COMPLETION IN AUGUST '65:

Bids for HHS Additions Numerous and Competitive

Contracts were awarded this week for construction of almost a million and a half dollars worth structures at the Hicksville Senior High School, including a three-story high classroom addition, a new cafeteria-gymnasium, and an administrative centre-warehouse. Bids, which were opened last Thursday, were described as "very competitive". The awards were made at a special School Board meeting this week on Tuesday night.

There were 11 bidders on general construction. Lowest responsible bidder was John H. Dair Building Construction Co. Inc. with a base bid of \$1,049,450.

Nine concerns bid on heating and ventilating with the award going to North Isle Mechanical Contractors Inc. with a base bid of \$167,588.

The plumbing work attracted six bidders with the base award going to Valden Associates Inc. There were eight bidders on Electrical Work. The base bid award went to Giuliano Contractors Inc.

Robert Alan Buchter of Knappe and Johnson, school district architects, said his firm was pleased with the outcome of the bidding, all within the budget for the projects approved by voters last November. Anticipated completion of the work is August of next year.

The twenty-odd classroom addition will be of unusual design, consisting of two floors of rooms raised one story above the ground on piers or stilts. The administration centre will consist of two stories attached to the south end of the high school, facing Jerusalem Ave. The first floor will be a central receiving warehouse with office spaces on the second floor.

SEAT HORNPOSTEL

Board members William A. Bruno and Herbert H. Johnson were not present for the special meeting, Tuesday night, Caleb Hornbostel, successful candidate in the May 6 election, was appointed to the Board at the June 12 regular meeting to fill the seat on the Board vacant since October when D.F. Sabatella resigned. Hornbostel will serve by appointment until June 30 and then on July 1 assume his elected position for a three year term. On the same date George A. Jackson will begin his second three-year term of office.

More than an hour was spent at the special meeting, Tuesday night, debating what action, if any, the Board should take in relation to a group of so-called aggrieved teachers. A motion that the Board "hold a hearing in executive session to inquire into the complaints as alleged in the previously filed grievance proceedings" failed of passage, 3 to 2.

George A. Kunz, vice president, asserted he felt it was time the issue was brought out into the open. The matter has been tried, he said, in public court and in the newspapers and he is opposed to any further executive sessions on the matter. "It is time the public knows what is going on and which teachers are involved," he declared.

OKAY FIRE DEPT.

Early in the evening, the Board acting on the recommendation of Attorney Joseph Catalano approved the use of a portion of the rear yard of Burns Ave. School by Hicksville Fire Dept. in connection with its Labor Day Firemen's Tournament. Catalano had met with a committee of the Fire Dept. The grounds will be used for a portion of the grandstands for spectators. The racing course this year will run north and south along the west end of the Mid Island Plaza parking field. George Frey was present to represent E. Medard Obeloch, chairman of the firemen's Labor Day program this year.

REV. LEO J. GOGGIN, left, receives greetings from Rt. Rev. Magr. George M. Bittermann, VF, pastor of St. Ignatius Loyola R.C. Church, Hicksville at a reception given last Friday night by parishioners in celebration of Father Goggin's 25th anniversary of Ordination to the Priesthood. Testimonial was held in the school auditorium. (Herald photo by Frank D. Mallett).

William Danda Dies in Collision

William Alfred Danda of 11 Storey La., Hicksville, died June 3 following an auto collision in Suffolk County. He was the father of Jill Adrian Danda; the son of Wilhelm and the late Alfred Danda; the brother of Charlotte Louise Magill and the uncle of Alfred A. and Richard N. Magill. He was a member of the Exempt Firemen's Assoc. of the Hicksville Fire Dept., the Hicksville-Lewittown Lodge 1931 B.F.O. Elks and the Robert Ulmer Post 44 Amvets.

the dead of a foggy night. Fred's Inn in those days was a popular hangout for local volunteer firemen and frequently the firehouse dispatcher would call Bill Danda and ask the boys to take a run down to answer a small alarm instead of blasting the general alarm.

