# Teachers Decline To Swear Charges

On the last day for the filing of affidavits and sworn statements in the matter of the so-called "aggrieved teachers" with the Hicksville Board of Education, a spokesman for the group of teachers said by telegram "they consider affidavits neither helpful nor effective methods." Dr. John J. Rouse, supervisor of language arts, complied with the Board direction and filed both a brief and affidavit.

Friday, July 10, was the last day for the filing of affidavits and briefs by all parties concerned upon each other and with the Board of Education. This Friday, July 17, is the final date for the filing of answering briefs.

Last Friday Louis Villanosa, who is president of the Hicksville Classroom Teachers Assoc., sent the following telegram to George A. Kuz, president of the School Board; the district clerk and other officers the following telegram:

"Aggrieved teachers have instructed me to advise you of the following: they reaffirm statements previously submitted. They consider affidavits neither helpful nor effective method. As per telephone conversation to five board members request an executive session teachers and Board only present first week of August."

The list of the complainants on "aggrieved teachers" was listed by Dr. Rouse in his brief as follows: Albert Bevan, Alfonso Buxwell, John J. Clarke, Elizabeth Daley, Carl Demma, Karen DuBla, Hester Eason, Mary Parrar, John Fitzpatrick, Kay Fletcher, Richard Halowitz, Martin Katz, Raymond J. Matlenzo, Jeremy Palmer, Harriet Priest, Gerald Shanley, Gertrude Sheridan and James Wellon.

Five points are enumerated in the brief on behalf of Dr. Rouse by Robert W. Corcoran of counsel:

1. The record of this grievance proceeding fails to establish any prejudice by the complainants against the respondent.

## PTA Council Backs Placement

The Hicksville Council of P.T.A. Units have voted to support the establishment of a "Youth Placement Service." This project was developed by the Council Juvenile Protection Committee and it will be under the sponsorship of the Hicksville Kiwanis Club. They will operate at the Library. Gene Schillinger will be in charge and will take telephone calls from students interested in finding a placement at WE 1-3280.

The Council further announces that the Council Scholarship recipient this year is Michael Sikorski of 12 Crown St., Hicksville. He will attend Michigan University this fall.

2. The record reveals at most a dissatisfaction on the part of the teacher personnel with the requirements imposed by their lawful superior.

3. Morale is a subjective condition dealing with the mental condition, health, cheerfulness, confidence and zeal of the parties concerned. The self-serving declarations of the complainants that the respondent is responsible for low morale in the English Dept is unsupported by factual allegations.

4. The real issue involved in this proceeding is not the conduct of the respondent but the very existence of the position of supervisor.

5. The respondent is the subject of the present attack because of the thorough, conscientious and courageous manner in which he performed his duties as supervisor. The respondent, under all the facts of this proceeding is entitled to the support of the Board of Trustees.

In his affidavit, Dr. Rouse declared that during the past school year there were 27 teachers in the English Dept, 11 on tenure and 16 not on tenure. Of the 11 resignations from the Senior High English Dept, he said, two were not connected with the grievance procedure, one resigned for maternity reasons, four were not to be offered a contract in any event and the other four resignations were "based upon the teachers' dislike for the respondent (Rouse), three from non tenure teachers."

The Board of Education heard the telegram and the filing of an affidavit and brief by Dr. Rouse at its regular meeting Friday night. Despite oral argument from the floor by Villanosa, who said he was speaking with full authority from the HCTA executive committee, no change was made in the scheduled manner of procedure on the matter of the "aggrieved teachers" with the final filing of documents this Friday, July 17.

## Civics Oppose Apt Project

The Midland Civic Assoc. of Hicksville and Jericho will oppose the rezoning application of Jerry Spagola, builder, who is planning to build a large garden apartment project, as well as a number of stores, on the Davis Farm property which is located at the junction of Bethpage Road and Broadway at the Hicksville Jericho boundary.

