FIRE CHIEF John Specht, followed by his three deputy chiefs, Rev Richard Muck dept, chaplain; Dr. Walter M. Stillger, dept, surgeon and the members of Hicksville Fire Dept, and their Ladies Auxiliary as they passed under the reviewing arch at Mid Island Plaza, Monday, heading the long parade of over 3200 men and 200 pieces of fire fighting apparatus. The Deputy Chiefs are Cliff Davis, Gus Cotsonas and Mel Voorhies. (Frank D. Mallett photo).

The throttle of the diesel locomotive pulling the east-bound Port Jefferson train into Hicksville's brand new high-level Rail Road station at 9:46 AM this Saturday, Sept. 12, will be wide open to signal the arrival of the first train on this branch over the new viaduct. It will also signal the final use of grade level tracks for the LIRR thru Hicksville.

John J. Burns, state Commissioner of Local Government who as a State Assemblyman sponsored the legislation 10 years ago which put the Hicksville program into a top priority bracket and removed it from the lower designation where it has slumbered for decades, will be in the locomotive cab. Also in the cab will be County Executive Eugene Nickerson and LIRR President Thomas Goodfellow.

The Hicksville High School band will be on the platform beating a merry tune to welcome the first train over the viaduct and since everyone in the community is invited to be present for the ceremonies starting at 9:15 AM, so will hundreds of residents, public officials and curious. It will be a truly historic moment for the community when for the first time in a century there will no longer be trains at grade level to block highway traffic.

Officials of the Chamber of Commerce and the town and county government who have worked so diligently over the years to bring the project to a successful conclusion will be on hand. Since this year marks the 127th anniversary of the arrival of the RR in Hicksville, it is anticipated there will be several people present in costumes representative of 1837 era.

Joseph F. Carino, Speaker of the State Assembly, will be master of ceremonies for the platform program. When the train has gone its way and the speaking is concluded, the party will adjourn from the high platform to the spacious station waiting room on the ground level for soft drinks, coffee and Danish,

WAITING ROOM of Hicksville RR station as it looked about 60 years ago when it stood on the north side of the tracks between Broadway and Jerusalem Ave. In those days there were gas lamps, flower gardens, glazer bread on the roof and iron-wheeled luggage wagons. and the Silvertones, a 5-piece, teen age rock 'n' roll combo, will play for both teenage and grown up dancing.

Work on the Hicksville project by Henrickson Bros. began in Oct 1961. Trains to Ronkonkoma and Greenport on the main line went to the upper level on July 1 of this year. The project was ordered by the Public Service Commission on June 28, 1955. Michael Sullivan, then town attorney; Aaron Rochman, Mal Pierce and Al Schackner, Chamber committee, put in numerous appearances at PSC hearings to urge approval.

After the first train from Jamaica reached Hicksville on Mar. 1, 1837, it was the terminus of the LIRR line for three years. The first train out to Greenport, loaded with public officials, chugged into Greenport on July 27, 1844. The Port Jefferson branch extended to Syosset in 1854 and finally to Port Jefferson in 1873.

The LIRR says the total cost of the Hicksville project amounts to \$15 million, including the general contract plus related area projects such as signal controls, drainage, property acquisition, parking, etc.

St James Takes Labor Day Honors

KENNEDY MAKES HEADLINES FOR HICKSVILLE

The Wildcats of St. James, only Suffolk County team entered, nosed out the favored Oyster Bay Rough Riders to take top honors in the 36th annual Labor Day Firemen's Parade and Tournament sponsored by the Hicksville Fire Dept. St James collected 17 points while the current state champions, dropping the first three events, came back with 13 for second place. The Rough Riders also broke their own state record in bucket brigade with a new time of 24.08 seconds.

In overall points, North Bellmore and Syosset tied with 10 points and tossed, North Bellmore was given the third place trophy and Syosset fourth.

Leg trophies, which require three wins for permanent possession, went to Merrick for best appearing fire dept by percentage; Hicksville Ladies Auxiliary for best appearing; to Oyster Bay for efficiency; to Syosset for motor hose class B; to Albertson for motor pump and to St James for Hook and Ladder Class B.

The following is the only complete list of event winners to be published:

Motor hook and ladder, class B - St James, Port Washington Runtz, North Bellmore, Williston Park, Roosevelt.

Motor hook and ladder, class C: St James, North Bellmore,

ROBERT KENNEDY, former Attorney General of the United States and brother of the late President, made a tremendous impression when he participated in the Hicksville Labor Day firemen's parade, Monday morning. At this point he was being interviewed by press and radio people at the parade's end at Mid Island Plaza. He rode in an open car with County Executive Eugene Nickerson and three of his sons but did not stay round very long. (Photo by Pierre Charbonnet).

Elaine Pearce Becomes Bride

The Hicksville Methodist Church was the setting August 29, for the marriage of Miss Elaine Pearce, daughter of Mr. and Mrs. John H. Pearce of Hicksville to Lt. John E. Ebersole. He is the son of Mr. and Mrs. John F. Ebersole of Mechanicsburg, Pa.

Mr. Pearce escorted his daughter who wore a gown of silk organza with a bodice of Alencon lace and a chapel train. Her veil was fastened to a coronet of pearls. She carried a bouquet of white roses and stephanotis.

Mrs. David E. Smith of Audubon, New Jersey, was matron of honor for her sister. She wore a floor length gown of coral silk organza and carried a bouquet of matching roses. The bridesmaids were Miss Pamela Pearce of Hicksville, cousin of the bride, and Miss Susan Strobel of Reisterstown, Md. They wore floor length gowns of yellow silk organza with moss green ribbons and moss green head-dresses. They carried yellow roses. G. David Dearnoff of York, Pa. was best man.

