Moving Day for a House:

HOUSE MOVING took place on Jerusalem Ave. on Oct. 14 when the Christ house was shifted from the east to the west side to property owned by Small Investments at 174 Jerusalem Ave. The property occupied by the house had been acquired by the public library to make room for expansion approved by the voters. 59 Taxpayers Own Quarter Of Property

Fifty-nine Hicksville taxpayers own 26.5 per cent of the community real estate, it was disclosed this week as the School District prepared to sell a \$1,927,500 bond issue to finance new school Library construction approved by the voters. The 59 taxpayers, all assessed at \$100,000 or more, represent a total assessed valuation of \$25,736,695, according to a bond offering leaflet prepared by Governmental Statistical Corp of W. Nicholas St.

The biggest taxpayers in Hicksville are the two major utility companies: The Long Island Lighting Co for \$6,472,065 and the New York Telephone Co for \$3,442,470.

The Mid Island Plaza property is divided among a number of special corporations. Lenwall Inc, representing a part, is third on the list with \$1,803,650. A newcomer Sears Roebuck & Co is down for a partial assessment of \$726,950 in no. 4 position and Mid Island Industrie is fifth with \$703,800.

The Plaza ownership, spread over six corporations, adds up to \$3,642,510 as follows: Lenwall Inc. (previously mentioned) \$1,803,650, Yorpage \$686,850, Stafran Inc \$417,310, Baypage Plaza Inc \$380,550, W. Stackler & L. Frank \$207,250, and Trepage Inc \$146,900.

The Hicksville School District will sell its bonds next week. In connection with the sale, Governmental Statistical Corp has prepared a report of essential economic and fiscal facts concerning the district from which

the foregoing facts have been extracted.

Among other interesting fact is the statement regarding overlapping political subdivisions. Hicksville has a \$3,788,400 indebtedness in the County of Nassau, \$1,400,710 in the Town of Oyster Bay, \$1,275,000 in Hicksville Water District and \$2,171,000 in Oyster Bay Drainaged District no. 1. The total approximate direct overlapping bonded debt is listed as \$9,227,204, excluding authorizations and bond anticipation notes.

Covered by the forthcoming bond sale is the cost of construction of 22 additional classrooms at the Senior High School, an additional gym and cafeteria and a building to be used for district storage and district administration headquarters, plus cost of the acquisition of 2.85 acre for Willet Ave, School and the construction of an addition to Hicksville Free Public Library.

The High School facilities cost \$1,595,000, the land \$70,000, and the library addition \$262,500.

Dedicate Masonic Temple Saturday

A cornerstone laying and dedication ceremony of the Hicksville, will be held this Saturday, Oct. 24, at 5:00 P.M. and at 8:00 P.M. The cornerstone ceremony at 5:00 o'clock will be open to the public. The dedication will be held at 8:00 for members of the Masonic fraternity only. There will be a buffet supper at 6:00. The ceremonies will be in

charge of Harry Ostrov, 323 Brower Ave., Rockville Centre, Past Grand Master of New York State Msons. He will be assisted by the officers of the Grand Lodge Line and local prominent Masons to fill in for them.

The cornerstone laying is a public ceremony, with the use of the ancient symbols of corn, oil and wine. The Square, Level and Plumb are used in the cere-

mony, after which the Grand Master approaches the stone and, striking it three times with the Gavel, says: "To the glory of God, the everlasting Father, the Great Architect of the Universe! This cornerstone having been duly tested by the ancient implements of Freemasonry, I declare it to be well formed, true and trusty, and laid in ample form." Hosts of the affair will be the officers of Manetto Lodge 1025, Hicksville: Frederick P. Groll, Master.

Teachers Decry Allegations by Trustee

The Board of Directors of the Hicksville Classroom Teachers' Assoc., thru President Louis C. Villamano, this week issued the following statement:

"Recently, a great deal of confusion has arisen because of approval by the Board of Education of a new five-year contract for School Superintendent Donald F. Abt. The Hicksville Classroom Teachers Association feels obligated to comment on the facts of the situation.

"1. A challenge as to the legality of the superintendent's contract has been made by a taxpayers' group.

