Chamber Plans for Widening

VOL. 16 NO. 28 JUNE 27, 1963

HICKSVILLE, L.I., NEW YORK 10¢

Entered as Second Class Matter at Hicksville, N.Y. Post Office

Ask Architect to Draw Over-All Development After Condemnation

The possible widening of Broadway, Hicksville, by slicing 40 feet off the west side of private property will be the subject of detailed study by a five-man committee of the Chamber of Commerce, although the Chamber has been no more successful than anyone else in determining if and when the State Dept. of Public Works might undertake such a project. The matter has been the subject of local speculation for more than five years.

Early Copy Please

Due to Independence Day next week, please remember that our deadline for news and advertising copy will be cutback 24 hours to an absolute deadline of July 2.

The Chamber committee will analyze the building situation and come up with a possible solution. President Lawrence McCaffery told the HERALD this week that the Chamber is not officially committed to the theory that the widening, which involves condemnation of millions of dollars worth of property, is inevitable. The Chamber is still seeking a defensible answer to this question. However, the Chamber has asked architect Larry Scalera to draw up a type of over-all plan should the condemnation take place.

At a Directors' meeting on June 7, three alternatives were suggested: (1) do nothing, let everyone fend for himself; (2) draw up an approved plan so that all property owners can rebuild with a common objective; or (3) from an over-all association of all property owners and develop the entire project as one.

The consensus at the meeting was that unless the Chamber or some other organization takes the lead, no one will do anything about it. It was decided to "sponsor a program" and the committee named: Schuler, Henry G. Eisenman, Larry Scalera, Irwin Goldman, Al Schachner and Peter Fallon.

The HERALD learned that there is a body of thought that believes any planning must consider the redevelopment of the entire area from Broadway west to Jerusalem Ave., particularly in the section between Herzog Pl and Nicholas St.

The development of an urban renewal plan as a part of this project is being considered.

The action of the Chamber of Commerce directors took place at almost the same time as the HERALD editorially decrying the absence of positive state information, was going into circulation.

Alternate Sprinkling

Hicksville Water District Superintendent Harold Henshaw said this week asked residents to observe the following rules on alternate sprinkling during the current heat wave: North of Old Country Rd. on even-numbered days and south of Old Country Rd. on odd-numbered days.

Due to the excellent cooperation of John Newrat, two water district trucks were equipped with sound equipment and began rolling Tuesday to ask the public's cooperation. It was noted that the District is in no trouble on water supply but wishes to maintain its reserves in event of a fire or other emergency.

Library Closed On Saturday

The Hicksville Public Library is closed on Saturdays during July and August. This is a continuation of a notice in the Herald last week which gave summer library hours at 9 to 5 on Saturday as well as for other days.

OFF TO PUERTO RICO

Twenty-three Hicksville students and two teachers will leave by plane on Monday, July 1, for a month of study in Puerto Rico under a program approved by the Board of Education. About \$3000 was contributed by local organizations and businesses to the venture. The balance of the cost is being borne by the parents of the participating students.

New Grand Regent

Court Queen of Angels #669, Catholic Daughters of America, Hicksville, installed Mrs. Charles Froelich as Grand Regent at their June meeting.

Zettler Presents Diplomas to 600 Grads

Jerome G. Zettler, president of Hicksville Board of Education made probably one of the shortest, appropriate comments of the decade when presenting diplomas to the record breaking 600 graduates of Hicksville High School on Sunday. President Zettler will retire from the Board on the last day of this month after six years as a trustee.

These were his remarks, following the usual salutation:

"The world will little note nor long remember what is said here," These were the words of Abraham Lincoln in his Gettysburg address. Now of course they did not apply to Mr. Lincoln, but I am quite sure they would apply to me if I spent any time today giving advice to the class of 1963. In fact, I am quite sure the class of 1963 could give some advice to the Board of Education.

"But before we begin to present the diplomas, I would like you to understand that when I shake your hand and say congratulations, this word, although it is coming from me, is in reality coming from the entire community of Hicksville. We wish you well. Good luck and God speed."

His daughter, Diane, was among the members of the class.

Two Sailors Win New Ratings

Stanley R. Spichalsky, aviation anti-submarine warfare technician third class, USN, son of Mr. and Mrs. Stanley Spichalsky of 80 Sherman Ave., and Owen W. Magge, aviation electrician's mate third class, USN, son of Mr. and Mrs. Owen F. Magge of 16 Marvin Ave., both of Hicksville, were advanced to their present rate May 16 while serving at the Naval Air Station, Jacksonville, Fla., where they are members of Patrol Squadron 16.

PTA Council Gives Full Scholarship

The Hicksville Council of P.T.A. Units made its 5th scholarship award on June 1st, \$500 per year for 4 years totaling \$2000. This was made possible through the combined efforts of all ten P.T.A. units. It was awarded to Peter DeRosa of 18 Kingston Ave., Hicksville. He will enter the State University at Stony Brook in the fall.

The selection was made by the High School Principal, Guidance and Department Heads.

FIRE AT PLAZA

A fire at the Kosher delicatessen at Mid Island Plaza on Monday caused minor damage.

