## Ex-Town Official Dies in Florida

John R. Brandt, an official of the Town of Oyster Bay for a quarter century, died yesterday (Wed) in the Florida city where he served as mayor. He died suddenly on Monday of a fatal heart attack at the age of 69.

Affectionately known as "Doc" being a licensed pharmacist, was one of the first councilmen in the township when that form of government was adopted around 1932. About ten years later he was elected town highway superintendent and held the office until he retired in July 1956.

Before making a career of public service, he and Arthur Gerdes operated the Hicksville Rexall Drug Store, formerly Rave's Drug Store, on Broadway. He was very active in Hicksville civic and community affairs and at the outbreak of World War II was the local volunteer chairman of Civilian Defense.

He came to prominent public notice when he was named chairman of the Hicksville Emergency Relief during the Depression. When the Town government was charged to provide for a town board of four councilmen, instead of justices of the Peace, he was

nominated and duly elected. Prior to that time he had been chairman of the merchants' division of the local Chamber of Commerce.

In 1941, he succeeded Henry Schaefer, also of Hicksville, as town highway superintendent at a time when there were about 250 miles in the town highway system. He was succeeded on the Town Board by Frank Chabauty as councilman. When Brandt left town hall in 1956, to be succeeded by Thomas R. Pynchon, more recently Town Supervisor, the mileage of town roads had grown to 600 miles.

Doc Brandt rather enjoyed the distinction of being No. 1 Charter Subscriber to the Herald when it was established 15 years ago. When he moved to Boca Raton, Fla., he had the paper follow him there weekly.

A life-long Republican, he served as a city commissioner in Boca Raton from 1960-64 and was mayor of the city in 1962. Hicksville residents enroute to warmer climates in the winter, visited Brandt at his home. There they frequently sent back messages of greetings

## Jackson Will Seek Re-election

George A. Jackson of 61 Berkshire Rd., president of the Hicksville Board of Education, will be a candidate for re-election to a three-year term in the May annual school election, it was learned this week. Friends have begun circulation of nominating petitions in his behalf.

An administrative executive at the Brookhaven National Laboratory, Upton, Jackson was elected to his first three-year term on the Board in 1961. At that time he ran with Francis (Dom) Sabatella who was also elected and then resigned recently when he moved out of the District. The Sabatella vacancy was not filled by appointment or special election.

Jackson has been a Hicksville resident for eight years. He is the father of three children attending the Hicksville schools. He is active in the Little League.

While there are rumors regarding other candidates for the Board, none have officially announced their intentions to date.

George A. Jackson

The deadline for petition filing for place on the ballot is April 22.

## Fire Dept., PBC Assist Fund

Two community organizations made substantial contributions to the John F. Kennedy Memorial Hicksville Fund this week. The fund is being raised to provide for a substantial flag pole and base to be erected in the area bounded by Broadway and Jerusalem Ave., north of the LIRR crossing. The entire area is scheduled for rehabilitation and landscaping when the crossing elimination work is completed.

Contributions may be made at the Long Island National Bank, Main Office at Broadway and Herzog Pl., Hicksville, or mailed to the Fund at PO Box 95, Hicksville. All contributions will be acknowledged.

# Tape Recorder Cancels Meeting

A meeting of the Hicksville School Board liaison committee with non-teaching personnel - clerical, custodial, etc. - was abruptly ended Friday night when Trustee William A. Bruno Jr. declined, after three requests by Committee Chairman Herbert H. Johnson, to discontinue the use of a personal tape recorder. Johnson declared the meeting was a committee session and thus off the record. Commenting on the incident at the Board meeting later the same evening, President George A. Jackson declared that he felt that Bruno had performed a "diservice" to the non-teaching personnel in his insistence upon the use of a

personal recorder which led to adjournment of the session. It had been planned to discuss possible adjustments in the wage scales for non-teaching personnel.

Bruno had left the regular Board meeting shortly after it began and was not present when Johnson made his report. In a later statement to the press, Bruno charged "the double standards of the Board majority reared its ugly head at a meeting of the Liaison Committee-Non Instructional Personnel... as a minority member I say 'what's good for the goose is good for the gander.'"

## Comments on Teacher Wages

By George W. Kunz

As a member of the school Board, I have a responsibility to speak out on the issues. Admittedly, there are people who may not agree with positions I take, but at least they know where I stand. One of the worst things that can happen to a public official is to assume he can please all of the people all of the time.

The issue I intend to cover by this article is the one recently expounded by the Hicksville Classroom Teachers Assoc. The spectacle of teachers standing down at our railroad station handing out circulars is sad indeed. To those who feel the Board is to blame let me say there are two sides to every story. Up and the membership of the HCTA have only had a one-sided view of the situation.

Since last October a committee of your Board met frequently with representatives of HCTA on the matter of revising the teacher's salary scale. It had been our hope to arrive at some general agreement that would enable us to render a joint recommendation to our respective groups. As matters turned out, most of the problems were solved with a unanimity of opinion. The question of how much money could be budgeted for further salary increases, however, became a crapper. This, then, appears to be the sole issue - the issue of money!

The last "flyer" which our teachers distributed had a curious emphasis on alleged "inadequacies" on the Masters level of our salary scale. It is not my intention to ignore other teachers who may not be on the Masters level, but for the purpose of this article I will confine my remarks to the specific "inadequacies" complained of.

As of January 1, 1964, a new salary scale went into effect granting teachers an upward adjustment of salary. The most recent scale adopted by the Board will take effect January 1, 1965. On the Master's level, a beginning teacher - with no experience - will start at \$6000. per school year. The scale provides for automatic increases each year for eighteen (18) years to the maximum sum of \$10,830. per school year. Comparing the scale in effect now and the newly-adopted scale which takes effect next January, teachers will receive salary increases from one step to another as follows:

STEP	ACTUAL SALARY INCREASE
2	\$470.
3	555.
4	640.
5	625.
6	610.
7	595.
8	580.
9	565.
10	550.
11	535.
12	520.
13	505.
14	490.
15	475.
16	460.
17	545.
18	630.

For those teachers who have twenty (20) or more years exper-

ience the Board has placed an additional \$21,000. in the budget to be distributed by the Superintendent (after consultation with the respective principals) on a merit basis.

Analyzing the amount of salary increases granted automatically to a teacher from year to year, how would you compare them to those given in business? I'm sure you'll find the increases exceed those which a person outside of the teaching profession can expect to get. And in business - unlike the teaching profession - salary adjustments are based on merit. If you don't produce for a business, you don't get a raise. Under our system, however, a teacher is automatically entitled to the increases mentioned for the first thirteen (13) years.

You may have noted from the preceding remarks that I referred to a teacher's salary as pertaining to a "school year". I did this purposely because many people seem to feel that a teacher's salary is an "annual" salary. Actually, it represents remuneration for nine (9) months work. I am referring, of course, to the fact that a teacher does not work during July or August; has a week and a half off during the Christmas holidays; two days for Thanksgiving; a week for Easter; and a week off for "winter recess". Any teacher that works for our district during the summer - either for Summer school or on curriculum matters - is paid an additional sum.