After a honeymoon trip through Nova Scotia the young couple will reside in Utica. Lt. Ebersole is stationed at the Air Force Base in Rome. Mrs. Ebersole will continue her education at Utica College.

VALENTINE HICKS of Jericho, son-in-law of Elias Hicks, was a charter director of the LIRR in 1834 and one of its first presidents. It took a few years to build the line that started running in 1837. It has been conclusively determined by historians that Hicksville was named for him. He gave the land for the depot and probably influenced its construction out here from Jamaica. A one-time postmaster of Jericho, he died there in 1850.

HICKSVILLE--Henry Langer, a former resident and recently of Mt. Dora, Fla., died suddenly on Sept. 7. He reposed at the Wagner

Dear Lynda:

Boy oh boy, did handsome PETE get himself in the headlines this week! First he goes to Shea Stadium with JOE ZINZI at the controls (compass and all). On the way home, they made a wrong turn and wind up in the Bronx. An hour and a half later they passed the stadium again on their way back to Hicksville. The 45-minute home trip took them three and a half hours....Then a couple of nights later, Pete went to the Empire Diner with some friends and forgot he parked his car in front of the Broadway Diner. They all rode around town for a half hour while Pete tried to remember where he left the heap....Bring on the law suits....Out in Huntington township, we read that today there are only 20 farms producing these days compared with 52 a decade ago. One farmer predicts there will be no more farms in Huntington five years from now....Same like happened sooner to Hicksville....Hicksville Republicans officially opened their headquarters at 14 Herzig Pl last night (Wed)....

RUTH GREENBAUM of 29 Roston Rd., Plainview, as an interviewer for the Census Bureau, will visit local families in September in a study on immunization against polio and other diseases....Catholics are advised to check their calendars carefully for the dates of the three Ember days this month. Several Catholic calendars in circulation list the dates erroneously as Sept. 16, 18 and 19. The correct dates are Sept. 23, 25 and 26....We are surprised and sorry to hear that the management of Knickerbocker Typewriter is planning to go to the West Coast....New phone books were distributed in the county this week....Priests of the Roman Catholic Diocese of Rockville Centre have been granted permission to use the vernacular in the administration of sacraments and sacramentals starting in mid-September....Tuesday was the 10th anniversary of the lady crossing guards in Nassau County. Of the original 67 guards, 12 are still on the job. Today there are 381 ladies doing a very worthwhile service in protecting our children. In charge of this activity is Police Inspector GEORGE BARR, brother of MARTHA MARTINGO of Hicksville....At a cost of \$11,600 the County will plant 290 Pin Oaks on Old Country Rd., Plainview and for another \$10,000, seat 250 trees on W. John St. from Wantagh State Parkway to Strong St. The approval of these items is before the Board of Supervisors on Sept. 14....LI Commercial Review, published in Plainview as a business daily, on Sept. 21 will feature a special issue on Hicksville - Mid Island: LI's Dynamic Shopping/Industrial Center....ANN, MILDRED AND EDWARD FLANNAGAN and JOSEPH MEZA of Spitz Rd., Hicksville, were recent passengers on the Monorail at the NY World's Fair....Fire Commissioner have written, thru their attorney, to RUTH GOLDEN and Newsday demanding a public apology for comments claiming that fire trucks were used to ferry volunteers to the recent water commissioner election. No proof has been offered to substantiate the claim, but a mighty disservice has been done to the volunteer firemen....Sixty Nassau County policemen were on duty in Hicksville, Labor Day, to assist with traffic and other details, according to Capt. JAMES MURPHY....Civil defense volunteers were very helpful on Labor Day with their auxiliary police, maintenance of a communications center between the Plaza and Firehouse, and a staff rescue truck, according to HOMER BRODERICK, CD director....The Hicksville RR cross over program of Saturday morning will be heard on Radio Station WYFI (1520 on dial) at about noon of Sept. 12 according to JOHN FROGGE, news director....A man was treated, Labor Day, for a back injury during the morning parade. The injury was not connected with the program itself....Just for the record, BOB KENNEDY was not "invited" to be in the parade. Democrats asked if it was alright if he took part and the committee said "sure". He arrived 10 minutes after the parade started and had to be squeezed into the line of VIP autos....The fact that he was coming probably did not hurt attendance a bit when the word got around Sunday night....

TONY behind the stick at Geary's says "hello, Sally"....MEDARD OFENLOCH, general chairman and grand marshal on Labor Day, got a warm birthday greeting from the spectators. It was his 43rd....Which reminds us that VINCE BRAUN celebrated his birthday three days last week - Tuesday, Wednesday and Thursday....PATRICK D. MURPHY of 156 Miller Rd., Hicksville, associated with Arthur Anderson & Co has become a member of the National Assoc of Accountants....JOHN M. CRENSON, supervisor of math for Hicksville schools, served as a math consultant for the State Education Dept during August....Also passengers on the World's Fair monorail were JEFFREY SHAFRAN and family of 9 Kalmian Ct., Plainview....Hicksville School Board meets this Friday night, Sept. 11, at the high school....this has been a short week with the holidays, so if your favorite item does not appear, try us again next week....And today the fun ends for thousands of boys and girls as public school session resume with VIGAR....

EMANUEL AMODIO and his family of 107 Linden Blvd., Hicksville were rescued from their 40 foot cruiser, the Kocycle, on the Carmel River in Massapequa, Monday, when an explosion ripped the vessel and burst into flames. Rescue came immediately because they were close to land. Had the boat been out in South Oyster Bay where it was headed the story might have been lots worse. Three women and four of the children aboard were treated at Mid Island Hospital....

Funeral Home, here, where Rev. John C. Hirsch conducted services on Wednesday evening at 8 o'clock. Interment will take place at Kensico Cemetery, Valhalla.

