Did School Bd Ban a Book?

Hicksville Board of Education and school district finds itself in the headlines, once again, to the embarrassment of many residents, the annoyance of others. As one of the largest and the better known school systems in the county and on the Island, many matters which come before the School Board attract widespread interest. The same is true to a certain degree of such districts as Levittown, Massapequa, East Meadow, etc.

What has complicated life for the board members and administrators during the past two plus years has been the presence on the Board of a trustee who flatly declines to attend many meetings, leaves early from others but insists in doing the Board's business in the newspaper columns and thru the medium of flyers loaded with sensational allegations.

A year ago at this time (and how short the public memory is) it was the alleged issue of a discarded dental chair said to be worth \$5000 (actual worth \$375) and other items in the District warehouse. That issue finally died as all the charges were refuted.

This year it is softness on communism stemming from the failure of the Board to agree on what to do with the gift of several paperback books. The Board never "banned" the book, "None Dare Call It Treason", as has been repeatedly alleged. The seven Board members were unable to get majority agreement on what to do with the gift. There were proposals made to place the paperbacks in the school library with a condition, to place them in the library without conditions, and to place them in a faculty library. All failed to get the necessary four votes for positive action.

We note this week that the Levittown School Board was confronted with much the same kind of

(Continued on page 4)

School Bd Draws Non-Residents

The suspicion harbored by some who attended the Hicksville School Board meeting last Friday night in the high school auditorium that a number of those present were not residents of the community was confirmed by a couple of positive things. One gentleman who shouted at Board President George Kunz several times admitted he was not from but Hicksville, but wanted to speak as a "US citizen". At another point, Kunz announced that a car with a Pennsylvania plate and another with an Ohio plate had left their headlights lit outside the building.

The Board by majority vote decided to let Bruno have his say and "document" his complaint

about other Board members and the Administration. The Board earlier in the week at a special meeting, not attended by Bruno, had censured him for making "unsubstantiated and unproven allegations". They also called upon him to submit any evidence he had to the various Federal and State attorney general's.

The "documentation" by Bruno went on for hours. When he appeared to be slowing down at 11:20 PM, they voted to have him continue. He did until 12:30 AM when he offered the motion to continue the meeting on the regular agenda for the evening.

The so-called evidence appeared to be the recitation of the alleged backgrounds of certain

authors and their reported record of affiliation with front groups dating back to 1935.

Bruno declined to answer questions (until he was finished) from other trustees and the administration. He never did appear to answer the specific questions. Little of the public business of the district was transacted until the final half hour between 12:30 AM and 1 AM when the session was concluded because a special budget session was scheduled for the following Saturday morning.

A spectator in the front row of the audience, who was not identified, held up the microphone of a tape recorder for most of the session.

PATRICK A. CARLO of the Nassau County Vocation Education and Extension Board announced on Feb. 24, that these four Hicksville students had been awarded top honors in contest competition at the Sixth Annual Distributive Education Student Leadership Conference. The conference is held each year for high school students majoring in the field of business, marketing and distribution. The highlight of the conference is the contest program where students compete in areas of marketing such as advertising, merchandise information, salesmanship, public speaking and studies in distribution.

The contestants from Hicksville were awarded four top prizes in four of the 10 contests offered. The local winners, from the left, were: Lorraine Turrill, Merchandise Information Manual; William Rogers, Advertising Layout; Judy Hoodman, Area of Distribution Manual; and Maureen Hanlan, Public Speaking.

They will represent Nassau County at the New York State Distributive Education Contest Competition in March.

Chemical Firm Invites Visitors

As a means of encouraging qualified high school students to pursue technical careers, Rubber

Corp. of American has announced that it will permit student tours of its Hicksville facilities.

The company is the largest plastics and chemicals firm on Long Island. The several plant buildings, laboratories and administrative offices are located on a 20 acre site on New South Rd.

"We hope to accomplish two things by opening the doors to qualified students," says William E. Sholl, president of Rubber Corp. "Most importantly, we think seeing the company's operations at first hand will give the scientifically oriented student a better understanding of the curriculum he should follow in college and just where it may lead him.

"Secondly, we anticipate that some students, after visiting our plant, will revise misconceptions they may have had about the careers they are planning."

Senior high school principals are requested to contact Eric Swanson, industrial relations manager, at RubberCorp. (WE 1-8100), to arrange a specific time to tour the facilities. Because of the nature of the equipment and materials, it will be necessary to select a particular day and time, when a tour can be properly supervised.

Eleven Teens Aid In Heart Fund

When it became difficult to recruit enough Hillside adult volunteers for the Heart Fund Collection, Mrs. William Zuenck called on the teenagers in her area. Eleven teens quickly volunteered.