To emphasize my point, take the fellow who commutes to business. During the year he has 104 days off for Saturdays and Sundays. In most cases, he is entitled to two weeks vacation, or 10 working days. Additionally, he has legal holidays up to a maximum of ten more days off. In effect, he can expect 124 days off per annum which means he actually works a minimum of 241 days per year. Compare this to a teacher's work-year. In our district they work from 180 to 184 days per year.

Under the new scale Master's level, the teacher's average daily wage is as follows on 180 days worked: a teacher's actual earnings would be, on the Masters level as follows:

STEP	NEW SCALE WAGE	AVE. DAILY WAGE
1	\$ 6000.	\$33.33
5	7125.	39.58
10	8550.	47.50
15	9975.	55.42
18	10830.	60.17

A teacher with ten years of experience earns the equivalent

of an annual salary (241 working days) of \$11,447.50. After fifteen years it rises to \$13,356.22, and by the last step on the scale he can earn the equivalent of \$14,500. per year. If this constitutes "abstinent neglect" of our teachers, or represents "low pay" then I must be in the wrong business.

Our district is alleged by the HCTA to be close to the "worst-paid district" in Nassau County. I take strong exception to this statement. On the other hand, if the teachers group can substantiate it, then I think it is time for all Boards to take stock of the situation. It certainly seems, at least to me, that the teaching profession is now well within the realm of reasonable compensation.

An important factor which you must consider (the HCTA failed to mention this in any of their circulars) is the bill now pending before the State Legislature... It would grant to teachers an additional five (5) per cent in take-home pay. Should the bill pass (and there are strong indications it will) the cost to our district may run upwards to \$300,000. or more. The bill will mandatorily increase each teachers salary by 5%, and the additional sum will have to be put into future budgets. This is something, unfortunately, over which your Board will have no control.

I sincerely regret having to deal in public with what is obviously a sensitive issue. The HCTA, however, is forcing the issue, not the Board. A teacher has my utmost respect for what he or she does to train and develop a child. I am not intending to detract from their ability, or to challenge their dedication to their profession. I know, in fact, that most of the teachers in our district do not subscribe to (and some abhor) the pressure tactics of their co-workers. Unfortunately, however, the militant few are casting reflection upon the teaching profession as a whole.

## Attend Oontera Operation Igloo

The weekend of Feb. 28th through March 1, Troop 293, sponsored by the Hicksville Methodist Church attended Operation Igloo at the camp site at Oontera, N.Y.

Nine Scouts attended, supervised by Assistant Scoutmasters Thiel and Greenbaum as well as the Committeeman, Walter Osbar.

## Mid-Island Clean-Up

Operation Spring Clean-Up of the Town of Oyster Bay will begin March 30, it was announced by Council Edward J. Poulos, Town Board Majority Leader. Townspeople having rubbish for pick-up may call WA-1-0893 and they will be put on the special collection list.

The Mid-Island area collection between Jericho Tpke and Hempstead Tpke is April 6 to 11.

Admission is free. VERA MATTI IN of 113 Morton Blvd., Plainview, is among 140 New York State Regents College Teaching fellows enrolled during the current academic year at New York University. The Teen Center of Redeemer Lutheran Church, New South Rd., Hicksville, will have a Shamrock Hootenanny this Friday night, Mar. 20 from 7:30 to 10:30 P.M. MIKE FOLEY and the "Down and Out String Band" will perform along with CAROL RONDEAU and others, it is open to all teens. The Boys' Chorus of Hicksville Junior High School under GERALD BARKER has been invited to perform at two junior high schools in Westport, Conn. There will be no further regular meetings of Hicksville School Board this month. The A. Capella Choir of Concordia Teachers College, Seward, Nebraska, will present a concert at Trinity Lutheran School Auditorium on Saturday evening, April 4, at 8:15 P.M. Hicksville Chamber of Commerce has filed a complaint with the County Public Works dept. regarding the lack of traffic direction and safety precautions on Woodbury Rd. project.

Acting Postmaster IRENE MURPHY told the Hicksville Chamber at a meeting on Mar 6 that the new Post Office on W John St should be occupied by 1966. Trustee WILLIAM A. BRUNO Jr brought a complaint before State Education Commissioner JAMES ALLEN recently regarding his fellow members on Hicksville School Board. The case was scheduled for oral arguments in Albany last Thursday March 12, but was postponed at Bruno's request. The new date is Wednesday, April 8. All involved have already filed answering documents on each other. A memorial concert honoring the late JOHN F. KENNEDY was held in the high school auditorium last Friday night. The School Board called a recess in its regular session so they could attend until the first intermission.

**Red Cross Aids Local Families**

The Home Service Dept. of the Nassau County Chapter of the American Red Cross was able to bring comfort to 21 families in Hicksville in the month of January, and 15 in February.

Four of these families needed husbands or sons home on emergency leave. The military has the sole authority to grant emergency leaves but asks Red Cross as a voluntary agency in the community to verify the need for the serviceman's presence.

In one instance a serviceman's mother had died. The Red Cross was requested by the military to verify the death and funeral arrangements before the military was willing to grant the leave.

In another instance a serviceman's wife was having severe fainting spells after the birth of her first child. Her physician recommended that the serviceman come home for a two week period in order to help her recover from her experience.

Emergency leave time is taken from the leave time earned by the serviceman during the year. If a man is brought home from overseas the situation must indeed be critical. This is an expensive situation for the Government. However, on emergency situations, the military provides transportation to the Continental United States, the serviceman has the responsibility, once in the United States, to pay his own pay his own way to home. This can be an expensive proposition to a Long Islander who is in the Pacific Theatre. The Red Cross director stands by to grant or lend money for transportation.

A Hicksville wife appealed to Red Cross for financial assistance. She had not received her allotment of \$45.00 a month for herself and two children. Red Cross came to her rescue and paid her rent. The Red Cross aided her in writing to the Finance Center in Indianapolis to find out why she had not received her allotment. It was learned that she had recently moved to Hicksville. The allotment had been sent to her former address and the landlord had returned the check. Government checks must be returned to the Finance Center if the payee is not at the address given.

Another Hicksville family, where the husband and father is stationed at the Brooklyn Navy Yard, appealed for family counseling. The situation was referred through Family Court. The family was seen by one of the professional case workers who has her Masters degree in social work from Columbia University. Through several interviews the husband and wife were helped to understand each other and the demands made both by family and military life.

In 1963, some 5,024 servicemen, their families and veterans in Nassau County were given assistance through Home Service of the American Red Cross, 264 Old Country Road, Mineola.

to his friends on Long Island. He was for a number of years an active member of the Hicksville Rwanis Club. In 1949 he was elected President of the State Town Superintendent's Association.

Funeral services were to be conducted Wednesday morning in Boca Raton Methodist Church with burial in Boca Raton Cemetery. Survivors include his wife, Lillian; a son, Norman; a daughter, Mrs. Audrey Brandt Foley of Hicksville and two grand children. He was a native of Tom's River, N.J.

# Annual State Aid Battle

by Fred Noeth

The New York State Legislature assembles in Albany about the first day of each New Year and concludes a regular session by the end of March or early April. Each year an increasing volume of bills are introduced and passed, touching on many phases of daily life in the Empire State.