Mr. Langer is survived by his wife, Mary; a daughter, Elizabeth Blum; a son, Henry Langer; a brother, Adolph Langer; a sister, Mary Niedziczka and six grandchildren.

Fall Art Festival At Plaza

by Jim Cummings

The Mid Island Plaza Merchants' Assoc will sponsor a Fall Art Festival on the Malls (between Gertz & Newberry) Wednesday thru Saturday, Sept 23 to 26th during store hours. Paintings will be exhibited by the Greenwich Village Masters, Inc., a group of artists who will display these domestic painting for sale. Three paintings will be awarded some lucky shopper during this event - entry blanks may be obtained at participating member stores. This 1st for the Plaza will be held during Semi-Annual Sale Days - so plan a combined visit to Mid Island Plaza, truly a "Community Within The Community".

PLAINVIEW SALUTES D'AURIA: The many friends of County Judge Michael M. D'Auria will salute him in a festive manner on Saturday evening, Sept 19th with a Cocktail Party at Plainview Legion Hall, Jamaica Ave, Plainview.

SALUTE TO OFENLOCH: B. Medard Ofenloch, Chairman of the 36th Annual Labor Day Parade and Tournament is to be congratulated for an outstanding community effort during Monday's events at the Plaza. Publicity was accorded by every radio station on Long Island and New York plus TV coverage as witnessed by many thousands. Hicksville was really on the map this Labor Day weekend with the largest group of marchers, bands and equipment assembled in many a parade - We join with the Hicksville Community in saying a job well done.

He is chairman. In the front is Leslie Sheffield. In the rear are Mrs. Patrick Foley, vice chairman; Edward Wilson, general host and owner of the Beau Sejour Restaurant, and Andy Anderson.

Review Summer Curriculum Work

Staff members of the Hicksville Schools working in the summer months have developed a series of curricular improvements in mathematics, social studies, English, and science. Working under the direction of John Crenson, supervisor of mathematics, a committee of elementary school teachers and principals completed a curriculum in the "new mathematics" for kindergarten through third grade. This group included principals John Maher and Richard Jennett, and teachers Richard Leuci and Carl Jabaut. Alfred Aaron and Nicholas Valent, both teachers in the junior high school, worked on the track three mathematics program for grades seven through ten.

In the area of social studies, curricular revisions were made for slow learners in grades seven and nine. Beginning this year, seventh graders will take a two year course in American history, with an emphasis on New York State and local history during the first year. Ninth graders will begin a two year course of study in the major cultural regions of the world. Initially this will include Latin America, North Africa, the Middle East, and Africa south of the Sahara. Attention will be given to the geography and history of these regions, as well as their contemporary economic, political, and social conditions. These revisions were developed by Lawrence Olivany, Supervisor of Social Studies, and by Paul Marx, social studies chairman in the

junior high school. Also, Gardner Gregory, of the Curriculum Materials Center, prepared over 400 pieces of visual materials, including slides and transparencies, for use with these programs.

A new English curriculum has been developed for slow learners in grades seven through twelve. This is not a watered down version of other programs, but a completely new curriculum designed to meet the particular needs of the less able student. The program places a strong emphasis on reading, and the texts to be used consist mainly of many different paperback books. Writing will also be stressed, but abstract studies of language have been set aside in favor of an emphasis on performance skills. This curriculum was developed by John Kearns and Paul Benyel, chairmen of English in the junior and senior high schools, who worked under the direction of Dr. John Rouse, Supervisor of Language Arts.

Raymond Burchley, science chairman in the senior high school, and Charles Ferri, chemistry teacher, made a complete revision of the applied chemistry course. They corresponded with various members of the chemical industry and researched recent developments in science education in order to develop a course better suited to the needs of nonacademic pupils in the high school. This work was directed by Harry Cressman, Supervisor of Science.

These new materials will be presented to the Board of Education on Sept 11.

HERE 'N THERE: Gabe Pressman, NBC News and staff, received a nice ovation at the Labor Day Parade for their coverage of this Annual Event - they spent most of the day with your reporter in lining up the coverage received on Monday eve's program at 6:45 and again at 11 P.M. - Our personal thanks Gabe.... There were interviews just about everywhere at the Plaza, we noted John J. Burns, Commissioner for Local Government being taped by NBC Radio and WNEW Radio which later were heard over these stations. Calls from WFYI, WMCA, WHLI, ABC and WOR were received re appearance of former Attorney General Robert F. Kennedy who made a surprise appearance in an open convertible early in the morning... Jim Cash of WNEW also interviewed our own Francis J. "Andy" Anderson on the continued growth pattern of Nassau County and his improvements which have been used as models for other State offices - we were pleased to see this continued recognition of one of Hicksville's leading citizens, Nassau County Clerk Anderson whose life-long devotion to this County Office has made it a model for New York State....

FROM THE MAILBAG: We'll be guests of the Nassau County Press Assoc, Friday evening, Sept 18th at Westbury Manor.....

TEACH Comments On Grievance

The Executive Board of the Taxpayers' Educational Assoc. for the Children of Hicksville (TEACH) has sent this letter to the Board of Education regarding the controversy in the

High School English Dept. "As the situation in the Senior High School English Department developed and festered, it became evident that the public interest was being pushed aside in a

vicious cycle of charge and countercharge. TEACH interprets the public interest as: "Concern about Hicksville's educational image.

"Concern about our children's inability to learn in an atmosphere of rancor and dissension. "Concern about that "seed of doubt" planted in the public's mind regarding the competence of our teachers and administrators.

"The Board of Education, in its decision of Aug. 14th, has also shown little concern for the public interest by passing judgement on technicalities and completely ignoring the sources of conflict, their effects, and the future possibilities for discord.