He was presented with a pin and Legion of Honor Certificate for having been a Kiwanian for 25 years. BILL BUCHMAN has done such an outstanding job as Republican finance drive chairman in Hicksville that he has been asked to serve as town-wide chairman in the next drive. DR. FRANK G. BACK who is president of Zoomar Corp in Glen Cove has been elected as chairman of the Board of Trustees of the Jones Institute here. LI Press reporting on the hearing before the Town Board which considered a billiard parlor application on Old Country Rd said Hicksville School Board was represented in opposition by Attorney NICHILAS CASTELLANO of Mineola. Actually, the School Board was represented by Attorney JOSEPH CATALANO of Hicksville. Some reporting.

Happy Birthday greetings to MRS. RONALD MALONA of Mass-peth. The former Darlene Gilchrist of Frances La., celebrates on June 14. MR. AND MRS. A.P. DEPPISCHI, 111 W. Nicholai St., have resided in Hicksville since June 9, 1909, a total of 55 years. WILLIAM G. CLARK has been named manager of the Sears Roebuck Store to open on North Broadway. JAMES CUMMINGS is Chairman of the 1964 Nassau County Ball of AOH to be held in mki-October.

Plans to have groups of students from Hicksville attend seminars in France and Sappin this summer have been cancelled, may be activated in 1965. Instead a group may go to Mayaguez, Puerto Rico as they did last year. Opps another gas station planned for Old Country Rd., Hicksville. This one at the corner of Charlotte Ave. extension. Public hearing is at Oyster Bay Town Hall, Tuesday morning, June 23, starting at 10 AM. We understand Town Supervisor PETTIO is calling a public night hearing on county plans for the widening of a road thru Sea Cliff and Glen Head (which is tree-lined) but come he didn't do that before all the trees were sliced down along Woodbury Rd. Hicksville Rotary Club is contributing \$500 to the YMCA building fund. A group of Rotarians was responsible for putting up and taking down the American flags on Broadway, Hicksville, on Memorial Day. Dedication of the ROBERT MOSES state park (more commonly known as Fire Island State Park) and the bridge leading over to the complex of parking fields takes place this Saturday afternoon, June 13, at 3 PM. Hicksville Human Rights Committee was scheduled to meet this week on Tuesday evening at the public library. High school students will lose their parking field at the school when construction gets underway on the new administration building warehouse. Parents will be asked to have students keep their cars at home (we can hear the bellows now).

A record 795 boys and girls will receive their diplomas from Hicksville Senior High School on Monday afternoon June 22, this year. (It usually has been on a Sunday). The Junior High "commencement" is on Tuesday, June 23. ENIS Y. BASKAM, senior partner of Baskam and Chaster, consulting engineers, Hicksville, specializing in structures, has been installed as president of the LI Chapter of the N.Y. State Assoc. of Consulting Engineers. JOHN DOWLING of Plainville has accepted his position with Oyster Bay Town as public relations man for the Town Board majority, this weekend, to assume a position with the Citizens for JOHN J. BURNS for County Executive. His successor will be EDWARD TEELING, veteran newspaperman.

We are pleased to report that the SMITHS who celebrated their 60th wedding anniversary over the Memorial Day weekend got their cake. The story goes like this: someone in the family ordered an anniversary cake from ENGLERT BAKERY, (which is famous for its special cakes) and left only the name R. SMITH and no address. It was arranged to pickup on Saturday. Then the management decided to close up shop on Memorial Day and the question was, how to get the cake to the celebrants? We tried to help by calling local pastors to inquire if some parishioner was celebrating 60 years of wedded bliss. We were unsuccessful. FRANK ENGLERT posted a sign in his store window (in quite large lettering) that the cake could be claimed around the corner on W. Marie St., Hicksville, at FRED WATLERS Liquor Store where they have a refrigerator. And so it was. The party who ordered the cake claimed it at Walters and as far as we know, the anniversary was a success. We still would like to know more about the SMITHS and their 60th anniversary party. Filler items in a recent Hicksville Republican Eagle: "Spanking is stern punishment" and "when a man goes nuts about a gal, he must start shelling out". FRANK HAMILTON has been elected for another term as commander of the HICKSVILLE AMVETS. Town Crier FRED BLACKLEY is going to the State Amvets convention in Albany. We see the old MAGELL HOMESTEAD at the corner of Old Country Rd and Frevert Pl has been reduced to kindling wood and a gas company is asking for permission to erect a sign "having more area than ordinance allows," all of which adds up to the fact that we can soon expect another gas station on Old Country Rd. The Farmer's Furniture Outlet at the northeast corner of Old Country Rd and Broadway is scheduled for demolition to make room for a new and bigger gas station on THAT corner. We also see the Howard Johnson restaurant and a motel, has opened on Old Country Rd near the Wamagh Parkway Extension on the Hicksville-Westbury boundary. In an effort to assure speedier delivery of the HERALD to subscribers, we will have to go to press earlier in the week. The result will have to stop a Monday deadline. The most copy, Tuesday morning for the very urgent, last minute bulletins. Late copy has been pushing us later and later in the week.

