Complete School Budget:

Everybody Gets Raise Next Year

The Hicksville Board of Education after seven special Friday night and Saturday all-day meetings completed the 1965-66 gross school budget of \$12,551,976.57 with a marathon seven-hour session, last Saturday, Feb. 20. However, this action is subject to change with another meeting this coming Saturday which will probably result in some refinements and may alter the gross.

The budget represents an increase of \$1,117,105.57 over the current budget for the District, most of reflected in salary increments for the nearly 1,000 employees, professional as well as non-teaching people.

If the budget is finished this Saturday, it is hoped to have a brochure printed and mailed to residents about mid-April prior to a public discussion meeting. The community votes on the budget on May 5.

William A. Bruno Jr., a trustee, has declined to attend any of the special meetings devoted to the budget. He has stated in print the sessions "are a waste of time and determined to drive you into the poor house." He has also predicted the increase could reach 1 1/2 million dollars.

The Board on Saturday took action upon a new teacher salary schedule, effective Sept. of this year. It fell short of the schedule sought by the Hicksville Classroom Teachers Assoc. HCTA representatives met with the Board on Friday night and Saturday. Representatives of other employee groups were also present.

President George W. Kunz, due to a previous engagement, left the meeting Saturday at 4 o'clock and therefore his vote was not recorded on the gross budget. Bruno, of course, has not voted on a single item in the budget which comprises a 48-page booklet with hundreds of items.

An unanticipated addition to the budget for the coming year is the requirement to include \$95,000 to comply with regulations of the commissioner on certain fire safety installations in several District buildings.

The new budget is in a format required under a section of the General Municipal Law requiring a new, uniform system of accounts for school districts.

There are two general and new categories. Function which account titles identify groups of services aimed at accomplishing a certain purpose or end. For example, the title "Board of Education" identifies legislative function of school operations while "Central Administration" identifies the executive function of operations. The Object account titles identify the articles purchased or services obtained.

Put Up or Shut Up, School Bd Tells Bruno

Controversial School Trustee William A. Bruno Jr. whose position on the School Board will be up for election on May 5 has admitted authorship or sponsorship of some of the weekly circulars being distributed in the community. His name as chairman or co-chairman has appeared on at least two of the weekend deliveries.

As a result of some of the "literature" which infers that four of the seven-member Board members have banned an anti-communistic book and worse, five of the trustees in a special meeting on Feb. 16, called on due 24-hour notice, voted unanimously to censure Bruno for his "unwarranted, unprovoked and unsubstantiated allegations" regarding fellow Board members. The action was taken in accordance with the Board of Education policy regarding Decorum of Board Members adopted in 1957 and renewed annually ever since.

The Board at the same special session called upon Bruno as a citizen and a trustee to do his duty and submit any evidence he may have that "material contrary to the best interests of the community, state and nation" have been introduced into the Hicksville School system with the knowledge of the Board and Administration, to the US Attorney General and State Attorney General.

Bruno in a telegram to the Board, read at the Feb. 16 meeting, said he would not attend, being upstate on business until Friday of that week. Trustee Herbert H. Johnson was also out of town on business and could not attend. About 300 persons turned out for the special meeting in the high school. It has been advertised in the daily press and over the radio, Monday and Tuesday.

GOP to Honor Jay Schwartz

The Ernest F. Franke Republican Club of Hicksville will hold a dinner dance in honor of its past President, "Jay" Schwartz, on Saturday, March 13, at 8:30 PM at the Old Country Manor, Old Country Road, Hicksville. State Senator Edward J. Speno, Republican County leader, will be the guest speaker.

Those interested in attending should contact Tom Flannery, 5 Bird Lane, Hicksville (telephone WE 1-5109).

Schwartz, a life-time resident of Hicksville, has been active not only in the Republican Party but in many other local civic and service organizations. The Republican Club advises that tickets to the dinner on March 13 will be limited.

Democrats to Dine

The Hicksville Regular Democratic Club will hold its Annual Dinner Dance at Old Country Manor, 240 Old Country Road, Hicksville, on Saturday evening, Feb. 27, at 8:00 P.M. with dancing from 9:00 P.M. till 1:00 A.M. For reservations call: Joe Lappano, WE 5-6183.

PROGRESS OF BUILDING projects attached to Hicksville High School is apparent in these recent pictures. Top: First floor of new administration building takes for. Middle: Additional classrooms begin on the second floor. The first floor is on piers. Bottom: New cafeteria and girls' gym on the northside of the building.

Mrs Lynch Was Active For Christian Mothers

Adelaide L. Lynch of 40 Cedar St., Hicksville, died at Nassau Hospital on Monday, Feb. 8, following a long illness. She was 40 years old. A very active member of the St. Ignatius Loyola Auxil-

ary of Christian Mothers, she spent most of her available free time away from her duties and responsibilities as housewife and mother, to devote to the cause of the Auxiliary: to provide extra services to the pupils of the school and to aid the Sisters of St. Dominic who staff St. Ignatius Loyola School, Hicksville.

A member since 1951, she served on many, many committees during the years and chaired many of the various annual events such as the Fashion Show, the Cake Sale, the Auxiliary booth at the Bazaar and the Social held every February. As an officer in the Auxiliary, she served as Treasurer in 1958, as Vice President in 1959 and as President in 1960. Shortly after that she was asked by the new principal, Sister M. Venard O.P., to manage the new cafeteria program that was instituted at that time. She served in that capacity for the past three years up to the time of her death.

Mrs. Lynch reposed at the Thomas F. Dalton Funeral Home

where the mothers who worked with her in the school cafeteria paid their respects followed by the members of the Joseph Barry Council K. of C. On Wednesday evening, Feb. 10, the members of the Rosary Altar, of which she also was a member, visited at 8:00 p.m. followed by the Auxiliary members at 8:15 p.m. The Court Queen of Angels, Catholic Daughters of America also attended. A Solemn Requiem Mass was sung at St. Ignatius Loyola R.C. Church Thursday, Feb. 11, at 10 o'clock. Burial followed at Holy Rood Cemetery, Westbury.

