Water Board Vote on Aug 30

Representatives of the Oyster Bay and Hempstead Town Boards will jointly conduct the election of a Hicksville Water Commissioner for a three-year term on Friday night, Aug. 30. Polls in Hicksville Courthouse are open from 7 PM to 9 PM. The term of William A. Cislser expires this year.

Annual VFW Picnic

The William M. Gause Jr. Post No. 321 of the Hicksville Veterans of Foreign Wars will hold their annual picnic this Sunday Aug. 25th at Salisbury Park. No entrance passes into the park will be required for those planning to attend. Group Area No. 1, Parking Field No. 4, the same area as last year has been assigned. The park permits use of personal barbecue grills for those who wish to bring them along.

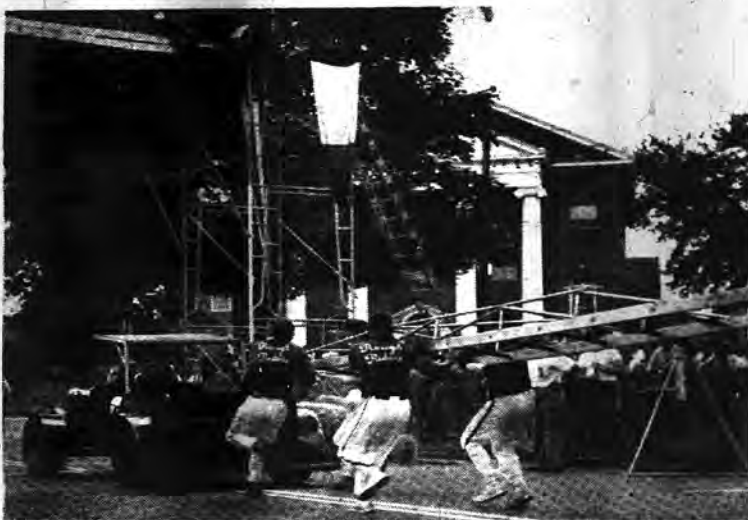

Completes Basic

John W. Box, 22, son of Mr. and Mrs. John W. Box of 21 Acra Lane, Hicksville, recently completed nine weeks basic training at the Naval Training Center, Great Lakes, Ill., graduating in ceremonies consisting of a full-dress parade involving more than a thousand men.

Fire Tournaments Are Not What They Used To Be

LABOR DAY is firemen's parade and tournament day in Hicksville and has been for 34 years. Tournaments have changed over the years including the use of super-charged speed wagons. See feature about Labor Day tournaments over the years in this issue on page four.

OYSTER BAY ROUGH RIDERS display high degree of teamwork which has won them several times the New York State Championship as well as the Hicksville Labor Day Firemen's Drill. Racing wagon has Caddy engine, 1932 chassis with partial aluminum body, locked Ford rear end. (Hot Rod Magazine)

\$100,000 Cost of Vandalism

Damage by vandals is costing taxpayers of Hicksville School District alone approximately \$100,000 a year, according to Joe Koerner in "Around the District" in this issue on page 9.

New Chief Car On Ballot Sept. 3

The purchase of a new car for the chief of Hicksville Fire Dept. will be among the questions submitted to voters of the Fire District on Tuesday, Sept. 3. Voting takes place between 7 and 10 PM at the East Marie St. headquarters.

The total budget for the coming year is \$180,200. There are two propositions besides the one for the chief's car. One question expends \$1,000 for parades, drills and tournaments and the other \$6,000 for inspections.

Sets Fund Drive

A goal of \$20 million has been set for a Fund Drive to be conducted this Fall among Catholics in Nassau and Suffolk Counties. According to the Most Reverend Walter P. Kellenberg, Bishop of the Diocese of Rockville Centre, the campaign is "the largest single project to be attempted by our diocese."

Bishop Kellenberg said the money will be used to finance the building of four Catholic high schools on Long Island, one in Hicksville.

Urges Full Support of Incumbent Councilmen by GOP Sept 5

Francis Anderson as chairman of the Hicksville committee for the designation of Councilman A. Carl Grunewald, Edward Poulos and Edmund Ocker as Republican candidates for re-election this fall called upon all enrolled Republican voters of the community to vote in the primary election on Sept. 5 for the three popular incumbent Town Board members.

The councilmen have the endorsement and support of the Ernest F. Francke Republican Club of Hicksville and the Central Island Women's Republican Club.

Voting at all polling places on Primary Day will take place between 12 noon and 9 PM, Anderson stated.

Grunewald, retired after an outstanding business background spanning 25 years, was named to the Town Board on May 1, 1962 to fill the vacancy when Henry J. McInnes resigned to become deputy superintendent of sanitation.

He had previously served as member of the Oyster Bay Zoning Board of Appeals since 1955 and as its chairman starting in Jan. 1958. He has been a Hicksville resident for 13 years, is past president of the Men's Club and Church Council of St. Stephen's Lutheran Church in Hicksville.

Edmund A. Ocker was chief of Plainview Fire Dept. in 1949, 1950 and 1951 and retains active membership in the Dept. A member of the Town Board since 1957, he is a management specialist, associated with his father, Antony C. Ocker, in the

electrical contracting business. He is also deputy supervisor of the Town.

