Volunteers in 14-Hr. Combat with Flames

Hicksville volunteer firemen under Chief Walter Telender, aided by firemen from Westbury and Jericho, fought the most stubborn fire in a decade for over 14 hours starting at 5 o'clock Thursday evening, June 27, as flames consumed half of a two-story building off Old Country Rd. occupied by Capstone Paper Co. and five other tenants. Damage was tentatively estimated at a quarter million dollars.

The alarm was given for a "rubbish fire" at 240 Old Country Rd., which is an industrial area adjacent to the Centre Shops, at 5:12 P.M. The volunteers were on the scene working continuously without rest until 7:30 A.M. Friday. They were resummoned at 12 noon Friday when the smoldering mountains of printing paper burst into flames again and three times the following day.

Six men were taken to the hospital suffering from smoke poisoning and heat exhaustion. One vamp, Joseph Janca, was cut in the head and required several stitches. All were released by the hospital after treatment (see pictures on Page 3).

Upwards of 250 firemen fought the stubborn fire which roared thru the paper company warehouse occupying the first floor and an attached frame building, east thru the second floor and the roof. Other tenants struck severely by the fire were Man & Manager Inc., Titan Furnaces, D.L. Lion Construction Co., Lion Acoustics and and Carlin Offset Printing Co Inc. The building is owned by Frank Anson.

Mutual aid was requested by Chief Telender almost as soon as the first Hicksville trucks arrived

An Appreciation

We wish to sincerely thank the business people and residents in the Center Shops and vicinity for their hospitality in providing sandwiches, ice tea, coffee, and soda on Thursday evening, June 27, while we were involved in combating the fire at 240 Old Country Road, Hicksville. Your courtesies and kindnesses are appreciated.

at the scene and saw what was reported as a "rubbish fire" roaring out of control. Westbury and Jericho sent pumpers, rescue squads and men. Jericho men and equipment also manned Hicksville fire stations in case of another call and at about 8 o'clock that evening they went to Canisius Road to extinguish a flaming automobile.

At about midnight, A.W. Fund-geid Inc. was called to the scene and their heavy crane was brought into play to rip off sections of

It was announced Monday night by County Chairman John F. English.

The Giannelli's, who live at 50 Lenox Ave., Hicksville, have three children. Mrs. Giannelli helps run the printing firm, Fuel Oil Dealer Edward Quinn of E. Carl St. Hicksville, had earlier been designed to run for this position but his name was withdrawn almost immediately.

The town clerk-designee attended parochial schools in New York City and is a graduate of Julius Richman High School in Manhattan. Active in Democratic Party affairs as a volunteer and secretary of the Democratic Club, EXHIBIT PRINTS

A fine collection of Curry and Ives prints will be on display in Hicksville Public Library, Monday thru Friday of next week. The exhibit was made available by Traveler's Insurance thru its agents, Lebkuecher and Lynch Inc.

Says Vandals Petrify Area

The East St. School neighborhood "is petrified" by the "continuous vandalism" in the area it was reported to the Hicksville School Board, Thursday night, by Walter G. Eichler of 2 Chestnut St., an architect, who requested that the Board arrange to have the gates to the rear school yard locked after dark and thus remove a haven for vandals.

He reported there have been incidents of shrubbery being set afire, windows smashed, extensive firework explosions, and teens "playing dead" by laying in the streets and then leaping up suddenly when autos approach, scaring the wits out of motorists.

Eichler, a former member of the School Board, said he is determined to "see that something is done" about the current outbreak of vandalism. He said he has received excellent cooperation from the County Police. The recently improved exterior lighting on the front of the East St. School which is across the street from his home, he admitted, has helped ease the problem.

The School Board has given orders that the pedestrian gates leading to the fenced rear yard be locked nightly.

LAND TRANSFER

The problem of the right-of-way on Willet Ave where it turns north in front of the new elementary

school, the subject of much discussion and speculation about a year ago, has apparently been resolved.

School Attorney Joseph Catalano informed the Board that the Town of Oyster Bay has resolved to transfer to the school district a portion of park property off Andrews Rd. in the rear of the school in exchange for the area of Willet Ave which appeared in the school district's deed to the site.

