Eight Candidates For School Board

The Hicksville School Board crystallized this week as the deadline for filing of candidate petitions was reached. Eight persons are seeking three vacancies on the School Board while a last minute contest for Library Trustee developed as Edward M. Bello of 1 Hollins Rd. filed to run against Ernest G. McClain. An example of the school board election ballot is reproduced elsewhere on this page.

A public discussion of the proposed school district budget providing a tax rate of \$5.745 per \$100 compared with the current rate of \$5.379, was scheduled for tonight (Thurs) in the High School Auditorium. Under the proposed budget, it is estimated the district will receive \$418,738 more in state aid than the previous year or a total of \$5,185,000 on a gross budget of \$10,913,869;25. It was also noted that Federal Aid (under PL 874 will drop off sharply next year from \$70,000 to an estimated \$10,000). It is also anticipated that the District will not have excess cash at the end of the fiscal year in the amount of \$275,000 to reduce the tax rate.

Meanwhile, all candidate groups were busy churning mimeograph machines in an effort to influence voters. The George M. Martin, Francis E. Hester and Harry M. Wagner trio attempted to drag into the campaign the so-called "preyer issues."

On the other hand, Irving Lawrence and Herbert Malamud of Westbury picked their opponents on the ballot, charged "costly, piecemeal planning" while "curtailing our curriculum and have wasted the taxpayers money." Going back 13 years, (although the incumbents have yet to round out 6 years), the TEACH candidates commented "curtailed sessions".

Curiously, the TEACH slate of two with three incumbents up for re-election ignored McCormack who is teamed with Zettler and Johnsen.

It appeared the library trustee contest would hardly attract the attention that the school board race indicated. Bello, a total unknown, was nominated to run against McClain who had been appointed to the Board when John Hansen resigned in December.

An insight into the basic issues of the campaign for the School Board was revealed as a candidate's forum Wednesday night sponsored by the Mid Land Civic Assoc at the new Willet Ave. School.

Heroin is attempted a capsule digest of the forum:

HERBERT H. JOHNSEN: Vote for budget. Your choice is between ultra-liberal and ultra-conservative.

FRANCIS HESTER: Cut out all frills. Advocate gripe sessions at meetings for taxpayers to sound off.

HERBERT MALAMUD: Came to Hicksville (Westbury) because it was one of the better school systems in state. Teachers are unhappy.

CORNELIUS MCCORMACK: Be proud of our school system. Spoke about improved credit rating, better fiscal situation.

GEORGE MARTIN: No consideration given to older folks in community. Distinction between what is necessary and what is desirable.

JERRY ZETTLER: Discussed the record of the Board of Education, its success in eliminating double sessions and made it plain that all elementary school classes except kindergarten will be on single sessions in September.

HARRY WAGNER: Criticized the

Another Forum Monday Night

Units will sponsor a Candidates' Forum in the auditorium of the Hicksville Junior High School on Monday evening, April 29, at 8:30 p.m. All candidates seeking election to the Hicksville Board of Education and the Hicksville Public Library Board are being invited to participate. Residents of the District are urged to attend this informative meeting in order

that they may become more fully informed regarding the qualifications and philosophies of those citizens who have announced their desire to be candidates. The Council offers this opportunity as a community service, in accordance with the non-partisan and non-political policies of the National Congress of Parents and Teachers.

Hartmaier Takes Survival Training

Armadillo rattlesnake or raccoon might have been on the menu for Army PFC Richard Hartmaier, son of Mr. and Mrs. Alfred J. Hartmaier, 54 Eleventh St., Hicksville, --if he could have caught one.

Hartmaier, with other members of the 2d Armored Division, recently completed seven weeks training in guerrilla fighting and survival techniques on a special reaction course at Fort Hood, Tex.

The soldiers spent a week on the course, in turn. The 60 hours of training included bridge demolition, cliff climbing, hand-to-hand combat and survival techniques like catching dinner.