Jackson Says Thanks

To the Editor:
I find I have been very negligent in thanking the taxpayers of Hicksville School Board, I would appreciate your publishing this in your "letters to the editor" department so that my thanks are known to all those who supported my candidacy.

Genesee St Opening

To the Editor:
In reference to your article "Housewives Protest, Road Work Stops" in your June 4, 1964 issue, it is a small but revealing situation we have here in the Town of Oyster Bay.
It not only reveals the thoughtless management of the Highway Dept. but also puts a question on the responsibilities of our town councilman. The Superintendent of Highways and Councilman are evidently too preoccupied to be bothered to notify such responsible organizations as Police, Fire, Civil Defense and local schools about the significant matter of opening a blocked street.

Genesee St. is the only direct route from Newbridge Rd. to the Old Country Rd. School. Opening said street would not only ease the flow of resident traffic, which must now zig-zag through the area and automatically present a hazard to a greater number of children, it would expose an alternate direct route (especially during snowy winters) for fire, police and ambulance vehicles should Old Country Rd. be temporarily blocked.

Our town officials evidently don't look beyond their noses. Wouldn't it be well received by the homeowner whose house is on fire or who reports that someone is trying to break in, to find that the fire or police vehicles were maybe five minutes too late because they didn't know about the so-called "short cut thruway" on Genesee St. Or maybe the taxpayers would happily receive the news that Old Country Rd. school burned down during a snow storm because Old Country Rd. was blocked by traffic and the fire trucks couldn't negotiate the narrow streets in the area.

The Town Highway Dept. first surveyed the area in preparation to opening Genesee St. A few residents observed the activity and promptly presented to the town a petition of 35 names against it. There are eleven homes on the block in question. One week later a work crew and equipment arrived and were soundly re-

pelled by the women of Genesee St. The Town gave in to a few residents without so much as notifying those organizations or the surrounding neighborhoods that could possibly be greatly effected.

The Genesee St. residents argument that it would become a short-cut thruway by skipping the traffic light at Newbridge Rd. and Old Country Rd. is ridiculous to anyone that has seen a street map of the area.

I would personally love to live on a dead-end, no traffic street but to the needs of a neighborhood such favorable conditions for a few residents is indeed short-sighted and selfish on the part of those residents and shows a complete lack of communications with and the understanding of community welfare on the part of the Town of Oyster Bay.

Operation VFW

William M. Gouze Jr. Post No. 3211
by Eddie Klesbing

This Sunday, June 14, is the birthday of our flag. It was on this day in the year 1774, that the Continental Congress adopted the red, white and blue stars and stripes design as the official flag of the United States.

The history of our flag is an interesting one. During the early days of the Revolutionary War a variety of flags were used by different colonies and military commands. The Pine Tree and Rattlesnake flags with various arrangements and mottoes were prominent among them.

Late in 1775 a committee of Congress decided upon the form for a new flag. This flag consisted of thirteen stripes, red and white with the crosses of St. George and St. Andrew on a blue field in the union.