"2. A certain board member alleges that the superintendent of schools has won a super salary contract.

"3. The same board member also continuously refers to the recent grievance in the English Department of the Senior High School.

"As to the first point, the teachers association recognizes the right of a taxpayers' group to challenge a contract which they think is illegal. The HCTA assumes, however, that school board attorney Joseph Catalano is correct in his interpretation of the law.

"With respect to point number two, we have been publicizing the low-salary position of the teachers in this district. Here it may be said that Mr. Abt, at present, is not compensated on a scale which is commensurate for the superintendency of one of the largest districts in the state.

"As for the third point, we were not satisfied with the handling of the grievance; but we are discussing a new grievance procedure with the Board of Education which we think will prevent future misunderstanding. The structure of a good grievance

procedure is based upon principles which will leave no doubt as to the acceptability of a decision. Acceptable solutions to professional problems are necessary to guarantee the best education for our children.

"In addition, the above mentioned board member has also made charges of conflict of interest against the superintendent because he owns a six-bedroom unit summer cottage. The HCTA wishes that this allegation, and any others that have been made without proof, would cease. Also, the HCTA views with alarm this same board member, recently quoting out of context from a textbook. Supposedly, his quotes were proof of the existence of dangerous textbooks in the district. This is an affront to the intelligence of the teachers and the taxpayers of this district, and such misrepresentations are dangerous to the children."

STEVEN B.
DEROUNIAN
On the Issues

ISSUES—OR LIES?

IN THIS 1964 CONGRESSIONAL CAMPAIGN, you, the voters, are entitled to an intelligent discussion of the issues between the candidates—those laws, proposals and policies on which the candidates differ, and the reasons why they differ.

YOU ARE OUT OF LUCK—because my opponent has no intention of arguing the issues. Why? Because he knows that you, the voters, have approved my stands on these soft-sauce issues for the past 12 years.

So, instead of debating issues, he is trying an old trick, by distortion, misrepresentation and flat falsehood, to—hoping to convince you that I stand for things which in truth I DO NOT STAND FOR AT ALL.

EXAMPLES? There are plenty. Consider these, taken from my opponent's fancy 4-page brochure— itself a classic example of bad taste.

HERE'S #1—on the TAX CUT. I opposed the 1963 tax cut because it was coupled with a sky-high spending budget which would have boosted our national debt by almost \$12 billion, net—when the President submitted an economy budget this year, I voted FOR THE TAX CUT, on Feb. 25, 1964. My opponent says I "voted against the tax cut" period.

HERE'S #2—on TAX REFORM. In addition to my own tax-reform proposals, I voted FOR REFORMS included in the tax-cut bill and on June 17, 1964, FOR REFORM of consumer-excise taxes. My opponent says I "voted against tax reform."

#3—FOREIGN TRADE EXPANSION. On Oct. 3, 1962, I voted FOR President Kennedy's Trade Expansion Act. My opponent says I "voted against foreign trade expansion."

#4—HOUSING. On Aug. 13, 1964, I was paired for the Housing Act of 1964. My opponent says I "failed" to honor my party's 1960 platform pledge on housing, which this Act fulfilled.

#5—DEFENSE EDUCATION ACT. On Aug. 14, 1964, I voted for the Defense Education Act. My opponent says I "voted against the Defense Education Act."

#6—VOCATIONAL EDUCATION ACT. On Dec. 12, 1963, I voted for the Vocational Education Act. My opponent says I "failed" to honor the C.O.F. platform on vocational education, which this Act fulfilled.

#7—FEDERAL AID TO EDUCATION. In addition to #5 and #6 above, I voted on Nov. 3, 1963, FOR grants to higher-education institu-

tions. My opponent says I "voted against Federal aid to education."

#8—\$1.25 MINIMUM WAGE. I did not vote for the Administration's bill. I voted for the Republican minimum-wage bill which would have made the \$1.25 minimum effective one year earlier. My opponent says I "voted against a minimum wage raise to \$1.25."

#9—U.S. BOND ISSUE. On Sept. 14, 1962, I voted FOR the U.S. Bond Issue. My opponent says I "voted against the U.S. Bond Issue."