The 25-year-old soldier, an automatic rifleman in Company D of the 51st Infantry's 1st Armored Rifle Battalion, entered the Army in August 1961 and completed basic training at Fort Dix, N.J.

Hartmaier is a 1958 graduate of Hicksville High School.

Symposium Covers Three Topics

The Home and School Assoc. of Holy Family Parish, Hicksville, presented a symposium on the subject "Catholic Responsibility for Public Schools" on Tuesday, April 23.

The symposium was composed of three short papers which were prepared by members of the parish organization. These papers included a discussion of Catholic interest in civic affairs, it was affirmed that one must understand the moral and social teachings of the Church and let them be heard to the community. "This is our debt to our neighbor in Christian charity. There are many today who would restrict the activities of the Church to the sanctuary, but they arbitrarily constrain the mission of Christ and Christians. If the Church does not shed moral light on the social, economic and political problems of our times, who shall?"

Also presented in the symposium was a paper on the moral responsibility of Catholics to give financial support to the public schools. In connection with this, a study of a typical school budget was presented so that members would be better equipped to judge whether, on the one hand, expenses were legitimate, or on the other, whether frugality was reasonable. "Some citizens, it seems, who do not use the public schools, conclude that the most austere budget is best for them. They forget that it may not be best for the community, and our concern here is for the common good."

at the opening reception of the art exhibit in the auditorium of Hicksville Public Library.

The final presentation of the symposium was a paper on the moral responsibility of Catholics to see that the members of the policy-making Board of Education reflect a responsible socio-economic and educational philosophy. "Sometimes Catholics unwittingly align themselves politically with a candidate who proposes a vigorous anti-communist. Anti-communism in itself is a laudable political motive. But if the candidate's program of positive anti-communism is revealed, it may be that he opposes all the socio-economic advances which have advanced by the paces for the last hundred years. It turns out, upon investigation, that some of

these vigorous anti-communists are at the same time enemies of Federal government, advocates of a completely unbridled market, enemies of welfare legislation, isolationists, and intolerantly addicted to a narrowly defined Americanism. If a Catholic were to tag along with such a candidate on the basis of his anti-communism, he would in effect be op-

posing many of the socio-economic doctrines of the Church which the popes have untrigly preached right to this present moment." The papers were presented by Thomas Maloney, a school administrator, Mrs. Herta Ward and Rev. John Rowan, moderator of the Home and School Assoc. Chairman of the event was William Maher.

Herald Editorial Opinion:

The Happy Medium

We attended a forum, Wednesday night when all eight candidates for the Hicksville Board of Education spoke and answered some questions. Much of what was said will probably be repeated Monday night in the Junior High School auditorium when the PTA Council sponsors another forum. After you hear them, you may come to the same conclusion that we have reached regarding the May 8th election. The three incumbents have a substantial record of achievement in office and are willing and able to carry on and expand upon their known program.

The opposition candidates, stripped of the fancy slogans and catch-phrases, think they should be put on the Board of Education and are willing to say most anything if it will get them votes.

The TEACH group can trace its lineage thru annual group name changes back thru the School Board Campaign Committee (last year), HOPE (the years before) etc. Although the present candidates of this group piously denies any intention of promoting the construction of a second high school it still holds the position that the school staff from top to bottom should in effect be given a blank check, even on another building. This year they say, if it costs more money we'll get it out of the state. Meanwhile, however if the state doesn't come thru, the added cost must come directly out of your pocketbook.

The personal slate of William Bruno which goes in heavily for misleading

and truth-twisting slogans and titles claims sponsorship of a brand new group called the Committee for Honesty in Education. The misleading and deliberately distorted items in circulation by flyer and word of mouth challenges their claim of honesty. What started out some weeks ago as a pledge to cut spending for education by a million dollars has now been diluted to a \$600,000 cut and by the day after the election will probably vanish entirely.