The application for rezoning this property from "D" Residence District to "G" Business District and "E-1" Apartment House District will be the subject of a hearing before the Town Board of Oyster Bay at 10 a.m. on Tuesday, July 28th. The civic organization has been circulating a petition which calls on the Town Board to reject the rezoning request.

Civic President Bob Brook, in a statement of policy which was delivered before a special meeting of the Executive Board of the Assoc. declared that the construction of garden apartments in a residential area would be another step toward the urbanization of the area to which most residents had moved during the last 35 years to get away from urban living and the problems which it creates. "We came to this area to get away from the city and now we find that the city is trying to 'move in with us.'"

## Commissioner Rejects Bruno Complaint

State Education Commissioner James E. Allen ruled this week in a precedent-setting decision, that William A. Bruno Jr. (and for that matter, any other school trustee in the State of New York) is entitled to examine and make copies of any unqualified public records of the school district. Allen also tossed out the action brought by Bruno against the Hicksville Board of Education, stating the "appeal is dismissed."

The Commissioner in a decision dated Monday of this week, concluded:

"The rights of an individual member of a Board of Education are as follows:

"1. Any individual member of a Board of Education is entitled to examine and make copies of any of the unqualified public records of the school district dealing with the affairs of the school district.

"2. This right to inspection and copying must be strictly qualified by the rule of reasonableness and such inspection and copying must be in accordance with the rules and reasonableness as outlined (above) by the courts.

"3. An individual member of a Board of Education may not direct the administrative personnel of the district to do anything beyond those things necessary to such right of inspection and copying.

"This means that an individual member of the Board may not

direct the Superintendent of Schools or other administrative personnel to carry out research project requiring the collecting or extracting of various types of information not contained in existing records.

"The record before me indicates, among other things, that the appellant made approximately 300 requests within one year involving both various existing records and the compilation and extraction of a great deal of information concerning the school district not contained in existing records. The basic point to be remembered here is that although the appellant has certain rights, they must be exercised in a manner that is legally reasonable. The record indicates that the appellant's effort to exercise those rights in the past have been legally unreasonable both in manner and in number."

The fourth point of the commission involved visitations to schools. Allen pointed out that inspections and visitations shall be carried out only under authorization of the Board of Education. "Without such authorization, an individual member has no obligation or right to make an official visit for purposes of inspecting the schools or of giving directions to any employee of the Schools."

Bruno was reportedly out of town when the Allen decision was received, Tuesday, and was unavailable for comment.

## Thomas Soininen Takes Bride

St. Peter's Episcopal Church in Hebron, Conn., was the scene on Saturday at 4 p.m. for the wedding of Miss Alice Anne Hammond, daughter of Mr. and Mrs. William Wadsworth Hammond of Hebron, Mystic and Surton, Vt., to Thomas Adolph Soininen, son of Mr. and Mrs. Adolph Gustav Soininen of Hicksville. The ceremony was performed by the Rev. Gordon W. Weeman.

Given in marriage by her father the bride was attired in a gown of silk peau de soie and a Chantilly lace mantilla. Her bouquet was of white roses, baby's breath, stephanotis and ivy.

Miss Margraet Hammond, sister of the bride, was maid of honor. She was dressed in a gown of peach Irish linen and a picture hat. The bridesmaids, Miss Dorothy Roop of New York City,

Miss Beverly Fuhrmann of Port Jefferson, Miss Sibyl Scaife of Buffalo, and Miss Martha Hammond, sister of the bride, wore green dresses with picture hats. They carried white roses and ivy. Amy Bochain of Moosup was the flower girl.

Gregg G. Soininen of Hicksville served as best man, and guests were ushered by Gerard Giovanello of Hicksville, Bruce Hardman of Garden City, Reeve B. Howland of Elmira, and Elihu Kraemer of Jersey City. Theodore Bochain of Colchester was the ring bearer.

A garden reception was held at the home of the bride's parents following the ceremony. The couple will reside, at R.F.D., Stonington, for the Summer, and after Sept. 1 they will be at home at 213 Green St., Schenectady.