HERE'S STILL ANOTHER TRICK my opponent is trying to pull on you. Congress often gets fund requests for programs of which I approve, but which I feel should not be so expensive to the taxpayer. In such cases, I vote to reduce (not eliminate, but reduce) the budgets.

For example, I have voted to reduce funds requested for the Peace Corps, Foreign Aid and Medical Education programs this year. I DO NOT OPPOSE THESE PROGRAMS. In fact, I have supported them in the past. I simply feel that their current fund requests are too high, or not properly allocated. My opponent tells you that I am "against" the programs themselves.

IT IS A SAD COMMENTARY upon a candidate for an important public office to say that he deliberately avoids honest argument on the issues, and stoops to the gutter tactics of misrepresenting the facts to the voters.

THIS IS PRECISELY WHAT MY OPPONENT HAS DONE. You've read it for yourself in all of his campaign propaganda. Lies, distortion, misrepresentation—this is the strategy of his whole campaign. But it's a strategy that WON'T WORK, because you've demonstrated in past elections that you won't and can't be hoodwinked.

IT ALL ADDS UP TO THIS: IF YOU CAN'T BELIEVE WHAT A MAN SAYS WHEN HE'S RUNNING FOR OFFICE, HOW FAR COULD YOU TRUST HIM IF HE WERE ELECTED?

PLEASE CALL ME AT MA 7-6772, then MA 7-5625, then MA 7-5582. There are three important issues I'd like to talk to you about this week. If you've called before, call again. I'll be discussing different issues each week.

Vitale Speaker At Kiwanis Club

Alexander Vitale of Woodbury was the guest speaker at the weekly meeting of the Hicksville Kiwanis Club held Wednesday at the Milleridge Inn in Jericho.

Vitale, a practicing attorney and former resident of Hicksville, spoke about the Law Guardian System of the New Nassau Family Court.

He described how the Judges of this Court, are now empowered to appoint certain lawyers to represent juveniles who are before the judge. These attorneys are expected to, and do, help the judge to determine what is best for the youngster, rather than to single mindedly set their sights on disproving the charge against the young defendant. They are paid a modest fee out of the court appropriation.

He pointed out that the objective of the Court is to protect the

community and help the child. This is accomplished by the use of counseling and special training programs as much as possible.

Vitale is a law guardian of the Family Court, a member of the County Mental Health board, and a former candidate for family court judge. He is presently running for district court judge of the Township of Oyster Bay.

The Great Mouse Piece

By Vivian Scoma

If you like something different in enormous gulps, and you aren't allergic to spending money, you might turn your roving eye to Hong Kong China. Mr. and Mrs. Sid Lang of Fall Lane just came back from the Far East. If you talk to the Langs they would give you such a headfull of China that you would strip the nearest travel agency of its China circulars. Mrs. Lang enjoyed her trip to China more than Europe... the only complaint that she had was that everything was so cheap that you go broke saving money.

Mr. and Mrs. Post of Key Place are having open house on Friday, October 23, from 8:30 p.m. to 11. Sorry I can't say what it is for but if you are curious why not call Richard Post, WE 5-6614. Vivian Scoma (that's me) GE 3-9789 or Bea Diamond OV 1-1283. You and your friends are more than welcome.

The C.W. of St Paul The Apostle R.C. Church of Jericho is starting a basketball program for boys seven years and older. Those interested may obtain registration forms by sending a self addressed stamped envelope to St. Paul's Rectory, Rt. 107, Jericho, N.Y. or call John McCormack, WE 8-4268.

Speaking of youth programs... I just received a letter from Dr. Carey, Superintendent of Schools, approving the request of the Birchwood Civic Assoc. to use the Jackson School for the Youth Group. As soon as Lou Cohen, Ralph Diamond and I meet with Dr. Carey to discuss the years program we will start registration. Watch this column for further information. Please don't call me."

On Tuesday morning, October 27, at 10:00 A.M. in the Temple, the Sisterhood will sponsor their annual cancer film. In view of the importance of this, other classes will be cancelled for the morning in the Temple.

The physician/lecturer who will be on hand to discuss the film and answer questions is Dr. Edward Sawada of Glen Cove.

