "I regard the new increase in relative Democratic strength as a mark of approval by the voters of a new administration that brought them a five-cent tax cut while improving services."

The dinner, dancing, and the warmth and friendliness of all the wonderful people, helped make the evening a huge success.

Asking for Stamps For Indian Mission

Jimmy Cooley, a former Hicksville resident for a number of years and now a resident of Bethpage, has made a plea for cancelled stamps, new stamps and Service patches such as Army, Navy, Marine Corps, Wacs, Waves, Spars, etc., insignias and what have you. After reading a letter from Father John Pohlen, Tekakwitha Indian Mission, he has made it a point to collect these items to help along in obtaining funds for the school.

Father John has made it known his Mission does not take Catholic children only, but Protestant and Pagans as well. Many people do not realize, but many of these Indian schools do not obtain funds except from those who kindly donate. If there are any people who save stamps and wish to donate them to a worthy cause, and those Ex-Servicemen who may have patches, stripes, badges, Crests, etc., and wish to help a very good cause... send them to Jimmy Cooley, C/O Tekakwitha Indian Orphanage Mission and he will see they get them. 32 Grant Ave., Bethpage, L.I.

Veterans Organizations, Jimmy happens to be a member of AMVETS, as a matter of fact he organized AMVETS in Hicksville, first post in Long Island in 1949... save those patches, send them to Jimmy and help those who can't help themselves.

Herald Editorial Opinion

Some Rules for the Road Ahead

Before the Hicksville and other local school board and library board trustee contests get into full swing -- and it appears the swinging will be hearty -- the HERALD would like to remind its readers of long established policy regarding candidacy.

We welcome all expressions of candidates and other partisans and reserve the right to make our own evaluations. However, we must insist that all correspondence bear the signature of an author which will be held in confidence

if so requested. We also must reserve the right to delete all provable inaccurate and deliberately falsified statements. The HERALD has always retained the right to limit the size of news releases as a practical matter and in fairness to all concerned.

Actually, no one is officially a candidate until such time as a nominating petition is duly filed for a position on the ballot as required by law. Up to this writing, no petitions have been filed in Hicksville.

HERALD READERS OPINIONS

Aid and Comfort

To the Editor:

Mr. Zettler is an elected official of the Hicksville Board of Education. He was elected by the concerned taxpayers of Hicksville. Last year the school board members thought enough of him to make him President of the School Board.

I would like to know what happened to his loyalty to the people of Hicksville -- who had faith and trust in him, who furnished him with important powers and responsibilities. Why does the Board President, with the help of five board members, give aid and comfort to the Superintendent of Schools but seemingly give nothing to the individual aggrieved taxpayers?

It seems to me that only one board member, Mr. Bruno, wants to retain his rights and privileges as a school trustee. He has proven his loyalty (against much abuse from the board majority and the Superintendent of Schools) to the burdened taxpayers of Hicksville by enlightening us as to what goes on behind the closed doors of the so-called "executive meetings."

The Board of Education is one of the foundation stones of our Republic and it therefore must be open to the public and to the truth. (signed) HARRY M. WAGNER, President

OPEN LETTER TO THE PEOPLE OF HICKSVILLE

It is really sad that members of the School Board must continually divert their name and energy from matters of importance to answer charges levelled at them by another member. Nevertheless, the people of Hicksville are entitled to know the truth, and this letter will, I hope, set another issue to rest.

The charge that five Board members met privately with the School Superintendent is, basically, correct. Contrary to the allegation made, however, the only business discussed was the "monkey business" practiced by our so-called "minority" member.

After many months of patiently trying to cope with the idiosyncrasies of this gentleman, it was evident to most of us that the time had come to alert the good people of Hicksville to what appears to be a "grand design" to infiltrate our educational system.

I do not have the time for the space to review in detail all that we have had to cope with over the past nine months. Suffice it to say that the responsible members of the Board are getting tired of the charges of "left-wing teachers," "communist authors," "red textbooks," "too many pregnant teachers," and many others too numerous to mention. We're also appalled at the rudeness of the member of the Board who attempts to gag our Superintendent by refusing to let him speak, without constant interruption, at Board meetings. His crude reference to Mr. Abt as a "hired

hand" is indicative of the man's temperament.

All of these things triggered by the "minority" member's charge that other Board members "don't care" about the expenditure of public funds prompted us to hold our meeting.