Mrs. Lynch is survived by her husband, Edward; her daughter, Donna; her son, Edward and Dennis; her parents, William and Theresa Lakin and her sisters, Helen Cardello and Lorraine Lehmann.

Mr. and Mrs. Joseph Talenti of 79 Fourteenth St., Hicksville, are the proud parents of a daughter, Laura Ann born Feb. 1 at Mercy Hospital.

Dear Lynda:

That thick ice on most sidewalks recently took a heavy toll among our friendly mailmen. More than 20 carriers of Hicksville Plainview were laid up and at least one had to be hospitalized for a couple of weeks with fractures. But the weather and temperature did not keep UNCLE JIM from making his daily trek to Hicksville soft drink parlors. Residents of the Mid Island area can expect to be offered those new touch phones in the fall of this year. They work about ten times as fast as the standard dialing.

Sights noticed while walking: Several Delicatessen store windows still displaying signs which wish one and all the season's greetings (and they don't) mean St. Patrick's Day unless he also wears a red uniform and beard, and hardware store which for two years has offered in its store window a tool kit as a Christmas gift. Sights noticed while riding the train from Hicksville to Bethpage on the new elevated: Burnt out Sutter building looks a mess from the high elevation. PS those wind breaks would sure come in handy before Summer arrives.

Mr. and Mrs. MARVIN GIBSON have become grandparents. GIBSON, who is administrative assistant to the Hicksville School Superintendent, handed out cigars at the special school board meeting on Friday night, Feb. 19. Is PETE going to raise hell for HORTENSE? We regret the delays in delivery of your HERALD in the past weeks and believe we have the problems adjusted to eliminate this condition in the future. Please don't blame your mail carrier or the post office. We take full responsibility and are adjusting all subscriptions to reflect delays or non-delivery. Our new Congressman, LESTER L. WOLFF, had the official opening of his district office at 156A Main St., Port Washington, on Washington's birthday with a flag raising ceremonies and open house. The Joseph Barry Council, Knights of Columbus, will hold a smoker this Saturday evening, Feb. 27, at the clubhouse on Heltz Pl featuring refreshments, entertainment and sport personalities. MARION COFFEY, who is very active in the Island's PTA, has been to Albany a couple of times this session with PTA delegates in behalf of increased state aid for education. On an early visit before the legislators were assigned their offices, the ladies had to meet with their Assemblymen in the corridors.

Happy birthday congratulations to a very gracious lady, Mrs. MAY FLANAGAN of Smith St., who celebrates her natal day Feb. 10. Many happy returns. Also best birthday wishes to NANCY (KITTY) STOLT of Richard Ave. who celebrated Jan. 29.

Why one million additional homes are heated by Modern Gas each year!

Over 1 million modern-thinking, comfort-seeking Americans go to MODERN GAS HEAT annually. They specify Gas in new homes. They convert to Gas in older homes. Because Gas is the cleanest, quietest, most economical and dependable.

Gas burns completely. It leaves no sooty residue... keeps redecorating costs low. Whisper-quiet. It's virtually trouble free, because Gas units have fewer moving parts. Gas is piped into the home. No truck deliveries to bog down. And home owners pay only for what they use, after they use it.

On Long Island there are 2 big extras with Modern Gas Heat.

LILCO's "Letter of Estimate," displayed in all quality-built L.I. homes, gives home buyers their Gas heating costs in advance. And when they buy, LILCO gives them a free service contract... backed by LILCO's large fleet of radio-equipped trucks and experienced service personnel who are ready to roll 24 hours a day.

Contact LILCO for a free, no obligation Gas Heat survey. Phone: in Nassau, PI 7-1041... in North Suffolk, HA 3-3600 and in South Suffolk, 582-9083. Or mail the coupon. Do it today!

EDITORIAL OPINION

Your School Board

The purpose of a public school system, as we understand it, is to provide education for our children. The people of the community elect willing persons to serve, without financial compensation, as members of a Board of Education as provided by the State Education Law. The Board, in turn, selects competent administrators (professionals) to execute the laws (or regulations) imposed by the state and local authorities in the operation of the schools. This includes the hire of competent teachers, the purchase of the necessary equipment, maintenance of the plant, etc.

Some (not many, but some) School Board members have difficulty in understanding (or they deliberately misunderstand) their role. School Board members are not educators and it was never intended that they should be. The trustees, as they are legally known, are the community's representatives. Obviously it would be impractical to call a meeting of all the citizens (who would not attend anyway) everytime a policy decision had to be made.

Now unfortunately there are not enough public-spirited community residents who are willing to put up with the abuse of extreme community elements who think the whole local educational system is being misdirected, or willing to put in the countless hours devoted to thoughtful consideration and debate necessary to convince fellow trustees of a particular viewpoint.

As a result, when a man or woman of the Board honestly believes he is doing a proper job in the best interests of the children and the community suddenly finds himself confronted with distorted, unproven, unwarranted and near-libelous charges, he or she is likely to say "Who needs it?" and toss in the sponge. The extremists are well aware of this quite human failing and utilize it. They keep the heat on, just skirting the edges of the law, disregarding the truth, frankly rabble rousing.

Further, when a person is elected to the School Board he enjoys a privilege held only by the other trustees -- the right to vote. And when the vote is cast, the majority rules. However, when a trustee -- duly elected to do a job of representing the community --- fails to attend duly called meetings, he tosses away that very privilege of voting and having his position officially recorded. It ill behoves such a trustee to race around town crying shame, favoritism, smear, and a host of other choice terms.

Aside from following certain long-drawn out procedures, it is almost impossible to "remove" a trustee from the Board until the expiration of his term. Therefore, when election time arrives the voters should carefully study the service (or ill-service) rendered the children and the community during previous tenure.

It is an old political axiom to keep the opposition on the defensive by constant attack, attack, and more attack and thus focus the voting public's eyes away from your own shortcomings.