All other groups in the community have been invited to attend the showing of this film. Anyone in the community not affiliated with any group is also invited.

On Tuesday night, Oct. 13, the Congregation of Temple Or-Elohim in Jericho passed by a unanimous vote its building expansion program.

Groundbreaking Ceremonies for their new sanctuary, social hall and lobby have been set for Sunday afternoon, Oct. 25, on the present Temple site. Various religious, political and communal dignitaries have been invited to address the Congregation, their families and friends. They include Rabbi Daniel Davis of the Union of American Hebrew Congregations, Director of the N.Y. Federation of Reform Synagogues; Rabbi Harold Saperste of Lynbrook, past president of the N.Y. Board of Reform Rabbis; Father Daniel J. Potterton of St. Paul of the Apostle Church in Jericho; Rev. William Gardel of the Wesley Methodist Church in East Norwich.

Rabbi Stanley Steinhardt of the Jericho Jewish Center will deliver the Benediction. On behalf of the Congregation, Rabbi Herbert H. Rose, spiritual leader of Temple Or-Elohim, Irving Weiner, President and Gilbert Stein, Chairman of the Board of Trustees will speak briefly. The master of ceremonies is Lawrence C. Gibbs, past president and former Chairman of the Board.

The proposed new building will encompass 10,000 square feet and will provide permanent seating for 250 in the sanctuary with a total capacity of 700 in the sanctuary/social hall. The Congregation approved a mortgage commitment on the part of the Long Island National Bank of Hicksville.

President's Corner

By Horace Bernstein

Once again, may I remind all the residents of Birchwood and Jericho of our "Meet Your Candidate Night" — at the Jackson school on Tuesday evening, Oct. 27th. All the major county and local candidates will be there. We are hoping that the residents of Jericho will take a more active interest this year because of the presidential election. We have been told by both major parties that the registration this year has been the greatest. We hope that you will want to come to the school and see the candidates you are voting for. Because the candidates can find the time to make their appearance, we would appreciate your taking the opportunity to see them.

I have been asked by many members of our civic association what our stand is with reference to the proposed Library in Jericho. Your Civic Board has not as yet acted on the proposal. This Tuesday night, Oct. 20, the Board of Directors are holding their monthly meeting. At that time, Mrs. Lang, who is a one woman dynamo, will present her views on the library. We hope to arrive at a decision that evening so that we may make our recommendation to the community.

May I express my personal wishes and those of the Board of Directors, to Dr. and Mrs. Sidney Sachs, for a speedy recovery to their son, Barret Sachs. Barret was in a serious car accident recently on the Long Island Expressway. Dr Sachs is a member of our Board of Directors.

Ten Pin Talk

by Henry Dockswell

Consensus of opinion is to find out what Herb Rudes has been eating lately. Twice he bombarded the pins with a 222 and a 212. Lucky for Cap't Al Grusha and the rest of his #3's that he did, for they just managed to beat Geyer's "Geyders" 4-3 and retain their league lead by one point. As luck would have it this is position night coming up and Leo's boys will get another crack at the front runners. Maybe Herb had better invite the rest of his team to dinner Monday night and feed them some of his ammunition. He leads the pack with three 200 games, has raised his average ten points in two weeks and is now tied with Larry Goldenberg at 180 for HI average.

Ruby Skyler came up with his first good one of the year. He threw a 213 but he got no help from the rest of his "Rubes" and they bowed to Art Rosenthal's "Strugglers" 5-2. Sid Simon sparked the Strugglers with his first, a 201, and Art himself contributed a good series which raised his average four points.

Hy Shapiro helped Nat Warren's "Gnats" sting Mort Levine's #2's as he came through with a 201, raised his average six points and led the way to a 5-2 victory. Marry Kolen and Sy Cohen made their presence known as they each raised their averages four points and collaborated in a team effort that saw the Gnats set a new HI Team Game Scratch of 878.

Len Watnick finally came up with a good night. He jumped his average 9 points, high for the evening, and helped his #6 team mates to a 5-2 victory over Sy Bruckner's #3's.

To complete the evening there was only one sweep. Murray Gitelman raised his average six points and led the way for his #9's as they shut-out Morry Herricks's #11's, 7-0.