We have nothing to hide and nothing to fear from our "minority" member. If he wishes to impress the people with his charge of a "secret" meeting, then so be it. As for myself, I'm very proud to be a part of the responsible majority, and I'll continue to serve the interests of all the people of Hicksville -- not just the interests of one Board member.

For Publication (If you dare)

To the Editor:

After reading your "Dear Lynda" column, (with much amusement) it behooves me to write and let you know how wrong you are in your prediction that I will be the next candidate for the school Board. It saddens me to write this, because your predictions, opinions and ideas are very seldom right and your really bating zero, aren't you? As for the remark you made about my brother you really pitiful, I didn't think jealousy was one of your weaknesses as well as being spineless. You have many rungs to climb to be the journalist he is. At least he prints what he believes he does not travel the middle of the road such as you do. He writes exactly what he feels and knows to be true, he doesn't write with the thought what will I get out of playing footsie, even if I don't agree.

I wish I was writing that you were right in your predictions, but I have other plans in so far as the school Board is concerned, and being a candidate would interfere at present. It must be very discouraging to be wrong so often, especially when you are a full time journalist that needs a step ladder to look a part time journalist in the eye.

William M. Gause Jr. Post No. 3211
By Eddie Kiebing

George Walden and Lou Klein representing the V.F.W. for the Hicksville Memorial Day Parade committee report this year's parade will be different. The five divisions participating will assemble in the Hicksville Junior High School area. The parade will take a different route this year because of the congested conditions due to the construction of railroad overpasses. Our onspat commander, Bob Obermeyer, will be this year's Parade Marshal. Commander Ed Shannon appointed the following men to the nominating committee for the election of officers: Lou Palladino, Lou Klein, George Walden and Bill Froenhefer.

After the regular Post meeting on April 22, there will be an Association meeting to discuss the improvement of the building. Your interest in the Post should find you present.

Service Officer George Walden reports that many people entitled to veteran benefits are not taking advantage of them. This information is reported repeatedly by the Veterans Administration. Any person having a doubt or a question pertaining to veteran's benefits can direct their inquiries to this column or to the Post. We will be glad to answer any question relating to veteran benefits. If the information isn't available at our finger tips we will investigate and find out. One of the many purposes of the V.F.W. is to assist and aid the veteran and his family.

Every citizen of this country should take a little time out each day and consider the practicing of Americanism. The passing years always finds someone ready to try to take away or aggravate our freedom and peaceful ways of living. Today's greatest threat to our freedom is "Communism". This ideology is practiced by the world's two largest countries, Russia and China. While the strategy difference of these countries has existed for the past twenty five years, their ultimate goal is the same -- to rule the world by Communism. Let's not be lulled into thinking that a big red split is in the making between these communist giants. We are, or could be familiar with the deceptive and underhanded strategy, they apply and being aware of this, we should practice Americanism more. In this way we prepare ourselves to meet and defeat this infectious ideology that threatens our peaceful aims in life. Being Americans compels us to think more about the love of our country. Start today. Put Americanism on our daily list of duties. Andy Sadowski won the raffle at our last pep wow. Our next get together is March 25. See you then.

"In some writers, it seems to me that their works form a whole in which each is to be considered in relation to the other and in which they are all interdependent." This statement by Albert Camus can profitably be applied to an understanding of his own works. His separate writings can be considered as different facets of thought and experience, often seemingly contradictory but actually building towards a whole, which, if never completed, is fascinating in its unfinished structure.

Camus' early essays glorify the ideals of the classic Mediterranean civilization. His evocations of nature in that region conjure up a setting of strong sunlight, sharp colors, and clear air in which pagan man, uninhibited by European values, can, by following his natural instincts, live a life of true intensity and measure.

However, Europe has invaded the Mediterranean, including Camus' native Algeria. In his first novel, THE STRANGER (1942), Camus explores the confrontation of pagan man with European civilization. Meursault can find truth only in immediate physical sensation. He cannot feel a proper sadness at his mother's death, affection beyond the physical for his girl, or remorse at shooting an Arab. Nor will he simulate these emotions to save himself. He is executed, but dies "innocent" by refusing to accept the values of a civilization antithetical to his true nature.