The fence between the Willet Ave. school yard and the park will be moved south to indicate the new ownership. For a time it had been indicated the School Board might be forced to close off Willet Ave, a proposal which came under fire from the Mid Land Civic Assoc representing Trade Secret Homes, Fountainville and other developments in the area. The Board of Fire Commissioners had also urged that the road remain a thoroughfare.

The solution was worked out in negotiations between the School Board, Town Councilman A. Carl Grunewald, Supervisor Thomas R. Pynchon and other officials.

It was the final meeting of the fiscal year for President Jerome Zettler whose six-year stint on the Board ended on June 30. The Board unanimously voted, with Zettler abstaining, to present him with a resolution of thanks and appreciation signed by all Board members.

Parishes Aid Charity Fund

In the Parish collections on May 19, St. Ignatius Loyola contributed \$5,658; Holy Family, \$6,200; and Our Lady of Mercy, \$6,287.

Dear Lynda :

Happy birthday to JIM TWOHIE who is celebrating his 70th at Massapequa on the glorious Fourth. . . . JACK KENNEDY who never left his post behind the stick at the Little Inn while that other Jack was touring Europe almost became a victim of the hot spell. He was observed playing dice with ice . . . We missed JIM COOLEY at the dedication of the new Amvets clubhouse last week. Jim was the founder of the first Long Island Amvets post . . .

Happy anniversary to MARGARET and LOU FINK of Miller Circle, Hicksville, who celebrated their 28th wedding anniversary on Sunday. Too bad though, Lou was hospitalized at Central General Hospital on this happy occasion. Get well soon, Lou. . . Happy birthday to PAUL BASCO of Linden Blvd. who celebrated on July 3rd.

Mr. and Mrs. NORMAN C. GODFREY of 505 So. Broadway, Hicksville, celebrated their 50th wedding anniversary at the Hastings Hotel, Ocean City, Maryland on June 12.

BILL MURPHY and FRANK CHUMSKY are representing Hicksville Kiwanis Club at the Convention of Kiwanis in Atlantic City, June 30 to July 4. The Kiwanis Ladies Night is July 13 at Old Country Manor and club members with their wives will go on a flying inter-club with have moved to Denver, Colorado . . .

There are some lighter moments, every so often, at Board of Education meetings. Someone noticed the other night that the propane gas bought by the District comes from a firm named "Conservative Gas" . . . BOB PETROSS, building consultant for the School District, was among those retiring as of the end of June. He concluded his services as consultant on the new Willet Ave. School, East St. Gym, Senior High addition and Junior high temporary addition . . . Reorganization meeting of Hicksville School Board on Tuesday of this week was held at 9:15 instead of 8:15 because IRVING LAWRENCE and DOMINIC SABATELLA were delayed in arrival . . .

Happy birthday greetings to Pte. ALFRED GAFFNEY, son of Mr. and Mrs. John Gaffney of Miller Circle, who celebrated on July 2. Pte. Gaffney is stationed at Fort Jackson, S. C. . . .

The Board of Education voted unanimously to give all members of the school family a paid holiday on Friday, July 5, to provide the opportunity for a four-day weekend. BILL BRUNO was up at the Administration building the day following the meeting telling one and all of the staff what he had done for them. During the session last Thursday night he sought for the second time in a couple of months to override a ruling of the chairman in declaring him "out of order". BRUNO's proposal was rejected with all present except himself supporting the Chairman. . . The suggestion that PBC, Little League, CYO and other youthful ballplaying groups be changed for the use of school fields was voiced again at the Board meeting. It got nowhere. . .

Slight error in Newsday. The fire last Thursday night was NOT at 344 Old Country Rd. which is the address of the Old Country Manor. The fire scene and the Manor are over a half block apart. . . St. Ignatius will NOT stage its traditional parish bazaar this summer. . . Has someone started a beach club on Myers Ave? Colored umbrellas, pool, second story lights etc. . .

Old Sturbridge Village is a regional museum of rural New England life. Its purposes are historical and educational, to preserve and present the story of New England farm and village life of yesterday, and to impart a knowledge and understanding of that heritage to the citizens of today. Old Sturbridge Village is a representative New England community of the period 1790 to 1840.