SCHOOL DIST. FACTS

To the Editor:

Continuation of last week's letter - facts gathered from the superintendent's annual report.

SCIENCE - Two junior high school boys attended summer institutes of learning sponsored by the National Science Foundation (one at Hunter College and one at St. John's University). One sophomore won 3rd prize in Biology at North Nassau Science Congress - the only sophomore to win a prize in the senior high school division. Another sophomore received a National Science Foundation scholarship to participate in a six-week Biology program at Syracuse University this past summer.

LANGUAGE ARTS - A new syllabus was prepared for K-12 to develop reading, writing, and speaking for each of the three tracks, emphasizing writing. The junior high school debating team placed second in the county-wide competition.

SOCIAL STUDIES - A new two-year course established for track three seventh and eighth grade students encompassing history

and geography of the United States. A ninth and tenth grade curriculum change combining world history and world geography in a two-year course was initiated.

FOREIGN LANGUAGE - The elementary foreign languages has been in effect for twelve years. Students take Regents at an early date earning Regents credits by 9th grade. Some students have received advanced college credits. For the past two summers Spanish students have studied at the University of Mayaguez. This has been a wonderful experience and opportunity for growth in human understanding.

MATH - A new 4th grade Math program was initiated in the Fall of 1963. The 7th graders were introduced to an experimental modern Math curriculum initiated by the State Education Department. Industrial Art students were motivated by a new program of coordinated Math and Shop. For students desiring a college education and find it difficult to conquer Algebra in a one-year course are now offered a one and one-half year course at the 9th grade

level.

PUPIL PERSONNEL - During 1963-64 the Speech Correction Division of Pupil Personnel Services worked with 628 children on all levels (K-12). Each therapist sees the students in groups and individually at least twice a week. The primary function of the Guidance Department is to help each student complete a successful schooling.

The senior high school offers courses in Architectural Drafting, Auto Mechanics, Beauty Culture, Carpentry, Electricity, Printing, and Driver Education. Fifteen students attend the Westbury Vocational Trade and Technical School. Business courses are offered in Bookkeeping, Business Arithmetic, Business Law, Business Management, Office Practice, Retailing, Salesmanship, Secretarial Practice, Shorthand, Typing, Design Illustration, and Graphics.

There are 3074 students registered in the senior high school, 3079 students at the junior high school and 6991 students attending elementary schools.

Scheduling and re-scheduling of pupils, payroll operation, analysis in all areas, discussions with supervisory personnel, procedures, working with various other educational organizations to encourage exchange of ideas,

constant research, and business management are an every-day part of the administrative duties.

Hearing these facts in mind, one must realize there are bound to be problems. The constant struggle for perfection is inevitable in all humanity. With the ever increasing volume of knowledge there is always room for improvement. Our educators and administrators are human beings making every effort to keep abreast of the times. We can help by understanding the problems, by helping our children to understand and by bringing any individual complaint or dissatisfaction to the proper source. By working together, understanding and learning together peace and harmony may once again reign in the Hicksville School District.

In New York, Health Care is Available NOW for "Over 65's" Who Cannot Afford To Pay

If you are over 65, facing medical expense and cannot pay for it...it's yours for the asking, already provided for by law. In New York, the Metcalf-McCloskey Act (applying the federal Kerr-Mills Law) offers a health program for the elderly, with your federal and state governments sharing the cost.

This program is known as M. A. A. - Medical Assistance for the Aged. It provides medical care for persons over 65 with health expenses beyond their ability to pay.

Thousands of people are now being helped by its benefits. You may qualify even though you have limited income and assets, as well as a home.

The so-called Medicare Tax Plan would force every wage-earner to pay higher taxes to the government. Your M. A. A. program is much more fair. The cost comes out of taxes already being paid. And it provides help to those who need help.

