Noisy School Board Meeting on Contract For Superintendent

Noisy spectators, allegations, petitions, letters, charges and counter charges marked the regular meeting of Hicksville School Board, Friday night, as the new five year contract with School Superintendent Donald F. Abt was authorized for signature.

After two amendments to reduce the term of years failed, the document was approved with six members in favor and one against.

About 200 persons attended the meeting in the Student Cafeteria. A number of devices were proposed to delay action on the new contract with the educator who has been with the school district since 1952 when he was named a principal of Lee Ave elementary school. He became assistant to the superintendent in 1956 and is now in his fourth year as superintendent.

There were a number of strong statements made regarding operation upstate near Albany of a "motel" by Mr. and Mrs. Abt. The project was begun some 17 years ago by the Abts who did most of the physical construction themselves of a six-unit cottage for overnight summer guests. Board Member William A. Bruno Jr., Mrs. Florence Infantino and others in the audience implied that the project might conflict with the school superintendent's contract. School Attorney Joseph Catalano declared flatly there was, in his opinion, no conflict or violation.

Mrs. Infantino said she had in hand petitions, presumably in opposition to the new contract, but declined to file them with the school board. She said they would

find their way to Albany.

A 400 signature petition of residents in support of Abt and his accomplishments in the school district was received by the Board as well as numerous joint statements from various local school faculties, associations and letters from individual residents.

In other action during the meeting, the School Board went on record with legislators in opposition to any form of sales tax to finance education, cancelled scheduled regular meetings on Nov. 27 (day after Thanksgiving) and Dec. 25 (Christmas Day), and named Board President George W. Kunz as voting delegate for the Board at the State School Boards conference in Syracuse.

The meeting did not conclude until 2:45 AM although most of the audience and Trustee Bruno left at 1:45 AM after the new contract for the School Superintendent was approved.

SOMEONE ONCE SAID that grass will grow in the main streets of American cities and they just may have had Hicksville 1964 in mind. These pictures were taken on Tuesday of this week along Broadway (a state highway) in Hicksville. In some cases the weeds are so high that fire hydrants are invisible. Bringing a little green back to the American scene is all well and good in this age of concrete and steel, but these conditions are ridiculous.

Attendance at the Hicksville School Board meeting, last Friday night, was so large the meeting was moved from the teachers lounge on the second floor down to the high school student cafeteria. There were a number of teenagers in the audience. At one point, during the rather noisy proceedings, a number of spectators began to thump on the cafeteria tables. President GEORGE KUNZ drily recalled that someone else had pounded on a table (or desk), a reference to a certain foreigner at the UN we suppose, and that cleared the air for a time. The Board policy of requiring a unanimous vote to continue a meeting after 1 AM was cancelled by majority vote. Some of the verbal exchange was somewhat less than polite. When one Board member quipped that he took off 10 lbs every time he cut grass (at an upstate cottage), another Board member retorted: "Probably between the ears" ...

Congressman STEVEN B. DEROUNIAN On the Issues

WHERE I STAND, VS. MY OPPONENT. THE LIBERAL PARTY - C. L. U. CANDIDATE

My opponent is running on the Liberal and Democratic tickets. Although he's not a member of either party, I've challenged him unless he withdraws from the Liberal Party ticket, he must accept as his own the Liberal Party platform. He has not withdrawn in fact, he has now appointed as his campaign coordinator a Queens carpetbagger last elected as a Liberal. My opponent has made his choice.

Let's look at some issues. Here's how I stand on them, as opposed to the position of my opponent and his Liberal sponsors.

THE SCHOOL SYSTEM - My opponent has offered a Constitutional amendment to prohibit all non-discriminatory, non-denominational prayer in schools and public places. Any man who wishes to know the truth about public as well as private schools should have an absolute right to know. My amendment would make that right a Constitutional guarantee, without debarring the right of others, whom I do not wish to prey, to keep silent. My opponent and his Liberal Party are against my prayer amendment.

FOURTH "BUSING" AND BREAKUP OF OUR SEGREGATED SCHOOL SYSTEM - I oppose "busing" which is forced "busing" of children to distant schools for no reason except as other efforts to upset our "neighboring school" system. I voted for the Civil Rights Act as well as previous civil rights proposals (some of them my own), but the planned destruction of our neighboring school system would hurt, not help, the cause of Civil Rights. My opponent's Liberal Party favors "busing, district mergers, pairing, transportation and exchange of students" - in short the breakup of the neighborhood school system.