EILEEN MARIE O'HALLORAN, daughter of Mr. and Mrs. Leo O'Halloran of 101 Acre Lane, Hicksville, was graduated from St. Vincent's Hospital School of Nursing in New York City on June 15.

The graduation ceremonies took place in St. Patrick's Cathedral, N.Y.C. His Eminence, Francis Cardinal Spellman presented the diplomas to the new nurses.

Following the State Board examinations, Miss O'Halloran will be a Registered Nurse and plans to remain at St. Vincent's Hospital and work as a staff nurse in Rehabilitation. She graduated from Hicksville High School in 1961.

## Dear Lynda:

The Nassau County Press Assoc meets this Friday night, July 17, for dinner at Frank's Alibi on Old Country Rd. Our editor, past president of the Assoc and more recently acting president during the reactivation of the group, was not a candidate for president. He has been elected "honorary president" and a director of the Assoc for the Town of Oyster Bay....Have you noticed that armor-type telephone on the new elevated platform of the Hicksville RR Station? It looks as though only a cutting torch could do it any damage....Mr. and Mrs. ANTHONY SCOTTI took up their residence over the weekend at 57 Acorn Lane, Levittown. Mrs. Scotti is the former LYNDA NOETH....MAE BLUST is on vacation this week....JACK EIHMAN and CLIFF FREITAG of Hicksville Firestone were in Philadelphia on Monday of this week on business....GENE STALLER's Starlight Shop has a sale going, starting today (Thurs)...LIL celebrated her first anniversary at the helm of the Little Inn over the weekend....GEORGE CONNOR says he cut his grass this week. In view of previous comment here, he must have used paint remover rather than a mower.... Ask GIG what's new and he'll usually reply: Chuckles....Speedy recovery to Mrs WILLIAM MCCARTHY of Brittle Lane who underwent surgery during the week. Bill is administrative assistant to School Superintendent DON AHT and a popular member of the Hicksville Rotary Club. (Said mention is gonna cost him).... We ran into SKIPPER DOW this past week and, as usual, he had an entertaining tale to recall. This was about the time his shipmates were host to President TEDDY ROOSEVELT aboard their flagship.... In view of the current excitement at the COW PALACE on the West Coast this week, the following text in the Ernest F. Franke Republican Club newspaper is of interest: "Enjoy the easter life of summer living...Have fun and be careful"....

## President's Corner

By Horace Bernstein

News item: "Oyster Bay town taxpayers won a major victory yesterday when the town board announced it would hold a public hearing July 29 on restoring one-acre zoning to 119 down-zoned acres in Woodbury."

In last week's VILLAGER, you read about the meeting that was held in the Thompson High School by the various Civic Groups to protest the downzoning by the Town Board of the piece of property. As a result of this meeting and the strong opposition, the Town Board is now prepared to backdown. Why? Isn't a Civic Assoc. the backbone of a community? Your Civic Assoc. and others like it fight for the best needs of the people. This is what we give up our time and energy for.

So what is the point of this article. It is not to blow our horn and say how great we are, but to blow off a little steam. I am getting a little tired after eight years of work to still hear many people say, "The Civic Assoc., what do they do? They have money to spend on Gates, but who needs them. Who needs a Civic Assoc. to spend our money on such a project." Unfortunately it is always the complainer who does nothing, not the joiner, but when their own little world is in danger, they come crying for help.

Many times individuals and small groups have called for our help, joined our Civic Assoc. and then after receiving our help, withdrew their support. Your Civic Assoc. does its work year in and year out. We ask very little from the residents. No applause or praise is required. We welcome legitimate complaints if that we do displease the residents. However, in return we want your support. We want your membership, so that when there is a problem of Zoning or Commercialism, we can go to the Town and say, "Mr. Town Board, we represent the Village of Birchwood Park," and they will know that this means a group of 1000 homes.