Health Opportunity Program for the Elderly

HOMECOMING DAY TO WESOLKO... COMETS OUTSLOP...OUTSLUG RAMS

"So who's gonna pay the laundry bill" asked both spokesmen for the visiting entourage from Dalerod and Gullville. Both teams (Farmingdale and Plainview) plus their mentors were on hand Saturday afternoon at the Comet Colosseum to scout and watch Hicksville literally bury the Clarke Rams with an avalanche of touchdowns, and grounded by rain are scheduled to meet Hicksville in the days ahead) And it was a day for the loyal members of the Comet Roothin Fraternity to long remember. It was also a day that saw winning coach Jim Grantham thrown bodily into the showers by enthusiastic members of his team...a day that saw Merlon Bluegrass, chewed into black globs of muddy topsoil and a day that saw 240 lb. fullback Larry Wesolko reign supreme. This was without a doubt his finest hour as a Comet griddler and none can deny this inalterable fact. He scored 4 touchdowns on power plays up the middle that at times resembled the "Charge of the Light Brigade" He also excelled on defense; playing L.T. like a youngster heading for the big time. And there are 3 Ram runners who will long bear the scars of his assaults on ball-carriers in general. By far Wesolko was more...much more than outstanding this day. He and the fired up Comets proved this fact by losing not one of the rain-soaked fans who risked double pneumonia by hanging on to the bitter end. Most surely it was a day that will rate "The Comet Blockbuster" along with the other greats that once roamed the Hallowed Halls of Hicksville. And then of course there were guys like Steve Schuster, Vin Hoosack and Dennis Yaras in the backfield. All were outstanding in rolling up the record 32-6 win, over the perennial (thorn in the Comet side) Rams. Antelope legged halfback Steve Schuster picket up the Comets 2nd T.D. on a 23 yd. skirt down the right sideline. He and Hoosack also ran the points. And last but by no means least there were defensive giants cited by head coach Jim Grantham & line coach Ron Benizio. Young firebrands like Dennis Tomaine, Ralph Soanitag, & Lenny Casoline...and of course hardnosed 60 minute "Ram Routers" like Hoosack, Schuster & Wesolko. Joe Sarro Tom Cars & Glen Olsen intercepted passes bringing the Comet total to 9 left jobs for the young season. Grantham a bit surprised by scuttlebutt criticism of the Locals pass defense claims his squad has the best record on the Island in this department. And we agree 100%...Our tally sheet shows 9 pass interceptions for the young season. Three of them led to immediate touchdowns and 5 more were instrumental in setting up T.D.'s... "Getting any better than this will call for an investigation by the 'Royal Order of Pickpockets'" says us. Look for the locals to continue their winning ways this Sat. (away) vs Syosset. They're off and running and will head the pack come season's end... (wondering how they happened to be gandy-danced by Mac Arthur in the opener).

AND STILL MORE FOOTBALL... Brings the Meyer-Bryanmen to the fore. That's the J.V. (undefeated 4-0) eleven we're talking about. Last week we touted them 27-13 winners over Clarke but

they crossed us up by scoring 27 & holding the Rams to 2. The locals led 20-0 at the half. T.D.'s were scored by (H.B.) John Dunaj, (F.B.) Brian O'Leary and (O.B.) Jeff Deolittle (2) Doolittle scored twice on a 45 yd. run and a 70 yd. pass interception. He's also credited with 6 scoring touchdown passes for the season. And if the goodie book of the future is available... jot down the name of Johnny Dunaj. He's a real commer with a lot of desire going his way... Leads his team, with 4 T.D. and a pt. good for 25 big ones. Pats were scored by Dunaj, M'ie Masliella and John Wolkiewicz. Two key catches by Jim Giarraputo set up a pair of the markers. Rich Kramer, Dennis Tuma, Don Thompson, Merrill Daniels and Jim Dyckman were cited for their defensive work by coach Bill Meyer. "We'll go all the way if there's no letdown", he added. Hicksville faces Syosset at home this Sat. (10:30 am) A 5-0 mark - Says our crystal ball.

MORE OF THE SAME... Includes another big win for the Jr. High "Atoms." This one a 33-0 win over Plainview. Scorers for Hicksville were Dennis Warbruton, Ron Carman, & Charley Levine on a 55 yard pass play from new Q.B. John Mangani. Dwight Elrich picked up 2 markers on 25 & 35 yard runs. Last week's Quarterback Jimmy Cara out for the season with an injury was presented with a gilded football by his teammates commemorating last week's big win over Meadowbrook. Mike Bernstein, Matt Erico and Ray Kurz were cited for their defensive work. Other team regulars are Eric Carlson, Tom McBride, Herb Bragg, Kevin Kelley, Ken Englehardt, John Judge & Dave Fyte. The locals look for 3 straight vs Salk (away) this Fri.