Edward J. Poulos, resident of Syosset, is an attorney and chairman of the Town Board's standing committee on Code's and Ordinances. Prior to election to the Town Board, he was a Deputy Town Attorney. He served with the Royal Canadian Air Force from 1941 to 1944 and with the US Air Force in Europe from 1944 to 1945. He is an active Air Force reservist with the rank of Captain.

He is a member of the Nassau County and New York State Bar Associations.

Aboard Ballistic Missile Submarine

Chester B. Nichols, interior communications electrician third class, USN, son of Mr. and Mrs. William B. Nichols of 17 McKinley Ave., Hicksville, serving with the "Gold Crew" of the fleet ballistic missile submarine USS Robert E. Lee, is on a 60-day patrol in the North Atlantic.

Robert E. Lee is one of nine missile submarines in Squadron 14 of the Atlantic Submarine Force operating out of Holy Loch, Scotland.

Two crews, "Blue" and "Gold", are assigned to each fleet ballistic missile submarine. This system allows the submarine to maintain constant patrol, ever alert against any potential aggression.

When Robert E. Lee returns from her present patrol mission the Gold Crew will come ashore and the Blue Crew assumes duty and begins the next two-month patrol.

New Officers To Preside Sept 5

The Rosary Altar Society of Our Lady of Mercy R.C. Church, Hicksville, will hold its first meeting of the season on Thursday, Sept. 5 at 8:30 P.M. in the school auditorium.

The newly elected officers who will preside are, Mrs. Bernard Smith of Bethpage, President; Mrs. Frank May of Bethpage, Exec. Vice President; Mrs. Victor Ialeggio of Plainview, Sec. Vice President; Mrs. Michael Claidella of Hicksville, Recd. Secretary; Mrs. James Fleming of Hicksville, Corr. Secretary and Mrs. Christie Volpe of Plainview, Treasurer.

The program for the evening will feature two speakers from the Committee for the Elimination of Indecent Literature (CEIL). A film will be shown entitled "Pages of Death".

Carnival Raises \$13 for Cerebral Palsy

The garage of Mr. and Mrs. Irwin Goldman at 9 Aster Dr., Hicksville, was the scene of an exciting carnival put on for the neighborhood children on Monday, Aug. 12. The proceeds, amounting to over \$13.00 was donated to the Cerebral Palsy Fund.

The carnival was staged by local youngsters, including Marcella Goldman, Russell Goldman, Richard Rothenberg, Ellen Rothenberg, Scott Dwier, Jay Lucks and Jill Millians.

Obituaries

JOSEPHINE ZWANZIG
HICKSVILLE—Josephine Zwanzig (nee Schiller) of 39 Notre Dame Ave., here, died Aug. 20. She will repose at the Henry J. Stock Funeral Home until Friday when a Solemn Requiem Mass will be offered at St. Ignatius Loyola R.C. Church at 10 a.m. Burial will follow at Holy Rood Cemetery.

Mrs. Zwanzig is survived by her husband, Joseph T.; a son, Joseph T., Jr.; two daughters, Edna A. Lawton and Frances K. Roman, eight grandchildren and four great grandchildren.

MARY DE PAOLI
HICKSVILLE — Mary DePaoli, a local resident for the past 30 years, died at her home, 103 E. Marie St., here, on Aug. 17 at the age of 88. She reposed at the Thomas F. Dalton Funeral Home until Tuesday. The funeral took place at 9 a.m. with interment at Woodlawn Cemetery.

Mrs. DePaoli is survived by her husband, John; a daughter, Inez DePaoli; a son, Raymond and three grandchildren.

CARD OF THANKS

The family of the late Mary DePaoli would like to express their gratitude to their many neighbors and friends, and to the Thomas F. Dalton Funeral Homes for all their sympathetic help at the time of their recent bereavement.

Dear Lynda:

Two pair of eyeglasses in a needlepoint bag were found at the Plainview Shopping Center, Saturday, and may be claimed by calling WE 5-6020. Also, a gold cross (with initials) and chain were found at Center Beach over the weekend and may be claimed by calling the HERALD office, WE 1-4000.

We know they are building a pool hall at the Plasma but we didn't hear about a golf course on the roof. Unless our eyes deceive, there is grass growing there. Part of the sidewalk on Marie St., early this week looked like a battle scene from "Longest Day". Broken sections were being replaced. Sidewalk construction engineers were on the scene for the excavation near the Post Office on North Broadway. Basement room of Hicksville Firehouse has been closed by the fire commissioners until further notice. Flooring damaged by street flooding is being repaired. Another well-known oldtime residence is almost gone. Cement blocks are masking the front of that old dwelling at Bethpage Rd and Woodbury. Probably the next Classic Controversy feature in the HERALD will be the Hicksville Airport Case. Hicksville Lions had three full buses for the trip to the Playgrounds last Friday night to watch the LA Dodge's defeat the Mets. Fresh milk and grilled steak are the soldier's favorite foods according to the results of a 1963 national survey of food preference. Other foods in the top ten of 265 foods surveyed included assorted fresh fruit, apple pie, veal steak, eggs-to-order, fresh sliced tomatoes, southern fried chicken, roast beef and hot roast beef sandwich with gravy. Mr. and Mrs. FRED YOUNG Sr. of 95 East St., Hicksville, have been local residents for 40 years. They will leave on Aug. 29 for Puerto Rico in a trip awarded by First National Store at Mid Island Plaza. You may think it is summer but according to the mountains of snow tires on the floor of Hicksville Firestone you can almost feel the chill in the air. Next regular meeting of Hicksville School Board falls on Friday night, Aug. 30, this being a month with five Fridays.