The community will have its opportunity on May 5 to vote and permit the School Board and the Administrator, in cooperation, to proceed with the business of seeing that our children get the best possible education for our tax dollars. Let us hope we will not miss this opportunity, else we shall pay for our lost chance in years and years to come.

READER OPINION

FOUR VERSIONS

To the Editor:

To date, four newspapers have printed their versions of what supposedly transpired at the Hicksville School Board meeting of Jan. 8th. Not one version was totally accurate.

Working on the general principle that that which is discussed openly will not recur, I want to discuss some of the unpublished events, which contributed to the banning of "None Dare Call It Treason".

1. The book was an outright gift. It is not a text-book, nor was it intended as mandatory reading.

2. The Hicksville Board of Education did accept the books, and sent the donor a letter acknowledging her thoughtfulness.

3. It was Superintendent Abt who insisted that the book be reviewed by the same standards established for the review of textbooks. (This is a complete turn-about for Supt. Abt who wrote in the May, 1963 Bulletin Board, I quote, "It is one thing to express honest criticism of some school text, or teaching program, and raise public question about it. It is quite another thing to use group pressure to have certain materials BANNED because they do not conform to some special group's ideas about Americanism, minority group interest, or whatnot.") This "lip-service" was obviously introduced to lend support to the accusations which were being leveled against Mr. Bruno, who was being labeled a "censor and book burner" by T.E.A.C.H. sponsored school board candidate Irving Lawrence.

4. The information (micro-filmed clippings from newspaper) which was introduced to judge the book was neither fair in treatment of controversial material, or objective. In truth, it can be stated that leftwing newsprint was used to ban a rightwing publication. The Supervisor of Social Studies relied heavily upon an Ohio newspaper article, which had been read into the Congressional Record on Sept. 10, 1964 by Rep. Charles A. Vanik, Ohio Democrat.

(After viewing this unbelievable farce, I could not erase the question from my mind as to how our text-books are actually chosen. Do our supervisors personally examine text-book before recommending it for school use, or do they rely on someone else's opinion? Can our supervisors be expected to exercise their knowledge and ability as the scope of education broadens, or is their first duty to their superintendent? Your child's democratic heritage must be safeguarded. Superintendent Abt must insure that our schools provide materials that present both sides of an issue. There is no other way to

insure the continuation of a democratic society. "INDOCTRINATION" must not replace "EDUCATION".

5. After much caucusing, the school board trustees decided upon a ruse that would absolve them of the title of "censor". They would accept the books, but would not place them in the school libraries. Supt. Abt joined in the game by stating he would place the books in a teacher's reference library, which has not yet been established. Other ruses were suggested and defeated. At one point the book could have been admitted on its educational value, but Mr. Lawrence declared for the school board that the book had no educational value. He could quote no educational institution that had previously taken a similar stand. (His statement is in direct opposition to the national revival of interest in all conservative political theories and theorists. Nor can anyone ignore the fact that this book sold eight million copies, and established itself as the most controversial book of 1964.)

At this point, I would like to acknowledge my sincere thanks to those members of the board, who defeated Mr. Lawrence's resolution, which if passed, could have admitted Communist authored books to our school libraries. Mr. Lawrence expressed the concern, that if a Soviet Astronaut went to the moon, and later wrote a book about his experience, we could not under present policy place that book in our school libraries. Thus the school children would be denied an educational tool. The majority of the board dissented (5-2). Evidently these men could foresee the danger of establishing such a resolution.

I ask Mr. Lawrence, who would bear the burden of determining what is educational matter, and what is Communist propaganda?

If Mr. Lawrence is truly concerned with the district's book evaluation policy, he should work to establish a resolution guaranteeing that book evaluations be kept free from political inter-

ference, and the promotion of prejudice.

Frank W. Cyr, Prof. of Education Teacher's College, Columbia University, has stated, "The local school board is one of the strongholds of democracy in a rapidly changing world. It must continue to function with increasing effectiveness, if democracy is to be preserved." The community must now decide whether the school board is to continue to serve democracy, or whether it will become an instrument of tyranny?

4-H Club News

By Debbie Turk, Reporter

The 4-H Club Chapter of Hicksville braved the winter elements and went to Officers Training on Jan. 23 at Levittown Hall. Congratulations to the officers who are, Lorraine Jurgens, President; Ann Murrone, Vice President; Patricia Mottoli, Secretary; Rosemarie McCoy, Treasurer; Marianne Figliuolo and Diane Kopps, Song and Recreational Leaders and Debbie Turk, News Reporter. Also to their leader who accompanied the group; Mrs. Gladys B. Jurgens.

By Steven Hollander

On Jan. 29, a new 4 H Club formed called the Jaguars. The members chose their officers. David Rosenzweig was elected president. Jeff Spector was elected vice president. Jeff Chakow and Joseph Sparo were made leaders of games. Roy Landsman was made secretary and Gary Siebenberg was elected treasurer and Steven Hollander was elected the official club reporter.

Virgil Diehl, an assistant commander of the 4H, showed the boys how to hold a meeting. He taught them the 4H pledge and told all the officers what their duties will be during their terms of office.

Vol. 6 No. 36

Feb. 25, 1965

HAPPY FACES and happy feet were present all evening long as the Annual Cantigue School Anniversary Square Dance again proved to be a wonderful time for all. Certainly a well done job by Charlotte Cashon's P.T.A.

West Birchwood News

To the Editor:

The Princeton Park Civic Association, Inc. is happy to announce to all Jericho residents that the State Traffic Commission has approved its request for traffic signal control at the intersection of Broadway and Columbia Drive. This decision successfully ends a campaign recently led by Mr. Erwin Waters that lasted for several years while the number of accidents at this corner rapidly increased.

We are thankful for the encouragement and backing of the Civic Associations of West Birchwood and Village of Birchwood Park at Jericho and believe that the residents of these communities will appreciate the efforts of all concerned toward ease of driving and safety at the corner near the Waldbaum's Shopping Center.