But, in his book-length philosophical essay, THE MYTH OF SISYPHUS (1943), Camus conceives that man cannot remain forever "innocent." For, when confronted by problems intrinsic to his existence, it is in his nature to reason. To reason is an unreasonable universe poses a dilemma. Camus suggests, but does not recommend, that the clearest way out is suicide. Another alternative is to take the "leap" into religious faith, or faith in unreason and power. Camus feels that these are evasions of, rather than solutions to, the dilemma. There is a way by which man can maintain his integrity and that is by proceeding as if the universe were reasonable. This is the way of Sisyphus, who persisted in rolling the heavy stone up the mountain, without hope, without illusion, knowing full well that the stone would fall down again, and that he must eternally repeat his task.

When disaster comes over the land, it is necessary to do what one can to overcome it, no matter how hopeless it seems. In Camus' novel, THE PLAGUE (1947), it is the pragmatic Dr. Rieux, rather than others of more idealistic or absolutistic beliefs, who struggles most persistently against the disaster that has struck his city. When the plague subsides, he and his assistants can't be sure whether it has been due to their efforts or whether the plague has run its natural course. What they do know is that they have fought a necessary battle with an enemy of man.

For it is man's duty to act when his integrity is threatened, whether it be by natural disaster or social tyranny. Camus' long historical-philosophical essay, THE REBEL (1951), explores the problem of rebellion against social tyranny. Revolt, historically, has been employed to rectify an immediate encroachment upon the rights of the individual. In modern times, however, revolution has become organized and absolutistic in its ideas and actions, dedicated to destroying values rather than restoring them. Concealed in the

interests of the individual, it has become his enslaver in the name of freedom and social progress. If man is to attain his possible measure of freedom, rebellion must divorce itself from absolutistic ideologies and return to the moderation and moral responsibility of its original concept.

But man is not only the innocent victim of philosophical ideas and events. He is also the enslaver of his fellow men. His last novel, THE FALL (1956), emphasizes the very human origin of certain kinds of tyranny. Witness Jean-Baptiste Clamence, formerly an eminent Parisian lawyer who radiated in good causes and seemed perfectly attuned to his society. A series of incidents small in themselves, lead him to introspection. He begins to lose confidence in his natural superiority and his good intentions. Self-esteem turns to self-ridicule, but pride remains. He retreats to Amsterdam. In that murky city where the ambiguities of rain and mist make it hard to distinguish between guilt and innocence, pride and humility, irony and deadly seriousness, he proclaims his guilt to all who will listen. Once he has persuaded his listener that all men are equally guilty, he can cut the ground from under him and place him to his own way of thinking. He has become a "judge-penitent," an "enlightened prophet of slavery" whose pride is again satisfied by the power he has gained over people.

Camus' collection of short stories, THE EXILE AND THE KINGDOM (1957) emphasizes man's separation from and loneliness in the world, his need and search to find a home. These stories, finished works of art in themselves, give the impression of being preparatory for some greater and more ambitious work. Indeed, his separate writings (his plays and political writing have not been considered here) can be seen as each adding another aspect to a structure that was becoming impressive in the validity of its contents, in the brilliance of its style and ideas, and in its moral responsibility. Unfortunately it remains sadly truncated, a house without a roof, owing to Camus' untimely death in an "absurd" automobile accident.

PRESENTATION OF A PLAQUE by the Jericho Lodge of the Knights of Pythias was made to Jericho Fire Dept. for its alertness and quick thinking in saving the life of Pythian Irving Ochacher at the firehouse on Mar. 11. High School Needs Space

by Othalia Pepper

Will Jericho High School be overcrowded by next fall? Will our children be subjected to double sessions within the next three years? Will many of our valued extra curricular activities be suspended from the current program? "Yes," answers the High School space committee and "Definitely," concurs the School Board.

Surveys over the past year, have shown that within the next five years there will be 2,000 students occupying a building that was designed for 1,200 pupils, and they on a restricted program. After much consideration the committee has recommended and the School Board has approved, not a costly new school building but simply a less expensive but quite adequate extension to the present edifice. There would then exist two separate wings, one for the Junior High pupils and the other for the Senior High students, each would have their own accommodations but utilizing where possible special facilities and services and thus avoid unnecessary duplication.

This recommendation was presented to the Education committee at the library of the Jericho High School, where its members were the guests of Mr. Heller, the school's most gracious host and talented principal. "Should the schools go on double session how and what activities would be cur-

tailed?" was asked of Mr. Heller. Among those he felt would be affected were;拉拉 animals which would be cancelled, the present "extra-help" program by teachers would cease the extensive music program would be no longer, dramatics and other clubs could not continue and certainly the laboratory and science classes would have to be kept at a minimum.

