Bring National Honor to State

Three Hicksville High School students brought distinction to New York State in Chicago, April 29 to May 1, when they were among 18 in the entire nation to win Oscars for entries in the Studies in Marketing Program conducted by the Distributive Education Clubs of America.

They were:

Food industry, second place, Maureen Healey, service industry, second place, Rita Janickey, and home furnishings industry, first place, Edward Sullivan, all of Hicksville Chapter.

Their achievement this week brought a letter of congratulations from William D. Hallies Jr. of the State Education Dept at Albany addressed to Donald F. Abt, Hicksville school superintendent. Hallies also commended Dennis Murphy DE Teacher-Coordinator.

It marked the first time New York State secured national recognition in the National DECA awards program.

The eight were indentified by Second Precinct N. C. P. D. records as Gerald Janickey, 30, of 4 Frank Ave.; Richard Janickey, 19, of the same address; Robert Schkolenko, 18, of 79 Myers Ave.; Rocco A. Parrella, 18, of 33 Jersey St.; Anthony J. Buonagura, 19, of 357 So. Broadway; Michael J.P. Hardick, 20, of 84 Twinlawn Ave.; Donald R. William, 34, of 60 Myers Ave. and John R. Parrella 19, of 33 Jersey St.

The arrests were made at 3:20 a.m.

Early Saturday morning, May 1, at 3:40 a.m. two men were arrested at the Empire Diner, at the corner of Jerusalem Ave. and West John St. The arresting officer was Ptl. C. Wagner, Alvin Woods, 36, of 36 Ashbury Ave., Carle Place, was charged with disorderly conduct and Daniel Irwin, 20, of 12 Farm Lane, Hicksville, was charged with interfering with a police officer.

Saturday evening an altercation took place in the Mid-Island Shopping Plaza and Howard A. Blauvelt, 26, of 8 Ballard Lane, Hicksville, received laceration of the forehead, contusions of the face, nose and back of head. Police records indicate that Blauvelt was assaulted by persons unknown. His father refused medical attention for his son.

Both Bruno and Kunz are completing their initial three-year terms. In winning election, Anderson defeated George Trimble of Lantern Rd., while Goldberg defeated both Florence Infantino of Pintle Court and Kunz of Arcadia Lane.

Elery H. Bean, library trustee, will be unopposed for reelection for a five year term. He received 3629 ballots.

Election day and the period proceeding it was marked by strenuous telephone campaigns in behalf of all participants. During the voting various interested groups had teams of volunteers serve at polling places to check off the turnout of voters. An indication of the degree of interest was the exceptionally large audience which waited in the High School student cafeteria until 11:30 PM to hear the official tally announced.

Marie Aloia, 42, of 91 Bruce Ave., Hicksville, was killed early Sunday morning in a head on collision on Route 25 A in Centerport. Her husband, John, 50, who was driving was taken to Huntington Hospital. Two youths, on the other car, were also hospitalized.

The budget of the Hicksville Public Library, up \$35,611 over the previous year to a net total of \$282,938.57, was defeated for the first time in recent local history by a slim margin in a near-record voter turnout. The vote was 2495 yes and 2499 no. The library trustees have requested an official canvass of the tally and the voting machines have been held sealed.

The record \$12.4 million public school budget just squeezed over by a margin of 19 votes with 2528 in favor and 2509 opposed.

Silver Jubilee Mass May 18

Rev. LAWRENCE F. BALLWEG

The Rev. Lawrence F. Ballweg of St. Ignatius Loyola Parish, Hicksville, who is marking the 25th anniversary of his ordination will join with the Most Rev. Walter P. Kallenberg, DD, Bishop of the Diocese, in concelebrating a silver Jubilee Mass in St. Agnes Cathedral, Rockville Centre at 11 AM on Tuesday, May 18. Three other priests with silver anniversaries will also participate.

It will be the first jubilee mass and only the second Mass to be celebrated in the diocese since Vatican Council II approved

and recommended concelebration for specific occasions in 1963.

Youth has been an important part of the work of the Rev. Ballweg during his 25 years as assistant pastor at St. Ignatius Loyola parish, Hicksville.

"I enjoy watching our youngsters play baseball more than watching the Yankees or the Mets," he said.