FEDERAL AID TO EDUCATION - While I do not object to limited Federal construction aid to school systems in dire need, I do not favor massive U.S. grants, because the more money is spent, the more Federal control must go with it - and I strongly support our traditional local and State control of education.

IN GENERAL, aid is granted, it must benefit all children, not just those in public schools. Parents of youngsters in private and religious schools now help to pay for our public schools, too, to load them with ever-more-burdensome U. S. taxes, levied for public-school aid only, could well force the closing of our private and religious elementary and high schools. My opponent's Liberal Party favors not only "vast" U.S. aid - to public schools only - but also "free" (i.e., tax-paid) public education

from nursery school through college.

I have favored Federal grants to help higher education in specialized fields, where necessary, and have offered my own bill to permit tax deductions for college tuition. He would help parents pay for college by paying their youngsters' way without Federal handouts.

ALONE AMONG NASSAU'S REPRESENTATIVES AND CONGRESSMEN - I have been singled out by the Civil Liberties Union (C.L.U.) to answer a long questionnaire on certain issues. Could this be because my opponent is closely linked to the C.L.U.? He was reportedly a recent guest at one of their dinners.

I'M PROUD TO STATE WHERE I STAND - As above, I'm for the School Prayer Amendment (C.L.U. opposes it) and for the neighborhood school system (C.L.U. would break it up). I believe the people of the states should decide whether to support both houses of their legislatures strictly on the basis of population (C.L.U. supports the Supreme Court's decision that states must so apportion). I favor continuation of the House Committee on Un-American Activities, and the exposure of subversive activities of all kinds (C.L.U. would abolish the HCUA). I support the Smith and McCarran Acts to control Communist subversion in the U.S. (C.L.U. wants them repealed). Lastly, I favor restrictions on travel by U. S. Communists abroad, using American passports to pursue their stated goal of buying U. S. passports.

My stand on all these issues is clear. I've always been perfectly frank about them, because you have a right to know my position, which has not changed on these matters since you first sent me to represent you in Congress 12 years ago. If you agree I again ask your support this November 3rd.

PLEASE CALL ME AT MA 7-5625, then MA 7-5552, then MA 7-6772, if you'd like to know my views on other issues. I'll be discussing different ones each week.

QUALITY EDUCATION

To The Editor:

After attending a Hicksville School Board meeting last Friday night, I feel compelled to write this letter. This seems to be the only way that one may express his or her feelings, make statements or ask questions, without being harassed, booed, and abused in other ways by a group of people who expect and demand courtesy and respect while they speak, but they refuse this individual right to others who have other convictions or opposite point of views.

The freedom of speech is guaranteed by our Constitution but it is denied to us by some members of the society in which we live. I always felt how fortunate and privileged the American people are to have such freedom. I was born abroad and I have been long denied all this, first through Nazism, and then through Communism. I now live in this country and I try in my small way to deserve all these privileges you good people have enjoyed for so long.

Since last Friday evening, I am beginning to wonder, because I also wanted to offer my observation at that time on the educational system in the Hicksville School District, I did not do so when I was how others, who had a few kind words to say, were being treated.

I would have liked to say, that I have lived in Hicksville for the last 15 years, which is a bit longer than that of some individuals who had so much to criticize. Our community has changed very much over the period of these years and so has the educational quality in our schools. I am only a parent interested in my children's education and in the education of all children. May I say that three of my children are attending the Hicksville Schools now, two are in the High School, and one is in the elementary. My fourth youngster graduated from high school two years ago. I have seen many text books and enough homework to be able to compare the difference between the education my oldest received in the beginning, and the one that is offered now to my younger children. Where once I was quite suspicious and critical I now feel that the methods and the quality of education have changed considerably in the past few years and is now far superior in our community as compared with other sections of the country. I feel that the Administration and the Board of Education has done an outstanding job in revising and upgrading the entire educational system in Hicksville, and I know that they are continually improving their methods of teaching, so that our children will be better equipped to meet the future demands of our fast changing world.

If we as individuals bring our individual problems directly to the source - whether be it a teacher, counselor, or an administrator - I am confident that our concern would cease to be a problem before long. Let the educators do the job for which they have been trained and let's concentrate our efforts on developing better understanding between the educators and us, the parents, so our children may grow up in a harmonious community that believes in a sense of values and an intelligent community that will not submit to the pressures of sadly misguided groups of individuals.