As an integral part of this meeting was devoted to a tour of the High School, the committee was able to inspect and admire the buildings exceptional facilities. Mr. Heller, an expert guide, led the committee through the magnificent building which boasts, in addition to its many well designed classrooms, of a complete home-making section, automotive, metal, woodworking and printing shops all very, excellently equipped. Other outstanding features of the building include a fully supplied music room, aptly designed language and science labs, a huge gymnasium plus an additional auxiliary gym, a most beautiful auditorium, a large speech and drama room, a student store and special quarters for the guidance counseling services.

Mr. Heller's presentation of the schools facilities dramatically illustrated how unfortunate it would be were our school children to be deprived of the full and proper use of the school should double session go into effect.

Jericho Dad's Club Meets with Westfall

A group representing the Dad's Club of Jericho met with Dr. Westfall on March 4th to discuss the athletic and recreation programs in the Jericho School District.

The Dad's Club, founded one year ago, has as its aims the encouragement of sound scholarship in our pupils, the fostering of close cooperation between the schools and the community; and the promotion of all types of athletic and recreational activities.

Dr. Westfall and Mr. Morelli, chairman of the Physical Education Dept. outlined the present physical education program at the Junior-Senior High School and the elementary schools as well as plans for future programming. The Club was informed that a faculty committee is currently studying the entire physical education program.

Members of the Dad's Club requested information concerning an expanded athletic program that would include Junior High School inter-scholastic sports and the institution of a Saturday and Summer recreation program for older children.

The group also discussed forthcoming plans for a high school addition and enthusiastically supported the Board plans as outlined by the Superintendent.

Officers of the Dad's Club of Jericho are: Mr. Kaplan, President; Mr. Schimmenti, Vice-President; Mr. Saunders, Treasurer; Mr. Sanders, Secretary.

Can You Play?

WANTED!!!! ANYONE who can play a musical instrument. Jericho Jewish Center Sisterhood is looking for volunteer musicians to organize a band to play for the celebration of Israel's Independence Day on April 28, 1963 at the temple. Frustrated Beany Goodman and Gene Krupas are invited to show off your ability. Call Flo Baume WE-5-4665.

Speaking of Theatre

In order to put a show into production there are several things necessary.

There must be a place of presentation, a theatre or auditorium. Our new, beautiful Canisius School offers us a stage from which we should bring many good plays in years to come. The lighting and acoustical conditions are of the best.

There must be a cast of players. And so a fine group of people right here from our own community have been selected to bring alive on this fine stage "The Seven Year Itch". They are willing to devote time and effort, to say nothing of the nervous strain they will undergo in weeks to come.

Next a qualified director, who is both patient and intelligent, with an understanding of every department, even behind the footlights, is imperative. For this job we have employed a very worthy man, Ken Schwartzman.

Then there is the backstage crews. These are the people who do the "dirty work", the less glamorous but equally important jobs. These jobs are still vacant. We need men with some building knowledge to help complete the sets, and we need a man to handle the sound apparatus.

The box office people do not come into the act until later, of course, but nevertheless they too, are part of the show. Ticket sellers for the newer areas are required.

The West Birchwood Little Theatre Group is your Community Theatre. It is for you and by you. Be a part of it in some way, any way you can.

IN CELEBRATION OF "ORT DAY", on March 13th, the street name of Schoharie Drive, Princeton Park, was changed to "Ort Drive." "Ort" - an abbreviation for Organization For Rehabilitation thru Training - is an international organization devoted to the vocational training of people with lower level skills and upgrading their abilities by teaching and training.

The voluntary members, left to right, are the Exec. V.P., Ron Goldberg, Natalie Manners, Councilman Grunewald, Fin. V. P., Ben Gumerove and Co-Publicity Chairman, Sandy Drucker.

Bd Adopts New Salary Schedule

At its meeting on March 7th, the Jericho School Board adopted revised salary schedules for both the teaching and non-teaching personnel.

The teachers' schedule begins at \$5400 and, if a teacher has his master's degree, goes to \$10,100 in 15 years. For those who go on for the doctorate the maximum is \$11,400. The new schedule is the result of a study by the teachers' association, the citizens advisory committee on teachers' salaries, consisting of 15 members headed by Dr. Robert Brown, 187 Maytime Drive, Jericho, and the administrative staff, all of whom were in essential agreement of the schedule recommended to the Board for adoption. While many other districts have not yet adopted a schedule for next year, it is expected that Jericho's schedule will be above average for Nassau County, but not the highest. This schedule, combined with good teaching conditions in the district should make it possible to recruit excellent teachers as replacements and additions are made from time to time.