They are calling on about 200 Hillside Terrace section homes, Hicksville. They are: Robert Dezzano, 17 Adelphi Rd., Deborah Warren, 122 Dartmouth Dr.; Susan Sak, 90 Haverford Rd.; Karen Hoosack, 73 Cambridge Dr.; Kathleen Blohm, 217 Dartmouth Dr.; Ellen Coffey, 54 Haverford Rd.; Joanne Shea, 53 Haverford Rd.; Deborah Rodenbach, 21 Vassar Lane; Ellen Ryan and Joanne Ryan, 73 Haverford Rd.; and Ann Zuenck, 61 Haverford Rd.

Enroll Kindergarten Students Now

Registration of Hicksville children for Kindergarten is now taking place at the Administration Annex, corner of Broadway and W. Marie St., from 9 AM to 3 PM, Monday thru Friday. A child must be five years of age on or before Dec. 1, 1965. New families may call the Registrar's office at WE 5-9000 ext. 24 and a form will be mailed.

FRANCIS "ANDY" ANDERSON, Hicksville Republican Leader (second from the left), presents the gavel to John Hill, newly elected president of the Ernest F. Francke Republican Club of Hicksville at recent installation ceremonies. Julius Schwartz, retiring president, is at the extreme left. Others following Hill are Thomas Flannery, Ernest Dieterich, Beatrice Jeanson, John Jeanson and William Frech, all installed as officers. (Photo by Frank D. Mallett).

Dear Lynda:

At the end of the second marking period, 694 students of Hicksville Junior High appeared on various honor rolls. This with 95% or over numbered 19, those of 90% or over totaled 241 and 434 averaged at least 85% or over, according to Principal BERNARD BRAUN. New members of Hicksville Kiwanis include MILTON FITCH Jr., BOB WARNER and DOUG BLAIR installed by BOB WALLACE. The reason the Kiwanis meetings are not as quiet as they used to be is that GENE SCHILLINGER is back in town. Heart drive leaders in this area include JIRAH D. COLE JR., vice president of Meadow Brook National Bank, Hicksville; Mrs. HAROLD A. PIKE and Mrs. BENJAMIN WERTHEIMER for Jericho West and East; MICHAEL D'AURIA for Plainview; JOSEPH EISNER, Plainview Library Director, was among those present at a mid-winter meeting in Washington of the American Library Association. Rocket Service Station, 496 Plainview Rd., had its license to perform safety checks during November. Did School Bd Ban A Book?

"gift" and decided to place the paper backs in the senior high library. Frankly, we have felt (and so have some other Board members, although not enough to make a majority) that the Board might have put the books in the school library and that would have been the end of it.

Or would it? A real basic problem is that once the School Board accepts gift books for the library, unless it has a clearly defined policy, it can be criticized for failure to accept other "gifts". And there is some pretty way out printed material that takes the form of "books".

That we are not alone in this line of thinking is underscored by a letter to the School Board from the executive board of the Hicksville Parents and Residents for Better Education which states: "Our School Board meetings have been reduced to the status of a three-ring circus and unfortunately they are attracting undesirable elements (sic) from far and wide outside our District. We strongly urge that the board consider and pass a resolution that will prohibit the acceptance of any books whatsoever until such time as District policy on this matter is firmly established."

Actually several items on the agenda for this Friday night's Board meeting by individual members relate to policy on gift books. - fjn.

The Bob Moses Bridge

Robert Moses, the man of many hats, has announced plans for a bridge from Oyster Bay across the Long Island Sound. A lot of people are getting excited, particularly on the North Shore, as well they might. Mr. Moses has a way of getting what he wants, regardless of opposition.

From the little that has been released, we note the route of the bridge approach will run along the rim of Oyster Bay Harbor "so as not to disturb the estates". However, all view of the Harbor will be ruined, so what difference does it make?

We took occasion a year or so ago to trace in our columns the battle which raged for months and months between the late Dr. Elwood A. Curtis of Hicksville and other civic leaders with Mr. Moses regarding the dedication of Oyster Bay town lands to the State Park Commission in connection with development of Jones Beach. Curtis insisted, and the matter was fought out in court, that Oyster Bay residents were entitled to free use of the causeway to reach their townlands in exchange for the dedications made to the state. It was to no avail. The courts upheld Mr. Moses and everyone pays on the causeway.

Over the years we have watched Mr. Moses use his "charm" in other areas and he most always gets his way, right to the present moment in connection with the World's Fair.

Town Supervisor Michael Petito has mounted a mighty charger and is going into the foray against the LI Sound bridge. However, we have been unable to get a formal statement out of him regarding the pertinent (to us) widening and destruction of Broadway, Hicksville, with an accompanying big reduction in school district tax assessment and the probable ruin of our downtown business district. Such a statement was promised by his office spokesman some three or four months ago.

