Order Working Plans LI National Hits New Peak For New Post Office

An important step in providing Hicksville with a new modern post office was announced last week by Postmaster General John A. Gronouski in Washington. The architectural-engineering firm of Lescaze, Pichel & Lepkalis, 605 3rd Ave. New York, has been selected to develop detailed working drawings and specifications to be used for advertisement for bids for construction of the new post office.

"The new building," Gronouski said, "is designed to carry out the Post Office Department's objective of a more efficient postal service combined with improved working conditions for our employees."

"President Johnson has asked us to exercise frugality in conducting our governmental operations, and we are doing so. New construction, therefore, is being authorized only when it is demonstrated that the need is urgent

and no other alternative is available."

The alternatives, Gronouski explained, would involve remodeling of the existing building or moving into other suitable quarters in the same community.

The building in Hicksville will be located on property bounded by West John and West Barclay Streets on the north, West Barclay and the land of Karlson and Reed on the east, the right of way of the Long Island Rail Road in the south and the land of the Mercury Millwork Co. on the west.

The Postmaster General said the building will be constructed under the Department's Lease Construction program, with the government's capital investment limited to postal equipment. While leased to the Government, the building will remain under private ownership and the owner will pay local real estate taxes.

Gift of Books Causes Debate

The gift of several paperback-copies of "None Dare Call It Treason" for placement in the Junior and Senior High Schools of Hicksville led to a prolonged debate, Friday night. One motion to place the books in the libraries under certain restrictions stipulated by Board President George Kunz in his motion lost, 6-1. A different motion to put the books in the libraries lost 4-3. A proposal to put the books in a professional library being set up by School Superintendent Donald F. Abt failed for lack of a second.

The donor of the books, a Mrs. Miller, became quite emotional as she addressed the Board and accused them all of "intellectual dishonesty". She stated that she was not connected with and group.

Civics Name Holiday Winners

The Midland Civic Assoc. of Hicksville-Jericho has announced the winners of their annual Christmas and Hanukkah Outdoor Decorations Contest. The winners of the Christmas decorations were D. Gluck, A. Consentino and J. Kaufman with H. Gorlin having the most original decorations for Hanukkah.

The annual Christmas party was held at the Willet Ave. School on Dec. 19th with approximately 250 children in attendance. The Midland Jr. Civic Group entertained with Christmas music, and refreshments were served by the Girl Scouts. Most important of all, Santa was there to give each child a gift. The date of their Christmas caroling was Dec. 22nd.

The membership of the Midland Civic Assoc. is growing and taking in a bigger area than ever in the northern section of Hicksville and bordering Jericho. At their next meeting, on Wednesday, Jan. 27th, Town Councillman A. Carl Grunewald and Superintendent of Highways Norman Wolf will address the membership.

Respectfully submitted,
Betty Pohl, Publicity Chairman

LI National Elects Directors

Elected as directors of the Long Island National Bank of Hicksville at its annual meeting this week were Charles R. Carroll, James C. Dinkelacker, Norman C. Godfrey, James Herschaft, William F. Koutensky, Malcolm F. Pierce, Herbert W. Purick and Joseph A. Reinhardt.

Most of the audience left the meeting room after the failure of the final motions regarding the disposition of the copies of the book.

At one point William A. Bruno Jr., member of the Board, leveled a finger at his fellow trustees and indicated their actions bordered on "treason".

The Board met again on Saturday morning, Jan. 9, to begin work on the proposed budget for 1965-66. Without taking a break for lunch (sending out for sandwiches) the 10 AM meeting concluded at 3 PM. Further budget sessions are scheduled for this Friday night and Saturday morning. Bruno did not attend the budget discussion.

RR to Install Those Windbreaks

The ink on last week's issue of the HERALD was hardly dry when the LI Rail Road was telling the Hicksville Chamber of Commerce that they are aware of the problem on the high-rise platforms and plans to install wind breaks.

Amos Hochman, chairman of the special committee for the Chamber of Commerce, received the following letter from Frank Aikman Jr., vice president chief engineer, dated Jan. 8th:

"Thank you very much for your phone call concerning the need for windbreaks on the elevated platforms at the Hicksville Station.