The CYO program in the parish embraces some 500 boys in a variety of activities.

In addition to his duties as moderator of the CYO program, Father Ballweg is also moderator of the Legion of Mary and the parish Confraternity of Christian Doctrine program. He is an assistant director of the CCD program in the diocese.

"A camera hobby which Father Ballweg developed during a trip created a new means of visual aid for his Confraternity classes.

"We had so many youngsters here at one time," Father Ballweg explained, "I wanted to give them as much instruction as possible."

That's when the film strips idea took form. He took pictures of the administration of the sacraments, incorporating existing pictures into his presentation. He recorded his own narrations to accompany the film strips.

Teachers supplemented the films, which would be presented twice each period for 15 minutes on the Bible and the lesson of the day.

"At one point, I was taking 16 rolls of film a week," he recalled.

LIVING UNDER LAW

LAWYERPHOBIA

It happens hundreds of times a day.

For one reason or another, a person will need — really need — some legal advice.

But he hesitates. Knowing no lawyers, never having been in a lawyer's office, he

is beset by fears. He may fear that a lawyer will charge him an exorbitant fee, or will get him involved in legal entanglements.

So he decides to muddle through, trusting to luck or perhaps the half-baked advice of another layman.

Is there a cure for this man's lawyerphobia? Indeed there is, a cure of beautiful simplicity. It is called the Lawyer Referral Service, and it works this way:

The Service maintains a revolving list of qualified local attorneys. When you call, the director of the Service will make an appointment for you with the lawyer who is next on the list. Now, notice how the Service deals with each of the above-mentioned symptoms of lawyerphobia.

1. Fear of high fee. There is a standard fee which the

director will quote in advance. In most cities it is only \$5 for a half-hour consultation. If your problem cannot be settled in that time, the lawyer will explain as clearly as he can what further costs may lie ahead. A decision to proceed any further is strictly up to you.

2. Fear of getting involved. Three times out of four, the person's problem is settled during that first half-hour consultation. Sometimes even the consultation itself is avoided when the director of the Service realizes that the problem is not a legal one at all.

The referral plan makes such good sense that it has already spread to almost 200 cities. You can find it in the Yellow Pages under "Lawyer Referral Service" (or possibly "Lawyer Reference Service" or "Attorneys Referral Service"). If in doubt, check with the local Bar association.

Using the Service can do more than give you the answer to an immediate question. If you are satisfied, thereafter you too will have your own "family lawyer" in case of need. A recent survey shows that, among those who have broken the ice and used a lawyer, more than nine-tenths are glad they did.

Note: The New York State Bar Association offers this column as a public service.

Operation VFW

William M. Gouse Jr.
Post No. 3211
by Eddie Klebing

Commander Art Fuelling appointed Frank Blessi Buddy Poppy chairman for this year. Art also appointed Jack Mulligan and Arnold Bashwiter to the refreshment committee for the joint installation of officers this coming May 22nd. Incidentally, Jack Mulligan won the raffle at the last meeting.

Loyalty Day, Hicksville 1965, was a sunny one with the fags along Broadway waving in the breeze to remind everyone that they live in a patriotic community. On hand that day to put up and take down the flags were: Bill Frohnhoefer, George O'Neill, Bob Williams and his son, Jack Mulligan and his two boys, Frank Aug, Mike Znach and his son, George Walden, Commander Fuelling and yours truly.

Resolution number 19, adopted at our 1964 National Convention in Cleveland, calls for the seeking of increased benefits for active and retired military personnel. Recently, through the voice of our Commander in Chief John Jenkins, the VFW has come out squarely and clearly in favor of a pay raise bill that would be an increased benefit for members of the armed forces.

At a meeting last month, The National Security Committee of

OUR MEN IN SERVICE

Seaman Apprentice Warren R. Schuster, USN, son of Mr. and Mrs. Warren Schuster of 48 Meeting Lane, Hicksville, is serving aboard the attack cargo ship USS Union, which landed Marines in the Republic of Vietnam for the third time in less than two months.

Airman First Class Stephen R. Tribe, son of Mr. and Mrs. Robert L. Tribe of 28 Power St., Hicksville, has arrived for duty at Wheeler AFB, Hawaii.