There are 39 points of interest to be seen in the village. A few of the outstanding places were: The Freeman Farm, recreates life in the early 1800's; The Farm Wife baked gingerbread in her brick oven for the Scouts to sample; The Tin & Broom Shop; Blacksmith Shop; Wight Grist Mill;

Miner Grants' General Store; Pilgrimage & Stocks; Glass Museum; Isaiah Thomas Printing Office; Village Meeting House and the Towne House. An interesting talk and demonstration was given at each point of interest. All enjoyed riding in a horse drawn carry-

all around the beautiful Mill Pond through the covered bridge.

It was a wonderful, worthwhile trip but the Scouts were happy to return to the year 1963, with all the modern conveniences (T.V.). Arrived back at Trinity Lutheran Church, Hicksville, at 9:40 P.M.

Herald Editorial Opinion:

Most Enjoyable Extravaganza

Even the water of Zacks Bay in the area between the front stage and the island stage comes into the script in the present spectacle, Michael Todd's "Around the World in 80 Days" at Jones Beach this season. Apparently on cue, members of the cast fall or are tossed into the drink.

We have witnessed probably every annual or bi-annual show presented at The Marine Theatre and can state without reservation that in our opinion as an amateur critic this one is far and away the most entertaining. We know what we like and we know what brings us pleasure and enjoyment.

The well-known Jules Verne tale about a wager by an Englishman, who hates to travel, circling the globe between Oct. 2 and Dec. 21 in 1872 has been the subject of numerous theatrical treatments, including the Todd film version. The Jones Beach offering follows the movie treatment with all the favorite songs and music. However, much additional music has been written and the choreography and staging by June Taylor is exciting.

Phileas Fogg is properly formal and British fuff upper lip. Passepartout on the Marine Theatre stage seems much more animated and alive than his counterpart in the movie version. Princess Aouda is lovely, regal and

in excellent voice.

To our satisfaction more of the action takes place on the stage in front of the orchestra pit than in other productions while the lagoon and back stage form a colorful, changing background.

It seemed to us that the Indian attack on the US transcontinental train, staged as a funny dance, is almost worth the price of admission alone. An then, of course, there is that wonderful balloon floating a hundred feet overhead -- a mechanical star in its own right.

A couple seated next to us at the showing the other evening came all the way down from Connecticut to see the performance, the result of rave notices in their area newspaper. They weren't disappointed and you won't be either.

Our amateur critical status is reinforced by John Chapman of the Sunday News who wrote: "Summertime, other states, mostly south of here, have outdoor spectacles for the enlightenment of natives and tourists; but there is nothing anywhere else comparable to the extravaganzas backed by the State of New York at the Marine Theatre at Jones Beach." And he calls "Around the World in 80 Days" the "eye-poppingest, most enjoyable extravaganza of all" ever presented at the Marine Theatre.

FRITZ WEAVER, in the role of Phileas Fogg and Elaine Malbin as Princess Aouda lift their voices in song nightly in Guy Lombardo's production "Around the World in 80 Days" at the Jones Beach Marine Theatre.

An Editorial. Can We All Take Pride?

Every new community goes through cycles of development that eventually determine whether it will retain its desirability or fall prey to the symptoms of progressive deterioration. The greater the number of homes, the more dramatic will be the outcome.

Our community is at a crossroads. The decision must be made now. One ride through our area will bear witness to the urgency of the situation. We are met with sights of uncovered garbage cans left out from one pickup to the next; of debris and trash in the streets; curb trees bent, broken or held up by makeshift supports; supermarket carts stolen and abandoned; homes needing paint so badly that the raw wood is exposed; and last but by no means least, lawns left to rot by people who, obviously have no respect for their neighbors or themselves.

These conditions, unless corrected now, will transform this community into a prototype of the areas we left in order to see "tomorrow's Great Neck, Roslyn and Manhasset."

Do not believe for one moment that there is a correlation between the cost of homes and the appearance of a community. The conditions described above result from a lack of minimal effort, not money. The only expenditure involved in taking in garbage cans is one minute of time. The shopping carts on our streets result from intentional disrespect for property, nothing else. More often than not the person who cannot find time to cut the grass can manage a trip to distant shores, or pursue chores of meaningless value.