"As I outlined to you on the telephone, we have been aware of this problem. We have designed windbreaks for both platforms. The material is on order and we expect to install the windbreaks, with rail road forces, within the next three weeks.

"Again, thank you for your interest in the rail road."

Their responsibility will include all areas of Town Government to gear our planning and development efforts to present and future needs. The Commission members appointed by the Board will be thoroughly conversant with the Town and its problems and they will transmit into action recommendations designed to preserve the Town's suburban characteristics", Poulos said.

"The members of the Commission have highly diversified backgrounds and professions so that the Board and Townspeople will be assured that all recommendations represent and reflect a wide range of opinion", the Majority Leader added.

Poulos also announced that Seymour Stillman, American Institute of Planners, will be recommended as consultant to the newly appointed Planning Commission.

Stillman has a Masters degree in Planning from Massachusetts Institute of Technology and a Major in Regional Planning from Cornell University. He has directed Planning and Zoning studies in communities in New York State, New Jersey and Pennsylvania and has served as a lecturer in Planning on the faculties of the University of Buffalo, Rutgers University and the New School. He is a member of the American Institute of Planners and the American Society of Planning.

OPINION

Parking Field Names

When Hicksville dedicated its first municipal parking field the community was in the midst of the 300th anniversary of its founding. The field next to the Firehouse Inn off Marie St. and Nicholai was named the Robert Williams Field. No sign was ever erected to mark this historic dedication.

We have noticed recently in Farmingdale that various parking fields bear the names of recent trustees of the village. It seems like a small thing, but the works and efforts of dedicated public servants should be recognized and remembered. Hicksville today has some dozen public parking fields which are only known by numbers (1 to 12 or more).

TEACH Issues Call For Two May School Board Candidates

The Taxpayers' Educational Assoc. for the Children of Hicksville (TEACH) this week announced it is in search of candidates for two vacancies on the Hicksville Board of Education which will be filled by election in May. The following material from TEACH is published as received:

The Hicksville Board of Education is composed of seven members elected to the office of Trustees by qualified voters. Their function and duties are defined by the State Education Law. Each School Board Trustee serves for a period of three years, taking office on July 1st following elections in May of each year.

This year the term of office of two School Board members is up. With this in mind, T.E.A.C.H. has drawn up standards of candidacy, non-partisan in nature, to be used in determining the caliber of individuals seeking office.

CRITERIA PERTAINING TO THE EDUCATIONAL PHILOSOPHY OF THE POTENTIAL CANDIDATE:

I. A candidate should be devoted to the idea of public education.

II. He should acknowledge the School Board's responsibility to the community in ascertaining its educational needs, and assuming a leadership role in proposing and promoting the programs which will best meet those needs.

III. He must support full-time education, working toward the elimination of both double and staggered sessions.

IV. He should be aware of the limits of a classroom size within which a teacher can work effectively.

V. His attitude regarding teachers' salaries should include:

A. Understanding the need for a stable faculty, bringing in competent experienced teachers.

B. Awareness of a general need for salaries high enough to attract and keep the best possible people in the teaching field.

VI. He should support the es-

tablishment of Citizen Advisory Committees.

CRITERIA PERTAINING TO THE PERSONAL QUALIFICATIONS OF THE POTENTIAL CANDIDATE:

I. As a School Board member, the candidate should:

A. Be conversant with curricular trends and understand the nature and complexities of modern education.

B. Place educational goals foremost, recognizing that careful management of funds is a means toward these goals, rather than an end in itself.

C. Indicate a willingness to turn - in a spirit of trust and respect - to educators as reliable sources of information.

D. Be able to distinguish between the POLICY-MAKING function of a lay board and the PROFESSIONAL PREROGATIVES of the Superintendent, principals, and teachers.

E. Be willing to devote the time and effort necessary for the completion of School District business.

II. As a member of the community, the candidate should:

A. Have an ability to work well with others, as a necessary prerequisite to the successful promotion of the candidate's educational goals.

B. Be able to give a clear statement of his stand in the past on educational issues in the community.

C. Have no conflict of interests, business or financial.

TEACH is in the process of interviewing citizens of Hicksville who meet the above standards and are interested in community. If you are or know of an individual who would like to be a candidate please contact David Trahish, president of T.E.A.C.H., at ED 4-3157.

