TEACH Speaks Out on Gift Books

At a recent Hicksville School Board meeting, four copies of a book, "None Dare Call It Treason" were donated to the Junior and Senior High School libraries by a resident.

The Board voted to accept the gift provided that, in the judgement of the administration, the book met the standards set forth under current School Board policies. After consideration, the Superintendent of Schools and the Supervisor of Social Studies recommended that the School Board reject this book on the grounds that it was "inaccurate."

(The Board policy provides that material be judged for accuracy, fairness of treating controversial material, objectivity, that no material be written by a Communist be accepted and that a controversial author's work be treated under items 1, 2, and 3.)

In the past, when this policy was adopted approximately two years ago, during a controversy engendered by the Textbook Review Committee, TEACH took the position that this policy was "too rigid" and would hamper students in their pursuit of Truth. In keeping with this stand, the Executive Board of TEACH voted to send the following resolution to the Board of Education:

"In view of the recent controversy regarding the book 'None Dare Call It Treason' we, the Executive Board of TEACH restate our position that any material to be used in our schools should be judged solely on the basis of its educational value.

"We believe that the present School Board policy setting forth criteria for the selection of books and teaching aids should be changed to the single criteria of whether or not, in the judgement of the educators, the material contributes to the student's total educational experience. Gifts too should be judged by this criteria.

"We also believe that controversial material should be admitted provided that all sides of an issue be represented. The suggested change in School policy would permit such materials to be acceptable", the statement concludes.

PRESENT PINOCCHIO

On Dec. 29 the world famous Nicolo Mariconettes will present "Pinocchio" at the Fork Lane School, Hicksville.

The program is sponsored by the Fork Lane PTA and will begin at 2:00 p.m.

Kiwanis Distributes 39 Baskets To Needy Families For Christmas

Library Joins In Access Plan

Beginning in January a reciprocal arrangement will go into effect under which School District residents who have adult borrowing privileges at the Hicksville Public Library will be eligible to borrow books directly from certain other public libraries in Nassau

County.

In order to be eligible for this service, it will be necessary for the resident to have his card stamped with a seal of authorization at the Hicksville Library. This will be done only if the resident has no fines or overdue books out-standing.

Non-resident subscription members of this library will not be eligible for this service.

Among the public libraries in closest proximity to Hicksville that will be made available for direct access under this plan are those of Levittown, Plainview, Farmingdale and Westbury.

For further information Call Wells 1-1417.

All Around Town

The 8th and 9th grade girls of the Hicksville Junior High School home economics department recently conducted a jelly apple sale, as a result of their implementation of what they had learned in their cooking classes. The proceeds were used to bring cheer to less fortunate girls at Madonna Heights School for Girls in Huntington. The "home" girls were, thereby, afforded an opportunity to do for others. Mrs. Amato, Mrs. Clifford, Miss Fischetti, Mrs. Snyder and Miss Leibowitz's classes participated in this project.

Let Us Enjoy Decorations

It hardly seems necessary, but every year we must call attention to the systematic theft of electric bulbs from home holiday decorations, ornaments, wreaths, etc.

The lights at this time of the year are lovely but can only be enjoyed if they are left alone. One resident tells us of the theft of 34 bulbs on Christmas Day and a total of 65 were missing as of Monday of this week.

Some of our residents and commercial establishments, discouraged by such senseless thefts, have discontinued their annual efforts.

Has anyone seen Carl Eders Bar Mitzvah picture? As you know I am exceptionally fortunate in having such a wonderful neighbor who for the past eight years has brought me all kinds of decorations for the Christmas holidays. The year he brought me the three foot mechanical Santa with the fancy red velvet suit and gold vest, he promised me his Bar Mitzvah picture for the top of my tree. Well, for the past eight years my tree has been without a top. You guessed right -- once again he came in looking like the jolly ol' Santa himself but what happened to the picture? Your guess is as good as mine.