No commitment as to date has been made, but we will continue to press for early action.

Stanley H. Epstein

As you may know the Jericho Chapter of American Field Service was formed last year for the purpose of bringing a foreign student to live in Jericho.

The student would attend the High School and reside with a family in the district for the school year, as a member of that family.

Last year almost 3,000 students came to the United States under this program under which the student, the host family, the school and the community as a whole reap considerable benefits.

We are now seeking a family to house a student for the school year '65-66. It would be appreciated if you would read this notice at your next meeting and ask that interested parties contact me directly.

Thank you for your cooperation.

Very truly yours,
 Howard T. Jankowitz,
 President

TEMPLE BETH TORAH, at Cantigue Road, was the scene of a robbery which occurred sometime between Friday evening and Saturday morning services, February 12/13. Rabbi Donald Friedman reported that the Sanctuary and the religious items were not disturbed. However, the thieves did break into the offices and damaged much of the equipment in their search for valuables. The police department is investigating the robbery.

Schools Fight Disease Spread

On Jan. 15, the first cases of pediculosis was brought to the attention of Jericho school authorities. These cases of pediculosis (head lice) were isolated by the school doctors in an effort to prevent further spread to the community.

However, the efforts to prevent the further contact failed as the infection spread the following week to other children and then on to other schools. The school administration promptly took action and with the cooperation of the Nassau County Dept. of Health started the methodical process of checking the heads of all the children in the initially contacted schools. Additional nursing staffs were employed to help assist and to quickly identify any and all persons in the schools who may have become infected.

Some of the actions taken were the fumigation of all the school buildings and the daily inspection of all of the school children over a six day period. While the school people have taken these steps it has still become imperative that parents follow the steps outlined to them. For certainly all the effort and money spent so far will have been for waste if we all do

Request Court Uphold Town

The Old Westbury Civic Assoc. has petitioned the Court for permission to enter as an "intervening party" in the court action brought against the Old Westbury Board of Appeals by the New York Institute of Technology.

The Executive Board of the Assoc. feels that the decision by the Board of Appeals to deny the application of the Institute was "just, fair and reasonable". They pointed out that the "Gold Coast" no longer exists, and that the majority of the residents of Old Westbury are in the middle income bracket and live on one or two acres. So much property has been lost to tax exempt institutions since 1954 that the tax burden is becoming oppressive, it is claimed. The amount offered by the Institute in lieu of taxes would not even cover the cost of the increased police and fire protection and ordinary road maintenance. The projected enrollment of 7000 students would require extensive road widening and the elimination of curves. The school tax, to which they would not contribute, is another and larger burden which would fall on the residents. (The Institute's property is in the Jericho School District, which is already supporting C.W. Post.)

Memorial Fund Started

FRIENDS of the NASON FAMILY, 25 Orange Drive, who wish to express their sympathy on the loss of their son, James, may do so by contributing to the St. Paul the Apostle Building Fund. At some future date a suitable memorial will be assigned to the name of James Nason.

Contributions should be made out to the St. Paul The Apostle Building Fund and mailed to Father Potterton, care of St. Paul's Rectory, Cedar Swamp Road, Jericho, New York.

PRESIDENT'S CORNER

By Robert B. Kravitz

"...to defend with equal vigor the rights and privileges of all its citizens." I'm sure many of us recall this somewhat famous excerpt from a popular radio program of several years ago, but the meaning remains just as clear and true today.

Some recent developments in our community have given me many difficult days, as no doubt many others. I found it a time for soul searching and a time for stating my beliefs publicly to avoid any misunderstanding hereafter on this and other issues.

It is my firm resolve that as President of our Civic Association I must foremost serve all groups and individuals within our Association without bias or favoritism no matter what my personal feelings. To state categorically that I will be objective concerning all issues is my honest goal, but being only human and with feelings and emotions like those of anyone else, I can only add that I sincerely invite and welcome your help and understanding.

Finally, I believe we will all agree that no one can stand immune or above constructive criticism. On the other hand, praise for a job well done is the fuel of the human machine. So remember that before you're ready to strike, please take the rocks out of your glove.

THE PRESIDENT PONDERS:

No. 1: In our next issue I hope to discuss the dangerous traffic hazards facing our children when walking to school. In the meantime let's try to use adult judgment and common sense when driving and please remember, the car you drive is only as wise as you are.

Legionnaire's Log

Charles Wagner Post
No. 421 Hicksville

by ARTIE RUTZ

The Dinner & Dance given in honor of National Commander Donald E. Johnson at Amityville Post #1015 last week was a huge success and 10th District Commander Al Woessner of Glen Wood Landing rates a salute for his splendid effort... The affair was sponsored by the 10th District of the Department of New York American Legion (which in case you don't know, comprises of Queens, Nassau & Suffolk)... Legionnaires from all 3 of these counties were quite in evidence, some 1500 I would say... Our Post was represented by members of our Color Guard, who presented both the Post and Nassau's Colors... They were led by newly elected Sgt. of The

Guard, Artie Hirsch and aiding him were George Johnston, Elwyn Rafuse, Al Martin, Bob Sutton, Artie Schneider and Fred Blackley (who also attended the dinner with me)... Of course our own Mike Cialdella (Nassau County Commander) was there also as well as large representations from Plainview, Bethpage and Hempstead, and a large group from Bayville and Glenwood Landing... We all enjoyed the Amityville Post's Piper Band and we are looking forward to having them in our Convention Parade in June... Our National Commander spoke of the VA problem and made it quite clear of the mighty fight that is underway by the Legion in behalf of all

veterans in this matter... As I always tell every veteran, you can't fight city hall alone but the Legion can take them on and do a creditable job... I was privileged to be the guest speaker at the 27th meeting (annual) of the Last Man's Club of Hicksville the next night which was held at Rudy's... I was happy to see and meet so many of the old timers of our area and I deemed the opportunity a real honor... Though their ranks have thinned out considerably over the years the "boys" still had the feeling for their annual meeting which is always held on the eve of Washington's Birthday... I enjoyed (we all did) Harry Tappen's joke about a George Washington picture which he told on the occasion of the first meeting and which he claimed he hadn't told since... It was a good one.