With all the forces about us that are beyond our control it seems absurd that these small items, so easily accomplished, could be left undone. To proceed along our present path could surely lead to a rapid deterioration in appearance and property values. Let each of us take this moment of time to see if the "shoe" we are talking about fits. A concentrated effort by all of us will bear fruits now and for the future!

Remember When???

By Warren E. Miller

Hey native, have ya seen what them city folks gone and done to our shady little hamlet? There's been quite a few changes around the old homestead since them split-level people took up stakes here. Yea, they sure make it hard for us natives to recognize the old place. Maybe reminiscing a bit about how great it used to be will make ya feel a lot more at home. Let's see now, where the devil should we begin...

Remember when we had our own little general store just off the Turnpike?...come to think of it, there was also a barber shop right next to it. Man, who ever heard of a postman then? Why, ya day wasn't complete unless ya stopped by the general store and picked up ya mail, and stared at the wanted posters for a couple of minutes... Remember when Milleridge Inn had that pond of theirs and ya used to be able to look at and eat DUCK at the same time?... Remember when Birchwood Park Drive was the local drag strip and stop signs were things you only read about on Good Humor wrappers?... Remember when the hangout of the younger generation was a table at Sandy's, not a space in the Minute-man parking lot?... Remember when Clover Leafs were only laws with the weeds and grass removed, and not a monstrous ever-winding cement disaster?... Remember when the Jericho Jewish Center was a quaint old house overlooking the Turnpike and the teenies, one family tenements of the developments below? Remember when people thought it was too expensive to bowl at Market Lanes and went to the movies instead? Well, now only the kids can afford the flicks, and where does that leave Market Lanes—25¢ a game? It kind of makes you yearn for the sickle cigar and

the 50¢ hair-cut... Remember when there was only one country club around and half the kids in the pool had to climb a high wire fence to get near it. There are more clubs now than Heinz has beans, but the kiddies still keep climbing. Next time in the pool, go up to the kid and ask him for his membership card. Who knows, if you get lucky he might only wing you... Remember when those rumors about building an Expressway first hit the gossip lines? Jericho was only a place then, now it's two exits on the map... Remember when daddy played ball on Merry Lane every weekend? Well he still does, only junior runs around the bases now—it's called Little League... Remember when teenagers rode bikes card all to yourself?... Remember when Colony sold all those Playboy magazines with those healthy photos of Jayne Mansfield inside, and junior let you borrow it after he was through?

Remember when.....

Planning Motel Near Precinct

A motel is being planned for the property at the corner of North Broadway and Northern State Parkway, Jericho, just a short distance north of the Second Precinct of the Nassau County Police. David Margolis has filed a petition for a zone change from Residence C to Business F for the property at the southwest corner of the intersection and a special permit to maintain a motel on the irregular parcel.

A public hearing is scheduled in Oyster Bay Town Hall on Tuesday morning, July 23.

School Insurance Still Cloudy

In our quest for full particulars concerning the "Insurance Problem" that has been plaguing these past two weeks in the Jericho School District, THE VILLAGER has contacted all parties involved. In a telephone conversation with one of the insurance committee members, it was stated that as soon as all this "mud slinging" subsides the Committee's ideas contained in their report will prevail, resulting in considerable savings in insurance premiums.

A formal release by the Jericho School Board offers, in addition to a report on the insurance, other school items of interest.

The Jericho Board of Education, passed a unanimous resolution to disband its Insurance Advisory Committee at an open meeting held on June 20, in the Jericho High School. The Insurance Committee refused to submit its findings unless the Board of Education would promise to give the insurance business to one of the brokers on the committee. President Samuel Hecht, in disbanding the unit, said "Let the record read that as a condition for the (Insurance Advisory) Committee continuing its function as such, that the board of education commit itself in advance that the committee or one member of the committee shall receive personally the insurance business."

The Insurance Committee was formed by the board on January 9, 1963, to analyze the present insurance costs and suggest ways in which the district might make specific savings. Originally, there were 19 members in the group, selected by the board from recommendations made by civic and community groups.