Speaking of Christmas decorations, have you noticed the artistic and colorful homes of Ella and Tony Moschera and their sister and brother in law Rose and Anthony Costa? They actually made the entrance into our neighborhood look like fairy land. When speaking to the Costas, they told me that they used over 1500 lights, and this I believe. I'm quite sure that when they hung their last wreath or adjust the final light bulb they sat back for a guests' eye view and purred with smug satisfaction. And why not! They did a beautiful job that was the talk of all Birchwood.

Bishop Kellenberg has approved the architect's plan for the building of St. Paul The Apostle Church and auditorium basement. This plan is now subject to the approval of the planning board of the Village of Muttontown. During the ensuing months the architect will be engaged in formulating the completion of the mechanical drawings for submission to bids from contractors.

The delays we have experienced in getting our Church into the ground have been to our advantage, since we will be able to build and design in keeping with the latest liturgical requirements issuing from the Ecumenical Council.

President's Corner

BY HORACE BERNSTEIN

As 1964 is about to leave us, we look forward to the New Year. It is time to take stock of our accomplishments for the past year.

For the ninth consecutive year, our newspaper THE VILLAGER, has been published without missing an issue. We have indeed been fortunate that each year, we are able to change editors and still continue to put out a paper that is one of the mainstays of the Civic Assoc.

Our Youth Group is continually attracting the young people of the community. The Jackson School, where our program functions, is a very active and happy place the two nights that the group meets. We are quite grateful that we can have dedicated people under the chairmanship of Lew Cohen -- to run this program and bring healthful entertainment to the youth of our community.

As you know, we lost the Jericho Players in a merger of both our group and the group in West Birchwood. However, we have continued to support the new group. Our secretary, Mrs. Dorothy Petzhold, has been helping the new group with all their mailings and publicity.

Community-wise, we have finally completed the "Walls of Jericho", officially known as the entrance gates. These gates, now are not only something of beauty to see, but are helpful to people looking for Birchwood. I was happy to accept a very generous donation from our builder towards payment of the gates.

Our board of directors, continue to meet at least once a month to help resolve the many little as well as large problems that come up. We have helped in finalizing the Hicksville escalator district for the Long Island Railroad.

Our Education Committees, both Jericho and Syosset, have been meeting regularly with the school boards and maintain a very strong and healthy relationship with them.

Thanks to the almost one man effort of Horace Sterling, we have just signed a 5-year renewal contract with Reliance Fuel Oil Corp for the maintenance of our oil burners. This almost unprecedented contract, where after eight years, a company is willing to extend a five-year free contract for parts and labor on the burners, is a tribute not only to Horace Sterling, but to the many members who have cooperated and joined the group.

At this time, I want to take this opportunity to welcome the new residents of our community, mainly those 32 families who live in Sagamore Farms. Within the next two weeks, it is hoped that we will have an open meeting with all new residents of the

Civics Organize Group On Commuter Woes

The Board of Directors of the Birchwood Park Civic Assoc. authorized the formation of a committee to investigate an attempt to resolve some of the problems besetting the many commuters of our community. Murray Iskoe was appointed temporary chairman of the committee.

At the very outset it must be pointed out that a dossier of facts must be compiled and prepared for the proper presentation to the management of the Long Island Rail Road, Iskoe is eliciting the cooperation of any and all commuters who can document complaints of a nature that warrants correction. For example: The equipment used on the 7:59 A.M. train from Hicksville to Jamaica is palpably old. As a consequence, the train is ill-heated in the winter and is uncomfortable hot and dirty in the warmer months. Commuters using this train have a right to

and will demand better equipment. This same 7:59 train comes in short one, two or three cars in any given morning, thus denying many passengers a rightful, albeit uncomfortable, seat. Undoubtedly these or similar conditions exist on the train you make in the morning.