SCHOOL DIST. FACTS

Here are some of the facts pertaining to our educational system in Hicksville School District #17.

Fact - Hicksville's 1964 Senior Class had 805 students. 790 graduated in June.

Fact - 513 Seniors received Regents diplomas.

Fact - 207 of these students received Regents diplomas with special endorsements.

Fact - 438 students were accepted in schools of higher learning (universities, colleges, nursing schools, etc.)

Fact - 48 Seniors and five alternates were winners of State Regents scholarships.

Fact - 28 scholarships were awarded to our 1964 seniors by colleges and universities.

Fact - 42 local scholarships were awarded.

Fact - Six Seniors of the 1964 class are finalists in the National Merit Scholarship competition.

Fact - 57 Seniors took Advanced placement examinations.

Fact - The Senior High School placed in the top 1.5% of 6310 schools and 225,000 students participating in the Fifteenth Annual High School Mathematics Contest sponsored by the Mathematics Association of America.

Fact - Of a total of fifty one schools competing in the Nassau County Interscholastic Mathematics League, Hicksville ended in sixth place.

Fact - The Junior-Senior Band was invited to play at the Rochester, N. Y. NYSSMA conference. The purpose was to demonstrate a standard of Band excellence in the State.

Fact - The Hicksville Football, Bowling, Track and Cross Country Teams won Division 1 titles.

Fact - The Hicksville "drop-out rate is 6% (National drop out rate 33% - State drop out rate at last report was over 25%). This 6% is figured on a year round basis which therefore includes those pupils failing to return to school in the fall. Many local districts figure their "drop out" on the basis of those students leaving during the school year - failing to consider in the figure those students who do not return at the beginning (September) of a school year.

Fact - There are 46 School Districts that have superintendents in Nassau County. Hicksville is the 4th largest district (number of pupils). Our Superintendent's salary (latest figures published 1963) show us to be in 28th place.

We have many more facts about our excellent Science, History, Foreign Language, etc. departments in the Hicksville Schools - too numerous to list this week - more next week.

You can obtain this same information from your PTA Presidents who have a copy of the Superintendent's annual report or you can request to see the report at the administration building on Newbridge Road.

Do these facts show that our schools are giving our students the poor education some minority groups would lead you to believe - OR DO THESE FACTS SHOW THAT OUR SCHOOL DISTRICT IS HEADED BY A FINE ADMINISTRATOR WITH GOOD TEACHERS DEDICATED TO GIVING YOUR CHILDREN AND OURS THE BEST POSSIBLE EDUCATION???

President's Corner

By Arnold F. Winant

One of our most important birth rights in the world today is the right given to Citizens of the United States to cast their vote. On the surface it is a very simple thing to walk into a polling booth, cast your ballot and leave. However, this right, this duty, should not be so simply executed. We urge each of you to cast your ballot, to know the candidates and what they stand for, to vote for the man you think will do the best job. In order to acquaint you with the candidates, the offices and the parties, this Civic Association in cooperation with other community minded associations and organizations, will join to sponsor MEET YOUR CANDIDATES NIGHT. The evening will be a well rounded one. All contestants will present their views and aims. This will be followed by a debate and a short period where written questions may be submitted. Make sure that you are at the George Jackson school auditorium on October 22, at 7:00 PM to meet your candidate for Congress, County Executive, State Senator, Judges of the County Court and District Court and Assemblymen. The Jackson School is on Maytime Drive in East Birchwood. Refreshments will be served to top what promises to be a refreshing evening in itself.

The hearings for the application of the New York Institute of Technology have been adjourned to Nov. 4th at the Westbury High School. I attended the opening sessions. They were exciting and eye opening. The hearings are open to all. Here is your chance to see grass roots democracy in action. Here is your opportunity to see and make yourself heard. If you do not desire to see your taxes increased, this is the time to step forward, show your face and raise your hands in indignation.

Recently I had the pleasure to attend a meeting where the proposed library was discussed. From what I could see, our community wants this library and we and our children need it. The time is ripe, the schools are expanding, bursting at the seams with students who want more knowledge. Ruth Lang, foremost proponent of the library, performed brilliantly. She answered sincere questions with facts from her long list of studied informations. She answered the sarcasm with a gentle smile, a quick wit and a fact presented sincerely and simply. Ruth has done a signal job. If we become the proud owners of a library by next year, we will owe Ruth Lang and her tireless staff a debt of gratitude.