If a bridge must be built across the LI Sound, the proposed and long-talked about route from Orient to Rhode Island would seem to serve a more useful traffic purpose although we are sure many folks out in Suffolk are not especially anxious to see their way of life disturbed by the resultant increase in traffic and population.

However, Mr. Moses having ordained, the bridge from Oyster Bay will probably some day come into being. Heaven help the North Shore and its lovely countryside. -fjn

EVERYBODY HAS A JOB was the title of an original musical review presented recently by the Willet Ave. School, Hicksville, second grade classes of Mrs. Renee Raymond and Mrs. Roslyn Katz for the students of Dutch Lane School. The review was based upon the second grade curriculum social studies unit: "Community Helpers". A total of 57 students sang or danced. (Photos by Gardiner Gregory).

READER OPINION

THE REAL ISSUE

To the Editor:

The Hicksville School Board and Superintendent of Schools Abt have been accused by Mr. William Bruno of having "unwittingly or wittingly aided and abetted communism." This allegation, coupled with Mr. Bruno's defense of this statement at the school board meeting on Friday, February 26, 1965, reveals that Mr. Bruno is basically a sadistic, headline-seeking smear artist. Even so, the people of Hicksville should ascertain two important lessons from Mr. Bruno. First, William Bruno should not be reelected to the school board in May; and secondly, that the question of reviewing, accepting or rejecting books and reading material for or in the high school library is the real issue in this conflict.

Whether or not Mr. Bruno is a member of the rightwing John Birch Society is not the issue. Rather, the point is that Mr. Bruno is deliberately twisting the facts and leading the people of Hicksville to believe that the members of the school board and superintendent Abt are aiding communism in the district. In the leaflets that Mr. Bruno and his committee (HELP) circulated on Saturday, Feb. 27, 1965, he would

have you believe that Langston Hughes is a communist today and that the poems inserted in the leaflet are in the school library, thereby concluding, that the school board is aiding communism.

You will notice, however, that Mr. Bruno omits stating in the leaflet that these particular poems are in the school library. He omits the fact that Langston Hughes became disillusioned with communism during the thirties, as did many Americans, but repudiated any past attachment to communist philosophy in the late forties to the House Un-American Activities Committee. He

omits, if these poems are in the school library, how many high school students, now present or graduated, have read these poems and as a result have become influenced by the poems to either become communists or advocate communist doctrine.

To be sure, our high school library exists to provide scholarly educational and research materials for the benefit of the inquiring student, not for the purpose of indoctrinating students in communism by providing an abundance of communist propaganda. Conversely, if we as Americans want our children to become responsible and loyal citizens, opposed to the evils of communism, we must provide the books, educational materials,

Information Meeting Draws Crowd

By Hal Brensilber

The community wanted to know and the Jericho School Board was willing to inform and so on Feb. 2, the West Birchwood area was treated to an old fashioned town hall meeting.

The auditorium of the Cantigue School was filled to near capacity for an information meeting called jointly by the Cantigue P.T.A. and the West Birchwood Civic Assoc. The topic of discussion was the recent vote of the School Board for the busing of the Cantigue kindergarten children so as to relieve the overcrowding problem at the school. Dr. T. Carey, Superintendent of Schools, and all five members of the present School Board were present. Sam Hecht, former head of the School Board was the moderator.

Dr. Carey indicated that the action was deemed necessary as a result of the enrollment projection report submitted to the Board by Dr. R. Brown of N.Y.U. He advised the audience of the various solutions that could have been taken as well as the plus and minus considerations for each. After all factors had been taken into consideration by Dr. Carey, he then made his recommendation to the Board. It was this recommendation, based on meeting the educational needs of the entire community that was adopted at the January 13th meeting of the Board.

The meeting was then turned over to the audience as a question and answer period with a few snide remarks thrown in by some of the assembled. Basically the questions asked by those

seeking information were answered. The Board reaffirmed its position by stating that it would only be the kindergarten children that would be bused and that they would be returned after the first year. The teachers would be from the Cantigue school and the children kept together at the Jackson school so as to help maintain the neighborhood school concept. There would be two to three buses, with the bus stops being determined by the concentration of the homes where the children live.

Undoubtedly the finest hour of the meeting was reached when the entire audience joined together in expressing their appreciation for the excellent overall job that Dr. Carey has been doing for the Jericho School system. When one of the members of the audience made reference to his work and accomplishments the assembly room echoed for many minutes with the spontaneous applause for one who certainly deserves it.

Several times during the evening the question of communications between the Board and the community was raised. It was

quite evident that there is need for a good deal of research into this problem so as to avoid the many problems and ill will created by a failing in this area between the Board and the community. In many ways it was quite unfortunate that this meeting was not held prior to the voting on this issue, for certainly the large turnout at this meeting indicated the entire community interest in this topic.