Mr. Bruno is intent upon his determination to elect three rubber-stamp duplicates of himself. To win his end, he has threatened officials of the district with the loss of their positions unless they bend to his will. A smiling, tongue-in-cheek prattling of "economy" is merely a thin disguise for a power grab lust which will ultimately cost the taxpayers tens or hundreds of thousands of dollars, destroy personnel morale and cripple the fine educational system we now enjoy.

It is our considered opinion, reinforced by listening to the statements of their opponents in public forum, that Jerry Zettler, Herb Johnsen and Niel McCormack have done an excellent job and should be encouraged to continue to serve the community on our Board of Education. They are neither super-conservatives nor are they ultra-liberal in their approach to the problems before the School District. They represent the happy medium!

HERALD READER OPINIONS

Budget Misinformation

To the Editor: In a previous letter to your paper, which you were kind enough to print, I expressed certain opinions with regard to the qualifications of candidates to the post of school board trustee in Hicksville. Since that time various persons have announced themselves as candidates for the positions and are seeking the support of the residents of Hicksville in their election efforts.

In my prior letter I stated that candidates for this position should have a keen respect for the truth, for as elected officials they would represent the community, and should therefore be held in high regard by the children who attend the schools, by the teachers who teach these children, and by the parents of Hicksville.

A good deal of misinformation is being conveyed by those candidates who have setzped upon the size of the Hicksville school budget as an issue in this election. Irresponsible statements have been circulated that the budget should and could have been cut by \$400,000. A purported analysis largely incoherent, of where such cuts could be made was published by a Board member.

I have made a careful and intensive analysis of the proposed 1963/1964 budget as compared with the actual budget for 1962/1963. I believe I am equipped by education, training and experience to make such an analysis. Based upon my studies, I can say without fear of informed contradiction that the increase in the proposed budget over the last year's actual budget is due almost wholly to required salary increases and other fixed charges over which the School Board has no control. In the area where the Board does have control, it made conscientious effort to reduce expenditures and effected such reductions in 17 lines of the budget, amounting to \$115,000. Accordingly, any candidate who campaigns on the proposition that the proposed budget increases were avoidable or even that there should have been a decrease under the 1962-1963 budget is either misleading the citizenry, or, equally reprehensible is a sincere candidate, completely un-informed.

It is doubtless appealing to opportunistic individuals to better our budget expenditures, with their concomitant tax increases, as a way to inflame voters who have a legitimate complaint against the burden of increased taxes on all fronts. Such arguments however, should not commensurate themselves to a thoughtful electorate. The price of education, like the price of all other goods and services in recent years, has been on the increase. Many students of the problem feel that alternate sources of revenue, other than the real property tax, may have to be found in order to meet such increased costs.

They do not however, advocate that we cut down the quality of our education or the services provided to our children by the educational system. Their money can buy and they want each dollar spent carefully. This is a far cry from irresponsible budget-cutting. Those who advocate the latter course are not friends of the public school system and should not be elected to the office of School Board Trustee.

PHONEY ECONOMY

To the Editor: As taxpayers, as parents, as citizens of this community, we all have an important investment in our young people and the quality of the education they are receiving here in Hicksville. Moreover, we have the responsibility as well as the right to safeguard that investment.

On May 8 - Election Day in Hicksville - we will be given the opportunity to actively exercise this responsibility by demonstrating through our franchise support for the proposed school budget. Such support is greatly needed to help restore a sense of balance and cohesiveness which our schools and community need; it may also serve as an effective means of silencing a small but extremely loud group of persons who appear to be single-mindedly bent upon attacking rather than helping our educational program.

During the past months, the budget has been attacked by politically motivated "phony economy" groups as an extravagant and wasteful piece of financial machinery. Nothing could be further from the truth! The proposed 1963-64 school budget is, in fact, a strictly "hold the line" budget, taking into consideration the increase in student population and the normal rise in the cost of living in an adequate but stringent fashion. With a penchant for negative criticism, the "economy brigade" apparently overlooked or neglected to mention the several large slices made in the budget before it was presented to the public. As a result, a considerable amount of money was cut from textbook supplies, instructional supplies, school lunch program, instructional equipment, and library books.