Large Turnout For Library Talk

The Jericho Public Library Committee held an open, community-wide informational meeting on Wednesday night, Sept. 30. Fully 150 residents of the School District attended. They were offered a full program: a film showing the manifold, vital activities of a public library in a real, small-town community; a

resume of the work of the Nassau Library System to service its 48 member libraries, presented by Mr. Andrew Geddes, Director of NLC; and an outline of the Wantagh Library in action, given by Bill Clark, Wantagh Library Trustee.

These talks were followed by a discussion period. The points of greatest interest to the audience were the following:

1. Dr. Carey, Superintendent of Schools, in a recent report to the Board of Education, had stressed the need for an education environment that teaches the children both how to learn and how to learn independently.
2. The population of the Jericho School District has drastically increased both in total number of people and in the number of children in the schools. (We have gone from 2100 children in the schools in 1959 to over 3500 today. We have gone from 700 in the Jr. Sr. High to over 1300 today.)
3. The Wantagh Library, though only two years old, already has 15,000 books, and is a busy community center, with numerous activities that are heavily attended by the teenagers.
4. The Jericho Public Library Committee has been offered free location space in prime areas of the Floyd Bennett parking field. The Committee has been helpless to accept or reject this offer. The Public Library must first be voted in by the District. Then, the elected Library Trustees can negotiate any such offers.
5. We are now paying for the Nassau Library System through our State taxes, but we are not deriving any benefit in Jericho.
6. Locating a Public Library is done scientifically, so that traffic patterns, population density, and general convenience are all considered.
7. The proposed "budget" for the Public Library is \$61,280. This is an "annual appropriation", which means 1 1/2% per \$100 of assessed valuation to our families. Thus, a family in a house assessed at \$10,000 (not market value) would pay \$12.00 per year for the Library.
8. Since the Jericho School District is the largest geographically in Nassau-Suffolk, numerous suggestions were made regarding servicing outlying areas: buses running on library pick up and delivery routes; bookmobiles; etc.
9. Over 200 people are now actively engaged in the Public Library Committee's work. The Committee invites ALL residents interested in establishing a Public Library to join.

On Monday, Sept. 28th, Jericho School Board approved a request by the Jericho Public Library Committee for a Special Referendum on Library, to be held on Nov. 21.

The Special Referendum will give the Jericho School District a chance to vote on the establishment of a Public Library by approval of a) An appropriation of \$61,280 (or 1 1/2 cents per \$100 of assessed valuation), and

b) A slate of five Library Trustees.

About Town

Everytime I sit down to write something, the first thing that comes to mind is to complain about this, that and the other thing which as not as it should be and trying to give the old "rip-saw" pen rally. I guess it's like getting into a rut!

But this time I'm not complaining but to the contrary, I'm dragging! To this the self-conscious Birchwoodite might look at me from the corner of his eye skeptically, inferring "Explain!" Well on Oct. 5th, a large group of our neighbors showed up to attend the first meeting of the P.T.A., at the Jackson School. The auditorium was overflowing with interested residents, who wanted to know what's going on! After the usual preliminaries of a P.T.A. meeting, Dr. Carey, superintendent of the Jericho School District, addressed the parents on the newly revised school activities along the lines of curriculum, both regular and extra-curriculum, teacher selection and expected results. I was especially interested in the thorough explanation of teacher selection; of how visits were made to many colleges and universities far and wide, to line up the best available teachers in the

subject areas that Jerichonoids of the extensive and relentless search as far as to the mid-west!

After Dr. Carey's address, parents visited their children's classrooms and compared to P.S. 80 in the Bronx in the early 1950's, I felt like an "Alice in Wonderland!" And besides the difference in the classrooms, methods have also changed! Patronize your P.T.A. for the good of your school district and for the good of your children!

Another activity which should make all of Jericho proud is the fact that Oct. 7th proved to be a very successful "Blood Bank" session at the Jericho Fire House. Over 200 residents contributed their blood to the Jericho Community Blood Bank which is a 30% increase over last year. Those who couldn't contribute at that time and still would like to become members of the JCBB, should call Morty Mann at OV 1-1584 for information.

Ten Pin Talk

by Henry Dockswe!