After the final shot was fired it was not what the Board had done but rather the manner in which they acted that disturbed much of this community. The entire West Birchwood area has always worked for the improvement of the educational situation here in Jericho and while the School Board may have erred in not using the best Madison Avenue technique in public relation regarding this issue, the majority of the community knows that the Administration and the Board acted in good faith in trying to obtain for the greatest number of our children the greatest maximum educational advantages for all.

LETTERS TO THE EDITOR:

To The Editor,
West Birchwood News

I wish to announce my candidacy for the Jericho Board of Education.

As a present Trustee of the Jericho Public Library, my term of office, determined by lot, expires 6/30/65. Because of a sense of urgency with regard to education in Jericho, I have decided to run for a position on the School

Board rather than the Library Board in this coming election.

The Jericho schools have faced, and continue to face serious problems because of the sudden growth of the Jericho population and because for many years the school system was not given the purposeful leadership necessary to assure the development of quality education. I have no doubt that the people of Jericho desire the best education for their children, consistent with a sensible tax rate, and that the function of the Board of Education is to provide such education. It cannot do so with full effectiveness if one of its members obstructs every meaningful program introduced by the Superintendent and supported by the Board majority.

I believe that I will be able to contribute to the Board a constructive approach, independent of, and different from, that of the other members, and at the same time avoid pure obstructionism. One of my primary goals will be the improvement of communications between the Board and the community so that residents should be able to express their views and feelings before, not after, the decisions regarding major issues have been made.

I will welcome comments and suggestions from my fellow residents of the school district.

Genlemen:

I am very upset and concerned by your method and your attitude in deciding to bus the kindergarten class from the Cantigue School. I wish to state that I have no personal feelings one way or another as to whether or not this was the best solution as I do not know all of the facts. However, I am concerned that this decision was made without the benefit of discussion with those concerned. Here again let me state that I do not think that the board has willfully made any attempt to conceal this from the people, but on the other hand they did not make any attempt to be sure that the people involved were

School Board Completes New Proposed Budget

By Selma Constant

A budget designed to provide quality education for Jericho students was unanimously adopted by the Board of Education at its Feb. 25 budget meeting. The budget was presented by Superintendent of School Dr. Thomas Carey and described by him as containing items essential to advancing the system educationally, such as adding textbooks, instituting more enrichment courses, increasing teaching materials, adding additional teachers and increasing teachers' salaries as mandated this year by the State.

The budget as presented to the community for a vote in May will ask \$1.02 extra per \$100 of assessed valuation. However, before the tax rate is set in July, an increased amount of money from the State undoubtedly will be granted to the district, thereby lowering the expected tax increase. One of the obvious reasons for the increase in the budget is the increased enrollment of students in the Jericho school district, and this accounts for approximately one third of the total increase. It was pointed out that this district has consistently passed school budgets, indicating its desire to go forward in the field of education.

It was announced that during the month of April the school administration and Board members will be available to meet with any interested organizations to explain budget items. Arrangements can be made by contacting Dr. Carey's office.

The Board at its regular meeting on Feb. 22 voted to put before the district voters in May a separate proposal asking for an additional \$239,600. This money will be used to improve and properly equip the new high school addition and to build a school bus safety maintenance shed as required by the State. It will also provide for pop-out windows and smoke barriers required by the State. These items will be financed by a bond issue

and will cost 2 1/2¢ per \$100 of assessed valuation over a 30 year period.

At the Feb. 22 meeting, there was an addition to the minutes of the January meeting which states that at the completion of the kindergarten year West Birchwood children will return to the Cantigue School to complete their elementary education. Dr. Carey also indicated his desire to meet with a committee of interested parents in April so as to help resolve any problems which might arise in the fall with the rescheduling of the kindergarten classes.

Dr. Carey has been honored by being asked by the American Association of School Administrators to join a group of administrators making a three week study in depth of German schools. Each year the Association asks chosen administrators to visit foreign countries to study and observe the school systems. The group is under the direction of Dr. Martin Mayer, Special Assistant for Educational Information, U.S. Office of Education, Washington D.C. The Board of Education authorized Dr. Carey to accept the invitation because of the possibility that he would be able to learn new techniques and approaches which might be useful in improving secondary education in Jericho.

The Board also voted in favor of educating infirm students and giving vocational training to students through the Shared Services Commission. This has been recommended by the State. The Shared Services Commission will have a Board elected by all the Boards of Education in Nassau County. These students are currently educated at the Vocational Educational Extension Board which is controlled essentially by Nassau County appointees. The Board approved complying with the 1964 Civil Rights Act as directed by the State Dept. of Education.

JJC Sisterhood Plans For Antique Show

The Sisterhood of the Jericho Jewish Center is delighted to announce that it will be the first group in this community to bring a genuine professional Antique Show and Sale to you. This will be held at the Temple on Sunday, March 14, from 12:00 noon until 10:00 P.M.