BRIGHT IDEA: When broiling meats on a rack, place a piece or two of dry bread in the broiler pan. This helps soak up the dripped fat and reduces the chance of the fat catching fire. KAY GIANNELLI of Hicksville will be guest of honor at a dinner dance in her honor at the Old Country Manor on Sunday, Sept. 29, at 7 P.M. She is Democratic designee to run for Town Clerk this fall. Immediate Past Grand Knight JAMES F.C. WISE will be honored with a testimonial dinner celebrating the 39th anniversary of Joseph Barry Council, Knights of Columbus, on Oct. 19. BARBARA HICKS and VIRGINIA PESCHEL of Hicksville were among the Old Scouts who attended the Venus Watersprites group at Camp Edey for two weeks.

M. HOHNER Inc., the world's largest harmonica maker with headquarters on Andrews Rd., Hicksville, announces its "Old Standby" harmonica will be offered as a premium during a three-month campaign for a Maypo Cereal box top and \$1. GEORGE CONNORS was fishing the other day and caught, he says, a black Angus bass. FRED BLACKLEY has been on vacation the past couple of weeks. He denies reports of a forthcoming wedding. When you are out in Mattituck, drop in to see BILL DANDA at his Highway Diner on Route 25. A group of Hicksville firemen are up in Buffalo this week for the State Firemen's Convention, Parade and Drill. The racing team is doing quite well this year. All those fire horns blasting on Monday didn't mean much. Police alarm, grass fire etc. The Little Im Chawder and Marching Society is going to have election of officers. Nominees include: JACK KENNEDY (with 3 ds) for president, SMILING JERRY for vice president, LARRY PAGANO for membership officer and dues collector, FATHER WOODS for chaplain and J. CUMMINGS for musical director. Lillian and Terry are forming a ladies auxiliary.

Hicksville Rivas Play over Radio

The Rivas of Hicksville played for a dance at Hedges Lake, Cambridge, N. Y. last weekend and were invited by disc jockeys of WSKI to play live on Saturday at 4:40 P.M. over their network. The disc jockeys also taped the songs and will play them periodically over their station. Some of the songs they played were in answer to special requests sent in to the station after the Rivas' playing date at the Lake. The Rivas include Mike Fallon, Dennis Dias, Teddy Robinson, Phil Storch and Ken Pohl. This group has kept busy all

summer playing Monday nights in the Hicksville High School for the Teen Recreation dances and have also played for a number of teen dances at local country clubs.

Issuing Tickets For High Holy Days

The ticket committee of Congregation Shaarai Zedek will meet for the distribution of tickets for the High Holy Days on Thursday, Sept. 5th, 8:30-10:00 P.M., and Sunday, Sept. 8th, 10:30-12:00 A.M.

Registration for Hebrew School for 1963-64 is scheduled for Sunday, Aug. 25th, 10:00 - 12:00 A.M., and Wednesday, Aug. 28th, 8:30 - 10:00 P.M.

Labor Day in Hicksville

Fire Tournaments Are Not What They Used to Be

BY FRED J. NOETH

The 35th annual invitation parade and drill of volunteer firemen takes place in Hicksville on Labor Day — and thus the community can probably claim title to the distinction of playing host annually to the volunteers probably longer than any other community in the State.

While the name of the annual Labor Day event has been changed from tournament to drill (for insurance reasons, we understand), it is still known affectionately as a fire tournament by young and old.

Whether the fire tournaments today are better than they used to be is a matter for individual judgment. Certainly they are different in many respects. But if the contests, participants, equipment involved have undergone change in the past 35 years, certainly the PARADE has not. The parade, always held in the morning on Labor Day (rain or shine), is a spectacular event. There are more bands of smart stepping musicians than can be found in three Macy Thanksgiving Day parades. There is plenty of color with rows and rows of marching, uniformed volunteer firemen and their ladies; gleaming fire apparatus which, year after year, seems to grow in size.

The drill events themselves may weary small children after a time, but the parade never fails to thrill them. It usually takes about three hours to pass a given point.

Basic to the entire Labor Day program is the fact that every fireman taking part is a volunteer. Those men marching proudly in their blue uniforms with the polished buttons are, on other days butchers, bakers and candlestick makers. Some may even be lawyers, judges and Indian chiefs. The late David Hill, while State Assemblyman, always marched in Hicksville on Labor Day with the Glenwood Landing Fire Dept.

Town Supervisor Thomas R. Pryor when he was chief of East Norwich led his men up or down Broadway and Town Councilman Edmund Ocker, former Plainview Fire Dept. Chief, will be in the line of march again on Sept. 2.