Five teams really let loose and showed their opponents what's what. All Grusha's #13's and Leo Geyer's "Geyers" climbed into a tie for the league lead as they swept the opposition.

Herb Rudes with a 209 and Bill Kellerman with an even 200 sparked Al's boys to a 7-0 victory over Sy Bruckner's #3's while Leo's "Geyers" hung in there and came from behind in each game to shutout Herb Brody's "Splits".

Al Mtnoff's #14's got a double shot in the arm as Sid Holtzman crashed a 222 and Al himself came up with a 207 to overwhelm Morrie Herrick's #11's.

Nat Warren's #12's shallumped Tony Barbella's #8's by a 7-0 score as Marty Kolen and Bernie Spiegel both had a good night. Marty raised his average nine points and Bernie jumped his ten points.

The "Pinheads", with cap't. Norman New maintaining his 168 average, were led by Dave Bat-terman this week. Dave raised his average seven points and helped his teammates whitewash

Julie Gershen's high flying #16's. This win lifted Norm's boys up out of the cellar.

One more man broke into the magic circle, Cap't. Murray Gitelman bowled a 201 and led his #9's to a 5-2 victory over Sid Sach's #6's. Sid was absent that night. He and his wife Ellie were at the North Shore Hospital nervously awaiting word of their son Barry's condition. He was critically injured in an automobile accident. Latest reports are that he is doing favorably.

COMETS 14... GENERALS 6...
 "There were balmy Saturdays and much better ballgames" agreed the congregated armchair quarterbacks who had been conned by the weatherman into forgetting the tranquilizing fluid -- But the cold wind-swept arena didn't stop the locals from grinding out their 1 touchdown win over MarArthur on the home reservation. And in the final analysis who were better equipped to judge the merits of play than the Comet offensive-defensive shock troops that managed the first league win of the season. Again they had a rough afternoon throughout but again they managed to come up with the key pass interceptions that spelled the difference. Glenn Olsen, Mark Cerone & Charley Frazier joined the looting party with 1 grifter apiece. Olsen's interception finally hit paydirt on Steve Schuster's 25 yd. run. The 2nd steal by Cerone enabled Fullback Larry Wesolko to romp home with the insurance premium. Vince Hoosack and Schuster accounted for both points. Look for Hicksville to lock horns with Clarke (at home) this Sat. This rivalry always manages to produce High School football at its very best ... and this includes the next 4 outings against Syosset, Plainview, Plainedge and Farmingdale. As our crystal ball sees the action ... The Comets should come to life vs the Rams and head the pack in the stretch drive. We pick Hicksville in a thriller - for no matter what the football fortunes of the Rams may be they always manage to arrive loaded for bear in this annual Donnybrook.

JAYVEES 3-0 ... Chalk up another Aerial-Panzer sweep for the J.V. eleven ... This one a 24-7 mauling of MacArthur's J.V.'s in the General's backyard. "And the word's definitely out!" say the diehards who breakfast with the Juniors and lunch with the Varsity ... "this is no fly-by-night aggregation" ... they concur ... "Our guys start early and quit late ... and by the time the oppo-

sition gets around to the football game we're out in front". It happened again last week on Hicksville's first play of the game. Riflearmed quarterback Jeff Doolittle fired a scoring bomb to gluefingered end Mike Masella and the Generals were sent packing early (to Batten via Levittown). Add a few battle charges by fullback Brian O'Leary ... blend in 2 scoring runs by outstanding halfbacks Johnny Dunaj (8 yds) and George Klien (12 yds) and then top this Sneaky Pete with another Doolittle - Masella bomb covering another 70 yds for the score. The result is a Meyer-Bryan Cocktail ready and willing to cowbe the Clarkers this Sat. (away 10:30 am) "And defensively this club takes a back seat to none" our informants said ... They tabbed center Dennis Daniels and linebacker Merritt Daniels for outstanding roles. So with this thought in mind ... let's get this week's rent money down on the Jr. Comets to dehorn the Rams ... (Hicksville 27 ... Clarke 13.)