New schedules were also adopted for the clerical staff and the custodial staff of the district. A study was made of "going rates" in

Nassau County schools and schedules adopted which would compare favorably with the majority of districts. The schedules go into effect with the beginning of the new school year, July 1st.

Music Teacher Guest Conductor

Miss Dorothea Siromen, music teacher at the Robert Seaman School in Jericho, was recently honored by being chosen as guest conductor of the Symphony of America at a private audience of music critics and judges.

Miss Siromen, the only woman conductor chosen, was one of 34 selected from among hundreds of applicants from the United States and Europe.

She conducted works which included Beethoven's Fifth Symphony, Tchaikowsky's Fourth and Copland's El Salon Mexico. Her previous experience has included conducting the Columbia University Symphony at their summer concerts in 1960 and 1962.

As a result of her selection with eight others, Miss Siromen became a candidate for inclusion in the Dimitri Mitropoulos International Conducting Competition.

The old cliché, that even an express train must come to a stop sometimes, was never more than last Monday night. Marv Cohen's 'Champs' not only came to a stop but they must have gotten on the wrong train. Dave Batterman's 2nd place-Tigers seized their chance and battered the 'Champs' 7 to 0. Dave's boys started the second half in 8th place and since then they have quietly rolled over their opposition just waiting for a chance to explode. This they did last week. So much so that Cap't Marv, always a hard competitor, was left sitting on the bench, slowly shaking his head not knowing what hit him. Just a few hours ago they were safely perched a top the league 8 points in front of their nearest competitor and now that margin had been cut to one.

Leo Geyer showed his 'Lions' the way as he started the night off with a crack 223. Setting his sights on breaking Sid Simon's High Series of 610 he ran into a few snags not the least of which was an urgent call that necessitated his bowling off his last 4 frames and rushing home. His little one was taken very ill but is much better now. As he left, his 'Lions' seemed to lose their edge and they dropped the last game by 5 pins. But hey did come off with a 5-2 victory over Murray Gittleman's 'Splits' and they are now tied for 4th place with Sid Simon's 'Trophies'.

These Lions have also been doing very well. They got clobbered at the start of this 2nd half and were in last place. Then Leo found the groove. He bowled five 200 games in seven weeks, upped his average 4 points to 169 and led the Lions back into contention.

Al Minoff's 'Alibis' are still the surprise of this second half. They are in 3rd place which is a far cry from their last place finish just 7 weeks ago. It has been a team effort all the way with almost every man having bettered his average. Al himself increased his average by 2 up to 159 and Sid Sacks has led the way with a 3 point increase to 153.

Murray Jakoe was high man for the night. He came up with a strong 241 and helped his 'Invalids' teammates to a 5 to 2 win over Jack Sloan's 'Mets.' The 'Invalids', however, are still in last place and if they don't make a move soon they may well be out of the running.

The league wishes to express its deepest sympathy to Dave and Lee Batterman on the loss of their new born baby.

Cheers rang out at Hicksville High School when it was announced over the public address system that the band had won 1st prize in the Holiday Festival Competition at the N. Y. Coliseum Circus. Sixty-three players from the two regular bands with R.G. Pellerin, their director, worked intensely during weeks of evening rehearsals to master the difficult program. The winning selections were: a special setting of "Jingle Bells" by Morton Gould, "An American in Paris" by Ger. shwin, "Stars and Stripes March" by Sousa, "Marriage of Figaro" overture by Mozart and "Pageant" by Persichetti. Also, "The American Quest" was a premiere performance of William Strickland's new Concert March. Strickland is music supervisor of the Hempstead Schools and a gifted composer.

Sixty bands from neighboring states played their audition in December and the taped recordings were then judged and rated the final week. A distinguished panel of professional musicians formed the adjudicating committee. These were Chauncey Morehouse (NBC Studios), Nicholas Apostle (conductor), Leona May Smith (Metropolitan Opera Orchestra), Robert Russell Bennett (composer and arranger with Rogers and Hammerstein). This committee awarded a "high score" of 92 to the Hicksville High School Band and a check of \$500.00.