NEWLY ELECTED OFFICERS of Joseph Barry Council, Knights of Columbus, are (seated, from left) Michael Smille, chancellor; James Wiles, treasurer; Walter Schreiber, grand knight; Thomas Costa, deputy grand knight; William Shepprow, financial secretary. Standing, from left, Fred Evans, inside guard; William Perry, advocate; Robert DeLorenzo, outside guard; Robert Clemens, warden; George Cohan, recording secretary. Not pictured are George Maguire, outside guard, and Joseph Cacamis, treasurer. (Photo by George Cohan. How did he do that?)

DISTINGUISHED PARTICIPANTS in the dedication of the Robert O. Ulmer Memorial Post clubhouse, Annex of 66 West Barclay St., Hicksville, on Saturday were (from left) Malcolm Gortman, past state commander of Annets; John E. Regan, first vice commander of the Ulmer Post and dedication chairman; Walter Wickens, senior vice commander of the State Annets; Town Supervisor Thomas R. Pynchon and Town Councilman A. Carl Grunwald. Commanders of other Hicksville veteran organizations were among the participants in the colorful ceremonies which included a parade of Annet members, colorguard and rifle squad. Bishop Announces Some Changes

The transfer of two assistant pastors to the Church of the Holy Family in Hicksville was announced among other appointments this week by the Most Rev. Walter P. Kellenberg DD Bishop of Rockville Centre.

They are Rev. John T. Murphy and Rev. Harold H. Paul. Among 11 deaneries in the Diocese is Our Lady of Good Counsel Deanery with the Rt. Rev. Mgr. George M. Bittermann, VF, of Hicksville as dean.

Music Highlights Final Session

An excellent musical program highlighted the final meeting of the school year of the St. Ignatius Mothers' Auxiliary.

Prior to the musical entertainment, Rev. Leo J. Goggin, the society's moderator, Sister M. Venard, the school principal, and Mrs. Vincent Spina, the retiring president, extended their individual thanks for the mutual cooperation of the officers and members during the past year. Father Goggin particularly thanked Mrs. Spina for her personal contributions to the organization and presented her with the Past President's Pin.

The musical program opened with a number of old favorites sung by the Mid-Island Chapter of the Society for the Preservation and Encouragement of Barbershop Quartet Singing in America, under the direction of Tom McElraey. Attired in their red plaid suits, white gloves and straw hats, the group demonstrated the beautiful harmony which recently won for them the N.Y. Sectional Championship of the Barbershop Harmony in Chorus Competition. Mr. McElraey, the director, announced the numbers, added humorous comments and explained Barbershop Quartet singing to the audience.

Following this excellent group, Mrs. "Terry" Melners, an auxiliary member, maintained this high quality of performance in her renditions of "Getting to Know You" and "My Romance". The final and comical section of the program consisted of a chorus of mothers, under the direction of Mrs. George Dower. Wearing red chair robes and presenting a serious appearance, the "chorus" sang two hilarious parodies, written by Mrs. Dower.

After a prayer by Rt. Rev. Mgr. George M. Bittermann, the meeting was closed by the new president, Mrs. George Ryan, and the group adjourned to the beautifully decorated cafeteria for an hour of socializing and refreshments.

Mrs. Mary Benamio was chairman of the social hour and Mrs. Joan Robinson arranged the program.

Dear Lynda:

Aboard the USS Kearsarge, a Pacific fleet carrier, currently deployed with the Seventh Fleet enroute to the Far East, DAVID A. JOOSTEN, son of Mr. and Mrs. Henry Joosten of 94 Bruce Ave., Hicksville, was advanced to his present rank of aviation electrician's mate third class on May 16. This item has special interest because we had a chat with SKIPPER DOW, our Spanish American War Veteran, over the weekend and he was recalling that he served aboard the flagship of the white battleship fleet in 1902. That ship was also named the Kearsarge. It was one of the first equipped with wireless and whenever a message was sent or received, a spark of electricity would flash from a tall metal mast. He said the crew all learned the Morse code and knew what messages were coming and going sometimes days before the Captain told them. The Kearsarge he remembers was a coal burner. July 1 is retirement day for at least two well-known Hicksville residents: CHARLES COLTHURST, vice president of the Meadow Brook Bank, Hicksville office who will be retained as a consultant; and GEORGE ENGEL from his position with Hicksville Water District. George is a former fire chief, former fire commissioner. A clergyman was honored by some close friends recently and among the gifts was a "blue spot" and a small birch tree.

It used to be that the only time local people went to Europe was when somebody started a bloody war. Now it has become a matter of fact as a week in the Canakkles. Among those going abroad this summer are the PIERRE CHARBONNETTS and JOE HEIM. Send us a postal, vacationers. Safety belts were a factor in preventing injury to several small children when a small school bus was crowded off Newbridge Rd on Monday and smashed into a tree and fire hydrant. July 1 is an important date in the life of the popular WILLIAM E. KOUTENSKY, president of the Long Island National Bank. This year it marks his 44th year with the Bank. The guessing is that GEORGE JACKSON has the inside track for president of the School Board. CRANSTON CLAYTON has 20 years as Pastor of Hicksville Methodist Church and NICHOLAS NAPPI, five years. Appointments were announced June 16 by Bishop Lloyd C. Wickes at Wesleyan University, Middletown, Conn. June 16, J. C. WATSON of Plainville has seven years as pastor. Plainville-Old Bethpage Board has adopted a policy setting Aug 1 as the deadline for honoring requests from District residents for transportation to non-public schools.