Some Changes

The most significant change in

the firemen's Labor Day tournament in Hicksville has been the location of the event. In years gone by when there was a lot less automobile traffic and considerable open space, various public streets were used. We recall the year when Ray Frohnecker fell off the grandstand and broken an arm. That grandstand stood on Woodbury Rd. near the corner of Bethpage (Imagine trying to stage a tournament on that busy highway today).

For a number of successive years the tournament was held on Fourth St. next to the high school field. One year there former Judge Joseph Lebkuecher tore his trousers while up on the wooden judging arch and was concerned about attracting attention from the spectators when he climbed down the ladder.

There was the year on Fourth St. when George Engel was running with a hand hose cart and tripped. He fell under the wheels of the wagon and, rolling like a ball, escaped without serious injury. An alert newspaper photographer got a picture of the incident.

Quit a few years ago the tournament was held on Park Ave. near the McGumigle residence. It climaxed with a water fight between two companies armed with charged hose lines. Such activities are now banned at all contests and a team can be disqualified if it douses the judging arch on purpose. The incidental dousing that the spectators receive, particularly when hose lines break under pressure or a nozzle swings wildly are considered part of the sport.

Duffy Ave. was another favorite location before it was all built up with factories and dwellings. It was there that a fierce thunderstorm struck before the final event and the judges huddled in the Red Cross first aid tent until the big blow passed. Cedar St. off Plainview Rd. was used 12 years ago when Stanford (Sam) Weiss was chief.

Some volunteer firemen on Long Island will never forget the 24th annual Tournament in 1952 held on Burns Ave. It rained so hard during the morning that the contests had to be postponed until the following Saturday. The parade was held, however, and many a uniform shrank to midsize. (See picture).

Bethpage Rd. was the scene of

IT WAS A WET MORNING in 1952 when the 24th annual parade was held as is surely recalled by Joseph A. Reinhardt (left) and Frank Sater, parade judges standing on the arch on Burns Ave. It was the first time in many years that wet weather forced postponement of the tournament until the following weekend. (Photo by Frank Mallett)

WHILE HICKSVILLE has been host to its own Labor Day firemen's parade and drill for 35 years, going back to 1928, the local fire dept was host to the Southern New York Firemen's Assoc for its tournament here in 1908. These were the members of the prize committee that year, from left, Arnold G. Heltz, Joseph Oswald, John Puvogel and Jacob Steinhart.

the last "super" tournament. There were so many entries and so many events that the final contest was staged, with the aid of floodlights, just before midnight. Nowadays the more streamlined drill is concluded by six or seven o'clock in the evening.

Levittown Parkway provided an excellent location with its wide, grassy shoulders. However, the long bike down Old Country Road brought some protests from visiting fire departments. There is some kind of a rule limiting the marching distance to two miles.

The annual event is now pretty well settled down on the paved parking field of Mid Island Shopping Plaza which provides plenty of space for a racing course, grandstands for about 5,000 persons, convenient parking. It will take place at the Plaza again this year.

Mechanical Changes

While the young men who race and compete have changed little, the mechanical devices utilized have changed greatly. As for the men: they must still be athletic, in top physical condition. They have to be able to step off a vehicle moving at 25 miles an hour or more without breaking a leg.

The drill team members, who work out like any athletic team with constant practice in their home communities, must be able to run, climb, haul. Certain of them are specialists, particularly the vehicle operators.

While it can be argued that like horse racing improves the efficiency of the volunteer firemen, the contrary is evident. The equipment used will probably never see service in fighting an actual fire except for some rare emergency. The stunt-climbing ladders are built to the stride of the climber. The ladders have wheels on one end to be dragged after the speeding fire truck and have spikes on the other end to dig into the asphalt paving.

The hose carts and pumpers may look something like regular fire trucks with red paint and polished chrome and in the heavy pump events must actually conform to certain standards as to weight and pumping capacity. But the speedy, little hose and ladder wagons have been described as a cross between a hot rod and a fire truck. Under the hood of a Ford, Chevrolet or Buick you are likely to find a Cadillac or super-charged Chrysler engine. La Salle gear-box and other custom built features common to hot rods. Racing slicks are stock equipment.

The vehicles are handled with such delicate care and attention that when Hicksville and other fire departments went to Buffalo earlier this week for the State Drill, the racing trucks were carted the whole distance on a big, flat-body trailer truck.

Years gone by, the regular every day fire trucks were used in the drills with the possible exception of a cutdown, rebuilt pumper particularly tuned and groomed for split-second performance.

25,000 Spectators

A national publication "Hot Rod" featured in its April 1962 issue "New York's Druggie Fire Wagons" which included text and pictures by Jack Eaton and this comment: "New York is the home stomping grounds of some of the hottest fire equipment this side of Hades".

"Public reaction to the tournaments is excellent," Eaton wrote. "In Hicksville, Long Island, for instance, the annual Labor Day Tournament brings out some 25,000 spectators. More people come to Hicksville's drill than turnout for the State Tournaments."