Then, on June 14, 1777, Congress passed an act stating, "That the flag of the thirteen United States be thirteen stripes, alternate red and white, that the union be thirteen stars, white on a blue field representing a new constellation." This was the birthday of the Flag as we now know it and June 14 is now celebrated as Flag Day.

An act by Congress in 1818 provided that on the admission of every new state to the union a star should be added. This has been the regulation ever since and with the admission of Alaska and Hawaii to the union, our flag has fifty stars in it today.

Laws have been passed and publications printed about the flag, its history and the proper respect for it. Public Law 829 is known as the Federal Flag Code. It prescribes proper display of and respect for the United States Flag. The Veterans of Foreign Wars has published a twenty page booklet entitled, "Etiquette of the Stars and Stripes." The publication gives a brief history of the flag and the proper ways to display and respect it. Several million copies of this booklet has been distributed by V.F.W. Posts and their Ladies Auxiliary units.

We, in the V.F.W. and our Ladies Auxiliary are proud of the Flag of the United States and ask all Americans to join in celebrating our flag's birthday by displaying it proudly this Sunday.

Final Session

The next meeting of the Hicksville Regular Democratic Club will be held on June 18, 8:30 p.m., at Old Country Manor, Old Country Road, Hicksville. This will be the last meeting until September. All members and their friends are invited. Refreshments will be served.

Another Novick Building Planned

Marvin and Ralph Novick who have built two office buildings on North Broadway near the Hicksville Post Office and are finishing their third have announced plans for a four-story "sophisticated office center" with ground level and underground parking on the east side of North Broadway, north of Sears Roadback.

The Novick Building, on the east side at 81 North Broadway, was completed last July 1. It is headquarters for the Novick Building Co. The building at 82 North Broadway was completed on Jan. 2 of this year. Both structures are said to be fully occupied.

The Professional Building at 80 North Broadway is scheduled for completion July 1 of this year. It features parking on the ground level with two stories above ground.

The latest building with 25,000 square feet, two elevators and a roof top promenade is scheduled for occupancy Oct. 15 of this year.

President's Corner

by Arnold F. Winont

This year has been a banner year for membership in the West Birchwood Civic Assoc. The rolls are at the highest level than ever before. However, our community is also more populous than ever before. In my humble opinion, a civic association should have a membership of at least seventy five or eighty percent of the community. This has not been attained and this should be the goal of our membership committee.

I am writing this article at this time for the reason that this is probably the last issue of the newspaper which will be sent to those who have not continued their membership. Perhaps, when these people read this article they will be impelled to send their five dollar bills or checks to Bob Esernio at 82 Orange Drive and thereby continue their support of our community.

Those who live in this community who are not members of our Civic Assoc. can always count on the association to protect their general interests. The association policy is to serve the interests of the community as a whole. However, is this fair to those who actively serve? Indeed it is not.

We ask very little in return for the maintenance of our various committees, our telephone squads, our editorial staff and all of the other services provided. We have accomplished a great deal due to the labors of so few. Your support is solicited and you can very easily give it by just sending in your dues and seeing that your neighbors do the same.

The obligation of the builder is finished a year after he has your money. No longer will he hold your hand when you have a problem. But think. Your Civic Association continues to do the job. Who do you call when there is a problem? To whom do you complain when your sidewalks are beyond repair? When it is dangerous for your children to walk to school due to inadequate traffic regulation, when you want to air any of your problems and seek a solution. If you want to be a buck passer, pass the buck to your association. We will be here for a long time to come. We will do the job for you.

Don't be a hold back. Don't be a do nothing. Don't be one of those who are willing to sit back and take without giving anything in return. The cost of maintaining strength is small, only a little more than one cent a day. Support your community.

Jericho High to Graduate 165

At its fourth commencement exercises on Tuesday, June 23rd at 8:30 p.m. in the Jericho High School auditorium 165 students will receive their diplomas which will be presented by Dr. Arthur Carin, President of the Board of Education of the Jericho Public Schools.

Rabbi Stanley Stainhard of the Jericho Jewish Center will give the invocation and Rev. Daniel Potterton of St. Paul the Apostle R.C. Church will give the benediction.