JULIA M. GIBSON, daughter of Mr. and Mrs. Marvin Gibson of 47 Fourth St., Hicksville, becomes the bride this Saturday afternoon, June 29, at Big Moose Lake, N.Y. She will wed KENNETH G. BIEHN. The bride's brother, Rev. EDWARD GIBSON, will perform the ceremony.

Town Clerk BUDDY O'KEEFE was the guest of Councilman GRUENWALD at Hicksville Kiwanis last Wednesday when Supervisor TOM PYNCHON was guest speaker. Buddy was speaker at the Hicksville Republican Club meeting on June 14 at the Masonic Temple. 20th anniversary of the Grumman Scholarship Program was observed yesterday (Wed) at a luncheon meeting at the Terranova Restaurant, Jerusalem Ave., Hicksville. Town Senator, Superintendent LOU KAPSTATTER was given a bachelor party at the Old Country Manor recently. The LI CORE (Congress of Racial Equality) has moved its base of operations from Levittown Hall, Hicksville, to 517 So. Franklin St., Hempstead. Post card from Bermuda advises that Mr. and Mrs. HERBERT JOHNSON of Myers Ave., Hicksville, are vacationing there and will return this weekend. School Board member Johnson will miss the session on Thursday, June 27, but will be present for the reorganization on July 2 to start his third three-year term. Herb writes: "weather perfect, food gift for a gourmet, people wonderful. Fishing trip Wednesday. Returning June 29."

FOREST A. BERARDALDE, 18, son of Mr. and Mrs. Alexander Berardale of 11 Murray Rd., Hicksville, is presently undergoing infantry training at Fort Ord, Calif., during a eight week program. Three Hicksville High seniors, ALLAN KANTOR, FREDERICK KORMAN and GEORGE DRUMMOND, are among 1,000 winners of Lincoln Center Student Awards and will be entitled to attend six regular concerts by the NY Philharmonic next season. They were nominated by their principal on the basis of academic excellence, leadership potential and interest in but not necessarily a knowledge of music. FREDERICK W. EICHORN, son of Mr. and Mrs. Clifford C. Eichorn of 310 Nicholas St., Hicksville, has reported aboard the Polaris missile submarine USS Alexander Hamilton. He is a missile technician second class. The Hamilton is the 13th operational sub capable of launching missiles with nuclear warheads. It patrols the Atlantic from Holy Loch, Scotland. Former Town Supervisor JOHN J. BURNS has been re-elected president of the Nassau County Council, Boy Scouts. Both Scout camps at Wading River and Livingston Manor are filled to capacity with paid reservations for the current season.

Fehrenbach Named To Sub Committee

Assemblyman Edwin J. Fehrenbach of Bethpage, has been appointed to the newly formed subcommittee to Ways and Means, in the State Legislature.

The duties of this study unit will be to hunt for economies in the State Department of Education.

Joining Fehrenbach on this special committee will be Senator Earl Bridges of Niagara Falls.

Court Finds GE Infringed Patent

Federal Judge Ted Daines of the U.S. District Court, Roseland, N.J., has ruled that the General Electric Co. infringed upon Servo Corporation of America's basic orientation patent for an infra-red system for detection of hot journal boxes on railroad trains, it was announced Monday at the Servo Corp. plant in Hicksville.

The court indicated a judgement would be entered June 25, which would award Servo an injunction against further infringement of the basic patent by GE and which would provide that Servo was entitled to recover actual damages from GE for the infringement, as well as costs of the action.

In his opinion, which cited nearly four years of litigation between Servo and GE, Judge Daines confirmed earlier findings by a court-appointed Special Master that Servo's patent, No. 2,880,309, was valid, and infringed by devices sold or offered for sale by GE.

Henry Blackstone, president of Servo Corp., said he was "extremely gratified" by the court's ruling. "We expended tremendous amounts of time, effort, and money to develop the Servosafe detective and are very pleased to say the least, that all of our efforts were not wasted."

Price Tag on Better RR Service Appears Low

The Nassau County Planning Commission in conjunction with the County Dept of Franchises this week unveiled a summary of its program "for better rail service for Nassau County." This is the latest phase of a project which has been under discussion for some months and includes the famous loop-rail system.

Apparently some careful thought has gone into this "summary" which, it is said, will cost only \$103,000,000. (Some other estimates have pegged the cost at two billion or more).

We are not engineering experts, but considering the fact that the Hicksville elimination plan, embracing just three miles, was \$13 million is seems unlikely that what was proposed this week could be done for \$103 million (or less than 10 times as much, covering many, many miles and structures).

We must grudgingly admit that it has been written in such a way that anyone who objects is apparently guilty of trying to prevent the Long Island Rail Road from providing better service. However, we notice from the cre-

dits in the "summary" that there is no indication that the LIRR, which has been providing transportation to Hicksville for 125 years or more was even consulted about the plan.

The capital improvements are listed in what might be regarded as the order of importance, although the items are not necessarily numbered. Thus the plan to electrify service from Mineola to Bethpage (which of course includes Hicksville) is a point we editorially urged only a few weeks ago. Grade crossing elimination is listed next for "Hicksville-Bethpage" which we assume to mean the area from Hicksville to Bethpage because we are certain the Planning Commission knows that crossing elimination is a year underway in Hicksville.