To those who feel strongly enough the Board meets on the third Tuesday of each month. Make it your business to attend and complain. When you complain, do so directly and make sure that you, who complain, are prepared and willing to work, like the other members of the Board of Directors.

## CUMMINGS 'N GOINGS: Giant Step for Community

by Jim Cummings

The elevation of the LIRR Mainline in Hicksville is truly a giant step forward for Hicksville and the north Mid-Nassau communities. Coupled with the road widenings on West John St. marled to say the least. At Broadway road leveling and re-paving has traffic diverted to E. Nicholas St. is closed further bottling traffic. We note that the Port Jefferson line work is several weeks ahead of schedule-concrete has been poured, etc-this will completely elevate all trains east and west and end congestion thus completing the Elimination program begun some years ago. This giant step will see the dawn of a new era in this bustling community-a new look in office buildings, retail units, garden apartments plus the fact that all roads lead to Hicksville leaves no doubt that HICKSVILLE is the Hub of Nassau County.

HERE 'N THERE: That was Don Ameche attending 11:30 a.m. Mass at Our Lady of Mercy R.C. Church Sunday. Gzelle Nelson of Hicksville tells me that the Annual Show of the Mid Island Chapter of Barbershop Quartets will be held at Westbury High School latter part of November. Everybody political is out at Cow Palace for the Republican Convention except the Town Crier - he was seen Sunday at K of C Clambake along with 270 others enjoying this SRO affair.... Miles Shoes will open at Mid Island Plaza within several weeks.... Pete Perralia, popular host of the Old Country Manor Hicksville, home after attending the Kiwanis Convention on the West Coast with Bill Murphy and Dick Miller. Speaking of Kiwanis - Kids Day will see Hicksville Kiwanis host to some 2500 children on Saturday, Sept. 26th - more later when Gene S. returns from his trip to the old country....

FROM THE MAILBAG: Tom Glynn of Glen Cove, organizer for Nassau AOR sends a nice note from County Mayo, Ireland - we hope everything is well. the Novick's better known as the "Brothers Four" in the building world announce preview opening of their new office on North Broadway on July 28th-see you there!... We hear that "Cousin Bruce" of WOR will make another

personal appearance at Mid Island Plaza in September. We're still getting thank-you notes from shoppers who won Free World's Fair tickets back in April-it was our pleasure!... An outdoor Art Show is planned in for September at Mid Island. Bill McEnery, of Providence, R. I. next National President of the Ancient Order of Hibernians, America, writes to remind us of where we'll meet in Albany for the National Convention August 2-3-4 - we'll report on this first hand. It's vacation time - so off we go with Dolores and the children-all six-Valerie, Jimmy, Michael, Ann Marie, Patrick, and little Kevin-as Jim Twible has often said - "See You- All Of A Sudden."

### SHORT AND SWEET

"If you spend your summer's vacation in your own back yard, your friends and neighbors will know exactly what kind of a person you really are. Sensible and broke." - John Maverick, Cherryvale (Kan.) Republican.

## Birchwood Resident Aids Space Research Program

Remember the panicky feeling you had when you found yourself with more than you could do and a deadline staring you in the face? Did you feel that you wasted the

little time remaining worrying about the situation... did you feel that you reacted normally in spite of it, or became more efficient because of it?

Here is Paul Frankel of Fountain Lane, Jericho, preparing to be tested under a program currently in progress at Republic Aviation Corp. Paul is the son of George Frankel, past-president of the Birchwood Civic Assoc. and former Editor of THE VILLAGER, who, in professional life, is Chief of Republic's Space Environment Laboratory.

Under contract to the U.S. Naval Training Devices Center at Port Washington, Republic Life scientists are researching the effect that stress may have on learning and performance. The Center, under the command of Capt. Helmut, is responsible for applied research in training problems, as well as for the procurement of training equipment. The Navy plans to use the information gained to improve the training of servicemen, and will also make results available to all educators.