It must also be noted that any increases that were made in the budget were required by the State in the form of yearly increments for teachers, administrators, custodial, and clerical help, retirement fund for the same, and debt service, redemption of bonds, and interest. These are, in effect, fixed charges and constitute eighty three per cent of the total budget. Any further cuts, therefore, would apparently have to be made in those areas which deal directly with educational services. Since cuts have already been made in those areas, one is forced to conclude that the plaintive persistent pleas originating in some quarters and calling for even greater economy are being made in the interest of something other than education.

At this time, it might be wise for all of us to remember what Dr. F.J. McCormack stated in his career report on the school plant needs of Hicksville: "All the financial factors surveyed indicate that District 17 is in a healthy position financially."

.....all that remains is for the citizens of School District 17 to use their wealth wisely and quitably toward worthwhile education for their children."

Respectfully, ELAINE C. WEINREB 2 Root Lane Hicksville, N. Y. April 22, 1963

NOT SURVEYING

To the Editor: We wish to advise that the Hicksville Chamber of Commerce is not conducting any telephone survey of any kind at this time. We have received some inquiries on this during the past week, and would suggest that anyone receiving a call of this nature, contact the Second Precinct in Hicksville, if they have any information. BETTER WAKE UP

To the Editor: It seems to me that anybody that points a finger at communism is smeared in our country. I just don't understand it. Why? That isn't American. We want to get these devils out of our country. I tell you America had better wake up and our peons had better wake up, those people who smear people who are trying to uncover and get rid of those thieves, murderers and liars. If they used as much

time and energy speaking and fighting communism as they do time and energy fighting anti-communist and anti-communist organizations, this would not only be a better country to live in but a much better country and world.

Our country today, to my mind needs nationalism, patriotism, Americanism, like it never needed it before in it's history and it should be taught right from the time a youngster goes to kindergarten. We should have reverence for our flag; we should have reverence for our Constitution, our Bill of Rights and our school children should be taught that. For some unknown reason today they are forgetting American history and those things they used to respect, at least I did when I was a boy. "Duty, honor, country". I think that motto could well go to all red blooded Americans. We need it today. We need Americanism, not U.N.ism or any other ism. Wake up before it is too late or has it become unparitric to be patriotic.

Jericho Board Approves Budget

The Jericho Board of Education, Union Free School District #13, unanimously approved its 1963-64 budget of \$3,611,333.00 at an open meeting Thursday, April 18, in the High School. It will be presented to voters for approval on May 8th.

Under this proposed budget the estimated tax rate would rise slightly to \$5.55 per \$100 of assessed valuation - up 14 cents from last year. This increase is the smallest in recent years. The average rise in the past four years was 74 1/2 cents per \$100 of assessed valuation.

A detailed explanation is contained in the District Budget Bulletin mailed to voters this week.

The Board also approved the replacement of one teacher and the addition of two teachers to the faculty. The candidates were recommended by Dr. Leon H. West-

fall, Acting Superintendent. The school calendar for next year was accepted by the Board. In contrast to this year's spring vacation, the 1964 recess will start the day before Good Friday and run for a week after Easter Sunday.

President's Corner

by George J. Frankel

Election time is upon us once again, and this is the last time I will be writing as your President. I regret exceedingly that personal considerations have prevented me from accepting the nomination for President for a second term. I have sincerely enjoyed working with the officers and the Board of Directors of the Civic Assoc. in your behalf, and serving the community to the best of my ability.