"TEACH feels that every effort should be made to prevent future breakdowns in communication between staff and administration. We hope that the following suggestions may prove helpful in this area.

"Clarify and publicize the formal grievance procedure, so that all members of the Hicksville School system are aware of their rights and responsibilities in utilizing the procedure.

"Specifically delineate the role of supervisors and administrators in relation to the teaching staff. Administrators and supervisors are the only persons qualified to evaluate teacher performance and competence and to judge permanent tenure for teacher personnel.

"Recommend that all persons hearing grievances consider themselves mediators rather than judges, and that they remain flexible rather than technical when dealing with human beings.

"Encourage the continuous use of understanding and tact based on the mutual respect of one human being for another within our school district. Administrators and School Board members must recognize that the trained professional teacher is not merely an employee doing a job. He is an educated adult and should be encouraged to contribute worthwhile ideas and ideals.

"Regardless of what has occurred, a distinct effort must be made to restore harmony within the school family and to build good will within and toward the school system. Our children deserve the opportunity of learning under the best conditions we can provide," the letter concludes.

Rotarians Hear Alex Vitale

Alexander Vitale of Woodbury, finance chairman of the Nassau County Mental Health Board, was the guest speaker, at the Sept. 2 meeting of the Hicksville Rotary Club at the Milleridge Inn.

Vitale pointed out that the Board has contracted with 26 clinics in the County. It spends 4 million dollars a year of public funds, to perform its work. "The variety and extent of mental health services which Nassau County has made available to its residents" Vitale declared "is far greater than most people realize."

The speaker also gave his listeners some details of the "round the clock" which has been newly instituted at the psychiatric clinic in Meadowbrook Hospital at East Meadow. Here, emergency help for mental illness, can now be had on a walk in basis.

Approve Drain Work

The Town Board has approved a storm drainage project in the Morgan St. area of Hicksville. It was announced by Councilman Edward J. Poulos, Town Board Majority Leader. The Board awarded the contract to Ralph Jannotta Inc. of Roslyn at its bid price of \$36,673. The bid was lowest of several received at the recent bid letting session.

THE MOST REV. Walter P. Kellenberg, D.D., Bishop of the Diocese of Rockville Centre, last week broke ground for the last of four new high schools planned for construction in the largest single undertaking in the history of the diocese.

Holy Trinity Diocesan High School, Hicksville, to be erected on a 20-acre site on Newbridge Road and Hempstead Ave., will be a 58-classroom complex, accommodating about 2,400 students, with separate wings for boys and girls.

Assisting the Bishop were Timothy C. O'Rourke and Carol Reardon, both of Holy Family parish, Hicksville. (Long Island Catholic Photo).

COMMAND CONGRATULATIONS are extended to 1st Lt. Frank L. Petrie Jr., (third from left) by Col. Jerrold M. Vivian, commander of the 450th Bomb Wing (SAC), Minot AFB, N.D., after the Lieutenant's acceptance of a regular commission in the Air Force. Lt. Col. Norman C. Boomgaard, right, Lieut. Petrie's commander and commander of the 906th Air Refueling Sq. to which he is assigned, was present at the ceremony. Also attending were Lieut. Petrie's wife, the former Carol Geravino (at his side), and his parents, all from Hicksville. The senior Mr. and Mrs. Petrie were visiting their son and his wife at their base residence when the occasion arose. (U.S. AIR FORCE PHOTO)

President's Corner

By Horace Bernstein

With the starting of school on Thursday, Sept. 10, the summer officially ends and your Civic Assoc. goes back to work. This does not mean that the members of the Board of Directors did nothing all summer. We still met on our regular meeting nights, resolved a few minor problems that cropped up, but in general the summer was quiet.

Now our committee will resume their functions. Both the Syosset and Jericho Education Committees will soon call meetings. It is hoped that we can get new people interested in school problems to join the Education Committee that is in their school district.

Murray Iscoe, our liaison for the Jericho Community Blood Bank, has been meeting throughout the summer. He has been planning procedure and it is hoped that this year with the Blood Mobile coming on Wednesday, Oct. 7, at the Jericho Fire House, a most successful drive will be the result. The Blood Bank is for the benefit of the individual. When you contribute your pint of blood, you are protecting your entire family for a full year.

Horace Sterling will very shortly begin negotiations with Reliance Fuel Oil for another three year free contract to our members. He has on his committee, Dr. Dan Dicker and Ed Petzhold. If there are suggestions or you are interested in this committee, call Horace Sterling (OV 1-3802).

Dr. Martin Lawrence and Marie Genna are busy with our annual Meet Your Candidate Night which will be held on Tuesday, Oct. 27, at the George Jackson School. With this a Presidential year, interest in the election should be at its greatest. I understand that County Executive Nickerson and John J. Burns who will run against him will head the parade of top candidates who will appear. More about this later, but mark Tuesday, Oct. 27 on your calendar. A small reminder for those residents who have not as yet registered to vote in this years election - you may still do so on Oct. 1, 2, and 3rd at their respective voting places.

There are many other committees that will soon begin to function such as youth group, Health and Safety, Town Planning and of course one of the most important, our own newspaper, The VILLAGER. The VILLAGER is the backbone of our Civic Assoc. We are in need of assistance. If you can write or even if you can't and would like to help please call our Editor, Sam Lubitz or myself. We need your help to keep this paper functioning.

Mrs. Joan Wainick, Sec'y. for the Jericho Scholarship Fund, announces that casting for the show will take place 8:30 P.M. at the Jericho High School.

Sept. 10-11 for chorus and dances,
Sept. 14 (Monday) for leading parts.

Nine Pin Talk or One Pin Lament

Somewhere the sun was shining
And somewhere hearts were gay

But here in howl-crazy Birchwood

The Sachs' and Dockswells were one pin away.

