# Delay Action On Added School Land

The possibility of any special questions or propositions appearing on the May 8th Hicksville School District voting machines appeared slight today within days of the first date of advertising for the annual meeting-election notice. At a special meeting last Friday night the Board of Education voted 5 no and two yes on whether to include a \$65,000 land purchase at Willet Ave. School on the ballot.

It had appeared earlier that a question regarding transportation might be submitted to test community opinion. This has apparently been dropped.

The land purchase question was raised by School Attorney Joseph Catalano. He reminded the Board that by previous action it had entered into a contract of sale for a parcel adjacent to the new school, subject to a referendum vote of the District.

Vice President Herbert H. Johnson moved that the Board put the question before the voters on May 8th, rather than hold it for a subsequent special vote. Johnson and Cornelius J. McCormack voted in favor of submitting the question now. All other Board members voting no.

President Jerry Zentler pointed out that the Board may be prepared in August to offer some other questions of additional facilities to the voters and that the Willet land could be submitted then. It is known the School Administration has some proposals to offer regarding additional facilities, particularly in the secondary level.

The School Board will hold its regular meeting this Friday night, March 29, in the Senior High School starting at 8:15 PM.

## SERVING IN JAPAN

Marine Lance Corporal George F. Reilly, son of Mr. and Mrs. George F. Reilly of 85 Cornell Lane, Hicksville, is serving with the First Marine Air Wing at the Marine Corps Air Facility, Iwakuni, Japan.

## Its Spring Clean-Up Time

The annual spring clean-up in the area of the Town of Oyster Bay between Jericho Tpke. and Hempstead Tpke., including the Mid-Island region, takes place from April 1 to 6, according to Supervisor Thomas R. Pynchon. The Sanitation Dept under Louis E. Kappstatter of Hicksville will make special collections in all areas under its jurisdiction. Homeowners requiring special collection during the period must call WA 1-0893 to make arrangements.

## Alumni Adopts Resolution

The Hicksville High School Alumni Assoc. at its annual meeting adopted a resolution "expressing sincere regret at the passing of Evelyn Martino Noth, a founding director of the Assoc., whose interest and endeavor sustained the organization during its formative years." Mrs. Noth was a member of the High School graduating class of 1934. She died last Sept.

The Assoc. elected Joseph Naso, class of 1932, as president to succeed Howard Finnegan. Also elected were Marianne Sutter Kutner, vice president; Etta Cramer, recording secretary; William L. Geyer, treasurer; Marge McGurk, corresponding secretary; an Audrey Thorman, membership secretary.

There were 148 affirmative votes cast for the slate with out a dissent. The Assoc. elected Miss Nina Plantz, former principal of

East St. School, as an honorary member.

Upon taking office, Naso confirmed Mrs. Florence Gries as chairlady of the Assoc's Annual Spring Dance at the Old Country Manor on Friday, May 24. He appointed Louis Millevotte as chairman of Homecoming and Finnegan as chairman of the Athlete's Dinner to be held in June.

Elected to three year terms on the Board of Directors were Finnegan, Lena Olynk, Louis Kappstatter, Fred Sutter and Gus Econopoulis. William Schrimps was elected for a two year term.

## Attention Scout Leaders

Mail your Girl Scout news events to Neighborhood III Publicity Chairman, Mrs. Olga A. Arnold, 175 Princess St., Hicksville, and get to read it in your favorite community paper, THE HERALD.

A MOUNTAIN OF COINS given "For the Life of a Child" became the goal of Rudy Bouse, left, during the 1963 Campaign for the March of Dimes. For the past three years Rudy has been chairman of the coin collectors for the Hicksville community - but this year he wanted to do more. And so he tackled two "New March of Dimes" boards behind his bar at Duffy and Charlotte Ave. - and with the help of his many patrons filled both sets of cards. Rudy is very interested in the March of Dimes and the work it is doing in its two new fields - birth defects and arthritis. "Too many children are just not getting the medical care needed to give them a chance to grow up as productive citizens. We decided to help and by filling these cards we know we're helping to give a little child to a better future." With Rudy are Lon Costa (center) and Charles MacFarland who assisted in the coin collection. (Photo by Frank Mallett.)