Airman Tribe, a personal specialist, previously served at Carswell AFB. His new unit is part of the Air Force Communications Service which maintains communications for control of global Air Force operations.

Marine Private First Class Kenneth W. Kelly, son of Mr.

the VFW, met in conjunction with the VFW Conference of National Officers and Department Commanders and unanimously adopted a resolution expressing support of a major military pay raise.

Reasons for an immediate and substantial pay hike to our men in the service is that the VFW feels the Government has permitted military pay to drop far below industrial and Government civil service pay scales that such discrimination against those in our armed forces is adversely affecting enlistment and retention of the kind of fighting men our country needs to survive; and in the interest of fair play and justice to our servicemen, as well as the requirements of our national security require a major pay raise for officer and enlisted personnel.

It has been resolved that the national Security Commission recommends that the VFW Commander in Chief express appreciation to Congressman L. Mendel Rivers for his leadership in defending the interests of our fighting men; and that the VFW actively continue to support an immediate pay raise such as would be established by Congressman Rivers proposal and that such pay raise should be retroactive to the effective date of the last pay raise for civil service employees of the U.S. Government.

Don't forget this month is Buddy Poppy month. Help the disabled war veterans by wearing a Buddy Poppy and wearing it well.

Nancy Gates of Hicksville, is a new member of the Ithaca College Chapter of the Music Educators National Conference, which is sponsoring a public concert at the College May 14. She is the daughter of Mr. and Mrs. Henry M. Gates, 6 Mill Rd., Hicksville.

and Mrs. Frank G. Kelly of 50 Margaret Drive, Plainview, is serving aboard the attack aircraft carrier USS Independence, which will deploy to the Western Pacific with the U. S. Seventh Fleet on May 10.

Electrician's Mate Fireman Apprentice Peter H. Gregoritsch, USN, son of Mr. and Mrs. Vincent H. Gregoritsch of 73 Gardiner Ave., and Quartermaster Third Class Martin A. Krikalo, USN, son of Mr. and Mrs. Alexander Krikalo of 24 Brooks St., both of Hicksville, are serving aboard the attack aircraft carrier USS Independence, which will deploy to the Western Pacific with the U. S. Seventh Fleet on May 10.

Army Pvt. Robert C. Pietras, son of Mr. and Mrs. Harry M. Pietras, 8 Waters Ave., Hicksville, was assigned to the 25th Infantry Division at Schofield Barracks, Hawaii, April 19.

EDITORIAL OPINION

PRESCRIPTION FOR A SAFE TRIP

Be Scared-Stay Alive

The purpose of this editorial is to scare the living daylights out of you; to frighten you to the point that you will not only drive carefully but rigidly observe every safety precaution.

Consider these 1964 facts:

- 48,000 persons were killed in traffic accidents, more than in any previous year, and within 5,000 of all the American servicemen killed in battle in World War I.

- 587 men, women and children lost their lives in automobile accidents over the Christmas weekend, an all-time record that brought sorrow and misery to their loved ones at a time that should be given over to joyfulness.

- Two million persons were injured in automobile mishaps and the cost of the damage hit \$8 billion.

If these stark figures do not have any effect on you, if they do not make you vow to adhere to every safety measure in the book, then nothing will. You know all the things you are supposed to do to insure a safe trip—whether you are going a few blocks or a few thousand miles. Things like driving carefully, observing all traffic rules, keeping tires in top condition, using seat belts, having brakes and steering apparatus regularly checked, seeing that signal lights are in order and having functioning windshield wipers.

One little slip from prudent roadway practice and you may be one of the fatal statistics that other people will read about—in editorials like this one.

Seeking Clerk Of Jericho Schools

Because of the ever-increasing size of the Jericho School District and the resulting added responsibilities of the Business Manager and the District Clerk, the Board of Education has determined that these responsibilities be divided between two persons.

James Slattery will devote full time to his duties as Business Manager effective July 1, 1965, which will create a vacancy for the position of District Clerk. The Board of Education, in seeking a person to replace Slattery, requests that residents canvass the members of your organization to determine if anyone would be interested in applying for the position.

One of the major responsibilities of the Clerk of Jericho School District is to record the minutes of all meetings of the Board of Education. The ability to take notes and transcribe same by typewriter for submission to the Board for approval is a prime requisite of the position.