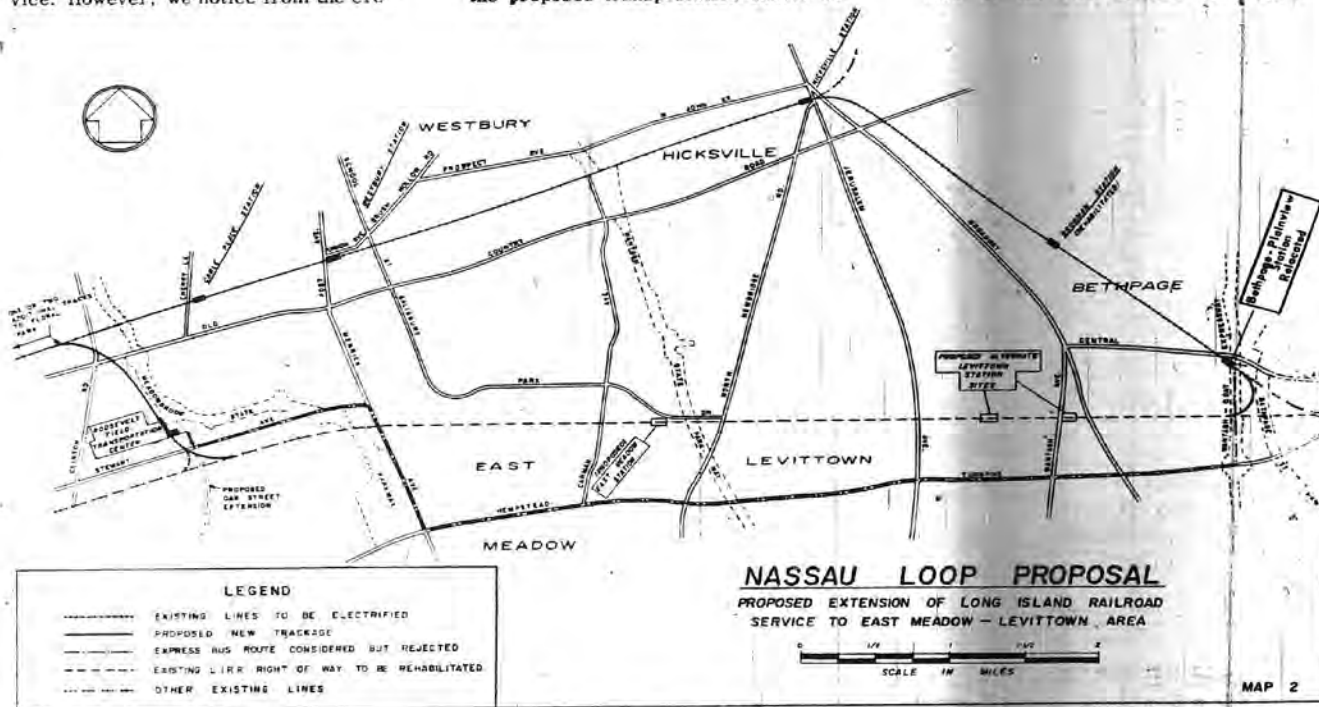

We also note that the cover sketch on the "summary" shows an elevated LIRR train with a carefully marked "escalator" which is another item we have been plugging for in connection with the new Hicksville station.

We are not especially convinced that the proposed transportation center be-

longs at Roosevelt Field. Historically, Hicksville has been the transportation hub for this part of Long Island. As a matter of fact, some years ago, we printed in detail the study of Hicksville of the future as envisioned by a group of Cooper Union students which provided for a rail road complex and terminal herewith which would make Jamaica Station look like a whistle stop. We kind of get the feeling that the center planned for Roosevelt Field as a bargaining device to get right to way access thru this high value real estate.

There is one inescapable factor in this plan of a rapid transit loop system. It will increase the demand for living space by New York City workers in the mid-island region and, as Town Supervisor Thomas Pynchon has warned, this can only result in high-rise apartment houses converting this region of single-family dwellings into a second Queens or Forest Hills.

Lets get on with the electrification, which has been advocated for 30 or more years and then take a harder look at the rest of this "package".

WELCOME AID

To the Editor:

Recently the Catholic War Veterans sponsored a rally in Levittown Hall, to promote a Constitutional Amendment to permit a permissive, non sectarian prayer in public schools. Catholic, Jewish, and Protestant leaders, following different vocations, spoke as one when they stated, "The Minority should remember that the Majority also has rights. Also the public must develop a sense of cause, lest they awaken one day to find all their rights lost".

The latest Supreme Court decision leaves no further opening

for prayers in public schools. The only clear cut solution is to re-write an Amendment so that it cannot possibly be misread by anyone including the Supreme Court.

Here in Hicksville, dedicated women have been quietly launching a petition campaign, collecting signatures, and urging people to write letters to their lawmakers and to the President.

But we are going one step further. We urge YOU to write to a friend or relative in another community or state. Ask them to continue the movement. Perhaps in time we can actually hear a chain of human voices, linked together, "From sea to shining sea," asking that the spiritual heritage of our

nation not be denied our children.

We welcome the assistance of any individual or group, who would help reverse the Atheistic movement in America.