Men and their vehicles race the sweeping tenth of a second hand on a clock all afternoon. Even the timing has been modernized. Electronic equipment is set in operation by a trigger on the racing course when it is touched by the front wheels of the wagon. When the dead corner of the target is struck by water, another electrical connection pin-points the time.

Octimars as judges would take out their big pocket watches and at the end of an event compare watches and split the difference. Then came stop watches and now electronic timers. Former chief Henry Gebhardt who judged firemen's drills all over the State used to tell this writer the importance of holding a stop watch "just no" to take up the slack in a thumb muscle.

Scoring in events is on the basis of points (5 for first, 4 for second, etc.) which are accumulated during the afternoon to determine the big winner of the

day. Oyster Bay Rough Riders, several times State Champions, have an impressive list of total point wins in Hicksville; although sometimes by as narrow a margin as a half point.

Creature comforts have been modernized at the tournament as well. The judges now are seated high over the course on a steel framework, shaded from the sun. In the old days the judges' arch was a rickety wooden span supported by four discarded telephone poles.

For the spectators there are now modern steel stands, some loaned by Hicksville School District from the Junior High athletic field. There is a modest grandstand admission charge, but you can see most of the events without buying a seat. You can watch the entire parade by standing at the curb along Broadway, anywhere between Marie St. and the entrance to the Plaza parking field.

See you in the crowd on Labor Day.

Town Board Approves Motel

The Oyster Bay Town Board has approved a zone change application of David Margolis from Residence C to Business F and special permission to use property at the corner of Broadway and the southline of Northern State Parkway, Jericho, for erection and maintenance of a motel.

The approval is granted subject to four special conditions: (1) westerly end of the property must be landscaped to provide a buffer zone, (2) screening must be planted along the northerly boundary, (3) no signs to be erected on the roofs, and (4) the motel shall not comprise more than 80 units.

THOSE TERRIBLE SIDEWALKS

An Open Letter To Town of Oyster Bay and Nassau County Planning Commission

For the past three years complaints have been forwarded to you regarding the condition of the sidewalks and some of the streets in West Birchwood.

For these same three years, we have received the same run-around, that these conditions were examined and that something would be done about it.

Since nothing has been done for three years and these conditions have worsened and multiplied, West Birchwood is now recognized as the community of cracked walks, half walks and no walks.

Town Councilman Poulos:

Enclosed is a copy of Planning Commission letter about which we spoke on Friday, June 21st, 1963. I hope that you will be successful in doing something to help us. We certainly appreciate your efforts in the past and our community has been informed that you were instrumental in helping to solve our grade crossing problem. Anything you can do here will be deeply appreciated.

As a matter of fact, an inspection of the various premises where defective conditions exist, as was forwarded to Mr. Hicks, will show that the defective condition does in fact exist.

The community is pretty much up in arms about the whole thing and whether or not the concrete tests was of the proper mix would not seem to justify the fact that the sidewalks would just crumble and rot away for any apparent reason. As you know, our community is a fairly new one and all of these sidewalks have been recently installed. The situation seems to go hand in hand with a poor drainage condition after every rainstorm and seems to be a matter of poor engineering generally.

Of course, if I can be of any assistance personally in supplying information, or anybody in district, we will be very happy to work with you.

Thanking you in advance for your cooperation, I am,

Joint Institute For Adult Studies

The Jewish communities of Bethpage, Jericho, Plainview and Syosset have joined together for the first time in a program of adult education.

The fall term will include a series of formal classes and lectures, both to be held on Monday evenings commencing Oct. 14. This compact program will enable all participants to spend a concentrated evening of education and enlightenment.

Formal courses will be given in History of Judaism, The Prayer Book, Evolution of Jewish Law, The Bible, Beginner's Hebrew, Intermediate Hebrew, Conversation Hebrew, Jewish Literature, Jewish Music and the Yiddish Language.

The lectures on various topics of current interest will be offered by prominent Jewish scholars. Beginning Jan. 13, 1964 there will be a six-week course in "Comparative Religion" with Rabbi David Wolf Silverman as instructor.

Participating in this program, under the chairmanship of Seymour Baum of Midway Jewish Center, are the following: Bethpage Jewish Community Center, Midway Jewish Center, North Shore Synagogue, Plainview Jewish Center, Temple Or-Elohim, Mammetto Hill Chapter and Lodge, B'nai B'rith, and Tzofar Chapter of Hadassah.

Registration dates, places and costs will be announced by the participating organizations or can be had by calling any of the above Temple or Seymour Baum (WA-1-0981).

Dr Frisch Resigns Jericho Board of Education Post

By Selma Constant

At the regular meeting of the Jericho Board of Education on Aug. 15 Dr. Thomas Carey, Superintendent of Schools, discussed the experiment which will be conducted in the kindergarten classes of all Jericho elementary schools starting in September. The original plan has been expanded under the guidance of Brooklyn College and the State Dept. of Education in Albany. Language arts is a newer feature of the program.

Kindergarten children in all schools will be divided into three groups - reading, speech and language; and a control group. The children will be chosen in a completely objective manner and parents with children in the language and reading groups will be advised of this with the option to withdraw the child.