Any interested person who is a qualified voter in the Jericho School District may apply for the position. It is requested that each person apply in writing to the Board of Education, setting forth a brief resume of his (or her) qualifications, on or before May 21.

NEWLY ELECTED CIVIC BOARD MEMBERS: L-R: Morton Levine, Horace Sterling, Irving Galt; Horace Bernstein; Dr. Stephen N. Shoman and Nathan C. Warren. Others not present are: George J. Frankel, Marie Genna and Irven M. West.

CANTOR I. GOLDSTEIN leading the Jericho Jewish Center Chotr at the Cantorial Concert on April 28th at the Temple.

Concert Earns Rousing Approval

The Jericho Jewish Center presented its 3rd Annual Cantorial Concert on Apr. 28 which was attended by both local residents and visiting dignitaries and filled the Center's hall to capacity.

The blend of sopranos, alto, tenor and bass voices of the Jericho Jewish Center's Choir which presented renditions liturgical, theatrical and Israeli met with rousing series of applause.

Included on the evening program was Mrs. Cora Silberman whose violin selections would make any concert enthusiast reminisce of visits to Carnegie Hall with selections: Roumanian Dances - Bartok; Humoresque-Dvorak; and Nigun-Block.

A visiting Cantor from Patchogue "dressed up" the activities with familiar selections from the religious service.

And of course the "piece de resistance" was rendered by JJC's own Cantor I. Goldstein with renditions operatic, folk and religious which made it a well rounded and appreciative evening of music.

Much of the credit for this delightful evening goes to the Center's Men's Club and to Murray Milner in particular!

In 1959 he accepted an invitation from the Jewish Community in Berlin to preach at the newly dedicated synagogue there.

PARENTS OF DAUGHTER

Rabbi and Mrs. Herbert H. Rose of Temple Beth Or Elohim, Jericho, are the proud parents of a daughter, Eve Regina, born Apr. 26 at Nassau Hospital. The Rose's live at Fox Lane, Jericho. They have two sons, Juddy and Ben Zion.

Exciting Days For 14 Girls

By LINDA SMITH

Fourteen girls of the Mid-Island Council Girl Scouts, Inc. and their leader, Mrs. June Catalano, spent four wonderful and exciting days during Easter Week at Rocking Horse Ranch, located in Highland, N.Y.

The girls are from the Senior Mounted Troop #441. They earned the money for the trip by holding a Card Party and selling fruit cakes for the holidays. Girl Scout cookies and calendars were sold to acquire the necessary funds. This trip was the highlight of their program and will never be forgotten by any of them.

They made the trip by bus and arrived about noon on Tuesday, then immediately changed into their riding clothes and proceeded to renew acquaintances with the staff from last year. Each girl had her choice of English or Western saddles and chose her favorite horse. They spent four to six hours a day on horseback on scenic trails, cantering over rocky slopes, muddy patches, and fallen logs. The appetites that were developed on these rides were amply satisfied by the delicious and abundant meals.

After dinner the first night there was square dancing with "Cuzin Norman". The next night

the girls took the "Rocking Horse Express" to a bowling alley, and with the complements of the Ranch, bowled two or three games. The last night they were taken to a nearby roller skating rink, where skates were supplied free of charge.

The warm, friendly atmosphere was a delight to the girls, and some "horseplay" was indulged in, to the point where the girls dumped Vicki Reben, Linda Smith and Pat Wayne into the trough, much to their amusement.

Besides Mrs. Catalano there were: Jane Caldwell, Joanne Casey, Caroline Dendy, Mary Beth Hartman, Jane Heilig, Sheila Kwiat, Carol Lindeman, Ellen O'Rourke, Vicki Reben, Judi Rothstein, Linda Smith, Gladys Swanson, Gail Viamonte, Pat Wayne. There are enough anecdotes to keep the girls well supplied with subject matter until next year's trip.

Several of these horsewomen are members of the Mid-Island Council Girl Scout Equestrienne Drill Team and will be appearing at the Long Island Fair and various other events throughout the year.