The Post Color Guard held its annual election of new officers and Artie Hirsch is now Sergeant of The Color Guard with Artie Schneider as Field Sergeant and Stu Armstrong as Administrative Sergeant... Thanks to Past Junior Sergeant, Bob Sutton, for his wonderful year as leader of our Country Championship group who have been supporting County Commander Mike Cialdella royally this year... They have appearances scheduled for the 10th District Dinner Dance at Amityville in honor of our National Commander Don Johnson on February 22nd they will help new Congressman Woolf open his Port Washington office... Please write your elected representatives to the Congress and Senate about the VA closing of the 3 new York hospital facilities, NOW!... Don't forget our annual St. Patty's Dance on March 13th and the wonderful Corned Beef & Cabbage that goes with it... remember last year's grand dish... My compliments to the Ringo Committee for their constantly faithful and hard work week after week... There is still time to sign up that new member so that he may enjoy our annual Initiation at our Awards & Ceremonial Nite scheduled for March 20th in our Victory Room... We are replacing our 60 watt amplifier with a 100 watt amplifier as a back up system... Unfortunately this year's annual dinner to the Junior Past Country Commander, Don Donovan, falls on the same night as our St. Patty's Dance and its going to be rough being in two places at once... I understand Stu Armstrong has signed up several new members and maybe he will catch up to Jack Spinella for new membership honors... The county is awarding special Bronze hatpins to every Legionnaire that brings in a new member... They look great... How about getting yours? Be sure and attend our next meeting which is a social nite,

not continue to check the spread of this infection. As it can start up again if not completely wiped out.

Parent Cooperation The eradication of pediculosis is dependent upon the cooperation of the entire community and particularly of parents. Until the infestation is eliminated, school physicians recommend that parents of a school child follow these procedures:

1. Check the hair of all children daily.
2. Use a fine comb daily.
3. Wash hair at least two times weekly.
4. Use hot water and soap to wash clothing, bed clothes, brushes and combs.
5. Instruct children not to share combs, brushes, hats, hairbands, etc.
6. Avoid trying on hats, coats or other items which may have been tried on or worn by an infested person.
7. Check all full and part-time members of the household.
8. Notify the school and seek medical assistance if an infestation is found.

Since head lice are not a common sight in this area, the following brief description may be helpful. The adult louse is a wingless, flat insect the size of a small ant. The nit or egg resembles dandruff, but differs in that it clings tenaciously to a strand of hair.

Head lice are not especially dangerous but they are very unpleasant to have around. The school staff solicits your understanding and cooperation as, with medical advice, we make every practicable effort to eliminate the problem at the earliest possible date. Please sign and detach the coupon below. It is to be returned to school by your son or daughter.

PURIM CELEBRATION

Purim will be celebrated by the Sisterhood of the Jericho Jewish Center at a Purim Party in conjunction with the next regular meeting, on Tuesday evening, March 2, in the Center at 8:30 P.M.

There will be a Musical Presentation in the form of a Canasta, as part of the program. Typical Purim refreshments will be served.

COAST GUARD CADET Third Class Russell J. Collins, son of Mr. and Mrs. Russell J. Collins of 15 Walnut Lane, Hicksville, participated in the Presidential Inauguration Ceremonies in Washington, D.C. Have you decided to dye your hair a shocking pink, stow away in a freighter heading for China, or write a book that will be banned in Boston? -- then tell it to me and I promise you that I will not tell it to a person -- I'll only write it in my column. Without playing down local organizations, let's venture into more personal happenings. How about something like when you repeated it to your friends, you wowed 'em or even a play-by-play report on your latest bout with major surgery.

Have you noticed that every week-end it snows? Well, Saturday, Jan. 30th, when David Ney, son of Norman and Bea Ney, made his Bar-Mitzvah, the weather was clear. In fact, it held off until the following Monday. Good fortune smiled down on him. Congratulations David and let's hope that good fortune will always smile down on you.

The Sisterhood of Temple Or-Elohim is going to have a rummage sale in March so please save that outgrown clothing and the household articles you no longer want for this sale. I'll tell you more about it in one of my next columns. Oh yes, keep the date March 20th open for the Dinner Dance. Details will follow shortly.

Ralph Diamond, the founder of the U.J.A. in Jericho, will not be the chairman of the affair this year as he has done in the past years. This time the chairman will be Marvin Kahn and Dr. Bernard Schnirer. However, don't think that Ralph is retiring from the U.J.A.

Here is a ditty given to me by Elaine Hauptman. The cast has been chosen, the work has begun. For "light up the sky", the new J.C.T.'s production. So come all ye young maidens and gentlemen too. For an evening of laughter is waiting for you!

(March 26, 67 and April 3rd) The newly formed cast consists of Evelyn Ebert, Elles Fleg, Betty Goldstein, Elaine Hauptman, Kurt Klar, Vera and David Mark, Jim Martin, Art Rein, Sy Winick. It's exciting to also note that Jericho High School's art department is holding a poster contest to publicize this comedy. To the winner will go two free tickets to the gala performance. Isn't it marvelous that our entire community is so excited about our theatre group!

Everyone who attends the next meeting of Jericho Republican Club will receive a gift together with the opportunity to participate in a door prize.

The club has scheduled a bowl-

Chosen as DAR Good Citizen

Mrs. Charles Andovino, Regent of the Oyster Bay Chapter, DAR, has announced that Miss Davida Shapiro, senior at the Jericho High School, has been selected as the DAR Good Citizen for 1965, from Jericho High School. Miss Shapiro will receive an award and citation from Mrs. Howard G. Williams, of Roslyn, Chairman of the DAR Good Citizen Committee, at Raynham Hall on Feb. 19th. Each February the DAR makes its selection of the outstanding girl graduate in the high schools in the Town of Oyster Bay, and awards are given in the presence of their parents, and faculty members. This will be the 12th annual Candlelight Tea ceremony.