The six members of the insurance committee present at the meeting of the Jericho School Board were all insurance agents. Besides Hal Birbach, chairman, there were Samuel Bicks, Charles Tarone, Robert Lipscher, Herbert Levy and Thomas Vigliarolo.

Area Problems Concern Board

By Henry Dockswell

In a report rendered by the Civic Health, Welfare and Safety Committee to the Birchwood Park Civic Board of Directors at its regular monthly meeting, shocking conditions of our streets and areas were described. It was up to the residents themselves to take a hand in rectifying this shameful plight. They also reported an incident of three teen age girls heedlessly and irresponsibly breaking empty bottles in the street, near Market Lane adjacent to the Shopping Center. The committee would immediately institute a procedure to improve this condition but the residents themselves would provide the final answer. THE VILLAGER will publicize this situation with editorials, and a campaign to clean up our community will be instituted.

The Syosset Education Committee reported that the 10 acres located at Forsythia and Fountain Lanes, south of Robbins Lane, was brought by a builder named Sagamore Farms. The land was sold for \$240,000 and was originally purchased as a school site for \$195,000. The Board will write a letter to TOBAY asking that the class C Zoning for this area be strictly adhered to. The Civic Town Planning Committee will try to arrange a meeting with the new builders to discuss and possibly forestall any problems or differences that might arise.

Dr. Marty Lawrence was appointed to represent the Civic Assoc. in the combined Jericho Blood Bank effort.

The Jericho Players submitted their report on their last production, "Fair Game". The production lost money but in every other way was, as usual, a fine, artistic endeavor. It was hoped that future plays would be given greater publicity, because the community was missing an excellent evening's entertainment. The report included the incident of the smoldering curtain which, as an incident, caused a misunderstanding of the Fire Dept's investigation.

Ed Peitzholt, newly appointed to

the Civic Board, met with Fire Chief Joe Mayz and found that the Jericho Fire Dept. had not been called until 11:30 P.M., a full hour and a half after the smoldering curtain had been detected and extinguished. They immediately sent men to the scene of the now extinguished fire and were taken back by some of the derogatory remarks directed at them for their lateness in arriving. It was pointed out that it is a requirement of the Nassau County Fire Code that the local fire dept. be notified any time flammable material is brought into the schools for plays, proms, exhibitions etc. by submission of a certificate indicating that the flammable material had been treated with flame proofing. The Fire Dept. was not notified of this and, in addition, a previous incident involving the use of flammable material at the High School Prom had not been reported.

Due to these oversights the fire dept. has now assigned Lt. O'Farrell the responsibility of obtaining the schedules from the schools, assigning a fireman to attend these functions and seeing to it that the County Code is complied with. A letter will be written to the Jericho Fire Dept. to assure them of the community's understanding of the situation.

The board's recently elected 2nd Vice Pres., Julie Wiener, sent in a letter of resignation. The sale of his house plus a much advanced date for his moving from the community was the reason. Leo Geyer was appointed Vice Pres. and his vacancy on the board was filled by Sam Lubitz. Both appointments were unanimously approved by the Board.

The Bowling League reported the conclusion of a very satisfying season which was punctuated, and loudly, by a fine Dinner-Dance held at the Pine Hollow Country Club. Two dates were set for the Civic Board's 2 general meetings:

1. Meet Your Candidates Night—Oct. 29
2. Election Dinner Dance—2nd or 3rd Sat. in May, 1964—Free to All Paid up members.

Is This Your Last VILLAGER?

It was a painstaking job, but we finally have our name-plate situation all straightened out. In short, as a paid up member of the Birchwood Civic Assoc. at Jericho, Inc. you are entitled to receive the weekly issue of "THE VILLAGER" complete with its news of what is happening in our community. All name plates of residents who have not paid their annual \$5.00 dues will be extracted after this issue. If your "VILLAGER" does not show up in subsequent weeks you are probably not paid up.