Bus Men Seek to Improve Service in Nassau

Members of the Nassau County Board of Supervisors at their Executive Meeting, on April 15th, at Mineola, were given a preview of a program to be shown throughout Nassau County before PTA's, Civic Associations and other interested groups on the

efforts of existing bus companies to improve service in the County. Presented by the Bee Line Bus Co., as one of similar programs to be undertaken by other members of the Nassau County Bus Council, facts quoted showed that only 2-1/2% of the population of

Nassau County ride the lines of 16 bus companies. The Supervisors were told that more than 61% of persons using transportation to work drive in private cars. The conclusion was that the trend to the use of private cars must be reversed if individual bus companies can profitably provide increased service, principally North to South, it was reported.

Members of the Board of Supervisors were shown projected pictures of buses from the earliest dates of operation right down to the present large air-conditioned buses which are replacing vehicles of all lines.

James Conway, President of the Rockville Center Bus Co., and General Counsel to the Bus Council, explained current market research techniques of the bus companies to attract new riders, the failure of one new line to attract sufficient riders to pay even one half the salaries of the drivers after extensive advertising, the strict rate controls of the Public Service Commission which will not permit a company to operate a losing line, etc.

In response to a query by Hempstead Presiding Supervisor Palmer D. Farrington, Conway declared that the "\$1,600,000 estimated subsidy from County taxpayers funds for the operation of a previously recommended plan, was near \$5 million".

TWO WAYS TO TREAT YOUR NEIGHBORS

The Great Wall around China—traditional symbol of contention between nations.

A typical highway crossing on the boundary between the United States and Canada.

For more than 500 years, the 1500 mile Great Wall around China has been a symbol of international fear, distrust and misunderstanding.

In dramatic contrast—the 3000 mile border between the United States and Canada has been unfortified for 148 years. The scene above pictures a lonely boundary post and a Kiwanis International Peace Marker.

Canada-United States Goodwill Week, April 25 to May 1, commemorates the signing of the Rush-Bagot Agreement which demilitarized this long border that the late Sir Winston Churchill described as "an example to every country and a pattern for the future of the world."

Kiwanis International, which celebrates its 60th anniversary this year, is proud of its contribution to the peaceful neighborliness which exists between the United States and Canada.

"Now that man has learned to move faster than sound, women are at a distinct disadvantage."

PURE IRISH LINEN FOR '65

THERE'S NOTHING LIKE IT and there has never been a bigger year for it. In fact, Paris and London openings imply it you're out of linen this spring, you're out, period! Here are three American headlines with a pure Irish breeze, crisp and cool. Left, A-line skimmer with a wood-ruffly easy fit has been designed by Junior Sophisticates in Crusader Blue handkerchief with Banner Red. Center, Nantucket Naturals offers chic linen print in a Spanish swirl. The string belt and bow tabs are couturier detail. Right, Arthur Originals' great two-piece is panelled in blue and red. Blouse coaxes over a trim skirt. New colors, sleevelessness, ease of fit are hallmarks of the spring and summer linens.

Meat Magic

For an interesting variation to regular meat loaf, add 1 can of deviled ham for each 1 1/2 pounds of ground beef plus the regular ingredients.

Beef short ribs are wonderful when baked barbecue style with your own or bottled barbecue sauce. Plan on cooking in a moderate oven for 1 1/2 hours.

When making chicken in a stew, serve with dumplings to which

Place cooked spinach in a casserole, top with salmon mixture made as for meat loaf, then sprinkle with grated cheese and bake, using a hot (425°F.) oven for 15 minutes.

Lives and Dollars Lost To Cancer in Industry

Each year cancer deprives the national economy of 50,000 man-years of productivity. Since cancer strikes oftenest in the later years, many of its victims are highly trained, skilled personnel. The dollar loss is inestimable. The annual hospital bill for cancer is estimated to be about \$350,000,000.

New York, N. Y. (CFN)—The first major change in permanents since the cold wave 20 years ago is a new home perm that puts color back into the hair.

Developed by the Technique Division of Shulton, Inc. the new product, Pretty Perm, carries the Good Housekeeping seal of approval.

To understand what Pretty Perm is intended to do it is necessary to understand how chemicals in waving solutions "permanently" curl hair that is naturally straight as a stick.

A human hair, according to chemists, is a bundle of skinny fibrils, and a fibril can be roughly likened to a ladder (see top sketches); its rungs composed of linked molecules. This molecular set-up is rigid enough to resist bending or curling.