George Seufert, director of the Fordham Band was the Music Coordinator for the Coliseum. As a direct consequence of the NY performance the band was invited to play a 15 minute broadcast over NBC Radio as part of its Christmas Party series. This was a busy month for the Hicksville High School Band.

The following students participated in the competition program: Nora Clearman, Lynn Cushman, Anne Yanof, Sue Parfrey, David Kathy Sumrow, Michael Theiss, Fred Korman, Joan Scheer, Cynthia Avenius, Eileen Barrell, Jeanne Steinmann, Kenneth Bean, Joe Schmek, Harvey Landress, Jeff Altman, Nancy and Shirley Wichman, Sharon Rudin, Linda Lee, Ken Haralich, Ralph Garone.

NEW TYPE OF ATOMIC FUEL element (above), which will be used in experiments to determine the ultimate design of the world's most powerful nuclear test reactor, has been manufactured by the SYLOR Division of Sylvania Electric Products Inc. in Hicksville. It was announced recently Sylvania is a subsidiary of General Telephone & Electronics Corp. Ten of the elements have been fabricated for the critical experiment for the Atomic Energy Commission's Advanced Test Reactor, now under construction at the National Reactor Testing Station in Idaho Falls, Idaho. The unique shape of the fuel elements makes possible a more uniform and higher intensity testing area than heretofore possible in test reactors. In addition, the removable fuel plans provide more flexibility in test operations.

Cometland

By Joe Koerner

AROUND THE DISTRICT— "Thank God for Car 54," said a loyal member of the Comet Outdoor Society, as he suddenly realized that the long, drawn days of winter had sped into oblivion. And in its wake, lay the shattered remains of "The Virginian, Laramie, Marshall Dillon, Wide County" all the other assorted, "Texas T.V. Tortures," that are part and parcel of the winter scene. But now it was spring and terrifying thoughts, such as these could be put to rest. It was time to pension off the old T.V. set, tune up the outdoor motor and drag out the crystal ball, for a few Nostradamian predictions on the who's, who and what's what in Cometland sporting circles. First of all, a fast look at the Varsity baseball squad, scheduled for the season's opener, at home vs Massapequa, on April 1st. It's a little too early to collar new Varsity coach, Dick Hogan for some off the cuff slants but as we see it, a fine group of returning vets; aided by some good boys up from the Jayvee squad should get the local off to a flying start. If pitcher, Bob Smith, continues on where he left off last season, the Comets should have a better than average chance for a Section 1 title. Last year, Smith had the poise and pitching ability of a prospective, big leaguer. Control was his Achilles Heel and once he masters this art, our crystal ball sees him joining Chris Coleza, Gary Sonnesson and Bob Corone for a crack at the big time. There's others of course, including Bill Laft, a flashy 3rd baseman but for now, we'll wait an issue or two, for coach Hogan's lineup. The next stop was a P.T.A. sponsored, Faculty Varsity basketball game and dance, held last Friday night at the Sr. High boys gym. All in all another fine show, that hi-liked a student body basketball game, between the Dons and the Bucks. To even matters somewhat, the boys came equipped with comedy costumes and were forced to do their ball handling with Lacrosse gloves.

The girls finally won out by 3 points (22-19) and as records go... Most certainly not the sharpest game. Cometland has witnessed this season but most certainly one of the funniest. A great show, climaxed by a bang-up basketball game between the Comet Varsity and the Faculty. The Faculty, paced by the outstanding play of the Sr. High's, Our Allie! went on to nip Ed Petros' Section 1 champs by 2 points. A packed house witnessed, what should prove to be, the final court caper of the season.

LACROSSE SCRIMMAGE— Let's face it folks... Modern sports weren't invented; they were just lifted from the old Indian game of Lacrosse. And as proof of this statement we were on hand to watch the first Lacrosse scrimmage in Comet history, last Saturday on the home field. Massapequa won this field fan-dango, 5-2, but as the old saying goes... "They merely won the peace." Not the war." The Comets wound up with more players, that could limp into the lockerroom under their own power. Sheer meadow madness, this one and it included a smattering of every sport in the book. Body checks and blocks, that would put Sam Huff and Gino Marchetti to shame. Tommie's alias Pancho Gonzales and even a toe shot that could make Arnold Palmer, wince with envy. "All this and heaven too," said a diehard Lacrosse buff, who was wearing an ear to ear grin as he followed the wild action. He was the guy that also remarked... "Football was a game of emotion... Lacrosse was a game of hate." Another crack that broke up the audience was made by Massapequa's coach, Al Pisanand. Al is a former All-American and knows his best business end of this dodge from all angles. He had just called time out, to give his squad some corrective pointers... and minutes later found out... all had been to no avail. "Hey," he bellowed across the field... "I just about got you guys settled down and you start running around like nuts again." Even the play-