Our last night of bowling in the BCA Mixed Summer League couldn't have been any more exciting even if a scenario was written for the finale.

The evening started with Bass and Blum leading Section 1 by the slender margin of one point. The Mihalads and Hamiltons were in 2nd place and the Glucksmann-Bruckner team were in 3rd only four points out. Each team trounced their opponents by a 5-2 score so the order of finish remained unchanged.

Section 2 had a different script to follow. Skyler-Goldenberg and Dockswell-Sachs were tied for 1st place, and after struggling through their three game series each emerged with 5-2 victories, and still deadlocked.

The Bass' and Blums went for coffee and the Skyler-Goldenberg vs. Dockswell-Sachs battle began. It was close all the way and at the finish line Dockswell-Sachs were on top by a mere 17 pins. By this time Hamilton had built up to its highest point and Ellie Sachs and Ann Dockswell went looking for a new reservoir from which to draw some strength.

The gallery, meanwhile, was in fine fettle. They applauded every good shot and groaned with every bad break. As the game got under way the Bass-Blum combo pulled slightly ahead and were scull that way when the tenth frame began. It looked like the winner would be decided in the wood. Each of the contestants converted their spares and it came down to the wire with anchor man George Blum facing a 3-9 double wood leave. He needed that spare and then seven pins to win. He didn't seem phased at all, but who can tell what flutterings go on beneath one's covered breast.

Amid a suddenly hushed gallery he calmly wound up and made it. Now he needed six to tie and seven to win. A faint ripple passed through the gallery as his ball veered off to the left of the head pin. But then shouts of congratulations mixed with groans of sympathy were left standing. He had gotten his seven and brought his team to the Overall Championship by one pin.

It was an exciting finish to a fun filled summer. One note of interest was the fact that this was the second summer in a row that Sid and Ellie Sachs were involved in a playoff which saw them lose by one pin. As Sid would say, "that's how the ball bounces."

Now we can look forward to Saturday night, Sept. 19, when we'll all get together at the Heritage Motel and really celebrate.

TEMPLE OR-ELOHIM TO EXPAND

The above pictured building depicts the proposed expansion of Temple Or-Elohim in Jericho. The architect for the expansion is A. H. Salkowitz. The Sanctuary will have an external finish of cream colored brick. There will be a colorful accent of panels to increase the religious atmosphere of the interior. The sanctuary will be 18 feet high and the auditorium 14 feet high. The new expansion will include the Sanctuary, social hall and auditorium, and a large lobby which

will contain the kitchen, administrative offices and cloak room facilities. The existing building will be retained as a school wing.

With the expansion program the present Temple structure will be more than doubled and will be approximately 15,000 square feet. The proposed expansion will be built on the present 3 1/2 acre Temple site, which abuts Jericho Turnpike. It is hoped that the ground will be broken within the year.

Ten Pin Talk

By Henry Dockswell

For some reason still unknown to this writer, the previous issue of the large VILLAGER never got to most of our community. That issue contained a complete roster of the teams that would compete in the BCA Winter League, and the information that our first of bowling is Monday, Sept. 14.

All the team captains have no doubt called their members, by this time, to inform them as to what team they are on.

The season is well set. Arrangements have been made for a week-end at The Nevele for Saturday and Sunday, June 5 and 6. The dues and bowling fee has been set at \$5 per week.

The executive committee will have its last pre-season meeting at the Syosset Lanes at 7:45 P.M. on Monday, Sept. 14, immediately before bowling begins. Last minute details will then be finalized and then away we go.

FIRST MEETING

Boy Scout Troop 129, Jericho, will hold its first meeting of the 1964-65 season on Sept. 17th, Thursday evening, 7:45 P.M., at the George Jackson School (cafeteria). All boys 11 years of age or older are eligible to join Scouting.

Organize Circles of Sisterhood

The Sisterhood of the Jericho Jewish Center Sisterhood will hold a meeting on Tuesday evening, Sept. 22, at 8:45 P.M. at the Center for the purpose of forming the various circles for the coming year. Members will get their regular circle assignments and will also be able to join the circles of their particular interest.

The meeting will then break down into individual circles which will hold their own organizational meetings.

Before and after the meeting members will be given an opportunity to purchase all existing merchandise over \$1 of the gift shop at cost.

Refreshments will be served, and all members are urged to attend.

Seek Talent For Benefit Show

Auditions for parts in the 1964 production of the annual Jericho Scholarship Fund Show will be held Thursday, Friday and Monday evening, Sept. 10, 11 and 14 at 8:30 P.M. in the Speech and Drama room of the Jericho High School.

The new show, to be presented in the high school auditorium Dec. 4, 5 and 6, will be the most ambitious undertaking to date... a full-fledged Broadway musical, and all community-minded amateurs and professionals who can lend their talents and assistance in any area will be welcomed. Proceeds of the show go to the support of the Jericho Scholarship Fund, a non-profit foundation that has helped 28 Jericho High School graduates go on to higher education, and has awarded more than \$11,000 in scholarships and grants-in-aid over the past four years.

Those interested may obtain further information by contacting Martin Green, Show Chairman, or any of the following members of the Scholarship Show Committee: David Rosen, Mario Della Vecchia or Norman Roberts; Mimi Gruber, Carol Holtzman or Selma Gold, Jackson School PTA; Judy Spivak, Joan Wainick or Edith Dollar, Princeton Park; Jeanne Kudner, St. Paul The Apostles; Helen Haymer of the Cantigue School PTA; Terry Della Vecchia or Edith Kinow, Jericho High School; Lela Rosenthal or Lou Davis, Jericho Community Theater; Arnold Hruska, Jericho teachers.