Board Disbands Insurance Study

By SELMA CONSTANT

At the June 20th meeting of Jericho Board of Education the citizens' Insurance Committee was disbanded because, in violation of Board policies, the committee's representatives insisted on a profit for members of the committee before they would agree to divulge the information they had allegedly gathered. This committee was formed many months ago when the Board of Education asked civic organizations to name insurance agents to the committee with the sole purpose of reviewing the current insurance program of the school district, in order to make suggestions as to replacements, additions or deletions of insurance policies that would save money for the taxpayers.

Standard policy in this school district, as in others, requires that no individuals serving on advisory committees shall profit directly from their activities and the members of this committee, like all other committees, operated under this restriction.

Although the original committee consisted of 20 members, only the six members presented the committee's position.

These men claimed that they had made a study of the insurance program and could make suggestions which would save premiums. However, as a condition for divulging this information, they demanded a commitment from the Board of Education that the committee or member of the committee receive the insurance business and the resulting commissions.

Members of the Board explained to the insurance committee representatives that citizens committees could not be organized for the private profit of individuals in the community, and that the Board could not make a contract that certain individuals would receive commissions in order for the Board to obtain information from its own committees.

The Board of Education asked the gentlemen from the insurance committee if they would let the Jericho taxpayers have the benefit of their findings since the Board did not have the right to enter into such an agreement. The men refused unless they were first assured of getting the commission.

A motion was made, seconded and unanimously adopted that the committee be immediately disbanded.

Letter to Editor

We as a group feel that there was a misunderstanding at the regular School Board meeting of June 20, 1963.

We are now in preparation of a letter to the School Board which should be the basis for re-establishing contact, to furnish the information that has been resolved in our review.

It is our sincere hope that the School Board will meet with us so that the savings of \$4,000.00, can be for the benefit of the School District, based on our recommendations and proposals.

THE INSURANCE GROUP

Jericho Men's Softball League

By BERNIE MONKARSH

In the summer of 1960, it became obvious to some of the local men, that the need existed for some recreational activity other than pulling crab grass and mowing lawns. We somehow managed to form a "schoolyard" group of men who came down for a choose-up game every Sunday morning. By the end of the summer of '60, it became apparent that the need for a league existed. There were too many men involved and consequently, every one would race down to Merry Lane Field so as to be sure to be chosen in the game. Those who were down early enough had a wonderful morning of softball but, by and large, too many men were disappointed.

Your reporter has also learned that a similar situation existed at the Robert Seaman School Field involving groups of men from White Birch and East Birchwood. I decided then and there that I would like to make some sort of effort in trying to organize this enthusiastic group of men into some form of a league. This would enable everyone to participate on a weekly basis at a scheduled time and place. I hit upon an idea which I thought would accomplish this goal with speed and ease. At the same time I realized that the feelings of certain people would be hurt, rivalries and animosity were sure to be formed. In spite of these facts I went out and formed my own team and as it turned out, my speculations were correct. Other people, he it due to spite or feelings of irateness, began to form teams of their own. As it turned out these had feelings, or "side effects" of my plan as I choose to call them, turned out to be a great motivating force in the formation of the league.

The team which I then formed is now known as the Floyd Bennett Stores Robins and B'nai B'rith. I then contacted White Birch and East Birchwood at Seaman School and was told that they also had teams and were very much interested in the formation of such a league. We gained momentum through word of mouth and an announcement in the West Birchwood News and by the time the league held its first meeting in your reporter's home, we had representation from: Three teams from West Birchwood, East Birchwood, Princeton Park, Knights of Pythias, and B'nai B'rith. This, an eight team league, known as the Jericho Men's Softball League, was formed and began its schedule in April, 1961. The league was expanded to nine teams in 1962 by the inclusion of a team from Westbury. In this same year, the East Birchwood team was disbanded and the spot was taken by a second B'nai B'rith team. We are currently preparing a schedule for ten teams which will include a team from Gramercy Gardens.

In 1961, the new Floyd Bennett Stores Robins and B'nai B'rith each won pennants in their respective leagues. B'nai B'rith went on to take the championship by defeating a strong Knights of Pythias team who had beaten the Robins in a playoff game. In 1962, with an expanded schedule in effect, the Robins and B'nai B'rith locked horns in the championship game and this time the Robins walked off with the honors. In this same year our first All Star Team was selected and met what proved to be a superior team representing the Mid-Island Softball League. It is generally agreed that our efforts in this venture have been very fruitful. Each year the men greet the oncoming season with more enthusiasm and perhaps less timing and coordination but I like the idea of being a kid again, even if it's only on Sunday Mornings. Why don't you come out and join us once a week? We'll be looking for you.

Develop Teen Talent

Did you ever want to sing folk songs and strum a guitar? Have you ever wanted to design a dress for yourself? By any chance, are you part of a "combo," which is struggling for precision and guidance?

This summer teen-agers can develop their talents through courses being offered at Art Forms Unlimited, 111 Levittown Parkway, Hicksville.

Furman Rogers, with 15 years of singing and strumming behind him, will reveal, in a few short weeks, the secrets in the art and technique of folk singing to every teen-ager who so requests.

The professional band leader, Fred Jagels, will help groom a small "combo" for the profession including help with selection of suitable music and orchestration. He will also help advanced students in popular piano build up music repertoires and groom them for possible careers.