ers, from both sides, stopped for a moment to chuckle over this one. All in all, another fine Comet sport, that should eventually rate a big following. It's a real man-maker and any youngster, that weathers 4 quarters of this action, doesn't have the desire or the strength to be a Saturday night delinquent. **CORRECTION**— The season's inaugural at home is the 27th of March, not the 29th as reported last week. Also Wayne Bryan is not connected with J.V. Lacrosse, Ron Benezio is the sole J.V. mentor. We'll also be covering their side of the action, in the weeks to come.

JR. HIGH SPORTORAMA— Once again, this annual sports Festival, staged and directed by the Jr. High, Boys Physical Education Dept. center staged the future gym champs of tomorrow. Most certainly, all of the youngsters, who had the chance to be spotlighted, last Friday night at the Jr. High gym, won't make the express ride to future stardom but by the same token, there were a few that rated the usual 2nd and 3rd look of appreciation. All in all, a tremendous sports show, that played to one of the largest sporting crowds in Jr. High history. A great deal of credit goes to Head Coach, John Aash and his excellent staff of assistants... John Santoro, Bud Bryan, Phil Wolfsee, Ron Benezio, Marty Riger and Stan Kellner. They did a bang-up job planning and producing this show and not only they were rewarded with a number of flawless performances by the youngsters but were also awarded a letter of appreciation, by Jr. High Principal, Bernard Braun. Gymnast champs of tomorrow, spotlighted during the show, were: Gary Bertram (Parrallel Bar) Bruce Simmons and John Beary (Horizontal Bar), Bill Barret, Charles Clover and Paul Arnone (Trampoline) and Richard Ray, Leon Kapriniski & Richard Taub on Side Horse. Other events featured in this Sportorama were a 9th grade basketball exhibition, Volley ball, Wrestling, Relay races and a mass physical fitness exercise.

A SAD NOTE... concerns the recent death of Mrs. Carole Maggio, Sr. Stenographer at the School District's Administration bldg. At

Troop, Post Found It Cold

Troop 293 and Explorer Post 293, sponsored by the Hicksville Methodist Church took part for the first time in Operation Igloo the weekend of Feb. 22, 23 and 24 at the Onondaga Scout Reservation. Eleven Scouts and Explorers made up the group accompanied by four adults. Temperatures at Onondaga for the weekend averaged 20°. On Friday night, however, the temperature dipped to 35° below zero.

Sleigh riding was the outstanding attraction of the weekend. Ice skating was rather difficult and none too popular because of the bumpy ice. Fortunately, there were no casualties and this includes the most dreaded frost bite.

Among other activities the boys took part in over the weekend were all times, her greatest asset, was a warm friendly smile, that enriched the lives of all who passed her way. Indeed a very warm, gracious person and her passing will be mourned deeply by those who knew her.

A SPEEDY RECOVERY... to our friend and fellow Custodian, Andy Gagliardo stationed at the Jr. High School. Last Friday night, at about 7 P.M. Andy was involved in an auto collision on route 110. His injuries included a broken collar bone and a number of fractured ribs. A legion of friends in the Bldgs and Grounds Dept., wish him well.

CONDOLENCES ALSO... to our good friend, Frank Burke, Custodian at the Old Country Rd School. Last week Frank's mother passed away and his many friends in the dept. extend their deepest sympathies.

cooking, wood chopping and tobogganing. The boys learned survival in frigid weather such as dressing properly and different cooking methods. They learned that the whole secret of winter camping is to keep dry.

Over 1,000 Explorers and Scouts attended Operation Igloo over the Washington Birthday weekend from various Troop and Explorer Posts.

For the month of March 1963, the Theme of Troop 293 will consist of the following: Personal fitness Merit Badge training, Patrol competition in Pyramid building Signaling by Flag and blinker light, and Practical Compass and Map Reading.