BOOTER BITS... It takes two to Tango, say the experts but from where Soccer coach Harry Renn stood last week a more crowded dance floor would have saved a few frayed nerves. And it's not that he minded the pair of wins his Booters brought home either. It's the fact that 1-0 wins in soccer have the effect of sending mentors to Booters Rest.

Homes. Hicksville copped a pair of that variety over Clarke and Farmingdale last week and head the pack with a 6-1 mark. If they manage to maul Mac Arthur the Tues, prior to this issue they'll head back to the barn with a Chalkman's Rating. It's the big one" said ace shoemen like Mike Knipper & Bob Baranski who hit for the deciding markers. Larry Gibson and John Walker rated assists...and Randy Holmes who guards the net like a 4 armed pickpocket came up with a total of 21 saves in both games.

CROSS COUNTRY CAPERS... As promised X-Country Fred Reocher has come up with the seasonal tid-bits that make Cometland's Harrier History. The Comets are nearing the Section 1 (Championship) barn with an impressive 5-1 mark, with the only loss of the season being a 1 pt. setback by (non-league) Sewanaka. Hicksville bounced Syosset from the unbeaten ranks last Fri with a 20-37 score. They'll participate in the Fordam Meet at Van Cortlandt Park this Sat. Look for Tom Scanlon's name in the W.P.S. section. Last week he came up with a record breaking stint by lowering Pete Sullivan's North Shore mark of 12:35.5. Scanlon knocked 2 full secs. of the record with a 12:33.5 clocking. In the same meet Ray Gutoski, Dick Marks, Frank Maler & Paul Bonazzi finished 3rd, 4th, 5th & 7th. The other runners are Chris Cronin & Ron Morvillo. Reocher looks for the return of Morvillo to the lineup. "He'll strengthen our chances for our 2nd North Shore Title" he said. JR. HIGH X-COUNTRY

...Chalk up an opening win for the Jr.s. under the direction of John Ash & Marv Goldberg. They scrimmaged successfully against Bethpage, Roslyn, Herricks and Eastern Military Academy & opened the league season with a win over Thompson of Syosset. The Jr.s. run in age groupings (12 & 13) & (14 & 15) Both are undefeated thus far. Bruce Golden, Dick Midgett, Fred Ehle & Reg Brunson head the youngsters and Jan Goldstein, Ken Sharpe, Mike McGuirk, Warren Alfano & Doug Cobb head the elders. "As a first year squad we're coming up with some fine efforts" both mentors said.

FIRST OF THE VIKINGS... This is a football club that continues to amaze one and all. It has no visible signs of a sponsor but yet seems to be as finely organized as a Swiss Watch. They're complete with all the trappings including a sextette of uniformed cheer-leaders. Last Sun. they had an outing at Sallsbury Park vs the Bronx Warriors and engaged in a split-decision doubleheader. The B Squad won 6-0 and the A's dropped a 12-6 decision. Paul Korman picked up the B's winning touchdown on a 45 yd. run after intercepting a Warrior pass. Jeff Davis iced up the game by recovering a Warrior fumble with seconds to play. A's Q.B. Bobby Rogers scored for the Vikings on a plunge

off tackle. Rogers also scored a pair of T.D.'s last Sun. against Cambria Heights. The V ings won 30-0 reversing an opening 6-0 loss to the same club. Bob Reardon also accounted for a touchdown. Mike Spadden picked up the pt. The Vikings head for Burlington N.J. next Sunday for a Bowl game with the Bears. And then after that an Oct 30th Friday night game against the Creedmoor State Hospital "Foster Boys" at the Levittown Stadium. Look for these 9 to 14 yr. old youngsters to make sandlot history in the days ahead. They're coached by Danny Elefante who in turn is assisted by Bill Harold & Floyd Chiffer. The future consists of organizing a 5 team league from the Hicksville-Levittown area next year, to compete in a Midget Football League, and according to Elefante, Hicksville's Milt Pryer is in the process of organizing his entry right now. Don't forget to give the Vikings the once over on Oct. 30th (nite-game) at the Levittown Stadium...and if interested in kids and football...Call Danny GE J-5071. He needs catching help for his 40 odd man club.