## Dear Lynda:

OVERHEARD IN BARBER SHOP: Two fellows were discussing the ad in last week's HERALD which forecasts "new transportation in Hicksville". The one fellow said: "But that's RUDE MORRIS' motorcar!" The other replied: "Now, it's really a four-wheel vehicle with a couple of sticks out in front. Between the sticks you put an animal that is rare to this island, being imported from Europe. It's called a sheep, I think. Then you sit on the seat and say 'Giddyup'!" We happen to know that both fellows are wrong, but there is something new brewing....

Over at the Little Inn all the old regulars are appearing day by day and the communist question as one greets another after the dry spell "where you been hiding?" And there is JACK KENNEDY, not in the White House, but missing the stick days. A rocking chair fund has been established by one of the FRED'S, GEORGE CONNOR, called PAGANO's home to invite him out for a round of golf. FATS is no young boy so George was a little taken back when PAGANO's mother answered the phone and said "No, he can't go out to play." And then there was the story about how he played in a band without making a sound, but we have to check with the lawyer first to see if we can print such things about a musician....

Smiling FREDDIE SCHLITZ at Hicksville P.O. who has not been mentioned here in some weeks now, says he sets all kinds of questions. One this week was: If they had been living in the state, what will they call all the dogs known as boxer? Just got our copy of PHILIP WYLLIE's "Triumph" and could not put it down until reaching the end. Almost makes you want to get up and about "Ban the Bomb"....

## Luther League On Winter Retreat

The Luther Leaguers of St. Stephens Lutheran Church in Hicksville went on a very enjoyable winter retreat to Jubilee Ranch, Port Jervis, over the Washington's Birthday weekend.

The busses left Hicksville at 6:00, and arrived at the ranch at 9:00 when everyone got settled in the dorms. After settling, the Rev. Jim Anderson, ranch director, held an orientation meeting, at which time he introduced George the young man in charge of riding. At the close of this session Pastor Richard E. Mack held devotions, and everyone retired for the night.

The next morning everyone was up bright and early for breakfast after which Pastor Osterloh held a

Bible study period. After this there was riding, ice skating, tobogganing, hayrides, and many other interesting activities. In the evening there was a Bible discussion on "The Cross". The evening was concluded by devotions, snack time and then to bed.

Saturday was really the highlight

of the weekend, as there was a rodeo in which the young people took part, and had just a grand time. On Sunday everyone attended church, took pictures, and said their goodbye's to Jubilee Ranch, looking forward to another wonderful retreat next year.

## Sees Skyscraper Jungle Here

Town Supervisor Thomas R. Pynchon this week said the County Director of Franchises is employing "massive evasion tactics in an effort to conceal from the people of the mid-island communities of the Town of Oyster Bay the real results, should his grandiose scheme for a double-loop rapid transit system through the heartland of the mid-island section ever be carried out."

"The fact is that construction of a double-loop rapid transit system would cut a wide swath through the one-family mid-island suburban communities, necessitating the destruction of untold numbers of homes at incalculable cost. And after the suburban devastation has been completed, the consequence would be, according to Mr. Morris' own report, 'the building of high rise apartment houses.'

"The Director of Franchises has never revealed to the people of the mid-island communities the fact that the ultimate results of his scheme would turn the mid-island area into a skyscraper jungle of concrete and steel. He has never revealed to the small homeowners of the mid-island communities the intolerable tax burden that would result from the cost of construction of a double-loop rapid transit system. Qualified railroad engineers have estimated the cost of this double-loop folly anywhere from 700 million to a billion dollars. In failing to tell or discuss with the people of the affected communities the real meaning of his plan he is betraying and public trust. The homeowners of the mid-island communities are entitled to know all of the facts, and I challenge Mr. Morris to state whether or not he stands by his own confidential report which predicts the construction of high rise apartment houses in the mid-island communities."