Dealers from Long Island and the Metropolitan area will be present. Thirty dealers will exhibit jewelry, coins, dolls, furniture, paintings, china, guns, collector's items, primitives, and a host of other merchandise. All items displayed will also be on sale.

A snack bar will be open all day to make shopping more enjoyable. The donation will be \$1.00 and children under 12 will be admitted without charge. For further information call Mrs. Irving Sauerhoff at Ov 1-3876.

Temple Members Await New Book

The members of Temple Beth Torah are eagerly awaiting the publication of their Rabbi's first book. The book, *Milestones in the Life of the Jew*, concerns the beliefs and ritual of the Jew on birth, circumcision, Pidyon Ha-Ben, Bar and Bas Mitzvah, wedding and funeral.

This is the first time that these matters have appeared in a book explaining the traditional approach as observed by the Jew. The book will be of genuine interest to Jew and Non-Jew alike.

FINAL DATE

This Saturday, Mar. 6, from 11 AM to 1 PM is the final registration date at George A. Jackson School, Maytime Dr., Jericho, for the Jericho Little League Competition. All boys must be at least 9 years of age on or before Apr. 30, 1965 and less than 14 years of age on or before July 31, 1965.

Adless Newspaper Due in Area

A new kind of newspaper is about to make its appearance in the area served by this newspaper.

It is an adless, biweekly publication for consumers and is entitled U.S. Consumer.

This area was selected for the initial mailing of the first issue in order to test public response to such a paper.

Published in Washington, the paper aims eventually for nationwide distribution if subscription returns warrant.

Its principal purpose, according to the publisher Arthur E. Rowse is to report news events of special interest to consumers, particularly on issues he says are too sensitive for most ad-supported news media with national distribution.

He calls consumers "the largest group of people without an effective lobby in the nation's Capitol."

"We feel," said Rowse, "that even the most intelligent shopper would like to know more about the choices available on today's increasingly complex market. And by reporting information not generally available elsewhere, we

hope to be able to supply needed service."

Rowse said the first issue, for example, would contain detailed information on the cost of trading stamps to shoppers, possibility of cheaper, longer-life light bulbs, and the banning of a food coloring still used in items on the market.

LETTER TO EDITOR WHEAT FOR NASSER

To the Editor:

The Johnson Administration despite the fact that Nasser has told the United States to "jump in the lake" and has vowed to wipe out the State of Israel, wants the right to continue shipments of wheat to this dictator. The Democrats have given him this right there by shattering the false image that they alone protect the interests of the minority ethnic groups.

The House originally voted to ban such shipments by a vote of 204-177. All Republicans cast their vote for the ban while the 177 votes permitting shipments were cast by the democrats. By the time the bill reached the Senate, tremendous pressure was put on the democrats and being in the majority, they voted against the ban. The Republicans with Senator Javits in the forefront voted for the ban. It is interesting to note how the usual vocal Senator Robert Kennedy's voice was not heard on this subject. As a matter of record both Kennedy's vote in favor of permitting such shipments.

We in Nassau County should be particularly ashamed of the vote in the House, by Democrats Tenzler and Wolfe, who originally voted in favor of the ban and then succumbed to pressure and abandoned their principles. I am proud to say that our Nassau Republicans held firm in voicing its disapproval of dictators like Nasser.

The discretion of shipping wheat to Nasser is now in the hands of the President. All of us must make our voices heard in protest of such shipments in the same way that we protested Russia's discrimination against the Jews and the statute of limitations on the war crimes in Germany.

Very truly yours,
RALPH DIAMOND

LETTERS TO EDITOR (Con't from West Birchwood News Front Page)

aware that this proposal was being considered. This point was verified by the presence of approximately 400 people at the February 2 information joint meeting called by the Civic Association and P.T.A. A large majority of these people stated at that time that they did not know anything about this proposal until after it was voted on and passed by the board at its January 13 meeting.

I feel that the board has an obligation to the tax payers to inform them of their intended actions before they are made so that the people who are interested would if they desired come to the meeting and state their views. After the public discussion the board can then make a decision which would reflect the majority of the public's views.

I think that the board's attitude at the information meeting was dogmatic and arrogant. The reason for this is that at the start of the discussion I asked the following question: "Since such a large group of people have demonstrated that they are concerned with this decision by their very presence is it not a moral obligation of the board to listen to these people with an open mind? In addition, to show good faith by adjourning this meeting and scheduling at the next official board meeting open discussion on the problem. At the conclusion of which the board would then make its final decision." The chairman of the February 2 meeting refused to allow the board to answer this question, and furthermore the board did not show and desire to volunteer an answer. It was then apparent to me that nothing would be accomplished at this meeting and so I left.

I consider it an insult to my intelligence when I am invited to discuss a problem and its possible solution after a formal decision has been made.