WRESTLING EVENING FOR MEN'S CLUB

The Men's Club of the Jericho Jewish Center is presenting to the Jericho Area an evening of sports for both adults and children. The evening of Wednesday Sept. 23rd at 9 PM in the auditorium of the Jericho Jewish Center will be the scene of wrestling matches featuring such champions as: Antonio Rocca, Killer Attila, El Toro, Ivan Melnikoff, Shabu and The Texan.

About Town

Let's Start Somewhere!

"How I Miss You When The Summer Is Gone" was the theme song of Hal Kemp in the 1930s and so it is with the passing of all the fun we've had in the summer months. The children were outdoors all summer and they grew stronger and healthier and the adults enjoyed the easier living which summer usually brings. I trust that all our neighbors had a healthy and enjoyable summer wherever it might have been spent!

With the passing of the Labor Day week-end, the usual feeling is that the summer period of "easy-living" is over and that with the coming of the new school year, a new season has started which lasts through till next June or the end of the school year.

It is at this time of the year that perhaps we re-evaluate our community spirit, take stock of ourselves and adopt an outlook of consideration for our neighbors. It's all "old stuff" but yet it's worth repeating-for example; When it's raining and we fear our little ones need a lift from school, it might be a neighborly gesture that if we must, to park our car a block away from school and escort them with an umbrella to the car, rather than double park or try to get closer to the school and so block the next fellow who might want to get through. Another "consideration for others" is yes again the garbage situation. This includes the covering of refuse cans when at the curb prepared for pick-up and to be removed from the edge of the curb as soon as possible after emptied. No doubt there are many other considerations which are to be included such as dog restrictions and sidewalk maintenance which includes snow removal and repair, etc.

Let's re-evaluate our community spirit and start somewhere!

To serve you better...

Thanks to its many thousands of valued customers, Meenan has grown to become Long Island's largest independent fuel oil dealer. Because of this growth, and in order to improve its services, Meenan has made two major changes. We want you to know about them:

1. MEENAN MOVES ADMINISTRATIVE OFFICE

Meenan's administrative offices are moving from Levittown to new and larger quarters at 17-23 West Marie Street in Hicksville. This modern building will centralize our existing administrative operations and will permit more rapid handling of transactions and communications. Meenan's large fleet of delivery, service and plumbing trucks will continue to serve Long Island homeowners from eleven terminals and office facilities throughout Nassau and Suffolk counties.

2. IBM ELECTRONIC COMPUTER SYSTEM INSTALLED

Meenan's accounting procedures have been modernized by the installation of the very latest IBM computer system — the most extensive automated installation by a fuel oil company on Long Island. This new system will update records instantaneously — another step in the company's policy of constantly seeking new methods to serve customers better.

**Syosset Names
New Director**

One of the more important responsibilities of the superintendent of schools is the nomination of qualified persons to become members of the professional staff of the school system. In this connection, the search for a well-qualified person to fill the new position of Director of Pupil Personnel Services in Syosset School District, has been lengthy, intensive, and thorough.

From letters of application and placement papers of 35 candidates, 22 persons were selected for personal interview. References were checked and follow-up interviews were conducted with those whose experience, training, and knowledge of the specific area of pupil personnel services identified them as the best qualified.

The candidate whom the superintendent recommends to the Board of Education for election to the position of Director of Pupil Personnel Services is Edwin N. Cooling, Jr., 43 years of age, married, and the father of three children. He is a resident of Ridgewood, New Jersey. He has taught at the elementary and at the senior high school level. In addition, he has served as a high school counselor and as director of education (pupil personnel) services. He possesses New Jersey certification as a social studies teacher, as a counselor.

She thought she was alone among strangers... until an unexpected friend helped.

Sometimes it seems people are too busy these days to take time to help someone in trouble. But lots of folks are still ready to help, as one elderly lady discovered this year.

Somewhat, in the rush-hour swirl of New York City's huge Pennsylvania Station, she missed her connection for the last train to Gainesville, Florida, where her daughter was expecting her. Upset, tired, a stranger in New York... she wasn't sure what to do next.

And then she saw a friendly face. She stepped up to Mrs. Helen MacBean, the New York Telephone operator on duty at the station's public attended phones. And Mrs. MacBean did help. She sat down with the lady over a cup of coffee. She learned about the missed train, and that the lady might have to spend the night in New York... somewhere. Mrs. MacBean knew what to do. She arranged to change the lady's train ticket for the following day. She reserved a room for her to stay overnight. She saw her safely to a cab, making sure all

details about tomorrow's train were clear. Then Mrs. MacBean phoned Gainesville and told the folks who were waiting what had happened.

Later, Mrs. MacBean received a letter —

"I want to thank you from the bottom of my heart for being so nice to my mother, and for phoning to tell us what had happened that night.

"It is now two weeks since you phoned the second time to ascertain that mother had finally reached Gainesville and I thought you might like to know that she is safely home....

"May people always be as nice to you!"

Do people take the trouble to help strangers any more? Yes. Lots of them do. Telephone people do. We're glad when they do.

G221x9/10

Around the District

with Joe Koerner

HELP ... MURDER ... POLICE ... It's the time of the year when the fully rested (and some starry-eyed) members of the Faculty return to the "Lore Mills" of America ... They throw out their annual lifeline to motherhood in general and in the process sort of help the Dads' of the District to get well again. For now that Moms' weekly supply of tranquilizing pills has diminished the old man has the extra buck to forsake rolling his own cigarettes and go back to the tailor-made variety. It's a grand and glorious feeling and it happens every year about the same time. The Mothers in the developments have just about had it. The witching hours of 8 am to 8pm are over and done with ... and the old man can now break bread in the spill-level without having to listen to wild tales of "Apple Fights" ... "He or She hit me first" ... "Take me to the pool" ... "Fix my hit cycle" ... "Can I build a hut in the backyard" and so on through the Long Hot Summer that made parents in general as nervous as old Tom cats on a Hot Tin Roof. And as we didn't say before ... The annual respite is upon us ... The Parents Rest Home is now in session and from now until next July the Royal Order of Mothers & Dads can dream about next years' vacation ... "But after all", said a charter member of "Parents Unlimited" ... "Let's hope the do-gooders don't get the idea we're ready for a 12 month school year ... the human mind needs this 2 month conditioner to prepare it for the idle hours of old-age."