Mrs. Peter Curcio has undertaken the Chairmanship of the Salvation Army Annual Appeal in Bethpage. It has been announced this week by Donald C. Harrison Chairman of the Army's Appeal in Nassau County.

MARINE PRIVATE Stephen R. Murphy, son of Mr. and Mrs. David J. Murphy of 134 Scooter Lane, Hicksville, completed four weeks of advance combat training March 18, with the first Infantry Training Regiment at Camp Lejeune, N. C.

## Busy Program For Brownie Unit

Brownie Girl Scout Troop #433 of Trinity Lutheran Church, Hicksville, have been kept busy by their leaders, Mrs. Jo Tyson and Mrs. Elaine Walter. Brownies were introduced to the game of charades. Girls had fun acting out movie titles, television shows and books. It was good experience in dramatics for them and hoped to play it again in the future.

Fly-up Brownie Girl Scouts were busy working on the tenderfoot rank. They discussed the beginning of Scouting, with their leaders and read about Juliette Low, founder of Girl Scouting in the United States. Girls enjoyed pictures of old time uniforms.

Girls made booklets containing information on fly-up. Decorated covers using spatter paints. Messy but very enjoyable fun. Studied the Girl Scout laws and meanings of show how they can be applied to our everyday living.

Valentine Day, Brownies made

cards for their favorite sweetheart —Daddy. Feb. 22 was Thinking Day for Scouts. The Brownies presented a program featuring world travel. Each girl told how they travelled to a different country, where they stayed, ate and the souvenirs they bought. New Brownies received the Brownie World Pin with ceremony.

"Adventuring in the Arts," the girls made paper plates decorated with a Mexican design and colored in crayon then shellacked.

The Brownies are looking forward to busy constructive meetings in the future and also looking forward to summer day camp.

## Will Morris Use Radio Time?

Town Republican Chairman C. Bruce Pearsall today announced the Republican Committee had purchased an hour's radio time on WFYI (1520 on the dial), for Sunday, March 31 at 3 P.M., to give the Democrat Leader of the Town of Oyster Bay, Edward Morris of Hicksville, who is also the County Director of Franchises, an opportunity to "fulfill his obligation to the people of the mid-island communities by informing them of the effect his double-loop multi-million-dollar rapid transit proposal would have on these communities."

Pearsall said that the Democrat Leader would be given equal time on the radio program to state his views. The program would be moderated by WFYI and the press is being invited.

"The people of the mid-island communities of the Town of Oyster Bay are entitled to know all of the facts related to the Democrat Leader's advocacy of a multi-million-dollar rapid transit system and the accompanying plan for skyscraper apartment houses. The small home-owners are entitled to

know how much this program would cost and what the effect this rapid transit system will have on the suburban characteristics of Hicksville, Plainview, Bethpage, Jericho, Syosset, Massapequa and Levittown.

A prior public-service offer by WFYI to provide air time for Morris and Town Supervisor Thomas R. Pynchon to debate the high rise apartments was first accepted and then later rejected by Morris.

THE ASSEMBLY IN SESSION

THE ASSEMBLY in session in the historic New York State Capitol at Albany never fails to excite the visitor witnessing the law making branch of the state government in action. In this view Speaker Joseph F. Carlino is on the rostrum presiding. Assemblymen from the

Long Island area are generally seated in the area on the extreme right. The HERALD was represented at a recent night session as the guest of Assemblyman Edwin J. Fehrenbach and will have a behind-the-scene report in a subsequent issue.

### A Leader

Blessed is the leader who has not sought the high places, but who has been drafted into service because of her ability and willingness to serve.

Blessed is the leader who knows where she is going, why she is going, and how to get there. Blessed is the leader who knows no discouragement, who presents no alibi.

Blessed is the leader who knows how to lead without being dictatorial; true leaders are humble.