For several days there was a man in a white car looking for me. My neighbors said that he looked like he had a summons. I found myself looking instinctively towards every white car that passed my door, anticipating the summons server. Since you can't turn a way of thinking on and off like a water faucet, you can just picture what went thru my mind and my neighbors' mind when Mr. Hauptman pulls up in a white car with the Jericho Community Theatre news release in a white envelope and interrupts our conversation to hand it to me. My neighbor and I nearly scared him away. Elaine, please don't be angry with your husband if he refuses to bring another news release—-with the reception he got, I wouldn't blame him. P.S. The man in the white car looking for me turned out to be an insurance salesman.

Have you heard that Miss Geraldine Emilia Rappa daughter of Mr. and Mrs. Vincent A. Rappa of Hedgerow Lane, was presented at the Debutantes Ball on Dec. 29th?

Attention thespians! There will be an open casting call for a hilarious comedy to be produced by the Jericho Community Theatre and directed by Dick Marza of Scholarship Show fame. Auditions will begin at 8 P.M. in the speech and drama room of the Jericho High School on Tuesday, Jan. 18th and Thursday, January 20th. The production will take place in March.

Congratulations to Lanny Eder of Middle Lane on making his Bar-Mitzvah and Fred I. Altman of Birchwood Park Court on his engagement of Barbara Merberg from Flushing. A wedding is planned in the early part of 1966.

NOT An "Old Chest Nut"

"Why does the chicken cross the road?"
"Why does a fireman wear red suspenders?"
These are old time jokes which are often repeated over and over and are called "Old Chestnuts".

This "Old Chestnut" is not funny but is still worth repeating. Not that I want to sound like "Calamity Joe", but it's the same old story and needs constant reminding to help avoid what may result in a heart breaking accident.

People in our shopping area must be alerted and constantly be made aware that like fire, the automobile is a servant but if not used with caution is a deadly enemy.

While driving the mid afternoon from Market St. towards Broadway at a cautious rate of speed - ZOOM - out of nowhere comes a car from the left shopping area at an unusual speed towards the dividing lane of Birchwood Shopping Area and the Floyd Bennett Parking Area, with little or no regard nor concern of any cross traffic, caused an almost catastrophic if not for the alertness of the first driver.

These near accidents happen all too often! Must an accident where life and limb may be threatened occur before we awake to the fact that extreme slow speeds are the "rule of thumb" and more than that, CAUTION must be practised!

Need Assistance

The problem of youth is always with us and time is of the essence. The youth of our area have the problem of transportation to be able to get about from town to town without the aid of mothers and dads.

Under the leadership of Mrs. Minna Kurtz of 47 Hedgerow Lane, Jericho, efforts are being made to create bus transportation which will be available so that they do not have to depend on their parents should they want to go to Plainville, Syosset, Hicksville, etc.

Assistance is needed! There is strength in numbers! Give your assistance to Minna Kurtz, OV 1-6054.

After a long lingering illness Edward Klein formerly of Maiden Lane and lately from Brookville passed away Friday Jan. 8th.

lived up with another charmer, a 201, and still his "Pinhead" teammates were beaten by Al Minoff's "Minnows" 5-2. Herb has really been clobbering those pins. He has now bowled four better-than-200 games in the last three weeks and has raised his average seven points in the process. Sam Springer with a 229, Herb Brody with a 220 and Marty Kolen with a 208 rounded out the night. This was the fourth successive week that the league has come up with at least ten 200 games. This is the hottest pace the league has ever set.

Civic Youth Group Reopens

by Ralph Diamond

The Civic Youth Group after a Christmas recess resumes its activities at the Jackson School. Registration is still open for those who wish to participate in the varied activities of the youth group.

Plans are being made to run tournaments this year and award trophies to the winners. This will require the full cooperation of the youngsters and parents. Further developments of the tournaments will be reported in the Villager.

Wednesday and Friday from 7:30 P.M. for boys and Fridays for girls will continue in effect. Chairman Ralph Diamond and Louis Cohen once again urge youngsters and parents to give them their ideas as to how the civic youth program, now in its seventh year, can improve its service to the youth of our community.