The graduation theme is taken from a quote by the late President John F. Kennedy, who said, "I do not shrink from this responsibility... I welcome it".

Dr. Thomas F. Carey, Superintendent of the Jericho Public Schools, will talk to the graduates about the many challenges they will be facing in their future life.

John D. Heller, Principal will present scholarships to the five top students of the graduating class made available by the Jericho Scholarship Fund. Also to be presented will be the scholarship given by the Hicksville Rotary Club.

During the ceremonies the audience will hear the Jericho High School chorus under the direction of their conductor, Henry Switzer and the high school orchestra will be led by Alan Arnold.

On Tuesday, June 23rd, two assemblies will be held at Jericho High School to honor the winners of academic awards. The senior high school will assemble in the auditorium to see members of their senior class honored. The junior high school will meet for a similar purpose in the gymnasium under the direction of Mr. Richard Suprina.

At the senior assembly, the Valedictorian and Salutatorian will receive awards from their principal, John D. Heller. The Jericho Faculty Memorial Scholarship award will be presented by Robert Monaghan, Treasurer. At the same time, recipients of the four-year academic awards in art, business, English, home-making, mathematics, science, social studies and industrial arts will be given medals and certificates by the department chairmen.

Arthur Rathje, assistant principal, will present the annual athlete-scholar award to the student who has been most exemplary in character and scholarship both on the athletic field and in the classroom.

Once again Francis Gencorelli, brother of the late Henry Gencorelli, will present the Henry Gencorelli Memorial award to the student who has shown the most improvement in the field of social studies over a four year period. This award was established last year in memory of this former teacher for the great interest he had shown in the improvement of understanding of the achievements of the past.

The junior high school will witness the awarding of certificates of merit and medals for scholarship to members of these classes from each academic area.

Jericho Men's League

The party's over. It's time to recapitulate. And, while I'm doing that let's go over a few highlights of the season just ended. Although the final standings showed the Browns nosing out the Rams for the first place by only two points; it wasn't really that close. The Browns were in charge practically all the way. The Rams had some consolation. They swept eight points from the Browns on the last night of the season and again won the \$10.00 Team Bonus Prize for the fifth time out of the ten weeks the award was given out—surprisingly enough the 506 series bowled by Vince Greco the second night of the season stood up all year long, although it was tied by Herb Block and threatened by Hank Halberstadt's 603 just a few weeks before the seasons end. By the way, Hank threw twenty-three games over 200. In other words, in one out of every five games, Hank bowled 200 or better. Nice going Hank.

A couple of other good games lately that you might have missed along the way was Bob Schlanger's 243, Marty Dinoffner's 242, and Jerry Richer's 234—Al Wertheim just beat out Hal Epstein for the Most Improved Bowler award by two points—Speaking of improved bowling, the final over-all team average was a dismal 733, compared to last year's 754. So, until September 22nd, when we bring another bowling season, have a healthy happy summer and for gosh sakes—practice bowling!

Cancel Europe Study Project

Mrs. Blanche Tisman, President of Study, Incorporated, announced that because of insufficient funds, the organization has altered its plans for 1964, and will assist a group of Hicksville students to study in Puerto Rico, rather than attempt to finance trips to Spain and France this summer.

Although Study, Inc. sponsored a successful affair to which the community gave its whole-hearted support, the amount of money needed to finance students who required monetary aid on the French and Spanish trips was greater than could be raised in the limited time available, said Mrs. Tisman.

"Accordingly," she continued, "the Executive Board has taken the practical alternative and will assist Hicksville students who will study at the University of Mayaguez. Hopefully, Study, Inc. will as a result of concentrating on fund raising in the year ahead, be in a better position for the summer of 1965."

Jericho Little League Wants Ball Field

The Executive Board of the Jericho Little League at its last meeting carried a resolution opposing the West Birchwood Civic Association's resolution request for the Town of Oyster Bay creating a recreation area north of the Cantiague School and the Little League field that would be included therein, be abolished and a children's playground be substituted instead.