Blessed is the leader who seeks for the best for those she serves.

Blessed is the leader who leads for the good of the most concerned, and not for the personal gratification of her own ideas.

Blessed is the leader who has her head in the clouds but her feet on the ground.

Blessed is the leader who considers leadership an opportunity for service.

## HERALD READERS' OPINIONS

To the Editor:

Dr. Herbert Malamud and Irving Lawrence, school board candidates of the Taxpayers' Educational Association for the Children of Hicksville (TEACH), today claimed that the Hicksville school budget figure of "toward 12 million dollars" reported by Trustee Bruno, in a recent flyer, was totally inaccurate. They further stated that such a phony appeal to the emotions of the taxpayers of Hicksville was an insult to their intelligence and was action unbecoming a School Board Trustee.

TEACH also stated that Mr. Bruno's juggling of the facts was designed to frighten and confuse the voters over a phony economy issue. The Association went on to say that such unfounded statements could very possibly result in the defeat of the proposed budget, which is in fact, less than 11 million dollars.

"A defeated budget," stated Dr. Malamud, "would only result in

the loss of special services such as transportation, cafeteria, and recreation programs. In addition each family would have to assume the responsibility of purchasing its children's books and school supplies."

Lawrence added, "We must reject those who, in the name of phony economy, would undermine the quality of education our children now receive. Money, time, and effort put into education is an investment in economic growth. The free society of America and the strength of its national economy depend upon its educational system."

## President's Corner

by George J. Frankel

The calendar and the first signs of spring both remind us that the lawn season is approaching again. Our streets will be more beautiful than ever this year, because our curb trees, planned, purchased, and planted through our Civic Assoc. are flourishing. Soon all trees will be in full bloom again.

While it will be a pleasure to drive down our tree-lined streets, it may be a hazard to walk down the sidewalks of the same streets. The lower branches of these trees, are, in some cases, so low that pedestrians cannot pass underneath them, and are forced to stoop or detour on the roadway. The cure for this situation is simplicity itself: prune the lower branches. Not only will this remove the hazard, but, as we have been informed by nurserymen, it is actually beneficial to the tree.

So as you take out your gardening tools, please take a look at your curb trees and see if they need pruning. It will take only a moment, and will be helpful to both the tree and your neighbors.

## Ten Pin Talk

by Henry Dockswell

No one individual did anything spectacular last Monday night but as a team Dave Bateman's "Tigers" continued their fast pace and for the second week in a row they shut-out their opposition. Having successfully clobbered the league leading "Champs" last time out and pulled themselves up to just one point behind, they met overpowered Sid Simon's "Trophies" and jumped right over the slumping "Champs" into 1st place.

While Dave's "Tigers" were busy taking 14 out of 14 points these last 2 weeks, the suddenly "far-blunger" Champs were tasting the other end of the stick. The shut out beating that Capt. Merv Cohen and his "Champs" had absorbed from the "Tigers" seemed to have inflicted a deeper injury than met the eye. They just couldn't get going and they suffered another shellacking, this time by Murray Gittelman and his "Splits". Murray's boys trounced them 7-0 and drove them back into 2nd place, six points behind the front running "Tigers".

Leo Geyer has been really wracking those pins, and, taking advantage of a bad night by Stan Jarvis, he brought his average up to 169 to take the lead from Stan for High Average bowler.

For the first time this year the 200 club showed no names this past week. At present Stan Jarvis leads with 7 such games, Fred Sapio is in second place with 6 and Leo Geyer and Mort Levine are tied for third with 5 apiece. Marv Kahn and Herb Brody came in for some loud applause. Marv, faced with a 5,7,9, split measured it carefully and swept all three pins with a beautifully placed shot. Just two alleys away Herb suddenly found the 4-10 split staring him in the face but he wasn't discouraged. He measured, cut the pants off of the 4 and swept it right into the 10.