ENGLISH SINGING GROUP IN JERICHO

The "Zombies", the "Nashville Teens", and a good part of the cast of the Brooklyn Fox Christmas Show were guests at a New Year's Eve party at the home of the Abbots, of 195 Maytime Drive, Jericho, by invitation of Renee and Carl. They arrived after their last Thursday performance, ten minutes after midnight, and left 6:30 A. M. New Year's Day, just in time to make their first show Friday.

Rod Argent, the Zombie's organist, exhibited some rare talent on the Abbott's organ. Music and dancing were the theme of the evening.

The next night the Abbott girls were guests backstage at the Fox Theater, and enjoyed an evening they will never forget.

These well-mannered English boys made many new friends, and left a lasting impression on all who met them, parents included.

New Dialing System Planned

The Nassau County Police Dept. launched a new system of end-to-end telephone dialing, including roadside call boxes, Wednesday, it was announced by Acting Police Commissioner Francis B. Looney.

Telephone officials report the county dept. will become the first law enforcement agency in the country with this type of facility. The system, which includes automatic dial features with the latest type pushbutton console switchboards in the eight precincts, will relieve precinct signal monitors from handling routine calls. The men on the precinct switchboards will be able to devote full time to calls requiring immediate police action.

"This is another step in our continuing effort to provide more efficient police service to the community," said Looney.

The system has been tested thoroughly in the county department's Seventh Precinct since September. On Wednesday, the Third Precinct was cut into the system and starting in February another precinct will be added to the network each week.

Under the new system, precinct to precinct, and precinct to headquarters calls will be handled automatically by dialing, without going through one, two or three switchboards. This includes calls from roadside call boxes.

The call-box dialing feature is a law enforcement "first". Citizens using the call boxes for emergency calls will be protected by an emergency feature - if the dial is not used within 15 seconds after the receiver is lifted, the call is routed to the nearest precinct.

TRAVEL TIPS How To Pack

One of the secrets of happy traveling is knowing how to pack. Learn an easy packing technique, study your needs for the trip, then pack so that you avoid frustrating re-packing when you're dashing for plane, ship or bus.

Here's a simple way to organize your packing.

Make a list of everything you think you'll need. Then cut it in half. You'll be surprised how easy that is. Like cutting a 50-word telegram down to ten little words.

Next, pack in the order of use. If you're going to stay in one place, your task is easier than if you have to enter case pack the things you'll need first last so that they are on top.

Shoes, stockings, sweaters, lingerie can be packed around the edges of the suitcase. Shoes should be in separate bags. Put sweaters and flat evening bags in the bottom of the bag. Pack your nightclothes on top if you're going to move again in one day. That way, you won't unpack the entire bag to get what you need.

Make things serve double purposes. A beach coat can be bedroom slippers, too. A beach bag can be a nightgown. The roll-up method is fine for towels and non-wrinkle dresses. The flat-fold

method eliminates lumps. The larger method is newer and worth a try. Cover with hangers with paper or use the hangers that come from the dry cleaner. Put the dress on the hanger, fold the bottom half over the top, stuff tissue paper in neck of dress, and place flat in bag. This way, if hangers provide too few hangers, you have yours built in. Be sure to place the long side of the hanger against the wall of the suitcase, with the hook section towards the front. Hangers weigh very little and simplify unpacking.

Keep all "spillables" in a separate little trunk-case or make-up bag. Use plastic bottles. This is a safe place for perfume, too.

Consult your destination when you pack. If you're headed for Florida, all you'll need will be beachwear and evening clothes. Simple shorts, bathing suits (2) and cottons for moonlight. An evening sweater or a stole will supply glamour. Never over-dress.

Save all the time you can for relaxing while you're away. That's why you planned the vacation. And, just to save your good times, take along a camera—one that hangs on your wrist or around your neck would be fine. Take snapshots as you have fun—at the beach, at the pool. An avenue lined with Royal Palm Trees makes a beautiful picture for your album. You can go wild with color pictures, slides or just plain black-and-whites. Pictures of yourself and your new-found friends are always fun to look at when you get home.

Bowling Tips...