Miss Shapiro is an all-around student. She was selected by her principal, teachers, and fellow students. She is a member of the National Honor Society, and has received awards for achievement in English, French, and Social Studies. She was a finalist in the Intercounty French competition in 1964. She has had special scholarships to attend C.W. Post to take history courses for college credit in lieu of high school history, and to attend Hofstra University to study psychology with Dr. Herman Goldberg.

Miss Shapiro was recently the captain of the winning team on the TV show "It's Academic."

Miss Shapiro is the graduate

ing party at the Mid-Island Lanes in Hicksville at 8:00 P.M., Saturday, March 6th. An open invitation is extended to all to come and bring your friends and neighbors for an evening of fun and prizes. The price is only \$6.00 per couple which will include three games apiece, bowling ball, shoes and coffee and cake afterwards. Don't waste time, plan ahead now by calling BILL MAYHEW at WE 1-3676 or Richard Post at WE 5-6614 to make your reservation.

Speaking of Theatre

By Flo Lubin

The Jericho Community Theater production is in work with Dick Mazza at the helm, a very skilled and competent captain and creator of great things on stage. This was certainly apparent from the most recent Jericho Scholarship Fund Show, which he directed.

He promises this Moss Hart comedy to be a fast, rollicking production not to be missed by Jericho residents or theatre enthusiasts. Plans are in the making to cause all of Jericho to become aware that the JCT is planning this bang-up show and intends to really become a cultural community asset in every possible way.

Be prepared to see and hear a good deal about "Light Up The Sky". We aim to make you see it, and make you enjoy it.

Remember, we not only support our own organization with our activities but bring the community to a darn good sample of the theatre, as well as, give aid to the Jericho Public Library and The Jericho Public Schools. Don't forget the dates... March 28th, March 27th, and April 3rd. For a great night of family entertainment. This show is for the kids, too, and will

Davida Shapiro

editor of the yearbook Imperator, and present Editor-in-Chief of the Jer-Echo, the school newspaper. She is also a columnist of the local newspaper Villager. She is a member of the Tutorial Society, and the Student Council.

Miss Shapiro is the daughter of Mr. and Mrs. Herbert Shapiro of 127 Hazelwood Dr., Jericho. Hostesses for the Candlelight Tea will be Mrs. George Wulfort and Mrs. Nicholas Masca of Syosset, and Miss Margaret DeVoe of Oyster Bay.

PRESIDENT'S CORNER

By Horace Bernstein

Within the past year, there has been an influx of new residents into our community. This was accomplished mainly by the building of 35 new homes on the Central School District's property in Bleachwood and the normal selling of homes in the area.

It is the Board of Directors wish that these new home owners as well as others of the community who might be interested, be invited to an informal meeting. The purpose of this meeting is to give a little history of Jericho and the Civic Association. New residents, as well as old, would get to know our accomplishments and what we as a Civic Association have to offer the individual home owner as well as the community.

The new residents of Birchwood will receive a formal invitation; however to the older residents, who wish to attend you are more than welcome.

Our informal get-together, will take place on Tuesday evening, March 2 at the Skyliner Diner on Jericho Tpke and South Oyster Bay Rd at 9:00 P.M.

It is our hope that through this informal meeting, the new residents will want to take a more active part in our community. There is a great need for help on all our committees. The Villager, our weekly paper needs writers, managers, and general contributors. Each of the two education school committees need members. There is room on all committees for the residents who wishes to do a little work and take pride in Civic Affairs.

We now have two short plays available for organization program or fund raising use. For further information, call me, WE 5-8506.

Syosset Schools 'Tops'

The State Dept. of Education in a report recently published, rates Syosset Central School District No. 2, among the top elementary schools in the state. Ronald Daly, supervisor of elementary education for the State Dept. of Education, commended the leadership in the Syosset District, the school board, and administration for its educational

policies and high quality of elementary school education in the District.

Daly singled out for a particular praise, the elementary school libraries. It was noted that Syosset school children scored significantly higher than the State average in reading and arithmetic.

Civic Briefs

- A study of the downzoning of the Davis Farm property has shown that all school, water and fire department services will not be affected adversely. A garden apartment erection is contemplated for this area.
- The State Education Dept. of New York has reported that the Syosset School District #2 is among the top 10 areas in our state.
- Your Civic Assoc. has donated \$15.00 to each of the Syosset and Jericho Senior Class 115 yearbooks.
- A final settlement has been made with the contractors of the Village entrance walls to repair and replace the black marble as well as to fix the lettering in a proper fashion. Work will start immediately.
- In response to an appeal by the Little League for support, the Civic Board has awarded the Little League a donation of \$25.00.
- The Little League handles 400 boys from the Jericho area.

Do you know? What do you do if you need a prescription filled if your drug store or stores are closed? If it's vitally needed, the hospital will help you out! Your Civic Assoc. is looking into the open hours of our neighborhood druggists and will publish them for your convenience. Another problem and perhaps a bit more serious is the problem of the hours of our local doctors. What to do if you need him and he's not available? Does he have an alternate or leave a number to call in the event of an emergency?

Cager Tourney Now Underway

By Ralph Diamond

Our civic assoc. basketball tournament is getting into full swing. The competition is running strong and the excitement keeps mounting.

This week's action saw Mike Jaro spark the Hawks with accurate shooting, passing and dribbling. They beat the 76's 38-29. Mike scored 18 points while his teammate Kenny Resnick accounted for 10 points. Barry Cohen was high for his team with 10 points.

Bruce Slovitt's 21 points proved too much for the Knicks who were defeated by the Royals 40-33. Robert Silverman and Perry Kesner each scored 10 points for the losers.

Remember it is still time for youngsters to join the tournament. The games are played every Wednesday evening 7:30 to 9 P.M. at the Jackson School. Adults are most welcome to help coach or to enjoy themselves as a spectator.

