## Coalition Candidates Comment on New Budget

A joint statement concerning the 1965-66 proposed School Budget for Hicksville was released this week by James E. Anderson and Marvin Goldberg, the UNITED - T.E.A.C.H. Coalition Candidates for the Office of School Board Trustee. A public discussion of the Budget takes place this Friday night, April 23, in Hicksville High School.

"As Hicksville residents and parents of children attending its public school system, we wish to commend those members of the School Board and the Administration for the time and effort they have spent in compiling a proposed budget for the coming school year," the statement declares. "It is evident that they have utilized their knowledge and experience to the best possible advantage in order to keep the cost of operating our schools at a realistic minimum.

"The proposed 1965-66 School Budget is \$12,462,408.00, an increase over last year's budget of \$1,027,537.00, or approximately 8%. The major portion of the increase consists of compulsory obligations which constitute expenditures mandated by State Law, particularly in the areas of salaries, employee benefits, and building improvements required to comply with new State regulations on fire safety. These State mandated expenditures exceed 60% of the total proposed increase. In addition, there are fixed charges, such as interest on indebtedness, which are incurred annually in the normal operation of a school system. The remainder of the proposed budget increase includes sums allocated for expanded school services, such as transportation, public relations, and additional services for handicapped children.

"One particular item which we heartily endorse in the appropriation allocated for curriculum evaluation by an outside educational agency. This evaluation will include an analysis of the track system which is presently being utilized in the Hicksville School System. Since its initiation nearly 8 years ago, its merits have not been appraised objectively and we believe that a complete review should be made now and periodically by an outside educational agency to determine its educational worth.

"We urge all taxpayers to vote 'yes' for the Proposed School Budget. A defeated budget would make it necessary for the School District to operate under an austerity budget. Some of the facilities, services and equipment which would be drastically affected by such a budget are: Text Books: No books can be provided free to pupils if there are not enough old books for all students. No new library books,

supplementary books or enrichment materials can be purchased. Cafeterias: Cafeterias will close. Funds needed to operate them must be provided by a separate Referendum. The District would lose the Government subsidy per lunch or any free foods. Lunches must, therefore, be provided by parents.

"Transportation: Bus transportation will be limited. Kindergarten to Eighth Grade, in both public and parochial schools within the area, will not be provided unless students live beyond a 3 mile radius of the school. From Ninth to Twelfth Grade, bus service will be provided only to students beyond a 3 mile radius of the school. Transportation to parochial or private schools outside the Hicksville limits would be provided for only 10 miles instead of the 22 miles now in effect.

"School Supplies: Instructional supplies, such as maps, paper, visual aids, etc., must be furnished to teachers. However, paper and other supplies are not furnished to students for assignments and other work. Every student supplies his own. A high school student in science or other special subjects must pay for all his own supplies.

"In addition, school facilities may not be used by organizations other than the P.T.A. Inter-school athletic programs would be eliminated.

"It must be apparent to everyone that the ones who would suffer most under an austerity budget are the children.

"Although we urge a 'Yes' vote on the proposed school budget, we cannot help but note the tendency in Hicksville to cut down in some areas in order to compensate for mandated increases in others. In the past, we have seen evidences of supposed economy which have proved in the long run to be false economy. The temporary rooms which were leased as a great saving when they were first suggested have cost the taxpayers more than the amount originally estimated. We cannot afford to sacrifice quality education for our children -- the pride of our future -- by being penny-wise and pound foolish. The expedience of false economy must not supersede our desire to give our children a foundation that will enable them to attain fulfillment in their adult life," the statement of Anderson and Goldberg concludes.

## See Last-Minute Candidate Filing

There was considerable speculation yesterday (Wed.) regarding possible last-minute candidates for the two vacancies on the Hicksville Board of Education as the deadline for the filing of nomination petitions was reached. At press-time the only official candidates were James Anderson for the William A. Bruno Jr. vacancy and Marvin Goldberg for the George Kunz vacancy.