The one topic which appears to attract the greatest public attention, most years, is that of State Aid to Education. This year, is no exception. As a matter of fact, the pressures upon the Senators, Assemblymen and Governor this year are greater than they have been for several years. The demand is always the same, although the tactics and pressure may vary from session to session: the State should open its coffers and give the local school districts more money.

The following paragraph could have been written last week: "Following the lead of the New York State Congress of Parents and Teachers, the Hicksville P-TA is participating in the campaign for increased aid for the educational system."

Actually it was written in February 1947—seventeen years ago. It went on to note that letters and telegrams were being sent to Nassau members of the State Senate and Assembly and the Governor. (The Governor then was Thomas E. Dewey).

In that year the emphasis was on increasing state aid coupled with raising the minimum teacher salary schedule. The proponents of an increase in aid were asking that the state

lift its share from \$100 to \$175 per elementary school pupil and from \$130 to \$225 per high school pupil.

In contrast, the emphasis this year is for a lift in aid from \$500 to \$535, although there are many who privately hope they will at least get an increase to \$535 (Assemblyman Edwin J. Fehrenbach bill).

Part of the appeal in 1947 was to increase the minimum starting salary for teachers to at least \$2400 with a maximum of \$3600. The state minimum scale for teachers has since been increased substantially and you don't read much about movements to raise the state law minimum—particularly on Long Island where the starting wage is considerably above the state minimum.

In Hicksville, for example, the starting wage for a non-experienced teacher with a bachelor of arts degree (effective Jan. 1, 1965) will be \$5700 going up on 18 steps to \$9600 and higher.

While there have been efforts made to set up some "permanent" program regarding State Aid, the so-called permanent program when adopted has frequently been dumped under the pressure of emergency measures. The possible solution in this year is expected to be another "emergency" solution.

## Long Range Program?

The teachers in 1947 were quoted as: "Our state can well afford to set up a permanent, long range program that will furnish a sound solution of the problem of increased cost of

education. In 1939 it spent one percent of our income for state aid; now it spends only .6 percent, although it expects to have a surplus in its treasury this year of \$100 million...."

In reply, Gov. Dewey in his budget message that year noted: "During the past four years our municipalities have been turning to the State for more and more assistance. \* \* \* Under the laws enacted last year, local assistance will go to a record high of \$371 million for the coming year. We are supplying approximately 55 percent of the State's revenue collections to the financing of local assistance, retaining only 45 percent for the support of the State's own functions. It is proper that the welfare of the local governments should be a prime concern of the State. However, this concern must not be carried to a point where it would weaken local initiative and responsibility. The major share of financing local functions must continue to be provided by the local communities themselves. \* \* \*"

The Citizens Public Expenditure Survey sounded a warning in 1947: "Plausible explanations can always be made for increased expenditures. These will be of little consolation to the State's million and a half income taxpayers, its two million passenger car operators, its home owners or its 13 million consumers when the State begins a search for new sources of revenue."

That search for increased revenues, last year, including proposed higher fees for automobile licenses and a boost in liquor license fees caused a violent reaction from Buffalo to Montauk Point. This year there is talk about a hike in the tax on cigarettes, off track betting parlors, and other devices. It does appear obvious that if the State continues to expand the distribution of its wealth with municipalities (cities, villages, etc. in addition to school districts), it will have to extract more revenue from many of the same people the increased state aid is expected to help.

Two highly coveted prizes were awarded to the Hicksville High School chapter of the Distributive Education Clubs of America (DECA) during the organization's annual conference at Albany, March 12-14.

For the 15 local students representing the school, their greatest thrill came when Hicksville was chosen as the State's Chapter of the Year. The trophy, a handsome gold statuette on a marbled base, was presented to the Club President, Miss Johanna LoGerfo, as a symbol of the State Organization's appreciation of the school's many achievements during 1963. Much of the work DECA did, consisted of professional and social activities from which the local community derived valuable benefits.

One of those activities directly contributed to the second important prize that came Hicksville's way, the Sales and Marketing Executives' research award.

Approximately 600 students from DECA clubs throughout New York State attended this fourth annual event, conducting the necessary administrative business at hand, and participating in contests displaying their particular talents in the distributive field. For Hicksville High, Linda Erwin brought home an honorable mention as the Student of the Year. Others who attended were Phyllis Jackson, Marie Morris, Maureen McClain, Tobey Halpern, Sandra Musack, Cheryl Donahia, Jacqueline Uvino, Valer Clemenz, Dennis Lane, Robert Bergin, Victor Clinco, William Rogers and Thomas Arundell.

## Comparison of Mid Island BA Teacher Salary Schedules

The following were the basic framework of teacher salary schedules for the year 1963-64 in the Mid Island area on the Bachelor of arts level. Scales range higher for Master of Arts and MA plus 30 points.

Step	Hicksville	Jericho	Plainview	Levittown
First	\$5,500	\$5,400	\$5,400	\$5,300
Sixth	6,600	6,700	6,600	6,500
Twelfth	8,000	8,500	8,400	8,300
Fifteenth	8,600	8,500	9,300	8,600
Maximum	9,600	8,500	9,300	8,600

By comparison, the scale for Hicksville District, effective Jan. 1, 1965 will be: First, \$5,700; Sixth \$6,840; Twelfth \$8,203; and Maximum (18th) \$9,600. Teachers with over 20 years service will be eligible for further increases on a merit basis.

## Switch in Votes Defeats Bill

Congressman Steven B. Derouin said Friday night in Hicksville that the Democrats defeated his proposal allowing tax deductions for college tuition. The Republican Congressman told the Ernest F. Franke Republican Club that three Democratic Senators, who co-sponsored his measure in the Senate, switched their votes causing defeat of his tax-saving bill. The meeting was held at Old Country Manor, Hicksville.

"This defeat denied middle-income parents much-needed relief," Congressman Derouin told his audience.

"I want to let you know that President Johnson opposed it, and the AFL-CIO called it a 'rich man's bill' which is ridiculous."

Congressman Derouin, who represents the Third Congressional District which includes a major portion of the Town of Oyster Bay, said that many families in his district would have benefited directly from his bill because they have children attending colleges throughout the country and pay tuition which is quite costly.

Congressman Derouin noted that Sens. Humphrey, Smathers and Hartke, all Democrats, were co-sponsors of the measure, yet they switched and voted against the bill that they were sponsoring.

The Congressman also criticized the administration's handling of foreign policy and blamed President Johnson.

"We do not have an American foreign policy today?" he asked. "We do not. We have nothing more than a confused, contradictory collection of many differing, often brutally self-defeating,

policies toward various countries."

## 1000 on Hand Greet Students

On Saturday afternoon, Mar. 14, over 1,000 spectators shouted bravos, during a standing ovation for eleven sixth graders who had just performed before the Music Educators' National Conference in Philadelphia.

Prior to the thrilling applause the Burns Ave. Elementary School Recorder Concert held this distinguished audience in enrapt silence. If one closed his eyes he would think the room was being filled with delightful chamber music played by a group year olds (some of whom have been playing their recorders for as short a period of time as six months.)

Gerald Burakoff organized the recorder concert in 1963. One of his goals was to expose talented students to the music of the masters and to intensify the level of small ensemble performance. This modest young conductor and arranger has inspired his proteges to the attainment of excellence in performance.