Ten Pin Talk

DOCKSWELL

For the third time in four weeks the paties of the first half, Merry Herrick's "Giants", have shut-out their opponents. This time they took Al Minoff's "Minnows" over the hurdles and bounced up to 4th place only two points behind the leaders.

Murray Gittelman threw a 203 but it wasn't enough to overcome Sid Sachs and his "Sad Sacks". Murray's 49's were sole owners of 1st place last week but no more. The "Sad Sacks" wrapped them up, 5-2, and allowed Ruby Skyley's "Rubes" to pull into a tie for the league lead. Capt'n Sid is still socking away. He has raised his average another point but the extent of his awakening is shown by the 5 point increase in his average, in the last three weeks, to more respectable 181.

Sam Springer bowled the best game of the night, a 221, but it wasn't enough for a victory and his "7-10's" lost to the "Rubes" 4-3.

The "Pathetics" Capt'n Sy Bruckner, is not allowing the team name or its misfortunes to upset his bowling. He threw his sixth good one, a 215, and almost led his men to a victory, but Al Grusha's "Zephyrs" were just a bit too strong and the "Pathetics" lost 4-3. Elliot Spencer, who broke a bone in his bowling arm, is the most pathetic of the "Pathetics". He is trying to bowl lefty and he just raised his average 18 points to a 93, so you three up there, Larry, Ruby and Herb you better watch out.

Norm Ney and Hy Shapiro closed out the night. Norm hit a 205 which helped his "Pinheads" beat Julie Gershen's "Untouchables" 5-2, and Hy threw a 207 which contributed to a 4-3 victory that his "Gnat" teammates achieved over Tony Barbella's "Bullets".

Center Sisterhood

The Sisterhood sponsored Senior Citizens group is now in the process of being reactivated for the benefit of all senior citizens of the community. The group will meet every Wednesday afternoon from 12:30 to 3 P.M. in the upstairs area of the Temple.

To make the facilities of this group available to all, anyone may join this group if they are not Temple members. Please be sure to tell your friends about this.

NOTICE OF SALE Index #13548/1964

In pursuance of a judgment of foreclosure and sale duly made and entered in the above entitled action, bearing date the 1st day of February, 1965, I, the undersigned, the Referee in said judgment named, will sell at public auction at the north front steps of the Nassau County Court House, Old Country Road, Mineola, New York, on the 29th day of March, 1965 at 10 o'clock in the forenoon of that day the premises directed by said judgment to

be sold and therein described as follows:-

ALL that certain plot, piece or parcel of land, situate, lying and being at Plainview, in the Town of Oyster Bay, County of Nassau and State of New York, known and designated as and by Lot No. 25 in Block No. 402 on a certain map entitled, "Section 2, Plainview Terrace, situate at Plainview, Nassau County, New York, Nelson and Baldwin, L.L.C. Land Surveyors, Westbury, N.Y., January 8, 1953 and January 26, 1955", and filed in the Office of the Clerk of the County of Nassau on March 2, 1955 as Map No. 6369, bounded and described according to said map as follows:-

BEGINNING at a point on the Westerly side of Spector Lane distant 161.16 feet Southerly when measured along the Westerly side of Spector Lane from the Southerly end of a curve having a radius of 26.22 feet which curve connects the Westerly side of Spector Lane and the Southerly side of Shetel Road and from said point of beginning, running thence along the Westerly side of Spector Lane South 3 degrees 28 minutes 54 seconds West 100 feet; thence North 86 degrees 31 minutes 06 seconds West 100 feet; thence North 3 degrees 28 minutes 54 seconds East 60 feet; and thence running South 86 degrees 31 minutes 06 seconds East 100 feet to the Westerly side of Spector Lane at the point or place of beginning.

SUBJECT to the rights of persons in possession, if any.

SUBJECT to any tax lien of the United States Government which may be filed on or before the date of sale.

The premises will be sold in one parcel subject to any state of facts an accurate survey may show, restrictive covenants of record, if any, and zoning restrictions.

Elderly Man
Hit by Cadillac

An elderly Hicksville man crossing Woodbury Rd. at Park Ave. during the first hours of the snow storm on Feb. 1 was struck by a car and taken to Meadowbrook Hospital in a Police ambulance suffering contusions of both legs and a back injury.

The car, a 64 Cadillac driven by Paula Lupo, 17, of Woodbury, was proceeding east on Woodbury Rd. when it struck Gus Borowski, 70, of 186 Park Ave., as he crossed Woodbury Rd. from the south to the northside, according to Second Precinct Police.

Thomas Ganotti, 51 of 5 Jackie Dr., Jericho, was removed to Nassau Hospital in a police ambulance on Feb. 1 when he suffered a heart attack in the bedroom of his home at 6:15 p.m.

George W. Tappen, 29, of 141 Eighth St., Bethpage, was arrested by Detective William Zirk of the Second Squad on Feb. 6 at 1:25 a.m. following an altercation in the Rainbow Bar at 159 Broadway. He was charged with second degree assault, having assaulted another person in the bar with a beer glass, causing grievous bodily harm, it was charged.

Women Voters
Seek Standards

The League of Women Voters has announced its intention to work for a State Constitutional amendment that would set the following standards for legislative districting:

1. Districts should follow existing political subdivision boundaries, especially county lines, as far as practicable.
2. Districts should be of contiguous territory with the smallest perimeter possible.
3. Each assembly and Senatorial district should be represented by one legislator with a single vote.

4. Within the limits of economic and efficient operation, there may be some increase in the size of the legislature.
5. Districts should be based on current Census Bureau statistics.

6. Districting standards should be established in the State Constitution.

In announcing these positions, Mrs. Kenneth W. Greenwalt, State League President, said that new standards are needed since the U.S. Supreme Court ruled last June that New York's system of representation violated the equal protection clause of the 14th Amendment by discriminating against urban voters.