Directed by Dr. Julius Peters, Chief Psychologist for Republic's Space Environment and Life Sciences Laboratory, 600 Long Island high school boys have volunteered to serve as experimental subjects and will continue through June. The volunteers have been screened by means of a general aptitude battery administered at their schools by the New York State Employment Service. Peters said that most of the boys being selected were seniors who plan to enter a

vacation or the Armed Services when they are graduated from their high schools. So far, more than 21 Long Island schools are co-operating in these important experiments.

The Republic testing facilities are equipped to give the three-hour tests to two boys at a time. In this way, four volunteers can be processed during a working day. After listening to a pretest briefing on the purpose and scope of the tests, they strip to the waist to permit some nine electronic data recording leads to be placed on their head, arms, and torso. This delicate process, harmless and painless, takes almost an hour.

When testing begins, the boys are asked to learn several tasks, one requiring eye-hand coordination, the other, learning some information about electronics. "Exams" are given the boys on the subject matter that they just learned, as the various sensors record their physiological reactions to the questions on the "exam."

Dr. Peters pointed out that the boys who serve in the study acquire useful knowledge, and have the added satisfaction of knowing that they have made a significant contribution to the welfare of their country. The volunteers are not paid, but the sum of \$5 is contributed to the school's student government for each boy chosen.

## Two Weeks Left in Regular Season for Americans

by MILT PRYOR

With less than two weeks remaining in our regular Little League season, the boys of Hicksville American Little League, in their home stretch drive are now playing these last few games as though each one is the last.

Their tremendous hustle and drive is very evident, and as a result the games in most cases are very close and exceedingly exciting. Our Little Leaguers improvement with the bat & ball, and their good glove know-how have assured our League of much new talent for the next few years. It will be pretty hard to choose boys for the Minor A Division or the Majors as there are now so many good ones.

The All Star Teams have begun their team practices and are readying themselves for their first encounter. Our Major League All Stars looks very good to me, and I think these boys have a good chance to take their first couple of games. Their team spirit and team coordination and precision plays are a thing of beauty. This looks to be an American year.

The application blanks for the N.Y. METS Baseball game are now out. They must be returned to Dick Eaton at once. Remember, there are only 325 free seats. They will be distributed to the first 325 applicants.

Sunday, July 19, is Tag Day. Your managers will give you all the details on the playing field. If you can come out to help, please do so. We need all the boys we can get.

In the Senior League this week, Steve Gilbowski, of the Long Island National Bank team, pitched a no hit no run game against the Mid-Island Pizza Men. The bankers are still firmly entrenched in first place for the second half of the season. You will recall that there was a first place tie for the first half of the season between V.P.W. & L.N.B. This will be decided after the close of season activity.

In the Major League Division this week, Gertz continued to dominate the League with 2 additional wins, making the second half of the season 6 Wins without a setback.

The boys from Gillison found their power again and easily defeated the oil pumpers of G.L.F. 13 to 0, Matty Burgay went the route for the knitters. The game ended with a fast double play: Cossin to Guiliano to Boyle, Tommy Cossin and Dean Boyle each got three for four at the plate.

In the Minor A this week, the Fairway Farms Dairy men and the Hicksville Republicans met head-on in a first place showdown as each team was tied with 4 wins without a defeat. The first contest went to the Dairy men who came from behind in the last of the 6 inning to take the Elephants 10 to 9. This toppled the Republicans out of first place and chalked up the first loss of the entire season for them. Bobby Daub who came in to relieve Gary Palmese took the loss and Kevin Sweet was the winner. Their Wednesday evening encounter was rained out. The tension continued as this game was carried over to Saturday when Steve Goldberg was chosen to pitch for the Fairway group, and Bobby Pryor was given the nod for the Republicans. The boys of the Republican squad jumped into a quick lead and although challenged every inning managed to stay on top and eke out a 4 to 3 win. Bobby Pryor led the

team with two hits and held his opposition down to 3 scattered hits. This was a real cliff hanger as the nails of both my hands can attest to. The Republicans met Botto Bros, plumbing boys last Sunday and another exciting game. The boys from Botto outplayed the Republicans and were leading 6 to 0 and as much as 9 to 3 in the 4 inning. The Republicans rallied with the aid of a couple of errors and pulled the game out of the fire in the last of the 6 inning 10 to 9. Billy Koukas, was given credit for the tie ending hit and helping the Republicans take over first place again with 6 wins with 1 setback.