If you, who ride on trains other than the 7:59, would document (dates, etc.) late arrivals, "short-changed" trains, old "cattle-car" type of equipment, etc. the Committee would be well on its way towards presenting a strong case to the railroad. We need facts and help from you the commuter. Please mail your information to: COMMUTERS' COMMITTEE CHAIRMAN, 31 MERIT LANE, JERICHO, or call MURRAY ISKOE, OV 1-7969. The volume of your responses will determine whether this committee will press forward for action or will die a-borning.

DOCKSWELL

With only three more weeks to go (the first half ends on January 11), Al Grusha's 2nd place "Zephyrs" had another shot at the league leading "Sad Sachs" and whipped them 5-2. Capt. Al set the pace as he bombed his first good one this year, a 228, and when Bill Kellerman bowled his seventh, a 210, it was all over. The "Zephyrs" are now only two points behind, with one more position night coming up on Jan. 11.

It took Sid Holtzman seven weeks to break into the magic circle again and he did it with a vengeance. Not once but twice he clobbered the pins for a fancy double, 216 and 201. He went on to compile a 599 series and lead Al Minoff's "Minnows" to a 5-2 victory over Sy Bruckner's "Pathetics." Elliot Spencer made a valiant try for his "Pathetic" teammates when he bowled his second, an even 200, but it just wasn't enough.

Hal Goldenberg came up with his fourth beauty (and third in the last four weeks), a 215, and helped Sam Springer's "7-10's"

community. The purpose is to inform them in a very informal way, the history and purposes of our Civic Association and perhaps a little background information concerning Jericho itself. Norman Ney is arranging this meeting and you will be informed shortly.

Sidney Simon, our Financial Secretary, is busy preparing the new membership bills for 1965. Please show your faith in your Civic Association and send in your dues when you receive your bill.

May I wish each and every one a very Happy and Healthy New Year.

take a 5-2 decision from Nat Warren's "Gnats" despite Hy Shapiro's game effort of a 205. Ily was pretty happy with this game but it was almost nothing compared to his son Ralph's brilliant effort a few weeks back. Ralph is a member of Syosset High School's varsity bowling team and he bowled a fantastic 284.

Norman Schwartz found a groove and threw his first really good one in a long time. Norm hit 200 on the nose and led the way for Murray Gittelman's #9's in a 5-1 rout of Norm Ney's "Pinheads". Murray's #1's are in 3rd place only five points out. Herb Bernstein, Norm Ney's chief "Pinhead" bowled a 210, but to no avail.

Capt. Herb Brody started off like a house afire. He got his third good one, a 217, followed up with a 197 and then let down in the third game just enough to allow Ruby Skyler's "Rubes" squeeze out a tie. Herb's "Splits" won 6-1.

Final item: Morry Herrick's "Giants" were shut out again. This time by Julie Gershen's "Untouchables."

Trends in Guidance

The guidance staff will present a program, "Trends in Guidance, in Jericho High School on Wednesday evening, Jan. 20th. All counselors will be available to discuss with parents, grades 7-12, such topics as: The Significance of Individual Counseling, Group Guidance, Orientation, and Testing. Parents will have the opportunity to ask questions on all phases of the guidance program.

HOLIDAY PROGRAM

A beautiful program of holiday songs from many lands was presented by the pupils at Robbins Lane on Dec. 15. An overflow audience of appreciative parents and P.T.A. members were charmed with the beautiful singing of the Glee Club and the Fourth Grade which were directed by Mr. Carleton Weber vocal music teacher. The School Band composed of 50 students in Grades 4, 5, and 6 under the skillful direction of Mr. Stephen Work played four numbers. The finals of the evening was a presentation of "Twas the Night Before Christmas" by the Glee Club, a selected Symphonic Band and members of the Dramatic Club. Miss Clare Garentano, Dramatic Club Director directed the young actors. The concert was repeated on Wednesday for the school children.