A petition had been filed on April 15 naming Elery H. Bean to succeed himself as a Trustee of the Hicksville Public Library for a five-year term.

Among the rumors, before the final hour for filing, was one which held that Bruno would probably run again with a switch, being filed for the Kunz vacancy. That would make him an opponent of Goldberg for the three-year seat.

There was also belief in some quarters that a petition would be filed for Florence Infantino. Only three women have been elected to the Board of Education in the 65-odd years since the Union Free School District was organized.

Another report asserted that a "draft" Kunz petition would be filed by his friends.

The School Board was scheduled to sponsor a public discussion of the proposed school district budget this Friday night in the High School.

Registration days, for those not on the books, are scheduled for this Saturday, April 24, and Wednesday, April 25.

The election of school trustees, a library trustee, vote on the school and library budgets takes place on Wednesday, May 5.

DONALD C. HARRISON, at left, and Gerard J. Davies, chairmen respectively of Nassau and Suffolk County Red Cross, in a joint planning session for a special appeal for funds to assist thousands of victims of tornadoes and floods in the Midwest. ## Bank Poll Favors Fluoridation

The fluoridation of water supply is now considered a desirable thing among the residents of Hicksville, according to the results of last month's Meadow Brook National Bank Community Opinion Poll.

The vote was 64.9% in favor of fluoridation, with 33.2% opposed to it and 1.9% undecided.

There was strong opposition to the possibility of discontinuing the military draft, with 64.4% against such action, 34.6% for it and 1.0% unsure.

The service academies' honor code has been under much discussion in recent months, with the controversy focusing on

whether or not a student should be obliged to report any wrongdoing which comes to his knowledge. The Poll showed general agreement that the student should be so obligated, and in Hicksville the vote was 57.2% for this point of view, 37.0% against it and 5.8% undecided.

The doctrine of equal rights for women prevailed generally, but there was grudging support for the idea that they should be licensed as professional wrestlers in New York State. Locally, 52.4% said yes, 37.5% said no and 10.1% were undecided.

### WHITE ELEPHANT SALE

## Report Opposum Sightings Here

The HERALD heard of two opossum being sighted in Hicksville this past week. One was found in a garage on Miller Pl., which required the assistance of the A.S.P.C.A. to remove it, and another was sighted on Princess St., the other night. The animal is about the size of a cat, but looks more like a rat. It is slow moving and has a pointed tail, by which it can swing from trees. It carries its young in a pouch like a kangaroo.

## Burglar Suspects Caught Quickly

When the residents of 100 Robins L.A., Jericho, returned home one night recently they found their home had been burglarized. They called the Second Precinct of the N.C.P.D., to report the burglary and found the alleged burglars had been arrested before the theft had even been reported. Detectives Jack Tarrantino and Richard Ebright had been cruising in a car when they stopped the three suspects for questioning. The car belonging to the suspects contained numerous articles including TV's, jewelry and other valuable merchandise.

The three suspects, Hector L. Nieves, 23, and Ralph A. Madonna, 21, both of Farmingdale and John Lamia, 22, Copiague were booked on third degree burglary charges. The Police expect to solve many recent burglaries in the area with further questioning of the suspects.

## Fehrenbach Bill Passes in Albany

Edwin J. Fehrenbach, Assemblyman from Bethpage, announced the passage of a bill to amend the education law, in relation to the acquisition of real or personal property by the vocational education and extension board in the county of Nassau. This bill amends the Education Law to permit a Vocational Education and Extension Board to acquire real or personal property.

The Republican Assemblyman said that the legislature in 1964 added a new subdivision to section 1101 of the Education Law for the purpose of creating a county Vocational Education and Extension Board a body corporate. While this provision was most important, unfortunately the legislature did not go far enough. In two decisions rendered by the Supreme Court in Westchester and Suffolk Counties, it was held that a precisely similar provision with regard to Boards of Vocational Education and Extension services creating those boards bodies corporate, nevertheless, did not vest in those boards the power to acquire and

hold real property. Thus, the creation by the legislature of Vocational Education and Extension Boards as bodies corporate has no useful purpose unless at the same time they have the power to acquire and hold real property.