Weakens Hair

When the fibrils are wound around a curler and waving lotion applied, the rungs break up. The hair is now pliable—but weak. The neutralizer, the third step in a perm, reunites the parted rungs, but with partners which formerly were ahead or behind. The fibril is now permanently bent, or curled.

This is grand because now your hair will resist straightening as it

formerly resisted curling. However, Shulton chemists claim the waving solution has penetrated to the color globes (see bottom sketches) that make us blonde, brunette or red head, and sapped away color.

What the new perm does is to replace that lost color and natural oils while it neutralizes the effects of the waving lotion.

Colors Offered

The new permanent is being offered in five color categories for shades of blonde, brunette and red hair, and can be used on natural, tinted or bleached hair.

Shulton chemists say that the color conditioning process blends gray hair towards its natural shade.

HOW IS HAIR permanently curled? The top sketches show how a waving lotion breaks up and then reunites the molecular links in a hair fibril. Result: a "permanent" curl. But this waving action, Shulton chemists say, saps some of the hair's color and natural oils (bottom sketches). The neutralizing step of a new home perm is said to restore lost color.

Whether the age of the house is twenty years or twenty months, almost any homeowner will admit that additional storage space would be helpful. Regardless of the planning that goes into a new home or the improvements made in a second-hand dwelling, some new space-saving idea will come to the homeowner devoting a little time and thought to the problem.

HOME DECORATIONS

Recently, this column suggested construction of storage space by enclosing the space beneath stairs leading down to basement.

In many older homes, where basement stairway adjoins kitchen, the homeowner may be able to get additional shelf space for canned goods and staple items by utilizing wall space in the manner shown in accompanying illustration.

Salmon Loaf A Good Bet

Appetites are keen these wintry days, dishes that satisfy are in demand, and the prime requisites for a healthy diet are plenty of vitamins, minerals, and protein, combined with flavor and variety.

For all this, canned salmon is one of your best bets. It's easy to work with, available to all, and is an exceptional source of good nutrition.

Apart from the loaf's honor flavor, you might serve boiled potatoes, golden with melted butter, and a salad of thinly sliced cucumbers, marinated in a dressing of oil and vinegar. A simple dessert and coffee completes a meal that has everything—flavor, quality, and economy.

DELECTABLE SALMON LOAF

- 1/4 cup butter or margarine
- 1/2 cup minced onion
- 3 eggs
- 1 cup fresh bread crumbs
- 1/2 teaspoon salt
- 1/2 teaspoon pepper
- 1 tablespoon lemon juice
- 1/4 cup minced parsley
- 1 1-pound can salmon

In a skillet saute onion in butter, until golden. In mixing bowl beat eggs lightly. Stir in onion and butter, bread crumbs, salt, pepper, lemon juice, and parsley. Drain and flake salmon (save liquid for the sauce) and stir in. Turn into a buttered 1-quart mold and cover tightly. Place in a large kettle of boiling water, letting water come halfway up sides of mold. Cover and simmer for 1 hour. Turn out and serve hot with parsley sauce.

Sauce: Make a medium cream sauce, using salmon liquid for part of the milk. Flavor to taste with lemon juice and add plenty of minced parsley.

ITEM: Sparked by nationwide research of electrical furniture and appliance manufacturers, artificially lighted planters are available this year in more models and sizes than ever before. In both garden furniture and stores you'll find both stationary and movable models equipped with new fluorescent tubes to keep your collection of clay-potted house plants healthier.

ITEM: Traditionally, red and yellow are avoided when painting walls of a room that faces south or west on the ground that this type warm light will make these colors seem even warmer than they are, thus making the room uncomfortable. If such a room is used chiefly at night under artificial illumination, disregard the direction it faces and use either of these colors boldly if you prefer.

ITEM: When buying home appliances, look for those which feature pieces easily detached for cleaning. Many ranges now boast easy-clean features and you can expect other types of equipment to follow. Easy-clean features include ovens you pull out or can take apart for cleaning, lift-off or drop-down oven doors.