Shirley Schumacher, art teacher in the New York City school system for 13 years, will stylize young ladies' dress-designing dreams in a course called "Costume Design."

Josephine Dodson, professional dancer and a graduate of Juillard School of Music and Dance, is ready to glide teen-agers into an imaginative and creative modern dance series.

George Anne Feldt, drama teacher, Children's Center for Creative Arts, Adelphi College, will teach the art of acting with the hopes that a teen-age repertory company might be formed.

Registration is daily, 1:00 to 6:00 p.m. For more information, contact Emily Blensfield, GE 3-6230.

120 Graduates From High School

One hundred twenty students were graduated in the third annual commencement of the Jericho High School on June 23, at 2PM in the high school auditorium.

Ninety-seven of the graduating class will go on to higher education. The top five scholars and winners of Jericho Scholarship Fund awards are Holly Belle Goldworm, Daniel Jay Markowitz, Gregory Matuk, Stuart Floyd Seides and Phyllis Carol Tropper.

College scholarship winners are Laura Jean Gerard, Russell Sage College; Miss Goldworm, Hofstra College; Geraldine Shapiro, Adelphi College; and Miss Tropper, Brandeis University and Cornell University. Holders of New York State Regents Scholarships are Sydney Maris Babush, William R. Hamann, Robert S. Kruger, Mr. Markowitz, Harold M. Scheintaub, Mr. Seides, Miss Shapiro, Belinda Stein, Miss Tropper, Warren Charles Webster, Jr. and Wayne Gary Webster. Miss Shapiro was awarded a Regents Scholarship for Nurses and Mr. Seides won the Hicksville Rotary Scholarship.

John D. Heller, principal, presented the awards. Dr. Leon H. Westfall, Acting Superintendent of Jericho Schools, spoke on the "Challenge to the Class of 1963."

Mr. Samuel Hecht, President of the Board of Education, presented the diplomas. Rabbi Stanley Steinhart of the Jericho Jewish Center gave the invocation.

Largest Class Is Graduated

The Jericho Jewish Center graduated the largest class in its history at Exercises held at the Temple. In his message to the 52 graduates Rabbi Stanley Steinhart pointed out the excellent progress made by the Hebrew School over the past 3 years reflected by the high scholastic standing of the graduates. Isidore Pfeffer, Principal of the School and Irving Jarov, President of the Congregation also addressed the students and their parents complimenting them on their achievements and the large percentage moving on to additional studies.

Singled out for special awards during the ceremonies were: Sharon Koff, Youth Leadership; Joan Kaplan, Sabbath Interest; Stuart Mangel, Ramah Scholarship; Pamela Tropper, Special Merit.

The Valedictory addresses were delivered by Arnold Berman in Hebrew and David Kass in English.

Library Schedule

The libraries of the Cantigue, Jackson and Seaman Elementary Schools will be open during the summer from July 8 through August 16. Hours for the Cantigue School are Monday and Wednesday, from 10:30 AM to noon. The other two schools will be open Tuesday and Friday, from 10:30 AM to noon.

By unanimous vote the Jericho Board of Education has determined to resubmit to the voters on Aug. 13, the high school swimming pool and bus maintenance shop proposals which were rejected at the last election.

It was felt that the defeat of the bus maintenance shop resulted from insufficient information being given to Jericho residents. If the maintenance shop, which will provide space only for servicing and repair of vehicles, and not for storage, is not built, it will be necessary for the school district to rent indoor space where servicing can be performed in inclement weather. The expense to the district if it has to rent space will be far greater than the cost of constructing the shop. Passage of the proposition will therefore result in saving of money to the community.

It is also felt that now that the high school addition is definite, a substantial amount of Jericho citizens would favor a pool in place of the required gymnasium, especially since the additional cost would be comparatively very small. A pool would be a facility available for the community as a whole and the opportunity to construct such a facility will be lost once the architect's plans for the high school expansion have become finalized. The vote was therefore set for August 13 which would give time for the architect's plans to be adjusted if the pool were approved. Further information will be furnished to residents by the Board.

It was reported that the plans for the High School expansion have been approved by the State Department of Education. The plans so exactly fit the needs of the community, without any overbuilding or over planning, that the Department of Education will grant 100% of the permissible state aid for such a project.

The board also approved twenty-four teacher appointments and agreed to have an educational survey conducted by the State Education Department in cooperation with several other Long Island School Districts. The survey will cover kindergarten through twelfth grade and the resulting report will give the district's history, a statement on the system's strong and weak spots and recommendations for improvement.

This was the last meeting of the present board. Board members presented Samuel Hecht, the outgoing president, and Mr. Spielman, with plaques. Mr. Hecht served for six years, four of which he was chairman. Mr. Spielman was leaving after three years on the board. The organizational meeting of the new board will be held on Tuesday, July 2.

On Dean's List

Dr. Robert Gwydir, of Nassau Community College, Garden City, has announced the names of students whose superior scholastic activities has earned them a place on the Dean's List for the Fall '62-'63 semester.

Among the 70 scholars in the 1100 student body in College's day session who won the honor are: Lynn Segal and Carol Jean Smith of Hicksville; Virginia E. Amantia and Martha Horowitz of Plainville and Ruth Anne G. Cherouny and Judith Kassan of Jericho.