Proper follow-through—a necessary factor for maximum "strikepower"—can be attained in a few practice sessions by the simple device of placing a towel at the foul line. If the ball hits the towel, you're releasing it too soon. Ray Schanen of Milwaukee, one of the nation's top professional bowlers, also points out that dropping the ball too soon is just as harmful as lofting the ball. Strikepower is gained through the just-right combination of speed, spin and aim. And proper follow-through is vital for top strikepower.

Young America Bakes— Raised Gingerbread Doughnuts

RAISED GINGERBREAD DOUGHNUTS

Makes about 2 dozen

- 1 cup milk
- 1/2 cup brown sugar
- 1/4 cup dark molasses
- 1/2 teaspoon salt
- 1/4 cup (1/2 stick) Fleischmann's Margarine
- 1/4 cup warm water (105°-115°F.)
- 1 package or cake Fleischmann's Yeast, active dry or compressed
- 1 teaspoon ginger
- 1 teaspoon cinnamon
- 1/2 teaspoon nutmeg
- 1/2 teaspoon allspice
- 2 eggs, beaten
- 5 cups unsifted flour, (about)

Scald milk; stir in brown sugar, molasses, salt, and Fleischmann's Margarine. Cool to lukewarm. Measure warm water into a large warm bowl. Sprinkle or crumble in Fleischmann's Yeast; stir until dissolved. Add lukewarm milk mixture, ginger, cinnamon, nutmeg, allspice, eggs, and 3 cups flour; beat until smooth. Stir in enough additional flour to form a soft dough. Turn out onto lightly floured board and knead until smooth and elastic, about 8-10 minutes. Place in greased bowl, turning once to grease top. Cover; let rise in warm place, free from draft, until doubled in bulk, about 1 hour and 15 minutes.

Punch down. Place dough on lightly floured board and roll out to about 1/4 inch thickness. Cut into doughnuts with 2 1/2 inch doughnut cutter. Place on greased baking sheets. Cover; let rise in warm place, free from draft, until doubled in bulk, about 1 hour.

Drop into deep hot fat (375°F.), raised side down. Fry 2 or 3 minutes, turning once. Drain on absorbent paper. Roll in cinnamon-sugar mixture, if desired.

GRANDMA wouldn't recognize these doughnuts. They have the same yeast-raised texture, but delightful new gingerbread flavor.

Old-Fashioned Favorites with New Flavor

One of the best sweet-tooth satisfiers is the doughnut. Americans have been enjoying doughnuts 'n coffee or milk for many a year. And the home-baked variety is impossible to beat. This yeast raised favorite is remembered as a specialty just like grandma used to make. Now the old-fashioned treat

has a new look. Youthful doughnut devotees are making the same yeast-raised recipe with molasses, brown sugar and spices added for a special zesty flavor. They have the flavor of gingerbread, but the same delightful texture of grandma's best. Eat them plain, or coat with spiced sugar.

A Residential Improvement Authority Answers Your Home Fix-Up Questions

Q. I feel my furnace has about outlived its usefulness. What's the rule on life of a heating plant, anyhow?

A. When your heating plant gets 15 years old, consider modernization. At this stage, a bit of work will add years to your heating system.

During the warmer months, plan to have it overhauled. Make sure the filter is changed. If you have a humidifier in your warm-air system, replace the plates and check the float valves.

With some care, a 15-year-old plant may be good for 10 more years of service.

Q. I'm deathly afraid of termites. How can I check to make sure I don't have any?

E. B. A. Look first against the walls and columns. Poke an ice pick into sill timbers. How do you recognize the minute menace? Termites form small mud tubes—about as big as a pencil. Remove these tubes when you find them.

And call an exterminator when you find termite tubes—even if there's no visible sign of damage. Naturally, the sooner you act the better.

Dredging Plan Has No Effect

A New York State Conservation report this week reveals that "planned dredging has had almost no effect on shellfish production in Oyster Bay Harbor."

The report made to Town Board Majority Leader Edward J. Poulos by the Department's marine biologists represented a study of several months to determine shellfish resources and the effects of the Town's public improvement dredging program.