The administration feels that this can only bring good results as it encourages schools to look at things which improve instruction. This particular experiment is geared to find out how soon to start teaching elementary school children.

FRISCH RESIGNS

It was with deep regret that Dr. Arthur Carin, President of the Board of Education announced the resignation of Dr. Paul Frisch from the Board of Education. Dr. Frisch has recently undertaken several new professional assignments. He has

Attend Workshop

On Saturday, Aug. 17, Dr. Thomas Carey, Superintendent of Schools, and Hal Felsner, a member of the Jericho School Board attended a Workshop for New School Board Members at Chancellors Hall in Albany. The Workshop was sponsored by the State Dept. of Education to provide new school board members with background information about education in New York State and information about the legislative and judicial functions of school boards. Those present also had an opportunity to learn about the services provided by the Dept. of Education to local school boards. Experimental programs discussed were team teaching, ungraded primary schools, the gifted child, teacher aides, teacher recruitment and improvement or rural schools.

been appointed Acting Chairman of the Psychology Dept of Adelphi University. He also has been appointed program chairman of the American Academy of Psychotherapists. In this capacity he will plan the 1964 Annual Meeting of the organization, a meeting attended by several thousand psychologists and psychiatrists from all over the United States.

In his letter of resignation, Dr. Frisch expressed the deep satisfaction that he has gained from his experience as a member of the Board. Mr. Hal Felsner, a member of the Board, expressed his sorrow that Dr. Frisch will not be with the Board and his gratitude to Dr. Frisch for contributing to the progress of the school district. The school board will appoint someone to fill the vacant term.

The Board of Education approved the participation of the Jericho School District in the newly formed Nassau School Development Council. The Council will investigate newer techniques advocated by the State Dept. of Education. It will promote study of noteworthy instructional procedures and will provide a basis for continuing experimentation in member schools. Investigations will include newer methods of teaching mathematics, team teaching, redesigning science programs and teaching foreign languages at the elementary school level.

COMPLAIN TOWN ALLOWS LITTERING

Three Republican insurgents seeking GOP nomination took a rap at town administration for allowing portions of "our community to look like rubbish dumps".

They called for strict enforcement of town ordinances to eliminate litter at shopping centers, industrial areas and on residential streets. The three are Arthur C. Levy of Syosset; George E. Bailey, Jr. of Hicksville; and William J. Musso of Plainview.

AT A RECENT RECEPTION held in his honor, Lawrence J. O'Brien, of Syosset, fourth from left appointed this month to a two-year staff position with Peace Corps, is seen with his wife, Ilsa, first on left; Mrs. Jack English, Syosset, and Harry Gerson, president of Syosset-Jericho Democratic Club. O'Brien, now on leave of absence from College of New Rochelle, has been assigned to French West Africa. (Photo by Mike Kuhlitz)

Labor Day is almost here and our thoughts are turning toward our winter league again. We couldn't help but be reminded of our BCA bowlers anyway, for on Monday nights the mixed summer league we are participating in is loaded with our own boys.

Fred Green is going great guns. He holds High Game Scratch with a 222 and is tied for most 200 games at 3 with Sid Simon and Art Meadow. Sid Simon also has High Series Scratch at 578 and Herb Brody is High Average leader with 168. Marv Kahn has High Series Hdp. with 683 and yours truly has High Game Hdp. with a 253.

We must not forget the ladies. Alice Meadow seems to have a stranglehold on the ladies division. She leads High Average with 135, High Series Scratch with 459, High Game Scratch 189 and most 175 games or better with 2. Lorraine Simon has High Series Hdp. with 647 and Stella Garaffa has High Game Hdp. with a 243. Sylvia Mattes and Sonia Rosenthal have each bowled 1 game over 175 and both are still gunning for Alice in that dept.

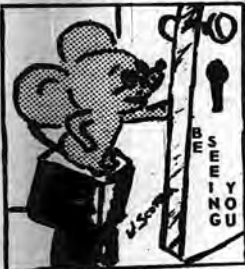

At present, Section 1 is being led by the team of Art & Alice Meadow and Mel and Leah Corwin. Section 1A finds the team of Sid and Ellie Sachs and Morrie and Rhoda Herrick leading the pack. We may very well see these two teams meet in the one "championship" playoff game that will take place on Monday night, Aug. 26, after the regular league bowling. The winners will get the overall championship trophies. The losers will receive the Section champion trophies.

Meanwhile back at 99 Hazlewood Drive, Elliot Spencer has his problems. We have many more names than openings in our BCA winter league for this coming season. League Pres., Leo Geyer, and his Exec. Comm. are in the midst of trying to find a solution to this problem. But practice up, you guys that haven't been bowling. Remember, this year we start with our last year's averages and only new league entrants will have to establish a new average.

Martin to Receive Paragon Award

Leon J. Galloway, principal of Hicksville Sr. H.S., this week announced that Peter Martin of 85 Vincent Rd., Hicksville, has been designated by the school's faculty to receive a 1963 Paragon Old Student Incentive Award.

The local youth will be among the outstanding seniors of some 100 Nassau and Suffolk County high schools who, during their junior year, excelled in English, Science, and Social Studies.