AND IF THAT DON'T ... satisfy the local football aficionados ... tally up and opening win for the Jr. High Atoms. They copped their inaugural (21-14) by raking Meadowbrook over the coals. It was the first defeat in 2 1/2 years for the visitors. Halfbacks Dwight Eirich & Charley Levine scored for Hicksville. Eirich on a 45 yd run and Levine on a 50 yd pass interception plus a 65 yd. scoring pass from Q.B. Jimmy Cara. (Cara suffered an injury late in the game and might be out for the season) "We'll miss his Hue leadership" said lineman Dave Fyffe a tall looking youngster who adds stature to the teenage set without half trying. "And how about a defensive name or two?" we asked the team members who had gathered for the Varsity game ... "Mike Bernstein and Matty Errico" they chorused ... which proves once again that football is more than a game ... It's a way of life, where the outstanding walk tall. Pats were scored by Eirich, Cara and John Judge. The team is coached by Stan Kellner and Marty Riger. Look for the Atoms for face Plainview this Fri. at 4 pm (Home)

BOOTERS BEAT ... Includes a split last week for the Varsity Soccer team. They suffered a shutout (2-0) against Syosset but bounced back in the league lead by whitewashing Plainedge (3-0) Bob Baranski, Pete Brunson and Soph Fred Gulbrandsen scored for the Comets. Outstanding on defense according to coach Harry Renn were Mark Felman, Neil Zeigler and Al Squitres. Hicksville faces Farmingdale (at home) this Thursday. Other Booter Blits include a rundown on the Jr. High Soccer squad coached by John Santoro. The Meteors have 2 wins and a tie to their credit ... beating Farmingdale 1-0, West-

bury 2-1 and gaining a 2-2 tie with Meadowbrook. Outstanding according to Santoro are High Scorer Steve Florio, Mike Lindo, John McClain, Dick Sabatino and Roger Germann. Other commers include Bill Link, Ken Morrison, Jack Dalley, Ken Gordon, Dean Hager, Fred Kurland, Dick Sklarz, Howie Roth (goalie) Mark Hortian, Pat Forte, Dick Hafter, Dan Sklarz and Neil Zanville. A number of promising 7th and 8th graders round out the 48 man squad. The Jrs face Herricks (at home) this Friday.

X-COUNTRY CAPERS ... This is the type of sport that often goes unheralded when King Football is holding court. It's a repetitious sort of thing but yet an outstanding Cross-Country runner is the personification of the suc-

cessful modern day athlete. It's an age-old combination of desire plus ability ... and if you lack in either of these attributes you become the also-ran. But this is not the case in point for Hicksville's Tom Scanlon. Last year Scanlon was the perennial brides-made to Comet champ Pete Sullivan who in turn consistently shadowed Section 8 titleholder (Wantagh's) Ron Gustavson. But this year it's a horse of a different hue ... Scanlon is making his bid for Hill and Dale history by turning in 13, 25 & 26 clockings over the 2 1/2 mile courses. "He's coming along well", said his coach Fred Recher ... and this includes a 3rd place finish last Sat. in the N.Y.U. Meet (C Race - Varsity) held at Van Cortlandt

Park, with a clocking of 13:34. Look for Scanlon to keep pace with the fast company in the days ahead. (Next week an up to date rundown on the fortunes of Varsity X-Country ... Compliments of coach Recher) And while on the subject of meadow madness ... Don't forget the Jr. High Harriers. It's a new sport this year at the Jr. High level coached by John Ash and newcomer to Hicksville coaching circles ... Marv Goldberg.

A "THANK YOU" from our good friend Andy Koehler. He wishes to extend to one and all in the Bldgs & Grounds Dept his thanks for the recent Mass Card sent to his late brother. This column extends its deepest sympathies.

HEADS or TAILS YOU LOSE WITH

DEROUNIAN OR GOLDWATER

Both men are but two sides of the same 19th century coin ... Both find no vice in extremism ... Both campaigned for John Birchers ... Both think our foreign affairs problems can be solved with a bugle call and a cavalry charge ... Both opposed the nuclear test ban treaty despite the dangers of contamination to our atmosphere and our children ... Both voted against the tax but and the government's effort to end the cycle boom and bust ... Both voted against federal aid to education as if the year were 1864, not 1964, and local governments alone could still provide enough schools ... Both pushed Miller for Vice President ... Goldwater chose him and Derounian nominated him ... Both men have moved out of the mainstream of both great parties and into the backwater of rejected ideas ... Both men, by their voting, by their speeches, by their action and inaction, clearly and stand for-square for the 19th century.