The Hicksville Democrats split with the Botto Bros. Plumbing & Heating Squad and timely hits by Mark Rosner, Bobby Glover, Philip Servidio and Anthony Lauro of the Mules helped them take their first win of the second half.

In the Minor B League this week, Robert Harris, of the Pizza D'Amore squad pitched a no hit no run game, overpowering the Tech Alloy Welders 24 to 0. This was the first time that young Harris has ever pitched. I wonder what will happen after he gets some practice! Bob Filangiere of the Mr. Softee squad, aided by Jim Nastack kept the Ice Creamers in first place with a 14 to 1 win. The boys from Mr. Softee are still undefeated for the entire second half, and the way they are going, plan to remain that way. In their playoff game with Pizza D'Amore, Roy Wolmart busted up the game with a mighty home run and thus ended their tie encounter. Softee is now tied for first place with the Malvese guys for the first half of season play. The winner of their contest will decide the first half winners.

The mighty Steve Lasher has struck out 16 more batters and continues to dominate the league. His triple and single aided the Hicksville Ford team to win this encounter.

### Hil Bike Pilots!

As a cycle pilot you must obey the same laws as motorists.

Take a pledge to follow these common sense rules:

1. Learn and obey all traffic regulations.
2. Keep your bicycle under control - no weaving or stunting.
3. Ride on the right side of the street - move with traffic and stay close to the curb.
4. Give proper hand signals when turning or stopping.
5. Don't carry riders. They block your vision and throw you off balance.

## LIVING UNDER LAW

### POWER OF ATTORNEY

Under many circumstances which may arise, you may want to appoint an agent to handle your property, or to act for you in some other way. Although you may do so orally, it is preferable to have a power of attorney as an official authorization of your agent.

Any person who is legally capable to act for himself may act as an attorney. (This is not to be confused with attorney-at-law). Such a person acts in your place; he has your authority. In the eyes of the law, it is as though he were you. This does not mean, however, that his powers are unlimited. The instrument creating the power of attorney may

restrict him to the performance of one or two acts in your behalf. Within the limits set out, you are legally liable for the acts performed by the person who holds the document. A power of attorney should be signed and witnessed. For quite obvious reasons, it should state precisely and clearly

what powers you are transferring to your agent. The agent's power to act

may be terminated by giving notice to him. Also, persons dealing with him should be notified if the acts defined in the document have not been completed. If you fail to do so, you will be responsible for any acts your attorney performs honestly under the power conveyed to him.

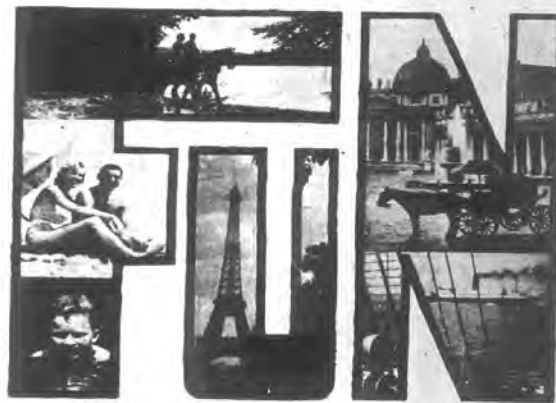

A power of attorney is automatically revoked by the death of the principal, by the conclusion of the acts described in the document, or by the expiration of any limit of time set forth in the document. In addition, if the principle should be declared incompetent, revocation is automatic.