YEAH! - I REMEMBER IT WELL - We didn't quite enjoy a recent "Newsday" article "HOW TO TAKE THE SCARE OUT OF SCHOOL." Some of the educators in this so-called guide to Kindergarten entrance sounded like charter members in the May Day Parade Society. "In some districts", the article read in part ... "such chaos (Kindergarten entrance) is eliminated by not permitting parents inside the school on the first day". "The parents", said another (probably Mrs. Van Dyke Beard a kindergarten teacher at the Grunt And

Oroan Elementary Institution) "are more trouble than the children." "When we see that a child is about to cry we take him away from the mother right away. Now the Mother of course thinks this is cruel. But we always say ... If we need you we'll call you inside of 10 minutes". And if this ain't enough to tear the rag off'n the bush, as Barney Googles, Snuffy Smith used to say ... Now about the self appointed guardian of human rights who very tactfully discourages the Kindergarten blinds to discourage peeking parents. And then if loving relatives show an interest in Kindergarten entry ... another bloot says ... Mail all grand-parents back to Brooklyn, Queens and the Bronx". Now this of course doesn't happen in Hicksville, for we fondly recall the years 52 to 57 when we were privileged to be a part of the annual Kindergarten Entry Show. It was an extravaganza that had no peers ... and along with Mothers proved to be memorable on each and every occasion. The parents were welcomed with open arms and the young tykes sort of recognized the friendly atmosphere that prevailed and easily adjusted themselves to a new way of life. Some rebelled of course but a well schooled Principal or teacher faded the action without resorting to Blind Drawing or the other assorted devices noted in the article. It's the kind of education we like to write about and it's the kind of education that once saw a young frightened kid ... stomp hoot and holler during his first hour in school. We remember this very same youngster being taken on a guided tour of the building by the School Principal and we vaguely remember being introduced to the boy and his mother. Not quite 30 minutes later the youngster was back in his classroom calmly reliving Newton's theory, or was it Franklin's, of Gravity by building a block tower. His name was John and up to last year we remember him carrying his 6'4", 240 lb. frame through the Hallowed Halls of Hicksville High. Our occasional meetings always prompted him to say ... "Yeah" ... I remember it well".

leg. He is now recuperating at home, at 44 Linden Blvd. He would be more than pleased to hear from all his friends.

Internationals Plan For Picnic

Another season has drawn to a close, and once again it is time for the Hicksville International Little League's Annual Picnic. It will be held at Teddy Roosevelt's Memorial Park in Oyster Bay this Sunday, Sept. 13th, 9 A.M. thru dusk. In case of rain, picnic will be postponed until the following Sunday, Sept. 20th. Awards will be given out at this time.

Races are planned and prizes galore for the winners. Refreshments will be sold at a nominal cost with all proceeds going to the League.

GUESS

HOW MANY LILCO CUSTOMERS SWITCHED TO GAS HEAT

IN THE PAST 5 YEARS?

WIN A BRAND-NEW GAS HEATING UNIT— or one of many other valuable prizes!

Here's a wonderful opportunity to win a lifetime of superbly clean heating for your home. Just estimate how many of your Long Island neighbors switched to modern, dependable gas heat in the past 5 years . . . and said good-bye to old-fashioned heating methods. Things like space-consuming tanks in their cellars. Expensive repair bills on complicated heating units. Delayed deliveries due to storm-clogged roads. Frequent redecorating costs.

Your answer may just be hot enough to bring you a cleaner, healthier home life this winter . . . and for many winters to come. What could be easier? Don't wait! Fill out the coupon below.

1st to 5th Prizes!

Each consisting of a gas heating unit — including cost of installation and connection to existing heating system. If winner has bought and installed a gas heating unit during the contest, reimbursement of the total cost of installation and connection to existing heating system will be paid.

6th to 10th Prizes!

Choice of 5 Gold Star gas ranges or 5 top-quality gas clothes dryers. All 5 prizes include the cost of normal installation.

11th to 100th Prizes!

90 beautiful electric blankets, in choice of decorator colors.

Check these simple rules... they're as easy to follow as it is to heat your home with clean gas heat!

1. Phone or write LILCO for a free gas heating survey of your home. There is absolutely no obligation. Our Heating Representative will give you your official entry blank to LILCO's "Guess how many LILCO Customers switched to Gas Heat in the past 5 years" Contest. A free heating survey of your home takes less than an hour.
2. To qualify, you must be 21 or over, a homeowner and a LILCO residential gas customer not presently using gas for home heating. Only one member from each household is eligible. LILCO employees and their immediate families are not eligible.
3. Contest will run from Sept. 8 to Nov. 30, 1964. Winners will be announced week-of Dec. 14, 1964. Decision of judges will be final.

MID-ISLAND READING CENTER
118A Jerusalem Ave. (Cor. of Cherry St.) Hicksville, New York
Is your child doing as well in school as he is able?
Does he spend more time doing his homework than is necessary?
Does he dislike reading? Perhaps he needs additional help in developing reading comprehension, vocabulary, and study skills.
Classes in remedial and corrective reading are being organized now to begin instruction on October 5. Groups of three to five students will meet with an experienced reading specialist twice a week for one hour for a ten week session. Students are placed in groups according to their grade placement in school and their particular reading needs. Appointments for diagnostic interviews are now being made.