The children are as follows: Karen Alanko, Victoria Allen, Eleanor Arnold, Ronnie Ellen Boxer, Irene Caltagirone, Bruce Rudd, Jeffrey Schlegel, Jane Svarrich, Karen Somer, Wayne Sternberger and Neil Trablek.

Mrs. Elizabeth Oates, Mrs. Catherine Dooley, Louis Crandall and Mr. Harold Sternberger were the chaperones for the recorder artists.

### St Patrick Day Memories Linger

by Jim Cummings

St. Patrick's Day has come and gone but the memory will linger on all year in the hearts of happy Irishmen. A Hundred Thousand Stragg. The parade in Hempstead, Sunday was reviewed by Bishop Kellenberg and many dignitaries... We noted with pride the St. Ignace "Juniores" in the first public appearance smartly dressed and received a wonderful hand from the crowd as well as the Senior group at end of the line of March. For many it was back to the Irish - American Center in Mineola - we noted the County President Jim Kelly on hand with his group and many familiar faces from Hicksville including the Frank Larkin's and Bill Roemers'... The Mid Island Transit (Star Bus Lines) worked along with my office in arranging the necessary transportation for the Cadet Corps - a special thanks to Maurice Forge and Star Bus Lines... In New York on St. Patrick's Day we marched up Fifth Ave. leading Nassau County Hibernians with Jim Kelly, County President, and Jim Powers, our County Treasurer plus a fine turnout from Division #11 Hicksville... For a while we lost our "Leader" in New York but we made it home... The format and name of this column is changed with this edition and we hope to your liking - if you have any interesting community news give me a ring at Mid Island Plaza WE11-970 or home WE11-54229. We hear that the Oral Vaccine will be available on two dates namely, Sunday, April 19th and Sunday, June 14th watch here for further details and fill out applications being distributed by the School District in Hicksville... Plans moving ahead for the opening of the Town & Country "Twin-Theatres" at Mid Island Plaza we hear late May with in-person Stars... At Vanderbilt Ave. & 43rd we noted the "Bank Along With Music" atmosphere as depositors were entertained by Irish Melodies at the Baby Grand... At the Press Club we talked with Hicksville's Charlie (Elk) McPartland dining with the "Fourth Estate"... We were told by many people that we were on Channel

11 along with other members of Nassau County - even the youngest, Kevin, recognized his old man... Hicksville Chamber officials were making arrangements for their Annual Dinner Dance at the Old Country Manor last week as we chatted with President Larry McCaffrey and Al (Kiwanis) Schakner... Did 'ja ever catch Judge Frank Donovan's wonderful Irish tenor voice? We did at a recent "Old Times Nite" at the Knights of Columbus, Hicksville... County Hibernians planning a dance at the Old Country Manor with all contributions going to the Memorial to our fallen leader, John F. Kennedy in Ireland - more later... We have a copy of the LONG ISLAND special edition put out by the L.I. Public Relations Association - what happened on this map of "Long Ireland" to Hicksville is our question to this group?... We also have some suggestions on "Keep Long Island Green" in a true Irish tradition - we join with you in your fine efforts to attain this goal... Walter G. Stackler back in town after an extended trip to the Islands - welcome home!... Walter Stackler and Leonard L. Frank are developers and builders of the huge Mid Island Plaza Shopping Center at Hicksville now in its 8th Year and still growing!... Irene Murphy, Hicksville Postmaster did an excellent job on the explanation of the ZIP Code for mailers at a recent meeting of 10 area Postmasters and representatives of Mid Island Plaza... The Big Band sound of the Tommy Dorsey orchestra backed up with youthful Frank Sinatra, Jr. is filling the aisles at the San Juan, on Jericho Tpke... We chatted with Jim Meaney, PR director of the Mets last week at Shea Stadium and April 17th is the big day... Art Mangan's boy is leading the scores these days for Valley High, graduates in June and has been receiving many inquiries re his artistic lay-ups and great work on the basketball courts around the county, Art Mangan is a Vice-President of the L.I. National Bank.

## 2 State Awards For Students

Two highly coveted prizes were awarded to the Hicksville High School chapter of the Distributive Education Clubs of America (DECA) during the organization's annual conference at Albany, March 12-14.

For the 15 local students representing the school, their greatest thrill came when Hicksville was chosen as the State's Chapter of the Year. The trophy, a handsome gold statuette on a marbled base, was presented to the Club President, Miss Johanna LoGerfo, as a symbol of the State Organization's appreciation of the school's many achievements during 1963. Much of the work DECA did, consisted of professional and social activities from which the local community derived valuable benefits.

One of those activities directly contributed to the second important prize that came Hicksville's way, the Sales and Marketing Executives' research award.

## LETTERS TO EDITOR Innovations Due

Dear Mr. Brensilber:

I read Arnold Winant's article concerning candidates for the school board, in the last issue of this newspaper. It is my firm belief that we need look no further than the present school board for our candidates.

Dr. Arthur Carin and Mr. Howard Jankowitz have rendered signal service to the several communities comprising our school district. The experiences and the knowledge they have gained in the execution of their duties as members of the present board should prove to be invaluable to the community. I believe that the interests of the community can best be served by having both these men serve another term in their present capacities.

MYRON KANTER  
 Past President of Civic Association

The Editor,  
 West Birchwood News

In your last issue you asked that qualified persons come forward as candidates for the two school board positions that will be the subject of the election this Spring. Of course, a truly democratic and representative system requires that the electorate choose from among the best possible candidates. However, if an office is already filled by a knowledgeable, competent, forward-looking and devoted public servant, the community can best be served by calling for his reelection, since he reflects the successful operation of the system.

Fortunately, the two school board posts are now occupied by men who precisely meet this description. Dr. Arthur Carin and Mr. Howard Jankowitz. As a parent, a taxpayer and a concerned member of the community, I ask that you join in an effort to persuade Dr. Carin and Mr. Jankowitz once more to subordinate their personal interests to those of our children by seeking reelection. When they answer this call, as I hope they will, I ask that you join in an all-out effort to assure that their campaign will be successful.

Salvatore Mistrizzi, an Itaca College student from Hicksville, was a vocal soloist and featured dancer in the musical variety show, "Scampers 1964," presented for four nights last month in the College Theater.

JERICHO GIRL SCOUTS of the Mid-Island Council of Girl Scouts, Inc. celebrated Girl Scout "Thinking Day" with a program based on the theme of International Friendship. All of the troops in Jericho participated in the mammoth event on Feb. 21, at the Jericho High School. After the Flag Ceremony, each troop presented a song, dance or skit based on the theme of International Friendship in the Girl Scout program. Left to right in rear are Pam Bolser and Sandy Fricke; in front, Susan Horowitz and Benita Zahn.

## Innovations Due In Junior High

by Othalia Pepper

John Heller, principal of Jericho High School, presented a most optimistic view of the future Jr. High school program. At a meeting with the West Birchwood Civic Assoc. Education Committee in the library of the Jericho High School, on Monday evening, March 2nd, Mr. Heller discussed the beneficial changes that will take place at this level in the fields of Science and Mathematics.