We make our next visit to Kings Park State Hospital on Sunday, Nov. 8th. Please remember we do not want old clothes or television or radio sets any longer. We will take up the great number of parcels consisting of fruits, cookies, candy and cigarettes on the day prior to our visit. So come on down and lend a hand to make up these parcels. We had our Junior Band out last Sunday helping us with their good music as we conducted a drive for new members. Things are again humming around the Post as various in-

terior projects, long deferred, are being worked upon. Such as new kitchen cabinets, new coat and hat racks, dimmers on the lights in the Victory Room. And by the time you read this a new front lawn should be put in. And have you noticed the ten beautiful plants (Mums) that our Auxiliary Juniors planted last Saturday morning against the front side of our building. Looks great and sure dresses up the area. Sickness last week robbed us of the services of our Corresponding Adjutant, Stu Armstrong. And Ray Carroll is undergoing surgery at this time

Operation VFW

William M. Gause Jr.
Post No. 3211
by Eddie Klebing

Resolutions and amendments adopted by the Veterans of Foreign Wars at their 65th Annual National Convention have been published in this month's issue of VFW magazine. Members will find the 265 resolutions interesting and at the same time learn about the objectives our organization pursues for the welfare of the veteran and the security of our great nation. The receding memories of war and its heroes makes the VFW's battle for pensions, benefits and hospitalization for the veteran and his family more difficult with each passing year. As a member you can help. Look over the resolutions, pick out one you would like to see enacted into law, then bring it up for discussion at a future meeting.

Lovers of good food won't be disappointed at our Little Old New York dance this coming Nov. 7th. So join us for an evening of old fashioned fun and fare of the true lunch era. Tickets and reservations can be had by calling Eddie Klebing, Wells 8-3463.

With the adjournment of the 88th Congress on October 3rd, veterans legislation remains inactive until the 89th Congress convenes on Jan. 4, 1965. H.R. 1227, the bill to revise the pension program for veterans of World War I, World War II and the Korean conflict cleared the Senate on its day of adjournment and now waits for the signature of the President.

The Veterans of Foreign Wars reminds ALL people eligible to vote to get out and do so. Remember, yesterday's responsibility is today's obligation. The fight for your right to vote wasn't an easy one - so please use it.

425 Attend American League Award Ceremony

By Milt Pryor

The Hicksville American Little and Senior League had their 10th annual award celebration at Mid-Island Plaza Lion's Den, recently. An estimated crowd of 425 parents and children attended, this exciting evening of fun. Many door prizes were presented to lucky winners. First prize was a Sony Television set won by George Bryant of Staten Island. Winning ticket was sold by Frank Glibowski, of the L.I. National Bank Yankees. All in all, 12 beautiful prizes were awarded, each prize containing many wonderful gifts. All were contributed by local storekeepers and business organizations of our area.

The opening address was made by tireless outgoing President Dick Eaton, whose inspiring speech was a joy to listen to. In the last three years that Dick held the presidency of our league tremendous strides have been taken. It is with deep regret that he has decided to step down and once again participate in normal family activities. Much also should be said for May Eaton, his wife, whose constant answering of the busy phones, endless hours of typing and record correlating, the many newsletters that she and Dick composed, serving coffee and cookies almost constantly to our League officials while attending executive meetings. However, Dick has promised to be available for consultation when ever needed. He also plans to manage one of our Major League teams next year.

Dick introduced John DeRosa, my side kick for the last two years, who was unanimously voted into the vacated presidency slot. John gave a short speech, the first of many that he will be making throughout the course of the coming year. Two surprise trophies were then presented, one to William Kunner and one to Charlie Parfrey. Bill has decided to retire after faithfully serving the league for the past seven years. Charlie Parfrey has served in many important League positions for the nine years, and has truly been the rock of our League. The presentation was an acknowledgment by the members of their gratitude for his tireless contribution. Charlie plans to continue as Senior League Director.

Dick and Mary Eaton, our outgoing president and his lovely wife were awarded a beautiful desk set to commemorate their many years of dedication.

The winners of the Major League trophy was the Gertz team. John Byrnes and John Uss, manager and coach respectively, were awarded trophies for their skillful direction and coordination of a team consisting of

Michael Carmen, John Byrnes, Gary Nadelman, Gary Napel, Warren Uss, Dennis Rosenblatt, Raymond Glover, Dale Hamilton, Douglas Murphy, Russell Bookstaver, Todd Bashan, and Minor A. ROKIE ON LOAN, Robert Pryor. The same group were intra town champs, also.