Ring In The New

In the new setting of the newly designed interior of the J.J.C. lobby and social hall, 320 strong of our Jericho residents and friends rang out the old 1964 and rang in the new 1965 on Thursday evening, Dec. 31st.

Featuring the fine cuisine of the Temple's new caterers, Gerson and entertained by Sy Kogan's fine 5 piece band, the merry seekers enjoyed the festivities tremendously surviving the deluge of "happy juice".

Letter To Staff

Dear Mr. Byrnsstein,
 Please accept our sincere thanks for your thoughtful contribution to Jericho American Food Service.

With the help of your Association and others we have raised the amount required to bring a foreign student to Jericho.

We are now seeking a family interested in housing the student for the school year 1965-1966. If you would be kind enough to announce this at your next meeting it would be very much appreciated.

Again, our thanks,
 Very truly yours,
 HOWARD T. JANKOWITZ

SHORT AND SWEET

In the United States the single day's snowfall record goes to Silver Lake, Colorado where 87 inches fell in twenty-seven hours. The greatest seasonal snowfall on record, more than 83 feet, was at Mount Ranier National Park in Washington. Mount Ranier is also credited with the highest annual snowfall rate in the nation, having an average of 575 inches.

Snowflakes are not frozen water like hail and sleet. Snow crystals form when water vapor solidifies on tiny particles in the atmosphere. The crystals usually grow into flakes having six sides or

points but they can also assume other shapes—prisms, branched stars, needles, pyramids, or combinations of these. The largest hailstone ever measured was 5.41 inches in diameter and fell at Potter, Nebraska. The most violent snowstorm recorded is the Blizzard of '88.

January 10, 1901 — The way was paved for the great Texas oil boom when the first strike was made in Beaumont, Texas.

January 14, 1914 — A new assembly line technique for manufacturing cars was in-

augurated by Henry Ford. The process proved to be a valuable time saver; car assembly now took a mere 93 minutes instead of the 12½ hours required under the old system.

January 15, 1827 — A daredevil Frenchman named Chabert made the first test of the heat resistance of asbestos. He entered an oven, clad in asbestos and holding a steak in one hand. After twelve minutes he emerged safely ready to eat his well-done steak.

January 17, 1950 — The now famous Brink's robbery was staged. Nine bandits wearing Halloween masks escaped with \$1 million in cash and \$500,000 in checks from Brink's Incorporated, a Boston armored car service.

January 24, 1848 — The great California gold rush began with the first discovery made on John Sutter's land in Coloma, California.

The contract is basically the same as the company's original offer in August. It provides for a wage increase of 7 cents per hour effective Dec. 28, and a second increase ranging from 6 to 14 cents per hour effective Feb. 28, 1966.

LONG ISLAND PICTORIAL REVIEW

A FAREWELL TO HARMS: Sixty-three-year-old Morris Hendrickson, a grandfather of five, of Cedarhurst, turns over his roller skates to Dr. James Collins, superintendent of Nassau County's Meadow Brook Hospital, East Meadow, L. I., where the retired aircraft worker is being treated for a broken leg suffered in a fall at a skating rink while wheeling around with his wife, Irene, 60. He has been skating most of his life, and this was his first mishap, and last, as far as he is concerned. (Graphic News Photos.)

WHY THE BULLPUP MISSILE POINTS DOWN: For the benefit of motorists, and his own children, who have been wondering why the model of a Bullpup missile in front of Maxson Electronics plant in Great River, points down, William L. Maxson, president of the Long Island firm, which received the sole U. S. Navy contract (\$23,500,000) to produce Bullpup missiles, explains that the weapon, an air to surface missile, is launched from aircraft and aimed at ground targets such as tanks, bridges, boat basins and supply depots. The young Maxsons are l. to r.: Mary Leslie, Holly, Caryl Ann and William, Jr. (Graphic News Photos.)