Your \$5.00 dues entitles you to all the privileges enjoyed as a member of our Civic Assoc. The Civic Assoc. is your eyes and ears so far as school and town affairs are concerned, it represents you in every conceivable action that may affect your area and you as a home owner. If not only for above, your dues are more than compensated by the annual super-dance which is free to paid up members to say little of our own "THE VILLAGER" which brings you pertinent happenings of things about us.

Yes, your \$5.00 is little to pay for all this. We suggest if you're in doubt as to being a paid up member of the Civic Assoc. you contact Fin. Sec., Norman Ney at OV 1-1978. He has all the records and can let you know in a jiffy. Don't let "THE VILLAGER" slip by you. Take a moment of your time and send your dues in.

Another Billiard Parlor Request

Application has been filed with Oyster Bay Town Board for a special permit to maintain a billiard parlor on the southside of

Herzog PL, Hicksville, 160 feet east of Jerusalem Ave. A public hearing is scheduled for July 23 at Oyster Bay Town Hall on the plea of Andrew Grillo.

IN A POSTER CONTEST to advertise the Long Island Fair next month, David Barnett, 16, of Forsythia Lane, Jericho, outdid all entrants of Nassau, Suffolk and Queens as he took top honors. His entry was worth \$375.00 with an additional \$125.00 going to his high school teacher. In addition David received two honorable mentions for two other posters submitted. He always showed an inclination for art and model making is a hobby of his. He intends to make commercial art his avocation.

Other laurels to his credit are namely a nominee for the art editor of the high school year book and an original album cover done in ink and dyes that was exhibited this year at the Hofstra College Art Exhibit. The check was presented by Howard B. Wakemann, LI Fair president, at Roosevelt Raceway.

STRICTLY BUSINESS :

Old Country Manor's 5th Yr

by Jim Cummings

One of Long Island's most beautiful catering establishments is the fabulous OLD COUNTRY MANOR at 244 Old Country Road, Hicksville. Under the personal guidance of Pete Petralla, genial host at the Manor, expansion has been the constant theme due to the tremendous success and acceptance by the public of Long Island's world of catering and entertainment facilities. We first met Pete Petralla over five years ago this week at the Manor. Since that time we have noted its continued growth with the additions of new banquet halls, the beautiful cocktail lounge and the four bridal rooms. As you drive to the entrance at any affair you are welcomed personally by "you host" Pete and escorted through-out its comfortable, air-conditioned banquet rooms. At all times as thousands have said, you receive the most courteous attention from all staff members, delicious menus from the kitchen, the most danceable music and as Pete frequently says, "we provide everything, except the Bride". This "personal touch" by the Old Country Manor management has proven most successful. Pete is very active in all phases of the community of Hicksville and is a member of the Kiwanis Club, Knight of Columbus, Joseph Barry Council, Hibernians and the Elks. That warm welcome and big smile is well known round the island, for Pete is truly an expert in this business of catering! ...The "Sweet Adelines" who

recently appeared at the PLAZA will be competing at Salisbury Park on July 9th in the finals. A note of thanks to Gabe Pressman, NBC-TV for his blurb on our annual fireworks Wednesday evening... plus Joe O'Brien on WABC, plus Dough Statter, WINS and our good friend John Tillman on WFAX. Did's know that we will have no less than 50 sound stage on Long Island within the next ten years? We agree with Senator Speno on his proposed bill that all ice-cream vendors stop at curbsides, not in the middle of a street. Traffic is bad enough. If passed children will be served at their curb-line by the vendor. Town of Oyster Bay medallion stickers appearing on tax-cabs round the town. Don't be surprised if you see an elephant around the Plaza on July 12 and 13th. This will be part of the wonderful 3 - Ring United Nations Circus which will be under tent across from the PLAZA on Friday, Saturday and Sunday (matinee only) sponsored by the Hicksville POLICE BOYS CLUB. Tickets are on sale at local businesses... enjoy the circus with your family - support the Hicksville Police Boys Club. Patroman Dave Ryan is in charge. Oyster Bay Town Board decision to limit beautiful TOBAY Beach to Town residents on week-ends deserves vote of thanks - what with recent headlines... Birthday greetings to a young teenager since July 1st, my son Jim, 13 years old. Big Doodles at the PLAZA on Saturday, July 13th, when those Antique Cars show-up (Come you may be on TV)...