Don't look now, but the big day, Aug. 9th, is breathing down our backs. Members who plan attending this year's picnic are urged to have their receipts in no later than July 27 if they want to participate in the drawing of prizes. Last Saturday morning, Joe Roccato, picnic chairman and myself drove up to Teddy Roosevelt Memorial Park to complete arrangements and have a final look at the picnic grounds before the big day. We were pleased with the area which is restricted for our use only. In addition to swimming this year, another feature can be added to this year's fun fest. The area has a pavilion with sufficient electrical outlets for radios or record player and would make

**REUNIONS**—The 168th General Hospital is planning a reunion (a little early) in 1965. If you are a former member write WILBUR J. YOUNG, 1220 Arden Ave., Rockford, Ill. stating preferred site and date. The 17th Airborne Div. Assn. will hold its 11th. annual reunion, Aug. 7-10th. Contact Middleman, 123 Melrose Ave. East Lansdowns, Pa. The National organization of AMVETS of HW 2-K area will hold their 20th. annual Convention at Philadelphia, Penna. Aug. 27th.—30th.

**MAINLY ABOUT VETERANS I KNOW**—Hear tell that GENE DUCH, former Marine, is now a "Disc Jockey" and spinning the platters down South. Sgt. USMC Retd. JOHNNY RYAN has recovered from his "Op" and is well on the way to recovery at home. SAL BRUCATO, former G.I. who served with the Signal Corps in Korea is finally enjoying his vacation away from his desk at Grumman. GERALD NEMEROFF, Ex-Marine and one of those boys who had that long trek back in Korea, has moved with his family to his new home in Flatview. It's sorry I am to see you folks move...we will all miss you. Gerald Grimm, former soldier in Korea and whose home was in Westbury, was ordained a Lutheran Minister last week. Rev. and Mrs. Grimm will take up residence where the new Pastor will preach in Middletown, New York.

**REGIMENTAL SHIELDS**—On the Shield of the 24th Infantry Regt. is the Blockhouse where

the Regiment performed gallantly during the Santiago campaign of the War of 1898. The Five Mohawk arrowheads on the crest of the 26th. Infantry Regt. commemorate the 5 Major offensives fought by the Regt. The arrowheads indicate Courage, Resourceful daring and relentless pursuit of the enemy. The "Palm of Victory" represents the 26th. motto "Let Him Bear The Palm Who Has Won It". Eager and ready to lead the charge against any hostile foe is expressed by the 166th. Regt. "Follow Me" slogan displayed on its insignia.

**NEWS HERE AND THERE**—The Salvation Army plans to publish a book for their Centenary year 1965. They request that any veteran who has any remembrance about the Salvation Army that they would care to contribute toward the book... write Mrs. Brigadier Howard Chesam, 1504 N. Linder Ave., Chicago, Ill. 60651. A Grumman Guard who served with the 7th. Div. during WW 2, presented this columnist with a figure of the "God of Good Fortune" which he makes as a hobby. REMEMBER WHEN...The Army served cold cuts on Sunday evenings... (and the mess hall was almost empty.) The 1941 war games in Louisiana and you were stationed near a town called "Dry Prong"? It has a Post Office, General Store and Nick Nacks and about 20 young ladies and only 45,000 G.I's. The State of Louisiana was nice and the only trouble you had to watch out for was in

the night when the Tarantulas, Cotton Mouths, Coral snakes and what have you roamed about. When you were broke and for every dollar, you borrowed you paid back two? In October this Columnist will retruce one camp in Delaware, where he was stationed for awhile. The corn fields I understand are now housing de-

velopments, the old time hot spots are just a memory, the folks we knew then are gone and perhaps I'll come back sadder and wiser knowing you can't turn back the clock of time. The streets I intend to walk will echo only of my feet and the ghost of hundreds of G.I's. long gone home, or into oblivion. But perhaps somewhere

down deep inside of me I'll be happy, for in the thousands of miles I traveled over land and water a few evenings back in Dover, Delaware, I'll see a few friends and a couple of ex-buddies who returned there and for a nite or so I'll be in the past...the past that 20 - years has never erased.