I want to extend my warmest thanks to the Executive Committee for the many, many hours they have devoted to working out each problem as it arose. Never were they too tired or too busy to give of their time and effort, and I am particularly appreciative of their support throughout the year. In the midst of trials and aggravations, their wonderful co-operation made this past year one of the most rewarding experiences of my life. The Executive Committee consisted of Milton Bagley, 1st Vice-president; Horace Bernstein, 2nd Vice-president; Leon Newman, Chairman of the Board; Mrs. Gilbert B. Stein, Vice-chairman of the Board; Ralph Diamond, Past President; and Irwin Baume, Past President. The other officers and committee chairmen could always be counted upon for cooperation and efficiency, and all the members of the Board of Directors consistently devoted themselves to representing the best

Civic Board Enlists Help Of Town Board and Nassau Health

by George Dockswell

Floyd Bennett's flagrant violation of the welfare of our community and their lack of consideration for our residents has forced your Civic Association to enlist the personal help of Thomas Pynchon, Supervisor of the Town of Oyster Bay and Robert Cusamano of the Nassau County Health Dept.

Mr. Pynchon and Mr. Cusamano attended the regular meeting of your Civic Board on Tuesday night, April 16 and were thoroughly informed of the intolerable situation. The civic committee, and Julie Wiener and Dan Srota, as perimeter residents, recounted the many times that the Floyd Bennett incinerator had caused horribly offensive odors, deposits of soot on autos, screens and lawns, and black smoke which indicated that the trash being burned was in violation of the rules governing such procedure.

Pres. George Frankel expressed the feeling of the entire Board when he asked that Mr. Pynchon and Mr. Cusamano immediately start proceedings to permanently shut down the incinerator.

Mr. Cusamano formed the meeting that Floyd Bennett has been told to raise the smoke stack

25 feet higher than it is and to closely adhere to burning only those items permitted by law. He assured the group that the incinerator operation will be closely scrutinized and that a phone call to his department would bring an inspector down immediately. Furthermore, if such violations are then found to exist, the State Board of Air Pollution would be notified for they have the power to revoke the incinerator license at any time.

Mr. Pynchon then stated that as Town Supervisor he would inform Floyd Bennett, in no uncertain terms, that the nuisance created by the incinerator must be rectified or action would be instituted to forcibly do so.

The nominating committee after due deliberation and much thoughtfulness in its search for a slate of candidates to help carry on the vital functions of the Birchwood Civic Association at Jericho in the same dedicated manner as in the past, submitted the following names:

Running unopposed:
for President - Horace Bernstein
for 1st Vice President - Milton Bagley

An Editorial: School Budget Late Again

Perhaps the most important function that our Civic Assoc. perform is the annual detailed review of the Jericho and Synoset School Budgets. Each year our Education Committees analyze the budget and make a recommendation to the Board of Directors of our Birchwood at Jericho Civic Assoc., who in turn votes on whether to advise our residents to approve or disapprove the budget.

As a result of the experience gained these past years, our committees are qualified to break down the budget and reach a proper conclusion as to its recommendations to our community.

The School Budget is a lengthy and complex matter. The school administration and board spends many months in its preparation. It therefore follows, that we must have the budget in reasonable time in order to work a detailed analysis. For years our Civic Association has urged the school boards to make the budget available to us in time for proper study. The Board of Directors of our Civic Association at one time in desperation, voted to recommend a "no" vote on any school budget not submitted in time to permit proper exploration. Both Jericho and Synoset Schools were notified of our resolution. However only SYOSSET responded by making the budget available in time.

The Jericho School District advised members of our educational committee on April 16, that the budget was still not available. It was therefore impossible for our education committee to make any type of report to the Board of Directors of our Civic Assoc. The Civic Board, therefore was forced to set up emergency methods to attempt to properly advise the community once the budget finally was made available. As we go to press, our Jericho Education finally received the budget for review and will do its best to reach a conclusion. However, our Jericho residents at press time still have not received a copy of the budget altho the voting date is May 8.