The race for Most Improved Bowler, which started at the beginning of the 2nd half, is being hotly contested among the following:

	point improvement
Mack Cushing	6
Gerry Reichgott	6
Sid Guber	5
Marv Kahn	4
Sid Berken	4
Dave Altman	4
Sonny Lubliner	4
Harry Lemberg	4
Sid Simon	4

## Record Budget For Syosset

The 1963-64 school budget will be \$8,733,453 for Central School District 2, it was announced by the school board.

The estimate tax rate will be \$5.82 per one hundred dollars of assessed valuation. The current rate is \$5.00 which means that the average house in Birchwood will be raised \$82.00 a year. The Board is hoping to reduce this by 20% or 30% by the sale of the land in our community. This ten-acre parcel located off Robbins Lane and Fountain is estimated by the board to have a market value of \$250,000. It cost the tax payers almost \$200,000.

The main increase in the budget is attributed to a raise in the teacher salary schedule.

The annual budget meeting will be held May 7 and voting has been scheduled for May 8. Your Syosset Education committee is now in the process of investigating the budget and will present its recommendations when all the facts are in and can be evaluated.

## Legionnaire's Log

Charles Wagner Post  
No. 421, Hicksville  
BY ARTIE RUTZ

Membership in The American Legion may seem to many outsiders just a matter of dollars and cents for the organization via the per capita tax route, but this is very far from the truth.... This is the truth.... Our great Americanism programs, which are many, and among which are the School Awards, Oratorical Contest, Boys State and Boys Nation, Boy Scout support, S.A.J., American Legion Baseball, to name a few, all require a strong and growing membership.... Another need for membership is pointed out by our efforts to combat the Communist infiltration of our national life.... For example, once again we have helped thwart the Communist effort to destroy or reduce the effectiveness of the House UnAmerican Activities Committee. This was a great victory in the early months of 1963.... Again, in another direction, the Legion has always been ahead of the others in its thinking on the requirements for for strong National Security. A great and growing Legion is needed to keep up the good fight in this area.... For example, The American Legion urged over two years ago that we pursue a strong policy on Cuba. Again, let me aim in another direction, regarding the need for a strength in membership.... In the field of Veterans' Legislation, the

strength of members is most important to reverse the series of defeats we veterans have suffered in obtaining proper, equitable legislation.... We lost out to the Insurance Lobby on National Service Life Insurance; we saw the "VA contact offices" (required to help Veterans) supplanted with the newly created VA Hospital "Interviewing" positions designed to discourage veterans from full use of the facilities of our Veterans' hospitals; we also see the adamant refusal of the Congress to correct the inequities in the existing disability pension legislation.... (Don't ever forget the fine hand of Communist intrigue is gently pushing against us in these matters also).... Our compass points still in another direction.... The National Child Welfare Program of the American Legion, and the services extended to Veterans in need, require the expenditure of millions of dollars and hours. Manpower is essential to retain the vigor and effectiveness of these programs.... I have given you the basic truths for the need of the Charles Wagner Post, which is but one of 17,000 American Legion Posts scattered around the world, for more and more members and with our greatly increased facilities, there'll be room for all.... Come and join us.

## Town to Name Park for Burns

Supervisor Thomas R. Pynchon at the testimonial dinner held in honor of Commissioner John J. Burns, former Supervisor of the town of Oyster Bay on Mar. 14 announced that the Town Board has unanimously approved naming the 52-acre park in Massapequa "The John J. Burns Park."

The water-front park, which is bounded on the north by Merrick Road, on the west by Jones Creek and on the east by the Unique River, was acquired during Commissioner Burns' tenure as Supervisor of the Town of Oyster Bay. The Town was the first in the State to acquire park lands under the \$75,000,000 bond issue approved by the voters of the State in 1959. The State paid three-fourths of the acquisition costs and the Town the remainder.

Supervisor Pynchon has ordered engineers to begin preparing plans for the development of the park as a water-front recreation area for the townspeople.