Senior Girl Scouts On Bermuda Trip

Ten Senior Girl Scouts of Mounted Troop #569 left on the B.O.A. C. from Idlewild Airport on June 23 and spent a delightful 5 days in Bermuda.

Highlight of the trip was part of the Girl Scout Program, International Friendship. The Scouts and their Leaders, Mrs. Lee Karcher and Mrs. Flo Quick of Farmingdale, had an appointment to meet the Girl Guides of Bermuda. They also met the "Tots", Troops of Foreign Soil. The Scouts had worked and saved for two years to see their dream trip come true. Their "Swaps" to the Girl Guides were "fried, marbled" jewelry they had made. The Scouts came from Levittown, Westbury, Wantagh and Farmingdale.

Elevate RR Main Line by Dec.

Long Island Rail Road tracks will be running on the elevated structure of the Main line thru Hicksville by the end of the year, the Hicksville Chamber of Commerce heard from its committee on Crossing Elimination on June 21. It was also reported that installation of escalators on the passenger platforms (at least two required) will cost \$125,000 each and efforts are being made to have these installed before the completion of the entire project next June.

It has been verified that openings are being provided in the new passenger platforms to accommodate escalators but they are not part of the current state project.

burning roofing, floor timbers and mounds of paper.

Equipment and men were posted all around the block and were called upon to defend houses on Nicholas St. whose backyards adjoin the flaming cement block structure. A bordering fence caught fire and neighbors fought the flames with garden hoses.

Chief Telencier was loud in his praise of the assistance rendered by volunteers from Westbury and Jericho. Also present were some men and officers from East Meadow.

While it was probably not the most destructive fire in community history from the standpoint of property loss, it was one of the most stubborn and difficult to fight. In January of this year, the fifth floor of Gertz-Mid Island was swept by flames. At that time the preliminary damage estimate was \$125,000, which was subsequently revised upwardly.

All equipment of Hicksville Fire Dept. came into play, including the two aerial ladders. About 140 of the vamps on the scene were from the Hicksville Dept.

Women are said to be superior bargain hunters. Also, as we have noted at The Lincoln, a very great number of women deposit regularly in savings accounts. Are women better savers by nature, or are they thrifty because it's the way men like them to be? That is the question!

There is no question, however, that women as well as men like The Lincoln's convenient, helpful services and high dividends!

If you are not already a depositor at The Lincoln, open your account now in person or by mail. We pay postage both ways.

Money deposited on or before JULY 15 will earn dividends from JULY 1

William M. Gause Jr. Post No. 3211
by Eddie Klebing

Members and friends of the VFW and Ladies Auxiliary, witnessed the Joint Installation of their officers on June 22. Jim Klueg and Mary Sadowski expressed their desire to cooperate with each other and both can look forward to the same from the members. The social part of the evening was enjoyed by everyone as it always is. Special thanks go to Andy and Mary Sadowski for their hard work in putting together the buffet which we all enjoyed. Some members dropped by that afternoon to help make the chores a little easier.

Picnic particulars have been mailed to all members - so if you didn't get yours yet you should shortly. Any questions pertaining to this year's outing can be directed to Mike Znach, picnic chairman, or this writer. By the way, if any member or guest wishes to bring their own grills with them, they can. Some members did that last year and it worked out fine. Additional information on the picnic will appear here from time to time so keep posted.

Several requests were asked of the VFW National Headquarters on where to rent film on the U.S. Flag. The best they have come across so far according to them is a 16 mm film in color and sound called, "Our U.S. Flag." It runs 16 minutes and is available from the Decca Film Company, Oaks Pa. Interested parties or organizations can get information on rentals by writing Sales Manager, Wm. C. Spangler.

The greatest risk a veteran runs with his GI life insurance is failing to keep the beneficiary list up to date. The Veterans Administration in a spot check shows that 49 per cent of GI policyholders had some form of error in their beneficiary listings - and in one third of the cases reviewed the major beneficiary designation had to be changed. Have you checked yours lately? Jim Klueg started his year off as commander with a bang by winning the raffle at the last meeting. Don't forget July 22nd is a repeat paint