Majority Leader Poulos said the Town Board will shortly request the New York State Conservation Dept. to continue its study and make recommendations for the Board to consider as part of its conservation program. Highlights of the report established that "seed oysters are not produced anywhere in the waters of Oyster Bay and that no commercial natural set of oysters has taken place in this area for the last 35 to 40 years."

In the report State marine biologists pointed out that the drop in oyster production in Oyster Bay Harbor was brought about by pollution along the Connecticut shoreline which is the major seed oyster producing area in New England. This covers the in-shore waters of Long Island Sound from Bridgeport to Stony Creek, Connecticut, and near the mouth of a few rivers on the Connecticut shore.

The report noted that the shellfish area lost in Oyster Bay Harbor is less than one per cent. State Conservation officials de-

clared that carefully planned dredging is beneficial to the production of fish and shellfish.

The Town, as outlined in the report, has had two public improvement dredging projects under way in the Harbor: one to deepen the channel in front of the Town Marina and the other to clear away a sand bar on the west side of the Harbor which had become a navigational hazard. Both of these projects are being done at no cost to the Town under a public improvement program.

Councilman Poulos pointed out that to hire a dredge to accomplish this necessary work would have cost the Town's taxpayers thousands of dollars. Instead, he said, the Board undertook the public improvement project method to eliminate the heavy expenditure of tax dollars. "The Board is gratified by the State Conservation Department report which clearly indicates that no damage has been done to shellfish by this carefully-planned dredging. We are going to ask the State Conservation Department to continue their study and make specific recommendations so that the Board will be able to successfully carry out its north shore conservation plans."

Operation VFW

William M. Gouse Jr.
Post No. 3211
by Eddie Klebing

We're proud to announce that John Scarola is the winner in the Nassau County Judging of the VFW sponsored Voice of Democracy contest. John, who's speech on the Challenge of Citizenship won top honors at the community level is eligible to compete with district winners for state champion in this national contest. State winners are provided with a five day all-expense paid trip to Washington, D.C. We thank John for making us all feel good and wish him the best of luck as he competes for state championship.

In an effort to bolster various Post funds, the William M. Gouse Jr. Post has joined the ranks of some organizations and will sponsor Bingo at the Hicksville Bingo Hall on alternate Thursdays. Help from fellow members is needed and will be greatly appreciated by those already assigned duties. Contact either the commander or Joe Gilligan who was appointed chairman of this undertaking.

This coming Wednesday interested persons, particularly the ladies, can join members of the Post and Ladies Auxiliary when they make their annual trek to the veterans in Northport Hospital. Your call to Chaplain Mike Znaek at WE 1-3689 will make him very happy.

The first duty of good VFWer is to see that he is in good standing with the Post. To do this he must be obedient in the payment of dues. Those who haven't paid their 1965 dues should do so now. Mail in those dues now or drop around at the next meeting and keep your membership a continuous one. Veterans with GI Insurance are reminded to check their policy to see if the beneficiary is listed. If not be sure to have it done and be sure it is the right one.

Vehicle Offices Open Evenings

County Clerk Franklin H. Ornstein announced that the Dept. of Motor Vehicles office on County Seat Drive, Mineola, will be open on Monday and Friday evenings until 8 PM until Jan. 29. The extended hours are intended to allow the issuance of 1965 registrations to vehicle owners who are unable to apply during the daytime. The office will also be open until 8 PM on Thursday, Jan. 28.

A branch office at 23 Jerusalem Ave., Hicksville will observe the 8 PM closing on Jan. 28 and 29. All offices, central and branch, will be open until noon on three Saturdays - Jan. 16, 23, and 30. Ornstein also noted that registrations may be obtained through the mail by sending in a completed application and a check or money order to Dept. of Motor Vehicles, County Clerk, County Seat Drive, Mineola.

Instead of the standard small metal attachment issued in recent odd-numbered years, a sticker will be issued for 1965 which is attached to the right hand side of the license plate above the year number. The law states that these stickers must be displayed on passenger, suburban and motorcycle registrations by Feb. 2, and on trucks, tractors, trailers, special purpose and

farm vehicles by Jan. 16. Vehicles manufactured in 1960 or earlier must submit evidence of having passed inspection in order to receive a 1965 registration.