Within the next two years, a 40 week course in General Science will be planned for the seventh grade; a step that has been desired by many parents and educators in the district. At this point it has been only a lack of space that has prevented this program from going into effect. The Science program is presently under revision. A proposal has been made that the seventh and eighth grades be given a consolidated course based on a mild tracking system such is presently employed in the Mathematics department. Pupils wishing to take a complete Science program, plus an advanced elective, may be placed into an accelerated program based on past achievement. This, however, is in a tentative stage.

An advanced Biology course is presently a part of the Science Curriculum. An advanced Physics course, incorporated from the unit devised by M.L.T. and an advanced Chemistry course are now being prepared for injection into the curriculum within the next two years.

Mr. Heller anticipates a major change in the Mathematics field. A new program, probably a modification of the SMSG will be introduced next fall. A special temporary consultant will present an educational session to introduce this new program to parents. Under the new system, a child who is now in the eighth grade and who pursues a complete mathematics program will be ready for a college type course in twelfth grade.

The advanced Saturday morning seminars will be resumed. A seminar in Science, and one in American Social Thought are being planned for advanced students. It has also been recommended that remedial classes be held on Saturday mornings for students who require additional instruction.

## CARIN AND JANKOWITZ CONSENT TO RUN

Mr. Arnold F. Winant, President West Birchwood-Jericho Civic Association

Dear Mr. Winant:  
 I heartily endorse your invitations for candidates for the Jericho Board of Education to come forward immediately, so that the public can meet them and examine their qualifications. In addition, I would strongly recommend that the residents attend Board of Education meetings, so that they can personally see the kinds of work performed by the members of the board. The qualifications of the candidates then, can more objectively be evaluated in terms of what is needed to be an effective, well functioning Board member.

It is my firm belief, based upon the three years that I have served on the Jericho Board of Education, that board members have a responsibility to their community to run for a second term. The knowledge and experience built up during the first term, coupled with the continuity and efficiency of the functioning of the board, should not be lost. It takes a long time for the five Board members to learn to work well together (even if they were to have similar views), and it seems wasteful not to capitalize on the unusually capable and well functioning Jericho Board of Education.

Therefore, after very serious contemplation and self-evaluation, I should like to publicly announce my candidacy for reelection to the Jericho Board of Education. This decision did not come easily, especially in light of the enormous time commitment required by Board members, including several meetings a week and countless hours of "homework and study." If residents of Jericho will attend any of the Board meetings, I sincerely believe that they will see firsthand how I try to function as an effective member and President by:

1. calmly and objectively weighing all the available evidence before making a decision.
2. listening to and respecting the opinions and decisions of fellow Board members and the public.
3. making certain that the community gets a dollar's worth of education for each dollar spent.
4. supporting the recommendations of the administration for excellence in educational opportunities for ALL the children of Jericho and
5. continually evaluating our progress with the administration and the Board for continued educational growth.

DR. ARTHUR CARIN  
 President  
 Jericho Board of Education

Harold J. Brensilber, Editor West Birchwood News 86 Orange Drive Jericho, New York

In answer to the request that appeared in your last issue, in the column written by Arnold F. Winant, requesting school board candidates to declare themselves, I would like to express my intention to run for election to succeed myself in the position to which I was appointed last summer.

I have helped, together with other members of the present board, make many improvements in our schools but there is still much to be done. I want to continue my efforts in this direction.

I would be pleased to discuss my candidacy with any interested groups. I may be contacted at 87 Orange Drive, GE 3-8947.

### Folk Singer-Composer At Reform Temple

On Sunday, April 5th, at 8 p.m. the Temple Or - Elohim Youth Group will present the distinguished folk singer and composer, Rabbi Shalom Carlebach. This ardent and informal artist is the descendant of a long line of illustrious scholars and rabbis. He is a graduate of Lakewood Yeshiva and Columbia University, symbolic and significant synthesis of two divergent worlds. Tickets may be ordered by calling WE 1-8113 between 1:30 and 5:30 P.M. any weekday.

### Colleges Accept Local Seniors

The following Jericho High School seniors from West Birchwood have already received their college acceptances:  
 Robert Auerhahn, Syracuse University; Gerald Miller, College of Insurance, New York City; Sandra Samuel, Mount Sinai Hospital, School of Nursing, New York City; Marian Siegel, Syracuse University; Lynn Strum, State University of New York College at Cortland; Jeffrey Tetenbaum, Boston University.

Dr. Arthur Carin, President of the Jericho Board of Education and Howard Jankowitz, Board of Education Member, have both announced their intentions to seek reelection this May to the Jericho Board of Education.

(Their letters of intent are printed elsewhere on this page.) By indicating their plans at this date both Carin and Jankowitz will be allowing the citizens of Jericho to examine their qualifications. Both candidates can be seen in action by any interested voters at any regular meeting of the Board of Education. Further, these men have indicated that they will also be available to speak before any community group so requesting. These requests may be made by a telephone call to the home of the Board members themselves.

The WEST BIRCHWOOD NEWS is, again requesting any individuals who are seriously considering running for the School Board to indicate their intent so as to allow the community sufficient time to judge their background, qualifications and educational philosophy. This paper will be happy to announce such candidacy as well as the availability of all candidates for group sessions, as soon as we have been advised.

**Council of Honor Troop 293**

Boy Scout Troop 293, sponsored by the Hicksville Methodist Church held a Council of Honor at the Church on Mar. 6. One of the highlights of the evening was the presentation of the Troop Charter to the Rev. Cranston Clayton, Pastor of the Hicksville Methodist Church, by Commissioner Jack Landress of the Nassau County Council.

The following boys became second class scouts; Donald Massey, Richard Herbst and Warren Barnett.

James Kelly, Richard Campbell, Harvey Harding, Rett McMunn, Jr. Scott Munz, Peter Osbahr, David Taylor, David Brennan, Michael Lindo, Harry Vacek and Stephen Marlos became first class scouts.

Three boys became Star Scouts; William Herbst, Craig Hasel and Peter Dewes. Red Hastings reached the rank of Life Scout.

A goodly number of parents and guests were on hand and they were thoroughly entertained by the talented Indians Dancers of the Troop under the very capable direction of Assistant Scoutmaster, Bob Greenbaum.

**Ten Pin Talk**

by HENRY DOCKSWELL

Once upon a time there were a pack of Lions. And one day they were walking through Syosset and they met a pack of Bulls. And they almost ate them all up.

Only in the second game did Leo Geyer and his Lions show any mercy. Here they let down a little and Murray Iskoe and his Bulls salvaged two points. Leo led the way with his seventh good one, a 209, and with the further help of Jack Jacobs and Marv Cohen, who each raised their average one point, the Lions put together a new 11 Team Series from Scratch of 2519.

The Spoilers meanwhile were having their hands full of Bubulas. Capt. Mort Levine tried leading his Spoilers to this much needed victory as he bowled his seventh one, an even 200, and brother Marv Levine also helped as he bowled a fine series and raised his average two points; but they couldn't quite make it. Capt. Al Minoff and his two loving Bubulas, Marv Kahn and

Hal Garfinkel, combined their efforts, raised their averages one point each, and escaped with a 4-3 squeaker.