He also opposed the urban affairs and water pollution programs so vital to the growth and well-being of our local community.

In my other post-card, the year 1962... we would have supported Mr. Derounian, despite our serious differences, because of his obvious capability and distinguished record in public life for local needs.

But this is not just any ordinary year.

It is the year Mr. Derounian chose to make the accusation of Barry Goldwater's primary issue in his own campaign. He is one of the leading Goldwater-Miller champions in the state and throughout the nation.

If we identify himself with the Goldwater-Miller ticket, whose programs we so vigorously oppose, he has made this new role as a Goldwater leader the crucial issue in the campaign. Therefore, regretfully and to all honesty, we cannot endorse Mr. Derounian this year.

Legionnaire's Log

Charles Wagner Post
No. 421 Hicksville
by ARTIE RUTZ

It seems that lately every other word from me relates to membership and that is because it is the time of year for it....We were out a week ago with our grand Junior Post Band in the north-west section of the town, ringing door bells and letting the neighbors know that Hicksville's American Legion Post wants every veteran to join up....And with the government refusing to honor a veteran's burial rights after 1974, I cannot understand why the hesitancy on some veterans' part to affiliate themselves with the largest of all veterans' organizations, The American Legion....Or any other for that matter....By this time it should fully be realized that one veteran alone cannot fight the government and win....It takes time, money and organization....And this the Legion has....And the record proves it beyond any doubt....Lates to join our Post are: Joseph Webb, Jr.; Mario Lombardi; George Herbst; Russell M. Schubert; Frank Molnar; William Armstrong; Frank L. Sanigata; Morris Cohen; Samuel Kramaroff; Arthur

Musseiman; William Boiko; Raymond J. Dunn; Gerard C. Merkle; Walter Szatkowski and Vincent Stancop....And Fred A. Blackley who transferred from the Plainview Post....Welcome fellows, welcome.... Our Annual Halloween Costume Dance is in our own Victory Room and the tickets are \$2.50 per person.... Dress is optional but there are prizes for the best costumes, etc....Tony Bell will again furnish the music....Our first fall Dance Class opened its sessions last Friday evening and if you hurry, there's still room for 5 more couples... Here's your chance for you and the missus to brush up on the Cha Cha, etc. at a very, very nominal fee, and have fun doing it....Sessions are held every Friday evening in our Victory Room....Call Jim Cooper (WE 5 0481) or Dick Hochbrueckner (WE 5 3546) for more information....Don't forget our annual Kings Park Hospital visit is set for Sunday, Nov. 8 at 12:30 P.M....Come out and do some good....Don't forget to vote on Nov. 3rd....I won't.

Operation VFW

William M. Gouse Jr.
Post No. 3211
by Eddie Klebing

This month we observe the twentieth anniversary of President Truman's proclaimed, "National Employ the Physical Handicapped Week." The VFW, along with other veterans organizations, is engaged this month in a stepped up drive to prove to the employer that it's good business to hire the handicapped. A new handbook entitled, "Blue Print for Action" is being distributed to all veterans posts and chapters throughout the nation through the state and national veterans employment representatives.

Employers who hire handicapped workers already, hold nothing but the highest respect for them. It's been proven that they are a loyal, conscientious and appreciative group comparable to, and in some cases better, than the non handicapped worker.

Take the case of John Warren who lost his leg while at work on his father's farm. Some 14 years ago he fitted himself with an artificial limb and applied for a job with Bendix Company in their Eatontown, N.J. plant. Rising above his handicap, John, when last heard of was supervising the work of 15 persons in the plant's armature winding unit. He made shortstop on the company's baseball team and boasts he can outrun all three of his children. John Warren is one of 100 handicapped workers among the 1,500 employees at the Bendix plants - proof that the handicapped is an