## Reduce Rates For Electricity

The Public Service Commission has accepted tariff amendments filed by The L.I. Lighting Co. designed to reduce most of its electric rates by an estimated \$2,620,900 - or about 2.4 per cent - annually effective April 1. This brings to \$3,813,800 the total of electric rate reductions made by the company since August 1960.

LILCO serves more than 600,000 electric customers in Nassau and Suffolk counties and in part of Queens. The rate changes included in its new tariff apply to all customers, except those served in its "summer district" which includes Fire Island, Captree Island and a part of Jones Beach Island.

The bulk of the reduction will go to residential customers whose annual electric costs will drop by an anticipated \$1,354,400.

## Rotary Offers Fellowship

The Rotary District 25 Foundation, composed of the 65 Long Island Rotary clubs, will this year award a Fellowship for a year of study abroad to some male student resident of Long Island. Applications are being accepted by the Hicksville Rotary Club for this Fellowship, which includes all transportation, educational and living expenses for the 1964-1965 academic year, according to President John Dobson.

The purpose of the Fellowship is to advance understanding and friendly relations between peoples of different nations. It provides a young man with a year's graduate study abroad and the opportunity to interpret his home country to the people of the country of study and upon his return home to foster an understanding of the country where he studied. This Rotary Fellow will have a dual role, "Ambassador of good will" and scholar.

Male students permanently residing in Hicksville or Jericho should request an application form from Hicksville Rotary Club thru P.O. Box 435, Hicksville. Candidates must be unmarried and between the ages of 20 and 29. They must possess a college degree or be now in their junior or senior year in college; their scholastic record must be high and a thorough knowledge of the language of the country of their study is essential. They must be able to make friends easily and be vitally interested in world affairs and possess good leadership qualities.

Completed applications should be received by the local Rotary club by April 15th. All applicants from the clubs in Long Island will compete for the Fellowship.

At camp the boys were kept busy cleaning Campsite, passing test, building fires and cooking. Three boys passed cooking test for 1st class scouting. Ten boys passed the 2nd class 5 mile hike requirement. At night the boys enjoyed hot cocoa, and doughnuts around the council fire. The boys were under supervision of the Scout

VARSITY BASKETBALL WRAPUP...And then suddenly, it's the time of the year when the Little Leaguers start busting out, all over the landscape. The neighborhoods are alive with the magic of baseball and the management gets the ball rolling by calling out the small fry for tryouts. It's also the time for diamond grooming and the District Groundsmen, awoken to the chore, by penning off the snow blowers and plows and replacing them with rakes, shovels, hoses, rotaries and gang mowers...And it's also the time of the year, when a ball settles over District Sports and a wrap-up of another court season, becomes the basis for a column. What better way to start things off, than a Saturday A.M., recreation program at the Sr. High Boys gym. Here we find, Comet basketball coach, Ed Petro, engaged in looking over some of the cage prospects for next season. Included in the group are yesterday's, Jayvees, Guy Van Wagon, Bill Corrigan and Tom Kumiga, who find their love of the game, calls for basketball, more basketball and still more basketball. It's as simple as that and only those that engage in sports, until it comes out of their ears, eventually get a crack at the big time. Also included in the group were former Comet court stars, "Big Mike" Clair and Jim McKinstry; keeping in shape for the college, court capers in the fall. This was the golden opportunity for cornering Coach Ed for the seasonal lo-down on his Section 1 Champs, and this is the way the ball bounced for his comets over an 18 game season. The Comets

## Male Teachers Accept Challenge

The women members of the Hicksville Junior High School faculty have challenged the men of the faculty to a volleyball game. The men on the faculty say they resent the "flippant attitude of these women, just because they trimmed us last time doesn't mean they can do it again. In fact we intend to show them up and put them in their place once and for all."

A 50 cent contribution will be collected at the door for the Junior High P.T.A. scholarship fund.

The game will be on April 5th in the Junior High gym at 7:30 P.M.