It took the Spooks a few weeks to recover from the shock of losing the 1st half championship but it appears they have done so. Art Rosenthal led the way with a powerful 224, his third of the year, and with the help of Capt. Morris Garellick who raised his average one point they shutout Murray Gittelman and his Cockamamies, 7-0.

Milt Goldberg and his Terrors got up off the floor from a shutout pasting last week and inflicted same on the nameless #11's.

For the ninth time this year one of our keglers came up with a hot double. This time it was Herb Brody. For the fourth and fifth time he broke the barrier, a 204 and a 210, Quledy, which is unusual for this shy and retiring Fink. Herb raised his average 4 points in 3 weeks. He has led the way for his Six Finks to go from 11th to 5th. Shows if you have a good Capt. he leads the way.

# The Villager

FOR THE RESIDENTS OF BIRCHWOOD PARK AT JERICHO

## School Board Meets with BCA

by Henry Dockswell

Because of a previous article in "The Villager" indicating poor quality of instruction in the Jericho Schools, Dr. Thomas Carey, Supt. of Jericho Schools, thought it important that he and his Board meet with the Birchwood Civic Association.

Such a meeting was held Wed. night, March 11. A series of questions on Guidance and Administration had been submitted to Dr. Carey, which, when elaborated upon might give, some answers to the complaints submitted to your Civic Association.

Present were: Dr. Carey; Mr. Heller, Principal; Miss LaVine, Supervisor of Guidance; Mr. Mayhew, Vice President of the Jericho School Board; the BCA Jericho Education Committee; Horace Bernstein, President of the BCA, and a member of the Villager staff.

Dr. Carey lost no time in informing the group that a special committee had been set up some time ago for the specific purpose of processing any and all complaints our residents might have. In addition, he added, he was always personally available to discuss a problem when asked. Certainly the place to bring a complaint, said Dr. Carey, was to the School Administration. He was not aware that any complaint had ever been submitted where the aggrieved party was not considered in every way.

He pointed out that one must never hesitate to voice a complaint. The thought that the complainant's child would suffer because of this was never farther from the truth. The Jericho School System has gone through what I think can be called a traumatic experience," said Dr. Carey "and it takes time to come out of such a problem period. The top five High Schools in the country are being studied and they will be visited personally. Also, a follow up program of Jericho graduates that have gone on to college will be initiated. This will enable us to evaluate the strengths and weaknesses that were developed in our schools."

In the area of Guidance, Miss LaVine took the group on a verbal tour from the seventh grade on up through the High School. Each grade had its own particular problems and the guidance dept. held many group student sessions as well as private student and parent meetings to prepare, smooth, and orient the

Further details will be given as arrangements are made. Meanwhile hold May 16th open. Its a free night of dancing to a live orchestra and plenty of good food. As in the past, Mrs. Fred Green will chair the affair.

youngster to the school program.

Guidance counselors go with their students from the 7th up through the 8th and 9th grades, keeping a running, up to date file on each student so that the new counselor who takes over in the 10th can pick up the trend without any questions. The counselor in the 10th stays with his students through the 11th and 12th grades. This all makes for familiarity with each student and the timely change of counselors in the 10th has provided a new slant quite necessary by that time.

It is planned to have Guidance people go out and personally visit colleges to become acquainted with them and their procedures. Miss LaVine's dissertation presented a very comprehensive program, which, if followed by all the guidance people she supervised would most likely bring very few complaints.

Recruitment of teachers and their supervision has been broadened. The teachers being sought are those that have 5 years experience and a Master's Degree. The greatest part of the problem has been in trying to build the Jericho Schools into a fine system in a very short time.

The College Board grades have shown a steady increase since 1961 and this year's results although still incomplete indicate that another slight rise has been achieved.

"The type of planning taking place," said Dr. Carey as the meeting came to a close, "is something our community can be proud of."

# I WORK HARD FOR MY MONEY ...SO THE 48% I SAVE WITH MODERN OIL HEAT MEANS A LOT

90% of the homeowners on Long Island choose economical Oil Heat... they can't afford to foolishly throw out hard-earned money on an expensive heating fuel. Oil Heat can save as much as 48% on heating costs — or up to \$6,000 over the period of an average mortgage. It is this saving, plus the cleanliness and safety of modern Oil Heat that makes it the choice of 9 out of 10 homeowners.

**(NOTICE TO BE ATTACHED TO AND TO BE WITH ORDINANCE OR RESOLUTION AFTER ADOPTION)**

NOTICE  
The resolution published herewith has been adopted on the 13th day of March, 1964, and the validity of the obligations authorized by such resolution may be hereafter contested only if such obligations were authorized for an object or purpose for which

Union Free School District No. 17 of the Town of Oyster Bay, in the County of Nassau, New York is not authorized to expend money or if the provisions of law which should have been complied with as of the date of publication of this notice were not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty days after the publication of this notice, or such obligations were authorized in violation of the provisions of the constitution.

FRED J. NOETH,  
District Clerk  
BOND RESOLUTION OF UNION FREE SCHOOL DISTRICT NO. 17 OF THE TOWN OF OYSTER BAY, NEW YORK, ADOPTED MARCH 13, 1964, AUTHORIZING THE ACQUISITION OF THE CERTAIN PIECE OR PARCEL OF LAND SITUATE ON THE EAST SIDE OF JERUSALEM AVENUE, IN HICKSVILLE, IN SAID SCHOOL DISTRICT, AND ADJACENT TO THE NORTH SIDE OF THE SITE OF THE EXISTING HICKSVILLE FREE PUBLIC LIBRARY BUILDING, AT AN ESTIMATED MAXIMUM COST OF \$6,000 AND THE CONSTRUCTION OF A NEW

BUILDING TO BE ATTACHED TO THE 1956 WING OF SAID LIBRARY BUILDING, AT AN ESTIMATED MAXIMUM COST OF \$256,500 STATING THE ESTIMATED TOTAL COST THEREOF IS \$262,500 APPROPRIATING SAID AMOUNT THEREFOR AND AUTHORIZING THE ISSUANCE OF \$262,500 SERIAL BONDS OF SAID DISTRICT IN ANTICIPATION OF A TAX TO BE COLLECTED IN INSTALLMENTS.