Furthermore, we are confused as to why on April 16, our Jericho Education Committee was advised that the budget was not available, and yet the WEST BIRCHWOOD NEWS carried details of the budget in their issue of the same week. To the best of this paper's knowledge, the deadline to print such news had to be in their hands April 15 (one day prior to the day it was denied use). It would indeed be unfortunate that the possibility did exist that the budget in review form may have been available but not presented to the education committee of our Civic Association. The WEST BIRCHWOOD NEWS' lead story was very detailed as well as the reply letter by Howard Jankowitz, West Birchwood's Education Chairman. Why were they able to receive the information and not the Birchwood Park Jericho Civic Association?

THE VILLAGER once again strongly urges that the Jericho School Board makes every attempt to prepare the budget and SUBMIT it on time each year, thereby enabling our Civic Education Committees and the residents of our community an opportunity to review the budget. We fully appreciate the fact that the school districts will hold open meetings on the budget at which time questions of the residents will be answered by members of the school board. These hearings, while serving a useful purpose, is no substitute for the detailed study and questions propounded by qualified members of our education committee. No individual resident without the experience gained in detailed review of previous school budgets can possibly be expected to cut through the maze of statistics of a budget and come up with the correct answer. Fortunately for our community we have such qualified persons available providing, however, that the budget is presented on time.

Our Special Election Issue

On Saturday, May 4th at the Jericho Country Club, the Birchwood Civic Association at Jericho, Inc., will hold its annual election. As it has in the past, as a public service, the VILLAGER, presents in this issue a photo and brief resume of each candidate for office. We sincerely urge our readers and members to use the information contained herein to acquaint themselves with the qualifications of each candidate, so that when they come to the polls on Saturday, May 4th they will be able to cast ballots for the candidates that they feel are most qualified and capable of serving the best interests of the Community.

May we, the Editorial Board of the VILLAGER remind you that elections and the dance are for members of the Civic Association only. Membership can be had by sending \$5.00 to Elliot Forgoosh, 8 Middle Lane, Jericho. Residents of Birchwood at Jericho only are eligible. Horace Bernstein, Editor

The above mentioned will run for the designated offices the evening of Saturday, May 4. This is the Annual Election Night Supper Dance given by the Civic Association. It will be held at The Jericho Country Club.

All members of the Civic Association who have been buying their fuel oil from Reliance Oil Corp. are now in the process of getting their rebate for the past year. This rebate is based on the amount of oil used, and the users gets back a 1/2¢ for each gallon he buys, provided he is a member of the Civic Assoc. The Civic Assoc. dues being only \$5 per year it is obviously foolish, on this one point alone, not to belong and take advantage of this benefit. Any members who have not yet received this rebate should call Reliance at Py 8-9500, inquire as to amount due them and deduct same from their next bill.

The Jericho Education Committee recommended and the Board passed the endorsement of Hal Felsher and Ira Hyams for the two open positions on the Jericho School Board.

Great objection was then voiced against the Jericho Board of Education for its very late presentation of the budget.