This resolution was taken because the Jericho Little League feels that there is room for both the Little League field and the playground and wish to go on record as supporting both items. The board also wishes to express its disappointment in the West Birchwood action since once again the town has split and one group asks for one thing and another group asking for something completely different. The Little League wishes to go on

record to meet with all groups to establish this principle.

The Board has been trying to gain a suitable playing field for the past 8 years. The following are facts:

1. The 2 fields (Little League) at the Cantiague School are poor substitutes for playing sites. They are sand pits — full of rocks and by no means regulation. The League is using them this year because Dr. Carey requested the League to stop using the Rob't Jackson school this season so it could be rehabilitated, funds were not provided for this in the budget.

2. There are over 375 boys from all of Jericho playing Little League baseball, including a good number from West Birchwood.

3. The baseball diamond would be utilized all summer contrary to the statement that it would

be in "disuse". The League is attempting at this time to institute a summer league for boys.

4. Our immediate surrounding communities have regulation, maintained, Little League fields.

The Board will communicate this to Dept. of Parks and Recreation and will ask for a meeting with Supervisor Pedito to make its position known.

FOR THE RESIDENTS OF BIRCHWOOD PARK AT JERICHO

Youth Group Concludes Season

By Ralph Diamond

Another successful season by the Youth Group of the Birchwood at Jericho Civic Association closed recently at the Jackson School. This marks the sixth year that our youth group has served the youngsters of our community.

Our youth program year after year attracts the youngsters between the ages of 10 and 15. Our youth group leaders, Vivian Scoma, Louis Cohen and the writer, are constantly asking the

teenagers what type of program they would like, however we never receive any specific answer. It appears that our older teenagers keep complaining that there is nothing for them to do in our community yet when we offer to work with them to create an activity of their own choice we never obtain their cooperation. On behalf of the Civic Assoc. we once again invite our older teenagers to express their desires to us, so that we can attempt to set up a program next year to help solve this serious problem.

Ten Pin Talk

by Henry Dockswell

It was a fitting finish. Our end of year Dinner Dance was just great. The Holiday Manor may not be the best place we've ever taken but that didn't stop our guys and gals. Everyone seemed to be smiling and ready to have a good time. That must be half the battle, for by the time it was all over most of us were really aglow, one way or another.

The trophies were just the most elegant we had ever seen. Each year Nat Warren seems to come up with something different and more beautiful. It's hard to imagine how he will be able to top these next year.

Leo Geyer, as usual, walked off the highest individual honors in addition to a very handsome desk set, the league's gift of appreciation for his past year as President.

Yours truly was a bit lit and almost forgot (like last year) to introduce Horace Bernstein, President of our Civic Assoc. But a little birdie whispered in my ear and saved the day. It was Fred and Mariel Green's 23rd wedding Anniversary, and they danced the Anniversary Waltz to a rousing ovation. Dave and Lila Kaye were congratulated on their son Larry's Bar Mitzvah that same day and good fellowship seemed to be the order of the evening.

Next year the league has planned a weekend. A number of hotels are being considered and as soon as your committee comes up with it's choice we'll pass the news along.

The newly elected officers, by unanimous acclaim of the 12-man executive committee, are:

Morty Levine—President
 Mill Goldberg—Vice President
 Mike Hauptman—Treasurer
 Once again Elliot Spencer will act as our team formation man and handicapper so don't delay and send him your \$5 deposit check to insure your participation next year. As in the past the only requisite to bowl is that you be a member of the Birchwood Civic Assoc. The league is expanding to 16 teams next year so there will be openings for more bowlers. Send your checks to Elliot Spencer, 99 Hazelwood Drive, Jericho, N.Y. Include your name, address and phone number, and if you're a new participant include your average if you have one.

Even though Ten Pin Talk will take it's usual hap-hazard summer vacation, watch these pages for timely notices and articles as events of interest take place.

The league wishes to extend its sincere sympathy to Dr. and Mrs. Herb Bernstein and Mr. and Mrs. Irv West, who couldn't attend the affair. Vivian Bernstein suddenly lost her mother and Irv's father passed away.