"Although last December's Special Session of the Legislature succeeded in districting the State on a one-man-one vote basis," she said, "no permanent patterns for districting were developed. The League will now Press for a constitutional amendment that will provide a fair apportionment and districting for New York."

Mrs. Greenwalt added that members of 84 local Leagues across the State participated in the two year study of apportionment which led to the agreement.

Members of the League of Women Voters of the Township of Oyster Bay participated in this study under the guidance of a committee headed by Mrs. R. Malech. Members of the Oyster Bay League took part in the State wide consensus after reaching conclusions based on a two year study of the history of apportionment and how it has affected the representation of the people in their State Legislature. Since September, the Oyster Bay League, along with others in the State, has been evaluating the problems of districting.

HICKSVILLE COUNCIL of P.T.A. Units will hold its Twelfth Annual Founders Day Banquet at the Milleridge Inn, Jericho, on Feb. 25. Members of P.T.A., friends and relatives will be on hand to honor an outstanding citizen of the community, Louis Millevolte. For over 35 years "Coach" Millevolte has been encouraging youngsters to participate in sports, instilling in them a sense of fair play and sportsmanship. The "Ragpickers", the first football team in Hicksville, was founded and befriended by Millevolte. He is also credited with establishing and guiding the first summer recreation program. Chairman of the dinner is Mrs. Sylvia Corlin, John Maher, Principal of Willet Avenue School, will be Toastmaster.

Police Report Dangerous Times

Nassau County Acting Police Commissioner Frances B. Looney reports that a study of highway deaths in the county Police District - the area policed by the eight precincts of the county Police Dept. - indicated that Sundays from 8 P.M. to 4 A.M. in May and December are the most dangerous for drivers.

Of the 112 deaths recorded in the Police District last year, 82 involved vehicles only and 30 involved pedestrians. Of the 82, 11 each were recorded in May and December.

For pedestrian deaths, April was the peak month, with Thursdays from 1 to 5 P.M. the most dangerous period.

In the fatal accidents involving vehicles only: 20 of the victims

were alleged to have been involved with some alcohol; 44 of the accidents occurred at intersections and half of those intersections had some type of traffic control; most of the accidents were right angle collisions; the greatest percentage of deaths occurred in the 18 to 40 age

The report concluded that most of the fatalities were the result of poor driving habits and, where pedestrians were involved, incorrect action on the part of pedestrians.

"Our traffic safety education program," Looney concluded, "will include the nature of poor driving habits involved in these accidents. Where the need for traffic control or engineering was apparent, we have taken the necessary steps."

Again Offers Bill On Boat Control

Assemblyman Edwin J. Fehrenbach of Bethpage has reintroduced a bill in Albany which would extend the definition of navigable waters to include Long Island Sound, exempting, however, the area 1500 feet from the shore lines of the boundaries of villages, cities, town and counties.

The purpose of the Bill is to extend control of state enforcement where it is now lacking, he said. While the local municipalities may presently enforce their own local laws within their boundaries, there is no enforcement of the State Navigation Act on L.I. Sound.

The Federal laws are enforced by the Coast Guard; however, because of the vast boating program on Long Island Sound, and because of lack of personnel, the Federal laws are virtually impossible to enforce.

The adoption of the proposed act has the favorable support of the U.S. Coast Guard and would provide for greater boating safety through increased and better enforcement.

While this bill was lost on the Assembly floor at the last Session, Fehrenbach intends to vigorously undertake this important legislation this year.

OYSTER BAY CHAPTER DAR honored four Good Citizens, Friday night. Susan Hannah, Locust Valley High School senior received her pin from Mrs. Howard G. Williams of Roslyn, chapter chairman. Honorees on stairway, from left are, Carol Rosenblum of Oyster Bay High School, Barbara Jane Rowland of Hicksville High School and Davida Shapiro of Jericho High School also receives pins and certificates at the annual Candlelight Tea held at Raynham Hall. During the past 12 years the Oyster Bay Chapter DAR has sponsored 52 Good Citizens. The National winner receives a \$1,000 scholarship. (Joe Cardinale Photo)

One hundred seventy six years ago the First Congress under the new Federal Constitution met in Frances Tavern in lower Manhattan on March 4, 1789. The meeting was ceremonial only because the lack of a quorum, however, that was the date for starting proceedings under the said Constitution.

The meeting in New York was

fitting because New York was the first State to propose the Federal convention which eventually drafted the Constitution. This moderate document is the basic law of the land. It spells out the eternal and workday, everyday deencies under which all of us live and prosper:

Trial by jury
No cruel and unusual punishments
Habeas Corpus
Freedom of speech
Freedom of worship
Freedom of assembly

Next week we commemorate the 176th anniversary of the pre-fundamental title deed of freedom. The Constitution of the United States. Let us take a little time out to consider this all important document. Reach for an encyclopedia and read briefly its history. The few moments it will take you will make you richer in thought and feeling. Try it!

Well, it was just like Andy Sadowski said it would be. The 30th annual Dinner and Dance held at the Huntington Town House last week was a huge success. There was plenty of delicious food and refreshment both solid and liquid. And that rolling bar just kept rolling along. Congratulations are in order for Andy and his committee who consisted of Al Hanlon and Frank Aug. Speaking of Andy, Commander Art Fuelling appointed him this year's Buddy Poppy chairman. Keep in mind our first meeting in March is the 8th. See you then.

Special Census Jobs Available

Approximately 200 applications have been received at Oyster Bay Town Hall for temporary employment during the approaching Special Federal Census, it was announced by Councilman Edward J. Poulos, Town Board Majority Leader.

The Census Bureau, he said, anticipates about 1600 applications from citizens over 18 years of age to work on the enumeration between March 15 and the end of April which will be screened down by examination and personal interview to about 540 for actual work assignments.

Enumerators will be paid seven cents a name. Federal experts estimated that these workers could make about \$14 a day or about \$70 in a five-day week. Councilman Poulos said that in addition to those who might need to earn the money, there is a need for workers with civic pride and ability who understand