ITEM: Unless reflector lamps are the main source of illumination in a room, the ceiling does not have to be painted white, or even a light color. Many people prefer to paint the ceiling the same color as the walls or a slightly lighter tint made by adding white to the wall paint. If you have a very high ceiling and want to make it look lower, paint it a dark color, one that harmonizes with the walls or one that picks up the color of the floor covering or a large piece of furniture.

Women who are concerned about ehaking off extra pounds before summer approaches should heed the results of a clinical study by a top psychiatrist who found night-eating to be the leading cause of overweight among his patients. The majority of persons studied by Dr. Albert J. Stunkard had the same eating characteristics - all suffered sleeplessness, most being awake beyond midnight more than half of the time. None wanted more than a cup of coffee and a small glass of orange juice for breakfast, if anything. And all consumed one-fourth of their daily calories after a large evening meal.

stead of calories, most of the best foods can be eaten without such grim alternatives as one glass of skim milk, and two tablespoons of cottage cheese with de-fatted French dressing.

 The idea for a starch diet was given major prominence a hundred years ago by William Banting who wrote a best seller telling how he had reduced fifty pounds by avoiding starch. Banting's name has achieved such prominence today that it has become a language idiom. In England, "going banting" means going on a diet.

★ ★ ★
 Heavy dieting for those who are caught in the web of night-eating could have immediate physical and emotional strains. The easiest way to prevent the ill effects of a cut in food is by continuing to eat while dieting. And this can be done by eliminating all starchy foods. By counting carbohydrates in-

 Women should take note of the latest report of Senator Harry F. Byrd which shows that the federal civilian payroll has grown from \$4.9 billion in 10 years, with raises and upgrading more responsible than for the rise than an increase in the number of employees.

It will take place Tuesday, May 11, starting at 10:30 AM at the Hicksville Jewish Centre on Jerusalem Ave. at Maglie Dr.

"A politician never buries the hatchet unless he has an axe to grind."—Robert G. Campbell, Lititz (Pa.) Record-Express.

We have noticed in recent months reaction to our planned community programs at the Mid Island Plaza ... From Boy Scouts to Little League sponsorship, there is a definite cooperative image formed by these activities ... Safety programs, in Person Appearances of TV personalities and the wonderful cooperation of the Hicksville School District, especially Joe Madden has greatly aided this image ... Several weeks ago the Bookmobile of the Hicksville Public Library added another stop for convenience of readers at the Plaza on each Saturday, 1:00 to 2:30 ... Major Bus Lines including Schenk with buses direct to the World's Fair and Mid Island Transit with buses direct to Jones Beach with free transfers are another part of the community service offered by Mid Island Plaza's community-minded management, namely, Walter G. Stackler and Leonard L. Frank, builders of this huge regional shopping complex now in its 9th year ... Truly "A Community, Within the Community" the Plaza offers complete shopping services with the complete Gertz Dept. Store and 87 other fine fashion and service stores. Coming events at the Plaza will include "Serendipity Sings" at the kick-off of the Teen Inquest CARE Program Saturday at 2 P.M. Following weeks a Teen Fashion Show Salute to cotton week will be held on May 15th on the Center Mall with youthful fashion for teens. Antique Cars, over 100, will assemble at the Plaza on Sunday, May 22 for this EXCLUSIVE Meet from all over the Metropolitan area - bring the entire family down to the Plaza.

Memorial Day Parade will formulate at the Plaza's south exit near Gertz and Lerner Shops on Monday, May 31st with thousands of marchers assembling for this Annual Community event ... Into June with pre-vacation programs including the Nassau County American Legion Convention in Hicksville plus the Official Opening of the Cantigue Park - all planned community events with you - our wonderful family of shoppers always in mind.

HERE 'N THERE: There has been quite a bit of action in town politics these past weeks - many rumors about well-known community resident who plans to enter politics if a certain individual is given the nod by his party for a soon-to-be vacated seat - (yes it will be a long hot summer) too much complacency on the one hand and no leadership on the other ... Too many times people are taken for granted we've been told and assume that good natured Charlie or Joe will continue to do the same wonderful job for the party - FORGET IT! We concur with this individual and have advised "Folly Tician", our gal Friday, to keep her ear to the ground ... We Salute John Moran and the 25 new members of the Port Washington AOH Division we installed last Thursday evening at Our Lady of Fatima Manorhaven, with Rev. John Dwyer, Division # 12 Chaplain