Legionnaire's Log

Charles Wagner Post
No. 421, Hicksville

BY ARTIE RUTZ

Nobody, but nobody, can say they didn't have enough room to dance in at the St. Patty's Dance.... And neither can anyone say they didn't have a good time.... Haven't seen such a congenial, table hopping group in quite a while.... And not to mention that the largest crowd, by better than 25% over any other year, enjoyed the construction decor of the hall.... I enjoyed watching Joe Ruto, watching with "interest," as the "going home crowd" lingered, and lingered.... And you know where.... I noted with pleasure the look of "I'm pleased with the whole thing" on Chairman George Johnston's face as he quoted me the statistics of the evening.... While smokin' that big cigar.... And I noted with mirth as Contractor Cramer, who is making the building go up, tackle the Limbo Bar and go down, down, down.... How low did you go?... I grinned when Max D'Orazio raved about the quality

and quality of the food served.... And Ray Gamble just grinned the whole night thru.... Just seems everybody had a grand time so get your reservations in early next year!!!! Our annual Awards and Ceremonial Night last Monday evening saw quite a turnout of our older members, including Fred Turner, who is the only member on our roster today, who signed the petition asking for a charter back in 1919.... There was Forrest Mason, Tom Doran, Bill McIntosh and Artie Ferro representing the ol' timers.... The Williston Post Ritual Team did their usual fine job of conducting the Initiation Ceremony for new members and the Color Guard once again handled the Post Everlasting Ceremony.... We will once again receive a national honor ribbon for exceeding our previous year's high in membership by March 17th which is the date of the national organization's 44 birthday.... At the present the membership reads 2 above last year's total.... Commander O'Neill thanked Vice Commander Hochbrueckner, our membership officer, for setting the new record.... A spaghetti dinner followed the close of the ceremonies.

TEACH ENDORSES

charged that recent unwarranted board interference with professional educational procedures was also a direct result of this ineffectual leadership. This same ineffectiveness has allowed one of the newer board members to disrupt school board meetings and to use the board of education itself as a personal sounding board for a political ideology. Moreover, they warned that the John Birch Society was attempting to infiltrate into the Hicksville School System. Dr. Malamud and Lawrence agreed that the only way to combat this do-nothing policy and abuse of responsibility and public trust was with a true and accurate presentation of the facts to the voters of Hicksville.

Both men are quite at home when it comes to dealing with facts, the release continues. Dr. Malamud holds a doctorate in physics from New York University and is employed as a research physicist at Republic Aviation Company. He has taught part time and evenings at New York University, City College, Hofstra College, and at Polytechnic Institute of Brooklyn where he is now teaching graduate courses in physics. He is married and has three children, one of whom attends Burns Ave. Public School. Lawrence is an attorney. He is married and has seven children, five of whom are attending public schools in Hicksville. He has been a member of the Citizens' Advisory Committee to the Hicksville School Board and has held office in several P.T.A.s. He has been an Accredited volunteer worker at Northport Veterans Hospital for eight years and is currently Hicksville Fund Chairman for the American Red Cross.

PLACING THE DISPLACED — A Long Island oil heat industry official and governmental representatives discuss project for training oil heating technicians in first program of its kind, involving Federal, State, County and the oil industry cooperation in Hicksville. The pilot project, designed primarily to "place" men who had been displaced from their jobs by automation and industrial cutbacks will start in April in Westbury with funds from the Manpower Development and Training Program. Discussing the program are from left: Charles R. Wallendorf, Director of Nassau County's Vocational Education and Extension Board; William G. Kane, President of the Oil Heat Institute of Long Island; and Joseph O. Curry of the State Labor Department's Division of Employment. (Graphic News Photo)

of the John Birch Society."

School Trustee William A. Bruno, Jr., in the same news release "praised Newsday" for "printing the attack of Lawrence and Malamud on my person and

character on March 19. Every time Newsday tries to do a hatchet job on me," Bruno said, "it boosts my stock in trade in Hicksville." Bruno said he doubts that Newsday would print his words of praise. "I doubt that that unbiased Garden City tabloid is impartial enough," he said, "to treat me as fairly as it treats the allegedly liberal faction in Hicksville."

Bruno rapped Lawrence and Malamud for seeking to link him with the Birch Society because of his "attacks on psychological testing" and because of his "push for more Americanism teaching" in the schools.

"For the edification of my opponents and of Newsday," Bruno said, "I plead guilty to both charges. As an avowed anti-Communist, I am unashamedly for teaching more Americanism in the public schools. And I am opposed to the secret psychoanalysis of public school children since I think such sub-rosa practices are unconstitutional on their face."