DIAMOND DUST.—"The joint's jumpin'," said the weekly sport's buff, who reports the what's, what in Comeland sporting circles. First of all a word with Varsity baseball coach, Dick Hogan and a few side-lites on the Comet for-wards, up to date. "We're 3-1 in the league...and playin' a lot of baseball" he said. "And very little time for practice", agreed an over the hill, carvedropped, as he watched Jim Erwin leave the mound with a 2-1 win over Clarke. This was Erwin's 3rd win of the season. (Massapequa, Syosset & Clarke) and he had an impressive run of 32 strikeouts going for him. "He's a real comer and still only a Junior," Hogan said about his soubrew pitching ace. Score-wise, the big guns in this 3rd Comet win of the young season were 1st baseman, Stu Blust, shortstop, Bruce Damm & Vin Hanningan the catcher. Hicksville was behind 1-0 in the bottom of the 6th, with 2 men on base. Blust's sharp single, brought Damm in with the tying run and seconds later Hanningan, raked up the clincher on an error by the Clarke backstop. Other hi-lites of the season, thus far bring the hitters into sharp focus. Ray Strasser, cloaked a homer in a non-league tilt vs Carle Place. Centerfielder, Chip Jaworski, past court general with Ed Petro's Section I, basketball champs, seared Syosset with a 5 for 5 day at the plate. Here again Hicksville trailed 3-2 at the bottom of the 5th inning. Rich Heidel, the 2nd member of coach Hogan's firing line, came to with the 9-5 win, giving up 7 hits. The local's in turn fattened up the BA with 14 blows off 3 Syosset hurlers. Other fat cats in the stick dept, were Hugh Hansen & Bruce Damm with a pair of booming triples. The 3rd member of Coach Hogan's mound staff, rounds out the action with a 1-2 mark. Big Bob Smith, or "Smitty" as they call him, came up with a side arm who was aware of his pitching talents, figure him for another good season. One of his setbacks came as a result of a 4-2 decision to Syosset. Smith gave up a skimp 3 hitter and rapped out a pair of singles in his own house. Look for this youngster to win some of the big ones in the drive down the stretch.

MEADOW MADNESS. Lacrosse coach Bill Meyer and his Varsity meadowmen came up with a real spine tingler vs Floral Park on Monday of last week. They were down 7-2 early in the 3rd quarter and then suddenly went on the warpath, by closing out the 3rd frame with 3 shots up the middle. They scored one more in the final period and came close to knotting the action, when the Floral Park goalie stepped out for a drag on the peace pipe. "The goalie was down and we missed an open shot at the net," said Coach Meyer with an pleased grin. His Comets had dropped a 7-6 decision but there was no loss of sleep on his part. He's well satisfied with his team's 2-2 record thus far. Scorers in this game were Alan Aker with 3, Rich Medina I, Allyn Lewis I, Quo Medina I. Bill Meyer and his boys took on Mineola last week but we'll cover that one in the next issue. He looks for a real dog fight to develop this Friday at home vs Division Ave (Levittown) "They're also a new club and they're big, tough & aggressive," he said...it should be a while of a game and I hope a big crowd is on hand to see our gang in action." Nuff said. Bill Meyer...."We'll be out in force to watch this war party in action. P.S. Warrior Ed Kramer, one of the Comets crack defensemen

INTRODUCING. Last week we had the pleasure of a chance introduction to Edward Wesolko, one of Comeland's proud parents. Eddie is the father of Larry Wesolko, who on a number of occasions has hit print in his column. The proud Pop was amazed to hear that we were keeping tabs on the athletic prowess of his son. "Well I'll be darned", he said as our words of praise sunk home. He had no way of knowing that his boy was an all round Comet athlete and the mere fact that he had never seen his boy in action, sort of left him feeling a bit proud, yet guilty. We know by the tone of his voice, that there would be a reserved grandstand seat, from now on. So let's go over this youngsters case history once more. You'll remember him as one of Comeland's finest. Larry is a shade under 200 lbs; standing close to 6'. He's a big boned, likeable youngster who lives for the world of sports. All sports, including track, gymnastics football, basketball & lacrosse; his latest endeavor. On the lacrosse offensive line he's a pulverizing force that softens up the opposition. On the football field, he's a blockbusting fullback, that when given an inch will gobble up yards. His own teammates, if possible try to stay out of his path in the practice sessions. "It's like getting hit with a brick wall," they say. Other words of praise come from Varsity football coach, Jim Grantham. "He's a real pile-driver" Grantham had said a few weeks back....He'll be a big part of our team next year. Larry added fuel to this fact by making the jump to the Varsity straight from Jr. High in his first year. The wasn't first string last year but he saw enough action to give rival coach's a few bad dreams. Look for this youngster's name in the seasons ahead. And if you think he's a little show or clumsy; packing that frame & weight.... How's this for more fuel. He still holds the 9th grade pole vault & shotput record at the Jr. High and back a few years at one of the Jr. High Indoor Sportorama's, we almost swallowed our store teeth watching him perform on the trampoline. He did every trick in the book and left a record audience spellbound. Once again, this is your life, Larry Wesolko and don't forget, you'll have a new fan in the grandstands, this coming season.