I would like it explained to me why the board is so opposed to an open discussion prior to its voting. Is it possible that their decision is not the best one, in that it might be shown that an over-crowding situation does not exist? Maybe a taxpayer when

completely informed of all the facts might suggest an alternate solution more acceptable to all of the people.

An alternate thought is that there may be other factors which have influenced the board's decision which have not been made public.

Again let me restate that I would be completely in accord with any decision that the board would make after the people have first expressed their own feelings, but please give the people a chance to do this by keeping them informed.

It is therefore suggested that the board publish the full agenda of each meeting either through the P.T.A. and/or Civic Association bulletin board newspaper, (News Letter) which would state the subjects going to be discussed and hence give the people the opportunity to be present. This would in turn relieve the board of the responsibility of making a decision without the advice of the people involved. Jericho is small enough to allow the board to inform almost all of the community through the suggested media.

In conclusion I would say if this information meeting was held prior to the board decision of bus-ing the kindergarten class a more satisfied and better informed community would result. In addition this would tend to promote more interest in local school matters and hence increased participation by the residents.

Yours truly,
Seymour Licht

Ten Pin Talk

DOCKSWELL

The league broke its own record this past Monday night. Twelve different men broke the 200 barrier. This is almost 15% of the league and it was done on a night that many of the boys never made it home in time to get to the lanes.

Marv Rubenstein threw the best game of the night, a 224, and he Tony Barbell's "Bullets" to a 5-2 win over Al Minoff's "Minnows" posed a threat when Sid Holtzman and Horace Bernstein came up with a 219 and a 201 respectively, but Mary fought them off and the "Bullets" escaped with the victory.

Sid Sachs bowled the second best game of the night, a 223, and his second in two weeks. We noted last week that Sid may have come out of his slump. Sid led his "Sad Sachs" to a shut out win over Leo Geyer's "Geymers" despite Cap't. Leo's bid of 210, and the "Sad Sachs" may be moving.

Ruby Skyler and Larry Goldenberg teamed up to lead the "Rubes" to victory. Cap't. Ruby hit a 211 and Larry threw a 212 to overcome Nat Warren's "Gnats" 5-2. The "Rubes" are now in 2nd place only two points out.

Eddie Roseman gave his "7-10" teammates a shot of pep juice when he rolled his third good one of the year, a 210. This supplied the incentive for Sam Springer's crew to go on and

take the series from Al Grusha's stumbling "Zephyers" 7-0, even though Zephyer Bill Kellerman threw his tenth, a 216.

Cap't Art Rosenthal and his strong lefty, Sid Simon, were in fine shape and it was lucky for the "Strugglers" that they were. Art's 213 and Sid's 200 were all that kept them from being shut out by Herb Brody's "Splits". As it turned out the "Strugglers" squeaked out a 4-3 decision.

Lou Truchil finally broke the barrier. He bowled an even 200 and helped Norm Ney's "Pinheads" stick a shut out onto Mort Levine's "Mules" and jump up into 4th place.

At the moment Murray Gitterman's #9's are leading the league but the teams are still in a scramble without any one of them creating a stir.

State Approves Library Charter

On Jan. 29th, the New York State Board of Regents granted a Charter of Incorporation to the Jericho Public Library. This Charter gives the Library Trustees the legal "go-ahead signal" to complete projects now under way to establish an actual library plant.

For two and one-half months, since the Nov. 21 referendum the Trustees have been examining every possible location for the Jericho Library. In addition to the numerous sites that have already been examined, two more remain to be evaluated. It is expected that a decision on location will be made this month. With the Charter, that decision may now be transformed into contracts, purchases of equipment, etc.

The Library Board has also become the 50th member of the Nassau Library System. With the State Charter, the Trustees may now start to order books through the Nassau Library System from lists compiled by the NY State Library Extension Division.

These lists are customarily used to start basic collections in the Children's and Young Adults' Divisions. Andrew Geddes, Director of the Nassau Library System, will be in charge of this operation for the Jericho Library. This early ordering of books will insure the Library's opening in time for the next school year. (Ordering and processing usually takes from 3 to 6 months.)

At the time of this printing, the Trustees will have interviewed seven applicants for the position of Director. The recurring comment from the applicants is that Jericho has a growing reputation for cultural and educational vitality, and they want to work in such an atmosphere.

The Library has received its first donation of books from the Congregation of Temple Or Elohim in Jericho. The Trustees appreciate this gift and would like the community to be aware of this generous donation.

TEN ROTARIANS had the privilege of driving a brand new Ford Mustang for a full week, last month, courtesy of Bob-Ken Ford, Hicksville. They were determined by drawing. From the left are Ken Glikes of Bob-Ken Ford, and the lucky Lou Smith, William Staryk, William Payoski, Gil Oist, Peter Amoroso, William Bellmar, Rev Douglas MacDonald, William Buckman and Heinz Lehmann. (Photo by Rotarian Frank Mallett who also won.)