Schwartz pointed out today that the Crusade has a two way purpose, first to collect funds to carry on the Society's three-way program of Research, Education and Patient Service, and the other is to have the volunteers acquaint the public with the necessity to have an annual health check up with their family doctor at the Society's Nassau Detection Center in Elmont.

Master Jack Sawyer, Ass't Scout Master Walter Gebhardt and Joseph Warburton.

Thanks to the parents who made this trip possible: Mr. Sawyer, Mr. Gebhardt, Mr. Warburton, Mrs. Gebhardt, Mr. Berg, Mr. Huether, Mr. Zibkowski, Mr. Penkos, Mr. Mosher, Mr. Meis, Mr. Endsley, Mr. Egglinger, Mr. O'Sullivan, Mr. Groom, Mr. Haller and Mr. Czarnecki.

After Sunday breakfast and cleaning the campsite, the Boy Scouts were transported home. A good time was had by all.

outscored the opposition 1242 to 1080 for a 69 pt. average. Best rebounders were Bob Smith with a 17 pt. average, Chip Jaworski 12 and Vin Hamman 11. Tops in assists were Jaworski with an 11 pt. average, Smith had 7 and Bill Luft 5. Luft led the scoring spree with a 20 pt. average, good for 374 points. Smith was 2nd with 15 and 282 pts., Jaworski 3rd with 11, at 209 and Vin Hamman was 4th with 11; good for 185 markers. Luft was also top man in foul shooting and field goal percentages...62 and 48%. Bob Feldcher copped a 3rd in the foul shooting dept; hitting for a 57% average. Other Comet scorers were, Bob Feldcher 90, Bruce Davis 44, Paul Colosanto 39, George Rivas 32, Tom Kumiga 21 and Rich Medina 17. John Lansing, Ken Perrone, George Fillaphone and Gus Medina rounded out the action for these Division 1, Cupoppers.

JAYVEE SLANTS...Meet Stan Kellner, another member of Hicksville's fine coaching staff. His Jayvee basketball squad closed up shop with a 10-2 league record and 13-4, overall for the past season. Kellner's first love is basketball, and he had the knack of imparting this keen interest for the game, on to the boys who come out for his squad, each year. On court, he's a serious pacer... Always out to win but once a loss has been clearly established, he can lose with equal grace. Let's hear what he has to say about the boys, who came down the wire with an impressive, league leading mark of 10-2, GUY VAN WAGON.... "Has been improving steadily and as the season progressed, seemed to become more determined off the boards". "He has all the basic moves and quick reactions. JOHN WALKER... "An exceptionally fine, playmaker, driver and team leader". ANDY KOEHLER... "Can jump and shoot with the best". (Witness Stan Kellner would continue with the game during the off season) BRUCE GERONE... "An excellent competitor". JOHN MCKINSTRY and BILL CORRIGAN... "Dedicated players, with good potential and should help the Varsity in the years to come". GLENN OLSEN... "Won us a few games with his fine shooting BILL MITTENBERG... "Made a fine contribution, through rugged rebounding". Credits also to GREG HOBERG, CHARLES McALLEY, ARTIE HOTZ, TERRY KANAWADA and JOHN FARREL, who made their leadership felt. "In summation", Kellner closed out... "If their devotion to the sport, equals their ability, the future picture in basketball, at Hicksville High, looks encouraging". Huff said Stan... "We agree wholeheartedly. This was a much better than average Jayvee team and the Varsity future does look promising."

AROUND THE DISTRICT... The Comet Lacrosse team is getting the bad ones out of its system, via the scrimmage route, where the scores are merely an indication of how much additional practice is needed. Last Thursday, they dropped a decision to Carey, 11-6 and on Sat. of the week, lost to Hempstead, 7-3. All in all, a pair of Donnybrook that fell by the wayside to experienced clubs. There's no morning line on the season's opener vs Deer Park, at home on the Wed, prior to this issue but we figure the locals are ready for the win column, in this outing. After that, it's anybody's guess as to which way that little black ball will bounce for the rest of the season.