Operation VFW

William M. Gouse Jr.
Post No. 3211
by Eddie Kfebing

Getting an early start and enjoying the full benefits of the Labor Day holiday were: Commander Art Fuelling, Bill Frohenhoefer, Jack Mulligan, Bob Williams, Ken Wood and yours truly, who were the VFW's early risers to install "Old Glory" on the parking meters along the town's main street.

Don't forget the Post Dance this coming Saturday, September 19th. Your insurance for a good time is your attendance as you already know. Call Andy Sadowski now for particulars and re-

servations. Speaking of insurance, a warning from the State Director of Veterans Affairs advises veterans that beneficiary changes in G I policies cannot be made by last wills and testaments. Policy holders are urged to check their documents to be sure they are up to date.

The Veteran's Voice, a publication issued by the City of New York's Veterans Affairs, reports that the New York State Legislature at its last session amended the World War II Bonus Act, setting March 31, 1964 as its terminating date. New York veterans who are eligible and who haven't already applied for the bonus are urged to apply prior to the cut-off date if they want their application to be honored. Those unable to file prior to the terminating date will be permitted to

do so only if they can prove that the inability of filing was due to a severe mental or physical handicap.

Back to Labor Day festivities here in Hicksville, the VFW color guard in the big parade consisted of: Commander Fuelling, Frank Blesi, Artie Rettberg and Mike Znack.

Those member volunteering to take down the flag at sunset were: Commander Fuelling, Bill Frohenhoefer, Jack Mulligan, Bill Moran, Artie Rettberg, George Walden, Kenn Wood and Mike Znack.

It's unfortunate that we must report two flags were missing from the parking meters that evening. This is the second time that happened on the day the VFW put up and took down the flags. The Chamber of Commerce went to great expense in purchasing these flags so our community could be proud in the manner in which they expressed themselves by displaying the flag in great numbers along the town's main street. We don't know what the vandals have proved to themselves by misappropriating the flags, but they can prove themselves good citizens by returning them.

Set Open House

The Jewish Cultural School of Nassau invites all interested persons to attend an informal Open House and Registration meeting for the 1964-65 school year Friday, Sept. 11 at 9 P.M., at Levittown Hall, Beech Lane, Hicksville.

The present membership boasts a variety of interesting backgrounds: Cherokee Indian, Turkish, Italian, Scottish, Quaker, Hungarian, Polish and Russian.

New students 8 1/2 to 10 years of age and older children with previous Jewish schooling experience will be accepted on a limited basis. For further information call ED 3-6781 or WE 1-8622.

New Hampshire Trio in Parade

Three volunteers from the Henniker, New Hampshire, Fire Dept of 33 men paraded in the Hicksville Labor Day firemen's parade — probably the first unit from that state ever to participate in the 36 year event. They came 285 miles to be present and spent Sunday night at the Bridges St fire station. They did not win the trophy for the greatest distance. That went to Matrydale FD from up near Syracuse, traveling better than 300 miles.
 From Henniker were Fred Brunnhoelzl Jr., originally from Springfield Gardens, who went to the little town 17 miles from the state capital of Concord in 1951; Stephen and Marshall Connor, cousins. Brunnhoelzl has an automotive shop in Henniker and is a deputy sheriff. His wife, Charlotte, is also a Long Island girl. They have a son, Fred the Third, and a daughter, Marie. His mother lives in Bellmore. His brothers are Ed of East Meadow, George of Levittown, Harry of Rockville Centre and Albert of Bellmore.
 Marshall is married and has a son. He works for the Henniker Automotive Shop and Steve, who is single, is a well driller. The trio was given a warm

state record, St. James, Woodmere, Elmont and Bayville. Hicksville was fourth but declined the trophy.

Nassau County Police estimated there were 15,000 present for the tournament. Many more lined the parade route during the morning. There were no serious injuries reported, but the Red Cross first aid station treated 24 persons for various reasons.

The parade winners were as follows:

Best appearing dept over 50 men: Freeport, Hempstead, Port Washington.

Best appearing dept under 50 men: Bellmore, North Merrick, Syosset, Albertson and Elmont.

Best fire dept band: Freeport, Massapequa; Best commercial band, Oceanside FD with Roslyn Highlanders, James A. Lyons Post with Hicksville Fire Dept.

Best Fire dept drum and bugle corps: North Bellmore, North Massapequa; Best commercial corps: Vanguard for Bellmore and Thunderstreaks for Merrick.

Best ladies auxiliary: Hicksville, Wantagh, Matrydale, East Meadow, North Merrick and Bethpage.

At the beginning of the afternoon program John J. Burns, Commissioner of Local Government for the State, addressed the crowd briefly and paid tribute to the volunteer service of the firemen. He is a member of the Sea Cliff Fire Dept.

The program received full coverage from both NBC-TV and radio.

ovation as they came down the line of march right behind Hicksville at the head of the parade Monday.

Henniker is a rural community of 1600 population. The fire dept covers about 10 square miles, of which about 80 percent is woodland. They answer some 55 calls a year. Fire Chief Clarence Fitch was also planning to come to Hicksville but -- wouldn't you know it, he had unexpected company from Connecticut for the holiday.

HICKSVILLE RR STATION 9 AM SAT.

LADIES AUXILIARY of Hicksville Fire Dept steps out smartly from the front of the E Marie St. Firehouse for the Labor Day firemen's parade. The 1964 champions for the entire state (twice winners before) were also judged the best appearing in the Hicksville parade by out-of-town county judges. As hosts for the day, they relinquished the trophy on Monday and it went to Wantagh. (Frank D. Mallett photo for HERALD).