NEW COAST GUARD TENDER TO AID L.I. BOATMEN

The first of three new 157-foot Coast Guard Buoy Tenders, capable of doing 12.8 knots an hour, with a reinforced hull for ice-breaking, has been put on service on Long Island Sound, Peconic Bay, Shelter Island Sound, and other local waters, to come to the aid of boaters in distress. Among their duties are patrolling the waterways and maintenance of buoys. Greenport will be their home port. The Red Wood (W-685) at right, replaces the Hawthorne which was the oldest active vessel of its kind in service on Long Island waterways. Tender has modern air conditioned quarters for its 32 officers and men. (Graphic News Photos.)

PUBLIC TOURS WALDEMAR CANCER CENTER IN WOODBURY

Flag-raising ceremonies in front of the newly-built Waldemar Cancer Research Foundation building, in Woodbury, preceded the first Open House public tour of the modern cancer detection facilities on Veterans Day. Veterans of Foreign Wars Post of Plainview provided color guard and donated flag and flagpole. Established in 1948 in a Brooklyn loft, the cancer-detection organization moved into its \$1,200,000 facility early this year and has already examined close to 2,000 Long Islanders for early cancer signs. The non-profit center, supported by public donations makes a nominal charge of \$35 for a complete examination which takes close to three hours. Long Islanders can make appointments for examinations through their family physicians or by applying to Waldemar, directly. (Graphic News Photos.)

WELCOME: Fred Scott, of Syosset, TV personality, greets tots visiting Waldemar at first "Open House."

Operation VFW

William M. Gouse Jr.
Post No. 3211
by Eddie Klebing

All over the world Yuletide sermons stressed "Peace" as the theme of Christmas, 64. Although Cardinal Spellman spent his annual military tour with the servicemen at Guantanamo Naval Base in Cuba, his Christmas message was released in

New York, and praised the American serviceman as keeper of the peace and stated their presence in the troubled spots of the world was one of the reasons we have been able to avoid a general war.

This deterrent to a general war finds us with 1,075,000 American Servicemen overseas this Christmas, more than one third of all our men in uniform.

In Western Europe and the Mediterranean alone, there are over 450,000 men under arms. The other side of the world claims another quarter million of these guardians of peace.

Here in the Western Hemisphere 20,000 men are in Cuba keeping an eye on Castro. The biggest trouble spot in the world is South Viet Nam where 22,000 Americans are fighting com-

munist guerillas in dank and muggy jungles with no end to killing in sight. For these men Christmas 64 is a lonely ordeal. To be any place but home at Christmas is a lonely ordeal. While the spirit of good will to all men still prevails at this time of year, let us say a prayer that Christmas, 65, will find these guardians of peace at home with the ones they love.

We are proud to have been able to bring joy to the hearts of the children at our Christmas party this year, and to Arnold Bashwiner, who portrayed our visitor from the North Pole, our thanks. As the door closes on 1964 we turn our eyes on 1965 and hope we can continue to serve the veteran, his family and the community as eagerly as we have in the past.

Lady in distress — and how two friendly strangers went out of their way to lend a helping hand

Sometimes it seems that people are too busy these days to take time to help someone in trouble. But there are still lots of folks who are always ready to be a friend in need.

This letter we received from Mrs. George Love of Lake Mahopac, N. Y., is just one example . . .

New York Telephone Company
To Whom It May Concern:

One afternoon, on the road between Croton Falls and Lake Mahopac, my car had a flat tire and went into the ditch. It was impossible for me to get it out.

Two of your men, Charles Geidel and Stephen Moravick, came along and pulled me out of the ditch. They put air in the tire and went out of their way to follow me home to make sure

that I arrived safely.

I want you to know that this was very much appreciated as I had two of my children and my neighbor and two of her children in the car at the time, plus the fact that it was a very cold, rainy day.

They were most courteous, and we are deeply grateful.
Sincerely,
Mrs. George Love

Do people bother to lend a helping hand any more? Yes, lots of them do. Telephone people do. We're glad when they do.