Legionnaire's Log

Charles Wagner Post No. 421, Hicksville

BY ARTIE RUTZ

On page 11 of the July issue of The American Legion magazine is a picture story that couldn't be told in 100,000 words....Thank God for our American womenfolk who have joined The American Legion Auxiliary to help us carry out the four main objectives of The American Legion....Namely, Rehabilitation of our sick and disabled comrades; Care for the children of America; A better and more loyal Americanism, and Service to the community, state and nation....These four main objectives are ever our goal even while we suffer growing and expansion pains so that we may better serve Hicksville....Problem after problem has been met and dealt with and the results are gratifying to those of us close to them, and the awakened, long dormant get-up-and-go get-spirit of our membership promises a bright, fruitful tomorrow for the Charles Wagner Post.... In short, our membership is reacting to having Hicksville's largest and most beautiful clubhouse, with renewed energy and is expanding our activities in all directions almost at the same time.... This takes manpower and manpower is every member's responsibility....Now is the time to ask your neighbor to join up with us and participate in our program.... Post Activities Chairman Joe Slatery has put his shoulder to the wheel and things are starting to

move....First, the Dance Recital which we are sponsoring put on by the Joyce Louise School of Dance this Saturday night at the High School; next, the Post Birthday Party in celebration of the 40th anniversary of receiving our permanent charter; this is followed by the Mid Summer Dance in our new air conditioned hall on July 27th, and then the annual Post picnic at Salisbury Park on August 26th....Some place in between, a beach party, may be fitted into our social schedule.... We will have simple representation at the state convention in Rochester come August 1, 2 & 3rd and I think perhaps we will have a member or two in Miami Beach during the National convention this September....July 1st will be an important meeting for all members who wish to have their say about our proposed dues increase, so be there....Don't forget we are sponsoring a Bingo Game at the Hicksville Bingo Hall on the night of July 4th....It is the custom of this columnist to shut up shop each year at vacation time and enjoy a bit of a rest until the kids go back to school having learned from them a long time ago that after a summer of doing nothing they are itching to get back to classes, and I am rarin' to tackle the keys again with renewed vigor and thought....So long until September, and may your summer be a grand one.

Madden Gets 'Loving' Cup

Neighborhood III Assoc. Meeting of the Mid-Island Council Girl Scouts, Inc. of Hicksville, held their final meeting of the season June 13th, at 8:30 P.M. at the Hicksville Jr. High School Cafeteria.

Neighborhood Chairman, Mrs. Ruthie Aronoff presided at the meeting and presented information of importance as to the coming events of Scouting, to the Leaders and Committee Members present.

Mrs. Marjorie Giamelli gave a report on established camping at Camp Edey, Bayport. There is still space available for intermediates and Seniors.

Joseph Madden, Hicksville Recreational Director, attended the meeting and was presented with a small loving cup from Mrs. Aronoff with the inscription "To the World's Greatest". Madden arranged for the Hicksville Girl Scouts to hold their first Scout School Field Day at the High School Field on the evening of June 24.

A nominating committee was formed to prepare a slate for electing the next Neighborhood Chairman. The committee members are: Mrs. Helen Henderson,

Mrs. Justine Keller, Mrs. Ann McAlleer, Mrs. Winnie Schroeder and Mrs. Doris Demers.

Hicksville Kiwanis generously donated \$100 to Camp Edey due to the recent fire.

Training and Work Shops will be scheduled for the fall to acquaint new Leaders with the new 4 levels in Scouting.

Leaders are needed to be assistant Unit Leaders at Camp Wm. Cha. Wm. Melville, this summer. Hicksville has sessions 5 and 6, Aug. 5th to 9th and Aug. 12th to 16th. Transportation to and from camp will be provided by bus if desired. Please notify Day Camp Director, Mrs. Stuart Erickson, PE5-0079. It is a very rewarding experience working with the Brownies, Intermediates and Seniors in the Out of Doors.

A Film "This Is Girl Scouting" was viewed and was very inspiring. East - Woodland Cluster were hostesses and served the refreshments at this meeting.

Villager Looks Into Insurance

Articles contained in two L.I. newspapers reported that the six-man insurance committee appointed by the Jericho School Board to survey the district's insurance needs and make recommendations was disbanded. According to the articles, the committee refused to render its report unless the School Board guaranteed the district's insurance business to the committee or anyone of its members.

If something smells "afoul" then residents of our community have the right to know what really transpired. "The Villager" in line with its policy of keeping our readers posted will thoroughly look into this from both the School Board and the Committee's version and render its report.