WHEREAS, at the Special District Meeting, duly called and held in Union Free School District No. 17 of the Town of Oyster Bay, in the County of Nassau, New York, on March 7, 1964, the Proposition (a) authorizing the Board of Education of said School District to:

1. Acquire by purchase or condemnation the certain piece or parcel of land situate on the east side of Jerusalem Avenue, Hicksville, in said School District, and adjacent to the north side of the site of the existing Hicksville Free Public Library Building, designated as an addition to the site of said Library Building pursuant to resolution adopted by said Board, and expend therefor an amount not to exceed the estimated maximum cost of \$6,000; and 2. Construct a new building to be attached to the 1956 Wing of said Hicksville Free Public Library Building, in said School District, on a part of the site of said existing Library Building, including the addition to said site hereinabove authorized to be acquired, and to expend therefor an amount not to exceed the estimated maximum cost of \$256,500; (b) stating the estimated total cost of said foregoing specific objects or purposes, is \$262,500, and voting a tax therefor in the aggregate amount of not exceeding \$262,500, to be levied and collected in installments in such years and in such amounts as may be determined by the Board of Education, and (c) authorizing, in anticipation of said tax, the issuance of bonds of the School District in the aggregate principal amount of not exceeding \$262,500, and voting a tax to pay the interest on the said bonds as the same shall become due and payable, was approved by a majority of the qualified voters present and voting thereon; and

WHEREAS, pursuant to said Proposition the amount of tax voted for the acquisition of said land is \$6,000 and the amount of tax voted for the construction of said new building to be attached to said existing Library Building is \$256,500; now, therefore, be it

RESOLVED BY THE BOARD OF EDUCATION OF UNION FREE SCHOOL DISTRICT NO. 17 OF THE TOWN OF OYSTER BAY, IN THE COUNTY OF NASSAU, NEW YORK (by the favorable vote of not less than two-thirds of all the members of said Board) AS FOLLOWS:

Section 1. The Board of Education of Union Free School District No. 17 of the Town of Oyster Bay, in the County of Nassau, New York, shall acquire by purchase or condemnation the certain piece or parcel of land situate on the east side of Jerusalem Avenue, Hicksville, in said School District, and adjacent to the north side of the site of the existing Hicksville Free Public Library Building, described on the Land and Tax Map of the County of Nassau as Section 46, Block 263, Lots 14 and 15, heretofore designated as an addition to the site of said Library Building pursuant to resolution adopted by said Board of Education on January 31, 1964, and more particularly as set forth therein by notes and bonds, at an estimated maximum cost of \$6,000, including preliminary costs of maps, plans, surveys, estimates and hearings, and shall construct a new building to be attached to the 1956 Wing of said Hicksville Free Public Library Building, in said School District, on a part of the site of said existing Library Building, including the addition to said site hereinabove authorized to be acquired, and shall grade and improve the site of said new building and purchase the original furnishings, equipment, machinery and apparatus

required for the purpose for which said new building is to be used, at an estimated maximum cost of \$256,500, including preliminary costs and costs incidental thereto and the financing thereof, all in accordance with the plans and specifications approved or hereafter to be approved by the Commissioner of Education.

Section 2. Pursuant to the Proposition set forth in the Recital hereof, and in anticipation of the tax in the aggregate amount of not exceeding \$262,500 therefor voted to be levied and collected in installments, serial bonds of the School District are hereby authorized to be issued in the principal amount of \$262,500, pursuant to the provisions of the Local Finance Law, constituting Chapter 33-a of the Consolidated Laws of the State of New York. The estimated total cost of said specific objects or purposes, including preliminary costs of maps, plans, surveys, estimates and hearings and costs incidental thereto and the financing thereof, is \$262,500 and the plan of financing is the levy and collection of general taxes for payment of the serial bonds herein authorized and the interest thereon.

Section 3. The following additional matters are hereby determined and declared:

(a) The specific objects or purposes for which the serial bonds herein authorized are to be issued are the acquisition of a certain piece or parcel of land and the construction of a new building to be attached to the 1956 Wing of Free Public Library Building of Class "A" construction as defined by Section 11.00 a, 11 (a) (1) of said Local Finance Law and pursuant to Section 11.00 a, 12. (c) of said Law the period of probable usefulness thereof, including acquisition of said land, is thirty (30) years.

(b) Current funds are not required and are provided prior to the issuance of the bonds authorized by this resolution.

Section 4. Each of said bonds authorized by this resolution and any bond anticipation notes issued in anticipation of the sale of said bonds shall contain the recital of validity prescribed by Section 52.00 of the Local Finance Law, and said bonds and any notes issued in anticipation of said bonds, shall be general obligations of the School District, and the School District hereby irrevocably pledges its faith and credit to the punctual payment of the principal thereof and the interest thereon and there shall be raised annually by tax on all the taxable real property in the School District a sum sufficient to pay the principal of and interest on said bonds as the same shall become due and payable.

Section 5. Subject to the provisions of this resolution and of said Local Finance Law, and pursuant to the provisions of Section 53.00 relative to the authorization of the issuance of bond anticipation notes and of Section 54.00 and 54.00 of said Law, the powers and duties of the Board of Education relative to prescribing the terms, form and contents and as to the sale and issuance of the bonds and any bond anticipation notes, are hereby delegated to the President of the Board of Education as the chief fiscal officer of the School District.

Section 6. The validity of the bonds authorized by this resolution, and of any notes issued in anticipation of said bonds, may be contested only if:

(a) such obligations are authorized for an object or purpose for which the School District is not authorized to expend money; or

(b) the provisions of law which should be complied with at the date of the publication of such resolution are not substantially complied with, and an action, suit or proceeding contesting such validity, is commenced within twenty days after the date of such publication or

(c) such obligations are authorized in violation of the provisions of the constitution, Section 7. This resolution shall take effect immediately.

**THE PEACH BASKET SET...** They start the season off with fundamentals and end up with statistics ... and it's guys like Comet Basketball coach Ed Petro who are rewarded not just alone by the won and lost column but by the other royalties as well. "We had a real fine year", he said recently ... and there was a pleased wrap of a smile when he added that the teams high scorer Tom Kumiga (262 points) had been selected for the All Star Division 1 team. Many including Petro were disappointed that Paul Colasano (2nd leading scorer with 260 pts) missed out by the slightest of margins in making the Division squad, but this can easily be expected when the calibre of the competition is considered. Both did an outstanding job in pacing the Comets to their 8-4 league record (10-7 overall) this was a team often referred to as the Giant Killers and by virtue of wins over Great Neck North, Syosset and Mac Arthur romped home with a 3rd place league finish and a Clarke Tournament Trophy to their credit. They took on Syosset in the County playoffs but were knocked out of contention in the opening round. Bill Corrigan, the 3rd top scorer (132 pts.), paced Hicksville with 22 pts in this game. Other Petro statistics are ... Top Foul Shooters ... Guy Van Wageningen hitting for a 74% average. Bob Feldcher 72. Colasano 70. Kumiga 66 and Corrigan 52. The most-assists title went to Rich Medina with 80, followed by Colasano's 70. The best shooting average went to Kumiga with (44%) Colasano had 38. "And that's that" said a loyal (off-forgotten) C. R. F. member Fred Sutter, who happens to be charter member of the Royal and Ancient Order of Comet Aficionado's. He racked his brain plotting new excuses of getting out of the house during the rest of the winter ... "So what's the morning line for next year", he wailed. And then as if mental telepathy was a going line item Petro tossed off a few names that brought salty tears of joy to Sutter's eyes. The list of returnees started with Bill Corrigan and ended with Glen Olsen; (outstanding with the J.V.'s this past season)... and in between were seasoned vets like John Walker, John McKinstry, Guy Van Wageningen, Andy Koehler, Vin Hoozack, Steve Schuster, Bob Fink, Artie Hotz & Greg Hoberock. Add these names to an outstanding crop of Sophs set up by Jayvee coach Stan Kellner and you have the makings of what could be another fine year. Other members of this (3rd place finish) Comet squad were Bruce Damm, Bill Miltenberg, Joe Bivona and Dennis Gallagher. Warren Laurita & Rich Zoehfeld were the managers.