Nearly 90 per cent of all the scientists in world history are living today, according to the National Geographic Society.

About Town

A Letter to the Editor --

Editor, The Villager
 Jericho, L.I.

Dear Sir:

On May 24th, 1964, due to a severe drop in water pressure, the Board of Commissioners put a ban on all lawn sprinkling. On June 1st, as a result of another well going into operation, we were able to ease the ban on sprinkling lawns.

During the first week we received numerous phone calls from residents of Birchwood at Jericho notifying us their neighbors were ignoring the ban completely. Since lifting the ban we are still receiving telephone calls from consumers in Birchwood stating that many residents are watering on the wrong days.

We would appreciate any help you may be able to give us regarding this matter. If our restrictions are not obeyed the District will be forced to suspend all sprinkling. Your assistance will be greatly appreciated.

Very truly yours,
 Board of Commissioners
 Jericho Water District
 C. H. Smith
 Business Manager

CHS:cj

Editor's Note: that all residents of Birchwood at Jericho are well aware of the water situation in the Jericho Water District. It is not the shortage of water, but the pumping that has caused this crisis.

When you water your lawn on a day other than the one designated, you are adding a strain on the pumping station and as a result, someone on high ground loses water pressure. It is only with every resident's cooperation and by reporting violations, that each home owner will have an equal opportunity to care for his "greenery". A little neighborly consideration is in order?

Nine billion checks totaling \$3 trillion were cleared through the nation's 14,000 banks in 1963.

Alyssums Champs In Bowling League

The Alyssums won the championship of the Temple Or-Elohim Sisterhood Bowling League. Elaine Brown, Roz Kroll and Marilyn Schwartz were the members of the winning team. Second place honors went to Ellnore Blond, Iris Aronson and Lorraine Rich, who bowl together as the Begonias. Recipients of the third place trophies were the Confidewits, elsewhere known as Eleanor Sachs, Stacey Warren and Evelyn Roseman.

Trophies were distributed at the third annual luncheon of the T.O.E.S. League, which was held at the Holiday Manor. Dale Berg's 229 game was high for the league.

THE SUDDEN DEATH SEASON
 ...Last week we predicted Hicksville would face Wantagh again for the County Baseball Championship...but that was before we discovered a loose gravitational spring on the crystal ball. And so it happened on a balmy late Thursday afternoon. Freepport trapped the Vikings and Great Neck North behind the 5 hit hurling of Jay Ginsburg knocked the Comets out of the playoffs. Losing pitcher Comeland's fine southpaw Jim Erwin gave up 4 hits 4 walks and struck out 8 over the route. He never looked better but a slow start coupled with a single, a sacrifice, a walk, a wild pitch and a double by "Northman" Harry Wright accounted for 3 runs in the 1st frame. Hicksville in turn threatened a "Frank Merriwell" finish in the top of the 7th on a single by Nick Carrera and a long double by Greg Hoberock...but this wasn't a day of destiny for Dick Hogan's charges or the Loyal members of the C.R.F. All in all a fine winning season...

The bright spot of course was the recognition of Infielders Stu Blust and Bruce Damm for Division honors and an All Star County berth for Jim Erwin. "Wait'll next year," said guys like Howie Finnegan, Fred Sutter, Andy Koehler and John Santore. It was a year to remember and yet...it was a year to forget. Lots of good luck to the Seniors who played their last game in the shadows of the hallowed halls of Hicksville.