HICKSVILLE KIWANIS, to the total of ten, were also given the free use of new Ford Mustangs through the cooperation of Bob-Ken Ford, last month. The winners were chosen by lot. From the left are Bob Wallace of Bob-Ken Ford, lucky Paul Drake, Anthony Plonski, Gene Slattery as proxy for Bill Murphy, Dr. Albert Richmond, Maynard L. Chittenden, Abe Shames, Councilman A. Carl Grunwald, Dr. George Loucks, and Louis Palladino. Two other winners, Frank Chlumsky and Bill Murphy, are not in the picture. (Photo by Frank Don Mallett who also won at the Rotary meeting).

Students Honor Part Employees

The students members of the Hicksville High School Distributive Education Chapter "honored" their part-time employers at their annual Employer-employee Banquet on Feb. 9. The students who are all members of the Hicksville High School Work Experience program took this opportunity to say "thanks" to many stores and businesses in the community for assisting them to earn extra money as well as useful experience in the business field. The luncheon took place at The Old Country Manor in Hicksville.

Among the many stores honored were: J.J. Newberry, C&R Grand, Gertz, Sears Roebuck, Buckners, Ohrbachs, Andrews, Fiesta Courtesy Drugs, and Kresges. The representative from each store was presented with a "Cooperating Merchant Certificate". William Rogers, DECA president, conducted the presentations. The featured student speaker was Miss Linda Vlnest. Linda spoke on, "Developing Future Leaders in Marketing and Distribution". Among the honored guests was the high school principal, Leon J. Galloway. Mr. Galloway thanked the employers for their cooperation with the high school in making the work experience program a success.

SENIOR GIRL SCOUT, Vera Mingovits, has been selected to attend the International Gatherings in Sweden this summer. The 17 year old Levittown advanced student was chosen through the Girl Scout Regional Committee after a New York City weekend with sixteen other finalists from the New York area.

Mr. Bruno has shown himself to be an irresponsible, headline-seeking smear artist, degrading his colleagues, and promoting fear and distrust in the minds of the people of Hicksville toward the school board and superintendent which is completely unwarranted and distorted.

READER OPINION

(Continued from page 4)

etc., and the teachers that will educate our children in the evils of communism. A small section in our school library, therefore, should contain material about communism so that our children, who are taught to hate communism, will be able to discover and understand better the idea that they are taught to hate. Now, the issue arises in the Hicksville school district as to

where to draw the line in accepting and rejecting books (concerning communism or otherwise) for the school library, what criterion to use in accepting or rejecting books, and who should review, accept, or reject books. The school board has and uses a policy to deal with the above-mentioned questions. This policy was used and followed when the board refused to accept John Stormer's anti-communist book, "None Dare Call It Treason." Naturally, the board and the people of Hicksville want books in the school library that will be of scholarly educational and research value. This book, however anti-communist it may be, is a work of highly questionable educational value, poorly documented and researched, comprising many invalid and distorted generalizations, and is, "at worst, a deliberate hoax and a fraud."

After the school board refused to accept this work, Mr. Bruno, instead of first disclosing his so-called "documentation" and proof of authors and books of questionable educational and research value in the high school library to the school board for review, acceptance, or rejection, chose rather to smear the good names of the members of the school board and superintendent Abt with the charge of aiding and abetting communism before his evidence could be reviewed. If Mr. Bruno or any member of the school board, who had so-called documentation of questionable educational material, were a responsible member of the school board, he would have first revealed his evidence of questionable educational material to the board for review and evaluation before any substantiated accusation, such as "aiding and abetting communism", could be or should be leveled at any or all board members. By his action,

Well, what do you know, Steve Wladyska won a Building Bond (\$100.00) at the last meeting.... He already had one leg on the bond since his name was drawn in the Capsule Drawing more than a year ago and his faithful attendance at every meeting proved very worthwhile when his name was drawn as a winner again.... Now, if you would like to win one of these bonds why don't you just amble on down to all meetings and be on hand when the discs are drawn and maybe you will be....Hurry if you want seats at the St. Paddy's Dance as only three tables are left.... Two more chairmen have been added to our General Convention Committee....John Spinella will be the Food Chairman and President Cynthia Hochbrueckner will represent the Auxiliary and handle the various chores that our ladies do so well at....All

in all, things are shaping up quickly for the great convention on June 3, 4 and 5 and everyone's help is appreciated....Stuart Armstrong signed up two more new members, Robert E. Jones and Alvin G. Grossman for which we say "Nice work" and Welcome aboard fellows....Don't forget the State Convention is being held at Buffalo this year on July 14-17th and a bus will be making the trip with a large group from Nassau County at very nominal rates....We will run a Loyalty Day Dance on May 1st this year and this is a new one for us so keep it in mind as it is scheduled to be a very economical affair....But before that date sets too well in your mind remember our annual Awards & Ceremonial Nite is on Saturday evening, March 20th, and all members and their wives are invited to attend but positively no guests are permitted as this affair is for American Legion members only....There will be food and dancing after the ceremonies which includes the cutting of the traditional birthday cake in honor of our national organization's birthday.... Membership cards must be shown at the door for admittance so please don't forget yours....Please be prompt as the ceremonies must start at 8:30 sharp....Be seeing you.