AROUND THE DISTRICT

Lonely World of Lil League Ump

by Joe Koerner

"Why even my own wife won't talk to me", wailed the dejected man in blue as he took time out to light up a cigarette. It had been the end of another long, wound up inning and some of the decisions made, had the effect of riling up a number of the partisan rooters. On one occasion, when he called "em as he saw em," he ruled a foul ball; fair and after a series of overthrows, the runner wound up with a homer. The victimized manager, howled like a shorn ram, caught in a cactus bush and the guy on the right side of the call, grinned gleefully. Then, barely one inning later, the situation was reversed. It was a fairly close play at home but the consensus of opinion, ruled the man out. "Safe", bawled the ump in the tone of voice, that was indeed a credit to the umpiring dodge. He had this action covered, like a Commisar starting the 8th, 5 year plan but that was well before the rhabarb at home plate, started. The former victimized manager, now became the victor and the poor ump had a bear hug on some Lil League trouble. You, sympathized of course but not too much, for the simple reason, that one of the calls, you had insidiously accused the poor guy of 10-10 vision you sort of figured, if you were in there, . . . things would be a little different. So then what happens, it's another day and another ballgame. You're standing around minding your own business but still, ready to accuse another poor guy of having limited eyesight. And then it happens. The regular ump couldn't make the game and you're suddenly elected. They hand you shin guard, mask and chest

protector and tell you in a very friendly sort of a manner. . . "Just call em as you see em and don't be nervous. Both managers are extremely polite and you happen to be the kind of bloot that's too lazy to run and too old to fight. You're hooked and besides both of these guys are real big bruisers. It wouldn't pay to put up an argument, anyway. Seconds later, the first ball comes whizzing down the chute and you're all on your own. "Strike one", you bark and you're sort of pleased with the tone of so commanding a voice. "This is a snap", you mumble to yourself. . .

"Nothing to it", you add smugly, even though, this is the first time in your life, you've taken a spot behind the plate. "And so what, if they didn't hand you a counter, to keep track of the balls and strikes. You've always prided yourself on a good memory and up to this point you were the Dolly Stark of Hicksville. This is the way, things should be. . . Command the game. . . Call 'em as you see em and don't let your judgement be swayed in any way. And then what happens. It's the top of the 4th inning. There's a man on 1st and 2nd and the next batter lines one of

the shortstop. The runner on 2nd whizzes down towards 3rd. The shortstop fields the ball and tosses to 3rd. The runner is safe by at least 3 feet. "Safe", you bark smugly and accompany the call with a hands out gesture. You turn away and expect to resume play.

But then what happens. "Whataya mean, 'SAFE'?", the manager on your left blasts. . . "How about the interference there. . . The ball hit the runner. . . The runner is out."

"Safe", you shout back. "Out", he barks a little louder and before you know what happened, there's a small Donnellybrook going on around home plate. After a few seconds you finally win your point but not without the help of the other manager. It sort of gives you a breather and you come out of the melee with your head on tight. . . but a little less sure of yourself.

You called em as you saw em but after thinking things over, you realized that you had completely missed the interference angle. The victimized manager had been right and you were wrong. It was a real bloop on your part, so you tried to make up for it a few plays later. "Safe", you bark as the runner comes sliding home.

"Whataya mean, 'Safe'", the other manager yells as he starts jumping up and down. . . And so on, through a long wound up afternoon, that finally ends with a score of 17-13. Your team, D'Vie Florist managed by Fred Uhle, wins the caper you you wind up with a severe

case of nervous prostration. It's then that you realize, this umpiring dodge isn't as simple as it looks, and the father's in your town that take time out to cover these Little League games, most surely deserve a word of praise. . . And that goes for the managers and coaches of these teams. . . They'll fight you tooth and nail to cop the win but once the action's been faded, they can lose with equal grace. It's a great cause and now that you've checked the boards from sides of the fence, you're convinced more than ever that Little League baseball is just about the greatest thing that ever happened to the small fry of America.

PS And after that rhabarb at 3rd base, you've also found out why umpires depend on that ball and strike counter you see them using after each pitch. It's a great gadget to have handy when the county is two and two and another UN session gets into high gear around home plate. It takes a combination of Einstein, Krushchev and Sam Benedict to ump this action and still come out alive. But it was great fun and now that it's over, you'll be more inclined to champion an "Umpire's Day" at the end of the season.

Troop 421 Goes On Camporee

Friday evening at 6:15, 28 Boy Scouts of Troop 421, Hicksville, were transported by cars for a Camporee, Camp Wawaset, Wading River, June 7 to 9.

Upon arrival at campsite, all the Scouts had to participate in setting up camp. Saturday was the day for passing test in their own troop, cooking, stalking, etc. Also the day set aside for competition, night compass and direction, Boy Scout skills, etc. Troop 421 were guests of Troop 585, at an inter troop campfire. Both troops put on a skit and sang songs around the campfire.

Troop 421 received a Blue Ribbon for Troop Recognition. The Troop was supervised for three days by committeemen Walter Gebhardt, Lawrence Dagna, and Louis Zhitowski. Others helped with transportation, Mr. Anton, Berg, Groost, Heroy, Kretz, Penkos, Sawyer and Schultz.

On Sunday after assembly and camp inspection, Troop 421 left for home 12:15 P.M. All enjoyed the Camporee and are now looking forward to summer camp, July 14-27th.

NOW ONE BILLION DOLLARS IN ASSETS

What is a billion dollars?

To us, it's a 112-year friendship between this bank and the public...

It's the confidence and goodwill of our depositors and other customers for which we are extremely grateful...

It's helpful family banking service to four generations of thrifty people...

It's opportunity and prosperity and college education and happy marriages and home ownership and joyful living and contentment and security for those we have served and continue to serve...

It's sound management and expert guidance of the Trustees who have directed the course of this bank since its beginning. (In this respect, we take equal pride in the surplus and reserves of over \$100 million that make this one of the strongest banks in America)...

It's our ability to serve you even better.

"Not in rewards, but in the strength to strive, the blessing lies."