ALUMNI PRESENTS...THE SHOWCASE OF STARS... Like all good things that improve with age this 2nd annual ALUMNI VARSITY DINNER, held Thursday night at the Old Country Road Manor must go down in the record books as a showcase event well worth its place on the banquet circuit. This year's innovation of having the Sr. High coaching staff introduce individual team members met with unanimous approval and will probably become a fixture with this annual affair (dedicated to the cause of honoring all of Hicksville's Varsity lettermen and women.) Football coach Jim Grantham got the affair off on the proper note with a droll comment concerning the grid fortunes of his Comets. "We had an undefeated season", he said, "the game with Clarke didn't count." Sort of reminds us of the Halycon softball days when our team played the Jr. High Faculty. They beat us often but as self appointed czars of the league we ruled every loss a non-league tilt. The result being that the Custodians had three undefeated seasons in a row. Bowling and Soccer coach Harry Rem added other bon-mots as did Bill Roberts (wrestling and Soph. baseball), Chet Jaworski (Gold), Ed Petro (basketball), Bill Meyer (Lacrosse), Fred Recher (track and j.v. wrestling) and last but by no means least gymnastic coach Bob Trichka. Bob got the howl of the night by stating simply, "I hate to break a precedent...but we wound up with a 1-5 record." His high note of the evening, however, was the fact that his tumbling ace, Bruce Devereaux, has taken the State Title this year. "A great show," said "Hap" Holden who offered one of his fine 2 foot Havana

cigars....(to enjoy after dinner speaking by). Guests on the diaz were Athletic Dir. Chet Jaworski, Adm. Asst. William McCarthy, High School Principal Leon Galloway, M.C. Jay Schwartz, E. Parker Yutzler, Hicksville's first Athletic Dir. returned for a guest shot; Pete Maroon, Alumni Pres. (Mr. Alumn), William Geyer, Past Alumni Pres.; Joe Nase and Lou Millevolte, New Athletic Head in 65. "A great show," agreed the experts...and a lot of credit goes to Dinner Committee Bill Frohnhoeffer, Howie Finnegan, Mike Sherin and Connie Weyer.

NAMES IN THE NEWS DEPT.
 ...Long Island schoolboys (Section 8) again dominated the recent State Track and Field Meet held last Saturday at Schoellkopf Stadium in Ithaca. Hicksville's lone entry, Pete Sullivan, finished a strong 3rd to Wantagh's Ron Gustafson in the 2 mile run. Gustafson set a new meet mark 9:29.3. All L.I. Section 8 and 11 capped all of the 17 events. Vin Hoosack (Lacrosse) again pictured in the big city papers for his ALL-COUNTY berth on defense. Chris Coletta flyhawking for Winston Salem (Red Sox Farm Club) still leading the Mid-Western league with a booming 377 b.a.

Final Meeting For Internationals

The final general membership meeting of the season for Hicksville International Little League was held on Monday June 8, at the Hicksville High School. Highlight of the evening was the presentation of awards to Mrs. R. Baeno of 14 Balsam Lane, Hicksville (a G.E. Portable TV) and B. Weber of 401 Berkshire Road, Hicksville (a fully equipped bicycle.)

Plans were completed for "Tag Day" which will kick off at 10 a.m. at the Lee Ave. baseball field this Saturday, June 13. This is a metercorder, a magnetic tape recording instrument that means new efficiency in meter reading—and better customer service.

LILCO is the first utility in the country to adopt this advanced method of reading gas and electric meters, so LILCO customers will be the first to

Metercorders are a product of this electronic age of computers. They don't eliminate the man. They eliminate his pencil and his unwieldy record book.

Conventions in Nassau County since the entire movement was revived some 6 or 7 years ago and have watched the boys move along each year to higher and more responsible positions. . . Also noted their increasing physical stature each year. . . Bob Mangels, Jr. was elected to the Nassau County S.A.L. Staff as Chaplain. . . Once again a Hicksville boy is on the county staff. . . My Son was our last representative and became a County Captain or as they now call them, Commander. . . Good Luck to you, Bob, Jr. . . I note with enthusiasm that the older boys are beginning to drift back into the organization and that's great as we will depend on these to carry the ball in the not-too-distant future. . . But a word or two on the Convention itself. . . It was very well attended, best I've seen in a few years and again this is a good sign that things are once again on the upgrade. . . Does your Son belong to our Squadron, the first chartered in New York State ??? Why not?

The female members of the band just had a day off and were spectators for a change. . . But next Saturday at the Nassau County Amer-

They are scheduled to go on the field at 12 Noon sharp and let's wish them the best of luck and another first place. . . Our S.A.L.