OUR CONDOLENCES. To our good friend, Jim Florio, District Groundsman at the Sr. High. Jim's mother passed away last week and his many friends in the Bldgs. & Grounds Dept. of the School District, offer their deepest sympathies.

AND LET'S WE FORGET DEPT. Last week we cast good words on the waters for those that were in the process of renovating an old Hicksville landmark...The Jr. High Tower Clock". This week we throw a plug in the direction of Supt. of Bldgs & Grounds, Bill Becker the school Administrators and Board members. They got this high wire act off the ground by organizing and voting the necessary funds for this operation, that was long overdue. Credit where credits due, sez us, who had our head under the bell at the stroke of 11 and are still suffering from an acute case of bellitis.

2 Top Seniors National Winners

Two of the top seniors at Hicksville High School have earned Merit Scholarships in national competition. The proud winners were John Eugene Mann and Arne W. Yanof.

The scholarships are awarded on the results of a National Merit Scholarship Qualifying Test taken in the junior year when 596,241 students in 16,024 schools over the country competed for the honor. The examination is a three-hour test of educational development, specially designed for the Merit Programs by Science Research Associates of Chicago. The test covers five areas: English usage, social studies reading, natural science reading, mathematics usage and word usage. The top scorers in each state are named Semifinalists in September of the senior year.

Each Semifinalist, there are about 11,000 each year, is asked to take another examination - the three-hour Scholastic Aptitude Test of the College Entrance Examination Board - and to file a record of extracurricular activities, special achievements and interests academic or other honors. Financial need is determined after the winners have been selected. In 1962, the average stipend paid to freshman Merit Scholar was \$845 or \$9,380 for four years.

John Eugene Mann is the son of Mr. and Mrs. Eugene Mann, 17 West St., Hicksville. He is majoring in mathematics, science and Latin and has made honor marks in all three areas. John has been accepted as a New York University Scholar and will attend the School of Education in September where he plans to study to become an English teacher. His honors include membership in the National Honor Society and a runner-up in the competition of the National Council of Teachers of English.

Legionnaire's Log

Charles Wagner Post
No. 421, Hicksville

BY ARTIE RUTZ

Hicksville must be setting some kind of record as far as winning the baskets of cheer that are part of every Nassau County Sons of The American's annual Spring Dance. . . Last Saturday night at the scene of the 4th annual affair, at the Elmont Post, Dick O'Neill, our Squadron Chairman, was the winner. . . Previous winners were Joe Statsury and the late Elias Jabour. . . That's three wins out of four tries. . . Though the attendance was not up to par, Hicksville's group enjoyed the evening and an old friend of many Hicksville Legionnaires, Ollie Warren of Unklesdale, stopped by for a chat or two and asked to be remembered to his many Hicksville

friends. . . It's time now to start thinking of the HHH. . . Commander O'Neill and his missus attended the annual Dinner and Reception to our National Commander at the Commodore this past Monday evening and I'm sure they found it well worthwhile going all the way to Manhattan for. . . Commander O'Neill has been one of our hardest workers all during our expansion and construction period and I must say the Post saved a buck or two by his unstinting labors. . . And speaking of the Expansion, I came away from the latest Building Committee meeting with kind of a glowing feeling after listening to the up-to-the-minute reports of the progress. . . They're simply great. . . Almost as wonderful as our new lounge and bar which Eric Swedberg built and installed for us last Saturday. . . A large thanks to Henry Brengel (we used his moving van) and Commander O'Neill for helping Eric transport the new fixtures from his shop to our Post. . . You must see it to appreciate the elegance of the room and the fine workmanship involved