Operation VFW

William M. Gouse Jr.
Post No. 3211
by Eddie Klebing

This week we turn our eyes on Washington again and review the VFW in action there.

Veterans legislation which could have proceeded smoothly during the 89th Congressional Session suddenly erupted into stormy meetings in both Houses when the Veterans Administration announced the closing of certain V.A. facilities. The members of Congress were joined by veterans organizations who protested strongly the closing of these installations.

The VFW is strongly protesting these close-downs and stands among the ranks of the other veteran organizations which share their view. On January 18, Congressman Richard Roudebush, a past commander-in-chief of the VFW read to the House a letter to Olin Teague, chairman on the Committee on Veteran Affairs, from Francis Stover, VFW Director, National Legislative Service, and a special bulletin issued by Commander John Jenkins protesting the VA's action. These were just two protests of the many sent out by the VFW chief and those of Department and local commanders.

Then on January 22nd, Commander Jenkins delivered an address at the Department of Nebraska VFW at Freemont which is the area for one of the hospitals affected by the closings. The commander's speech was entitled "The Great Society is Not for Veterans." Commander Jenkins forcefully put the responsibility for the closings on the Bureau of the Budget.

Our hard work does not go unnoticed. Several members of the House recently called attention to the fine organization the VFW was. This was evidenced by Congressman Hull who is asking for immediate action on his bill for the erection of a monument honoring General John J. Pershing. In addition to commending the VFW, Mr. Hull included in his remarks resolutions of our last two conventions which called for the erection of a monument honoring General Pershing.

Congressman William Moorhead in a talk about the origin of the VFW in Pennsylvania included in his remarks a very interesting article entitled, Brief History of the Veterans of Foreign Wars.

Our national Ladies Auxiliary received a verbal corsage when Congressman John McFall in an address praised two new programs initiated by the ladies. The first is the Annual Americanism Award contest which calls for an essay on the subject, "In Education Rasts the Future of America." The second is not a contest but a code comprised of 10 promises of duty to God, Country and Flag. All members of the Auxiliary are invited to sign.

Our ladies are presently engaged locally in the first program as indicated in this column earlier. Deadline for submission to the chairman is this month.

Double Capacity Of Boat Space

Boat spaces at Tobay Beach will be doubled under plans approved by the Town Board, it was announced by Town Councilman Edmund A. Ocker, Chairman of the board's standing committee on beaches and waterfront. Councilmen Ocker and Marjorie R. Post have been advocating this project as a result of demand for spaces which exceeded those available several times

Church Altar To Honor Worker

The February meeting of the St. Ignatius Auxiliary of Christian Mothers opened on a note of sadness. Father Goggin paid a well deserved tribute to the recently deceased Adelaide Lynch, past President of the Auxiliary and tireless worker for St. Ignatius' School. The Auxiliary is donating a new altar to the church in her memory.

Three members of the auxiliary were chosen as part of the nominating committee for this year's election of officers. They are: Anne O'Shea, Evelyn Diehl, and Kay Roamer.

The President, Mrs. Gough, announced the annual Communion Mass will be held on May 29. The membership voted to hold a Continental Breakfast in the cafeteria in conjunction with the affair.

Due to Father John Hessian's illness, Father Goggin replaced him as guest speaker. He gave a discourse on the Mass Vestments from their origin to date.

The dark horse prize of \$3 was won by Mrs. Elwen Rafuse. Sr. Thomas Noreen won the gift certificate.

The next meeting will be held on Monday, March 22, at 8:15 P.M. in the parochial school auditorium.

last season. Bids will be opened and read on March 24.

The Women's Society of Christian Service of the Plainview Methodist Church will visit the residents at the A. Holly Patterson Home for the Aged, Uniondale, on Monday evening March 8. Cars transporting the members will leave the church grounds at 6:30 and 7:00 p.m.

Record Bond Issue

The Oyster Bay Town Board awarded its biggest bond issue to the First National City Bank of New York at a satisfactory

net interest rate, it was announced by Councilman Edward J. Poulos, Town Board Majority Leader.

The net interest rate was 3.21 per cent representing a net interest cost of \$5,083,390 on the

\$13,000,000 bond issue plus the offered premium of \$54,860.