Temple Stages Open House

On Saturday, Aug. 31, Temple Or-Elohim, the Reform Congregation in Jericho, is holding an open house on the Temple grounds at Tobie Lane. This will be an opportunity for all new and prospective members to meet Rabbi Herbert H. Rose and Cantor Robert M. Bloch, as well as the officers and trustees of the Temple. The Rabbi will answer questions pertaining to Reform Judaism as well as to Temple.

Temple, Sisterhood, and Men's Club are joining together to provide music, entertainment, and refreshments in order that this evening be both enlightening and entertaining.

Irving Weiner, Membership Chairman, personally wishes to invite all interested to this gala event starting at 8:30 P.M. and urges you to bring along your friends and neighbors to visit Temple Or-Elohim.

Events Calendar Starts with Fall

In our May 30th issue of "THE VILLAGER" we reported that the column "Calendar of Events" will be started in our newspaper again. This column has proved very popular and once again we are happy to report that Bea Diamond will be back with us to handle it.

With the Fall season soon upon us and with it organizational work getting down to earnest, we suggest all organizations contact Bea at OV 1-1283 if they are interested in having events listed. Please, at least three weeks in advance of event date to insure sufficient time for publication and maximum publicity.

One of Hicksville's newest business firms, Estey Electronics located on West John St. (at the south entrance to Mid Island Plaza) is the American distributor for a new invention called the Cinebox. It is a coin-operated machine that holds 40 three-minute color sound films which can be selected for play just like records are selected on a juke box. The films are projected on a small screen on the top of the machine. The Cinebox was discovered in Milan, Italy where it was invented and will soon be in use in the United States....

Dear Neighbor:

The recent notices and letters that have announced our 1963-64 membership drive have been very well received.

Temple Or-Elohim cordially invites you to join us, as guests, in a "social" on Saturday evening, August 31st, at the Temple. This particular evening has been expressly set aside to enable you to meet our new rabbi, Rabbi Herbert H. Rose, and to discuss any questions with him which you may have regarding Temple affiliation and our religious school. Cantor Robert M. Bloch will also be on hand, together with many of our congregants.

I do hope you will come and participate with us in this evening of camaraderie and just an old fashioned "get-together". Sisterhood will provide refreshments, can promise you that this evening will be a memorable one.

Sincerely yours,
IRVING L. WEINER
Membership Chairman

Comet Physicals On Aug 28, 29

Hicksville School District Athletic Director Chet Jaworski looks for the start of another banner year on Aug 28 and 29 when Hicksville High School Soccer, Tennis, Cross Country and Football hopefuls turn out for their physicals at the Senior High. Hours are 9 AM to 12 noon on Wednesday and Thursday.

PBC Seniors In Semi-Finals

On Saturday August 17, the Hicksville Police Boys Club Senior Division baseball team defeated Wantagh PBC by the score 4-3. Winning this game allows Hicksville to continue competing for the Nassau County crown.

Hicksville pitchers, Bob Smith and Dick Dorsch, worked on a rotation basis with each pitcher working every other inning. Bob Smith pitching four innings allowed only four scattered hits while striking out eleven. Dick Dorsch worked three innings, giving up one scratch hit and fanning eight.

Hicksville held a 2-0 lead for four innings until Wantagh was able to break through with two runs in their half of the fifth. In the sixth inning, however, Wantagh took 3-2 lead on a single by Wantagh pitcher Harvey Lieberman.

Leading off the seventh and final inning for Hicksville was Dick Dorsch with a line drive double to right. With two out Hank Uffmann tied the ball game with another double. The score was 3-3 when John Lansing hit a sharp run-producing single which gave Hicksville the lead and also the victory.

15 Brownies Fly Up

Fifteen members of Girl Scout Broward Troop 531, Dutch Lane School, Hicksville, received fly-up wings from leaders Mrs. Ann McDonald and Mrs. Honora Feinberg recently.

The girls presented a program based on the World Assoc. Plan. The Girl Scout promise and laws were presented in a candle light ceremony. The Scouts were Ellen Bolson, Barbara Commelle, Ellen Feinberg, Judy Hecht, Dianne Holly, Gwyneth Jones, Patricia Kozlov, Diane Lauricella, Lynn McDonald, Audrey Schoenbaum, Margaret Schorrer, Janis Simpson, Karen Turner, Kathleen Johnson and Renee Greenberg.

AROUND THE DISTRICT Product of Our Times?

By Joe Koerner

Some wear the cloak of greatness; long before their teen-age years, while others do not. Some channel their youthful exuberance in the best direction and prepare themselves for the roles of scholars, tradesmen, musicians, athletes and dramatic stars of tomorrow. The names run into the thousands and every field of endeavor is accounted for. 99% of them, are good solid citizens of the teen-age hierarchy but 1% are not.