## Legionnaire's Log

Charles Wagner Post  
No. 421 Hicksville  
by ARTIE RUTZ

By this time everyone is aware that the reports of a dividend due World War 2 men for their time in service (via National Service Life Insurance) are unfounded. It is all that some VA offices first confirmed it and then later denied the whole thing. Legionwise, we suspected the whole thing, as our national organization gave no indication of previous knowledge and this was unusual. Seems that as a matter of record, Legion information and predictions far exceed the best that the CIA and the State Department can offer so why be surprised. Oh well, if you were going to write a letter you still can write that letter but about another of a veteran's rights. Send it to Lyndon B. Johnson, President of the United States, and tell him in your own words that you object to the closing of the veterans' facilities in New York State. Did you read about the veteran who slew three members of his family and himself last week at Tonawanda, N.Y. Just another case of trying to push out the sick veteran when he should have been in the hospital. But of course, the veteran is a spoiled privileged character and really doesn't need hospital help. All I say fellows, write President Johnson and say a few words in objection to the false economy of closing the VA facilities in New York State. Incidentally, the time is fast approaching when we will be the host of the 47th

annual Nassau County Convention in Hicksville after an absence of 37 years. June 3, 4 & 5 is the date, with the big parade set for the evening of Friday, June 4th. All delegates to the caucus at Bayville on April 30th are reminded to be on time that evening as it will be a hot time (electionwise) as a floor battle for County Adjutant is on the docket. And County Adjutant is the job that falls into the lap of the 3rd Division this year, and that's us. We are the largest Post in the 3rd Division, having won that honor last year, we are holding on to it despite everyone's effort to take it away from us. See you at the Caucus!

## Car Dealers Aid Cancer Crusade

Mrs. Wm. Stivala, village Crusade chairman for Plainview in the Nassau Division, American Cancer Society's Crusade announces that the greater New York, Long Island and Westchester Automobile Dealers Assoc. has started a "Drive Out Cancer" program to help the American Cancer Society in its fight to conquer this dread disease.

A pilot study of this project has been underway for several weeks in five American Cancer Society Divisions: New York City, Queens, Westchester, Suffolk and Nassau Counties. Used and new car buyers have been asked by the salesmen to participate in this joint effort to "Drive Out Cancer" by adding a dollar to the purchase price.

According to Peter A. Gordon, executive vice president of the Dealers Assoc., over 70% of the auto purchasers have willingly contributed a dollar each to the Cancer Crusade. Full results of this pilot project and plans for an all out campaign will be disclosed at the annual meeting of the Dealers Association to be held at the New York Hilton Hotel on MONDAY, April 26th at their business meeting attended by over 500 auto dealers.

New York State Senator Edward J. Spano, Board Chairman of the Nassau Division, American Cancer Society, will be the principal speaker at the business session as he himself is a cured cancer patient. He will tell about the need to support the Society's three way program of Research, Public and Professional Education and Patient Service.

## Derounian Speaker At Rally Sunday

Former Congressman Stephen P. Derounian will address an Americanism Rally sponsored by the Nassau County Veterans of Foreign Wars of the U. S. to be held on Sunday afternoon, April 25th, 1965 at 1 P.M. at Carl Hoppel's on Sunrise Highway in Baldwin. The program will attempt to bring Americanism and an understanding of our American Heritage to as many Nassau residents as possible.

GEORGE HARKEN, Potentate of Kismet Temple which has purchased the entire Friday, June 25, performance of "Mardi Gras" at the Jones Beach Theatre for the benefit of the Shriners' Hospital, places his fez on Karen Shepard, star of this year's show at the Beach.