Legionnaire's Log

Charles Wagner Post,
No. 421 Hicksville.

by ARTIE RUTZ

"Prosperity is something you feel, fold and mail to Washington."

Here we are at the end of another calendar year, but just at the mid point of our Legion year... We are looking forward to big doings at the Post in the coming months, climaxed by our hosting the 46th Annual Nassau County American Legion Convention on June 3, 4 & 5th... I hope all of Hicksville will avail itself of the opportunity to see the convention parade on Friday evening, June 4th... There hasn't been a Legion parade in Hicksville since 1928... And the American Legion is the inventor of the present day parades as we know them... So tell your friends and neighbors now so they will know well in advance of this spectacle... P. C. Dick Hochbrueckner is the Parade Chairman, both for the Post and the county... Finally our batch of the Legion school book covers have arrived and we will distribute them at the next meeting which is January 4th... Please get to the meeting and pick up the number of covers you wish to distribute to your neighborhood children... The demand has been growing each passing week since we first ordered them... I hear that P.C. Rudy Bouse had a bit of luck in a drawing held by another Post a short time ago... Our County Commander, Mike

Cialdella, held a Xmas Party for his Staff at our Post last weekend and our House Committee Chairman, Hank Braemer, did a fine job of voluntarily serving the affair... I think everyone had a swell time despite the very wet weather that prevailed... Our Sons of The Legion Squadron achieved 100% membership for 1965 before the December 31st deadline... And our Auxiliary once again has gone beyond its 100%... The Post voted to send five members of the Color Guard to the annual Military Ball at the Garden City Hotel on January 8th... This is one affair, run by the Nassau County American Legion, that everyone, including the County Commander, must pay to get into... All the proceeds go to the Welfare Fund and if you never have been to a military ball, here's your chance to witness a very colorful event... I still have three tickets left at \$3.50 per... Just a note of warning... These tickets only get you inside the hall and a seat at a table, nothing else! Happy New Year.

Dugan to Serve As Jail Warden

Sheriff - Elect Democrat Thomas M. Dugan stated this week that he would assume the duties of warden at the Nassau County Jail for the first two or three months of his term.

"The operation of the County Jail" said Dugan, "has always been a major problem. I intend to personally supervise the jail and evaluate the existing personnel structure with the aim of effecting much needed reforms."

Dugan announced the appointment of Walter J. Flood, 35, of Syosset as Acting Warden. He will work directly under Dugan's supervision. Flood, a former member of the Old Brookville Police Dept. is currently employed as a Federal Narcotic Agent in New York City.

Dugan said that Flood would have the title of Chief Bonded Deputy Sheriff at a salary of \$11,267, but will be assigned to the County Jail.

Mothers Hold Holiday Party

The Parochial School basement of St. Ignatius, Hicksville, was transformed into a beautiful red and white setting for the annual Christmas party of the Auxiliary of Christian Mothers. After a few brief announcements, President Madelyn Gough dispensed with the regular meeting. The Clergy, Sisters and mothers settled down to a very pleasant social evening highlighted by Santa's distribution of gifts.

The men of the Glee Club outdid themselves with several beautiful selections in addition to some of their clever parodies.

Mrs. Jane Sheriber won a Dark Horse prize of \$30. Other lucky winners of prizes were Gloria Moore, Imelda Davis and Jane Korb. Sister Mary Warren won a gift certificate.

Chairladies Grace Way and Winifred Lillis are to be congratulated for the beautiful decorations and the efficiency of their committee of helpers.

The Skating Party will be held on Jan. 21 at Roosevelt Field Ice Rink. All are invited to attend. The next regular meeting will be held on Monday, January 25, at 8:15 P.M. Eleven Riots of the Catholic Speakers Guild will be the guest for the evening. Her topic will be "Saints, Sinners and Ourselves."