We have the Mike Clair's, who take the night train out of Comedland as heroes and suddenly find themselves also rans, in the next port of call. The competition is rougher and there's few setups along the way. But youngsters like Clair, wear their mascot well and manage to survive while others fall by the wayside. In his case it was a long, hard pull, working his way to the top of the St. John's Jaycee basketball ladder, but he made it in great style and all those who have followed and will continue to follow the progress of this youngster, agree that he'll be latching on to a Varsity berth in the seasons ahead. And then there's the Robin Winkle's, the Fred Kramers and the Larry Wesolke's. Pound for pound, Robin has been one of the finest schoolboy wrestlers in Meteor and Comet history. He often met his match in the form of another mat fiend by the name of Brian Lambie of Clarke but this was always water under the bridge as far as Winkle was concerned. He was the type of youngster that wasn't sidetracked often or easily. The same held true for Fred Kramer; always a top drawer scholar and athlete, and as far as Larry Wesolke is concerned, you'll be seeing his name in print in the seasons ahead. There's a thousand more, including boys like Sam Blust, Bob Smith, the Coletta boys, Bob Cerone, Gary Sonostean and so on, down through the alphabet. Blust and Smith got the once over from the Houston Colts, at the Oyster Bay Memorial field, a few weeks back. Neither wound up with a big league contract but they did impress the Colt management enough to guarantee a few more lookovers in the season ahead. Bob Cerone, Garry Sonostean and Chris Coletta are making their way in grand style, though the big league farm clubs and should be rating a crack at the bigtime in the years ahead. All are in the top three in their respective leagues. Sonostean after a solo start is now clipping along at an 11-5 pace. Cerone leads the Mid-Western league in no less than 4 pitching departments and Coletta, plus holding down the 2nd batting spot, also leads his league in doubles. Then of course, there's the Brad's and the Chip Jaworski's, the Vin Houstons, the Bill Lafts and last but by no means least the upcoming athletes of yesterday and tomorrow. Their names are legion and if we were to single out each individual for a rave notice, we'd need pages of newspaper. These are the unsung heroes of the teen-age hierarchy and their numbers range up to the high water mark of 99%.

But what of the other 1%? The minority who gather on street corners and school lots, long after the normal ones have travelled elsewhere. Who are they and what purpose are they serving, by emulating the hood tactics, they seem to prefer? A few weeks back, they vandalized the Junior High Clock tower. Last week they returned to finish the job. Had they tied a dummy or an old rocking chair to the structural part of the tower itself, this could easily be condoned as a practical joke and would still have received the publicity desired. But instead what course of action did they take? They vandalized the clock mechanism and went as far as to remove all hands from a 4 faced clock, which had recently been renovated at considerable cost to the taxpayers of Hicksville. This of course is not the first time, this area has been vandalized and it probably won't be the last, unless some method is inaugurated, whereby school vandalism is curbed. A clock tower; especially an old town landmark, is good news and allows the average reporter a fine play on words. It hits the reading public in the funnybone and while they're still

chuckling the vandalism continues. It costs these very same taxpayers in excess of \$100,000 annually to follow up the antics of this 1% minority and the balance of their actions very seldom sees its way into print. A broken window, at approximately \$5.45 a break, is by no means a headline matter. But multiply one break by 60 to a hundred, over an average weekend and you have the grand total of approximately, \$500 per weekend. Add this figure to the cost involved, cleaning up after a break into the building itself and you have enough too to keep Cadillac's in the driveways, of those who provide mending services. Building break-ins, rifled science and office areas, shower and gym fixtures turned on and left running! to flood an entire lower floor, sides of bldgs and wooden stoops set afire handrails torn off, playroom screens cut and rendered useless. These are the things that allow no play on words. These are cold, hard facts and no amount to head hiding is going to lower the cost involved. Last week Editor Noth started the ball rolling with a frontpage editorial that brought many other incidents of vandalism to light.

Some of course, sound fantastic but only to those who are not in the position of processing monthly bills, that face the local School Board and the Administrators.

Vandalism, is without a doubt a costly method to appease the 1% minority, and the red raw figure of \$100,000 annually is no padded in any way. It exists and will continue to exist until such time that methods are devised to stop it. And many methods have been tried in the past, including patrols of every type and description. The Police too were alerted and worked closely with the official school family. Still no surefire results. For the past three months, over weekends, lights were left burning, men were stationed in the worst areas and a legion of other ideas were sought and put into practice. All were unsuccessful. The destruction continues and only stops during the dead of winter, when the vandals seem to go into a state of hibernation. Come spring they're out in full force again and the cycle repeats itself once more. Bored malcontents suddenly take great pride in completely senseless destruction of school property.

SURE SIGN of Better Living All Over LONG ISLAND

All over Long Island home-owners are switching from ordinary heating fuels to clean Gas Heat. And with good reason. Gas burns completely, doesn't throw off tiny soot particles that cover walls, ceilings, furniture with a grimy film. And Gas Heat is dependable. A modern Gas unit has fewer moving parts than ordinary fuel units. Less chance of breakdowns, less chance of costly repair bills. Best of all, when you convert to Gas Heat, LILCO offers you a money-back guarantee plus a Free Service Policy that provides for inspection, adjustment and cleaning of your Gas heating unit whenever it becomes necessary. And without charge!

It's easy to convert to clean, dependable Gas. So take a tip from your neighbors and do it now. Just mail the coupon for a FREE Gas Heat Home Survey, or phone Mr. Kent at LILCO, PI 7-1000.