Long Island National Bank's team won Senior League Division trophies, which were presented to them by Mr. Kenneth Rondeau, the bank's representative. Steve Glibowski was coach of this fine team. Members were Jack Clukey, Sal DeRosa, Dee Grilli, Thomas Coffey, Michael Glibowski, Arthur Shep-ski, Ronald Straffiere, Thomas Stines, George Kist.

Councilman Carl Grunewald was on hand to present the Minor A. Champ awards. Manager of this organization, the Republican group, was John DeRosa. Coach was Milt Pryor and Ed McEnaney, also famous for his long distance swimming jaunts. Young men on the team were: Thomas Ajello, John De Rosa, Robert Pryor, Robert Daub, Thomas McGee, Edward McEnaney, Larry Weinstein, Thomas Bergio, Gary Palmese, Gary Zinzi, William Koukas and Michael Familletti.

Minor B winners were presented trophies by Dick Eaton. Team winning this award was the Mr. Softie group, composed of Manager Ed Hagan, George Ferrado, coach, Frank McKinley, Robert Jackson, Richard Weber, Roy Wolmart, Joseph Dantino, Gregory Adams, Raymond Pick, Thomas Ryan, James Nastasi, Arthur Kammerman, John Scott and Robert Tracy, team members.

Mrs. E. Donatiello, President of the Hicksville Democratic Club, presented trophies to the members of the true elite group of the American Little League, the All star team. Members who have earned this title are Rudy de Palma, John Byrnes, Dean Hoyle, Robert Morabito, Michael Mahlstadt, Randy Daub, Warren Uss, Gary Nadelman, Steven Murphy, Gregory O'Brien, Frank Feeley, Matthew Tedesco, Thomas Coggan, Steven Blazolla. Team manager was John Byrnes, Coach, Rudy DePalma, our new Vice-President.

The Senior League All star group was presented awards by the Veteran of Foreign Wars Commander. Recipients were Frank Glibowski, Charles Parfrey, Sal DeRosa, Jack Clukey, Edward Wojciechowski, Steven Garb, Michael Knipper, Thomas Novellano, Al Waggenheim, James Swenson, Charles Hummel, Stanley Shep-ski, Alan Gorey, and William Hoover. Team was managed by Steve Glibowski and coached by Mike Maddi, who is also our equip-

ment and purchasing director.

Special Achievements Awards were won by Michael Knipper for his batting skill. Slugger Jack Clukey received the Home Run Award, and Frank Glibowski won the Pitching Trophy. All were in the Senior League Division. In the Major League sector, Bob Morabito received the Batting Award, Randy Daub and Warren Uss tied for Home Run honors, and Steven Murphy of

Rotary's team was awarded the Pitching Trophy. Minor A winners were: Johnny DeRosa, Batting Trophy, Bobby Daub ran away with Home Run honors, and Kevin Sweet and Bob Pryor tied for pitching honors.

In the minor B Junior Circuit Roy Wilmart was the Leading batter. Dennis Cieslak blasted his way into the Home Run Trophy, and Steven Lacher distinguished himself by winning the Pitching Award.

It has indeed been a gratifying experience for me to write this column for the 1964 season

of Little League. I have met so many wonderful dedicated people who have given so unstintingly of their valuable time. Special thanks go to Dick Rothel and Fred Rauchwerger for the fine job which they did in chairing our successful dinner dance. Thanks, too to my son Bob and League members Larry Weinstein and Michael Auerbach, who all pitched in so conscientiously in soliciting and collecting so many of our raffle prizes from our wonderful town business people.

Over 65? Need Medical Care?

In New York, Health Care is Available NOW for "Over 65's" Who Cannot Afford To Pay

If you are over 65, facing medical expense and cannot pay for it...it's yours for the asking, already provided for by law. In New York, the Metcalf-McCloskey Act (applying the federal Kerr-Mills Law) offers a health program for the elderly, with your federal and state governments sharing the cost.

This program is known as M.A.A. - Medical Assistance for the Aged. It provides medical care for persons over 65 with health expenses beyond their ability to pay.

Thousands of people are now being helped by its benefits. You may qualify even though you have limited income and assets, as well as a home.

The so-called Medicare Tax Plan would force every wage-earner to pay higher taxes to the government. Your M.A.A. program is much more fair. The cost comes out of taxes already being paid. And it provides help to those who need help.