**WANTED!** ... A SPONSOR... A fine group of unattached Hicksville youngsters did their kecap-adding out of Roosevelt Rink this past season and wound up with a gimmick that should net them a SPONSOR the next time out. The gimmick happens to be a strong 1st place finish in the Long Island Amateur Ice Hockey League. Hicksville's entry (we'll dub them the Hawks) finished the year with an impressive 13-2-1 mark... 1 percentage point ahead of North Shore. The locals bested strong

entrants like Uniondale, Cham-lade, Roslyn, Rockville Centre, Great Neck and Roosevelt. The deep freeze of the season was a 20-0 shutout over Uniondale. Excluding the 2nd win over Rockville Centre (a forfeit win to the Hawks) they averaged 5.33 goals per game or 80 for the 15 out of 16 games played. Defensively they held the opposition to 15 goals (1 per game) Members of the team were (Forwards) Andy Maalow, John Hall, Pete Rice, Al Squire, Rich Trojan, Roy Rajala, Bruce Bean & Al Hutchins. (Defensesmen) Wayne Collins, Rick Bonine, Steve Schaiman and Don Werkstell. (Goalies) Gary Bruschi and Pete Ortin. The team was managed by Pete Jonsson and Bill Collins. Nice going gang... We hope you dig up a sponsor next time around.

**DEVEREAUX STATE CHAMP IN TUMBLING...** COMETS 4th IN SECTION VIII... Chalk up another fine showing for the Comet Gymnasts in their last year of league competition. Last March 7th they finished 4th (of 9 schools) in the County Championships at Plainedge High. Individual winners were Bruce Devereaux with a 2nd place finish in Tumbling and a 3rd on the Trampoline, Charlie Butt (4th on the side Horse) and Jim Cooney with a 5th on the Trampoline. Coach Bob Tricks reported that his ace tumbler (Devereaux unbeaten in league competition) earned a berth on the Section VIII All Star Team. He represented Nassau County in Tumbling at the State Championships last Saturday in Syracuse, N. Y. and came up with an exhibition 2nd to none. Devereaux copped the N. Y. State Tumbling Championship with an impressive rating of 9.05 points out of a possible 10. Section VIII (Nassau) took the team Championships with 69.5 pts. Suffolk County (Section XI) was a close 2nd with 62.

## Spring Rally At Lutheran High

The Women's Auxiliary of the L.I. Lutheran High School Assoc. Brookville, will hold a spring rally on Friday evening, April 10 at 8 pm.

Mrs. Alexander Innes of Hicksville will preside at the meeting for the election and installation of officers. The program will include cake decorating demonstrations by Mrs. William Gropp, assisted by Mrs Robert Gross and Mrs. James Byron, all Hicksville. Miss Leota Seyb, home economics teacher, will guide the auxiliary members on a tour of the home ec room after the meeting.

**ENROUTE HOME**  
Miss Nancy Johnson, 87 Myers Ave., Hicksville, and her traveling companion, Miss Carolyn Pasternack of Hollis, boarded the Norwegian freighter "Black Hawk" in Rotterdam, on March 13th enroute home, after touring Europe for five months. Also aboard the boat is Miss Johnson's Volkswagen in which the girls travelled 8,000 miles through Belgium, Holland, Germany, Austria, Switzerland, Italy, Riviera, Spain, France and England.

**BRUCE DEVEREAUX** put Cometland on the gymnastic map Saturday at the State Championships held in Syracuse by winning the tumbling event with a 9.05 mark. He also excelled in the trampoline event during the regular season, coping 2nd, 3rd and no worse than 4th place finishes against the best LI had to offer. His coach, Bob Tricks, claims this youngster has every tumbling move in the book including some that have not been invented yet. See Around the District for more gymnastic hi-jinks.

The members of that crew listed as M.I.A. are no longer. Their "Dog Tags" made them live again in the hearts of those who loved them. Its funny when you think that after so many years the strang stories that come out of what has been buried and past. I hope to have in my next column the meeting nites of the Bethpage VFW and Legion groups. **SILLY NOTION DEPT...** If even only half of those on the Hicksville Honor Roll could get together, what a wonderful time it would be. It must be at least 18 years that many of us have ever crossed paths since the war. If you take into consideration those that have passed on, moved, and address unknown and those not interested, there would still be some whing ding... what a silly notion it is??? Thats all this week fellows... Fall out.

## Final Sign-Up For Internationals

The officials of the Hicksville International Little League are busy making plans for opening day exercises scheduled for May 9.

All unsigned boys are reminded to register this Saturday, Mar. 21, at East St. School from 10 AM to 3 PM.

Sponsors: The League welcomes aboard include Long Island National Bank, McKeon Lumber and Judy Ann Ice Cream.

Who'd ever think a car 213 inches long, 79 inches wide, 6 passengers roomy and Trophy V-8 powerful could cost so little?

## Pontiac people.

You'll never guess what else Pontiac people get for their money in Catalinas. Pontiac styling? Well, obviously. Curve-uncurving Wide-Track? Of course. A Trophy V-8 that thrives on regular gas, if they prefer? No charge. Lots more that could cost extra, but doesn't? Sure, electric wipers and dual visors and foam-cushioned front seats. If you drove a Catalina, you'd feel like a Pontiac person. Smug.

## Wide-Track Pontiac

See your authorized Pontiac dealer for a wide choice of Wide-Tracks and good used cars, too.

## Legionnaire's Log

Charles Wagner Post  
No. 421, Hicksville  
by ARTIE RUTZ

Things are moving along rapidly in this Legion year of 1964 and soon our annual elections of new officers will take place. Since we are now working under the New By-Laws the date has been moved up about a month and the exact date is Monday evening, May 4. A full house is indicated for our annual Awards & Ceremonial Nite which takes place this Saturday evening, March 21st. The largest mass initiation of new members in the history of our Post is just one of the special features of the evening, plus the Spaghetti dinner and dancing which follow the close of the ceremonies. All members and their wives are invited (this is closed to all but members of the Post and Auxiliary). Our Chiefs, Lou Costa and Jack Spinella, are going to have their hands full cooking up a mess of Spaghetti for this large group. Anyone who wants to help out please get in touch with Lou. Our Color Guard participated in the Hempstead St. Patrick's Parade last Sunday in answer to an invitation extended to all Posts through our county organization. Afterwards

they visited the Hempstead Post which is one of the staunchest in the county. Our junior Band members were measured up for their new uniforms which they hope to sport by Memorial Day. I believe the County Membership Officer, Daniel X. O'Hara, will be present at our Awards & Ceremonial Nite to present several awards we have won so far this year. Our own St. Patty's Dance last Saturday night was well attended as ever and was enjoyed by many. The Corned Beef dinner was simply a grand dish to put before so many swell people and they enjoyed it accordingly. Those long waited for Chrome Plated rifles that the Color Guard has been talking about should make their first appearance next Saturday night. (And the Bayonets, too.) Time is getting short. Get those new members signed up now!!!

Pvt. Forest A. Beardale, son of Mr. and Mrs. Alexander Beardale, 11 Murray Rd., Hicksville, attended a religious retreat at the Eighth U.S. Army Religious Retreat Center near Seoul, Korea, Feb. 17-19.
